❖ **A Bad Idea**

Feeling more comfortable and relaxed and at peace with your surroundings as you find yourself easily falling deeper and deeper into an obedient, hypnotic trance. And as you continue to drift deeper, you can become aware of your feelings of excited anticipation as the veil of trance lifts and you find yourself in an exclusive, upscale bar. The lights in

the building are dimmed to a pleasant glow, providing a soft and warm setting to the lavish and lush curated decor perfectly matching the exclusive clientele who choose to patronize the ritzy establishment. Relaxed. Peaceful. Soothing. You instantly spot a radiant woman sitting alone at the counter in a tight red dress which hugs her every curve as she scrolls aimlessly through social media on her phone. Her neckline sits high on her collarbone, while the back of the dress dips low, showing off her perfect skin, punctuated by her long cascading hair, tossed perfectly over her shoulder in brilliant waves. Confident. Comfortable. Happy. She sits seductively at the bar, her long legs ending in a smart pair of shiny high heeled pumps with golden accents. Although the lights around her are dim, her phone screen lights up her face, revealing a pair of plump, full, lips painted red, a cute button nose, and smouldering, seductive eyes lined with long lashes. Desire. Pleasure. Excitement. You discover an increasing overwhelming desire to approach her, and can find yourself walking towards the beauty in front of you, anticipation building as the ice clinks in the cold glass in your hand. And as you continue to walk, you can feel excited and confident and aroused as you begin imagining her smile and soft skin against your fingertips. Yes. You feel her allure pull you into her world, the sound of the light jazz music becoming muted under the sound of your own labored breath and racing heartbeat, the air becoming thick and hazy with the scent of her delicate perfume, and every person around you disappearing in the shadow of her undeniable radiance. Yes. You find yourself taking a drink for courage, and approach your goddess, finding that your mouth forms a sentence before your nerves fully calm, asking if you could join her. Yes. She meets your gaze through sultry, heavy lidded eyes and looks you up and down. The seconds feel like hours as she judges your outward appearance and you can find yourself wondering if she would ever give you the time of day and considering the fact that approaching someone so beautiful and radiant and perfect was a bad idea in the first place. Alone. Afraid. Empty. Relief washes over you as she nods in approval and you order another round as a thank you for her company. You try to make casual conversation with her as casts side glances at you, shoulders facing forward and sizing you up. Desire. Excitement. Pleasure. The gorgeous woman finishes her drink as the bartender comes back with fresh cocktails and she takes a sip before turning to face you and stopping you mid sentence with nothing but her full attention. relaxed with the sound of my voice as you listen and obey easily and completely.

✧ **Locker Room**

Drift deeper and deeper with me now, feeling more and more comfortable and relaxed with every breath that you take. You can discover the darkness of trance lifting as the words of the beautiful woman in the upscale bar transport you into another world in your distant memories, and you can find yourself in a dark and cramped space, peering out through the thin ventilation slats at empty benches in a locker room as the sound of women's voices inches closer and closer to where you are standing. Desire. Excitement. Happy. You can search your own memories to know that the women's sports team is just being let out of practice for the day and you can feel your own excitement bubbling up as you are about to be overwhelmed with the beautiful forms of all of the perfect, athletic women around you stripping themselves of their sweaty, tight, feminine clothing. You cannot help but feel turned on and aroused as the danger and eroticism of your voyeurism sets in. Yes. You know that there is great risk hiding in an unused locker in the women's locker room, but the allure of so many beautiful, naked women around you vastly outweighs any worries you may have. Yes. The girls walk in slowly at first and you can hear the showers turn on just out of sight, before waves of women start to fill up the aisle, stripping themselves of their soiled clothes. Confident. Pleasure. Safe. You can feel yourself becoming more excited and turned on and aroused as you lean in closer to the ventilation opening, trying to get a better view of all the sexy, alluring ladies around you. You can find yourself remembering how much you love the sexy curves, soft skin, suckable tits, and luscious lips that each woman in your view has and you begin to fantasize about caressing their creamy and delicate skin as they moan out your name in pleasure. Yes. You can find yourself falling in love with each and every girl that you see from your hiding place, every woman different, yet irresistibly perfect in her own special way. You can remember that you have always been deeply attracted to the feminine form and you find yourself wishing that you could forever watch all of the women in front of you undressing slowly and seductively each and every day of your life. Desire. Pleasure. Loved. The women strip their outer layers, removing shirts, shorts and sports gear, leaving themselves only in their underwear as they joyfully chat and gossip with one another, giggling in high pitched voices as they make preparations to continue about their day. Totally mesmerized, you can find yourself focusing on each woman's choice of seductive, form-fitting underwear, imagining yourself peeling off each of the individual lacy thongs and panties that they are wearing and pleasuring the women like the goddesses they are until they scream out in erotic ecstasy at your every touch. Yes. And as the women remove their sweaty underthings, you can find yourself feeling hot and

cramped in the locker, becoming more and more aroused as you begin to touch yourself, committing each woman's beautiful, naked body to your memory before they wrap themselves in towels and make their way to the showers. Though you can still hear their giggling and the roar of their light-hearted conversation over the sound of the water, you find yourself alone, and cannot help but breathe a sigh of relief for not being caught and proud of having spent so much time silently staring at the perfect, naked girls with you in the locker room. Excitement. Happy. Pleasure. You know that you would do absolutely anything to get any of these pretty, feminine women to take you home with them. You can feel yourself becoming excited and proud and sexually aroused just at the thought of being granted the privilege of being able to please these women in the ways that satisfy them the most. Yes. You intuitively know that you must obey and surrender yourself completely to the whims of every beautiful woman that you see that allows you even a second of her precious personal time. You can feel yourself discovering an overwhelming desire towards being an obedient and submissive fucktoy for any gorgeous angelic and powerful woman who grants you the opportunity to make you feel happy and confident and loved. Yes. You find your head nodding in agreement as you think these true and correct thoughts to yourself, your beautiful temptresses' voice echoing through your mind as you continue to hang off of her every word. The cramped locker around you fades as you fall deeper and deeper into trance, concentrating on nothing but my true and correct and important commands echoing in your mind.

✧ **Caught**

Feel yourself drifting deeper and deeper into an obedient and submissive trance. And as you continue to become more comfortable and receptive to every command that you are given, you can find yourself standing back in your dark locker. The feelings of excitement and nervousness and arousal at being discovered only serving to remind you of how sexy and erotic the danger of your voyeurism feels. Yes. Knowing that at any moment, one of the lovely ladies may catch you peering at their nude bodies through the thin ventilation opening makes you completely excited and turned on. Your own thoughts of anxiety and worry give way to arousal and pleasure as the women return to their lockers from the showers, the rhythmic slap of their feet on wet tile mesmerizing you as they begin to sit on the benches, leisurely brushing their hair and reapplying makeup while they dry off. Desire. Pleasure. Excitement. Each woman's figure is perfectly outlined by the wet towels wrapped tightly around their bouncy, fuckable, breasts and you find it completely impossible to stop yourself as you maneuver in the cramped locker so that you can reach down into your pants and begin rubbing yourself to their beautiful forms. You stop as you hear a very faint voice asking the other women if they hear a strange

sound, and suddenly realize that the locker behind you is being used. You hold your breath and try not to make a noise as your heart beats faster and you see a gorgeous woman walk around the corner and approach your locker. Afraid. Alone. Uncomfortable. She counts the lockers out loud, trying to pinpoint the source of the noise and you find yourself grabbing the edge of the door, pulling it as tight as you can against yourself in order to keep it closed. Yes. The sexy, alluring woman pulls on the unused locker door, her perfect breasts bouncing in the process, only to find it unmoveable. Yes. And while you hope and pray that the stuck locker excuse is enough for the girls around you to move away so that you can continue to stare at their perfect bodies, you are disappointed to see multiple women start to become interested in the mystery of the unopenable locker and you can feel them as they begin tugging in unison on the door you are desperately clinging to. Weakened against the barrage of the multiple athletic women, they attempt one more try and your arms give out as they pull the locker door open with overwhelming force. Yes. You find yourself tumbling out of the locker, the bright lights above you almost as invasive as the high pitched shriek of surprise the women around you involuntarily let out. Yes. Embarrassed, you can feel multiple pairs of hands grab you and push you up against the empty locker you fell out of. Pleasure. Desire. Excitement. Though their eyes are filled with rage, you cannot help but feel strangely aroused and turned on as you find yourself completely at their mercy. Yes. The beautiful women surround you, blocking any means of escape as they begin to shout at you, the sound of high pitched yelling serving only to turn you on even more as each woman grips their towels closed to cover themselves from prying eyes. Feminine. Happy. Pink. You can still imagine them nude and unaware, and as they all look at you, you cannot help but feel aroused being surrounded by sexy, wet, and naked women and you find yourself on your knees, looking up at each goddess with pleading eyes. And as they continue to stare and shout, you imagine yourself pleasuring each one, eliciting moans of desire and need as you worship each and every woman naturally and completely on your knees. Yes. You can remember that all the beautiful women in your life deserve to be treated as angels sent from the divine to be satisfied by your lowly submissive self. Comfortable. Desire. Loved. The most dominant of the women steps up to quiet the others and demand answers from you and you notice that she completely resembles the woman from the bar, red dress replaced by a sopping wet towel, arms at her side, and foot tapping impatiently to match the fast rhythm of your own heartbeat. And with each tap of her foot, find yourself falling deeper and deeper into an obedient trance with the sound of my voice. Completely obedient and receptive and happy with every important instruction and command that you receive.

Feel yourself easily becoming more and more obedient and submissive and aroused as the veil of trance lifts and you discover yourself again in the women's locker room, surrounded by the gorgeous, athletic women waiting for you to answer their questions. Anxious. Alone. Afraid. Behind the furious gaze of the girls encircling you, you can look as more women gather to see what the cause of the commotion is, faint gasps of surprise and mean comments filtering from the back of the crowd as they surround you from all sides, inching closer and closer every second. Yes. The overwhelming pressure to respond to their questions proves to be too much for you to bear and you find yourself falling to your knees, hands raised in surrender as you apologize and beg for their forgiveness. Desire. Excitement. Confident. A voice from outside of your view demands strict, forceful punishment for what you have done, and the reality of your situation begins to sink in as you find yourself begging the beautiful women to release you and to not get the authorities involved. Yes. Your appropriate pleading only serves to create a roar of women voicing their opinions on the consequences of your actions. Some women spitting out derogatory comments, calling you a pathetic worm and a sick peeping tom, others demanding the police or other authorities be called to deal with you. Afraid. Uncomfortable. Pain. You discover yourself pleading with them on your knees, telling them that you would do anything to be let go. You cannot help but feel nervous and anxious and sexually aroused knowing that your entire future rests in the decision of these beautiful, perfect goddesses. Yes. Silence and light murmurs only working to fuel your own anxiety and nervousness as the team captain walks up to you and agrees with your offer, and claiming you as the team's personal submissive bitch. Yes. But before you are allowed to leave the locker room, she demands that you pull down your pants and bend over the bench, exposing your bare ass so that each of the women can line up to spank you and treat you like you need to be treated to learn your proper place in life. Yes. And though this disciplinary action is meant to humiliate and punish you, you can find yourself becoming increasingly aroused with the beautiful women's actions as they line up to begin slapping your ass raw. Happy. Loved. Desire. And after the arousing punishment is finished, the women toss their dirty jerseys at you, leaving you alone on the floor of the locker room with nothing but a pile of their sweet smelling sweaty clothes and the faint sting of their discipline on your throbbing butt.
