

People think I'm friendly..

But that was just a mask.

Because I know

When they inevitably die,

I won't remember what any of them looked like at all.

Except you, Cherie.

I never had to pretend when I'm with you..

Whenever we're together, I feel.. things

Things that I never thought I was capable of..

Maybe that's why I set your birthday as my PIN..

Maybe I just wanted to preserve the memories where I wasn't treated like a freak.

..Freak?

Cherie,

You made me feel human.

So please..

Don't join Sector 1.

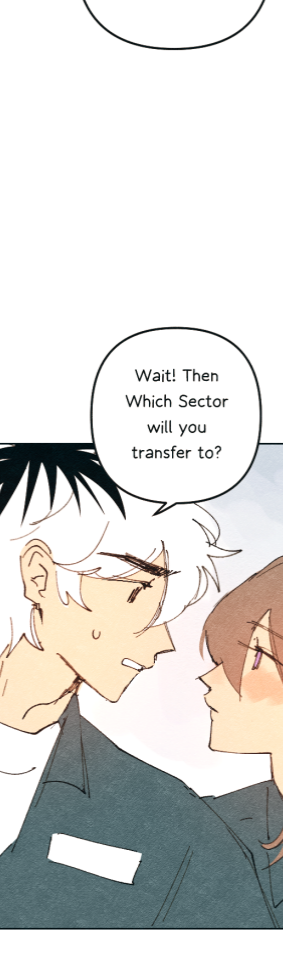

Even the low profile missions are dangerous..

You could be arrested, kidnapped by rival gangs, or just get hurt..

I've never seen Crush so worked up..

Just thinking about it is torture to me..

I might go crazy if anything happens to you in the Syndicate.

He's shaking..

Ugh, fine!

R-really?

Uh huh, I'm super rusty anyways!

Plus, I heard you guys are always on the road, that'll mess up my schedules!

Not to mention the million fake identities I'd have to memorize.

It's just not worth it!!

My supervisor already said I could transfer the day after tomorrow.

So..

You don't have to lose your mind thinking about it anymore, okay?

Wait! Then Which Sector will you transfer to?

You said so yourself..

Sector 7 needs people too, don't they?

Augh.. Why is my ear so itchy?!

It's probably spiders, you know they like crawling into your ears and mouth when you sleep, right?

WHAT?!
