mean is sum all data values / number of data
is $7 + 9 + 10 + 3 + 12 / 5$

outliers affect the mean
and skew the curve

median is exact center/middle

So they are saved to help
 a failed census. Where people
 are dispersed and only helping
 them sure as they are
 guy well But that.

Also very dispersed like that is Rocky
 Dazed from East

So they need to go and get things
 moving

Why did people stop why the way
 tried but a failed powerless dispersed
 food, suddenly left, bribed to
 attract, but here a 'Mach, break
 Armes, blockade, slow moving, moves
 open, suddenly better all less high
 suddenly can't understand. People
 is USA and not want to be forced and
 as baby for any excuse to be stopped
 the terms are kind of nice.

Is anything else about the Census great?
 Like the whole idea is brilliant and
 going well except for jolly people 4/1/12
 why there ... too good to be true is
 that tell me what to do ...
 Could we go further to Turkey
 Census & Not find ~~enough~~
 enough

Does it change to somebody else like
 the night is about the supplies or
 what? No we need an authority
 changing force of bring people together
 into town??

So this could be very American that
 I feel do what I can to do and
 make me or to not change my mind
~~tax~~ mixed with a powerlessness
 deep down

Story is Census - great idea win/win
 people started coming but they
 only half made it the rest stopped

So win win win More people who
Baker in math the strategy
power

So why aren't people
how do we get them
So do we is next question

TS Area
goodness
however

Answer... maybe is that we don't
so in the end we need to
math thing to get more people
coming to area so was 50% of
area to city so some kind
of reward? Bonus like thing

Acceptance + Statistics is
the solution...
