CW: Fictional substance usage, underground club ambience, under the influence spiciness, semi-public (in a private room)

The audio begins with the sound of bumping music as you walk along. You're in an underground club, looking for the dealer you were supposed to meet here. You've been in contact with him for a week now in DM's, and now you're finally going to meet. You approach the bartender with a question.

Bartender: What's your poison, sweet thing? Ahh, you ain't here to drink. ... (**impressed scoff**) .. you're looking for Killswitch, ah? A sweet little thing like you? .. Well then, heh... Up the stairs onto the balcony up there, take a left down the hall and it's the last room on your right. ..Have fun.

(Listener follows the instructions, heading upstairs, down the hall and knocking on the door. It doesn't take long until a man opens the door, staring down at the listener.)

Killswitch: Hey. You my client? .. what was your handle again... Ahhh right.. Thanks for jogging my memory. Come on in, *Neon*.

(He steps aside, letting Neon in. He closes the door behind them.)

Take a seat. Don't be shy. **(He grunts softly as he sits in the booth)**

... So. **(He puts a cigarette in his teeth, lighting it and taking a drag, exhales before he talks)** You're here for some Pulse, right? Heh, no need to act cute. You were so confident over text.. such a shame. Well, I know you want it, that's why you're here isn't it?

I have what you want. **(Pulls a baggy out of his pocket, gives it a shake and tosses it onto the table)** Take it. And don't worry about payment, think of this like... a free sample. I make the best Pulse in all of Neo City... I got loads of happy clients, and tons of other extras trying to copy what I do.. Buuut, **(takes another drag, exhales)** they can't quite understand how I make it so fucking good.

But you knew that didn't you? That's why you got my info.. sought me out. You're curious... You wanna know if the rumors are true. Wanna know if it really makes you feel pure euphoria.. Wanna know what it feels like... Don't you?

Heh... I know. I can read your type like an open book. Mm... What's someone like you seeking out the underground lifestyle like this for anyway? You don't look to have any body mods.. You look clean. Innocent. Why'd you come find me?

... Ahhh, I get it. Don't gotta tell me twice. I'm all for wanting to try new things. Life up on the surface gets a little dull.. Monotonous. What's there to even live for if there's no risk? Just the same, boring routines day in and day out... Lifes a little more exciting down here, when you're nocturnal.

You're exactly where you wanna be if it's excitement you're craving, little Neon. **(he puts out his cigarette with a soft chuckle.)**

... ah? The hell are you doing? You're leaving already? I don't think so. Sit down.

Why? Because I told you to. Sit down.

(There's some silence a moment, before listener sits back down cautiously)

... Take the drug.

... You heard me. Take the drug. Right here, right now.

Tch, don't argue with me. I gave you a free sample... Like hell am I gonna send you off alone to take it god knows where. Take it right now, so I can see how your body reacts to it. Last thing I want is for you to end up in a damn ditch somewhere, and for it to be traced back to me somehow.

So... Take it. Or, give it back and walk.

(Listener nervously opens the baggie, and takes out the pill)

Good. You made the right choice.

.. Ah? What's wrong? .. **(Scoff, chuckle)** .. Sorry, Neon. I don't have any water on me. But, I can help you take it if that's what you want.

Here... come sit close to me. **(smirks)** .. I don't bite. There you go.. Now gimme the pill.

You're pretty damn obedient... I like that. You *are* one of those good types... Well... I'm happy to be the first one to ruin you. **(Chuckle)** ..

I'm gonna put this pill on my tongue. And then, I'm gonna kiss you. You're gonna swallow it for me.. Got that?

Perfect.... **(lets out a soft hum)** .. You ready?

Pulse hits you hard and fast after you swallow it. You're gonna feel it fast.

(Soft hum, mutters) Alright then. No turning back now.

(leans in with a dark chuckle, placing the drug on his tongue. He presses his lips to listeners. He kisses them slowly, pressing his tongue against theirs and slipping the pill in. He pulls away with a soft groan, panting softly)

(From here on, his voice is low and smooth) .. Now.. Swallow it for me.

There you go..... good. You nervous yet? ... mm, nothing to be scared of. I promise, once it hits.. You'll feel way too good to be nervous.

.. What are you gonna feel first? .. Heh. Well. First, you're gonna feel warm. But not in a bad way... more like, heated. You'll feel tingly, numb.. Your brain'll let go of all that stressful shit, every anxiety.. and you'll only focus on pleasure.

Your eyes are lidded and hazy... that look on your face.. **(soft chuckle)** How does it feel?

Mmmm... warm huh. Perfect... You're already on the climb. Here, lay back against the booth and just let yourself feel it. There you go. Enjoy the ride, Neon.~

(He allows listener to lay there and enjoy the feeling for a while, before speaking in a low and soft tone)

You know.. It's always an escape. From the cruel reality of life, where you suffer one way or another. Pulse takes it all away, doesn't it? Leaves you feeling warm, makes you feel like you're floating in the most serene ocean, with nothing but the galaxy of stars above you.

What's that..? You like my voice? Well. I guess I'll have to keep talking then, won't I?

Mm... It's the way it leaves you feeling nothing but ecstasy. Nothing but warm, thick honey running through your veins. Heh.. Look at that cute face. You really are enjoying it aren't you? Guess you'll have to keep coming back to me for more, right?

Then I'll keep giving it to you. Don't think you're gonna keep on getting freebies from me, though.. Heh. I can tell you're really liking your little free trial though... Judging by that blissed out face you're making. Does it feel that good..?

Yeah... I fuckin' bet it does. I already have you hooked on it, don't I? Mmm.. No more worries.. No more anxiety, nothing but pleasure and ecstasy. It's how life should be lived.

.... Mm.. you're squirming a bit. Is the heat getting a little too much for little Neon to handle? Mmm... come here. Slide up next to me.. mm.. **(soft grunt as he helps)** there we go. Let yourself lean your head on my shoulder, I'll take care of that heat.

Yeah, yeah... don't worry about it. Relax...

(Soft heated breath, as he slides his hand between their thighs, sliding his palm across their bits, rubbing them firmly.)

I got you. I'll make you cum... it'll ease that ache.

(His soft groan turns into a needy growl) .. Look how slutty it makes you. So eager and willing to be touched here by a complete stranger, huh? You like when I rub circles here, like that?

Tch.. you're so worked up I bet I could breathe on you and you'd cum. Let's see then. **(Scoffs, amused)**

I'm gonna get these out of the way first, and before you bitch and moan, the door's locked. Don't stress over it. Nobodies gonna walk in on us.

Mm... God, fuck you're throbbing. What a fuckin' sight. Look at that... Pulse is reacting real damn well to your body, isn't it Neon?

Hah.. So damn obedient, spreading your thighs for me.. gripping my shirt like you're gonna lose me if you let go. I'm here.. I ain't leaving. I'm gonna make you feel really good. Needy little shit...

Mmh.... **(he starts stroking them)** Christ you're so sexy. I'm just doin' this to help you, but fuck.. that body. Those sounds.. You make me wanna take you right here in the damn booth.

But that ain't happening. I'm giving you a free sample tonight, not just of the drug but.. heh.

Mmm.. don't whine for it. That ain't gonna work on me... I'm only using my hand... by the looks of it, it feels just fine right? You're moaning like a whore and grinding against it.

Mmm... It's good isn't it? .. Mmn..~ Just like that..... **(soft huffs)** It really heightens the sensations, doesn't it? You can feel.. Every.. motion.

Quit being greedy. You want a stranger's dick?? You just met me, come on now... Relax for me. Let your body feel the pleasure-

Oh fuck.... Did you just cum? Shit- nnnn... you're messy as fuck. That's it, neon.. ride it out...

(Soft huffs, he's getting heated..)

... fuck. You're so slick now. You came a lot huh? Nnn....

Your body's trembling so damn much... But you're still grinding. You need more huh... Needy slut. Such a greedy little thing...

bet your mind is nice and broken off nothing but pleasure huh?

Mm.... Fine. I'll make you cum one more time.. And fuck it, let's take this a little further.

(He shifts down between their thighs)

Move those thighs open for me, I'm gonna use my mouth. You've been too fucking cute.. Can't help myself. Shut up.. lay back, and let me make you see stars.

(He huffs softly, before he starts licking and sucking)

Mmmm.....

(He does this for a while, before pulling off and panting) ah ah ah... that was too fast. I can feel your thighs shaking, you're gonna cum aren't you? Nahhh... Last a little longer.

That ain't a suggestion, it's an order Neon. Hold out for me. I'm not done with you.

(He moves back in and keeps using his mouth. As their orgasm builds he lets out enthusiastic breaths through his nose and groans. When they cum he practically moans too, swallowing everything)

Fuck... God you're so fucking messy. Heh... look at you.. look like you're gonna pass out- ah..!
(Shifts up to catch them as they fall sideways. He sits back down next to them.)

Here, scooch the fuck over. Lean on me.

Christ. You really were gonna pass out.. mm. I got you, you little shit. It's fine if you wanna just lay there and bask in all that pleasure. I'll be here all damn night.. so rest on me.

You can hardly speak, heh. Nah.. I don't have any more clients coming tonight. Just us... if you wanted, I uh... I could take you home with me. If you want a bed to sleep in for the night.

Tch, don't gimme that.. Or act all surprised I'm even offering somethin' like this. M'guessing you can't just return back to your place tonight, all fucked up off pulse. You got housemates? ... yeah. I expected that. Bet you wouldn't want them seeing you resorting to something like this, with a 'lowlife' like me... Well then...

Why the hell not. I'd feel better about it then leaving you somewhere like this, cause I know you're not going back to your place tonight. Mm...

Wow.. You sure are loopy aren't you? Well.. Heh. It's your first time on Pulse. I'd expect nothing less than a dizzy little idiot, grabbing at my damn clothes in order to stay upright.. **(huff)** ..

Well then. You ready to head out? Heh... Alright. I got you.

You look like you're fading in and out on me, Neon! Relax... **(huffs slightly as he picks them up)** I'll just have to carry your ass down to my bike then.

Yeah.. Bike. Mm.. You scared..?~

(To be continued... ♡)
