[Blue] = Noises

(Green) = Tone

Good job today. I've been seeing a lot of improvement during our training sessions. I can tell you're getting stronger.

I usually have another session after you, but they canceled on me, so I'm gonna follow you to the locker room, ok? I hate leaving the gym before showering first.

[clothing sfx] God, it feels good to be out of those sweaty clothes. I hate when my shirt sticks to me.

You ok, dude? You look like you've seen a ghost or something. Why are you backing away from me?

...

I look indecent? Dude...I just took my shirt off. It's a men's locker room, what did you expect? I told you I was going to shower.

(joking) Why are you so shy all of a sudden? Never seen another man undress before? Are you turned on cause of my body? [laughs]

No way...you are, aren't you? Just look at you. You're blushing all the way down your neck.

...

Really? You're not feeling anything? Well, it's making you feel something, alright. Your body is very truthful. Is this your first time at the gym or something? There are lots of shirtless guys here, especially in the locker room.

[laughs] You're kinda cute when you're all bashful like this. Makes me want to tease you more.

You can shake your head all you want, but I'm having lots of fun. Bear with me, will you?

...

You're pretty obedient. I like that. (teasing) So tell me, what is it about me that made you this excited?

Do you often come here to drool over men? Every time you show up to our workouts, do you use that time to fawn over me?

What~? Am I too close? Do you feel cornered with your back pressed against the lockers? Be honest...how long has this been going on for?

[shower curtain sfx] Whoa, what's the rush? Why are we hiding in the shower? Do you want me that bad?

...

(From here until the end, you'll speak in a softer, lower voice. Almost like a whisper.)

You heard someone coming in? You really are paranoid. Were you scared they were going to see what's happening inside those shorts of yours?

You want me to be quiet? Am I talking too loud for you? Scared we'll get caught?

You know...since you shoved me in this shower, we're a lot closer than we were before, weren't we? Kinda screwed yourself, didn't you?

You trapped yourself in a small space with the person you were trying to avoid. What now then, hmm? You're breathing so heavily. I can practically hear your heart beating.

[shower water sfx starts here and goes until the end] Now look what you did. You backed yourself against the shower handle and turned the water on. *(teasing)* Now we're both soaking wet. What should we do~? We can't leave now. Everyone will see us.

[laughs] You're fun to mess with. I wonder what else I could tease you about. Oh, I know. You like my body so much...why don't you try touching it? Here...I'll help you. Give me your hand.

Feel the water dripping down my chest...my hot skin against your fingertips...my heartbeat beneath the palm of your hand.

God...you don't even know what you look like right now. Your clothes are all soaked...I can see everything.

You're blushing. You like the way I'm looking at you, don't you? Mmm that's what I thought. Now, be honest, do you want me to touch you too?

...

Did you nod your head? Good boy. I'll give you what you want.

Even just touching your body over your clothes is driving me crazy. Who gave you permission to be this alluring? You feel so small next to me. I know I'm big...but seeing you next to me is making my mind think naughty thoughts.

Oh~ did I touch a sensitive spot? That noise you made was so hot. Let's see...was it...here?

[low laugh] You're being so vocal. You must like my fingers a lot. But I think you're forgetting something...this is a public locker room, remember? They may not be able to see you anymore...but they can certainly hear you.

Your legs are shaking. Did that turn you on? I bet you like the fact that there are people outside of this shower. Just think...at any time, someone could open this shower curtain and see what's happening in here.

Think you can be quiet? Or do you need me to shut that pretty little mouth of yours myself? I have plans for what I want to do with you, but I would rather not be interrupted. Unless...that's what you want?

[laughs] You need my help being quiet? Of course. I know just what to do. More importantly, do you think you can handle it?

...

So confident~. I'll do my best not to break you, ok? Now...turn around. Hands on the wall, cutie.

[Blue] = Noises

(Green) = Tone

That's it. Such an obedient boy, aren't you? Let's do something about these wet clothes. I bet you've been dying to take them off.

[clothing sfx] There. Soaking wet and naked for me. You're already arching your back, too. How rude of me to keep you waiting. Spread your ass for me.

[groan] Fuck, you're so sexy. This view is driving me insane. *[wet sfx]* One finger in and you're already so tight. You gotta loosen up if you want to take my dick later. I'm pretty big.

[wet sfx] Listen to the noises your hole is making. You're so wet. I think you can take another finger, right?

[wet sfx] Shhh you gotta be quiet. Someone outside might hear you, won't they? Then what will you do? How will you explain why a man has two fingers up your ass, hmm?

[wet sfx] It feels so hot inside you. You might burn my fingers off. *[wet sfx stops]* Fuck...I'm growing impatient. Do me a favor and squeeze your thighs together.

...

What am I doing? I'm gonna fuck your thighs, of course. I need to come before I fuck your hole. I've been holding back for too long and my dick is starting to hurt. Just...keep your thighs tight.

[wet sfx] Shit, even your thighs feel amazing. I can't wait to fuck you.

[wet sfx] Can you see the tip of my dick sticking out from between your thighs? And can you feel it rubbing against your own? How does it feel to have a dick between your legs and fingers inside of you? Feels good, doesn't it?

...

[wet sfx] Awww you can barely talk. This isn't even half of what I can do and you've already lost it. Hmm? You're gonna cum? Perfect timing, so am I. Let's cum together, yeah?

[wet sfx and improv noises] *[heavy breathing]* Oh fuck...nnggh that was amazing. You're nice and loose now. I want to be inside of you. No...I need to be inside of you.

It won't fit? I know you can do it. You took my fingers just fine. You can easily take something a little...bigger. Don't worry, I'll make it fit. Bend over a little.

[wet sfx] Mmm...the tip is in. You doing ok? Just relax for me. You'll be just fine. I'm gonna put more in. *[wet sfx]* Shit...you're squeezing me so tightly. I'm trying to be patient, but...fuck...you're making that kind of difficult.

Damn it. Ok, take a deep breath for me. Don't ask questions, just do it. *[wet sfx]* *[loud moan]* It's all the way in. I'll let you adjust to my size.

[laugh] You're trembling. It's adorable. How does it feel to have my cock buried deep inside of you? Can you feel me in your stomach? Your insides are squeezing me so good. I'm gonna start moving now.

[wet sfx] You feel so fucking good. I never expected this shy boy and the gym to be such a good fuck buddy. Did you ever daydream about doing this with me while I trained you?

...

Yeah? Tell me...is it everything you imagined? Or better? *[laughs]* Now you're being honest with me. Is it because I'm pounding your ass? Fuck...I wanna fuck you deeper. C'mere.

[wet sfx] You moaned so loudly when I pulled your hair just now. You know what? I don't care if anyone hears or sees us anymore. All I can think and feel is you. If they wanna listen, we'll give them something to listen to.

[wet sfx and improv noises] Say my name. Let everyone know who's fucking you. Say it loud and clear. *[moan]* Fuck...you're so hot. Louder.

[wet sfx] Holy shit...I'm gonna cum again. I want to cum inside of you. I'm gonna claim you as mine. You'd like that, wouldn't you? Yeah? *[grunt]* Fuck, I'm cumming. Fuck...fuck! *[loud moan]*

That was...the best sex I've ever had. You ok? Your legs kinda...gave out on you. *[laughs]*
That's my bad.

Umm...I'd like to do this again, if you're interested. Though...we might need to find a new gym after this.
