

## **PAGE 35**

### PANEL 1

Big/wide panel. Still in the sheriff's office, Crystallina flies away, using magic to levitate Li Fang Fei and bring her along. Li Fang Fei's pose should be completely undignified, not that anyone but us is seeing her. We hear the Sheriff and Belinda from off-panel

CRYSTALLINA

I think we should give them some  
privacy, don't you think.

LI FANG FEI

Zzzz...

CRYSTALLINA

(cont'd from previous)  
I couldn't agree more.

SHERIFF ADAM

(from off-panel)  
N-no! Fiend! B-back off...  
(cont'd)  
Demon! Don't you dare...

SFX

(below previous balloon)  
SCHLOPP!

SHERIFF ADAM

(cont'd from previous; explosive  
balloon, large font)  
OH CATHOL!

### PANEL 2

Upper torso shot of Li Fang Fei, who's lying in bed, eyes half-opened, a hand on her forehead. She's wincing as if remembering a bad dream. Crystallina floats above her, levitating cross-legged, head resting on her fist. She looks bored.

CAPTION

Much later.

LI FANG FEI

Oooh...

(cont'd)

What a nightmare...

CRYSTALLINA

Finally! You slept for a day! I was getting bored.

PANEL 3

Zoom out. We're back in her room at the inn where Li Fang Fei stayed at the beginning of the story. She's sitting up in her bed, she sheets falling off her. We see two important points: she DOESN'T have a dick anymore, and her breasts have returned to a normal B-cup (her regular size). Her hair is completely loose around her shoulders, cascading in her back (very very long). Crystallina straightens up, looking annoyed.

LI FANG FEI

WAIT! I'm back to **NORMAL!**

CRYSTALLINA

Yup, the spells finally ran out.

PANEL 4

We're now facing Li Fang Fei, who is staring ahead with a dull stare, reciting the words that Crystallina is expecting her to speak (lest she suffer more humiliating circumstances). Crystallina hovers to the side, clapping her hands enthusiastically.

CRYSTALLINA

And what have we learned about having a dick?

LI FANG FEI

"That if I had one, I'd be leering at women like they're pieces of meat."

CRYSTALLINA

Booyah!

PANEL 5

Li Fang Fei gets up, holding the bedsheets around her to preserve her modesty (a silly reflex considering Crystallina has

already seen all there is to see about her, and more). She looks around, annoyed. Crystallina looks very pleased with herself, anticipating what comes next.

LI FANG FEI

It looks like I don't have any clothes anymore.

(cont'd)

What am I supposed to wear now?

CRYSTALLINA

Oh, I can help with that.

PANEL 6

Vertical panel, as much as possible. Li Fang Fei (now surrounded by magical sparkles from Crystallina's spell) is now wrapped in a tight black leather outfit (and high-heeled boots) that looks like the ref below. Li Fang Fei's hair is also braiding itself into a thick, long braid that springs from high behind her head (unlike ref). This is DEFINITELY not a modest outfit, and although LFF's body is back to normal, a enough of it is now exposed as to invite sexual advances.

LI FANG FEI

Aw, come on!

(cont'd)

I'm not wearing any underwear, am I?

CRYSTALLINA

What would be the fun in THAT?

CAPTION

(bottom right)

FIN.

REF (this was created using AI for inspiration only. Feel free to simplify it as AI really suck when it comes to simple character design. It's not sure if we'll do more LFF in the future, but if so, it should be something simple to draw. It doesn't need all the froufrou, ornaments, and straps that are illustrated below.)
