

CUTE, DRUNKEN LOVE CONFESSION:

<http://static.zerochan.net/Yamanaka.Fumika.full.1075971.jpg>

Time:Night

Location: Tavern

Characters: One Male Villager, One Female Villager

Premise:

After sharing a few drinks together at the tavern, a girl begins to suggestively stare at the young man sitting across from her at the table.

Event Description:

A young couple is sitting at a table drinking.

Girl:"You know... hahaha... I, uhhhh, I've been having all these funny feelings about you. Not funny how I'm laughing right nowwww, no, not like that."

Boy:"What uh... *hic* what feelings?"

Girl:"I'veuehhh just never realizeddd how cute you were. Like I just wanna kiss your face again and again and again and again."

Boy:"T-T-T-That's a lot of kissessss...."

Girl: "YYYYYep. But since we've been drinking, it'll taste like beer, so it will taste good and stuff. Do you wanna...wanna uh... Do you wanna kiss my face, too? Or my lips. Kiss my lips!"

Boy:"But they... they keep moving. I'm trying to kiss them, but watching them spin around is making me dizzy."

End

Haha! Can change the text around however need be, but this seems like something that happens all the time: people get drunk, try to confess their feelings, but are so drunk they can't talk correctly, lol.

RELEVANT COMMENTS:

-I like but maybe have her outfit show a bit of cleavage or be asked past one shoulder and hair a bit messed up. Just my opinions feel free to say that stupid.

-And maybe two different colored eyes?

-Heterochromia? Never considered that for a character, before. I don't know about that. Slightly messy hair and bit of cleavage is a good idea, though.

And maybe tiny bubbles around her head to help show she's drunk like they do in cartoons.

Thanks for the ideas.

-Well this idea immediately made me think of FFX's Yuna and I find the strangeness of her eyes beautiful.

As for the reference how about this?

http://s32.postimg.org/xk9jo1khh/danmachi_hestia_drunk_art_hd_by_corphish2_d8rmb3.jpg

- 1-Hands are not in the way which is great.
- 2-Boobs pressing on table, good, destabilizing the boy.
- 3-Beer glass or wine glass, doesn't matter, your choice.

The only thing is I like the girl's expression in your picture better and I think her right hand here should touch her chin without hiding anything to copy it.

That was my 2 cents.

- Nothing against the idea of heterochromia, if the artist prefers to use that.

I agree, don't want the chest to be concealed. But not as much cleavage as the one in that example, lol. I want the focus to mainly be on the girl's cute expression that's so up close to you.

Thanks.

-As an alternative, you could consider having the girl drinking with her friends (that you encounter in the town square) and approaching the boy after enough "liquid courage" to hit on him. She doesn't realize he's been drinking heavily to work up the nerve to approach her and she beats him to the punch and your conversation takes place.

-Nice idea, thanks for the input)

JUST SHUT UP AND KISS ME ALREADY :

<http://i.imgur.com/eDVXPGX.png?1>

Had to screenshot a video, as this was the best example that captured my idea: eyes closed, lips parted, and mere seconds away from kissing. An event showing something a bit more romantic, as there's sure to be a few love birds around

HOW REFRESHING :

It's been a while since I posted anything new and I have been juggling with this idea for a while now, so here goes.

I liked Root's noble for Market Browsing and I would use her again for this one

<http://img110.xooimage.com/files/a/3/6/market-browsing-5115cbe.jpg>

Location: The tavern

Recently there's been a rumor in noble circles, that the tavern has a special expensive drink that is rumored to have numerous virtues for skin, health, etc.

Curious the noble decides to go and try it.

She enters the tavern and questions the barkeeper about it.

-We might have what you are looking for, but it is expensive, he says.

-I have the gold, she whispers, pushing a purse on the counter.

- All right, choose a waiter for the service and follow me, pointing a private room in the back.

Looking around, she starts:

-Why do I need ..?, but stops as she notices the barkeeper is already waiting at the door with a "Come on, I don't have all day" look on his face.

Confused, she quickly chooses a good looking fellow around her age and enters the room.

The private room is relatively small but furnished with a comfortable chair and a single table.

She sits and a few minutes later the waiter brings a cup half full of what looks like sweet wine.

-That's it?, she says disappointed.

-No I have to add the special ingredient, but for it to work you have to expose your breasts, he replies.

What a strange requirement, she thinks rising an eyebrow. But curiosity got the better of her and she complies.

The waiter immediately takes something she has never seen out of his pants and furiously starts wanking it while intensely looking at her breasts.

A strange feeling was overcoming her, but before she could say anything the waiter stiffened and a white liquid gushed out of his member into the cup filling it to the rim.

This is where the picture would be. This is what inspired me. I think we should see the waiter as little as possible and keep the focus on the noble and the drink. It should be during the climax and the noble's face should be surprised and aroused at the same time.

<https://0-t.imgbox.com/X0Oe3BJ5.jpg>

The noble takes the cup, the strong smell is making her dizzy.

She brings her lips to the edge and takes a little sip.

The taste was a mix of sweet and salty.

- Its delicious, she thought.

She emptied the cup and felt full of "energy".

-The rumors were true, How refreshing this is. I'll have to come again, she thinks to herself as she leaves.

The only thing she did not understand was this heat, this urge to put her hands between her legs...

This is the first time I've wrote something about this kind of fetish, hope you like it.

-It a good one but would it be better that the waiter be picked by the noble? It would add to the confusion on her part.

-You mean the barkeeper asks her to choose which waiter she wants to serve the drink?

That could be a good idea, I'll edit something up.

EDIT: Done

DON'T WANT A SUNBURN :

Well I'm inspired today so here goes another.

Location : The beach

A sexy girl is putting on some sunscreen on the beach.

-Oh no, no!, she exclaims.

A nearby boy hears her and asks:

-Is something wrong?

-I'm out of sunscreen and I can't do my front and face, I don't want a sunburn.

-I might have a cream that could work.

-I don't want to run back to the village, so can you give it to me?

-Ok but I need help to give it to you, I know a more discreet spot, follow me.

The girl follows, intrigued.

-Ok lay down on your back, the cream is in here, he says removing his swimsuit revealing his dick. I will need to rub it on your chest to get the cream out.

-Hum I'm not sure...

-You don't want to burn do you?

-No I.. Ok.

She lies down and the boy start rubbing his dick between her tits.

Here is the pic that inspired me. I like the way the girl's arms and hands are positioned. I really like the swimsuit design on this picture please keep it (the colors can change) and it stays on while the dick goes underneath it. The rest is as Root is inspired, but I like the unsure look the girl has on it.

<https://4-t.imgbox.com/v4T0LKEB.jpg>

It doesn't take long before the girl's softness bring the boy over the edge.

-Here it comes, he cries

The girl's breasts and face get splashed by white cream.

The girl is surprised by the amount, smell and texture.

The boy quickly recovers, puts his swimsuit back on and runs off, with a smirk.

-Glad I could help.

The girl stayed there with a puzzled look on her face.

Will this really help? she thinks to herself.

The end, to be continued maybe?

RELEVANT COMMENTS:

- A follow up of her getting burned and chasing the guy would be funny.
- Yeah, that would be funny.

MIDNIGHT SNACK :

DEC 28, 2016

Just getting the rough idea down, plan to come back and touch it up a bit when I have some more time. A female farmer is grabbing a snack late at night and settles on a carrot. On her way back to her room she comes across a sleeping man who is having an interesting dream. She is curious about the bulge she sees and for some reason loses/ruins her snack. After seeing how similar his equipment looks she decides to give it a taste, and learns man-carrot juice may be a new favorite, and she should stay up till he goes to sleep more often.

Losers and Winners

Description: Elana walks into a bar. 3 guys challenge her to strip poker or a strip card game (whatever fits the lore better). The first to lose all the clothes must suffer a punishment. To their surprise Elana accepts. They go to the back to play. Elana wins first few rounds and guys start to lose clothes, Elana gets turned on watching them and decides to lose on purpose because she knows what the punishment is going to be (sex). She's turned on and a quickest way to get to the sexy part is to lose, so tactical loss is her best idea. Elana starts to lose clothes and when she gets topless she starts to enjoy the attention she gets. She's also amused by how the guys try to hide their boners. Finally, Elana loses all her clothes and before any of the guys have time to tell her the punishment, she tells them to strip, it's time to fuck. Foursome. (Dp and blowjob) After sex scene the guys are exhausted and Elana has a silly grin on her face. She thanks them and leaves the room.

Leaking

A female villager tells a male villager that she's been leaking recently and asks if he could help. When he asks what she means by leaking, she lifts up her dress to show liquid coming from her pussy and running down her thighs. His first idea to stop the leak is to plug it with his finger. After sticking it in and out of her hole a few times the leak only gets worse. By this time he's getting hard, and when the woman notices his cock peeking out from under his clothes she suggests they use that to plug the hole. This causing even more liquid. After he pulls out and cums across her chest and stomach she comments that no he's leaking too. The picture could be her looking down in surprise after he cums. Something like this but potentially with an added pool of liquid between her legs:

Primal Sal

Sal is the woman who fought a bear with her bare hands.(good pun, btw) Description: Sal and her co-workers go hunting on one of their days off. They are disappointed that they don't find the excitement she describes in her stories, and spend the evening drinking and bragging instead. Eventually the bragging comes around to the topic of Sal and the bear, and they joke that if they can beat Sal at wrestling, they could beat a bear too. Sal is a little drunk by then and she loudly says that she'll take them all on. one by one, Sal wrestles each of them, and does well, but she starts to feel something warm and hard rubbing against her thighs, stomach and butt. The warm hard thing makes her feel hot and a little weak,Eventually the hot rod presses against her groin and she loses her strength for a moment, causing her to be flipped onto her hands and knees. as the hard cock rubs against her butt, some buried instinct makes her lift her hips up so that it rubs more directly on her pussy, where it feels the best. When the man's cock inevitably works its way out as they struggle, it penetrates her wet pussy. The watching co-workers begin to rub the strange swelling between their legs, watching the loud, moaning turn that Sal's wrestling has taken. The picture would be Sal, with her head down in the grass, her hips raised to receive the man pinning her down. her eyes would be raised, and she would be blushing and panting with pleasure, while her gaze would be locked on the man stroking himself in the foreground. Foreground left would be a cock being stroked, and foreground right would be the glow of a fire.

The foreigner.

An alien crashes down in a saucer at night in the Elven Fields. She is green, nerdy, and has no concept of sex. Upon meeting Elana she convinces the alien to strip down and have sex as part of a Earthling "Greeting Ritual." The lab elf could possibly be involved, though only to interrupt at the very end by stumbling upon them and telling them to stop causing commotion.

Reference: a taller, green alien-y version of this

https://pre00.deviantart.net/bf3e/th/pre/f/2013/095/e/a/undead_by_slugbox-d60j6yd.png

During discussion Elana finds that the Alien's name is Celentina and comes from an entire planet who's concept of sex has been voided out by cloning and productivity enforcers much like a sci-fi equivalent of the Island. Celentina was chosen as an explorer to find resource rich planets, but she suffered engine failure and crashed on the island.

This could potentially be a good additional character for future shops, item chains, or other plot progression in chapter 3.

Elana's Elven Spa Day

Elana get's dragged into a Elven spa. In an attempt to heat things up, she imbues some of her lust into the spa water in the hopes it will heat things up. However, she misses and hits the drinking water instead. Before two elves go to give her a footrub, they get a drink of water. Halfway through the massage they start to feel aroused and start masturbating, while licking and latching their mouths on the closest part of Elana, her feet.

Stealth Practice

Takes place in the houses at night Elana is bored and practicing her stealth and sneaks into one of the houses to see if she can give a villager a blowjob without waking him up. She's managed to borrow one of Kaeryn's spare assassin outfits for her little adventure.

Root note: If it wins we'll make Elana hear the villager wishing the new goddess (Elana) to visit him. Maybe with a little touch of a tale where a guy without luck in sexual matters makes a wish, and when he wakes up next day he discover his wish has become true.
