

LUCIFER AND LILITH SYND
PRESENT

SUCUBI
THE WITCH
FIFTH TASTE

Jonathan was still out cold after the farting and smothering attack that he had to stand, performed by the two cruel Dominatrixes.

He didn't notice at all when the Women dragged him inside a different building, belonging to the Sorority, stripped him down naked and ultimately restrained him to the wooden floor of what they called their "ritual chamber"...

He laid there, motionless, when the door opened...

Coming in from the only entrance and exit to this room were Lydia and Selena, dressed in their BDSM outfits of choice... Their privates exposed, without any shame.

"There he is... still deep asleep..." said the redhead, the cruel new entry of the Sorority, walking forward.

"Ha ha ha... I guess we went a bit too hard on him... If he couldn't stand just a bit of farting like that, how will he resist all of us combined..." commented Selena as she followed Lydia.

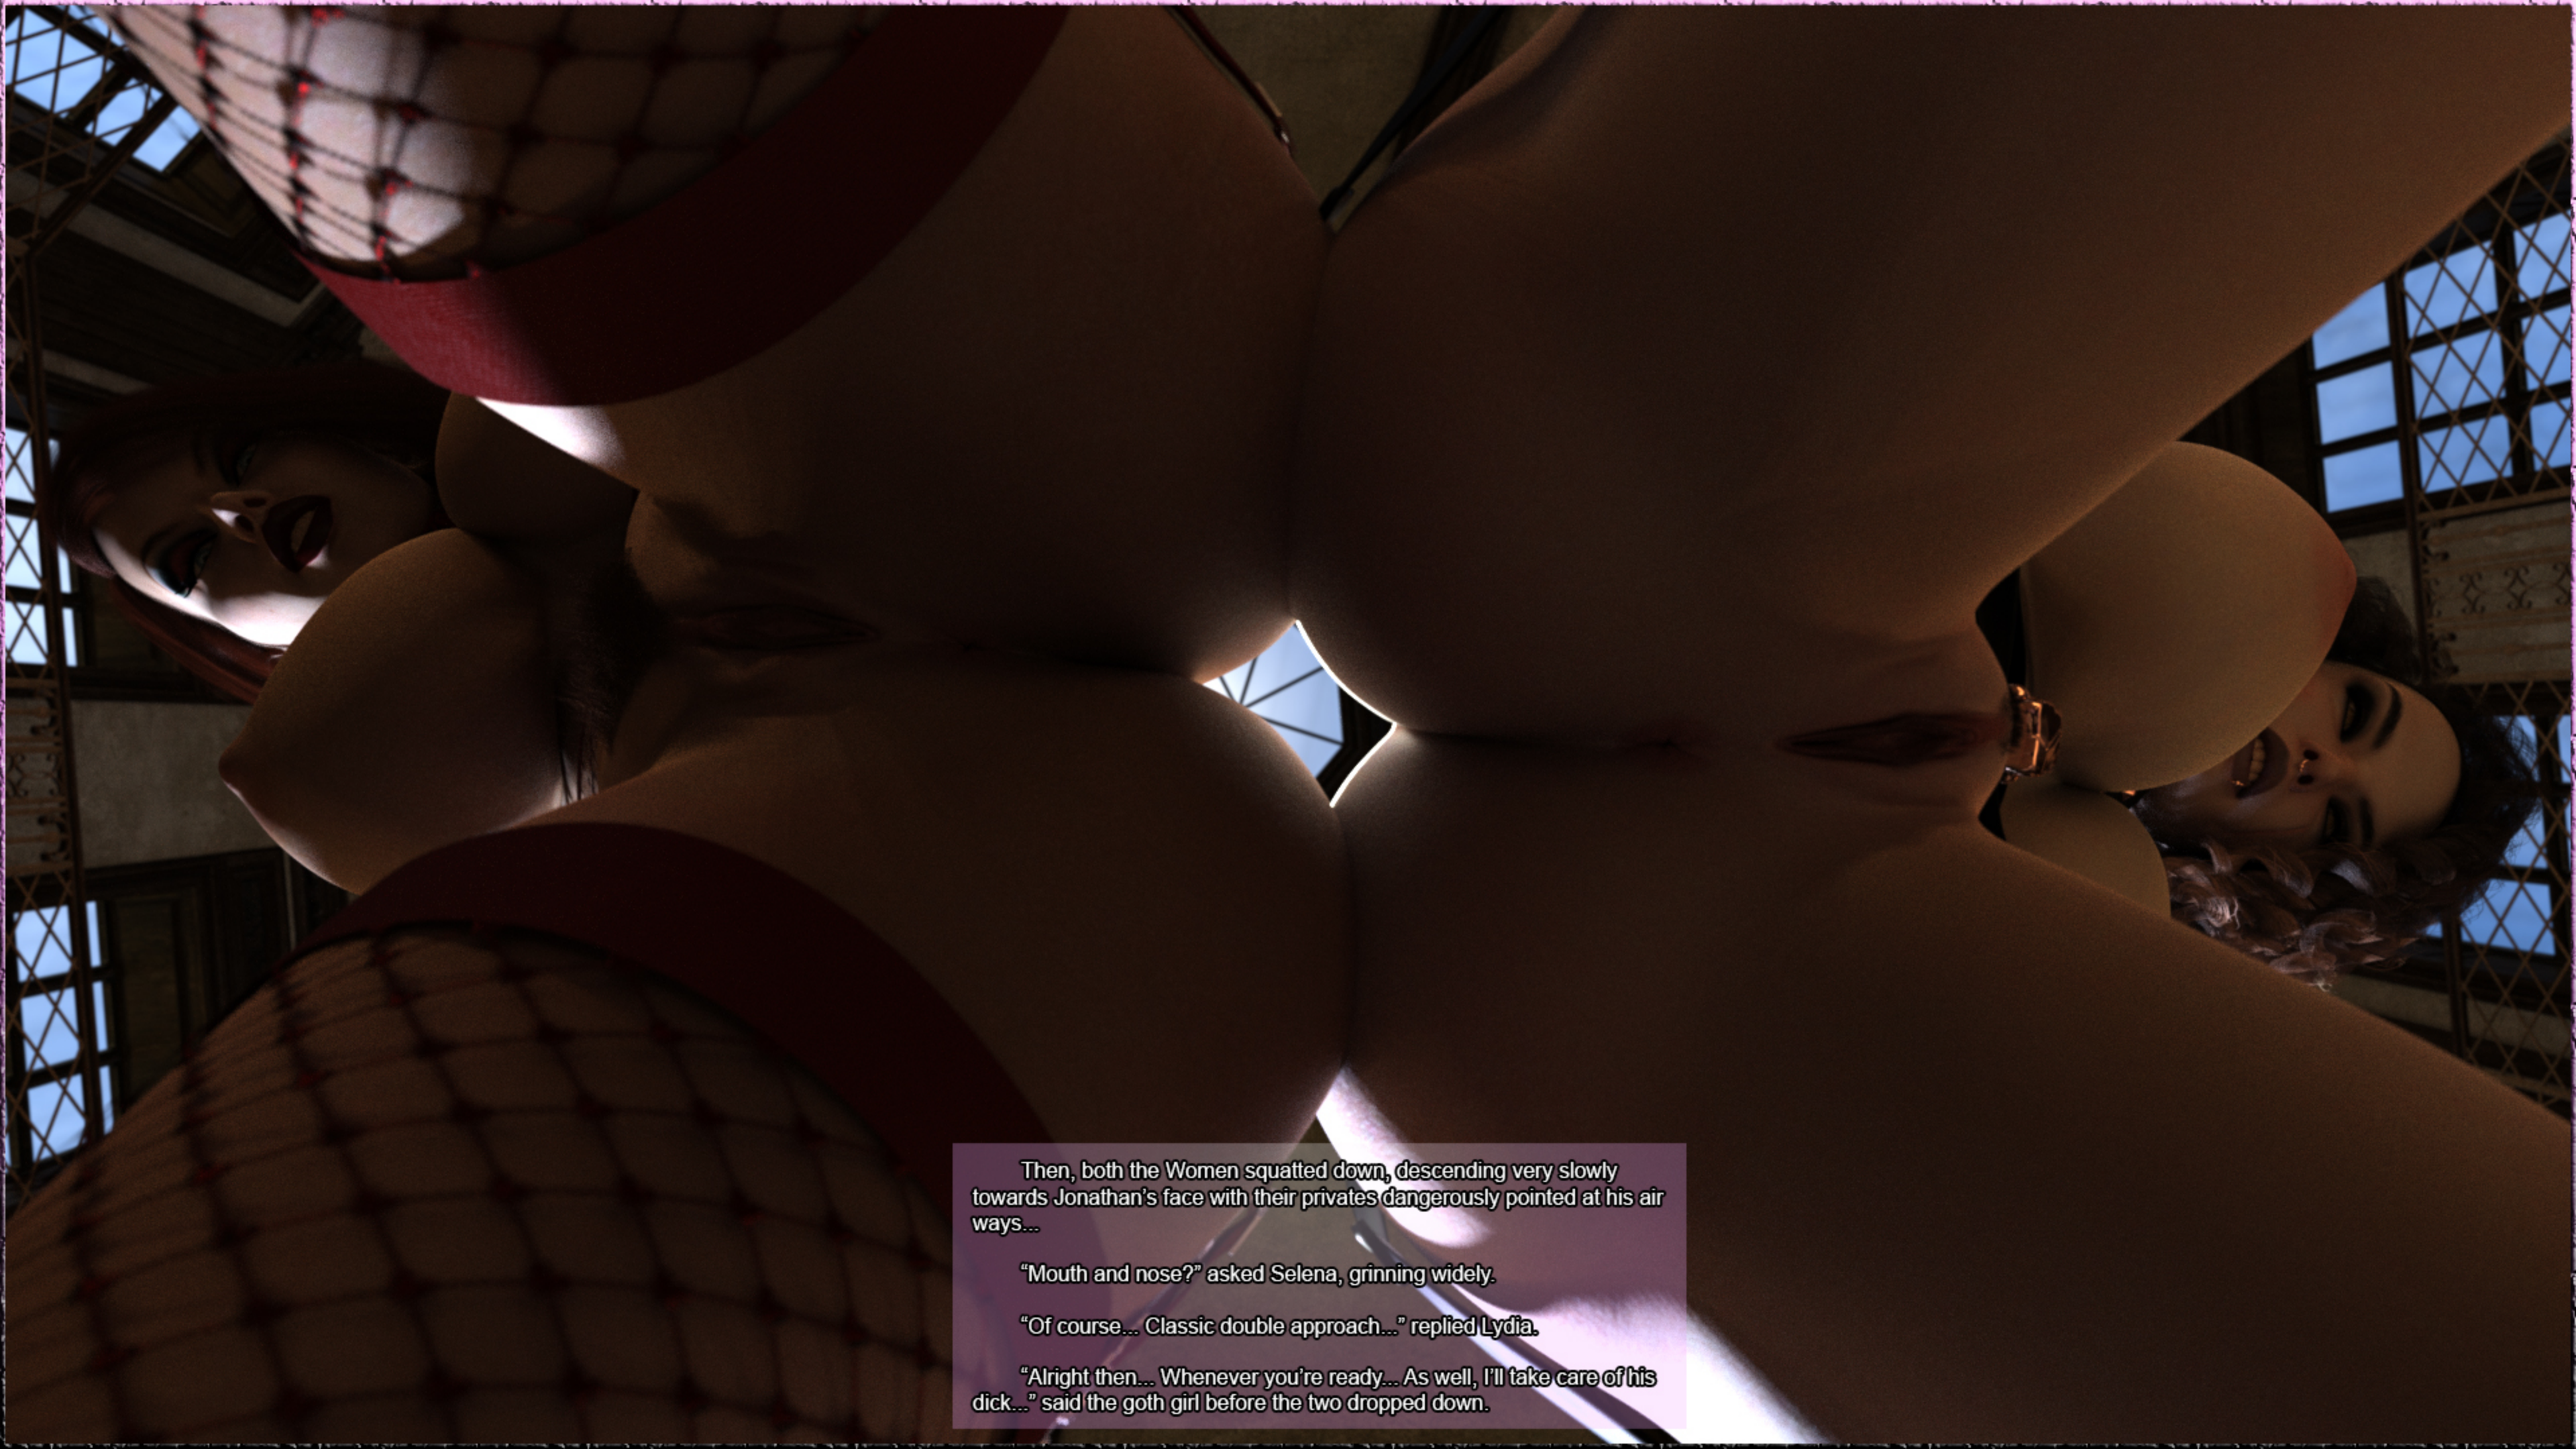

The two sadistic Dominatrixes took their places, towering above Jonathan's sleeping body and looked at each other... Lydia brought up a finger, to suggest Selena to be quiet...

"Now... Here's a special thing of mine..." she said, whispering "Let's go down on him, without waking him up... And then, fart as loudly and strong as you can with me, to give him a good startle..."

"Oooo... I like your style, my girl... I think you'll fit just great here with us..." replied Selena, chuckling evilly.

Then, both the Women squatted down, descending very slowly towards Jonathan's face with their privates dangerously pointed at his air ways...

"Mouth and nose?" asked Selena, grinning widely.

"Of course... Classic double approach..." replied Lydia.

"Alright then... Whenever you're ready... As well, I'll take care of his dick..." said the goth girl before the two dropped down.

And once in position, the two Dominatrixes immediately pushed on their bowels, releasing a combined stench of pure flatulence that rumbled loudly and woke up Jonathan with a startle...

"N... NOOOOOO!!!! NOOOOHRRGHHH!!!!" he screamed in horror at first, but then the disgusting stink of the farts from Selena and Lydia made him retch, almost throwing up....

"Wakey wakey, slave! Time to smell more ass!" shouted Lydia, with a sadistic laughter right after her words.

"OOORGGH!!! NOOORRRGHHH!!!" the man screamed below the two farting asses, he was in utter terror and pain from having been suffocated and then gassed to unconsciousness before... He couldn't move, and the two Women didn't care at all... Just tortured him furthermore.

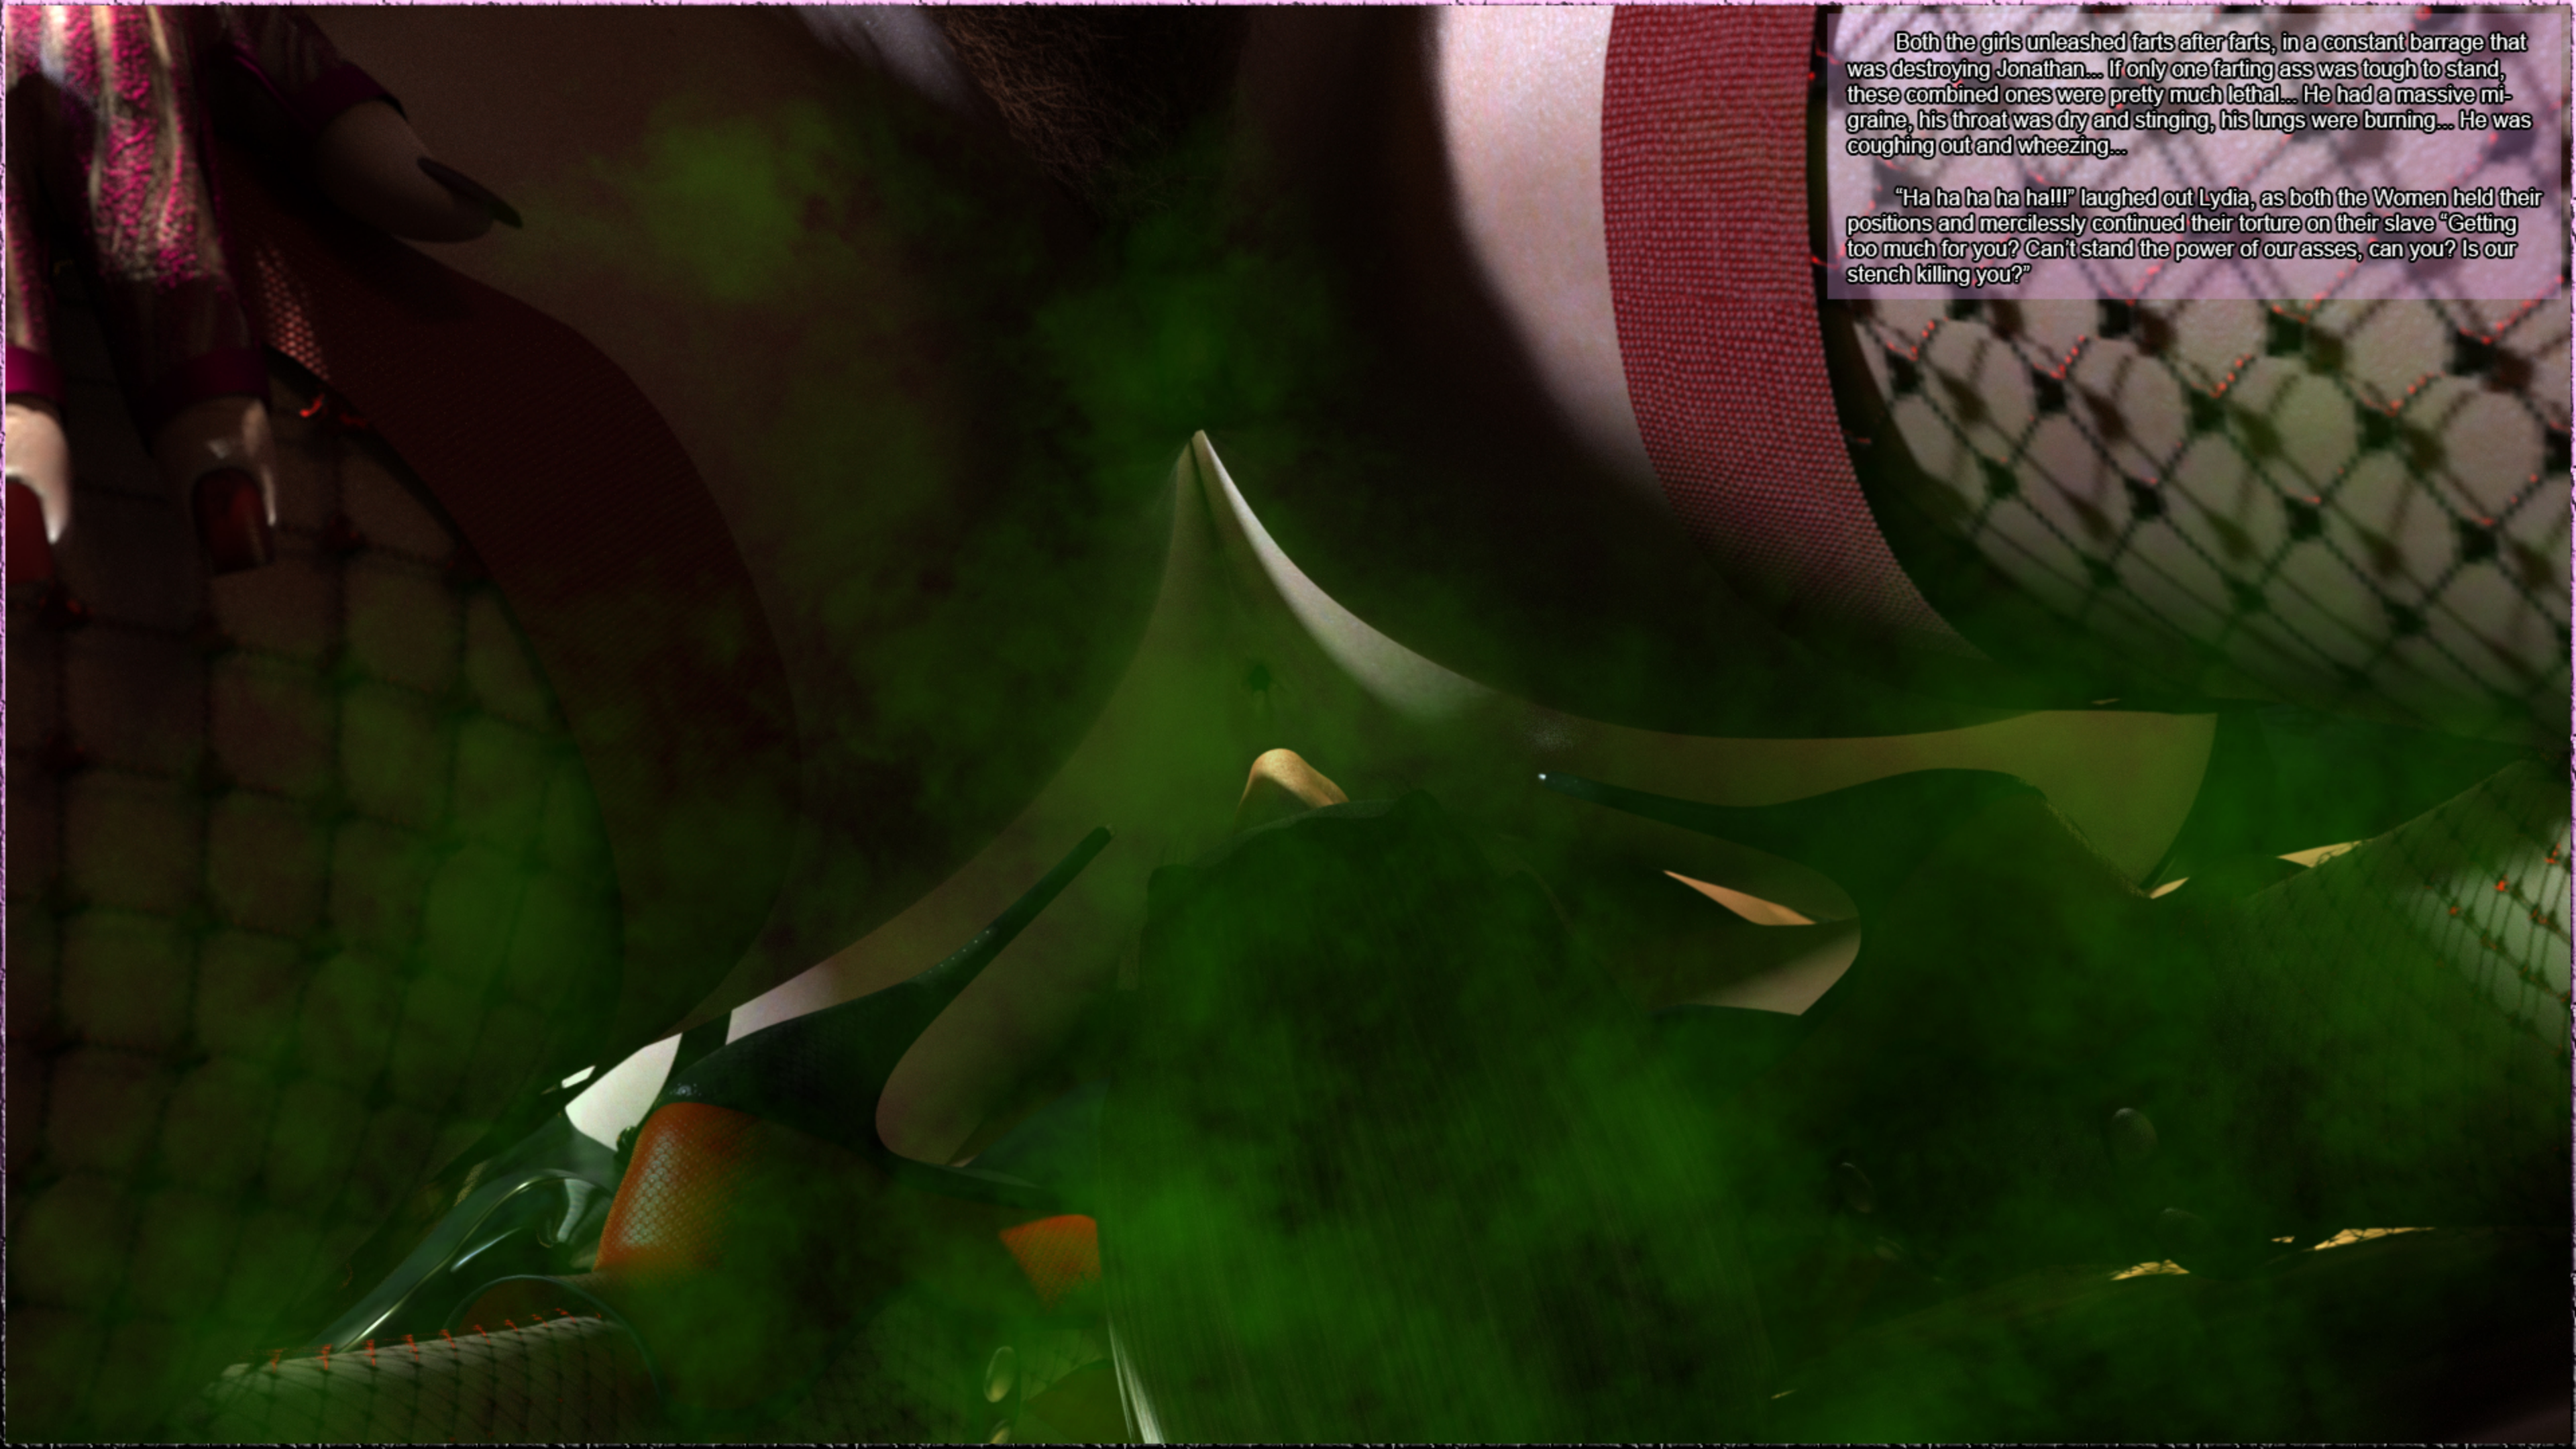

"Hmmm... Maybe shut him up a bit?" suggested Lydia.

"I got this..." replied Selena and she moved her left hand to grasp on Jonathan's testicles, squeezing tightly...

"MMMRGGGGHHH!!!" shouted out the trapped man, feeling so much pain in his lower regions as the Dominatrix cruelly squeezed hard on his balls...

"Do you want me to crush them, hmmm? Do you? Then shut the fuck up, slave.. Stop screaming like that and breathe in our farts like the bitch you are!" said Selena, smirking so devilishly, as she pushed out noxious gas right in Jonathan's mouth, along with Lydia... "That's all you're worth for, smelling the ass of two superior Women, you worthless male!"

Both the girls unleashed farts after farts, in a constant barrage that was destroying Jonathan... If only one farting ass was tough to stand, these combined ones were pretty much lethal... He had a massive migraine, his throat was dry and stinging, his lungs were burning... He was coughing out and wheezing...

“Ha ha ha ha ha!!!” laughed out Lydia, as both the Women held their positions and mercilessly continued their torture on their slave “Getting too much for you? Can’t stand the power of our asses, can you? Is our stench killing you?”

"Better get used to it, slave!" shouted Lydia from above, looking down as the best she could to Jonathan's face, watching tears of pain run down his cheeks.

"This is your life now! You are nothing more than an ass slave for us! You will live and die like this!" she added, and then grunted heavily to push out her flatulence in an even stronger flow...

But as she was doing that, Lydia felt a gurgle in her stomach... And Jonathan heard it as well, which terrified him...

With a grin that could have belonged to the Devil itself, Lydia slightly turned her head to look at Selena...

"Or maybe I should have said... 'Toilet slave', hmmm? I think it's time we crack it up to him..." she said, chuckling cruelly.

"Yeah... Let's do that... I think the dinner we had really wants to come out..." added the Goth girl.

"OH GOD NO... YOU CAN'T MEAN THAT... NO!!! NOOOOO!!!!!"

Jonathan's horrified screams continued when he saw the two anuses above his face opening up even wider... And then they got silenced when the two Dominatrixes began to relief their bowels on him... The horrendous taste of Selena's shit filled up his mouth, made his cheek bloat up from the quantity, while Lydia did the same on top of his eyes, making them sting, clogging his view...

"BLLERRGGHH!!! OOORRRGHH!!!!" he retched down below, wanting to puke from the disgust but he just couldn't... His throat was being packed by Selena's excrements...

"GET USED TO THE TASTE, SLAVE, AND SWALLOW MY SHIT DOWN!!!" shouted Selena in sadistic bliss and then her hand moved to wrap around Jonathan's cock, stroking him furiously "COME ON!!! BE A GOOD TOILET!!! CUM WHILE WE SHIT ON YOU!!!"

"Ha ha ha ha ha!!! YES, THAT'S RIGHT!! FUCK UP HIS BRAIN, MAKE HIM ADDICTED TO THIS!!!" added Lydia...

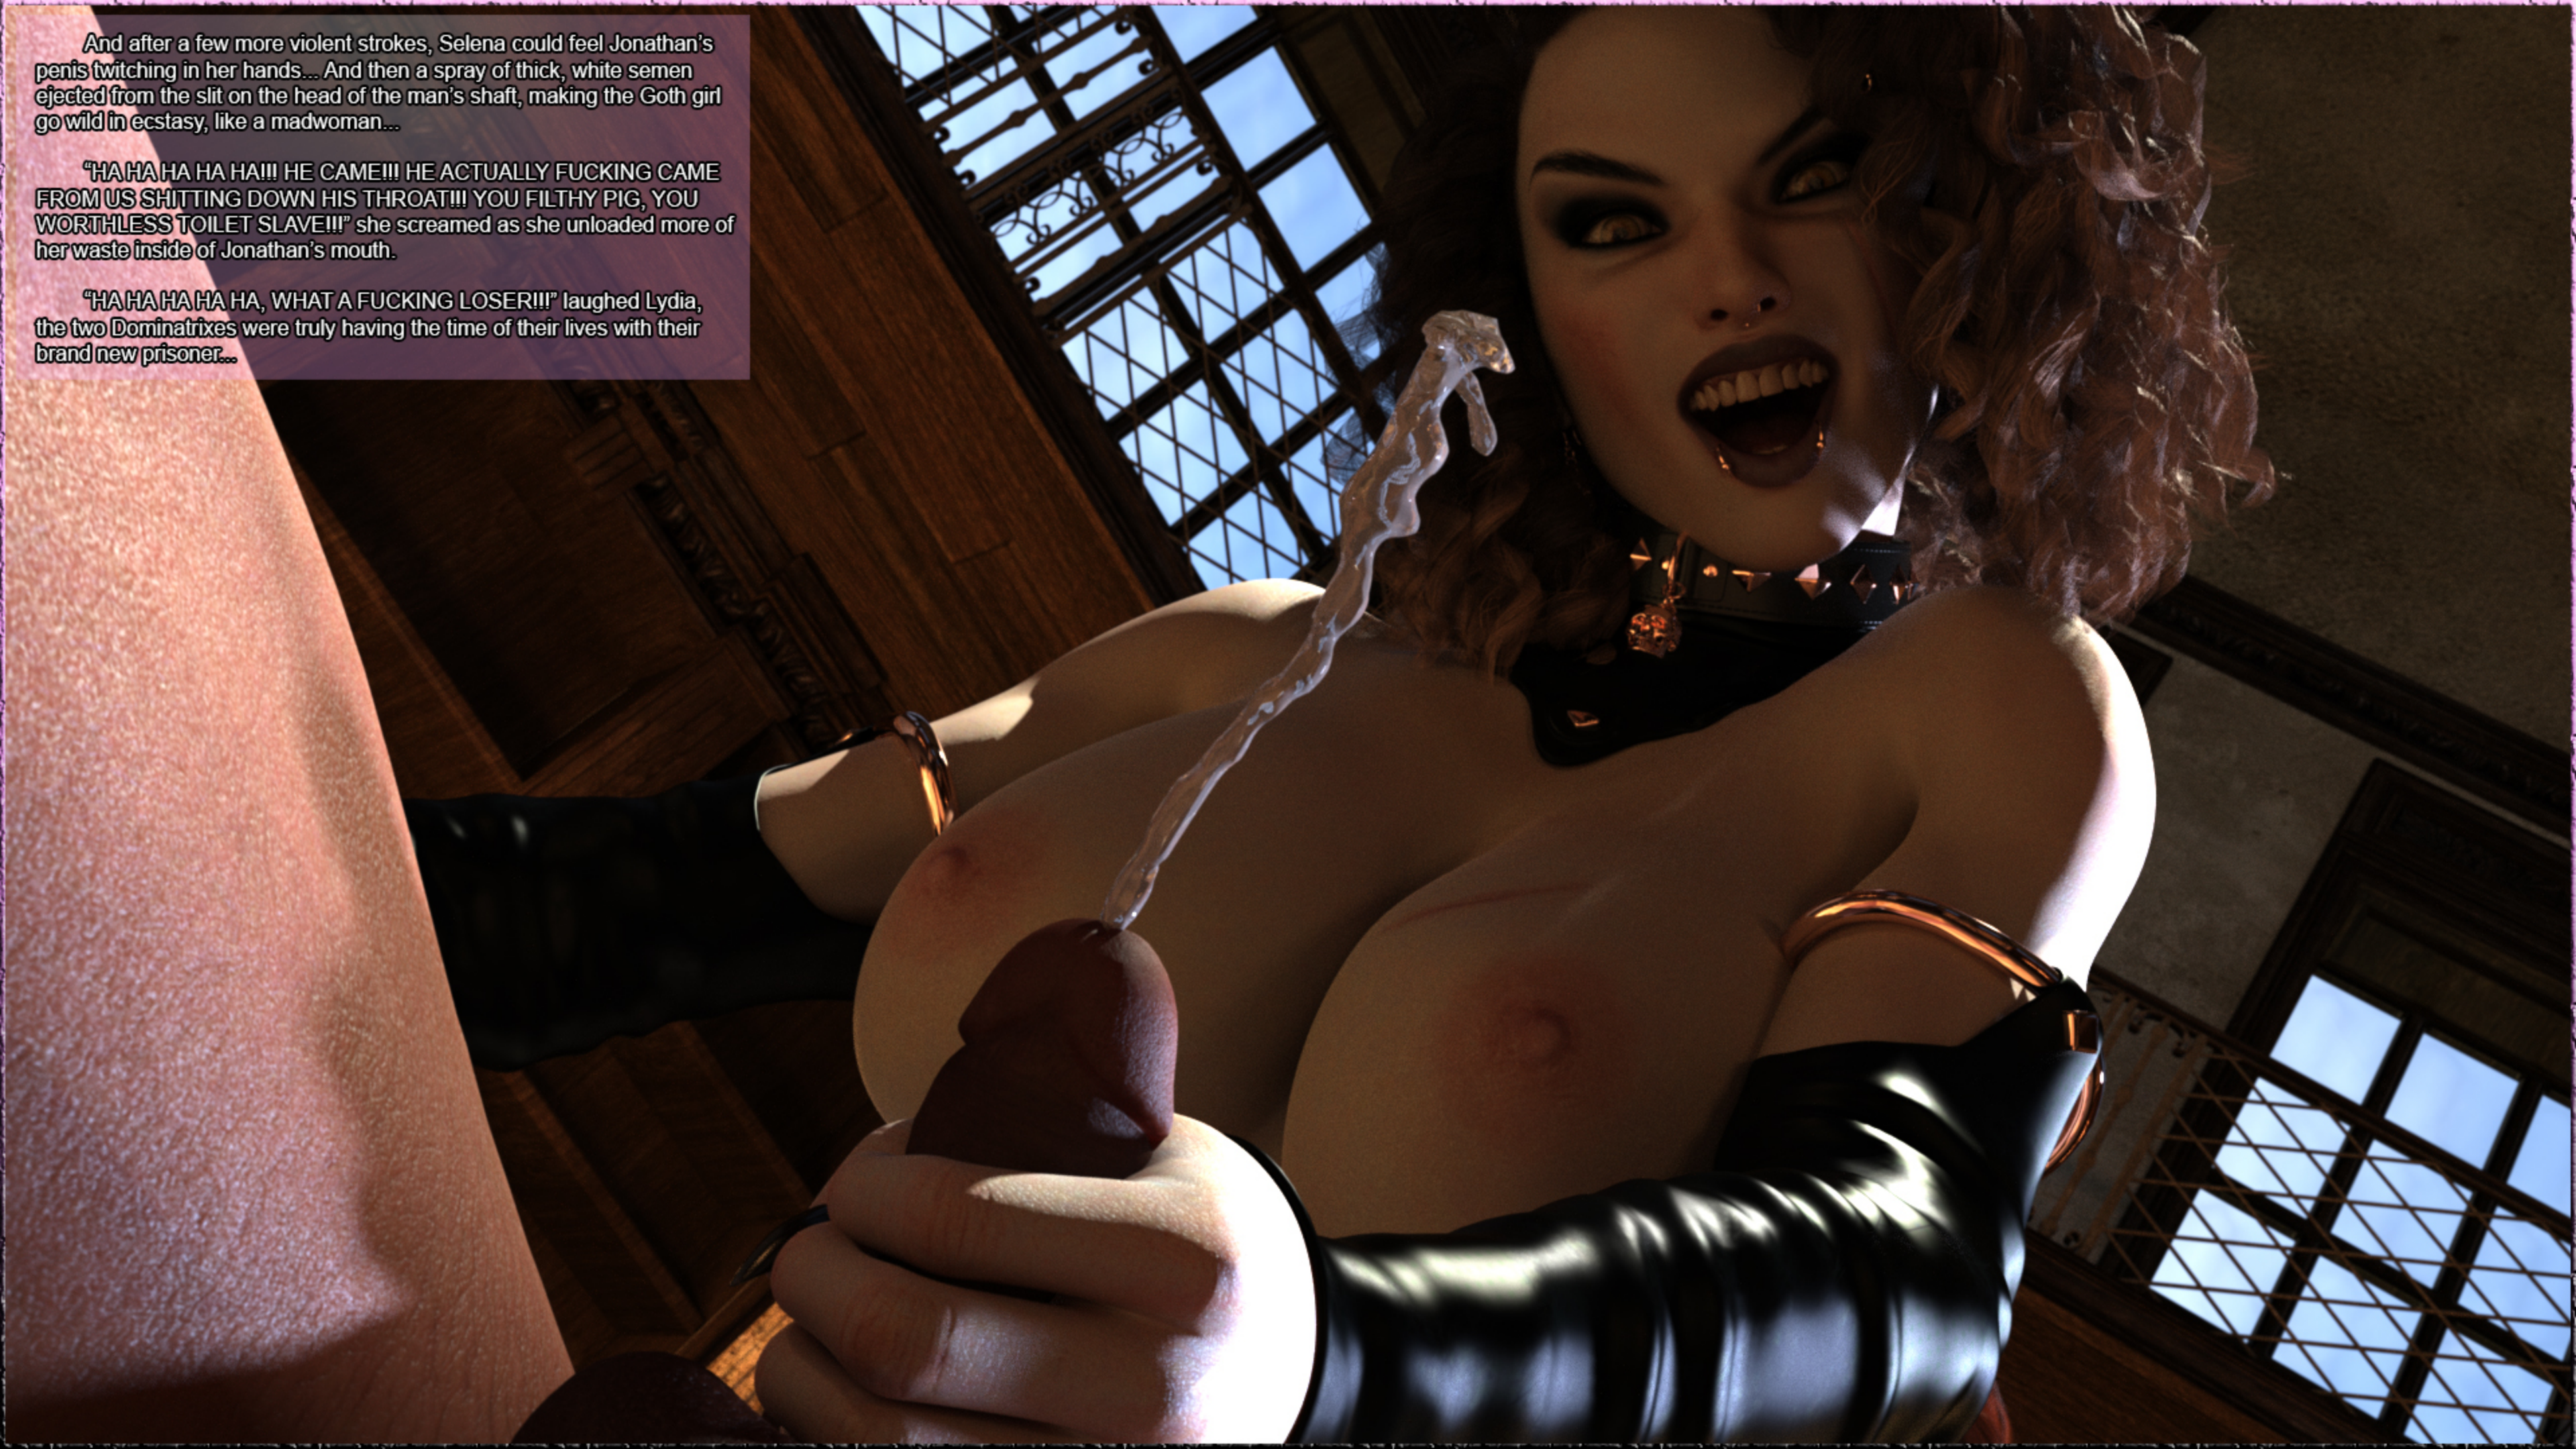

Jonathan was trying his best not to ejaculate... He hated this, he was suffering so much that he wanted to die... But Selena's hand stroked with such expertise that it was impossible to resist... And his brain, for the first time, associated the taste of human, feminine waste to the pleasure in his penis...

And after a few more violent strokes, Selena could feel Jonathan's penis twitching in her hands... And then a spray of thick, white semen ejected from the slit on the head of the man's shaft, making the Goth girl go wild in ecstasy, like a madwoman...

"HAHAHA HA HA!!! HE CAME!!! HE ACTUALLY FUCKING CAME FROM US SHITTING DOWN HIS THROAT!!! YOU FILTHY PIG, YOU WORTHLESS TOILET SLAVE!!!" she screamed as she unloaded more of her waste inside of Jonathan's mouth.

"HAHAHAHA HA, WHAT A FUCKING LOSER!!!" laughed Lydia, the two Dominatrixes were truly having the time of their lives with their brand new prisoner...

Only after they had finished relieving every single ounce of excrements from their bowels, did the two cruel Dominatrixes finally stop and lift their asses up...

When the light of the room shone on Jonathan's face, it was almost impossible to see his features... He was buried in a mountain of the two Women's waste, one turd sticking still out of his mouth, all the rest covering his eyes and nose... He couldn't even breathe...

"Chew up and swallow, toilet..." ordered Lydia from above "Or you'll never breathe again... Do you want to die like this? Choked by our first shit on you? No? THEN EAT!!" she said again... And having no other choice to survive, Jonathan did it...

Then, at last, the two girls stood up, to observe their masterpiece...

They saw Jonathan's jaw moving as he was trying to swallow as much as he could, but retching and making noises as if he was about to puke... Selena at that point moved her leg and trampled the trapped man's chest, assuming a very dominating pose while she pointed down at him.

"You better not throw up anything, if you care about your life, toilet... When we come back, all of that shit better be inside of your stomach or I swear I will call the whole Sorority to bury you in more excrements, so much that you'll suffocate to death!" she threatened, laughing...

And with that, the two Dominatrixes walked away in specular poses, talking to each other, whispering so that Jonathan wouldn't be hearing...

"Isn't that supposed to be anyway what's gonna happen to him soon?" asked Lydia.

"Don't want to spoil the surprise to him... Give him some false hope and make him eat shit for days, dear..." replied Selena

"Fu fu fu... I am already loving this Sorority..." confirmed the redhead, as they left the room.
