

That's weird..

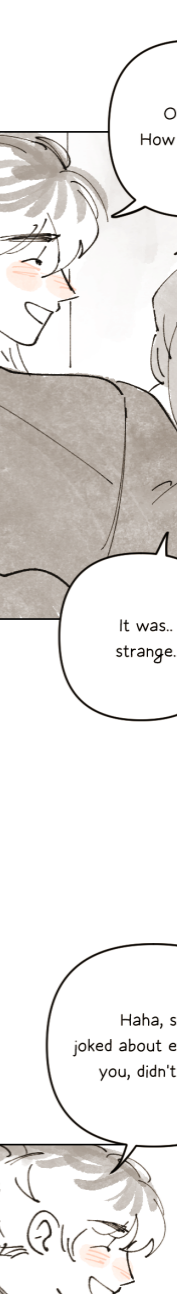

Why did I hesitate back there?

I should've just asked her for money!

Why did I choke..?

I've never been an indecisive person!

I know what I want!

I want my house back!

I want my farm back..!

I want things to go back the way they were!

I'm not gonna let my feelings for Crush meddle with my thoughts any more!

Ugh.. this is literally all his fault..

His stupid face..

His stupid handsome and perfect face!!

Oh, hey! How did it go?

It was.. strange.

Haha, she joked about executing you, didn't she?

How did you know?

She did that to me too, when we first met

She only jokes around if she likes you, you know!

I'm glad, then..

Oh, right. She want me to send you in next..

'Mkay!

Go rest up, I'll find your quarter when I'm done, okay?

O...kay.

Stupid Crush!! Messing with me again!

Hey, kid.

Are you Cherie?

Huh? Oh yeah

That's me..

The Queen told me you need migraine medicines?

That's right..

He must be the royal doctor..

Come, my apothecary is in the next building.

Don't mind the mess.

I had just finished rolling the Queen's medicines.

Please stand outside.

Okay..
