You there! State your business!

Oh great Queen, greatest of them all, omnipotent ruler of the Diamond Forest, please do not look at me as a trespasser.

Is that so?

I am a mere Collector, and I came to you following the ancient tradition, to become worthy of your almighty sap.

Let me see. Hmmm...

It seems you speak the truth.

SNAP

You better have a good reason coming here uninvited.

For your own good, stranger.

Follow me!

I hope you understand that only a lucky few receive the honor to be able to see my empire with their own eyes.

I know that, your Highness. And I am truly honored by your kindness. There is no one else greater than you indeed.

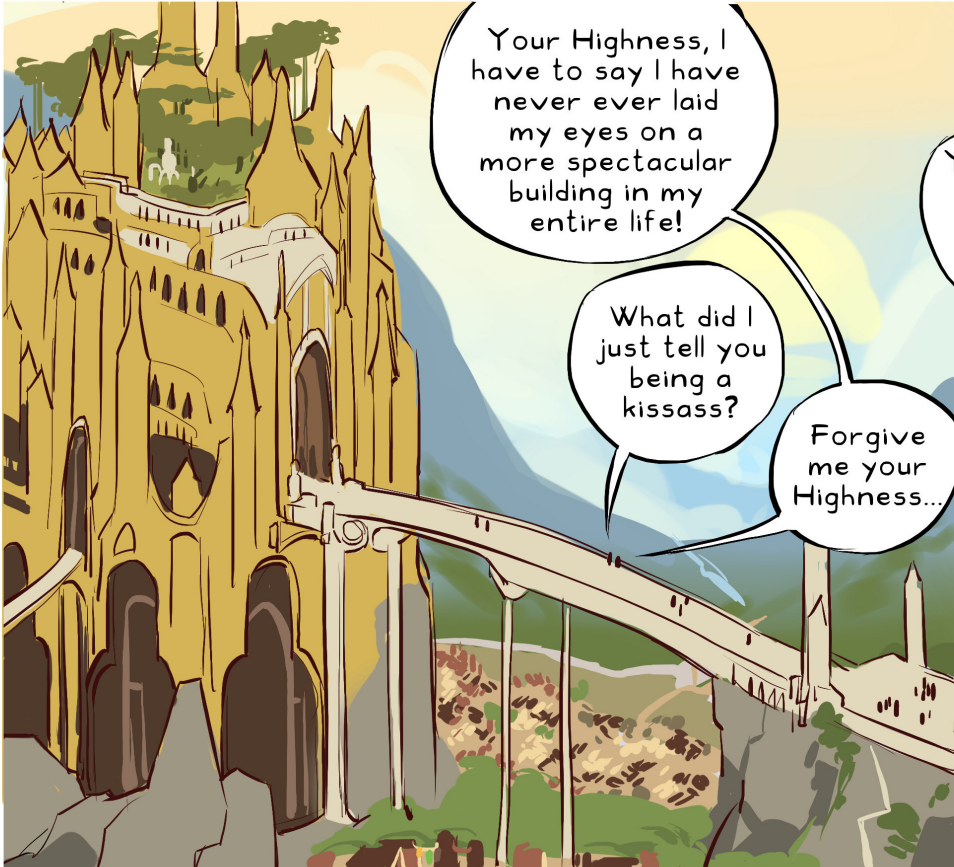

Allright, alright, no need for being kissass. At least not right now.

Witness the greatest and richest and most beautiful kingdom the Sun has ever shone upon!

Your city is truly a feast for the senses my Queen.

Isn't it? Aside from myself, there is nothing I'm more proud of.

Your Highness, I have to say I have never ever laid my eyes on a more spectacular building in my entire life!

What did I just tell you being a kissass?

Forgive me your Highness...

You have a fantastic taste my Queen!

Well thank you! Interior decoration is one of my dearest hobbies.

We have arrived. This is the room we maintain to welcome the Collectors.

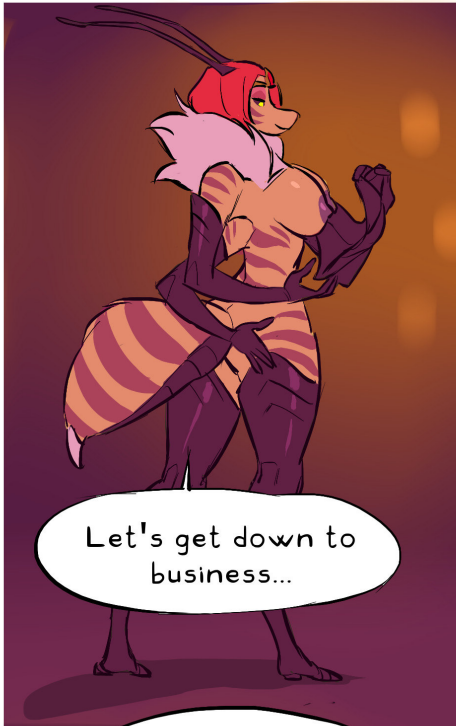

Please forgive us the poor decoration, we were not expecting any unscheduled Collector.

No, my Queen. it was rude of me to come without an appointment.

Well, if there are no hard feelings...

Let's get down to business...

Shall we?

Yes your Highness! Give me just a...

Hrghh..

Just a second... Ghnn...

Almost...

Hghh... Alright, I'm ready!

That was the most erotic scene I have ever seen in my entire life...

You truly think so? Should I undress again?

I was just trying to be sarcastic...

I'm afraid I don't know what that is my Queen.

Lucky you...

You know what, forget it. Let's just start, I'm getting impatient,

Do you have any wish before we start my Queen?

Just do what you see fit. You might be able to impress me, My expectations are already at an all-time low,

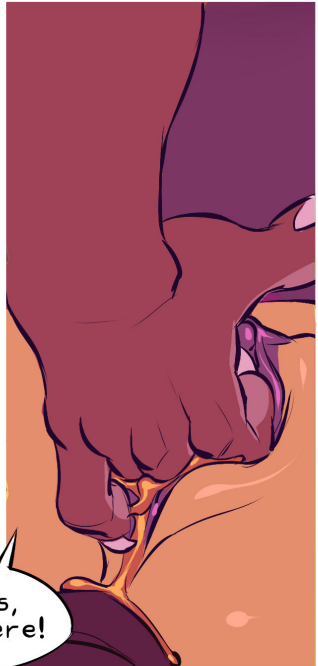

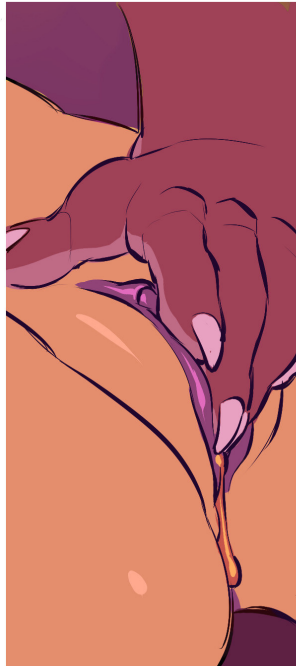

Then I'll start like this.

Admirable choice.

Your breasts are perfect, your Highness.

Well thank you, I get that a lot.

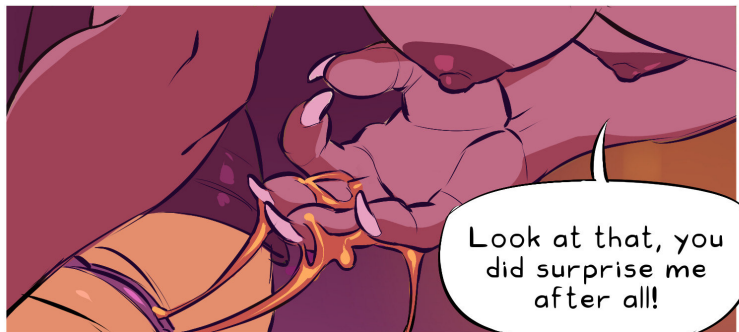

Oh yes, right there!

Ahhh...

Has anyone ever told you that you have awfully soft hands and tongue for such a big and strong warrior?

No, my Queen. But coming from you, I take that as a compliment.

Look at that, you did surprise me after all!

If I may...

Go on.

Mmm...

You are doing a fine job down there...

So, it's time to mix things up a bit!

Were you not satisfied with me, my Queen?

Oh I was, that's why we are doing this.

That makes me very happy, your Highness.

And now we are going to play a favorite game of mine.

You'll be my throne...

As I am going to sit on you.

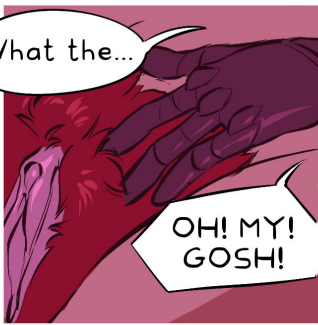

Whatever pleases you my Queen, I'm up for it!

You still have to do ALL the job, I hope you know that!

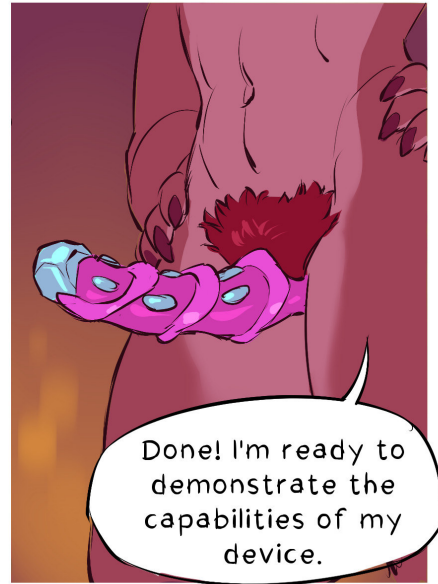

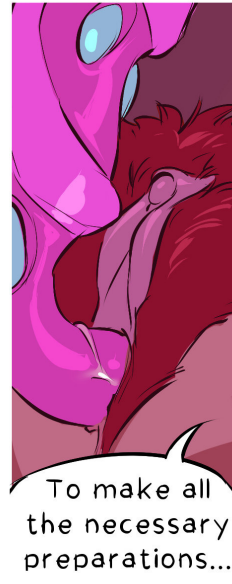

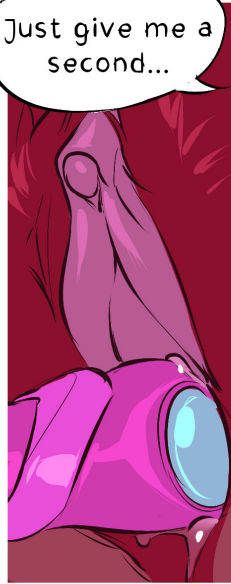

Yes your Highness!

What you are holding in your hands is the fruit of the cooperation of doctors, scientists and mages from seven different countries.

Just give me a second...

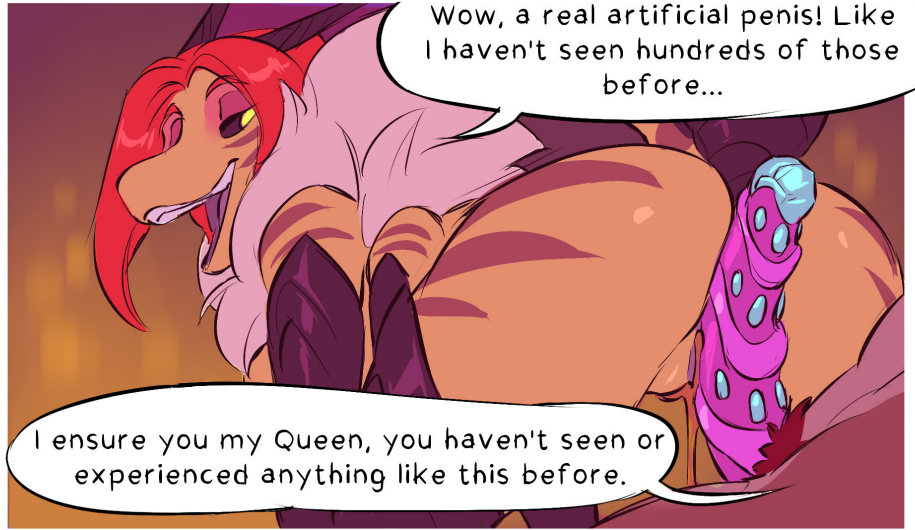

To make all the necessary preparations...

Done! I'm ready to demonstrate the capabilities of my device.

It took months and months of hard work to produce this device. Finely crafted and engineered from the rarest metals and gems, enchanted with various different magic spells, charms and incantations. And it serves only one purpose...

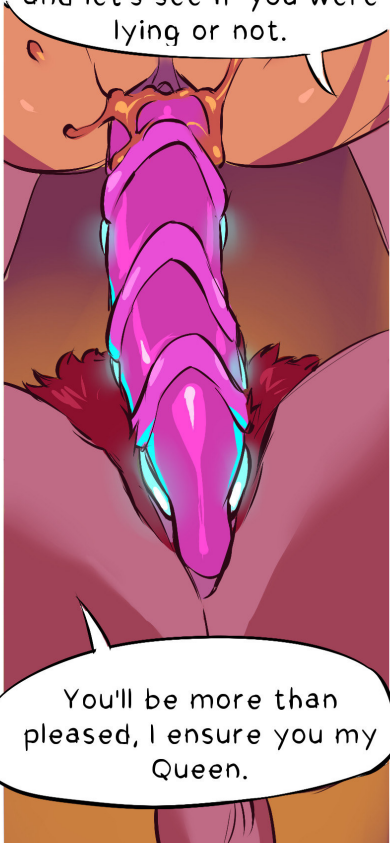

Wow, a real artificial penis! Like I haven't seen hundreds of those before...

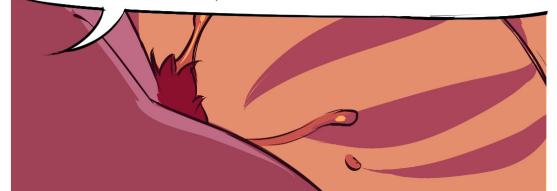

I ensure you my Queen, you haven't seen or experienced anything like this before.

Big words about an overly ornate dildo...But whatever, just put it in, and let's see if you were lying or not.

Mmm, this actually feels pretty nice.

Oh, I didn't expect it to work so well...

... right at the very beginning.

Ahhh... This feels... By the gods, this feels incredible...

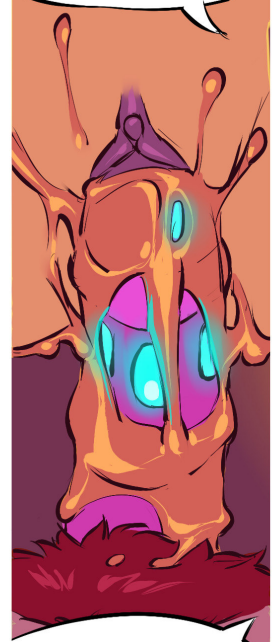

And we are just getting started!

You'll be more than pleased, I ensure you my Queen.

This is just the beginning your Highness. Leave some time for the device to warm up.

I... I cant' believe this...
I've **NEVER** felt anything like this before!

I told you my Queen. This device was made **SPECIFICALLY** to feed your hunger.

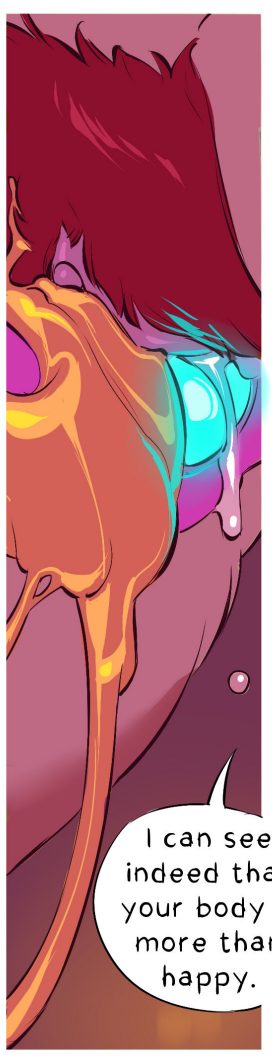

And I am more than happy to see it to fulfilling it's purpose perfectly.

Are you kidding? This feels **AMAZING!**

My whole body is burning and screaming with lust! Every tiny bit of my body is bathing in joy.

... and they demand more and more and **MORE!**

I can see indeed that your body is more than happy.

And you, my Queen? Are you happy?

I love it...
I love it...
I love it...
I love it...
ROUGH! I WANT IT ROUGH!

How about like this then?

Yes! Like this!

Don't stop! This is perfect... Don't you dare to stop...

I'm not going to stop until you are satisfied, or you demand otherwise.

Wait! Wait...
I changed my mind,
please stop...

I can't believe I'm saying
this, but I'm not sure
how much longer I could
keep up without
completely losing my
mind...

I think I can take
that as a
compliment.

Sure you can!

I'm happy I could
satisfy your
thirst, my
beloved Queen.

Oh no, we are
not quite
there yet.

You know, after
your outstanding
performance, there
is a small thing I'd
like to ask for...

Anything
you wish
your Highness.

BUT what about to happen here **WILL** never
leave this room forever, you understand?

If you **DARE** to speak about it to
anyone, I'm going to execute you on
the main square of my city, in front
of the people! I'll rip your head off,
crack your skull open, then I'll drink
your blood from it. And I'll do that
with my **BARE FUCKING HANDS!**

Was...

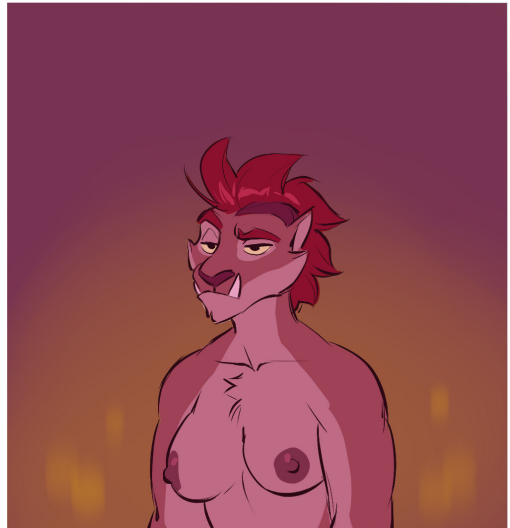

I...

Clear?

Crystal clear your
Highness...

Good...

NOW PUT IT IN MY BUTT!!!

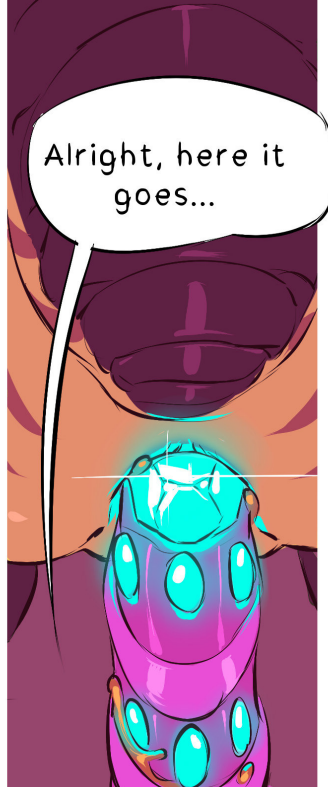

If this is what you wish for, I'll gladly do it my Queen. I will start slowly, so you won't be uncomfortable, or...

DRILL MY ASS WITH YOUR MAGIC DICK!

This is really not how a queen should act...

DO IT! NO MERCY!

Alright, here it goes...

Uhhh, that's it, that's the spot! Such an amazing aim!

Ha! You know **NOTHING** about me! But speaking of delicate... Ahhh...

It's time to make a peasant out of your queen...

I would **NEVER** imagine a delicate flower like you would enjoy something like this, my Queen...

I might know you better than you think. We already tried that, so...

So what? I want you to pound my ass like a...

No, I already treated you like a peasant. Now I'm going to treat you like a queen.

You are **REALLY** not making any sense right now, I hope you know that...

It's time for you to get something different. It's time for you to get true love and passion.

Seriously, that's literally what I get every day from my subjects...

You might get respect, devotion or even piety. But I'm sure you need someone to treat you like a real queen.

And not like the ruler of the people, but like the love of one's life.

This is stupid... Ahhh...

You need someone to embrace you. Someone to hold your face...

Stop it...

Someone who looks deep in your eyes, and says...

Stop it already...

...you are **BEAUTIFUL!**

And not because of how you look, but who **YOU** are. I'm not talking about your face and your body, but about **YOU** as a person. And I say you are **beautiful!**

Bullshit...!
I'm not...
Ahhhh...

Yes you are! And I'm going to
love you like no one ever did
before!

Stop this... please... This is
just... **TOO GOOD!**

And do you know what do
we do when we are
finished making love?

What... do
we do...
then?

Then the time comes to
finally turn my beloved
queen into a common
peasant!

No... Not that
fast...!

**AHHHH!
DON'T STOP!**

Why... Why didn't you do this sooner...?

It doesn't work like that my Queen.

You see, one does not simply storm a castle. It takes a lot of patience and preparations, even if you have the best tools for the job. Then you have to find the weakest point on the wall to penetrate and enter.

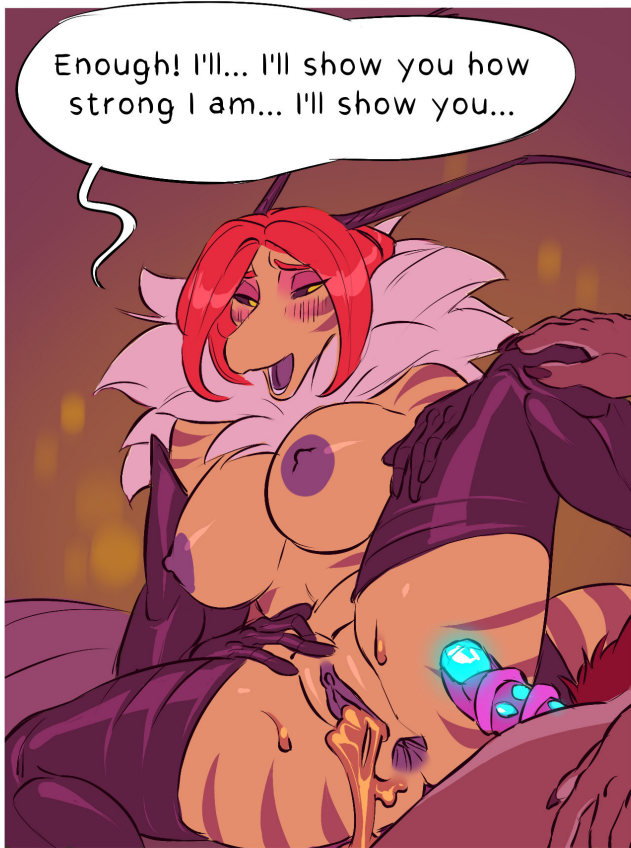

You can't talk... about the sacred body of your queen like that... Ahh...

That wall is not your body your Highness. You erected that wall around yourself, to keep everyone out.

You don't let anyone see your true side. I might just happen to know how to crack that wall, to get to you.

And you are getting close to something you are not used to.

Enough! I'll... I'll show you how strong I am... I'll show you...

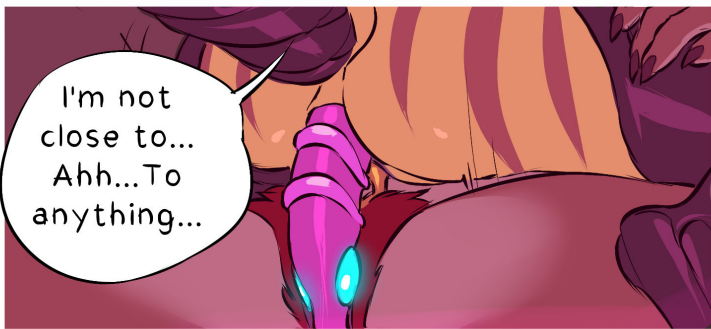

My Queen, I'm doing this only for you.

SILENCE!
Ahh... I can keep up... For a lot more...

I can keep up...

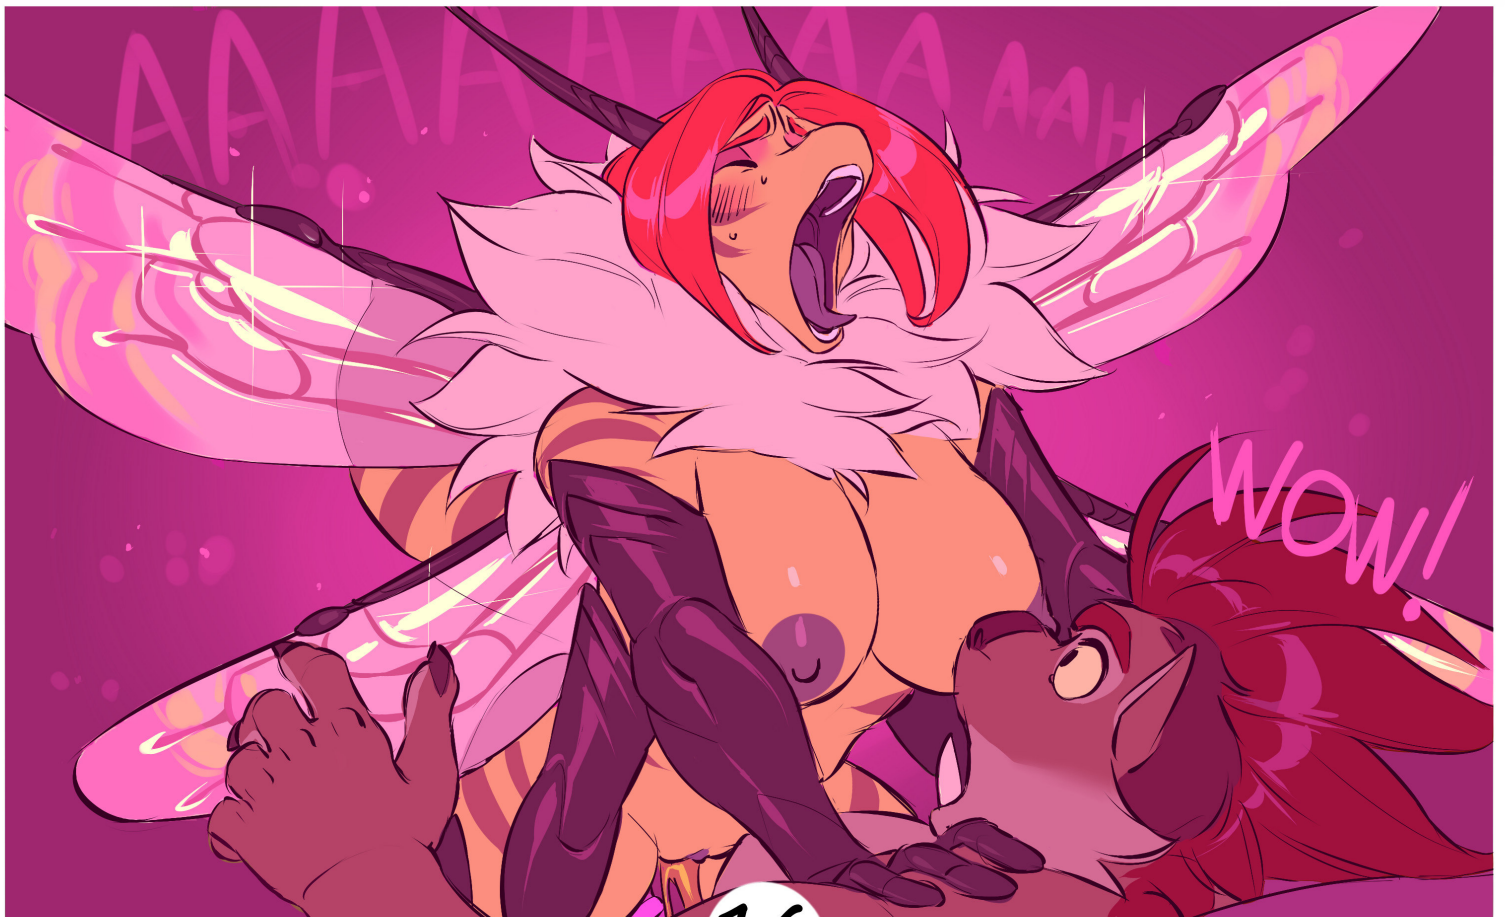

I'm not close to... Ahh... To anything...

I can...
No... I can't keep up longer...

I'm going to... Ahh... I'm going to...

WOW!

I mean... YOU looked absolutely **STUNNING!** Like the most beautiful butterfly!

Ahh... Thank you... I haven't felt this much pleasure in... like... Well, never, actually.

My Queen... That was **BEAUTIFUL!!!**

I'm so sorry for acting so stupid...

I'm not just happy, I'm completely busted. I think I can't even feel my legs right now... Is that normal?

I believe that's completely normal, yes.

Don't worry, it's completely fine. I'm happy you are happy.

Then I'll be fine... Just give me a few minutes to rest, okay?

Whatever makes my Queen happy. I'll let you catch your breath.

But while you rest a bit... Did you find me worthy of your divine sap?

Oh yeah, more than **ANYONE** before...

So may I collect it...?

Sure, help yourself...

Okay, so... Ah, there is a lot of it and it's spreading everywhere... Oh, I don't know what to do now... I honestly did not expect, and did not prepare for this! I have to get another empty vial from somewhere... Or more...

Forget that ridiculous thing and just bring me an empty barrel...

Do... do you believe this is really a good idea my Queen?

Well, I've never needed a whole barrel before, so this is the first time for me too. Just make sure I won't get stuck in it, will you?

Now be kind and put me back to bed. I think I'll need some sleep.

It would be my pleasure your Highness!

But I'd still like to ask something...

Can I have that magic device of yours? You know, as a souvenir.

Certainly my Queen. I just...put it... right here.

Perfect, thank you!

A bit later.

Alright, everything is set to go.

I believe it's time for me to return to my tribe with the Queen's more than generous gift.

Farewell, brave Collector!
You are more a man than any man I have **EVER** met!

And you are the manliest woman I have **EVER** seen!

So take care, and stay as strong, as muscular, and as manly as you can!

So those are manboobs, right?

Stop it, she's going hear us, hihhi!

You mean **HE?**

Hihhi!

Hehehe!

Mommy, what is the lady carrying in that barrel?

It's... Nothing dear, it's empty.

Looks heavy to me.

-Sigh-
I'll tell you when you get older...

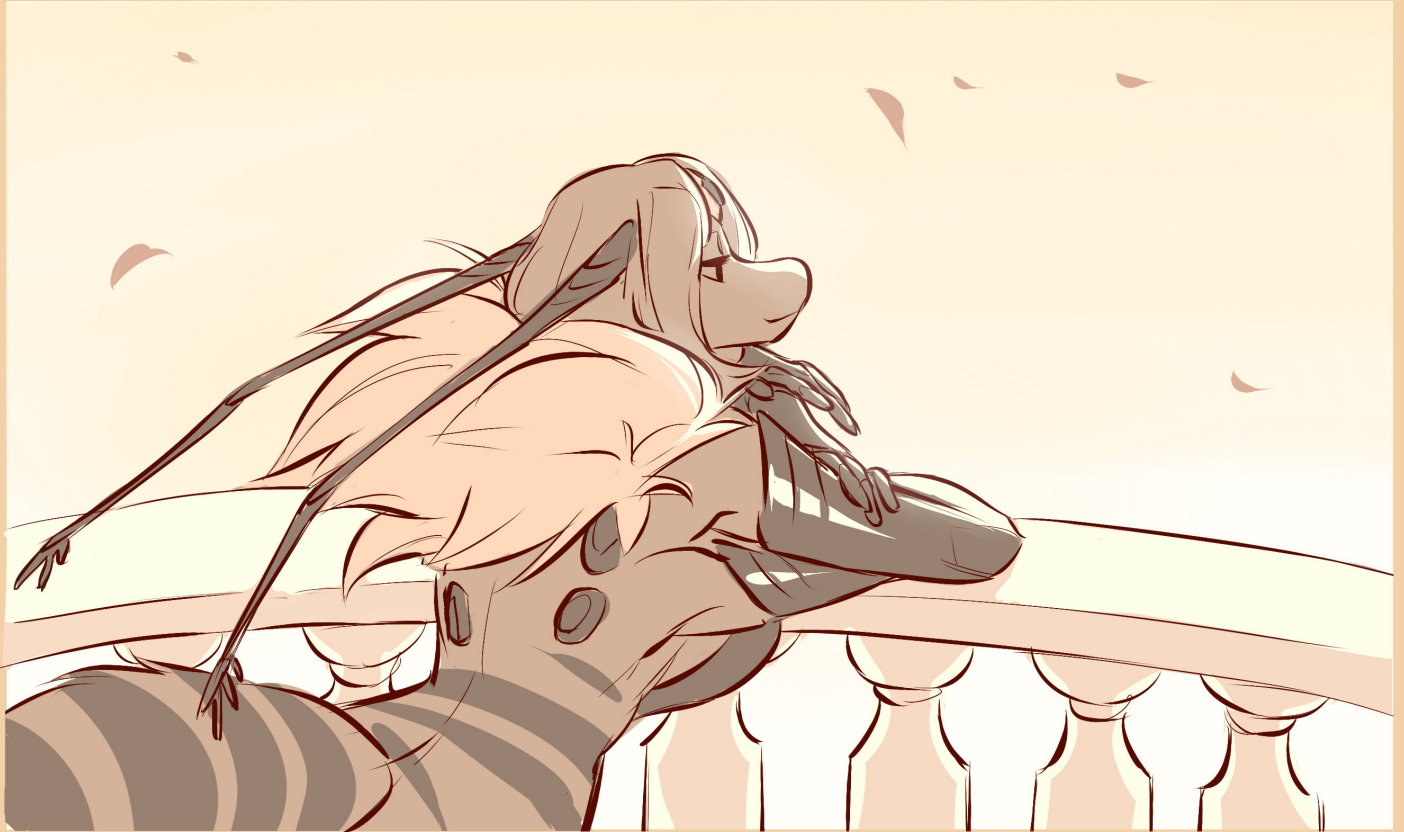

I can't believe I'm saying this, but she'll be the first Collector I'm going to miss...

I hope I can see her again. Maybe one day...

But until that day comes, at least she left me some nice souvenir to keep me company!

Thank you for reading my comic!

It was a great adventure to make it. But making this comic was a huge challenge too in more than one way. I think I learned a lot from the past mistakes I made in my previous comics, but I found a lot of things that I still have to improve with. So I hope the future ones will be even better. It's always a great joy to finish a comic, and to put it in front of you. Thank you for your support, this comic couldn't be made without you.

Thank you!

I hope you liked it, and that you'll stay with me in the future too. I'll be here, and keep making many erotic and adventure comics in the future.
