

*Genie'd!*

*Chapter 1*

*Greetings a'master!  
What is thy grandest wish?  
Speak carefully, for the genie  
of this lamp grants only one!*

A real genie!  
It worked!

Hmm, only one  
wish? I got it!

I wish I could grant  
my OWN wishes for the  
rest of my life!

*So you wish it,  
so shall it be!*

*Welcome to  
the sisterhood!*

The sister-  
what?

Why are  
you smiling  
like that?

Wha-!  
HOLY CRAP!

I didn't wish  
for this!

*Where did you  
think new genies  
came from?*

*Have fun  
granting  
wishes, Zara!*

*Remember, it's all about  
interpretation!*

Hey, wait! Where  
are you going?

You can't  
leave me  
like this!

And she's gone.

I wish I was  
a man!

I can't grant  
my own wishes?  
What a ripoff!

Man, these  
boobs are  
massive.

Wow, she's hot.  
I wish I had a  
chance with her.

Granted!  
Wait, what?

I feel a bit funny.

Wah! I'm a girl!  
With abs!

Huh? Someone's behind-  
Woah! She's just my type.  
Should I ask-

No, I need to get home  
to figure things out.

Wait!

It's so hard to  
run with these boobs.

Why'd she call me  
Zara. My name is...  
Zara. Why can't I  
remember my name?

I love you  
so much.

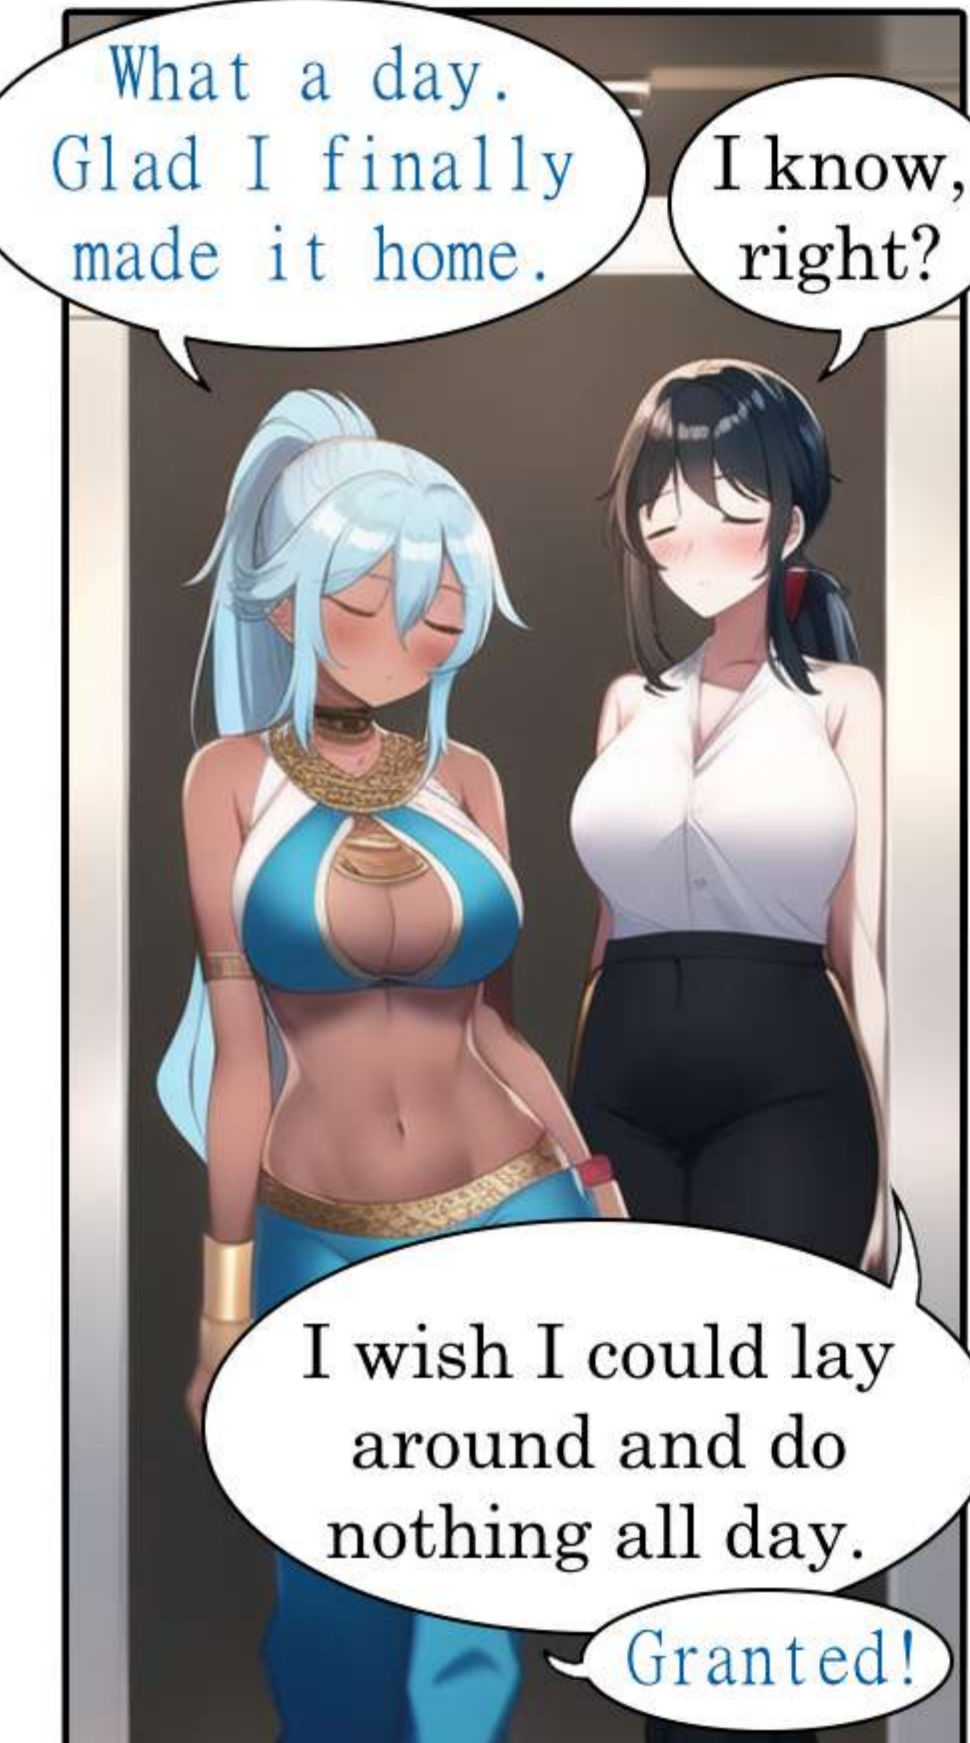

Me too. I wish  
we could stay  
like this forever.

Granted!

Hmm? Was  
that statue  
always there?

Oh well, I'm  
almost home.

What a day.  
Glad I finally  
made it home.

I know,  
right?

I wish I could lay  
around and do  
nothing all day.

Granted!

What do you  
mean, granted?

I, ugh, feel  
so fuzzy.

So sleepy...

She turned  
into a cat!

No way! Have  
I been granting  
other people's  
wishes?

Meow?

Oh no! I'm so sorry. I wish you were human again.

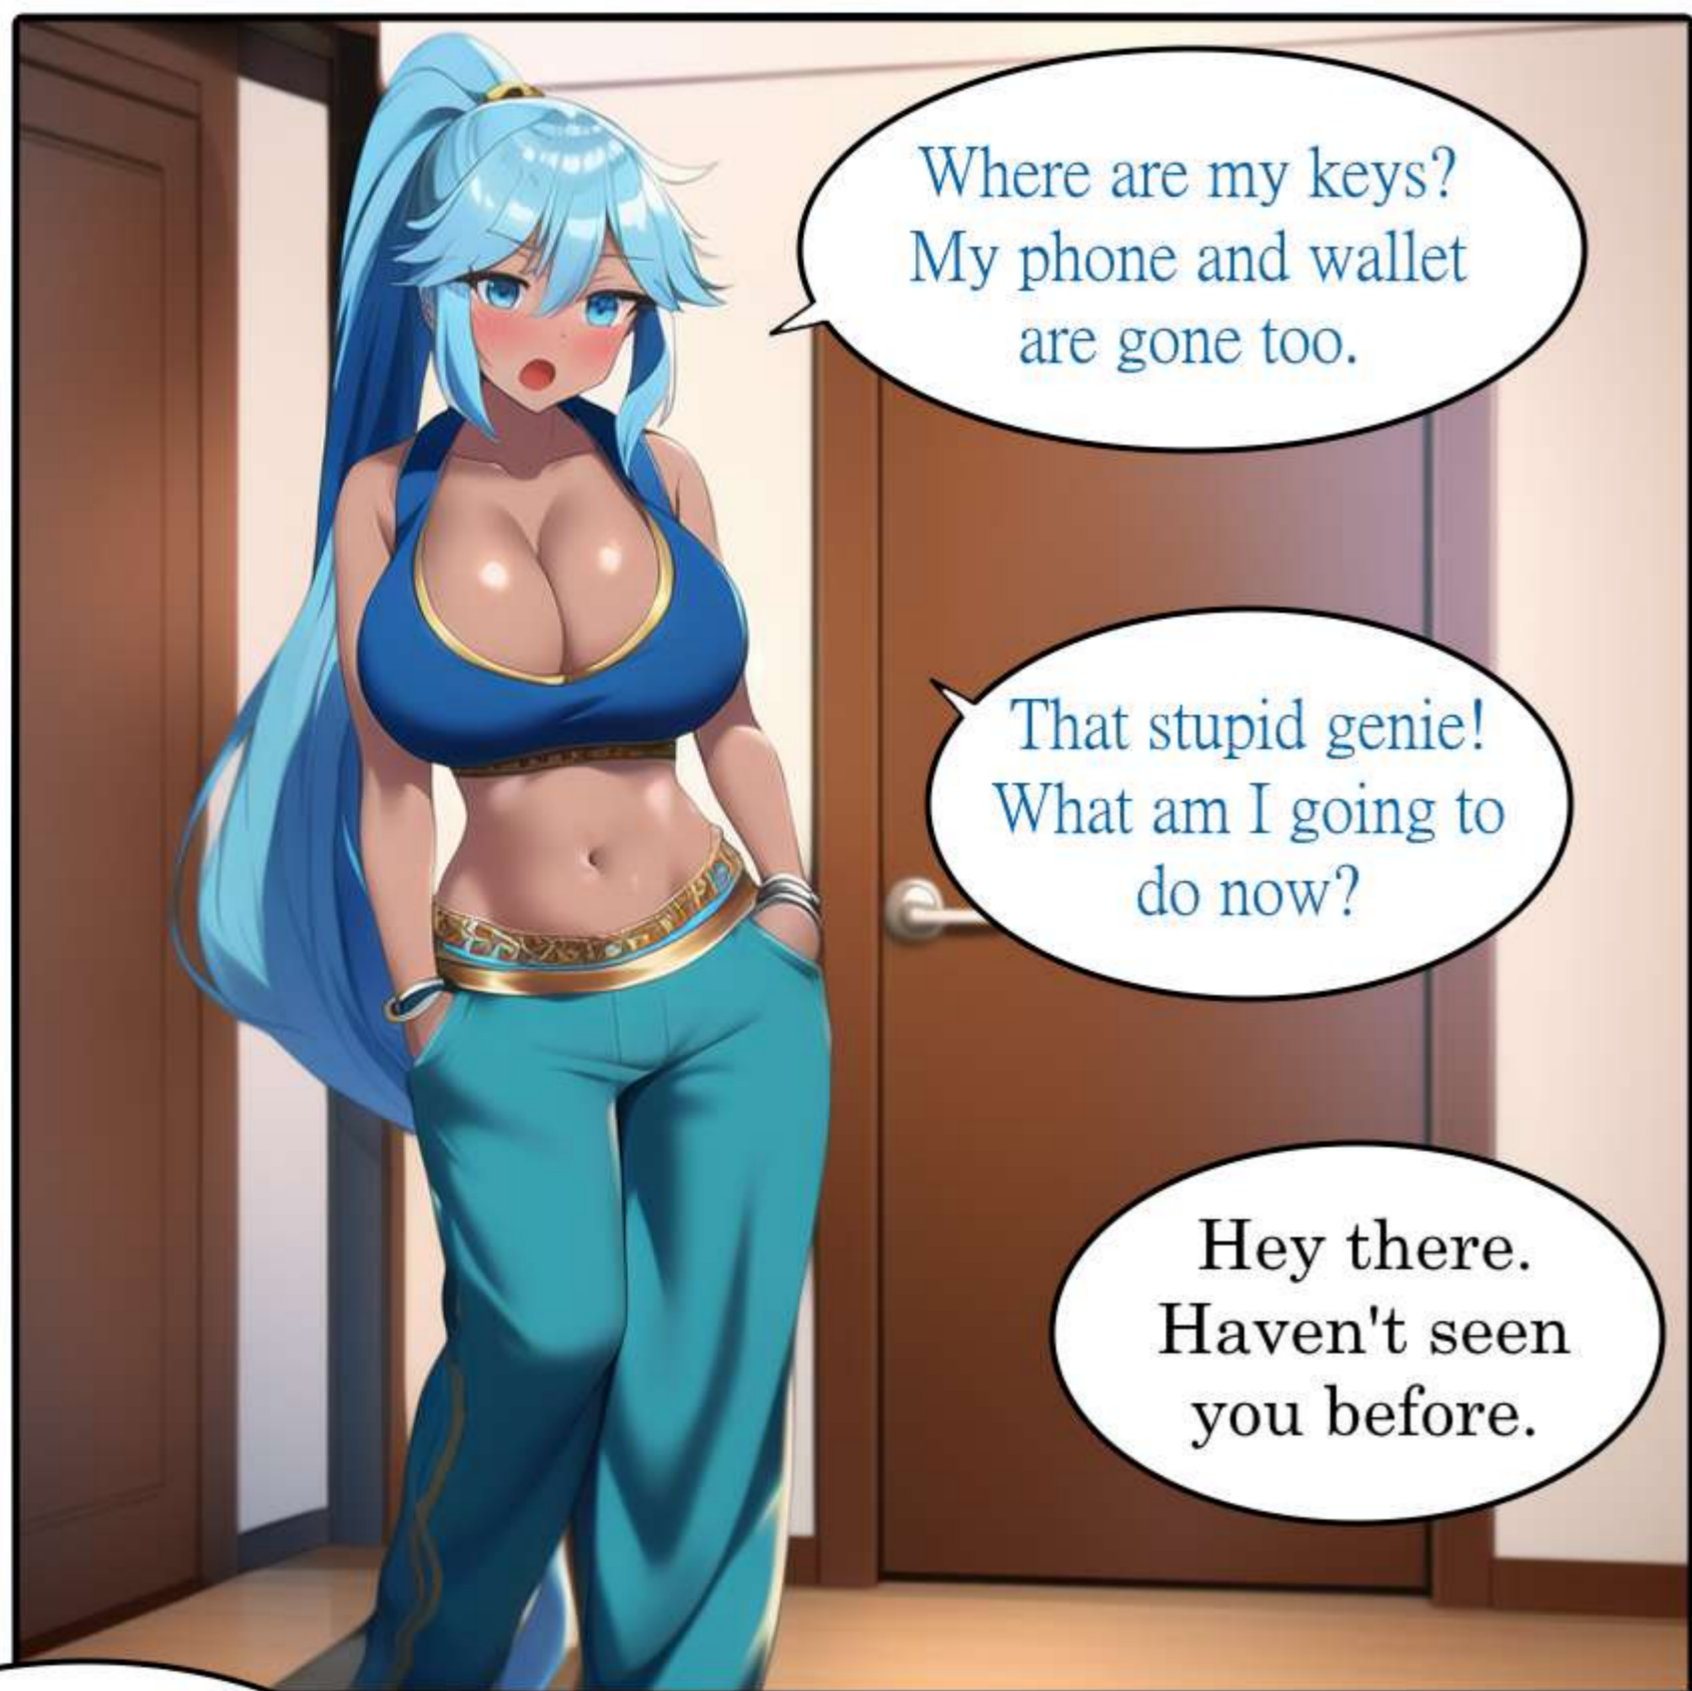

Darn, nothing.

Meow.

I don't know what's going on, but I'll take care of you.

Meow.

Where are my keys? My phone and wallet are gone too.

That stupid genie! What am I going to do now?

Hey there. Haven't seen you before.

You look adorable in that outfit.

Do you know Chris?

Oh Dave! Thank goodness. Please help me.

You know me? What do you need?

Um, Chris talked about you. I, um, lost his keys after moving in.

All I need you to say is I wish you lived here.

Chris gets all the luck. I wish you lived with me instead.

Your wish is my command.

What in the world am I doing?

Woah, really? This some type of genie service?

Welcome to my humble abode.

Thank you for having me.

I've got to ask, do you know how to dance like one of those Arabian dancers?

I don't know what you mean.

Let me show you.

Which one, which one... Ah, this one's my favorite.

You've got quite the collection. I bet you could dance like that if you wanted.

Ha, I wish, but I don't have the body for it.

Granted!

Granted? Is this still part of the genie service?

Wha-? I'm a girl?

And a dancer?

Ah! I'm being dragged-

Woah! She got sucked into the TV. I wonder where she's at now.

I'm glad I was able to trick him to make a wish before he realized I was a real genie.

At least it looks like she's having fun.

So, I'm a genie.

What on earth do I do now?

I can help you with that.

Come on, let me in already.

Thanks. You sure can run fast. It took forever to catch up to you.

No problem.

Wait, who are you? What are you? A fairy? You said you can answer some questions. What is going on? Why am I a GIRL genie?

Woah, that's a lot of questions! Well, I'm a Fae! We get summoned to the mortal world when a genie grants her first wish.

And you've been granting a lot of wishes!

What? I granted more than the cat and Dave?

Um, there was a guy behind you who wished he had a chance with you. Teehee, I guess you're into girls.

Oh! And there was that couple in the park,

Ah, crap. I did say granted a few times, didn't I?

Um, what should I call you?

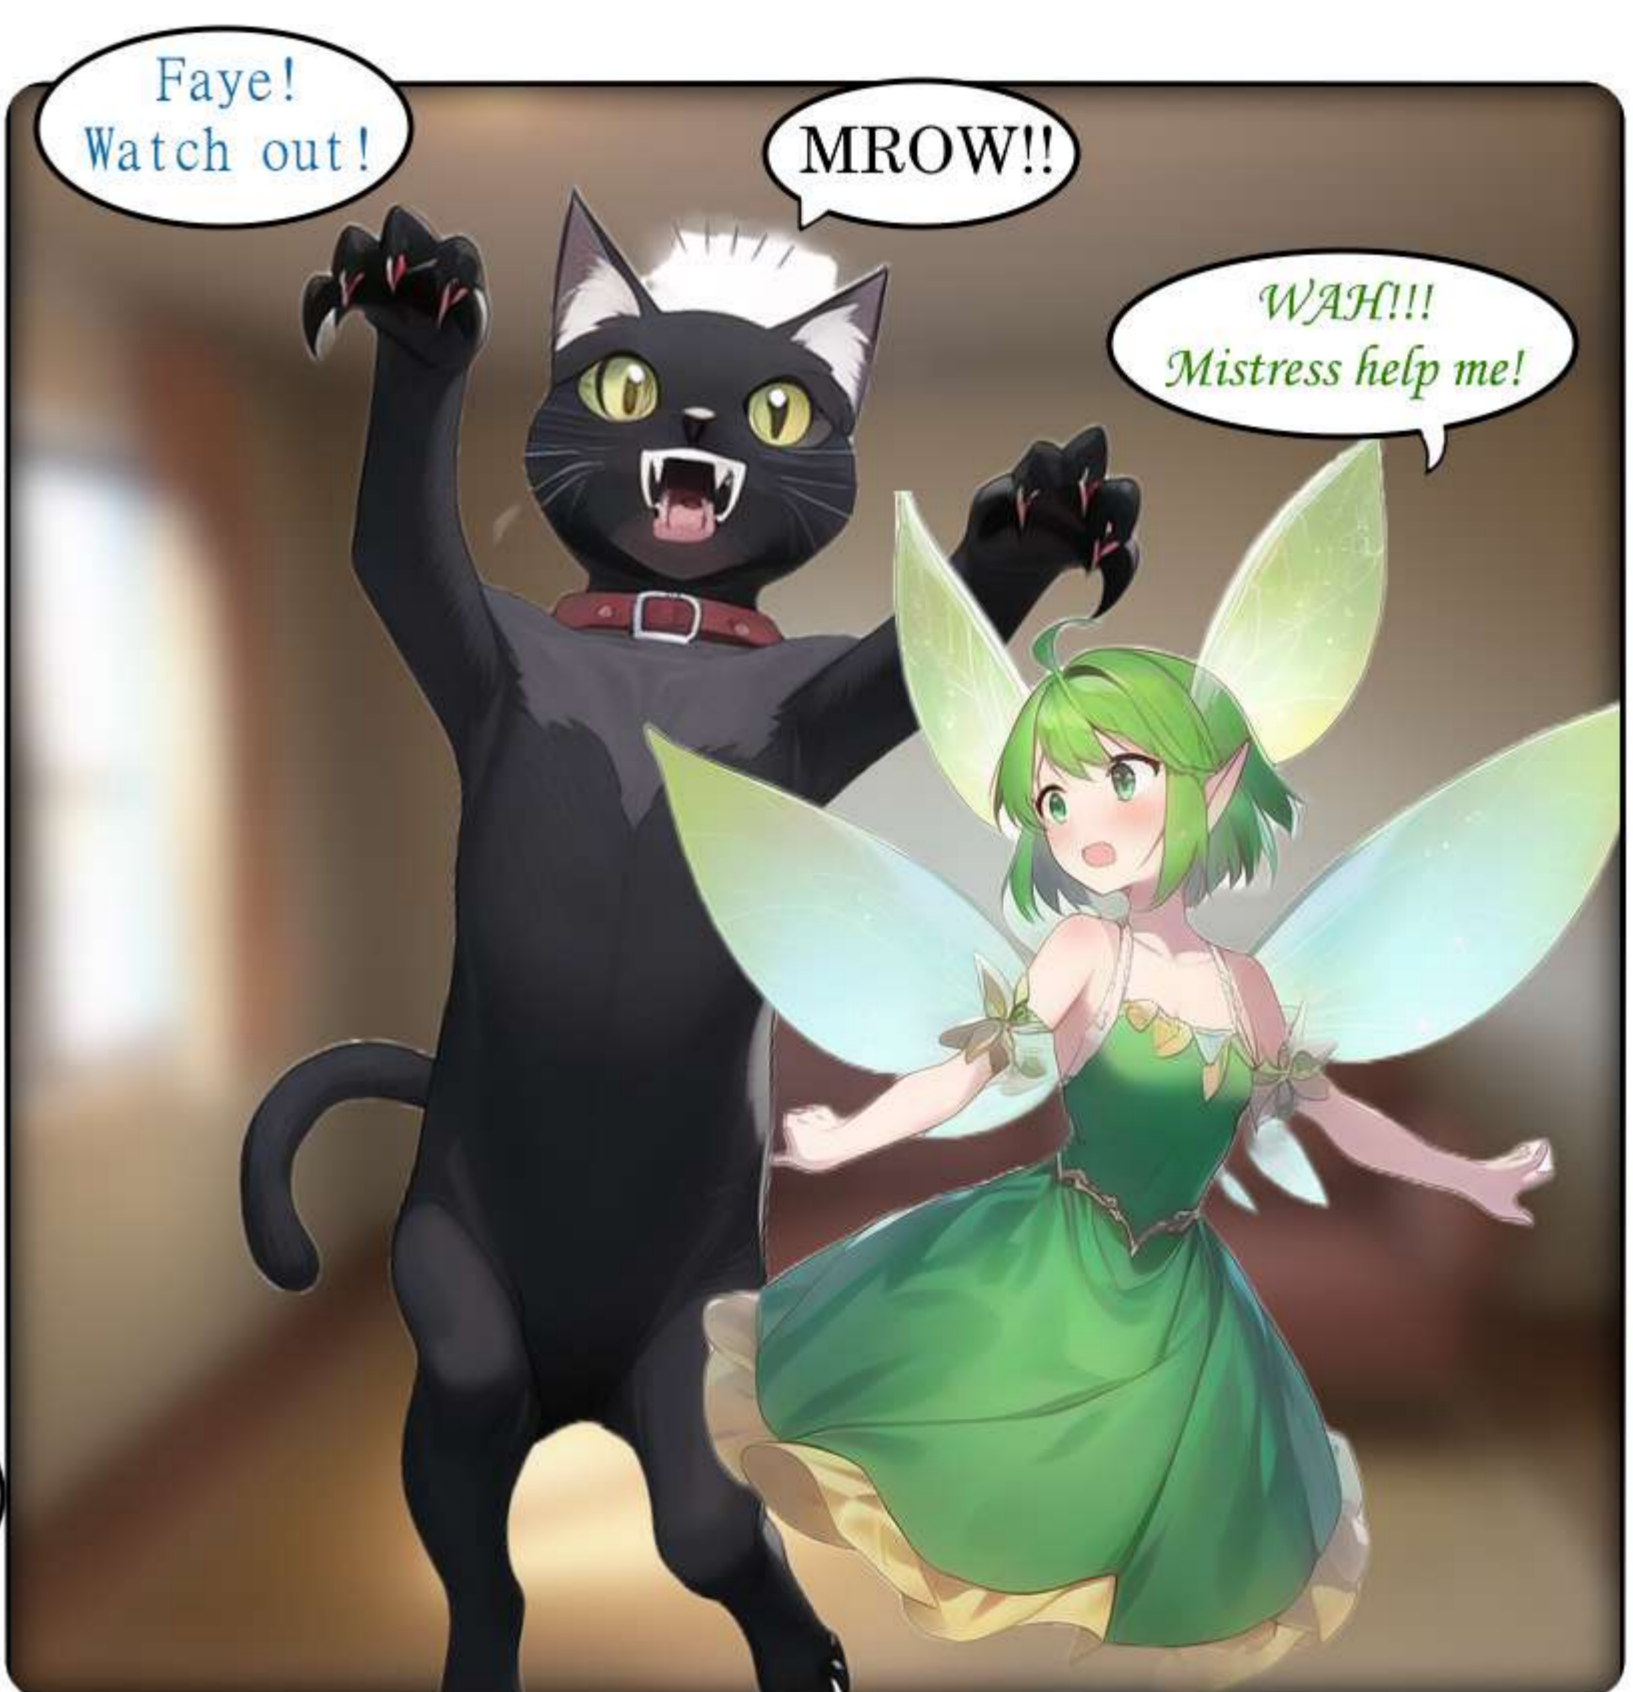

You're my genie. You pick my name! You can call me anything you want.

Like Lady Giselle the Beautiful or Booger.

Please don't call me Booger. I would cry if you did.

Ah! Speaking of names, I can't say my original name. Why not?

Genie's begin a new life, so you get a new name. Simple as that. Can you give me my new-

Faye! Watch out!

MROW!!

WAH!!! Mistress help me!

Sorry about that. She's new at being a cat.

Keep that beast away from me!

Meow.

I will, don't worry.

You saved me, Mistress! And I gave me a name! I could hug you.

In fact, I will!

Yay! Hugs!

Hugs are nice.

Wait a second.

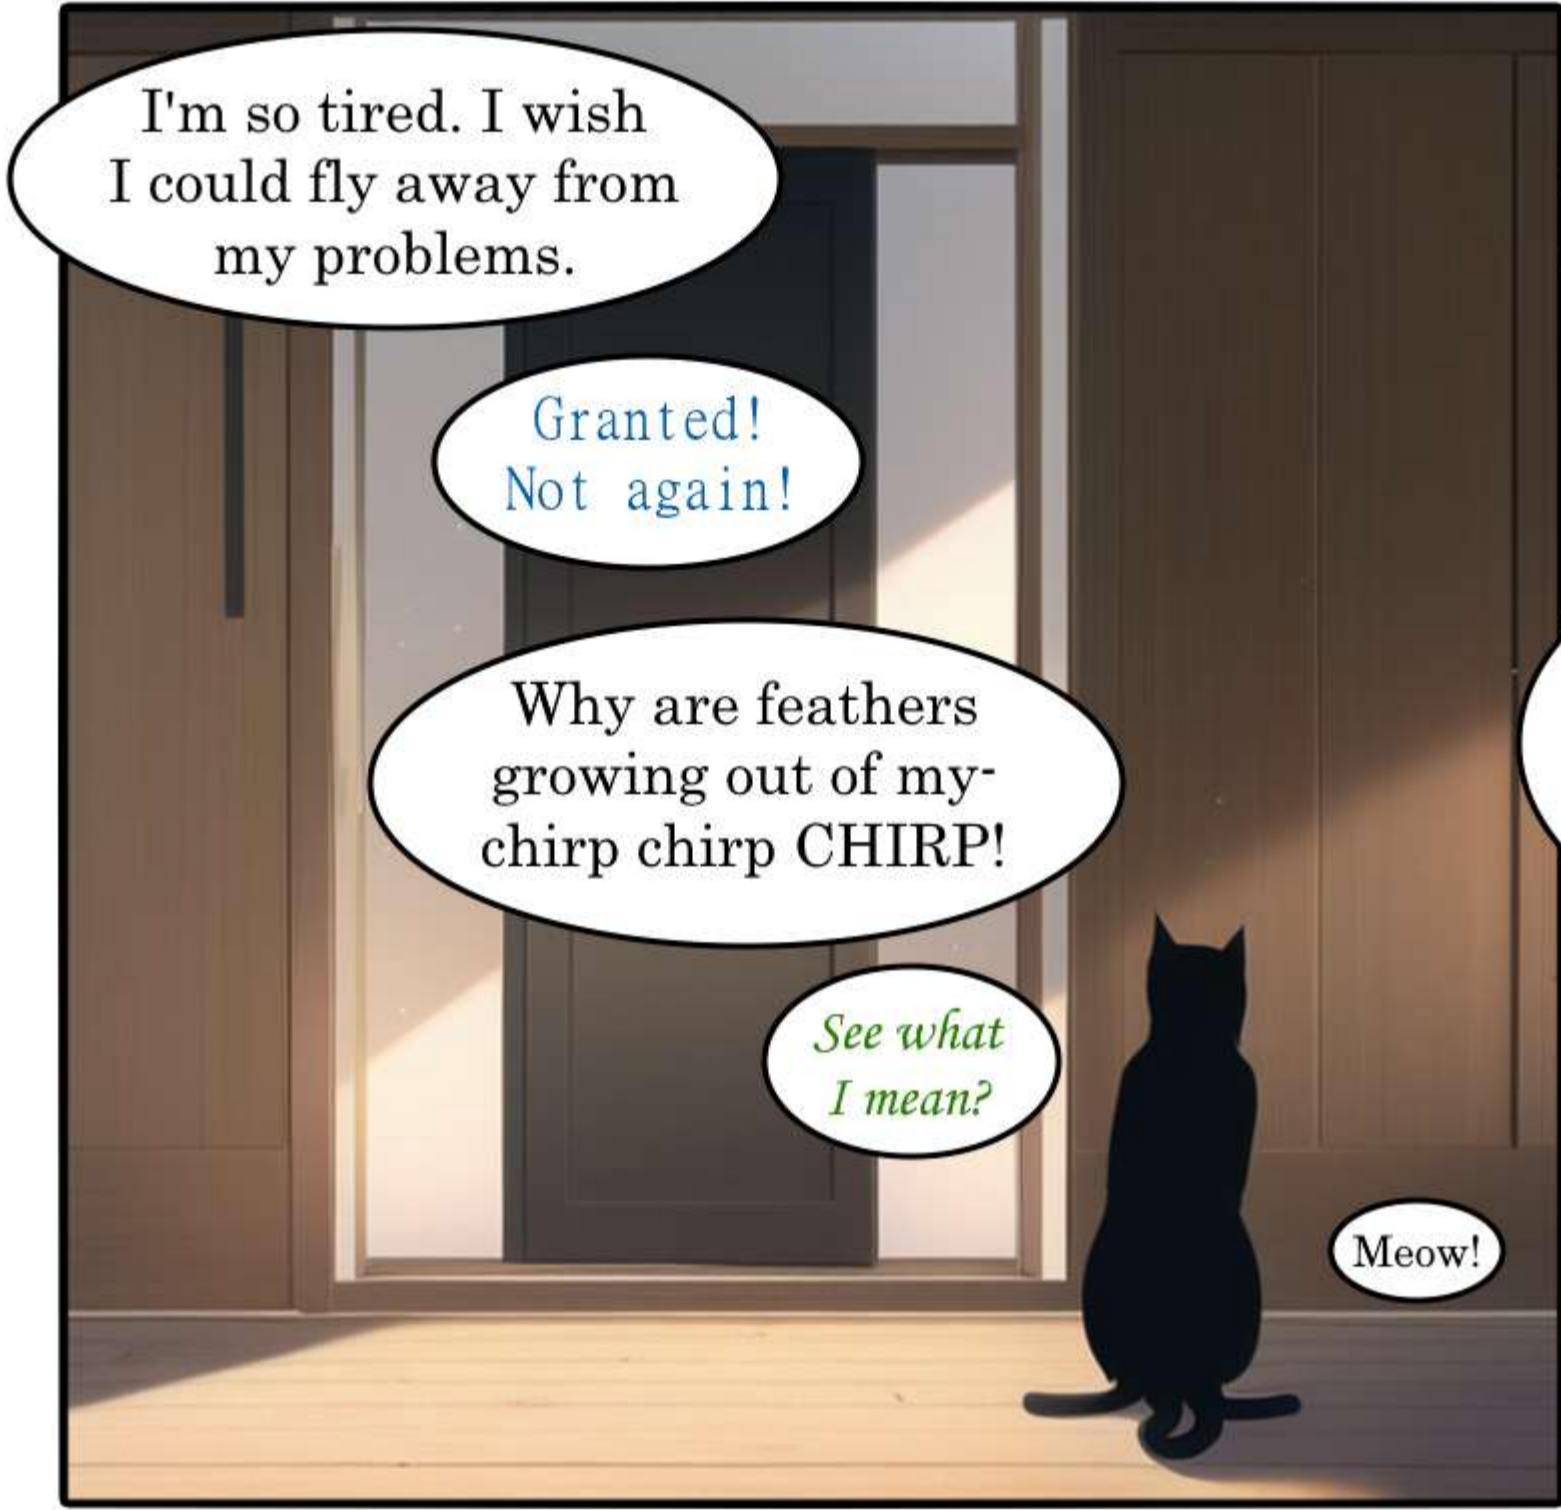

You never answered my question. Why am I a girl?

And, don't I need a lamp? That other genie did.

All genies are girls, silly. You don't get a lamp until you get much more powerful.

But, don't worry. People will be compelled to make wishes when they're around you.

I'm so tired. I wish I could fly away from my problems.

Granted! Not again!

Why are feathers growing out of my chirp chirp CHIRP!

See what I mean?

Meow!

You have a lot of excess magic, but not too much control. You'll be able to grant CRAZY wishes in the future.

What have I done? I turned him into a bird! How do I cancel wishes? Can I change them back?

Um, maybe? You might be able to get someone to counteract those wishes. But, why would you want to?

You were only giving them what they wished for?

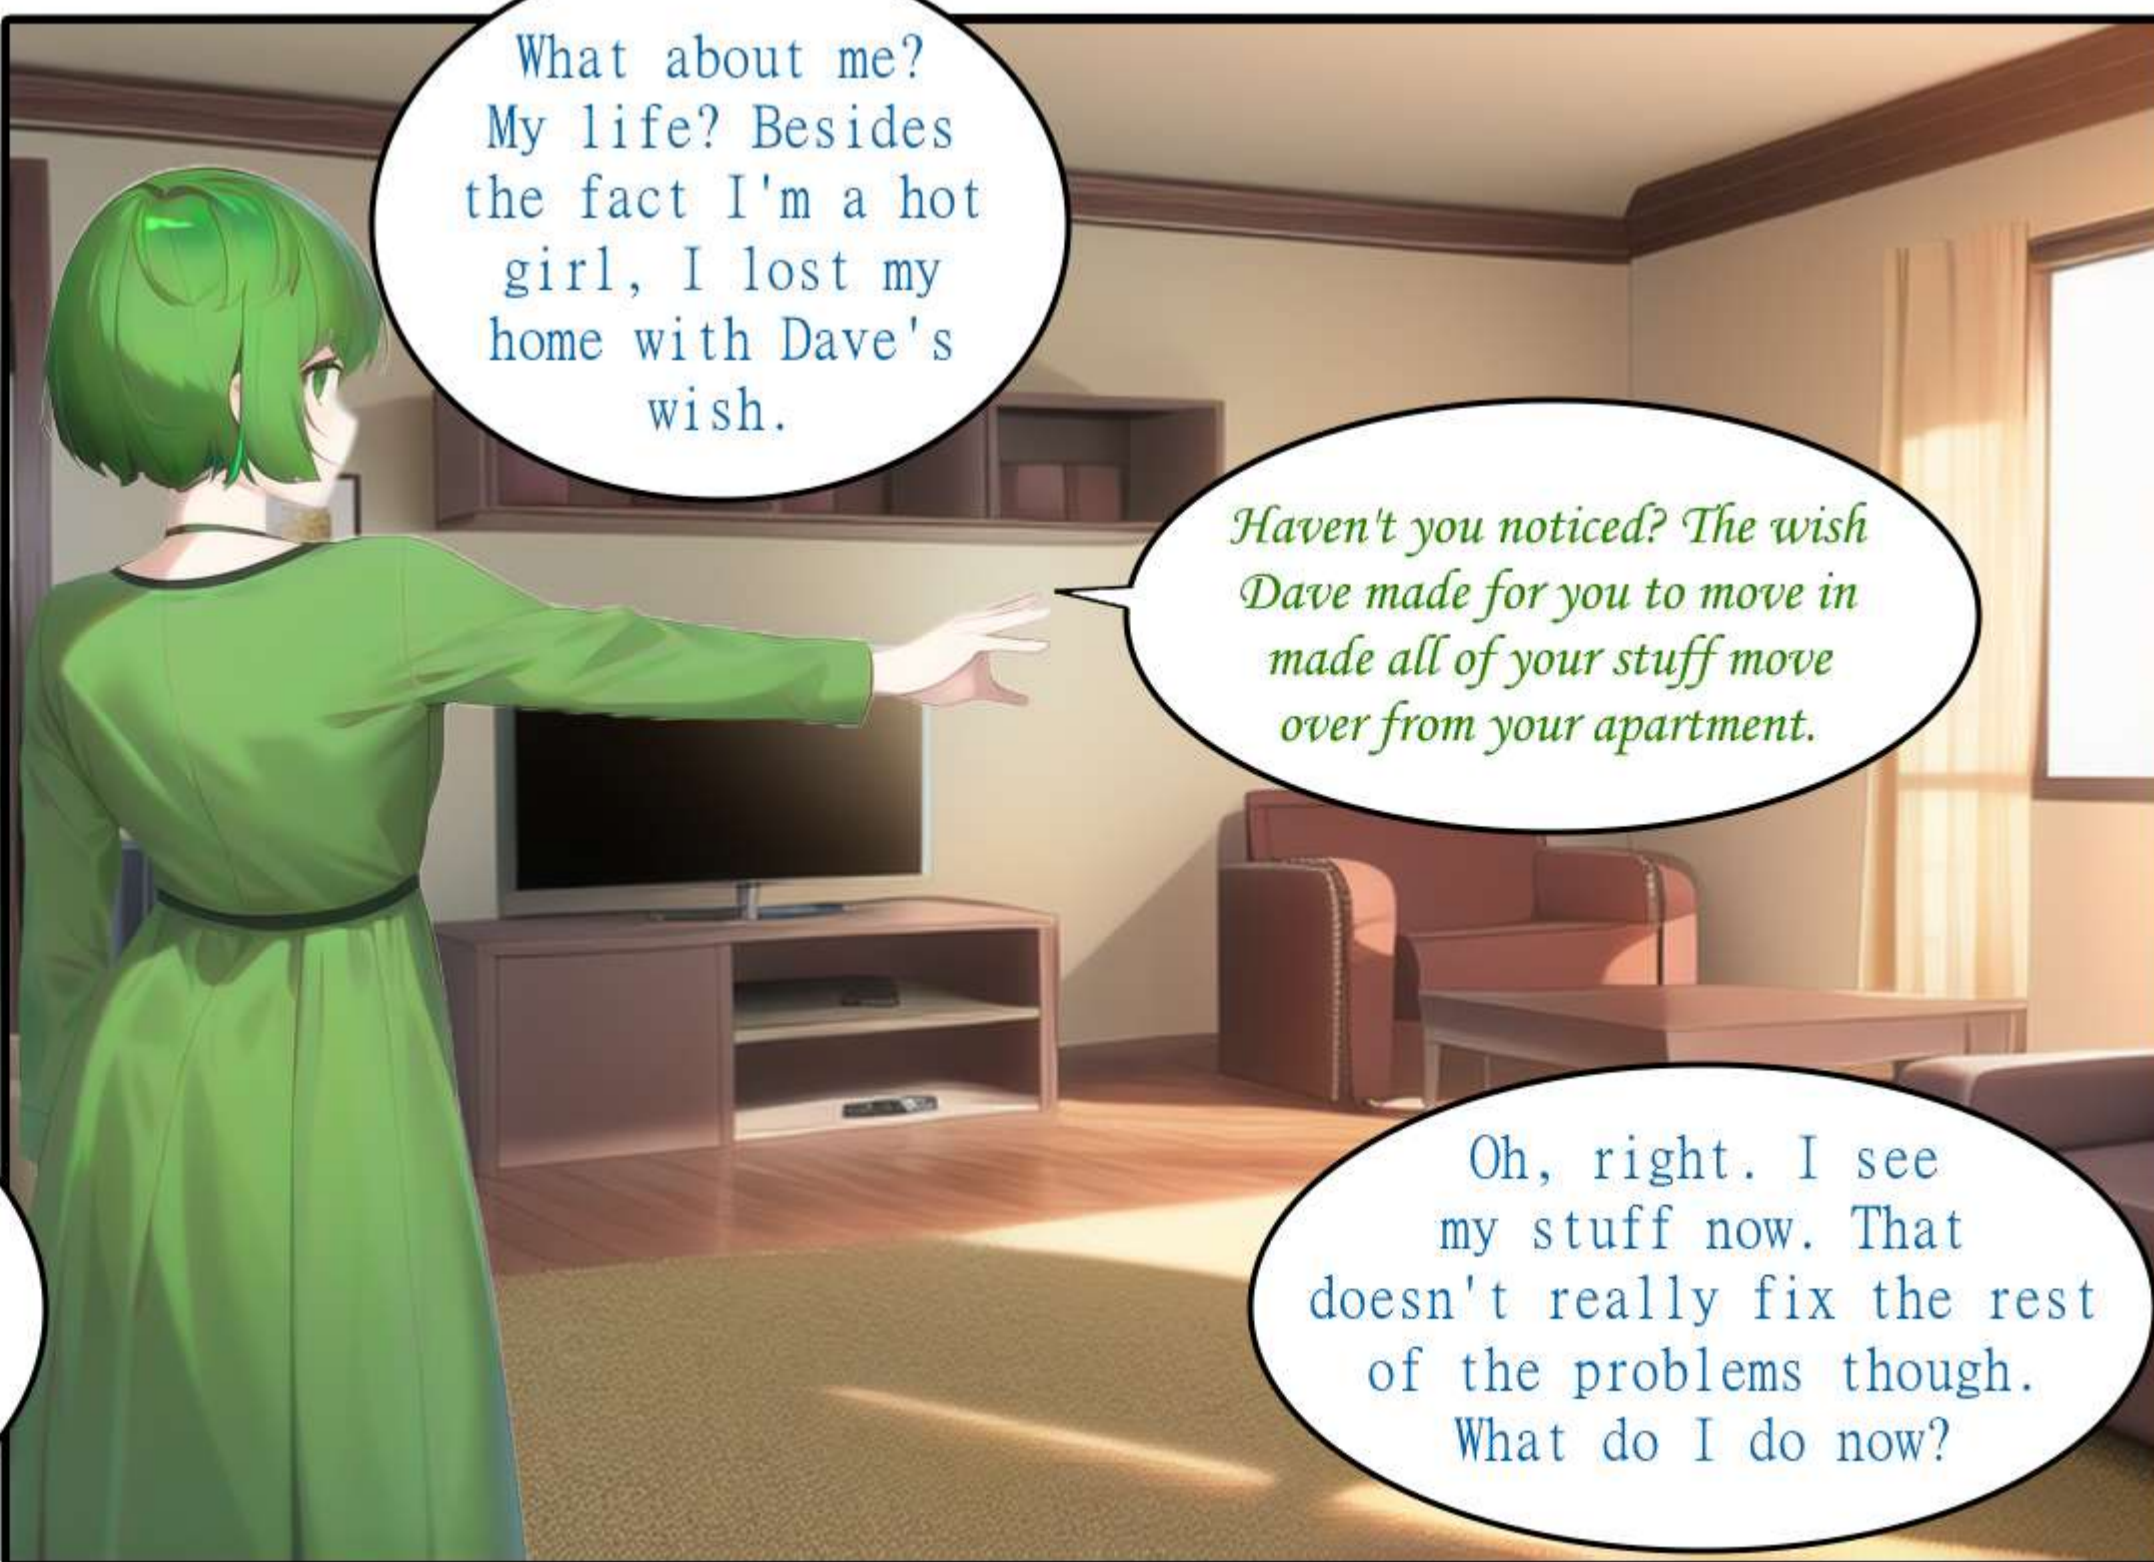

But, I've hurt so many people.

The bird, the cat, the couple in the park.

They'll be fine. That feral cat already looks happy; I'm sure the bird is as well. The couple can't think as a statue.

The guy in the park and the one you zapped into the TV... yeah they might have a hard time, but that's magic for you! Win some and lose some.

What about me? My life? Besides the fact I'm a hot girl, I lost my home with Dave's wish.

Haven't you noticed? The wish Dave made for you to move in made all of your stuff move over from your apartment.

Oh, right. I see my stuff now. That doesn't really fix the rest of the problems though. What do I do now?

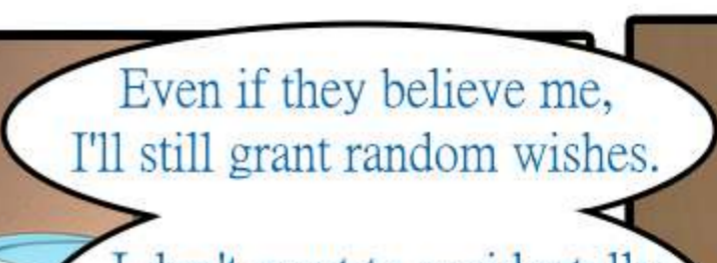

What do you mean, what do you do?

It's your life! You can do anything you want!

But what about my family and friends? My old life? What can I do about that?

Even if they believe me, I'll still grant random wishes. I don't want to accidentally turn them into frogs or something!

Well, you could ignore them.

OH! Maybe you could trick them into granting wish that-

No! I don't want to risk it.

And what about work? I can't go looking like this!

That won't be a problem! Genies aren't required to stay in those clothes until they get their lamps.

Plus you have magic! Just cast it on yourself!

What? Really? Um, how do I do that?

It's super easy! Just point and think, really really hard... then POOF!

Ok, here goes nothing.

Um, something comfortable.

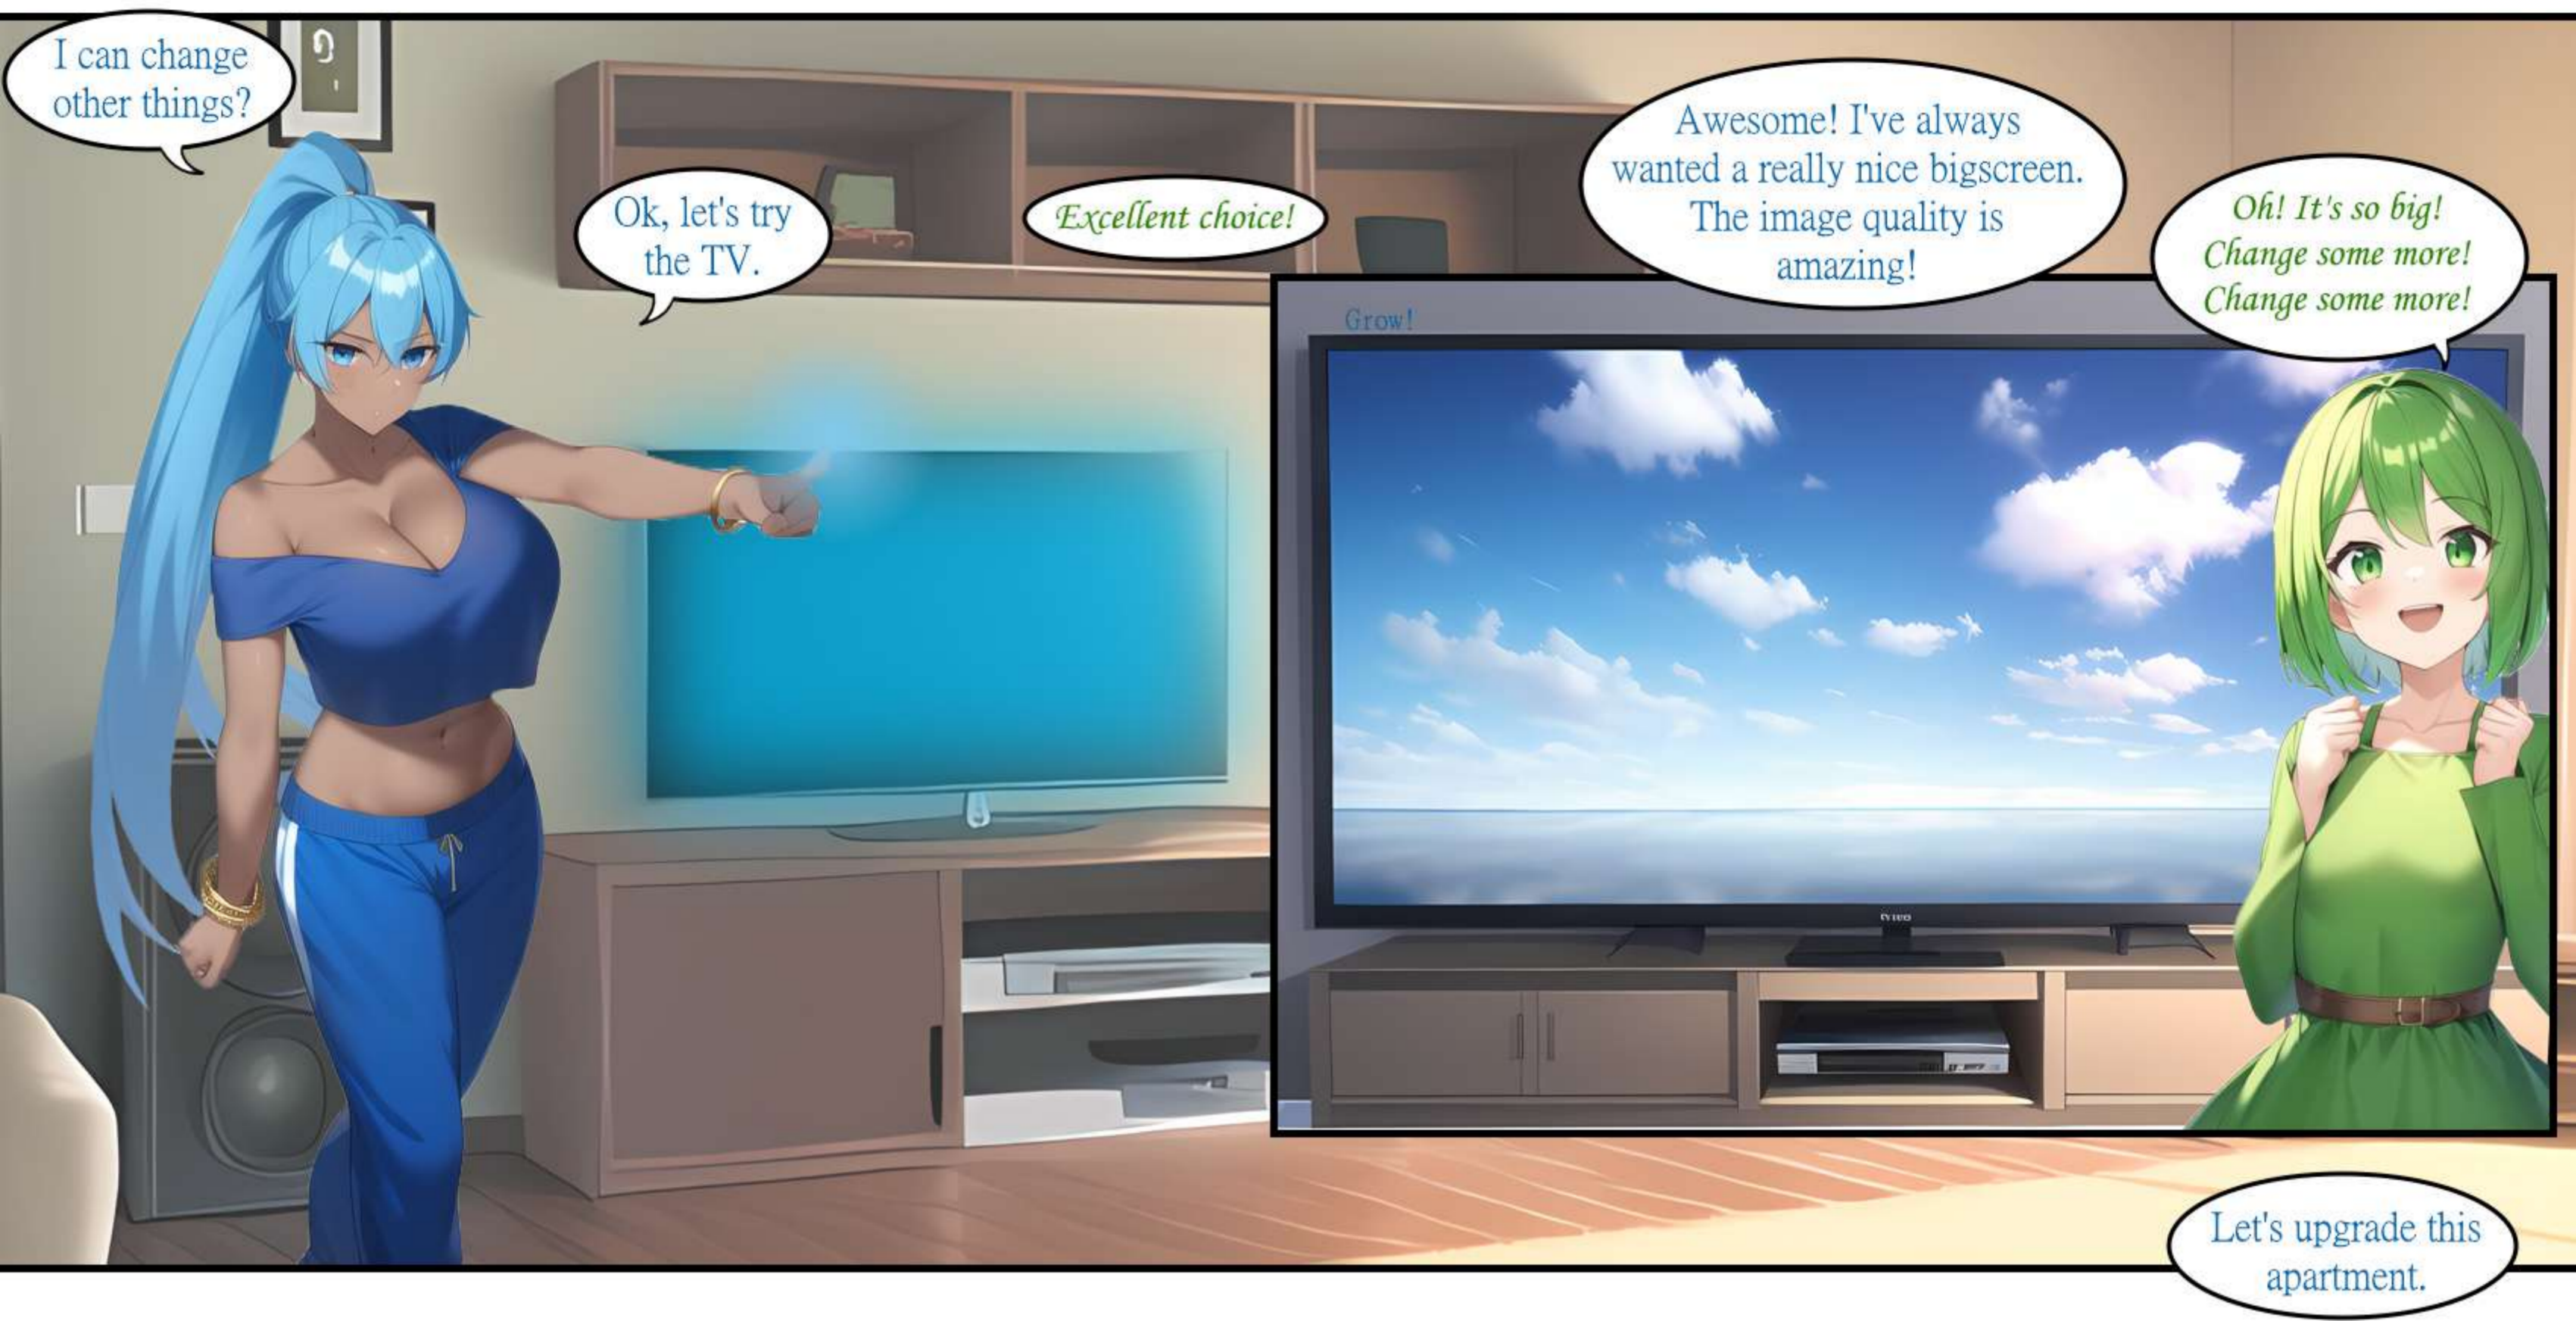

Woah! It actually worked!

Of course it did, silly. You can try it on other things as well!

I can change other things?

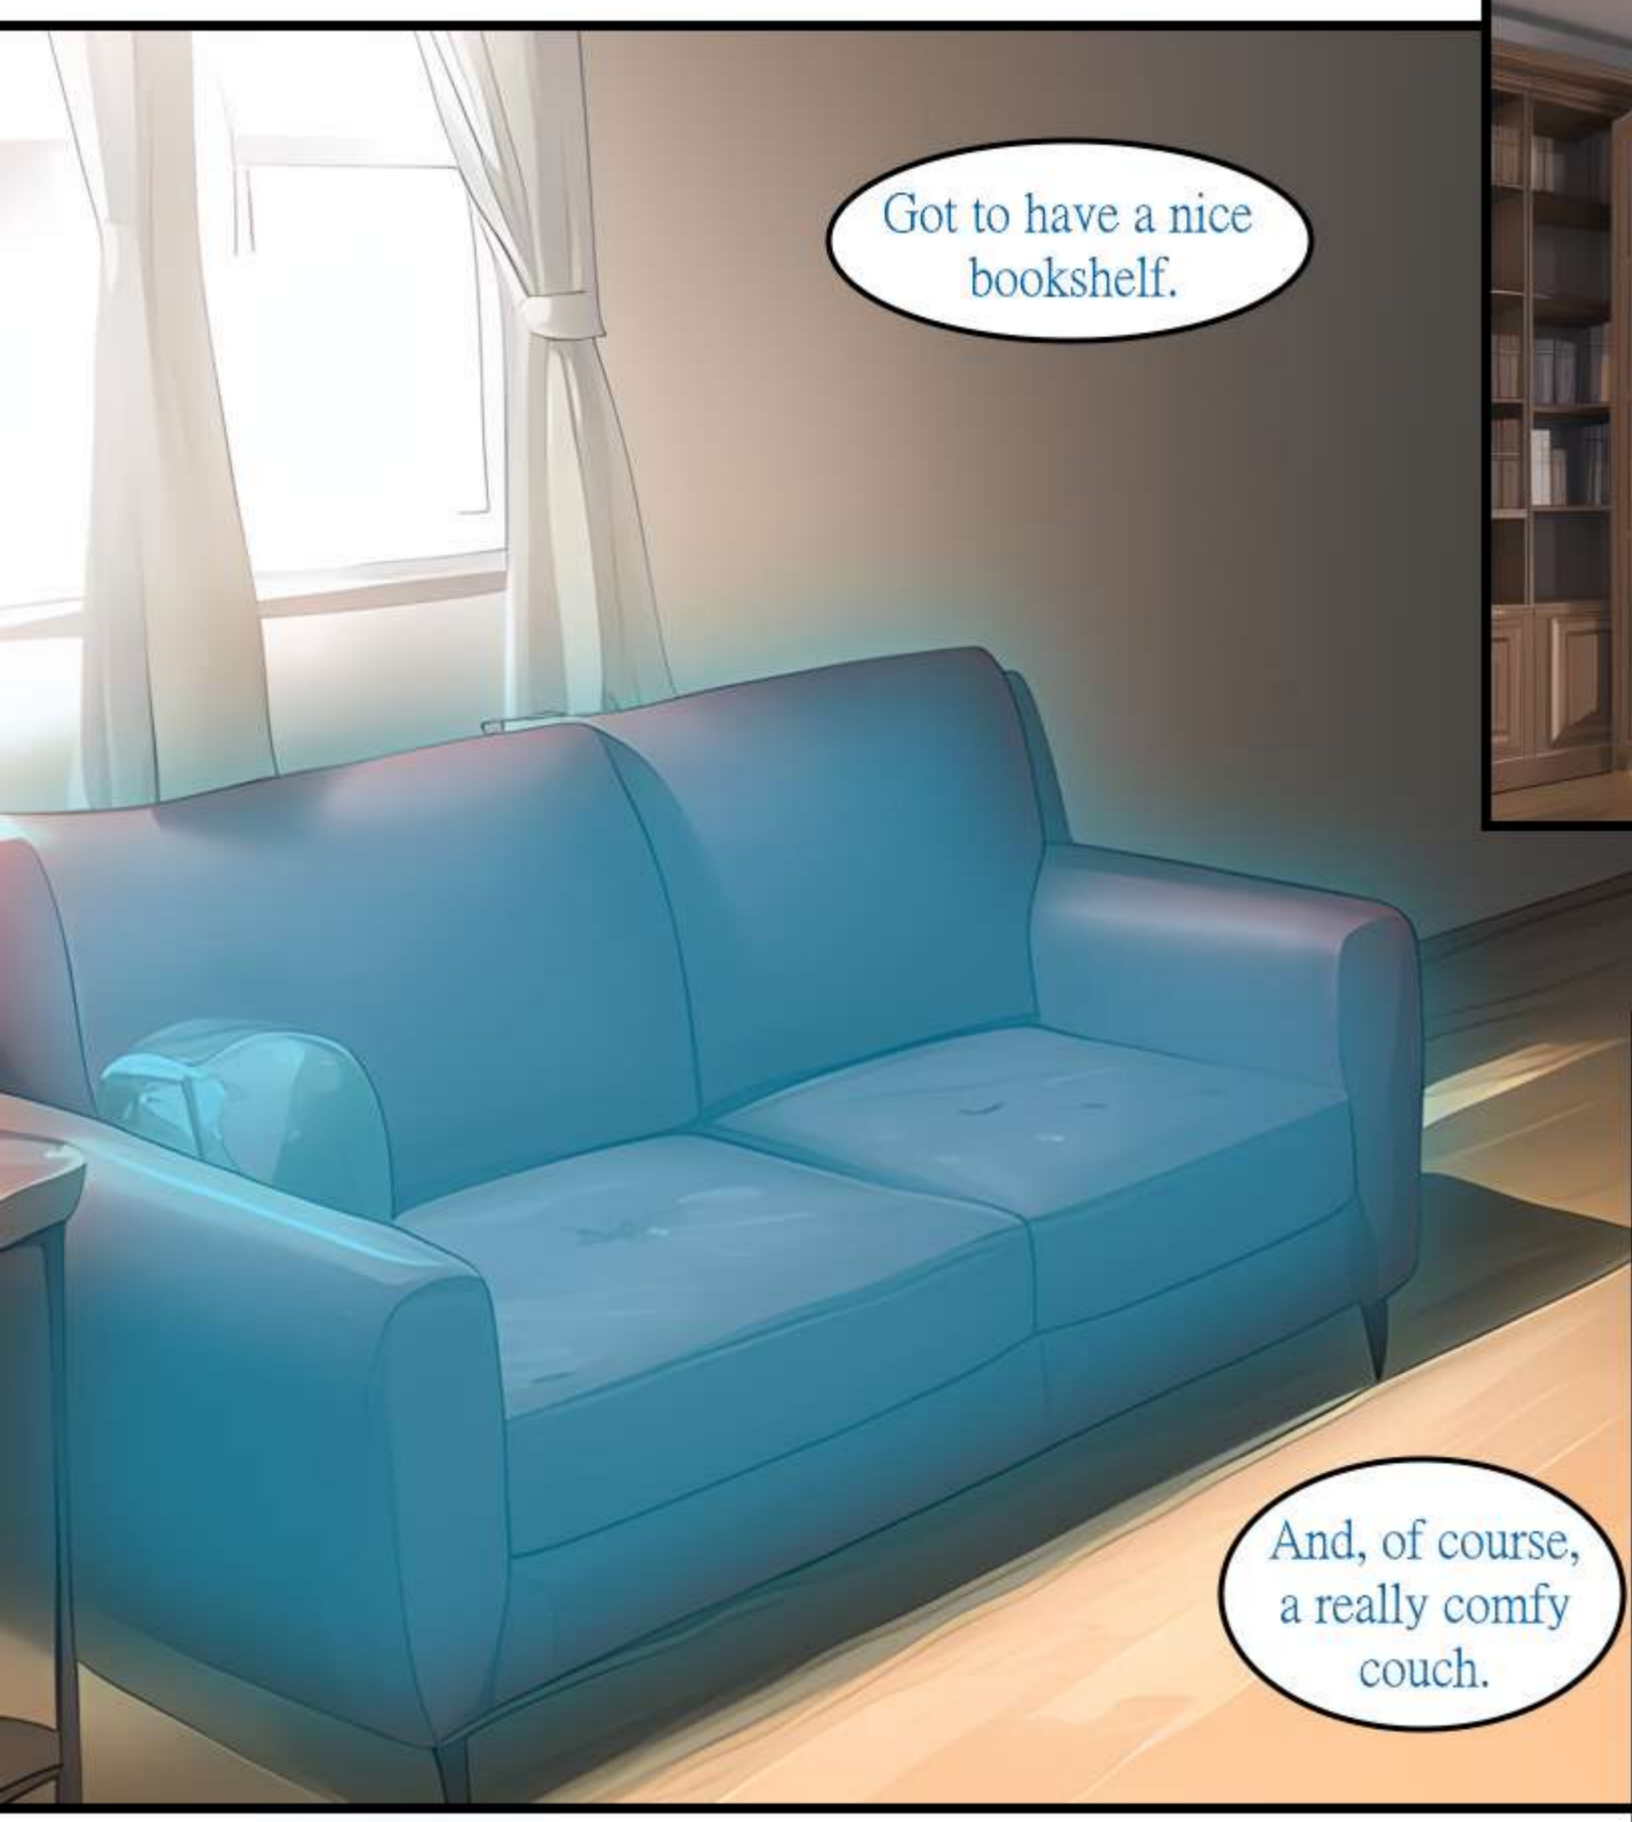

Ok, let's try the TV.

Excellent choice!

Awesome! I've always wanted a really nice bigscreen. The image quality is amazing!

Oh! It's so big! Change some more! Change some more!

Let's upgrade this apartment.

Got to have a nice bookshelf.

And, of course, a really comfy couch.

Meow.

Very impressive. You're a natural!

Wha-? Why am I feeling so dizzy?

That's because new genies don't have very much magic.

With the wishes you made before and the changes you just made, it's no wonder you're feeling tired.

Meow.

Oh, that explains . . .  
zzzz

Goodnight, mistress. I'm excited for the adventures we'll go on.

Where am I?  
Oh, I'm a guy again!  
Nice.

What's that  
over there?

Follow.

Hey, wait  
for me.

Where are  
we going?

This place  
is really  
creepy.

What the-

Not again!

Please, tell me  
how to change back!

*A wish such as yours  
cannot be undone, daughter.  
Embrace your new life and beware.  
For others covet the power which  
you now possess.*

Who are you?  
Why me?

I... I don't  
understand.

BEEP!

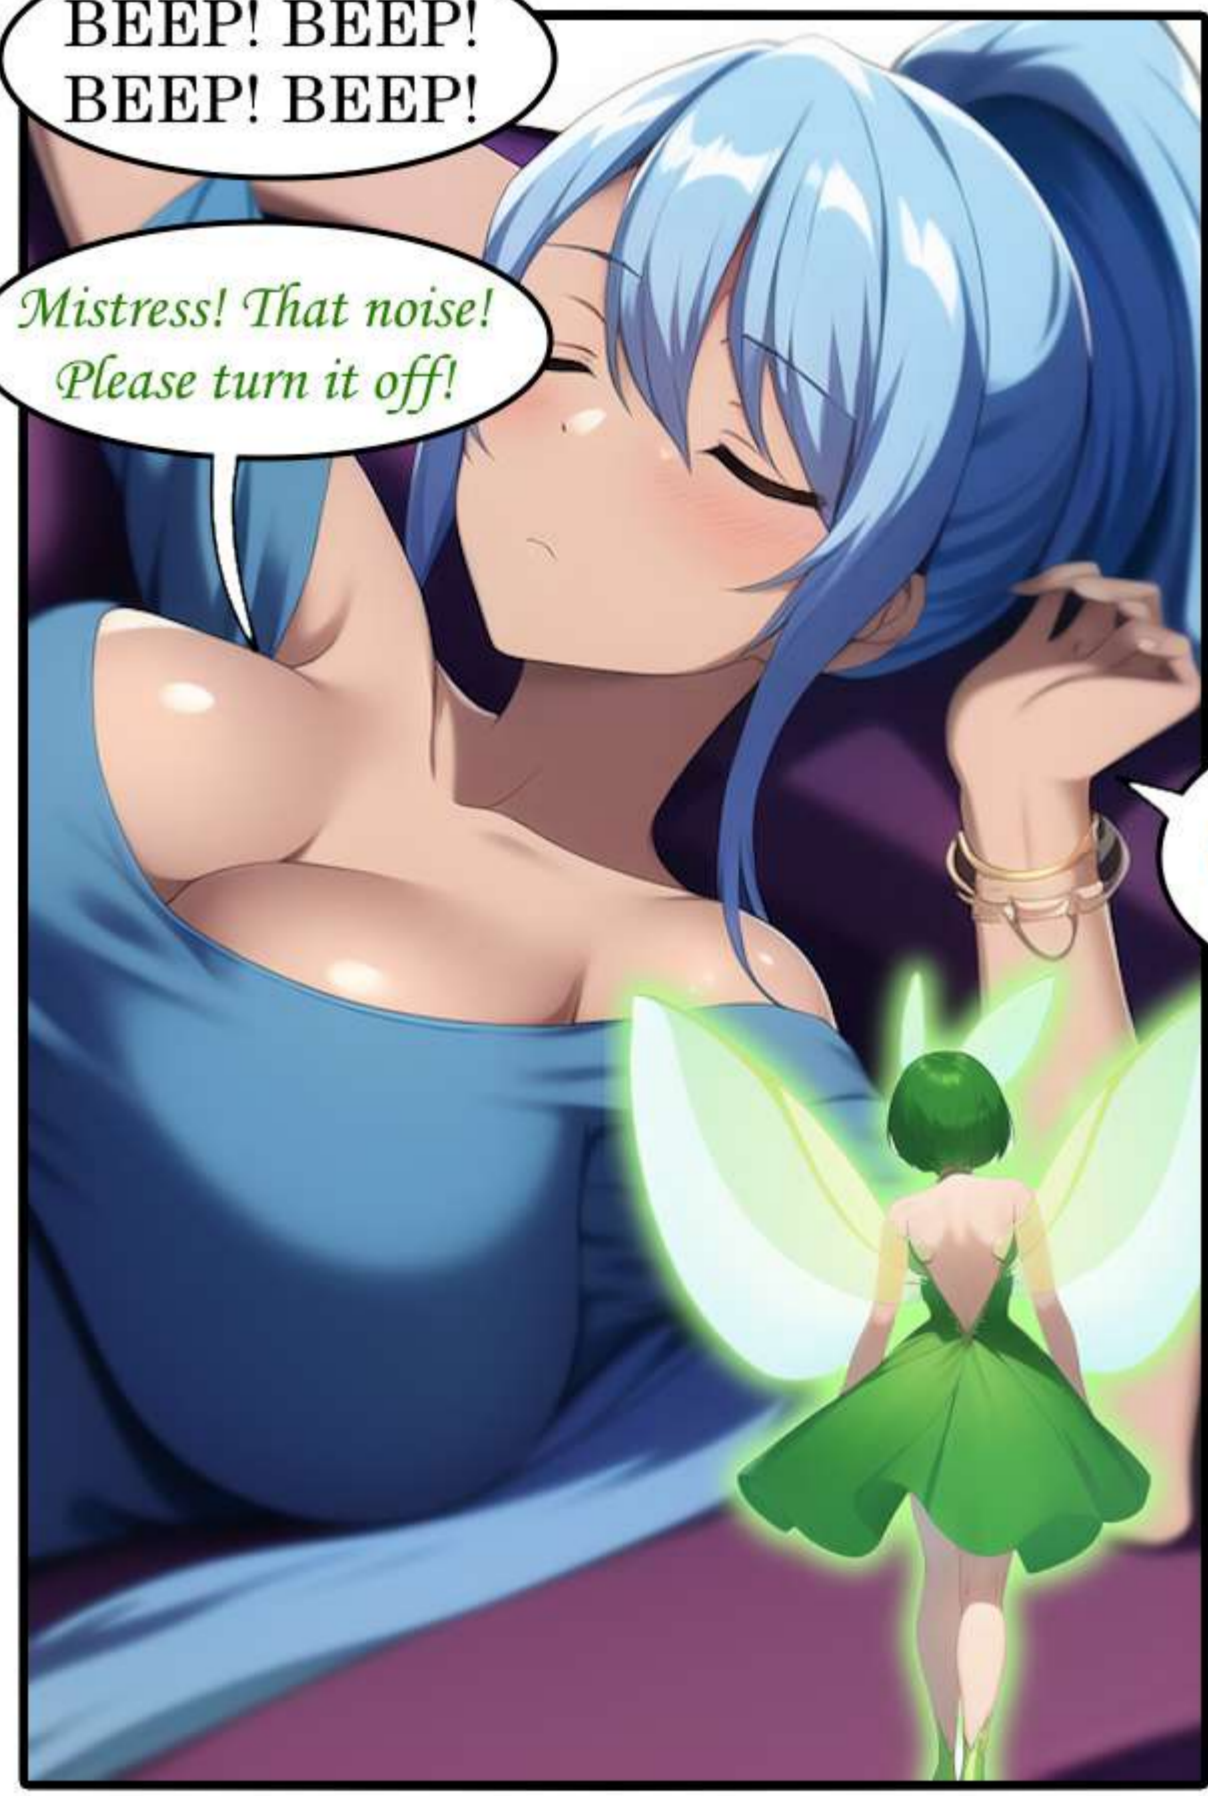

Ah! What is  
that noise?

BEEP!  
BEEP!

BEEP! BEEP!  
BEEP! BEEP!

*Mistress! That noise!  
Please turn it off!*

Ok, ok.  
Calm down.  
I got it.

BEEP! BEE-

Huh, why was my  
alarm set? I only do  
that when...

OH NO!

Why did I have  
to sleep in today?

*What's going on?*

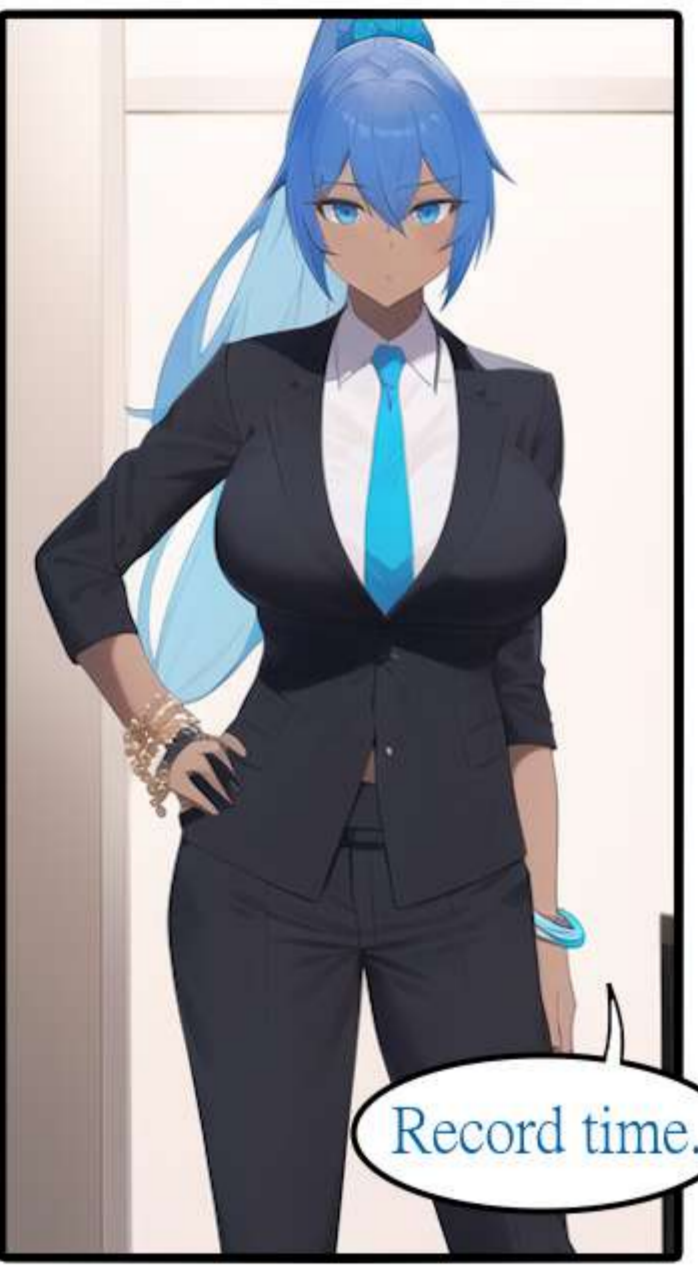

I have a meeting!  
I need to get ready!

*What meeting,  
Mistress?*

*Ouch! Hey!  
Don't close the  
door on me!*

Record time.

Take care of the house  
while I'm gone. See ya tonight.

*Mistress, please  
come back.*

MEOW!

*Please.  
I'm scared.*

Ok, I can still make it on time if I hurry.

I'm going to ace this presentation.

The promotion is mine if I-

Oh, right. I'm a girl now.

Crap, how am I supposed to make this work?

Think, Zara. I've got magic powers. There's got to be something.

I wish I were a guy. No, I tried that already.

What about that trick with the clothes? Nope, that doesn't work on my body.

Oh! I think I've got an idea!

Nice. It worked!

Sort of.

I'm still a girl, but everyone will see me as my old self.

DING!

Ok, I can do this.

Are you Chris?

No, I'm Za- I mean, yes, that's me.

Ok, I'm the driver you ordered. Please, get in.

Ok, I made it to the car without incident. Maybe I can still live my old life.

Vroo-CLANG!

Stupid piece of crap. I'm so freaking tired of this junk.

I wish I had one of those nice sports cars like those hot babes who don't have to work.

Granted! Oh, oh no.

Sorry. Give me a moment to figure out what happened.

If it's not a- What the? What just happened to my car?

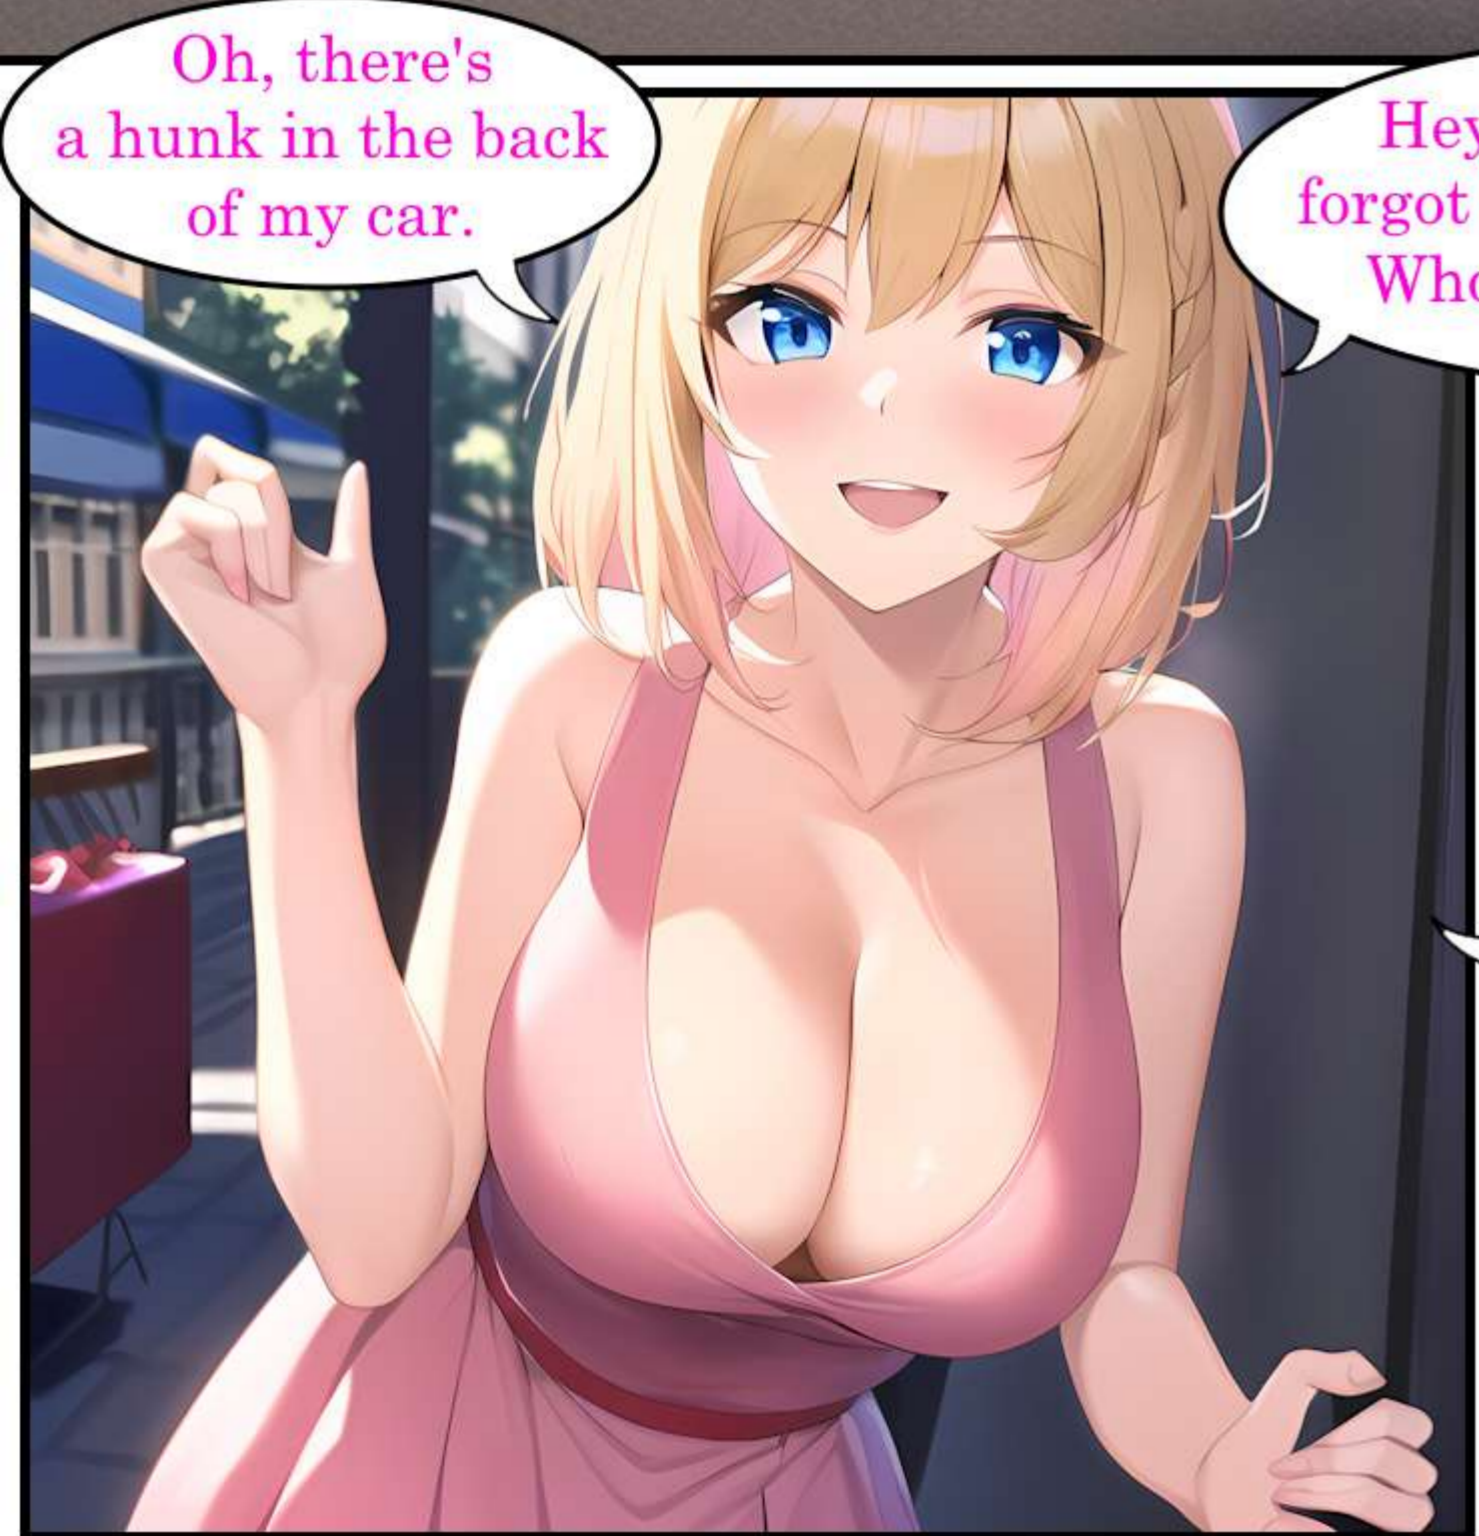

I, um, like, I can't seem to think...

Teehee, thinking is overated.

This car is like totally awesome.

Oh, there's a hunk in the back of my car.

Hey, honey, I totes forgot what I was doing. Who are you again?

Um, you were taking me to work. You're my driver.

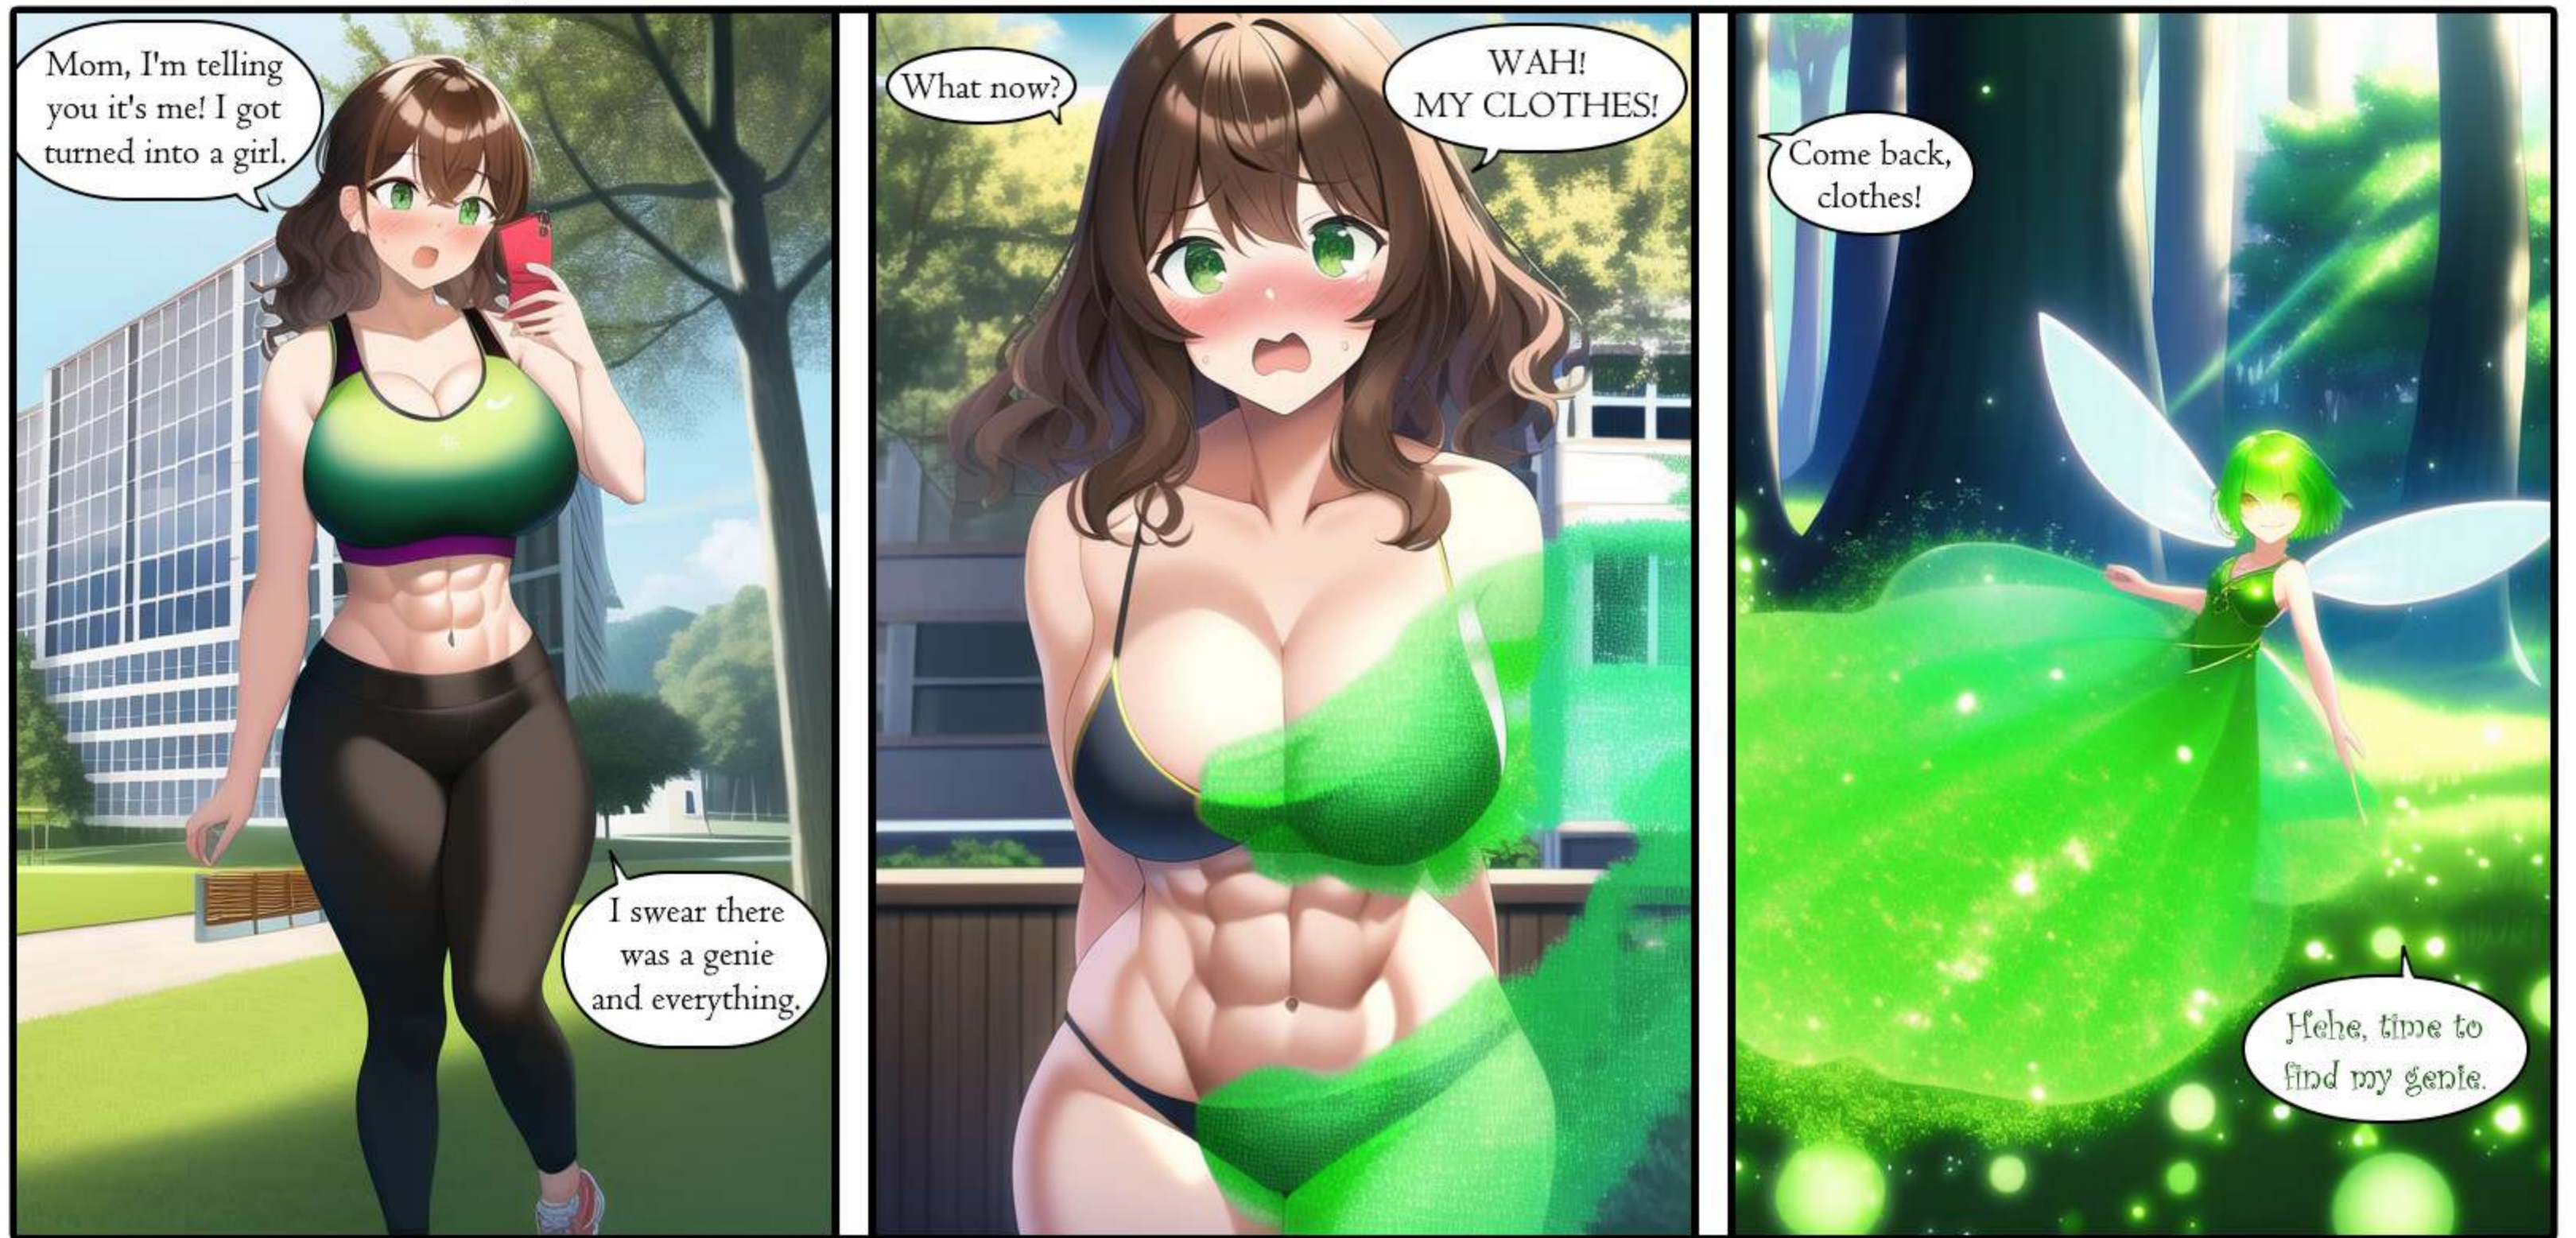

Oh, right! I'm such a ditz. You got it, cutie-pie.

Today's going to be a really long day.
