

A highly detailed LEGO MOC of a character named Mars, the Ex-Dark Hunter. The figure is constructed from dark grey and black Technic bricks, with white and light grey accents. It features a large, flat, circular headpiece with a central sensor or camera lens. The torso is complex, with various mechanical details and a central vertical structure. The arms are thick and muscular, ending in large, claw-like hands. The figure is posed in a dynamic, slightly forward-leaning stance. The background is a dark, stormy sky with a body of water in the foreground, reflecting the lightning. The overall mood is dramatic and menacing.

Mars, the Ex-Dark Hunter
