
A woman with short black hair, wearing a form-fitting black latex outfit consisting of a crop top, leggings, and boots, stands with her back to the camera in a grand, dark wood-paneled library. The room features a large desk with a lamp, bookshelves filled with books, and a patterned rug. Two speech bubbles are overlaid on the scene, one on the left and one on the right.

I understand that you have a contract for me. Real cloak and dagger stuff from the rumors swirling around town. What makes you think you can afford the best?

Well, money is not the problem, professionalism is. I need some one discrete. That will get the job done and seem to have never existed...I am having my doubts. You seem...VERY...noticeable! I mean with all the latex and all!

How I dress is my business and my business is getting into places that others cannot. I already hacked into your server...you need an ancient artifact...from your rival. Easily done, but its gonna cost you \$300K

So, you are the best. My security is top notch and you already got through it...good, you seem up to the task despite your awesome choice in attire. The package is small, two inches wide and four inches long...It will be in the safe. You can't miss it! Its solid gold!

Then it is a deal. I will have the package to you by tomorrow night I expect payment to be ready in cash otherwise your artifact goes to the highest bidder. And don't look at my ass on the way out....I know how you think!

For \$300K i will look at latex clad ass all I want. Just get the treasure and bring the cursed thing back here. I have been hunting for this thing for years and am tired of the wait...\*Holy cow! how does she fit into that cat suit...its fantastic!\*

Pretty simple start. Drop in via chopper to the emergency heating and cooling units. Nothing to worry about. I have infiltrated this way a hundred times. Noone ever suspects a rooftop heist!

And I will decrypt the door with my device...emulating the log in of a Mr. Samuel Smith...and I am into their secured vault!

Access  
Granted  
Mr. Smith

And there it is. Just as expected. Inside that box is this mystery artifact! The break in was damn easy. Best \$300k I have ever made! Lets finish the job and get home to have some fun!

HAHA, now this is hilarious.  
Its a fucking butt plug...\$300k  
for a dudes ancient cursed buttplug.  
I would have done this job for free  
just for the laugh. HAHA. It is  
strange though, it looks off!

Stop right there thief!  
What do you have there...  
And...why...why all the latex.  
That doesn't seem very  
practical I heard that rubber  
creaking and squeaking  
from the guard post!

WHOA, WHOA, WHOA. Its ok!  
I am....Mr. Smiths dominatrix. See  
my costume. He sent me up here  
to retrieve HIS toy! Yeah, now keep  
it down. He likes to keep his kinks  
secret! So, Ill be on my way!

HAHA, this has made my night...you have a good time dominating Mr. Smith...the weirdo! Don't worry, I won't report this...but there might be a rumor swirling around after tonight!

Thanks for understanding, as for the rumor....let it swirl. Mr. Smith is kinda an asshole. So, its something both of us can laugh about...Now, if you will excuse me I need to DELIVER his buttplug to his phincter!

Damn close call! But the old I'm your bosses dominatrix works again. Its why I dress in latex! Everyone shuts up and lets me sneak into places. But now I need to walk out the lobby doors and I gotta hide this thing...and its MUCH, MUCH, BIGGER than the one I have at home. I am not a size queen. OH, it hurts so good! Don't hesitate, just get it in there!

OH, god! I can't believe I got it in.  
It hurt so much and the stem is so  
tiny...OH, I dunno if I can get it out.  
Whoa, and now its VIBRATING!  
I thought it was ANCIENT and CURSED.  
Not modern and electric! I guess he  
got the gold part of it right! UNNGH!  
I gotta get out of here...I am getting  
so horny thinking of this thing in my  
BUTT. I can't be stealthy if I am on  
the edge of an orgasm!

MMMM, this cannot be real. I can't let myself cum in public.. I may have escaped the building but now I have to escape this ridiculous scenario!

Something is so wrong. ITS GETTING BIGGER! A lot bigger. It pushing so far up my bum... and the vibrations, pulsations, pressures. It feels so **GOOD!**

The thing has inflated to the point I feel like exploding. I think its in my stomach. so, frickin horny...good...autocab. Whats with my LATEX suit its getting so tight! AHHH!

Thank god for some privacy!  
I don't think I can hold it in  
any longer. I feel glued to my  
suit and my skin...my own  
caress. is driving me crazy.  
I think I am gonna keep this  
BUTT PLUG...Its worth \$300K!

UNNNGH, Yessss! MMMM!  
AAAHHHH!  
Its building so fast....  
I am almost there....  
I am about to....

**!!!!!!CUMMING!!!!!!**

That was completely unlike me!  
This thing really might be cursed,  
or more appropriately blessed.  
Something else is happening  
to me, my catsuit feels like my  
skin....and my armor has been  
absorbed? It feels like its full of  
vasoline. disgusting....but kinky

I feel so swollen! I can feel my butt expanding...I worked so hard for my muscles now I feel blubbery! Jeeze, The jiggle feels sexy though...oh no, that feeling is creeping up on me again...I am getting horny again. Time to put an end to this

Where the fuck is it! Its gone!  
but...but...but...UNNGH. I can  
still feel it inside me. It feels like  
a waterballoon filled with a gallon  
of warm water. OH MY...my anus  
is so swollen and sensitive...OH.  
There goes my libido again. It  
feels so good, the penetration!

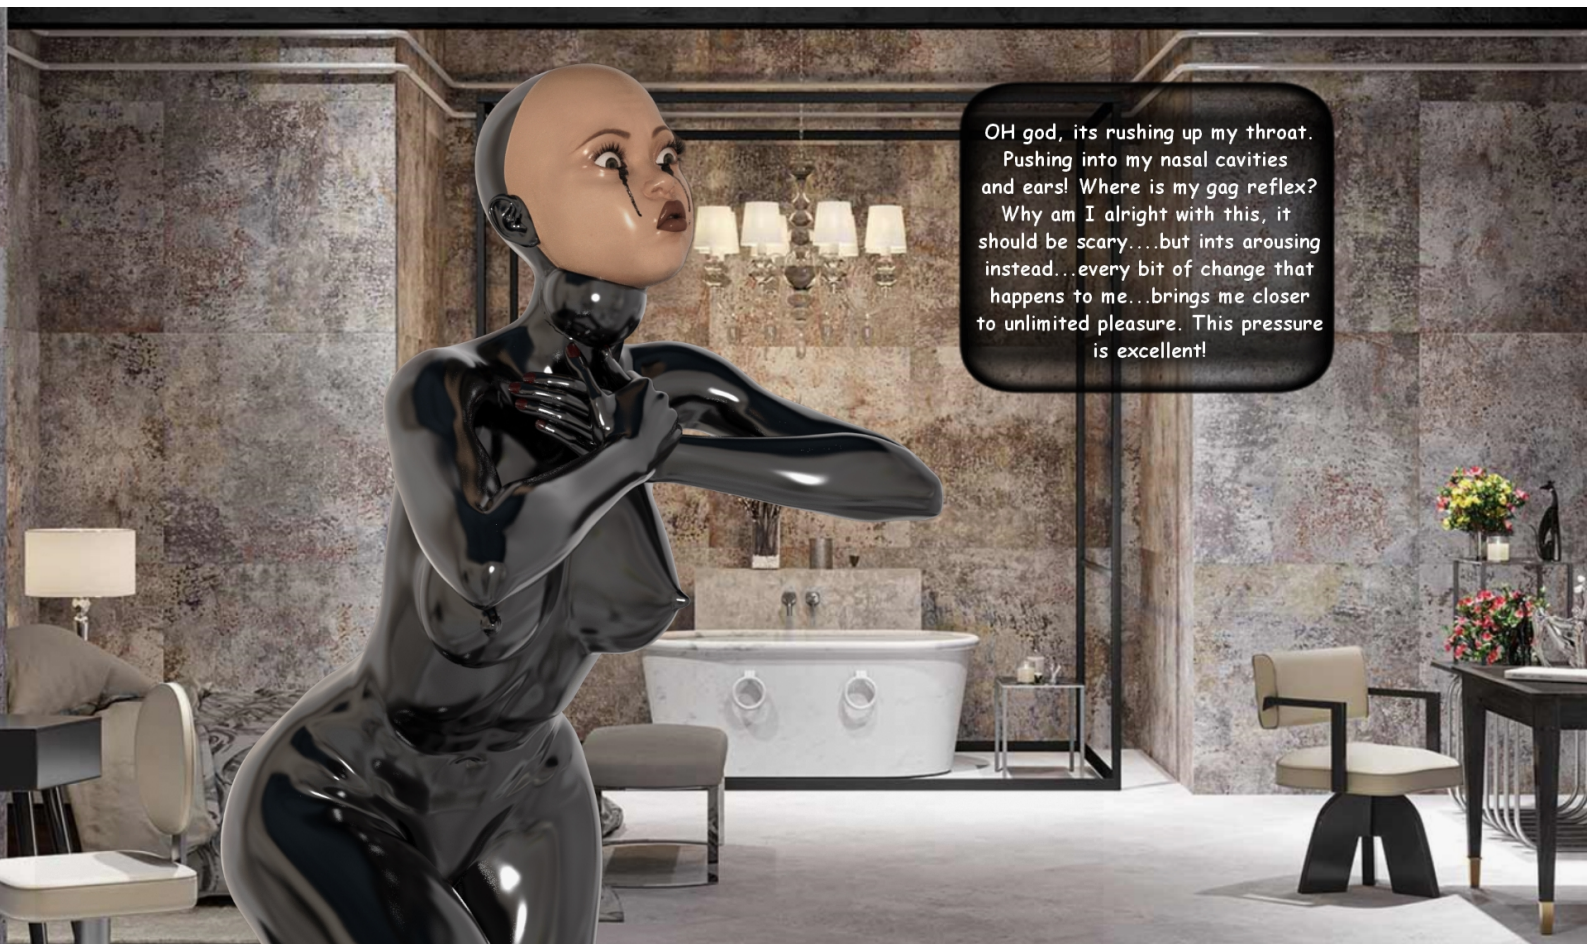

This is bad...it must have been absorbed inot my body...like the latex is doing...how to I get out of this if I cannot find the culprit up MY OWN ASS!  
What just fell off my head. MY HAIR...IT fell off like it was a wig.  
When I get back to the guy who sent me on this...I'm gonna kill him

How far is this going to go?  
As much as this turns me on,  
this losing my hair really pisses  
me off. And this giant  
inflated water balloon in my  
BUTT. I swear if I move it'll  
pop. Wait, what happens when  
it pops....This magic bullshit  
is new to me!

Wait, it did. I think it  
popped!

OH god, its rushing up my throat.  
Pushing into my nasal cavities  
and ears! Where is my gag reflex?  
Why am I alright with this, it  
should be scary....but ints arousing  
instead...every bit of change that  
happens to me...brings me closer  
to unlimited pleasure. This pressure  
is excellent!

This crap is in my eyes...what the heck is it doing. Plastic is in my mouth...that alright. I like the taste...So euphoric. Every sensation in my body is ramping up to a indescribable level...its not doing me any harm..I am safe I can tell. But the transformation...so, sexy!

I always thought the LATEX looked silly...but tricking my way into places with the dominatrix excuse worked like a charm. Now that I see myself transformed into living latex! WOW, I look simply EROTIC!

OK, lets go over this again.  
I am getting paid \$300,000 dollars for  
and antique cursed magic object.  
AND it turned out to be a butt plug.  
I snuck it out in my ass, narrowly avoided  
capture and had a spine splintering orgasm  
in the taxi home, my catsuit absorbed into  
my skin turning me into a Erotic...  
what am I... a SEX SYMBOL.

So, no matter how much I like being the worlds sexiest LATEX bitch. I still gotta figure out a way to change back.

EWE, WOW! My lips feel so fluffy...  
The magic is ramping back up.

I feel it in my lips..and my tits!

Good! Any sexual changes are fine!

NO,NO,NO...Its fucking with my head.  
I've been transformed inot a literal sexdoll.

And I am fine with more sexual changes?

Well, yeah of course I ammm....What the  
FUCK.

Think straigh...My only chance is if that  
asshole who hired me knows what up!

Shit, I don't even know his name.  
We were doing this anonymously.

And we were meeting tomorrow night!

Just thinking about staying in this weird body  
over night makes my heart rush...  
and when my heart rushes...then my  
pussy gets real desperate!

The constant morphing makes it so  
much worse...I mean better! NO, WORSE!

I am not too sure I am gonna make it to tomoorow night and still be a person.

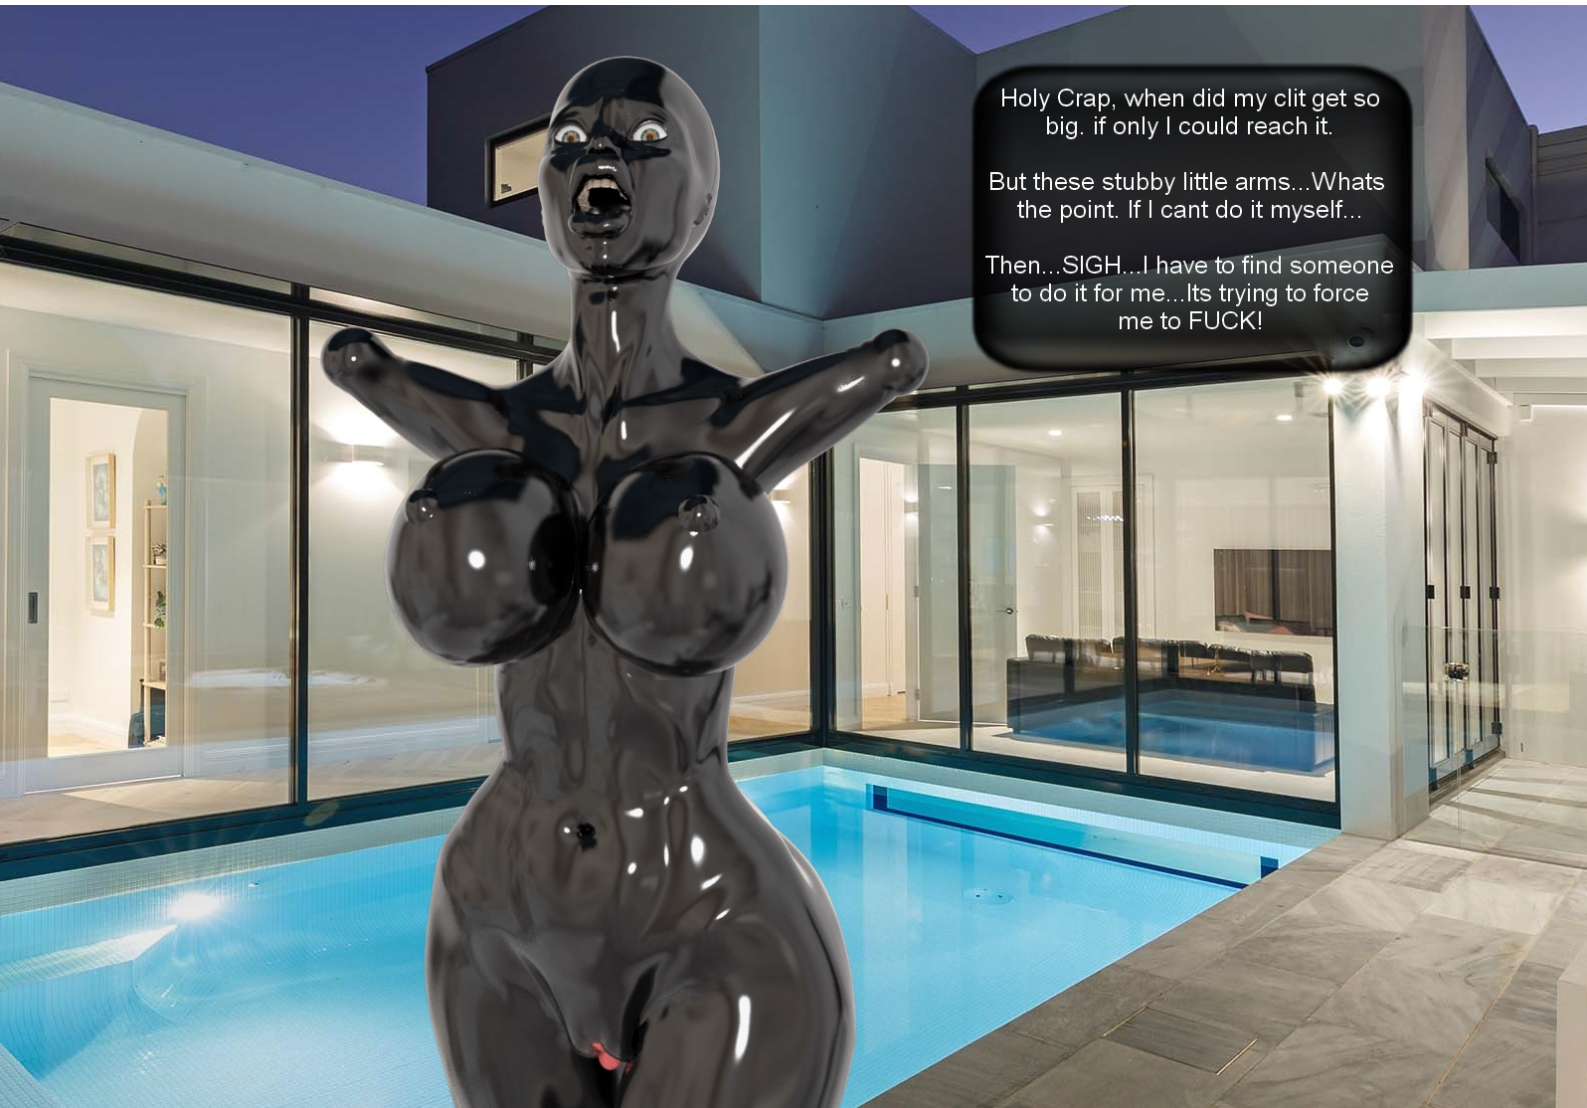

My fingers are fusing together...Oh, and being helpless in complicating things.

Just looking like this was going to be enough of a challenge...now I can't use my hands.

...the pool, maybe I can wash it off, the chlorine might help!

I am too late. My hands are gone!  
How am I supposed to do anything.  
With my mouth...hmmm, that sounds  
kinda nice.  
I can get alot done with my lips...  
Maybe more than....

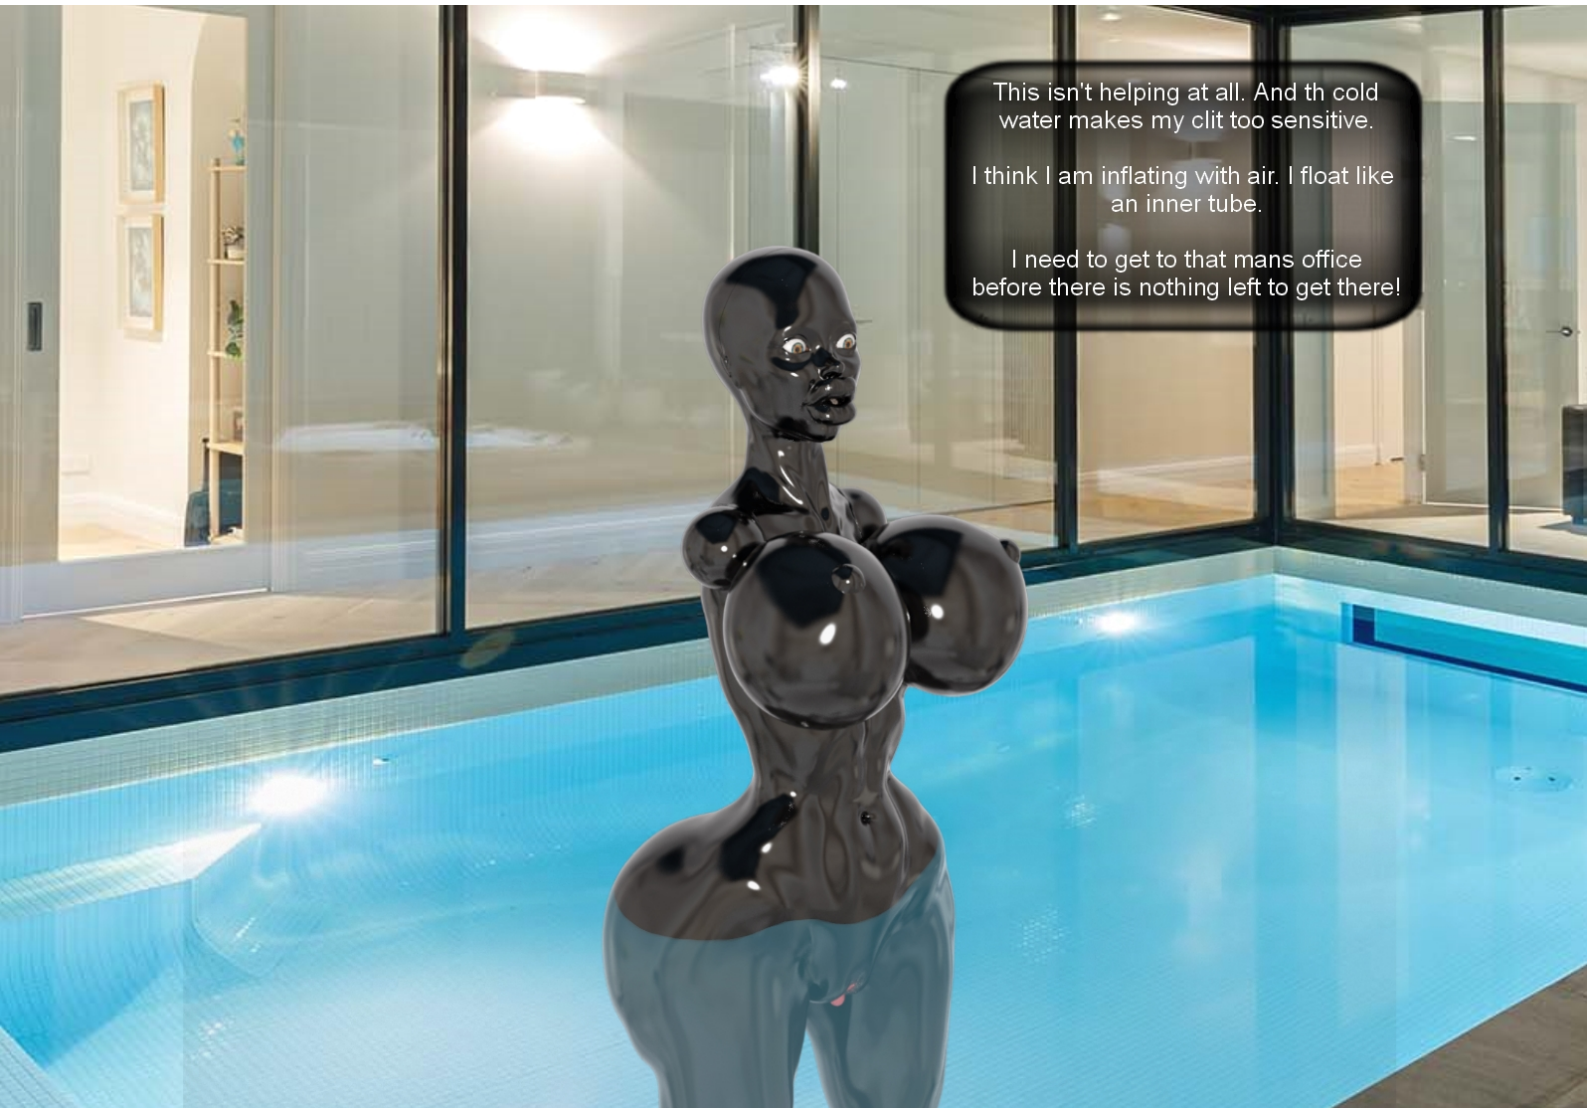

Holy Crap, when did my clit get so big. if only I could reach it.

But these stubby little arms...Whats the point. If I cant do it myself...

Then...SIGH...I have to find someone to do it for me...Its trying to force me to FUCK!

This isn't helping at all. And th cold water makes my clit too sensitive.

I think I am inflating with air. I float like an inner tube.

I need to get to that mans office before there is nothing left to get there!

Good thing it is still late,  
I can't call a cab looking like  
this...Im gonna have to...WALK!

OH, the way my hips rub against  
myself. There is that growning  
feeling again!

I bounce so much...I love how it  
feels. So sensual!

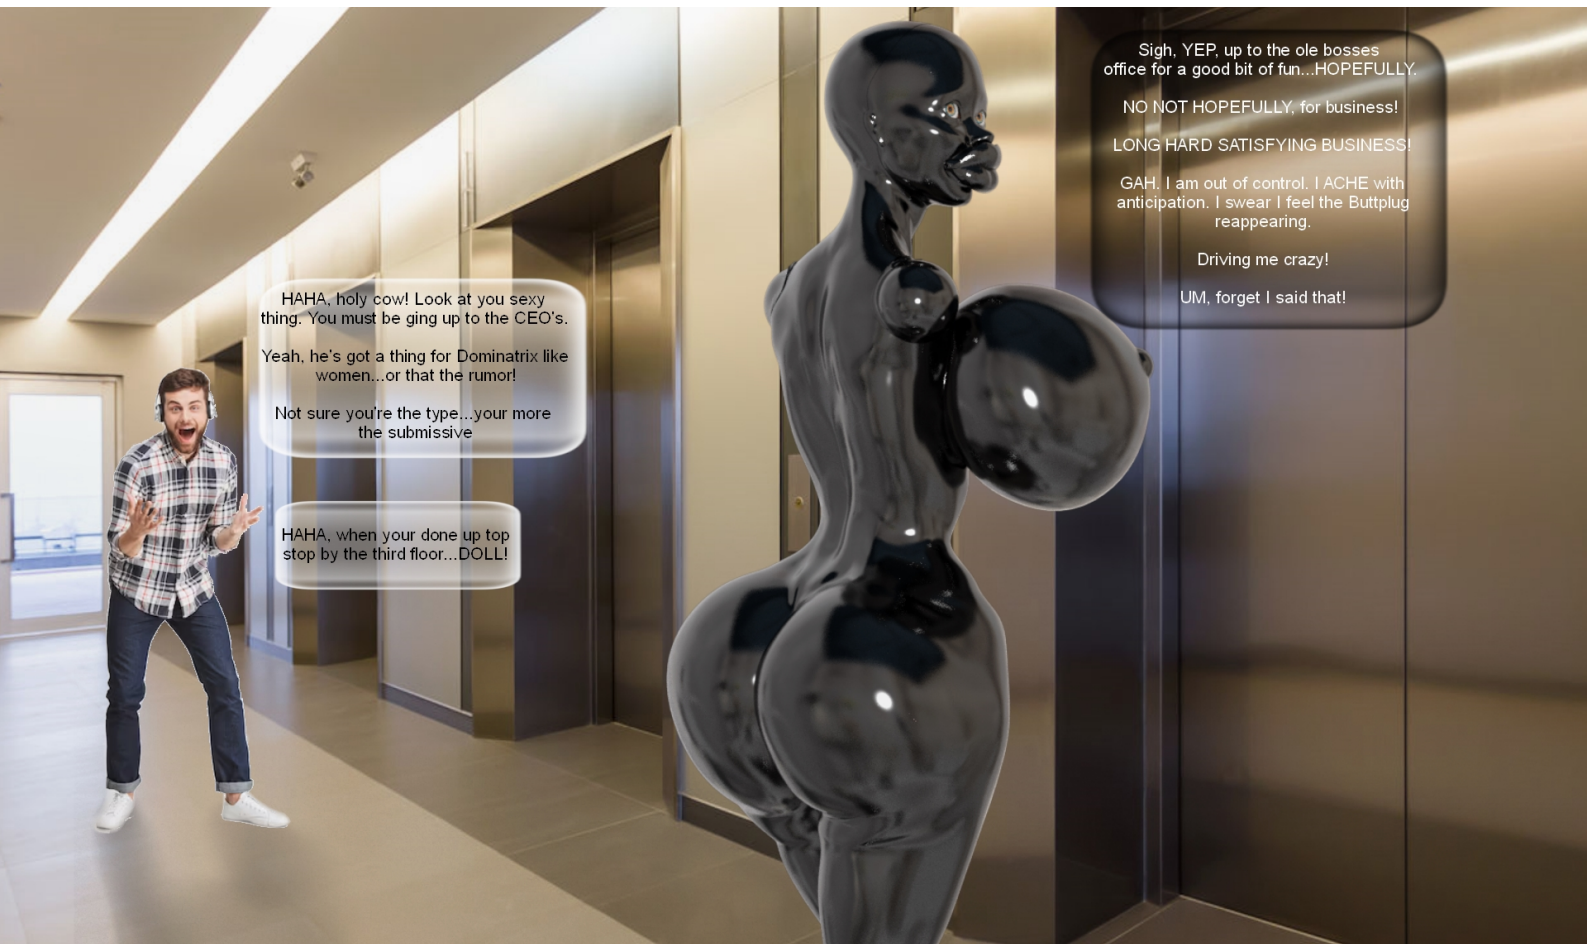

Thank god I am here!

I had, like, three orgasms on the way over here! and people look at me like a freak or a piece of meat.

I'm sure they think its a practical joke. OH NO, the workers have already started to show up.

Waddle faster you hyper sexual Bimbo. UGH!

HAHA, holy cow! Look at you sexy thing. You must be ging up to the CEO's.

He sent that guard that forced me through the lobby...forced me to smuggle the plug up my BUTT!

He didn't know what it did...It curses you with corrupt sexual desire!

Does this asshole ever work...typical CEO!

He has to hurry. I am still inflating!

I will have your \$300K in your account  
momentarily...I am sure you figured out  
this was all part of the plan.

It did not do what I thought it would do!  
But the results are AWESOME!

DO I see some gold between those cheeks.

Good news is you'll turn back...slowly...  
About a month I think!

Yeah BOSS, she has been in here for  
hours...we just felt it best to  
wait for you. You should hear all the  
BUZZ in the office!

GOOD, BAD, AND UGLY. HAHA

# THE END!

Would you like for me to call you a cab  
and a fork lift.

Or would you prefer going down to the
