

Chapter 54 - Rias Gremory +18

Rias came through the bathroom door with a towel around her body, hiding her breasts and the rest of her body. As soon as I saw her, my heart stopped for a moment.

"What? Why are you staring at me like that? Weren't you the one who said you wanted to shower with me?"

"Yes, but I didn't think you'd do it. But since you're here, you know you can't shower with a towel, right?" I told her so that she could remove the towel and show me her body.

"You're right." And that's what she did.

Rias removed her towel in one movement as if it were something impactful. But to my disappointment, she wasn't naked. Underneath her towel, she was wearing underwear.

She was wearing a pretty red bra and panties in the same color.

"Damn!" I said. Hearing me, Rias laughed.

"What? Are you disappointed?"

"Of course I'm disappointed! I thought you'd be showering naked!"

"But even though I'm wearing underwear, you're pretty hard down there, right?" I looked down and noticed that my cock was rock hard. "But don't worry, I'll give you what you want."

I swallowed my saliva.

Sensually, Rias began to remove her bra. She slowly unbuttoned it while wiggling her body and sensualizing for me. I confess it was breathtaking.

Rias slowly removed her bra and then hid her breasts with her arm.

"..."

"You're in too much of a hurry." The corner of her lips lifted, and she slowly removed her arm, showing me her large breasts. I felt like going to grab her breasts, but I stopped myself.

'Damn, she's so hot!' I screamed in my mind.

"Now..." Rias grabbed her panties and began to pull them down slowly. Her red pubic hair began to show, and my cock twitched. When her panties were down to her thighs, I could see something dripping from her pussy.

She was horny. I could tell by her hard nipples and her red face. But she didn't let it show and did everything calmly in the most sensual way possible to get me more and more excited.

When Rias removed her panties, she put her hand between her legs and touched her pussy. Then she showed me her wet fingers and took them into her mouth. "It's so cute the way you masturbate. You need to take it easy."

"It's impossible since you keep teasing me like that."

"Hahaha." Rias laughed and walked over to me. She faced me, and my cock began to touch her thigh. "You're so cute!" Rias hugged me and pushed my face into her breasts.

Seizing the moment, I grabbed her breasts, and Rias let out a cute moan in my ear.

"You naughty boy." Rias put my cock between her legs and started pressing her soft thighs against my cock. The softness and smoothness of her thighs were something out of this world.

Rias began to move back and forth, jerking my cock with her thighs. However, when I tried to rub my cock against her pussy, she stopped me.

"Not yet." She said in my ear, making my whole body tremble.

Rias continued to masturbate me while moaning in my ear to get me more excited. She also poured a large amount of soap over our bodies. My cock began to slide between her thighs more easily.

She jerked me off with her thighs for long minutes until I finally reached my limit. Rias squeezed my cock harder, and my sperm spurted between her thighs, leaving her all sticky.

"It's hot," Rias said in my ear. After that, she pulled away and started running her hand over her thighs, where my cum was. She took a good amount of it with her hand and then licked it off.

"It's a strange taste." She said to me. When I saw Rias tasting my cum, I almost came again. "All right, what do you want me to do now? Use my hand? My breasts? Or maybe my mouth?" Rias opened her mouth and showed me her saliva.

She also licked her lips sensually.

"What? Aren't you going to answer?" She moved closer again and took hold of my cock with her hand. She started stroking the head of my cock. A bolt of pleasure hit me so that I couldn't answer immediately.

"I want you to use your mouth." It was something I'd always wanted a woman to do for me, but I hadn't had the chance. And having my first time with a beautiful woman like her is something every man dreams of.

"My mouth? Fine." Rias's face came close to mine, and she stole my lips. But I didn't have the chance to use my tongue since it was only a brief kiss. "How do you want me to do this? Do you want me to kneel? Or we can feel good together."

"I want you to feel good, too."

"Doing it here might be a bit uncomfortable. But it's clean, so it doesn't matter. Come on, lie down." Rias gave me a weak push, causing me to lose my balance and fall under the shower.

After I fell on my ass, Hestia knelt before me and grabbed my cock. She poured soap over my cock and jerked me off with force. After the water falling on my cock from the shower removed all the soap, Rias leaned forward and brought her face close to my cock.

She slowly opened her mouth and was about to put my cock into her mouth when she stopped. Her face was as red as a tomato when she noticed my gaze.

I could already feel her breathing and the heat of her mouth when she stopped. I was on the verge of madness.

"Why did you stop?"

"It's a bit embarrassing when you're looking at me like that."

"Are you kidding? Are you embarrassed after doing everything you've done?"

"...."
