Master Speaker/Puppy Listener
Jingling sounds from listener's collar is optional
Changing wording or sfx is totally up to VA discretion

[irritated] Hey, wake up.
[metal gate sound, light chain rattling]
The sun came up an hour ago. You were supposed to be awake by then. Did you think that it
would be okay to sleep in just this once?

...

While you're in training, you'll do as I say. Which means running on my schedule, attending to
my needs, and being obedient. Got it?

~

Good boy. Going forward you can say "Yes sir", "No sir", or you can bark. And you know what to
say if you need a break. Now come out of your pen, I made you breakfast.

...

(Speaker slides a plate across the floor to the listener)
[ceramic sliding against ceramic]
Hm? No, dogs don't need silverware. Face down on the plate, pup. Don't miss a single crumb.

...

(Listener is eating food off of a plate on the floor)

[sigh] God, you look so pathetic. Eating off the floor on your hands and knees.

That's right, now lick the plate clean. I should be able to see my face in it.

...

Look at me. [forcefully] Look at me. I'm going to help you with this just once. Open your mouth.

~

[spitting]

...

Great job, love. Today we'll practice the commands I taught you yesterday, so I hope you remember everything. You were pretty out of it by the time the sun set, but I think it was a very memorable experience for both of us. Don't you?

~

Good boy.

(Speaker picks the plate up off the floor)

[finger snap]

Here. Sit right by the bed.

~

[forcefully] Sit.

~

Good boy. Now stay. I'll be right back.

[footsteps on tile walking away]

[footsteps on tile returning]

Why are you trembling? Are you scared? Or are you excited? I bet it's both isn't it? Your cock is already leaking a little.

...

You're cold? Well, all I've got for you to wear is your collar. Do you remember where I keep it?

~

Fetch it for me. That's as much as I'm dressing you, though.

~

Hey, no using your hands. Pick it up with your mouth, you dog.

...

[light jingling]

(Listener presents speaker with the collar)

Good boy. Now sit, and lift your chin up.

[light jingling] There, perfect. You know what this tag says?

[teasing] It says you're my property. It even has my address in case you decide to run off. But you wouldn't do that, would you?

~

I do so much for you. I work hard to put a roof over your head, food in your belly, and I even find time to train you. Aren't I such a loving master?

...

Say it. Say you love your master.

...

What a good little puppy. Come closer. Look up at me.

...

So cute. [unbuckling sounds] I can't be around you long without touching my cock. Look at how hard you've made me.

~

[groan] Don't take your eyes off me.

[improvised groaning, masturbating sfx]

[teasing] Awww, you're whining. Do you want a taste? Does my puppy want a taste of his master's cock?

~

Yeah? Then bark. Bark for me.

~

[irritated] C'mon, that was pathetic. I know you can be louder than that.

~

Good boy. Such a good boy. Open up.

[wet sound]

(Speaker is inside Listener's mouth)

[improvised wet blowjob sounds]

[improvised moaning, can also improvise praise here]

You're doing so well. Hold on tight, I have to teach you a new trick. Open your throat, baby.

[light jingling]

[wet sound]

(Speaker is sitting at the edge of the bed, holding Listener's head and collar in position to fuck his throat)

[jingling in rhythm with thrusts]

[improvised throat/face fucking sounds]

[improvised moaning, faster and louder than before]

Oh fuck, oh you're doing so good. Your throat is taking my cock perfectly. Such a good fucking boy.

[improvised moaning and heavy breathing]

O-oh, oh fuck. You wanna take my load in your throat? You wanna taste? Huh? Do you want a taste?

...

[wet sound]

(Speaker pulls out)

[breathing heavily] Too bad. Not yet.

[deep breath]

[patting on fabric] Up on the bed, pup.

[fabric moving] How cute. Hands down, knees down, legs apart. Good boy. You're already so well trained.

[wet sounds] Have you stopped leaking since you woke up? I feel like if I touched you at all you might cum. Would you like that?

~

[wet sounds]

(Speaker is jerking off Listener)

Such a noisy puppy. One little finger in your hole and you're already so desperate. If you can handle another finger, I'll let you cum. Understand?

~

Bark if you understand.

[wet sounds] You're so so tight, baby. And your legs are shaking. Master treats you so right, doesn't he? Are you ready to cum?

~

Then cum. Now.

...

Good boy, you were so pent up. The way you're squeezing around my fingers...I need to be inside you.

[wet sounds] Fuck. You are so fucking tight. And I love this view of you.

[skin slapping sounds start here]

The way your hips are bouncing on my cock...Fuck. You're taking me so well.

[improvised moaning and heavy breathing]

My hands are filthy from your cum. Open up.

[wet sound] That's right, lick me clean. How does it taste?

[improvised moaning and heavy breathing]
[jingling] (Speaker grabs Listener's collar)

You love this, don't you? As soon as I moved my hand to your neck, you tightened around my cock. You love being treated like a dog. It's disgusting. Fuck.

[grunting] Oh fuck. Your legs are so shaky now. Don't collapse just yet. I'm close.
[improvised moaning and heavy breathing]

[growl] Yeah, fuck. Good fucking boy. You're going to be so full your hole might leak for the rest of the day. Take my fucking load. Take all of it. Take every fucking drop.

[improv orgasm here]
[skin slapping slows to a stop]

[improv catching your breath]

Yeah, you can lay down. You did so good. You deserve a nice rest after being used like that. I'll even let you sleep in the bed tonight.

...

[chuckle] Yeah, we can sleep. Come here. Let me pet you.
