I only came to the massage parlor because I wanted to enlarge my breasts... what's going on... I think I only had a cup of black tea, was there something in that tea??

Wait... why is there a giant cock?? You can't... my pussy will... will break!!!

As you requested, I will begin the massage procedure to enlarge your breasts. It may hurt a little, please be patient.

I can't believe the huge cock fitted into my pussy... I feel like I'm being used as a masturbation cup, thrusting up and down... so this will make my breasts bigger?? My pussy is getting hotter... ♥♥♥

No need to worry, what you just drank down is a special herbal tea, you will start feeling great pleasure soon.

WaterRing's Free Talk

The third generation hololive VTubers are actually the first VTubers that I followed. Although my Japanese wasn't good enough so I could only rely on translated content, but the character personalities as well as their virtual performances really caught my eye, and of course they became very popular. So after creating hentai for hololive english, they naturally became my next target. I probably will be doing Gmaers next, so you can look forward to some erotic Shirakami action soon!
