I did not have a thumbnail for page 27 since I added it in after realizing I didn't have a proper shot of the castle.

I have no idea where the thumbnails are for Episode 1...I'm not entirely sure that I did thumbnails for that one?? So these pages are for eps 2 and 3. I'm working on the next episode now so it should be out soon!

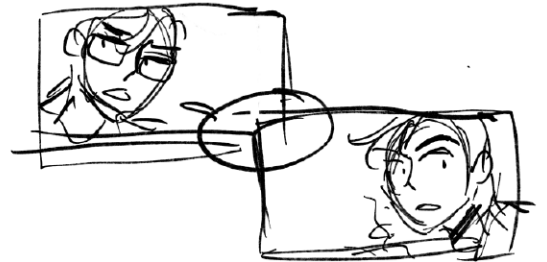

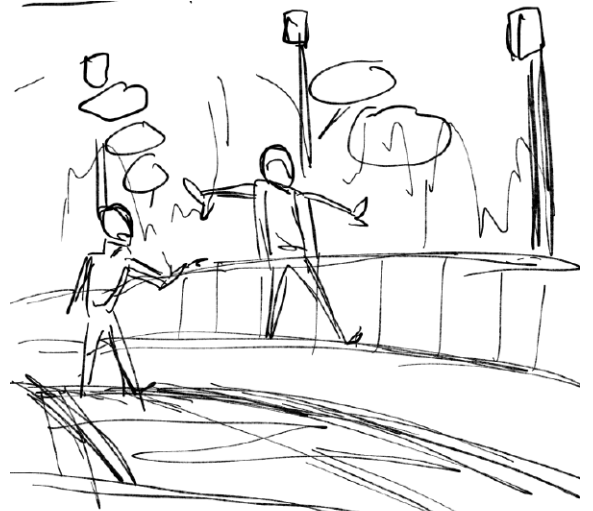

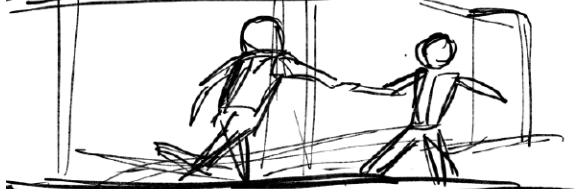

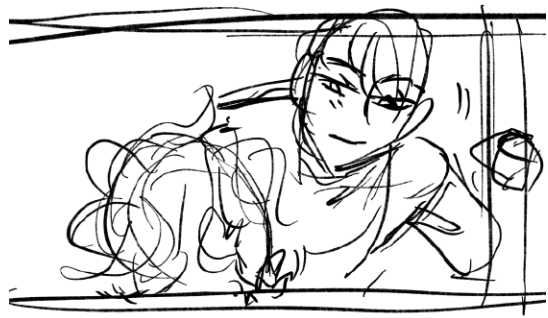

I did these thumbs digitally for some reason??
They're split up per page by file here, so you
can see how giant these page files are;;

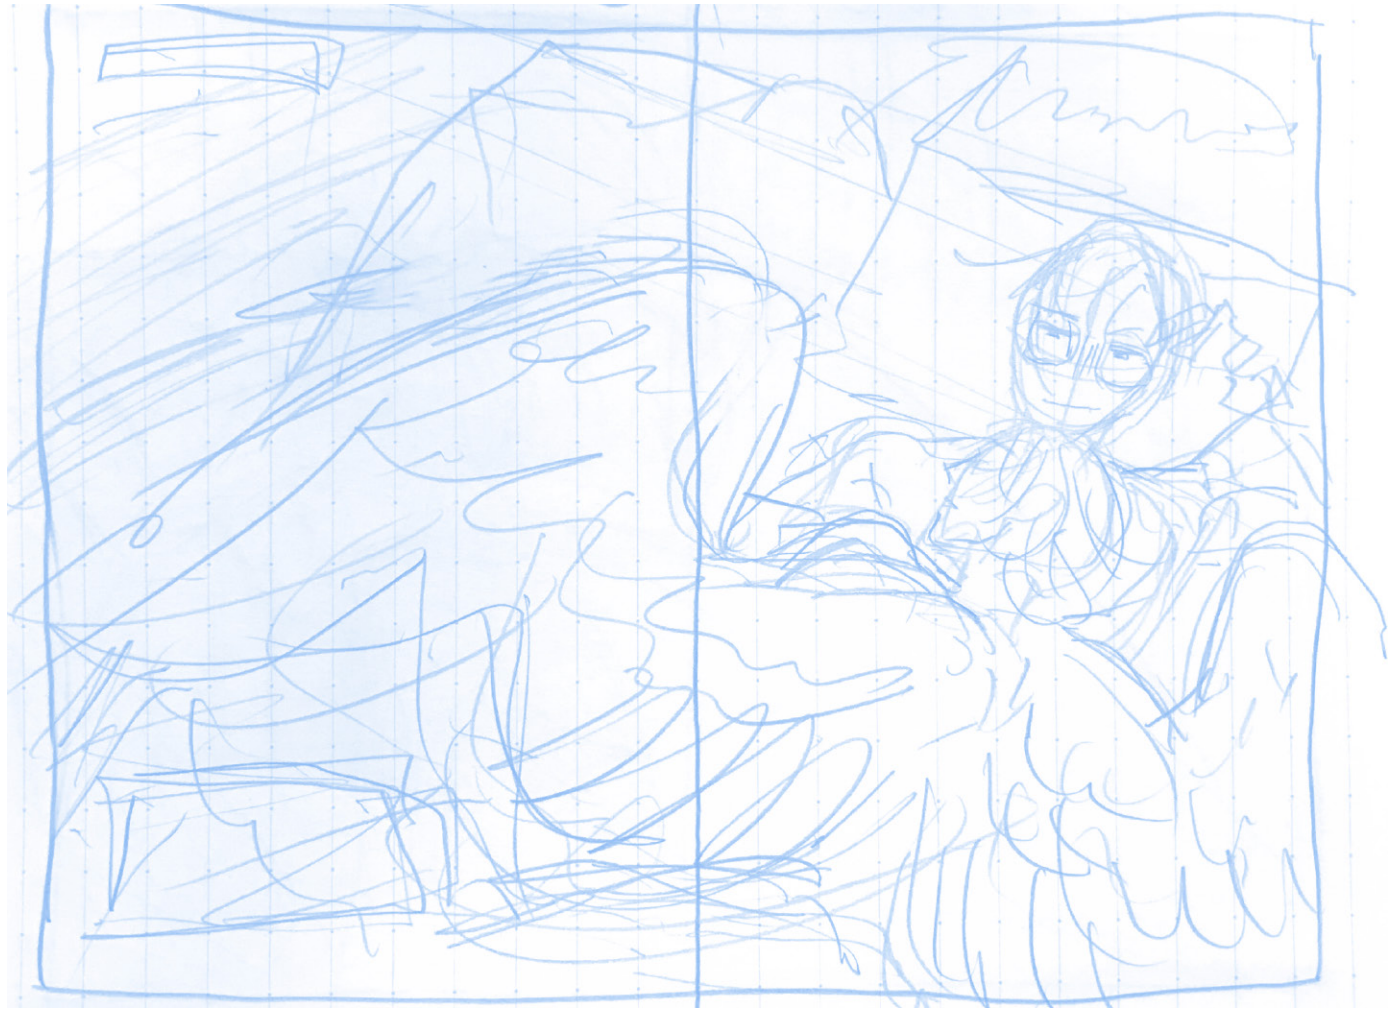

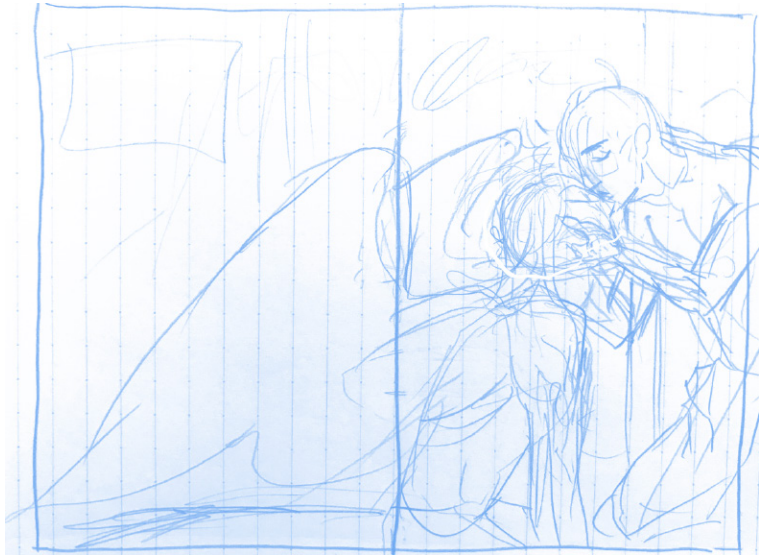

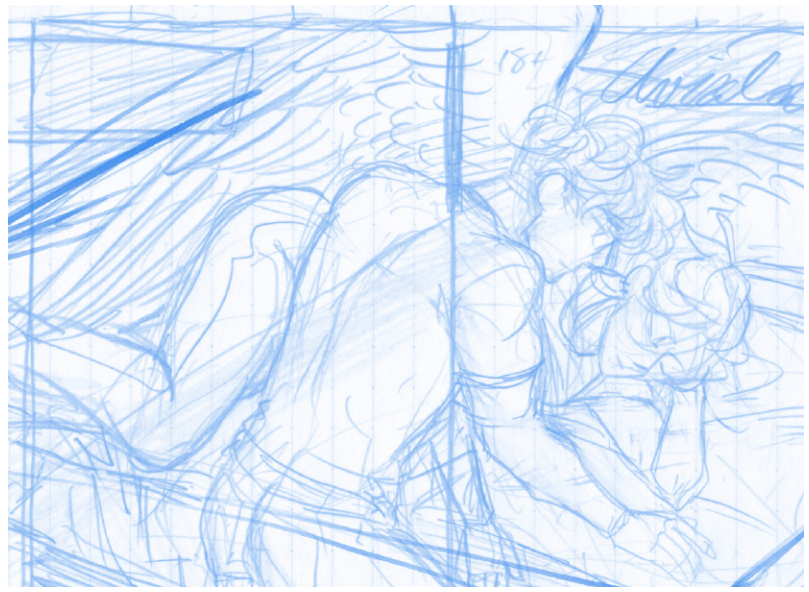

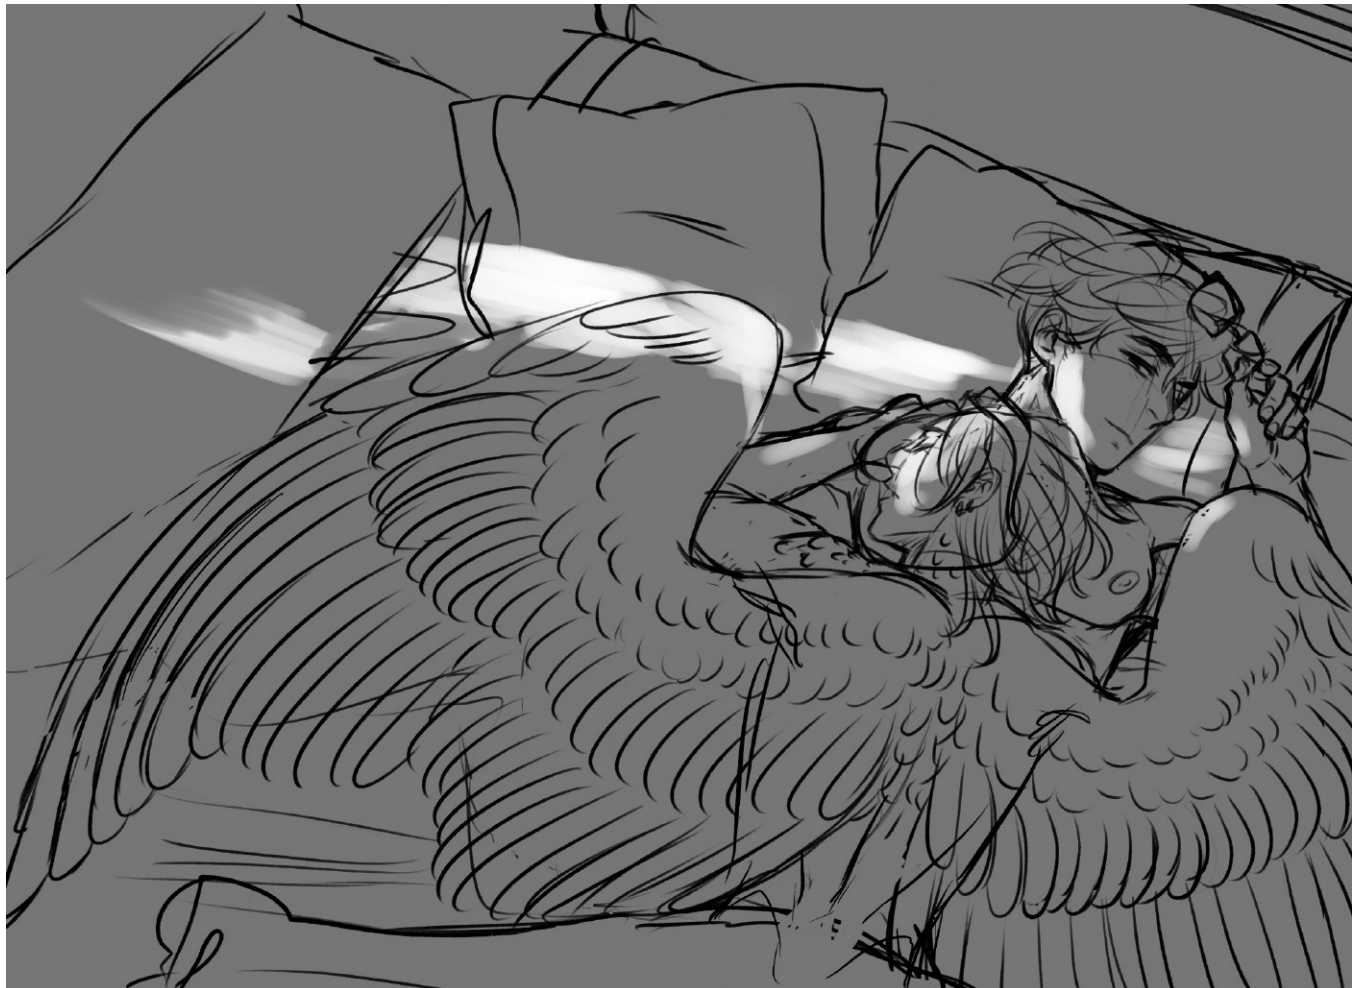

Ha ha...I gotta start making these episodes shorter somehow. This is the equivalent of like 10+ regular comic pages which is why it takes me so long to finish one atm;;

Here's my process for creating the Ch 4 cover! I usually have a pretty clear idea for the cover composition, but this time I went through a few variations before I settled on one.

Back

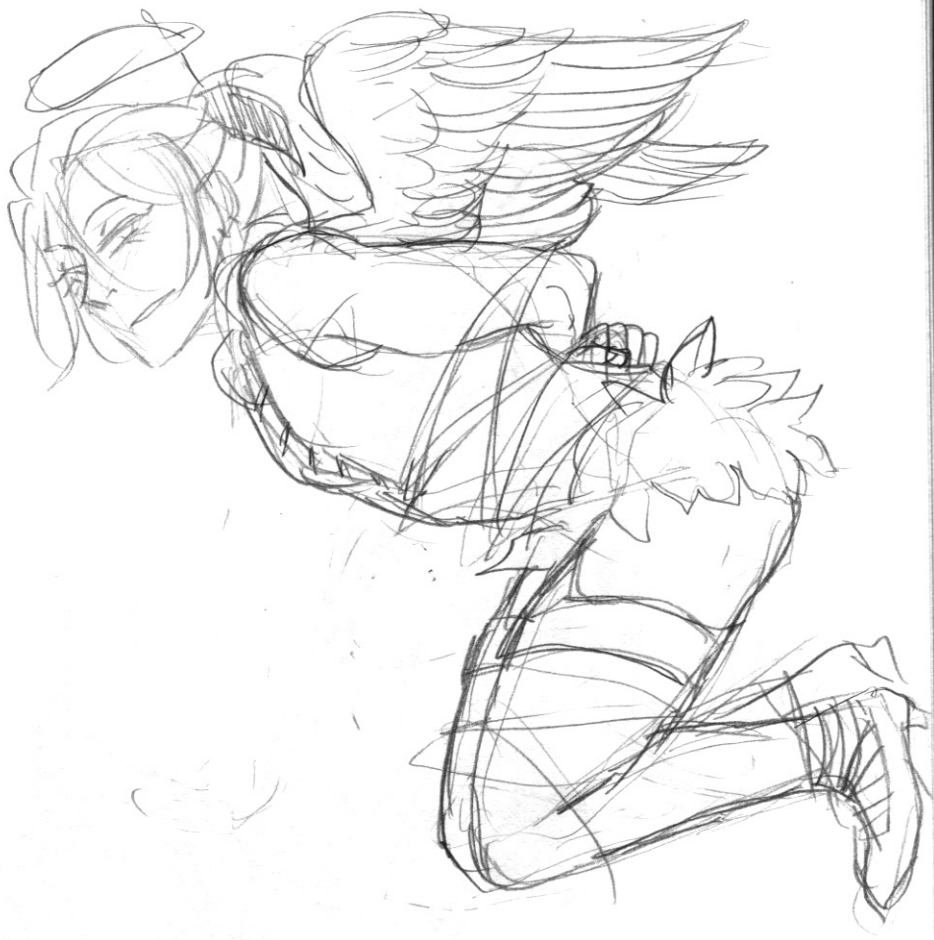

Headphone wrap keychains have been pretty popular in Japan and the western con scene for awhile, so I wanted to make some of my own! U make a boy...then u tie him up with ur headphones...nice.

Sketches for the Gannet
headphone wrap keychain!
Trying to get the wings to
work with the headphones
was a time.

The Avialae doujin that went up last month was SUPPOSED to be valkyrie Gannet/dead knight Bailey, but predictably I made it too long and complicated to fit into my schedule. I already have a few pages started so it'll hopefully come out this winter for \$10+ patrons. (I'm required by law to make the next one Halloween themed.)

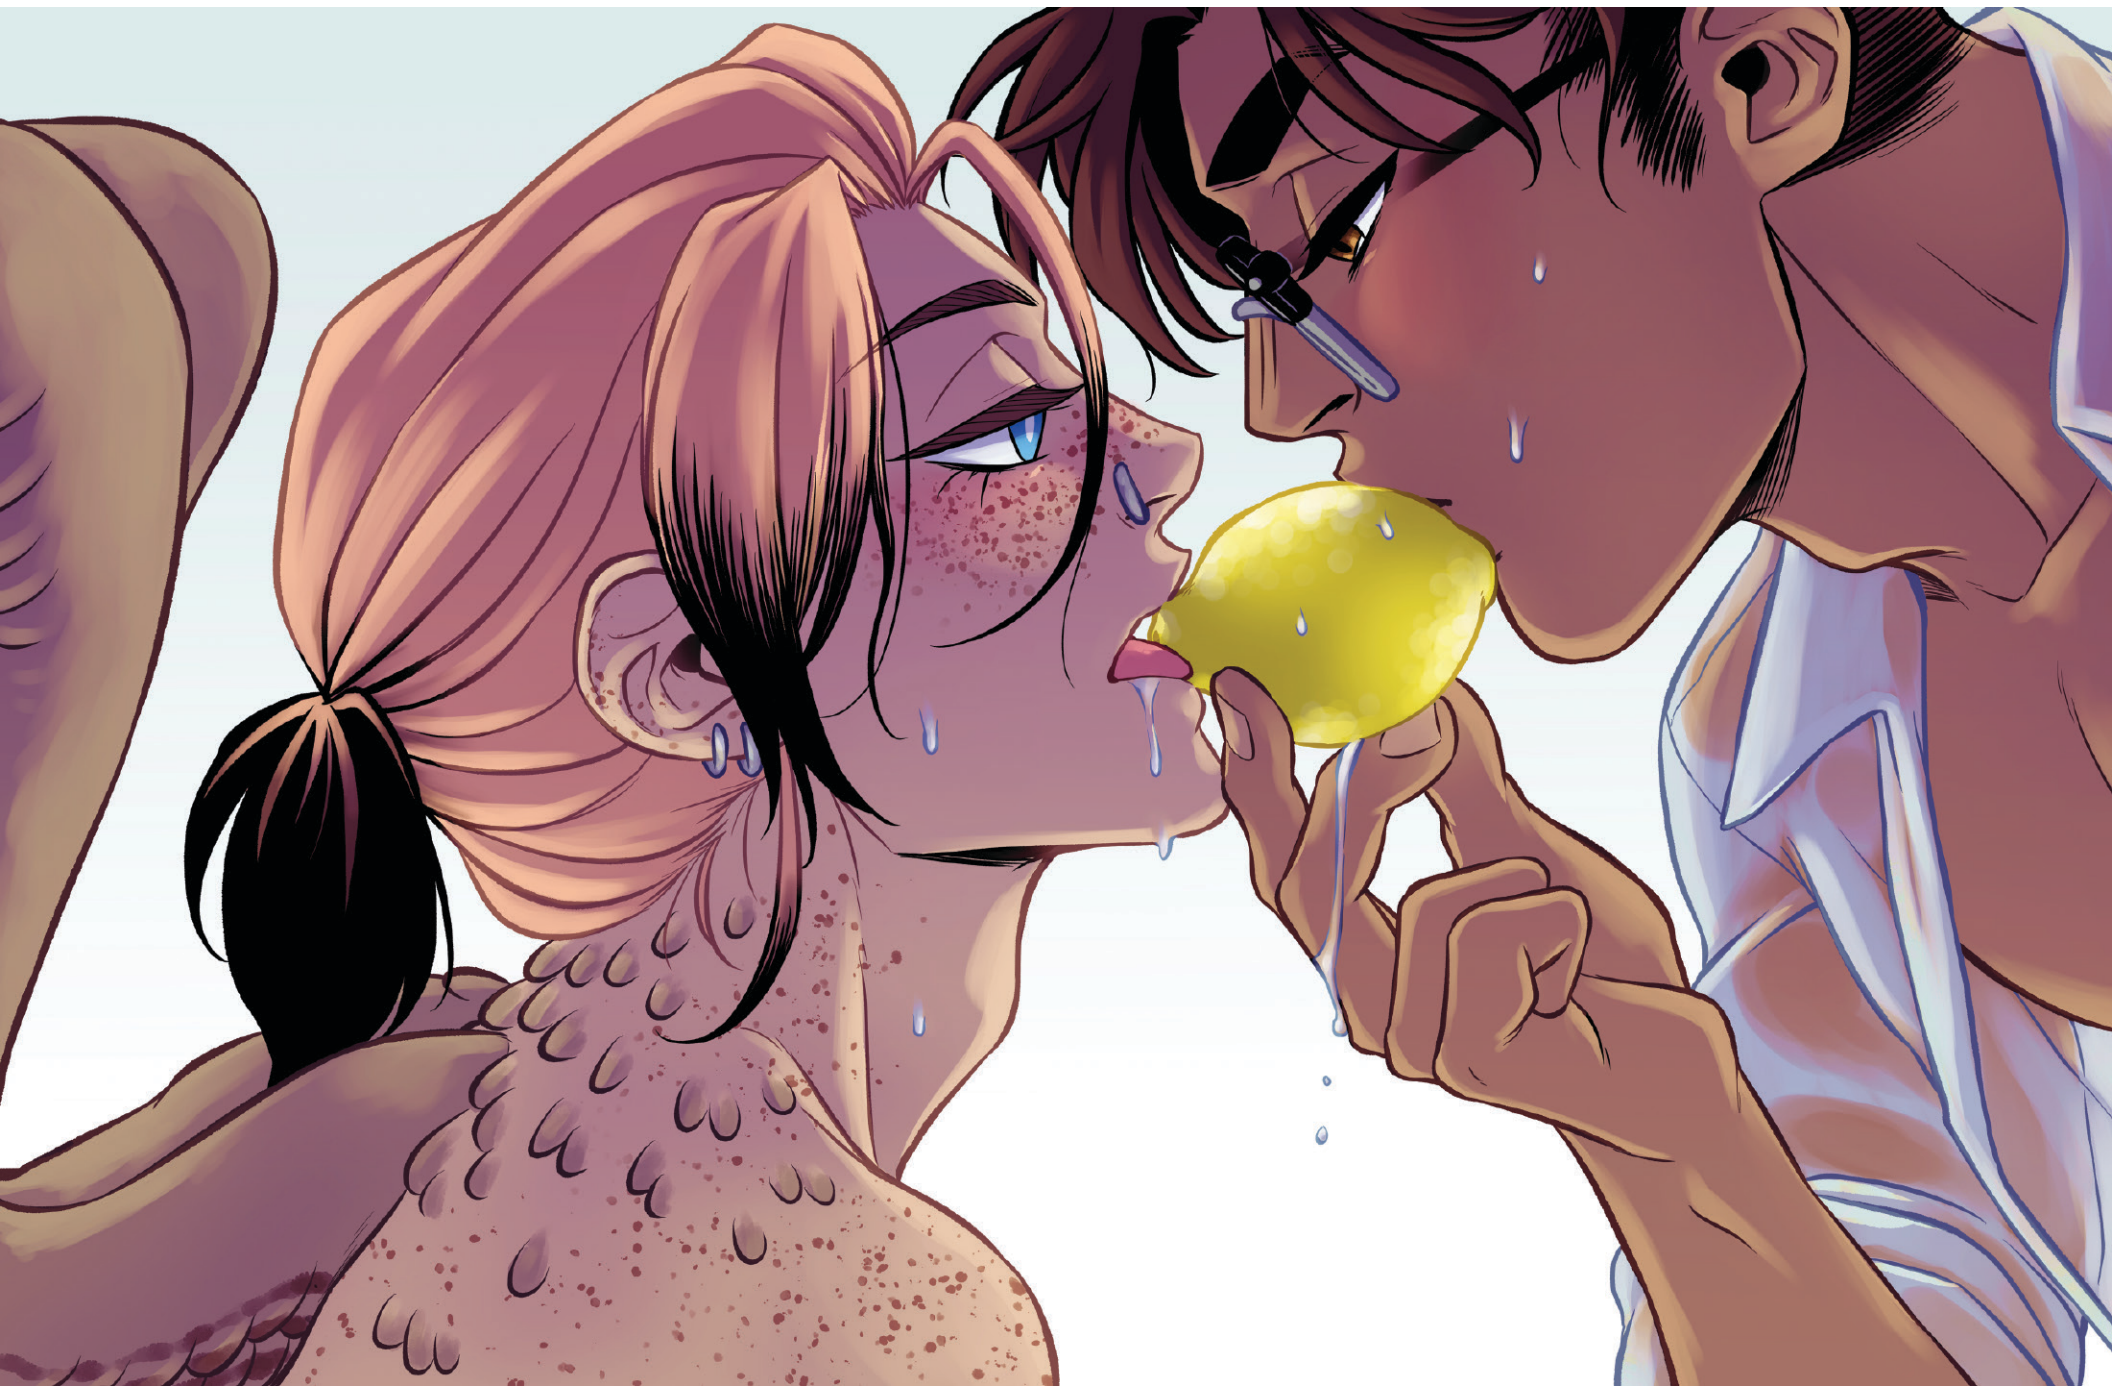

STAND.

gasp

Same as the last PDF...there are some Big Avialae spoilers in this section, so I've marked them off after the NSFW section.

Also hello Free! is back and is all I care about fandom-wise.

I was on a good ol fashioned high fantasy kick for awhile and I made some OCs that I definitely have a story for but refuse to explore them further bc I Do Not Have Free Time Ever.

A different iteration of mer Gannet!

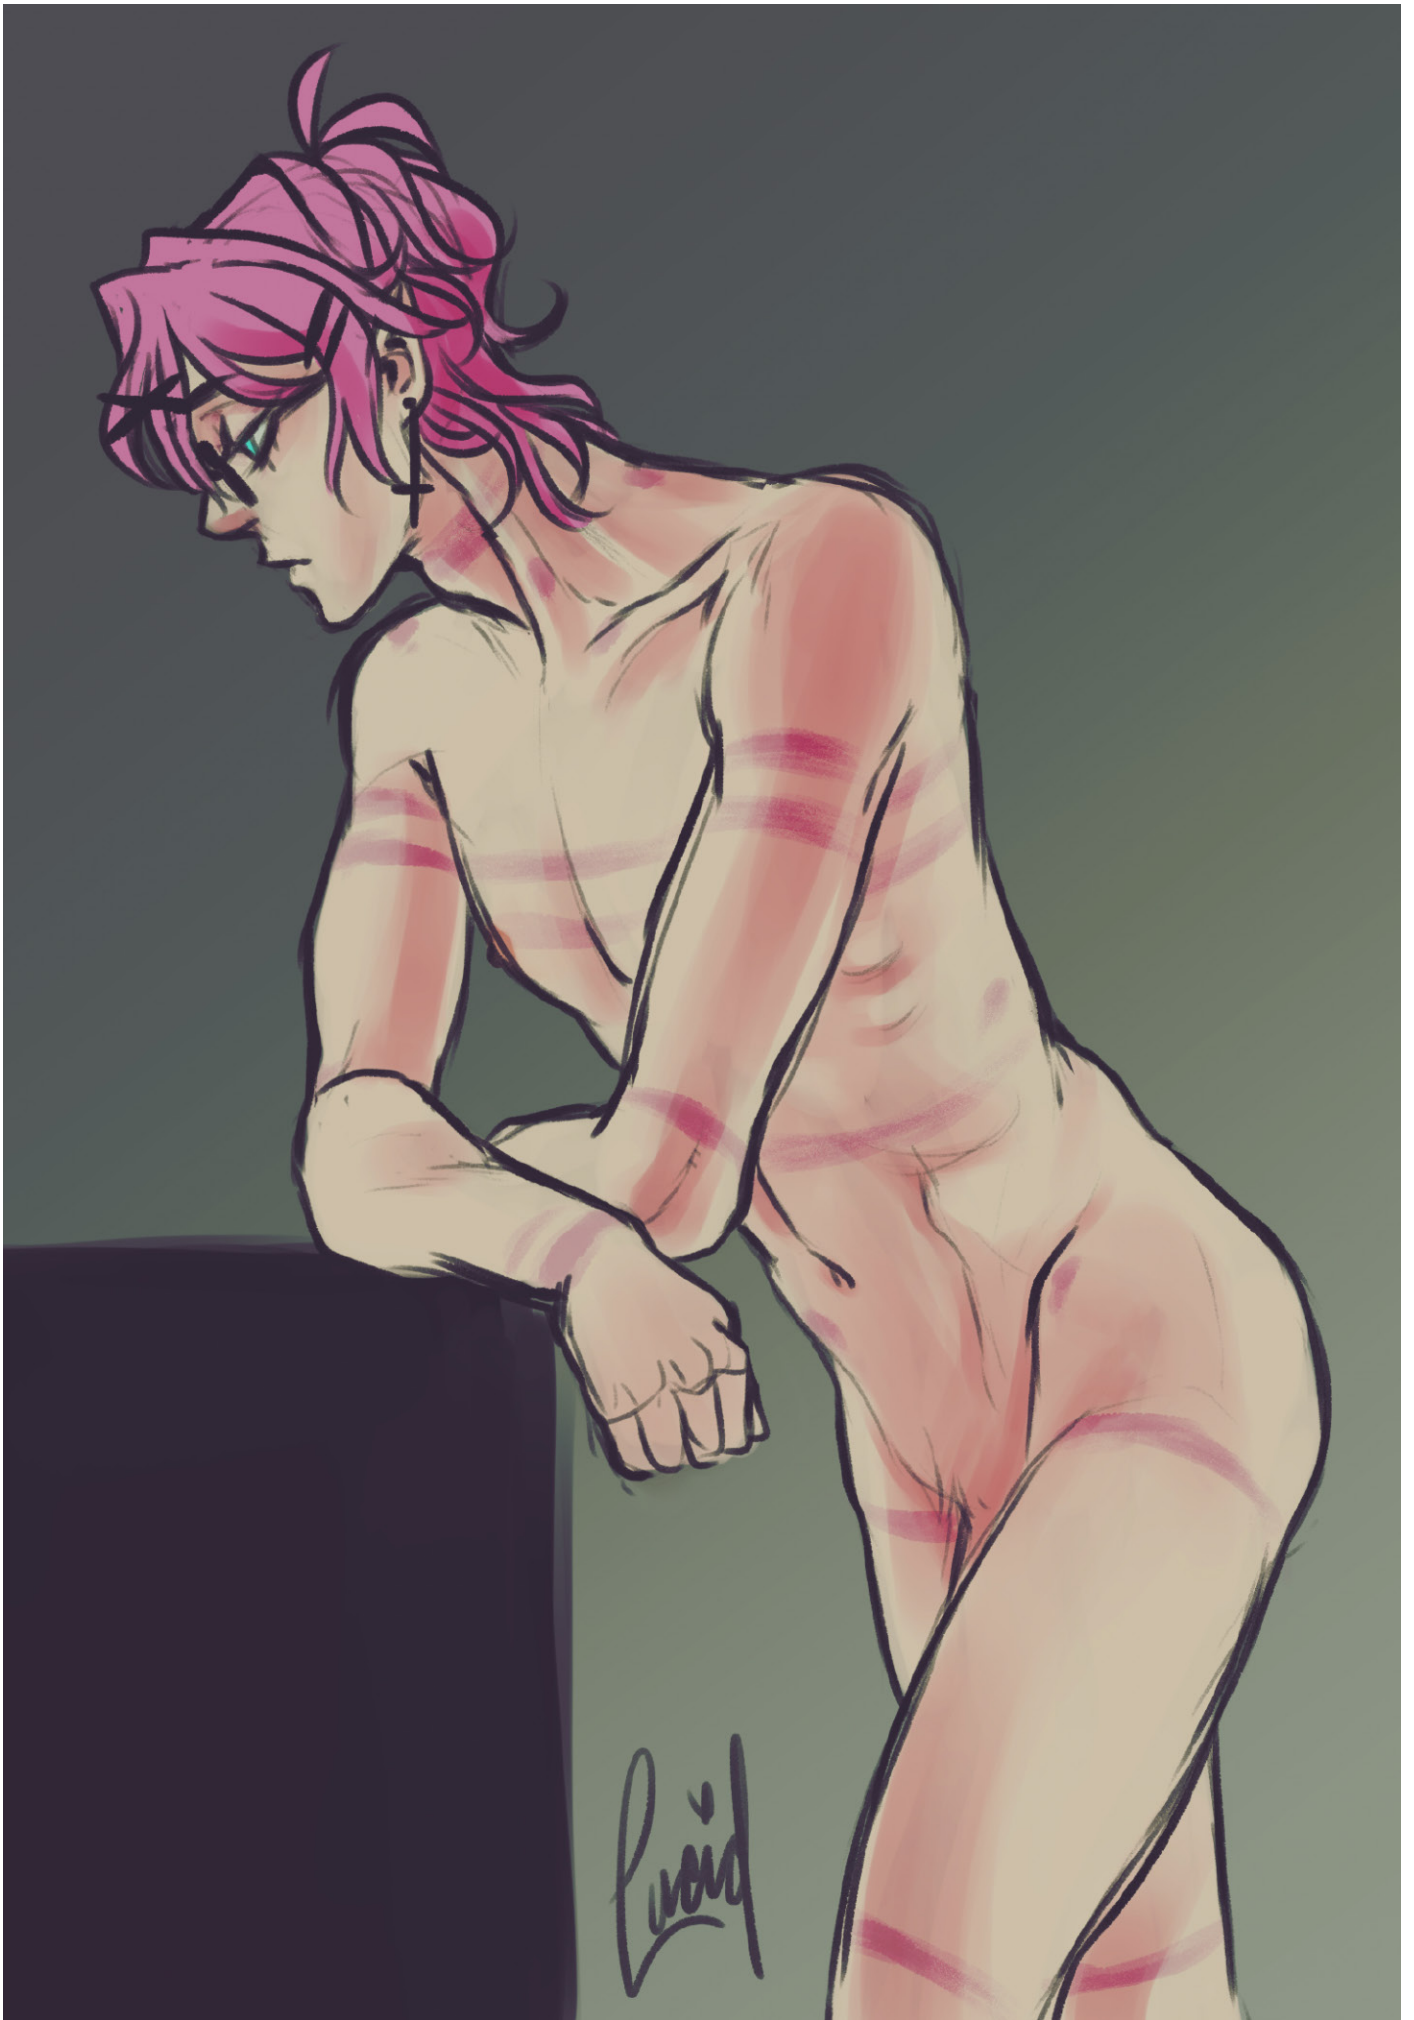

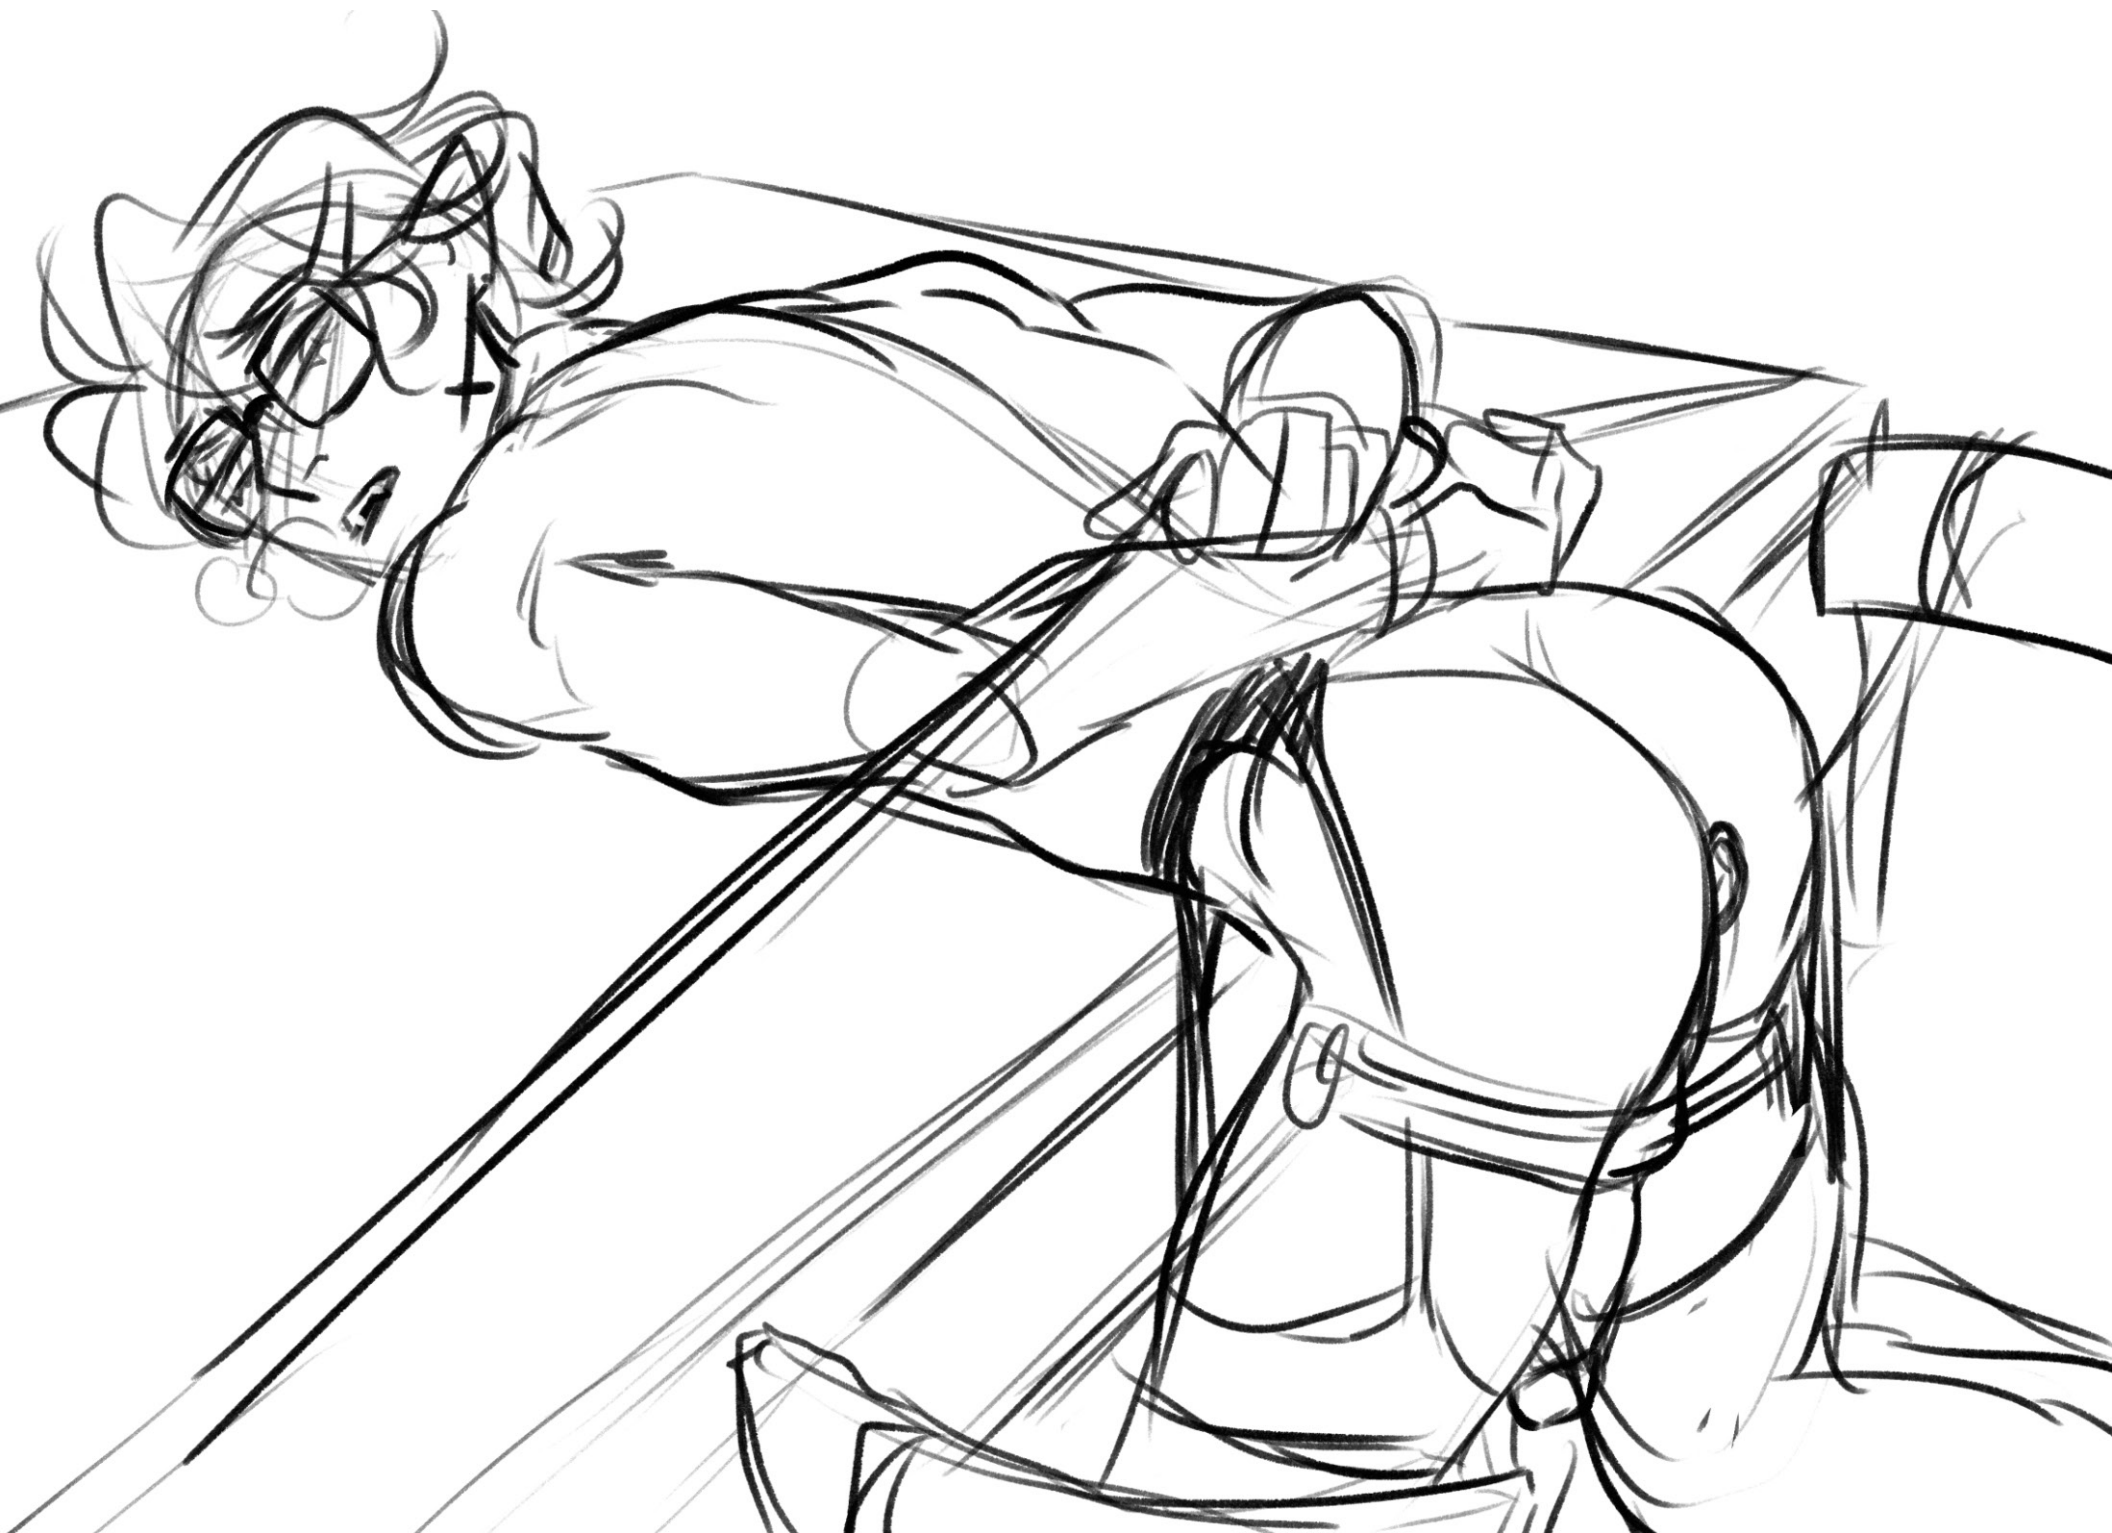

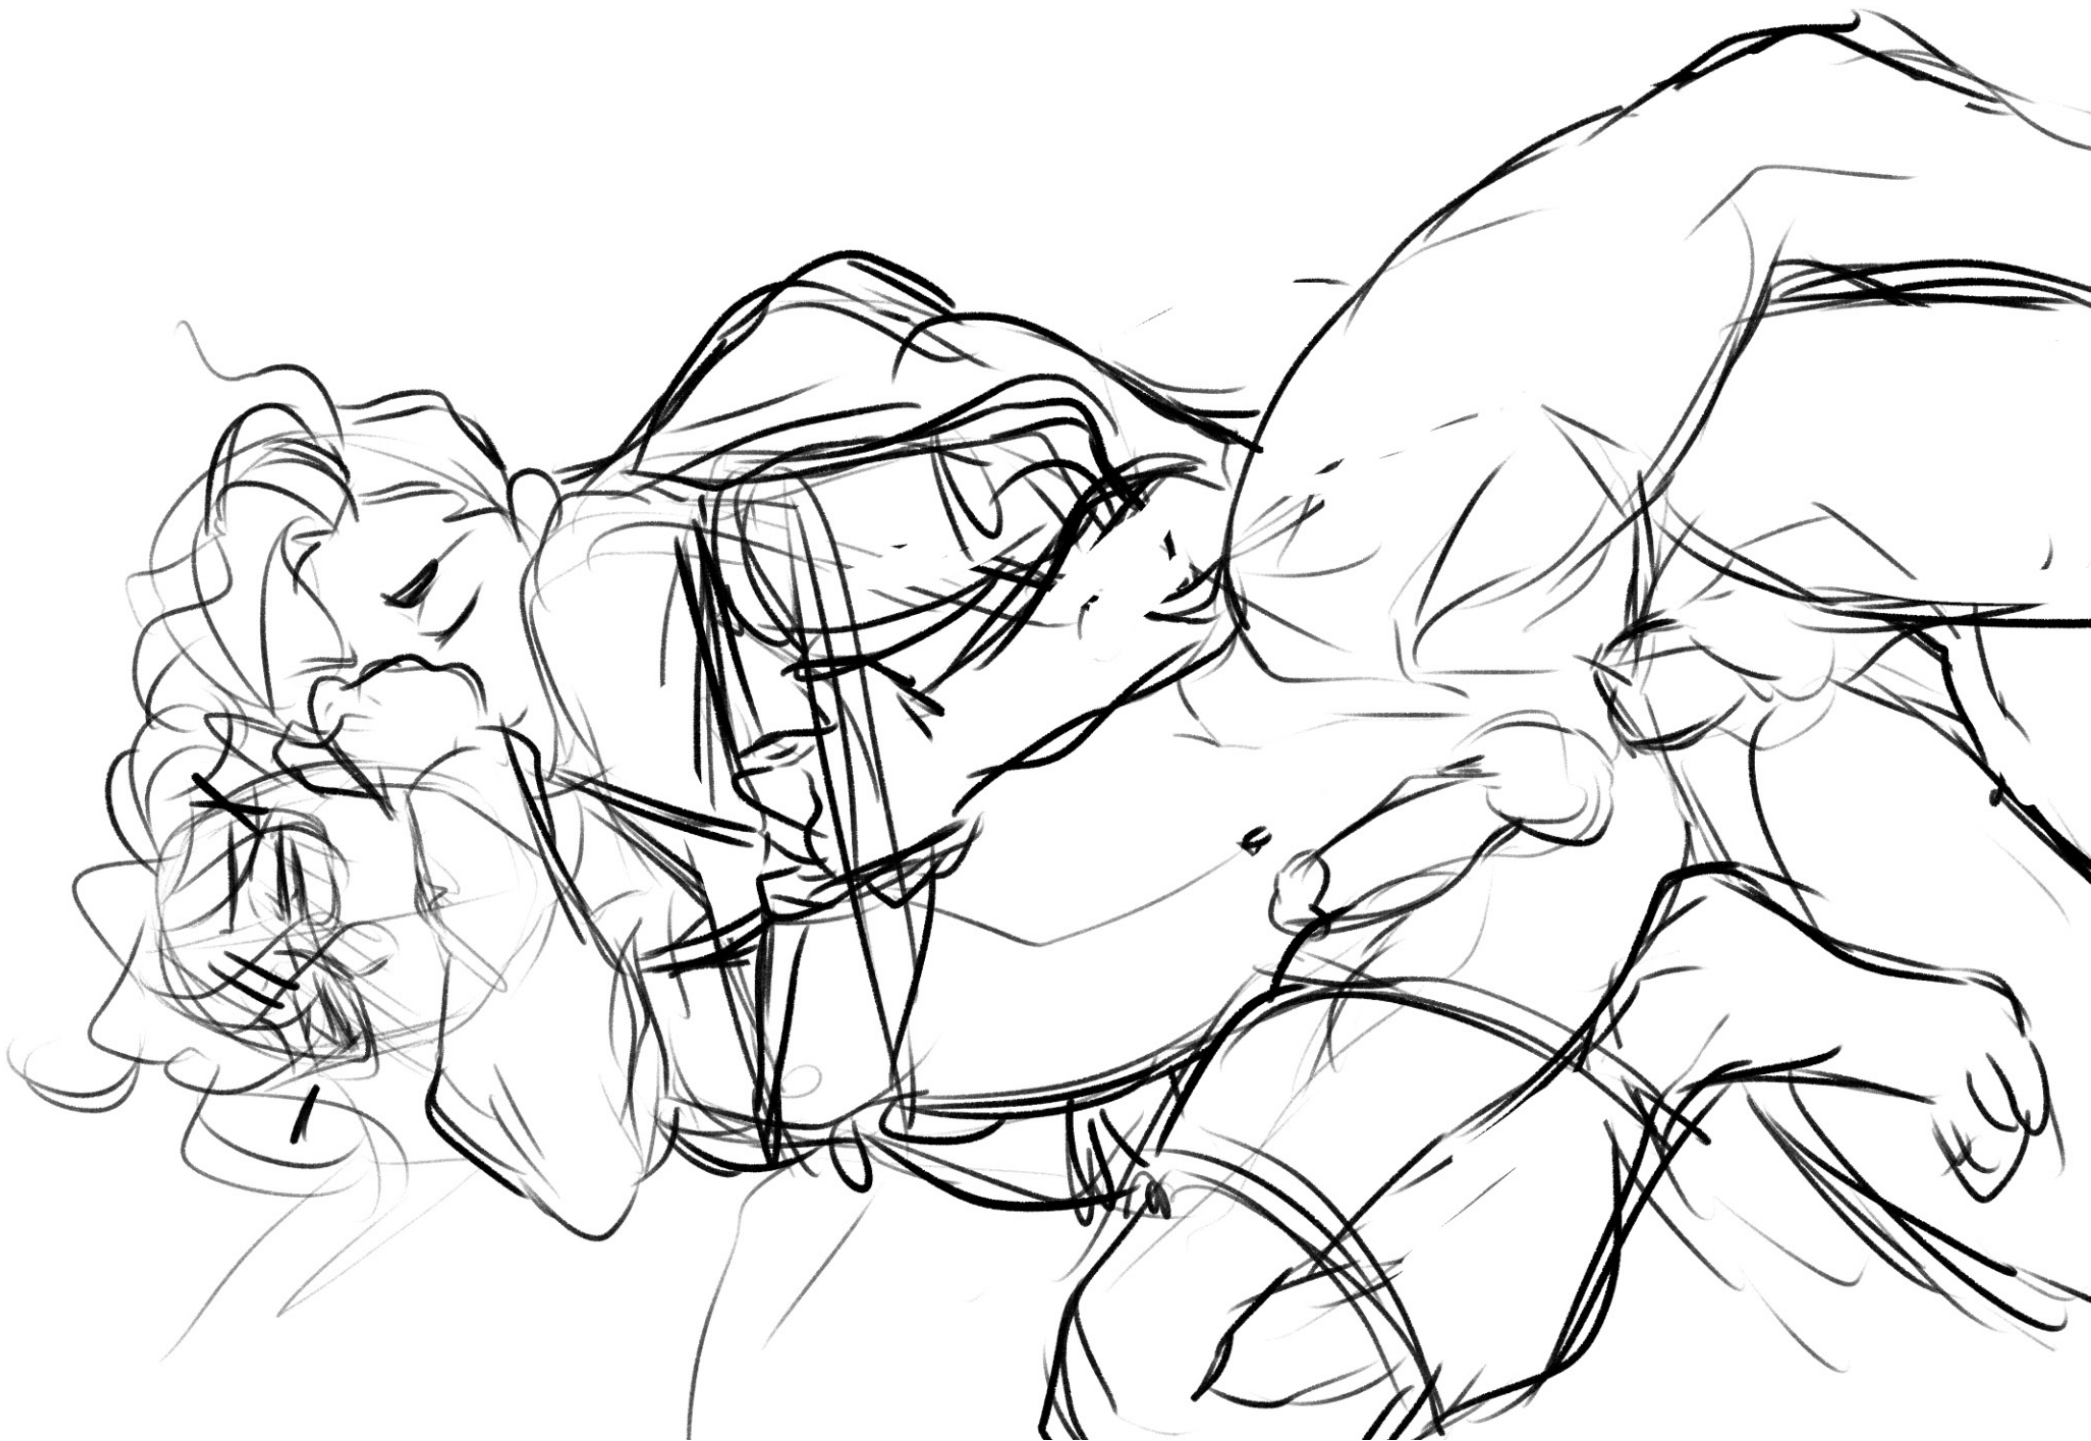

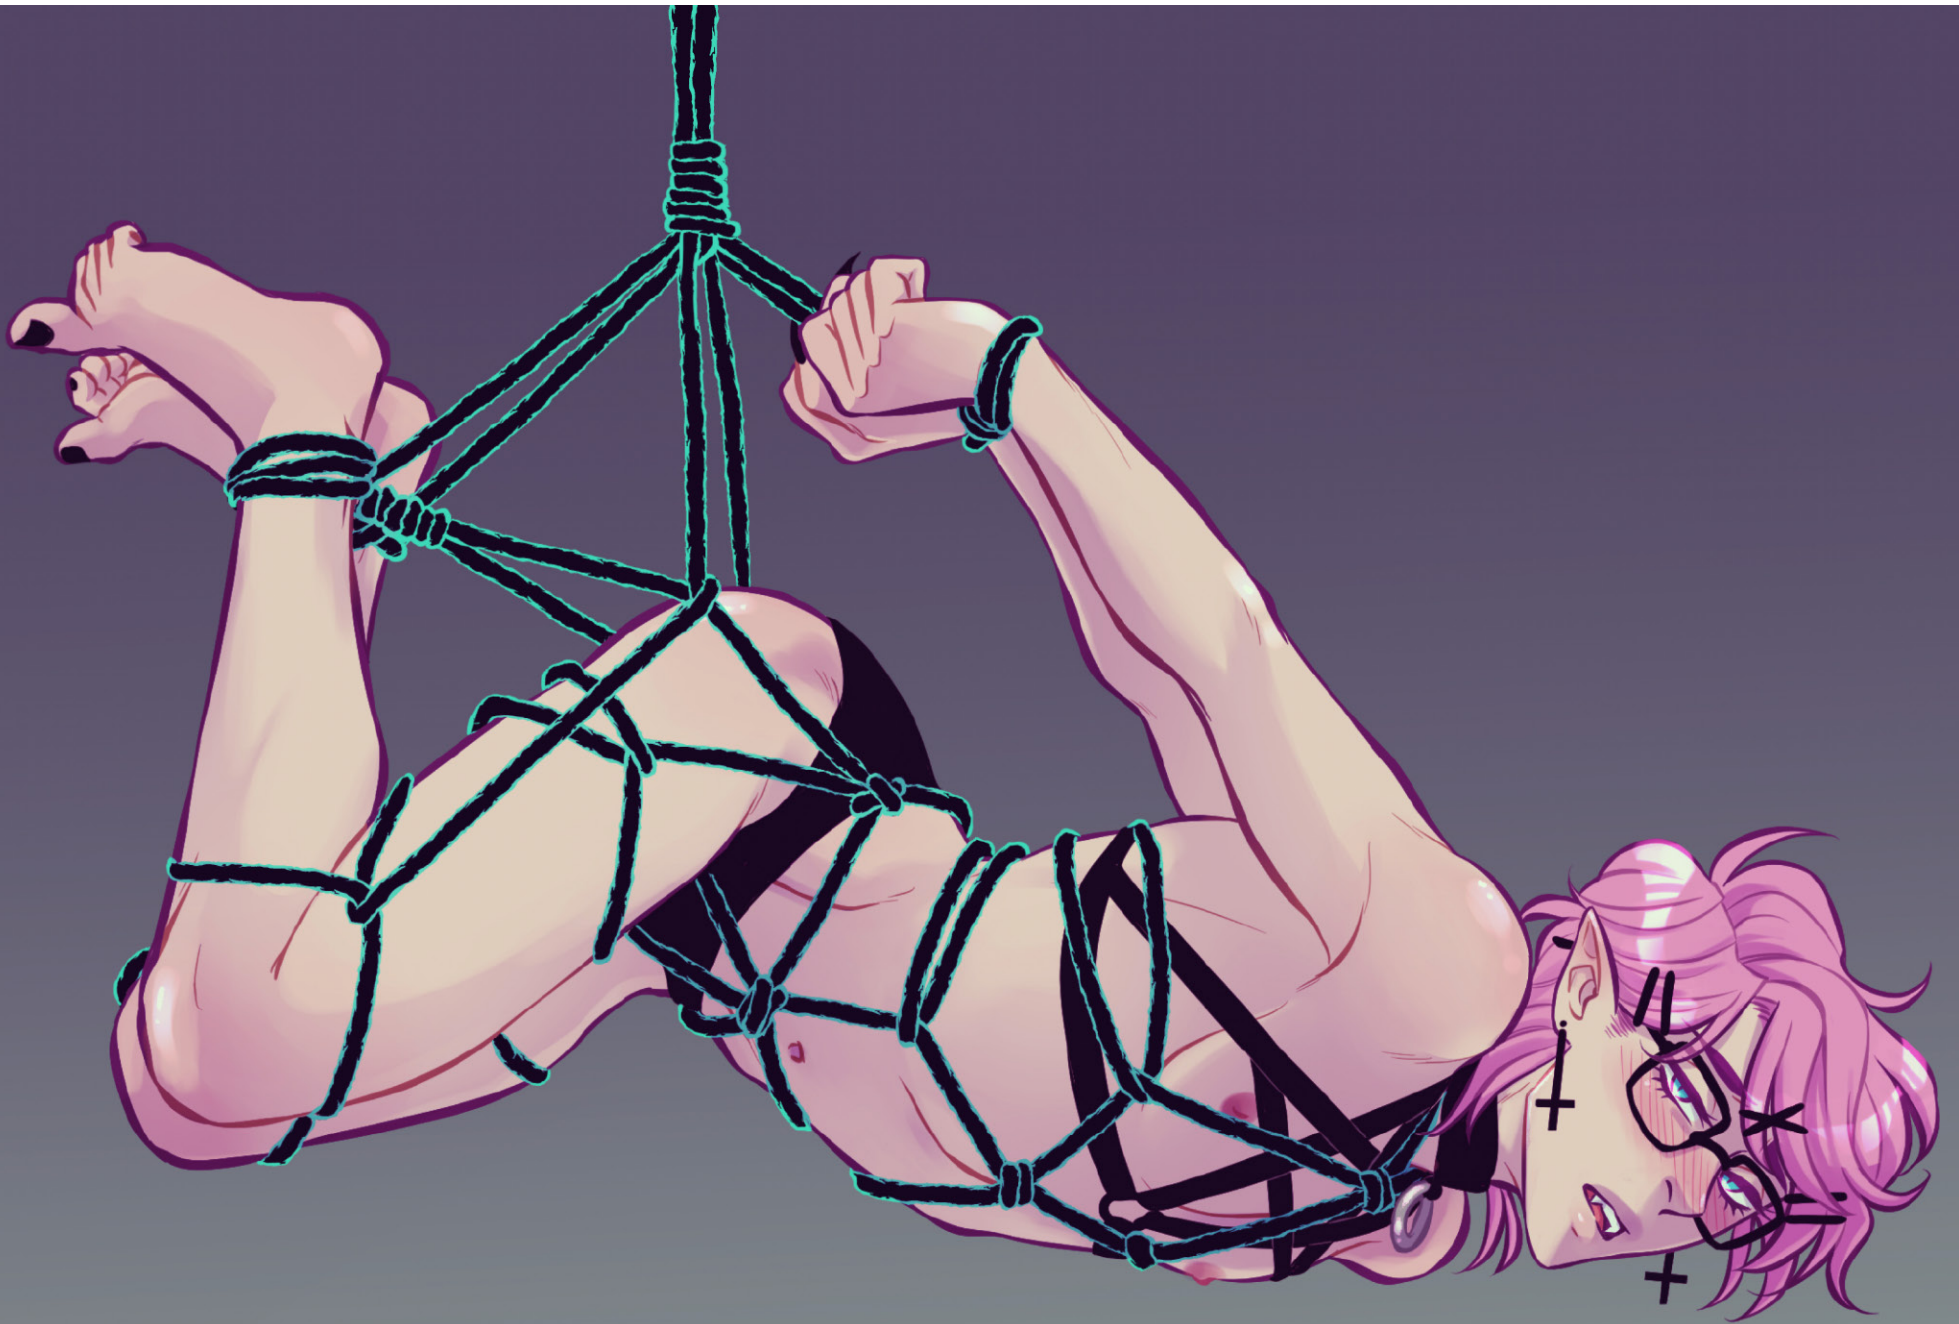

Gannet

There's more info on this large
bird man in the last PDF, but this
is King Ezra who you will meet
very very soon in the comic!

And this is Silas...
Gannet's human father...
SWEATS...

This is the only drawing of Ezra
that matters.
