Even in this changing society,

Arbitrary punishments within families, education institutes and other places are banned...

In the near future, the government would pass a bill to regulate senseless corporal punishments.

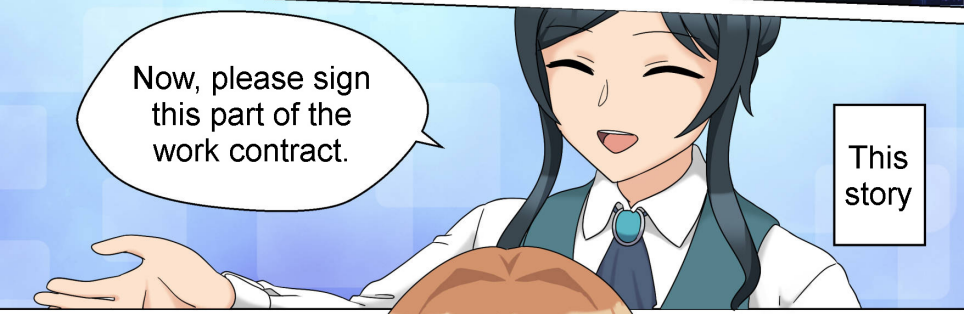

people acted in self-interest.

But, an exception exists for those with a "corporal punishment certificate".

As a result, demand for this "certificate" has risen.

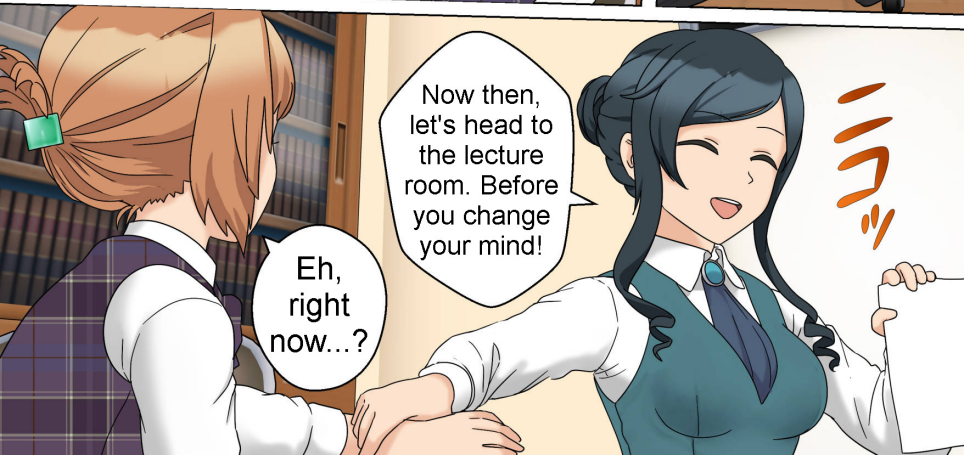

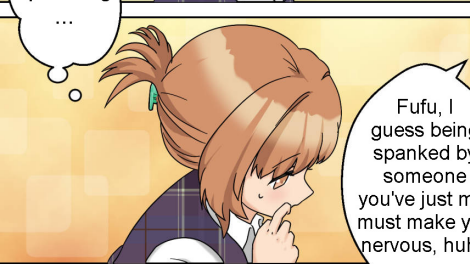

Now, please sign this part of the work contract.

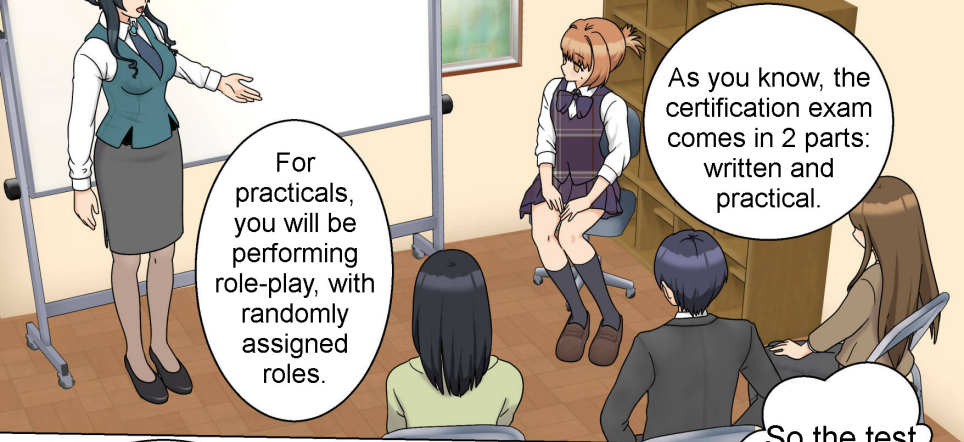

This story

There aren't any other high-paying part time jobs like this out there, so you won't regret this.

is about an institute for getting a 'corporal punishment certificate'.

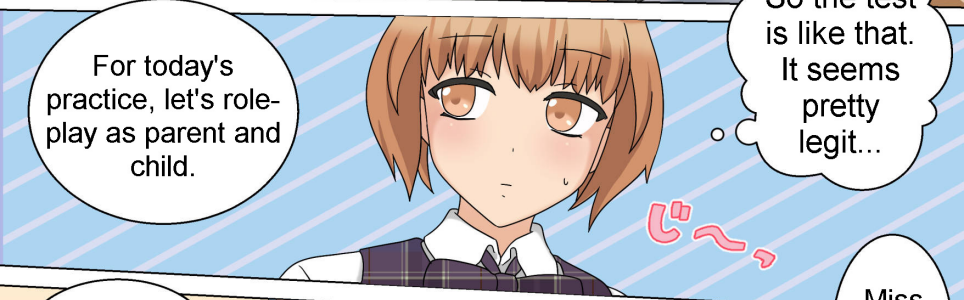

For practicals, you will be performing role-play, with randomly assigned roles.

As you know, the certification exam comes in 2 parts: written and practical.

So the test is like that. It seems pretty legit...

For today's practice, let's role-play as parent and child.

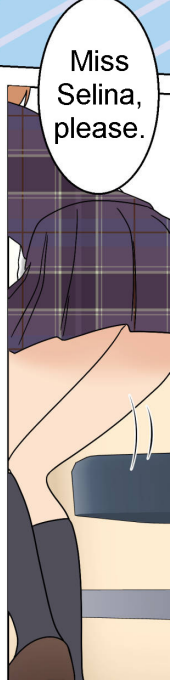

Now, if you please, Miss Selina.

P-please take care of me.

This is Miss Selina. It's her first time as a teaching assistant today.

I'm Selina. Nice to meet you.

Miss Selina, please.

I told you to be home before 6, didn't I?!

Um...
W-well...

Scary...

Do you know what time it is?!

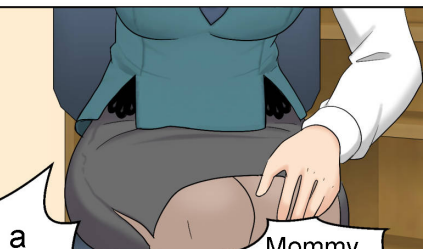

Selina!

Where do you think you're going?! Come over my lap this instant!

It's a spanking, so of course it's on the bare!

Mommy doesn't remember raising such a naughty girl!

Wait...
My skirt...

You doodled on the bedsheets again!

... Yes?

How old are you?!

Ahem.

You think your mommy won't find out just because you hid them in the washing machine?!

I... did what...?!

Now, come here.

I'm going to spank you till you reflect today!

Well done! You'll do well as a proxy mommy!

Wait! I can't do this anymore!

Now, the next practical will be the teacher role...

Please... I can't take any more...

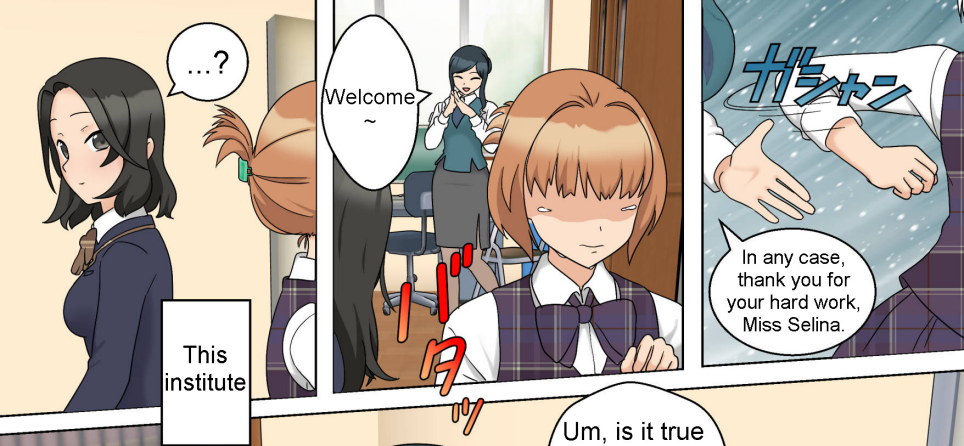

Kyaah!

...

You're free to stop working whenever, but as per the contract, your payment will be reduced to 1/50, so 1000 yen...

Oww! I'm sorry, sir! I mean, daddy!

That's fine! I'm stopping!

This institute

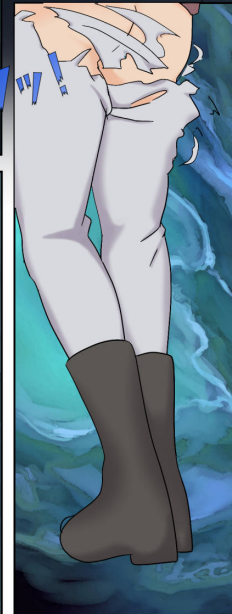

Yes, of course. I'll write up the contract for you.

Um, is it true that if I become a teaching assistant, I can earn 50,000 yen in one day?

is never in the red for finances.

You either lie down yourself or I make you lie down.

Big bro you dummy! You think I'll lay down obediently like that?!

Which one hurts more?

You know that, right?

If you don't lie down at the count of 3, you don't get headpats either.

One...
Two...

This will hurt a bit.

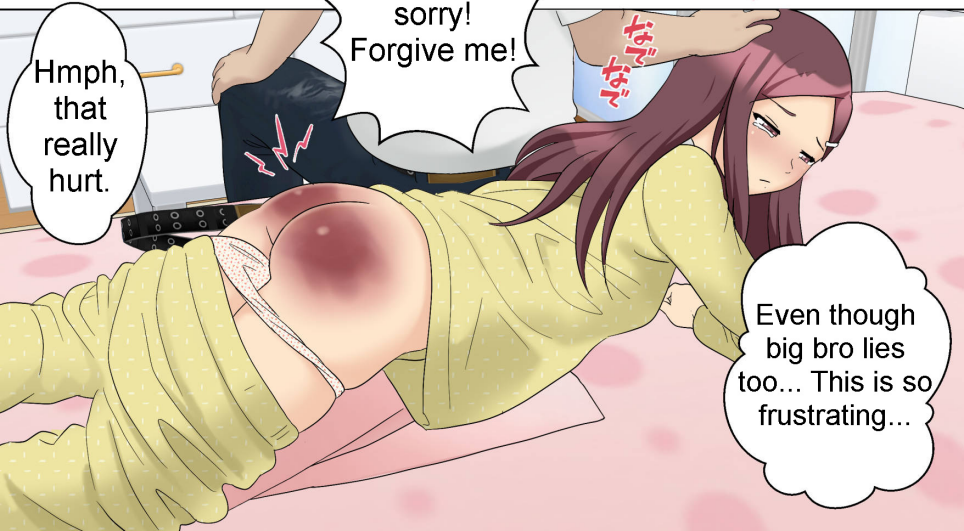

Lies...

This will totally hurt a lot...

Kyaah!

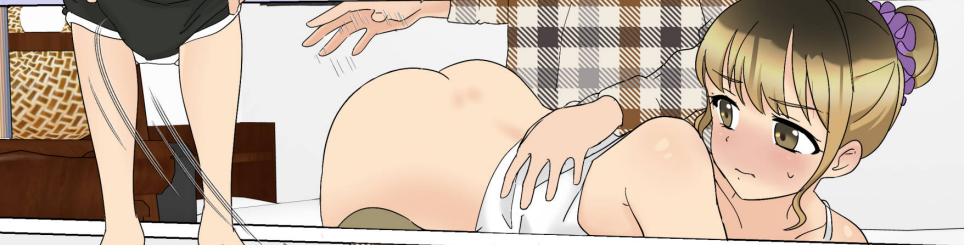

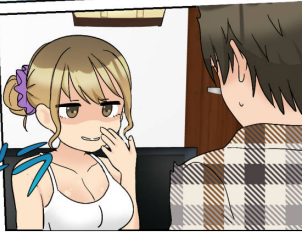

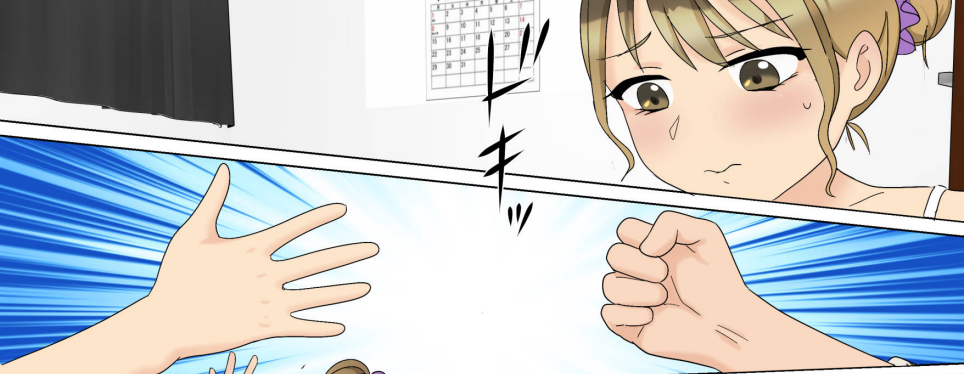

It hurts! I'm sorry! Forgive me!

Hmph, that really hurt.

Even though big bro lies too... This is so frustrating...

from civil
services.

Please

me.

じへっ

Since the other party is a civil servant, the mood is professional.

It's difficult to have an aggressive role-play like in the institute.

Naturally, the recipient will follow the instructions given, so there's no cause for concern.

Please put your hands on your head.

Yes sir.

Thus, there won't be any panic at the test site either.

In the end, what determines passing and failing is the amount of practice.

Things such as the inability to undress a recipient of the opposite sex due to lack of knowledge on their clothing, (This is the reason a civil servant of the opposite sex is assigned for the test)

or if you're unable to carry out a punishment across a variety of situations, you must be prepared to retake the test.

I should've signed up for classes at the institute too...

<The Cops and Robbers Game>

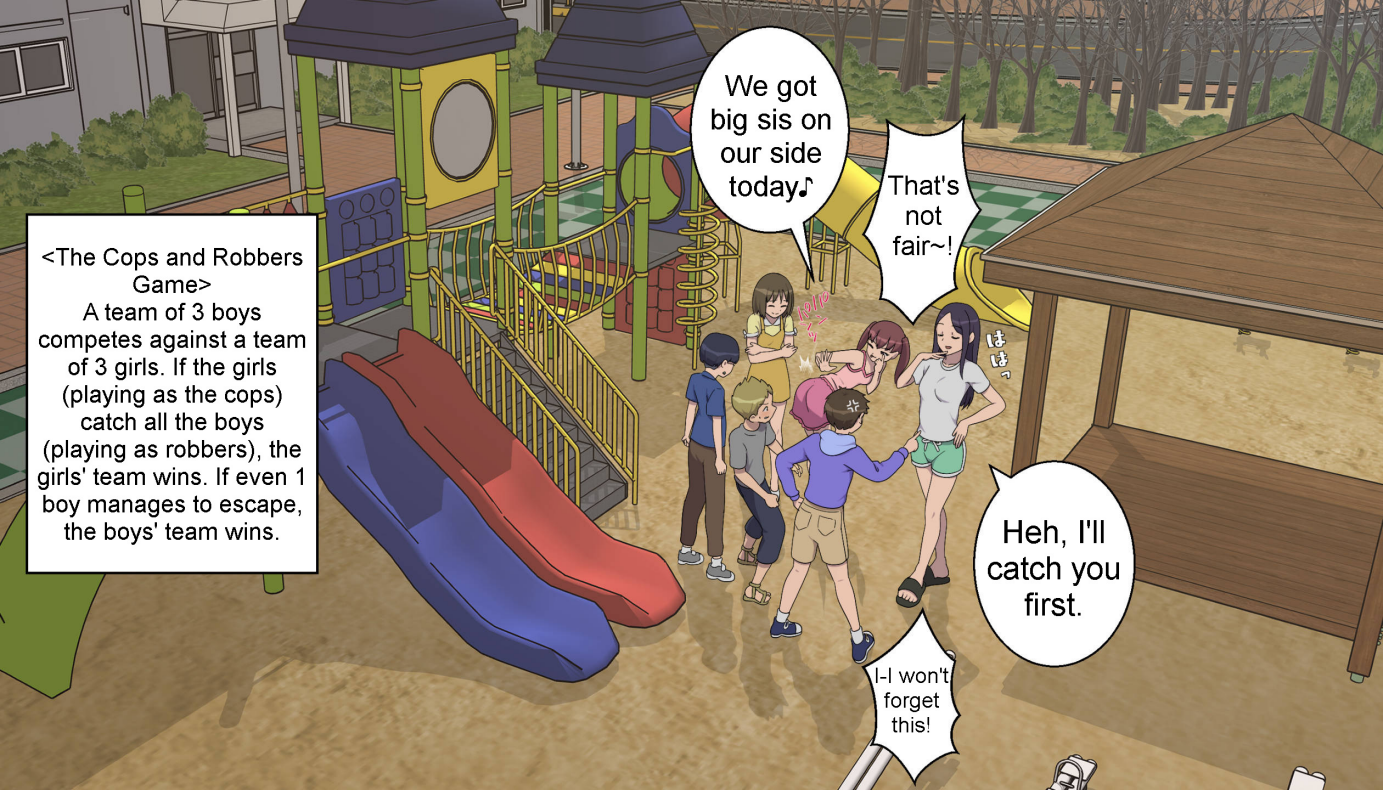

A team of 3 boys competes against a team of 3 girls. If the girls (playing as the cops) catch all the boys (playing as robbers), the girls' team wins. If even 1 boy manages to escape, the boys' team wins.

We got big sis on our side today♪

Red Team is in a pinch now, but can you endure this?

The spanking event of the sports festival is currently underway. The first contestant to give up loses.

This is a parallel world before the 'certification system' was created, where spankings are commonplace.

Ah, you're here? We were just about to start the auction.

That's good. While we're at it, I should show you how to handle them properly.

はたはた

You understand well. As part of your atonement, I'll have you tell me everything you know.

Ugh... So you kept me alive for this?

You're wasting your time! My unit is already trained to handle these sorts of interrogations!

Where are the rest of your comrades?

A woman with dark hair tied back is lying on a medical table, facing away from the viewer. She is wearing a brown jacket and dark pants. A white medical machine is positioned over her buttocks, with a screen displaying a close-up of the area. The machine has a basket on the floor in front of it. In the background, there are metal bars, suggesting a prison or a secure facility. A woman in a military-style uniform is sitting at a desk in the background, looking down at some papers. There are three red exclamation marks on the wall to the left of the woman on the table.

The machine can't be stopped halfway. Think of the remainder as the price for killing my subordinates, okay?

Kyaaaah!
On the northern coast!
They're along the coast!
I told you so stop! Please!
