

A woman with long, flowing white hair and purple skin is looking down at an open book. She has intricate purple tattoos on her arms. The setting is a library with wooden bookshelves. A thought bubble above her head contains the text "Let's try that, get a second opinion."

Let's try  
that, get a second  
opinion.

Easy enough to  
weave that magic.

This should do.

Well,  
hello there.

Mister  
past Watt. May I  
borrow a moment of  
your time?

What?  
This is my spell. How  
did you...?

A thorough explanation later.

And as a result, this pregnant futa ditz is the current you.

A man with a shocked expression, wearing a brown suit jacket, a yellow shirt, and a black tie, stands in a library. He is looking towards the right. A woman with long, flowing blonde hair is partially visible on the right side of the frame. The background consists of tall wooden bookshelves filled with books. A speech bubble is positioned above the man's head.

Wow. That is  
super messed up.

There might be stuff we can try.

What would you say you could do?

Well, I borrowed  
your knowledge of things, so  
anything you think valid I  
can likely do.

Okay, let's try something then. Here's my idea.

TEXTBOOK  
OF  
PHARMACOLOGY
