

# New World Order – The Interview

**Hello viewers!**

I'm Irene Fortune from Channel 69 and today we are talking about **New World Order**. It's a new comic from Hexxet's Magic comics!

With me, in the studio today, I have Lana Hopkins and Gina Emmerik.

Two women are sitting on a red, tufted couch in a room with wood-paneled walls. They are both wearing identical black, form-fitting tactical suits with high collars, fingerless gloves, and thigh holsters. The suits have a diamond-patterned texture on the chest and a large, ornate silver buckle on the waist. The woman on the left has blonde hair tied back, while the woman on the right has dark hair. They are both looking towards the camera with slight smiles.

That's correct!

We are two of a team of five female agents.

Thank you!

Those are some nice costumes! If I'm correct you are playing secret agents in „New world order“?

Could you stand up real quick, so we can get a better view?

Two women dressed as Catwoman are standing on a red carpet. They are wearing black, form-fitting, high-collared bodysuits with a diamond-patterned corset and a large silver buckle on the waist. They also have black gloves and thigh holsters. The woman on the left has blonde hair and is posing with one hand on her hip and the other near her head. The woman on the right has dark hair and is also posing with one hand on her hip. The background consists of wood-paneled walls and a large window showing a blue sky.

Sure  
thing!

Truly  
marvelous! Now,  
what can you tell  
me about the plot?  
I've heard it's set in  
our world but after  
a massive reality  
shift?

Two women are sitting on a red, textured couch. They are wearing black, form-fitting latex outfits with cutouts and lace-up details. The woman on the left has blonde hair and is looking towards the camera. The woman on the right has dark hair and is also looking towards the camera. They are both wearing black gloves and boots. The background consists of wood-paneled walls and a blue wall with a window.

Ever since „The Change“ women are walking the streets in lingerie or nude. They go into a state called „Horny Haze“ when they go without orgasm for too long.

Well.  
The story is set seven days after „The Change“ - a worldwide event where our reality was turned upside down!

And the guy who is responsible for all of this is now the only man left on earth and its ruler.

And now, it's up to us  
and the other three  
agents to stop the guy  
behind this and reset  
reality so women can  
once again live a  
normal life!

Our team of agents has  
mostly been spared  
thanks to reality change  
precaution technology  
around our base!

Hm... when you say mostly... What was the hardest scene to play out during this comic for you?

Yeah!  
Definitely the  
pee scene!

Peeing  
standing  
up!

clap

I'm confused.  
What are you  
talking about?

Well, among the changes to reality is one that forces women to pee while standing. It's the new norm in the world.

So... is this comic a lot about peeing?

**No-no!**

Don't be alarmed.  
It's really just two  
pages. But you  
asked what was the  
hardest for us two  
to act out.

Can we please  
stop talking  
about ...  
**that?**

**Hm, I see.**  
I can imagine  
it got quite  
messy on the  
set...

**Of, course.**  
**Sorry!** So, about  
the theme. May I  
assume this is a  
male-dominant  
story?

She's talking about a huge lesbian orgy!

Well... I think so... Though... at least in the first part no men will appear live on screen.

It will just be us girls... if you get my drift.

But, since the reason behind our actions is the changes done by a man... it still feels pretty much MD, I would say.

**Okay, cool!**

One last question... you are up against a man who can change reality... on a worldwide scale... Does your group of agents really stand a chance in the end?

Well... I agree. The situation does indeed look lost, but the agency has one last secret weapon! Our big, round, hypnotic...

**Lana!**  
We are not supposed to talk about that!

A woman with blonde hair pulled back, wearing a black latex catsuit with a high collar, fingerless gloves, and thigh-high boots, is sitting on a red couch. She has a surprised or pleading expression. Two speech bubbles are overlaid on the image. The background consists of wood-paneled walls and light-colored curtains.

Please ignore my  
colleague's statement.  
We are not allowed to  
talk about how the  
story ends.

But I assure  
you, this is a  
male-dominant  
story!

**Alright!**

Thank you for dropping by, and I guess I speak for all my viewers when I say: „We are looking forward to this two-part long reality-change-themed story!“

**Woohoo!**  
Those are two  
damn fine asses  
in latex!

**Urgh, god  
damn it!**  
Stop recording  
already!
