Huh?

You goin' again today?

Yes?

Hey.

Y, yeah, probably.

Everyone's acting really weird lately...

You're totally gonna go (lol)

Kenichi Katsusita :Soccer club (forward)

There's something off about the guys in our soccer club who ditch practice every day just to go there.

That's 'cause a big bathhouse just opened near our school.

I'm going to the bathhouse, too.

You're what?!

There's no practice today, so maybe I should check it out...

My Bad.

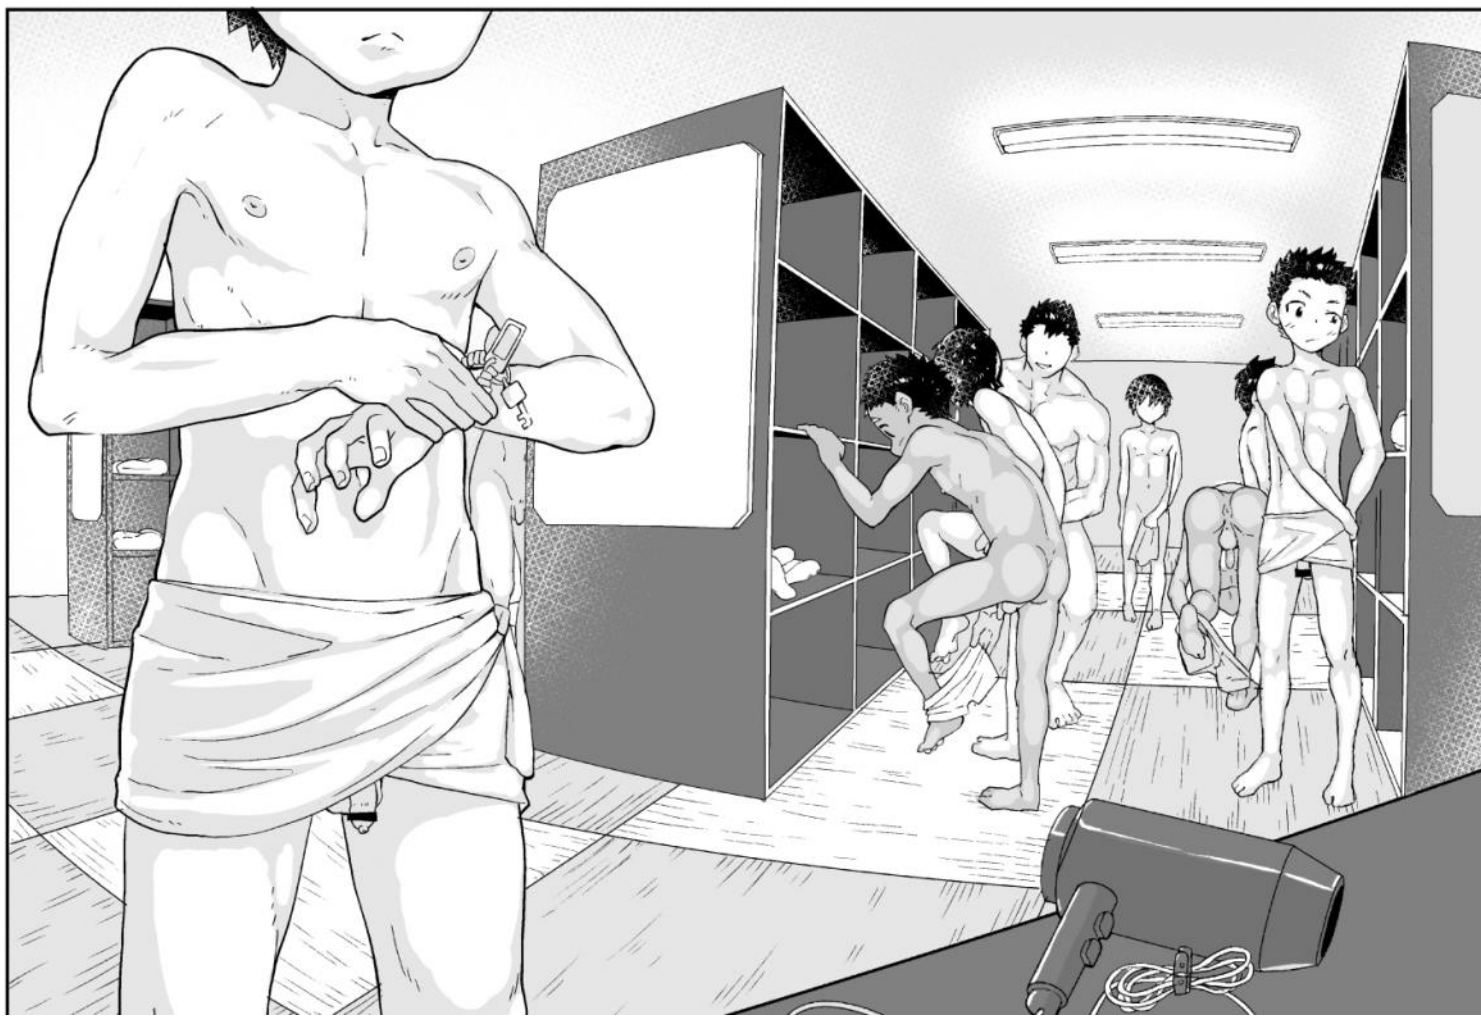

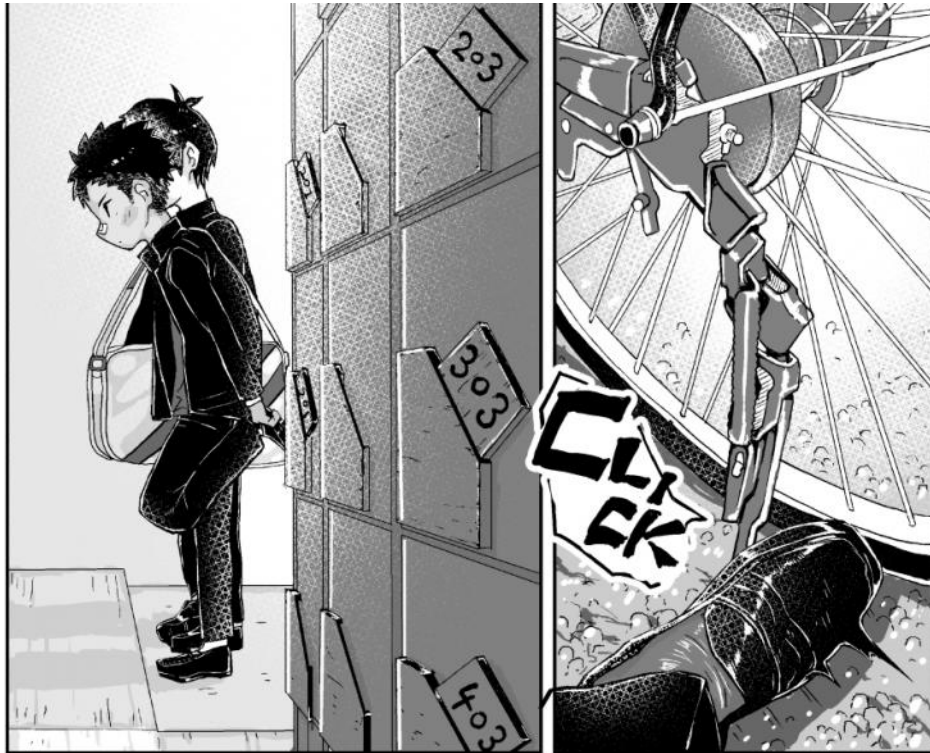

O, okay... if you say so...

No, it's not that, it's just... dangerous!

Take me with you.

You don't want me to see you naked?

CRASH!

A heavenly bath

that brings you closer together

secret ingredients of our Paradise Waters are absorbed through the skin and mucous membranes, relieving stiffness and fatigue. The main benefit for young men is the effect of "increased libido." It's the most powerful stimulant you can bathe in," containing over 15300 mg/liter of high-quality Coccyphenol that acts directly on male hormones to strengthen sex drive and prolong erection.

**Efficacy goes down with age. To avoid possible harm from overstimulation, we recommend use only in males under 12.*

Guests are forbidden from entering the bath without a reservation.

Our bath facility also provides additional services such as oil massage, invitations to bathe, a private concentration, and a VIP room where guests can interact with the staff.

Please feel free to ask an employee for more details.

It's always like this.

Thank you so much for purchasing this book!

This work is composed of

“I won’ t draw anything I don’ t want to draw”,

which is a combination of the simple desire of

“I want to draw lots of naked men”

and, this being my first manga, the convenient setting of a bathhouse,
where I can cover up things with steam.

Lately restrictions on erotic expression have become stricter
not only abroad but in Japan as well,
but I’ m glad to have been born as a gay in Japan
with the magnificent “bathhouse.”

“Bathhouses” are the final paradise
remaining for us on this earth.

Finally, I would like to thank fans
in both Japan and abroad for supporting me
and giving me the energy to keep going!

Please feel free to share any thoughts or opinions via Twitter or Pixiv.

See you again.
