

# Eyes Expressions

Parte II

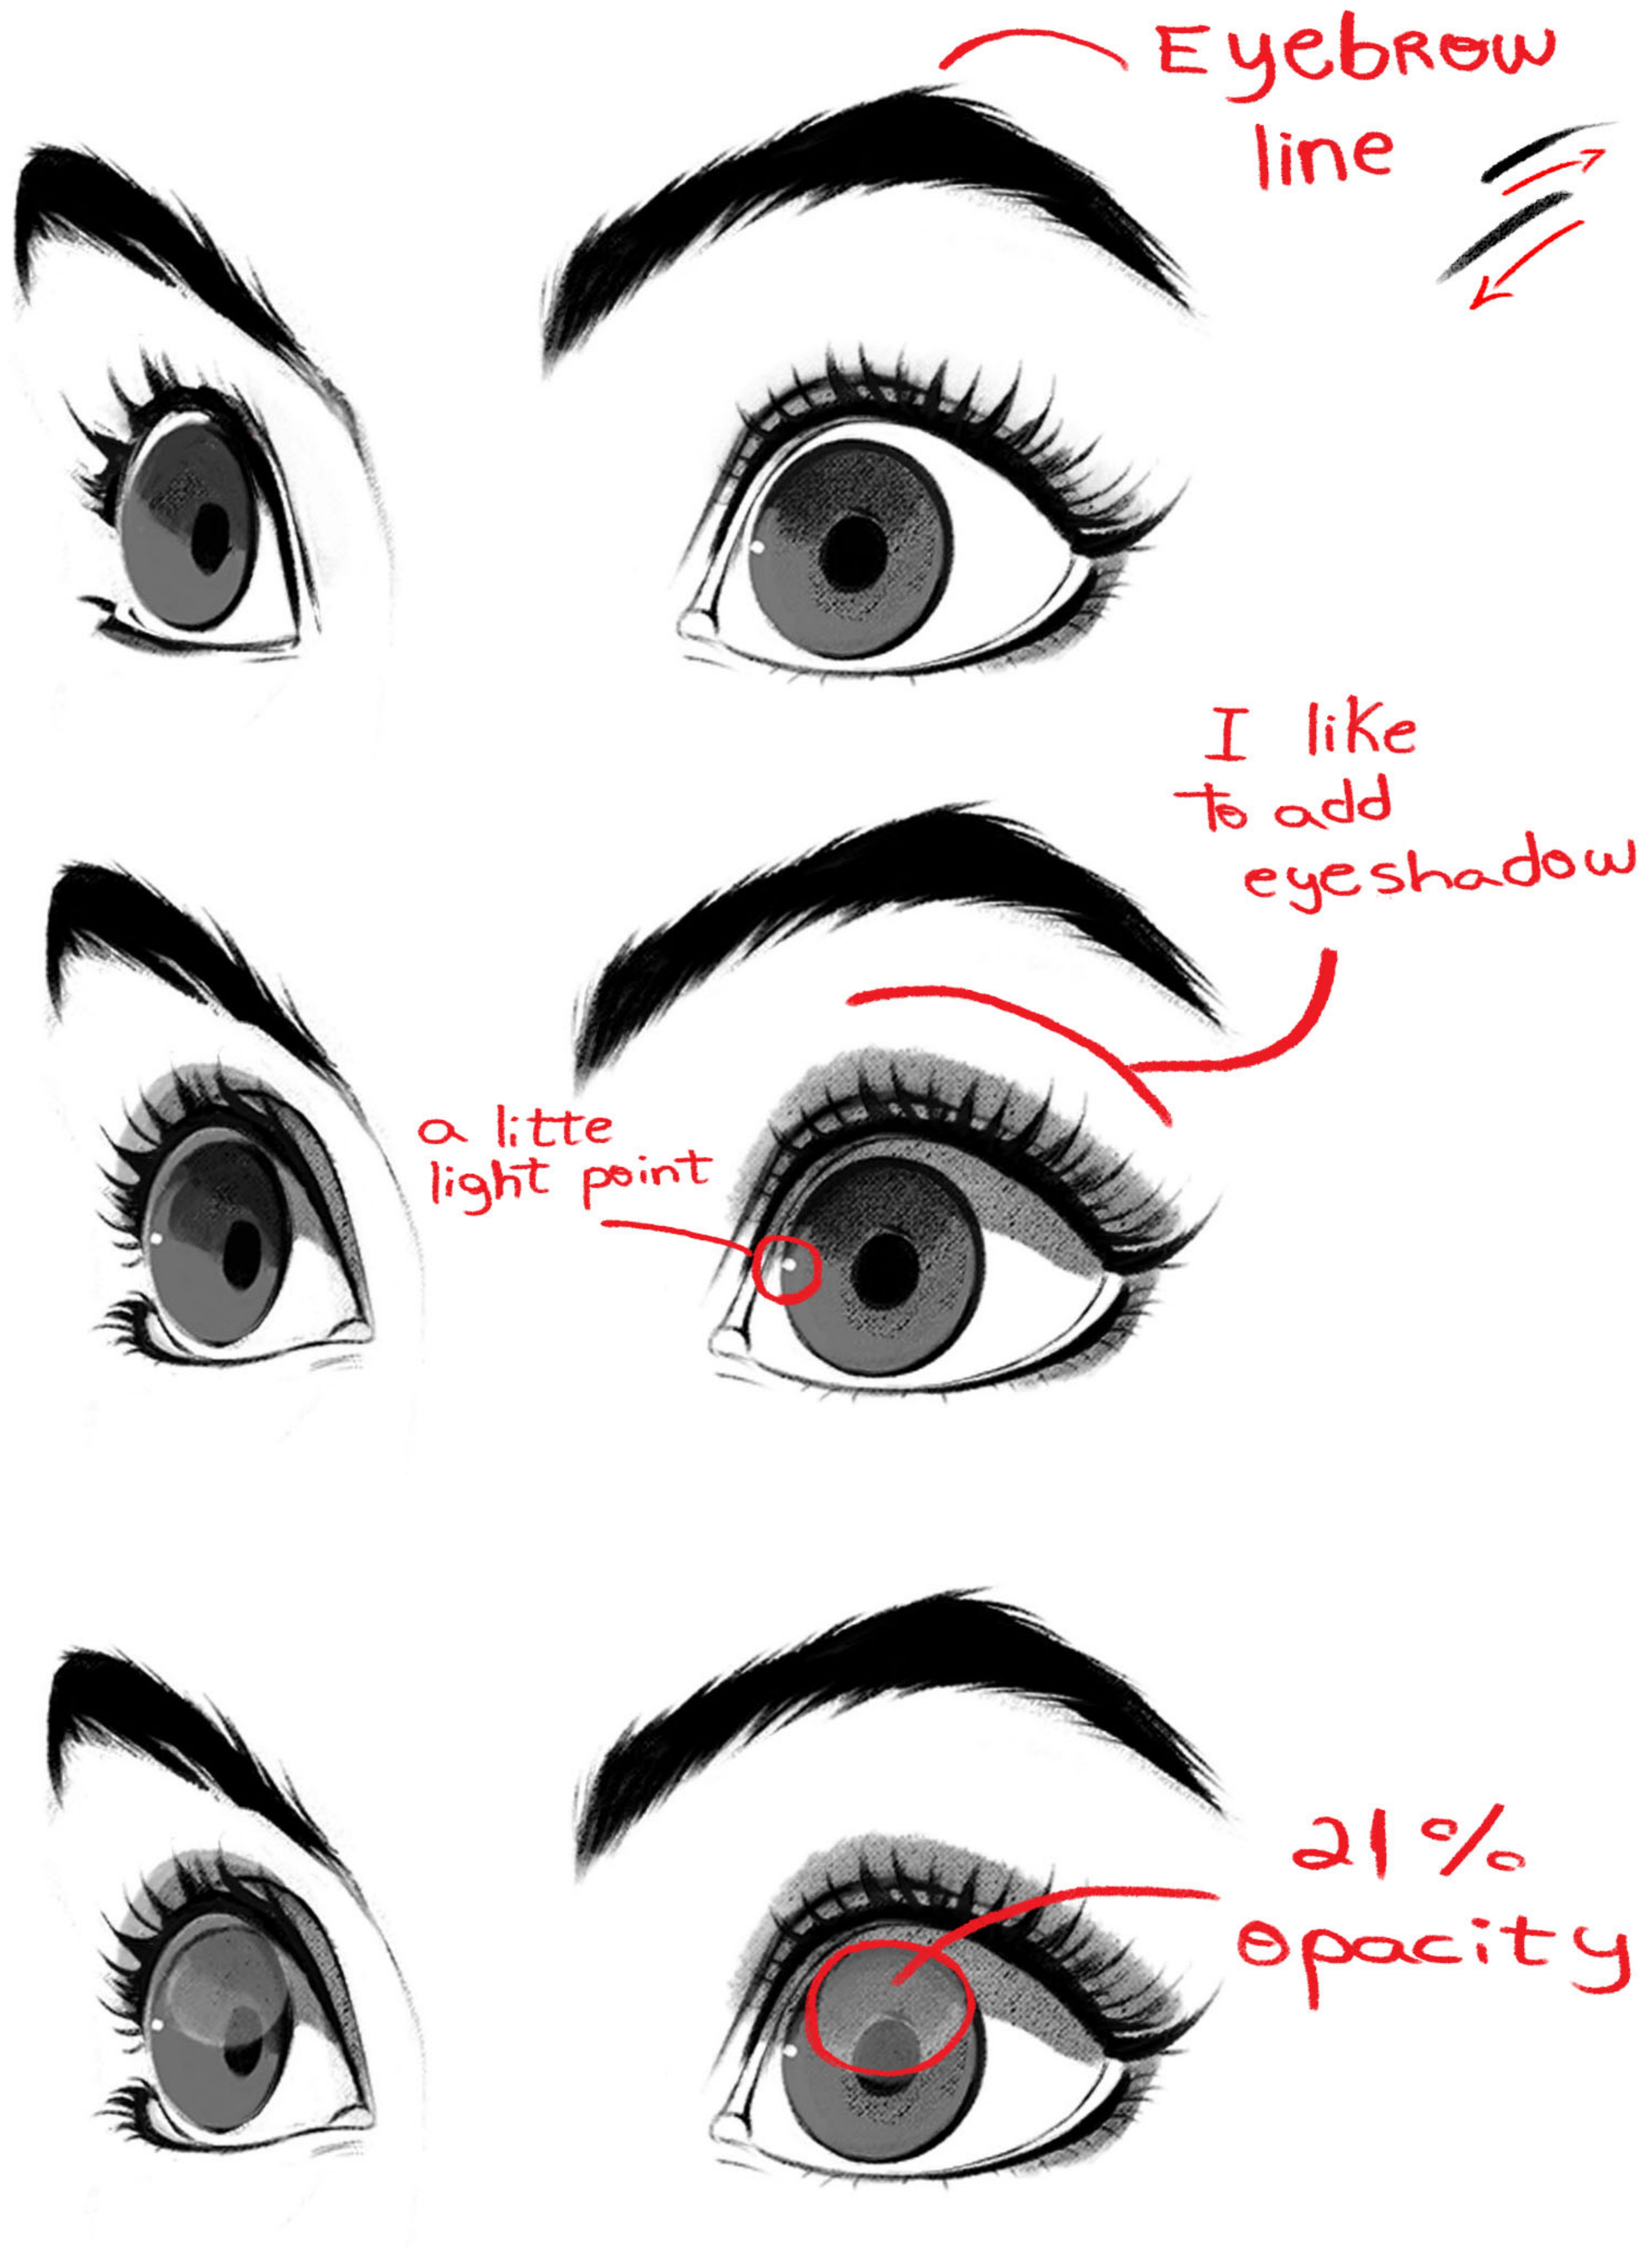

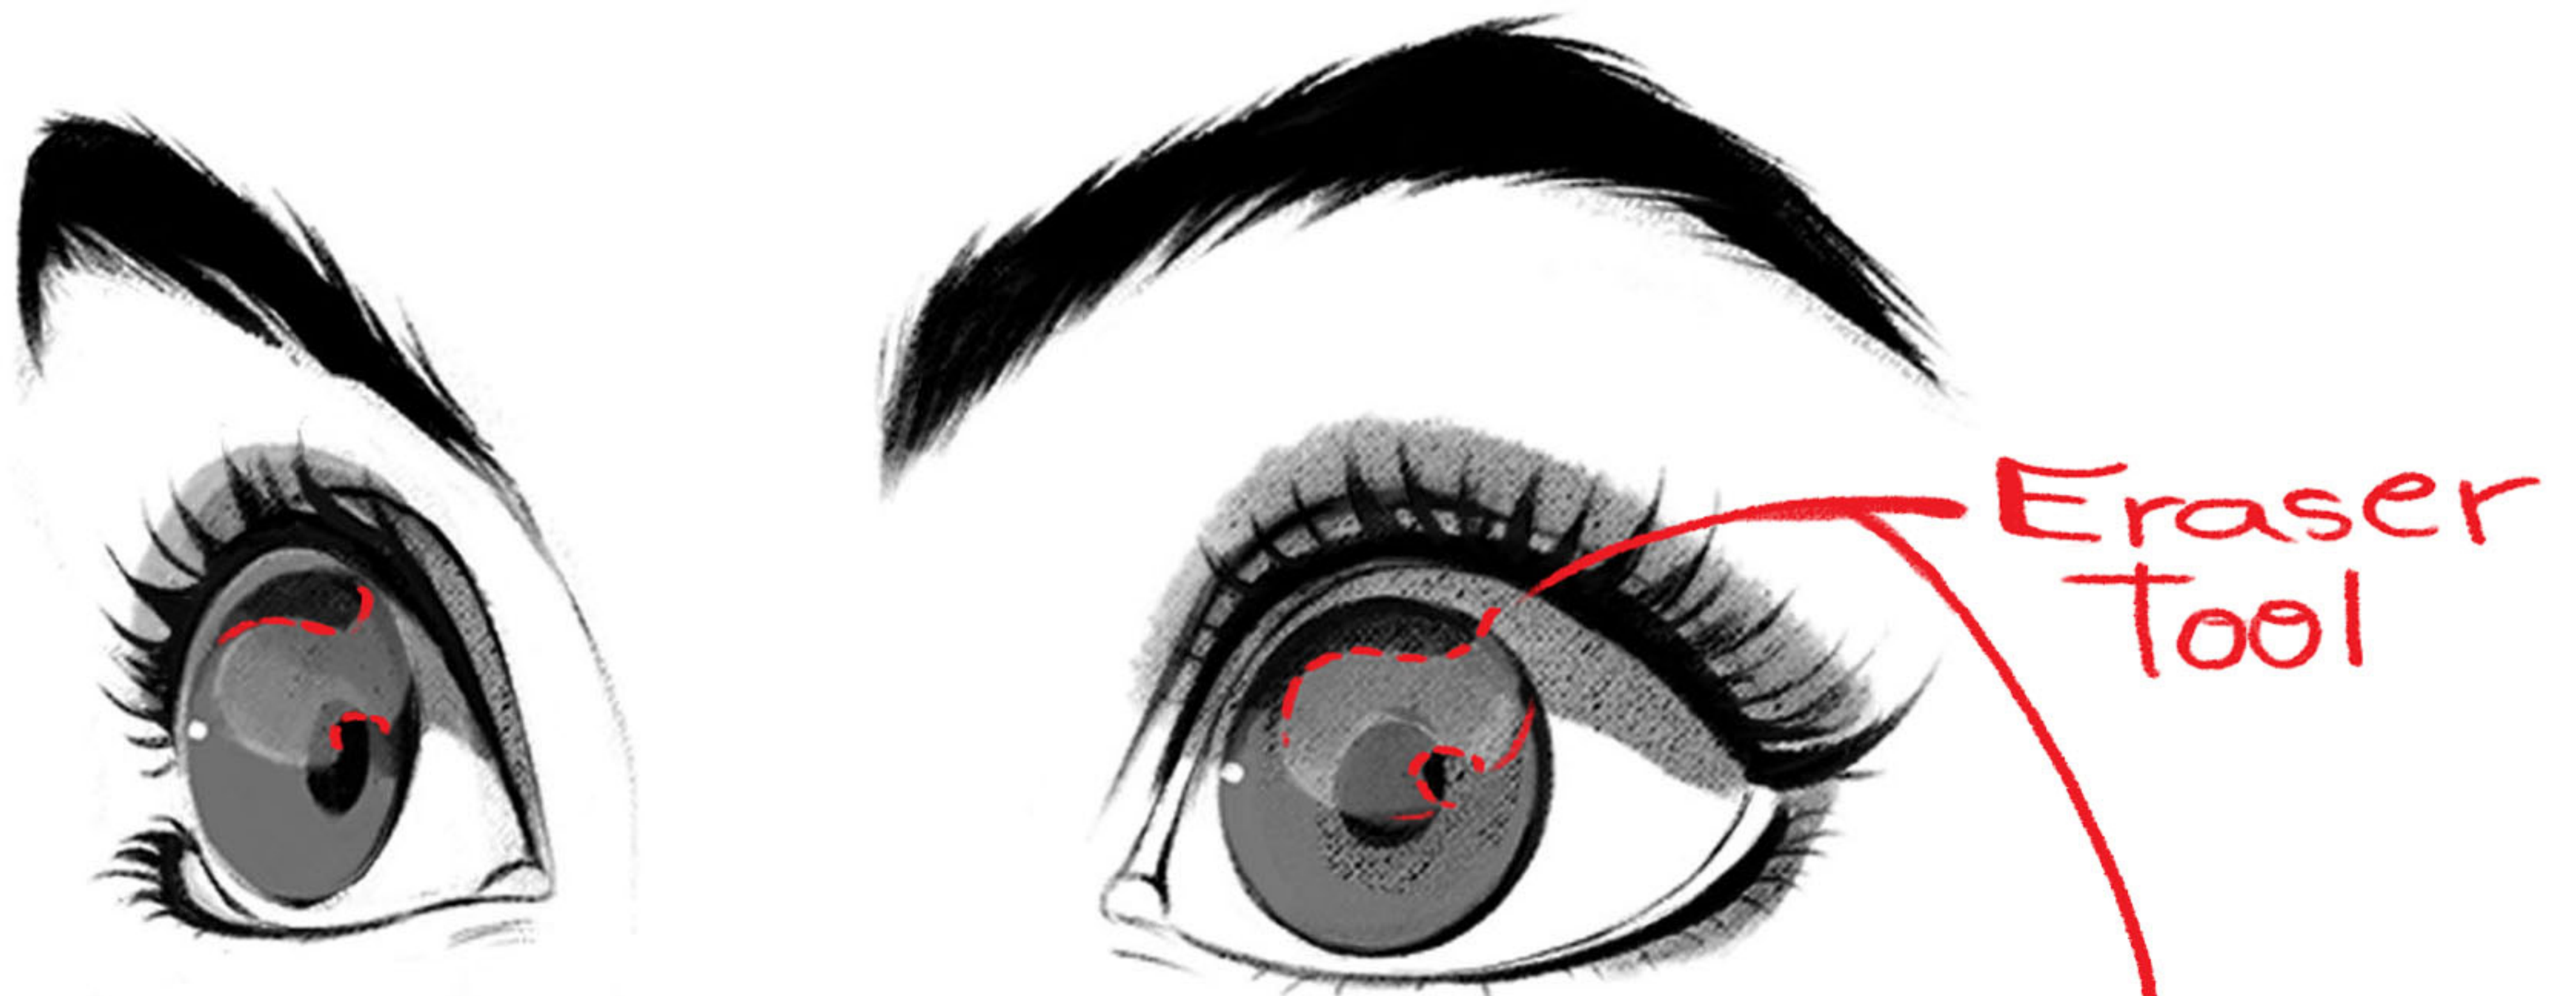

UP (optional)

make sure  
The pupil  
is distorted  
according to  
the angle.

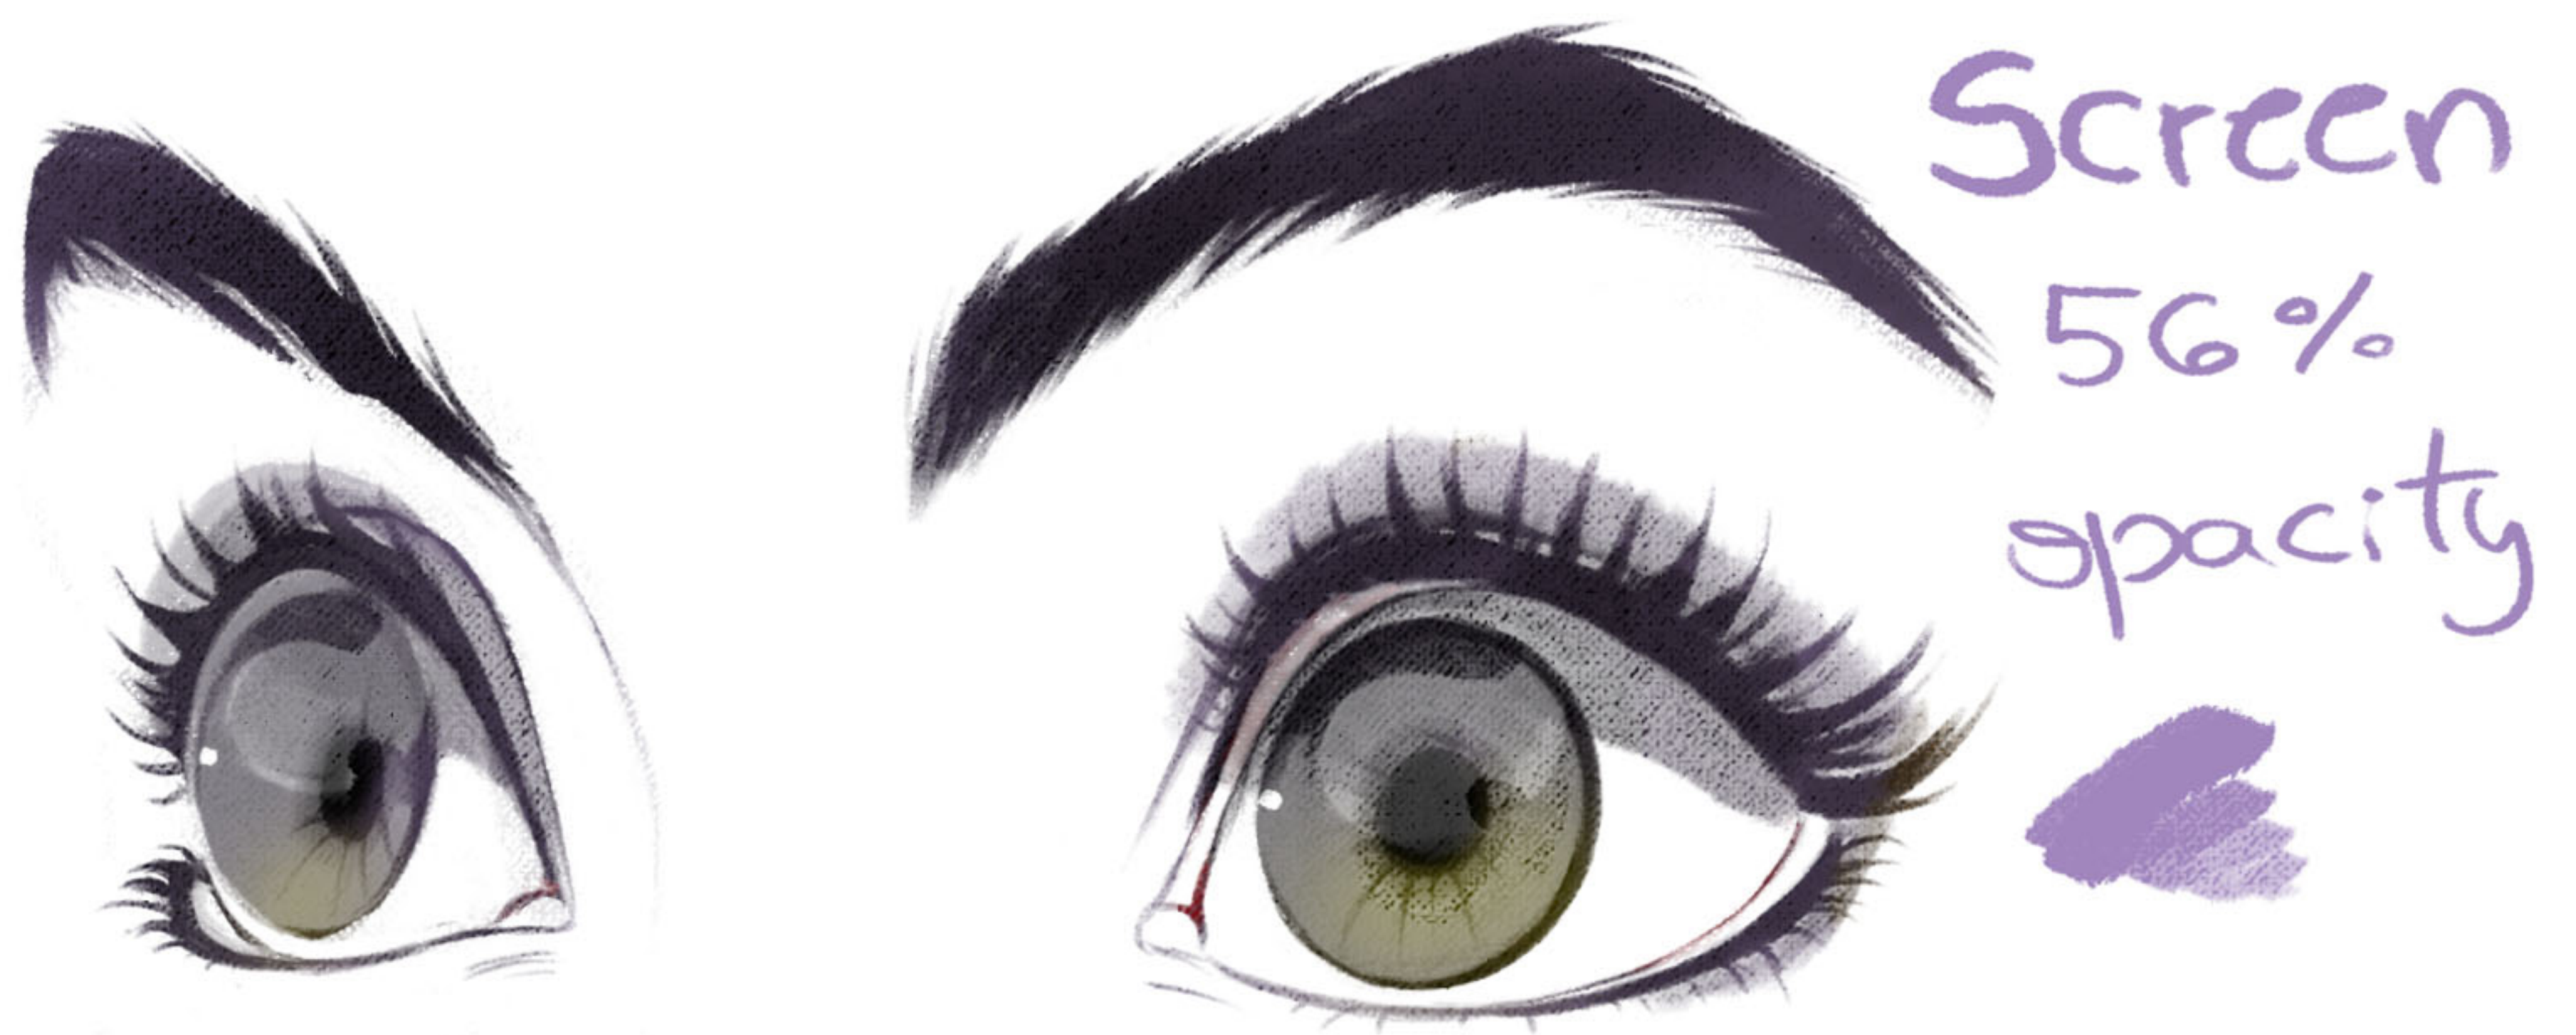

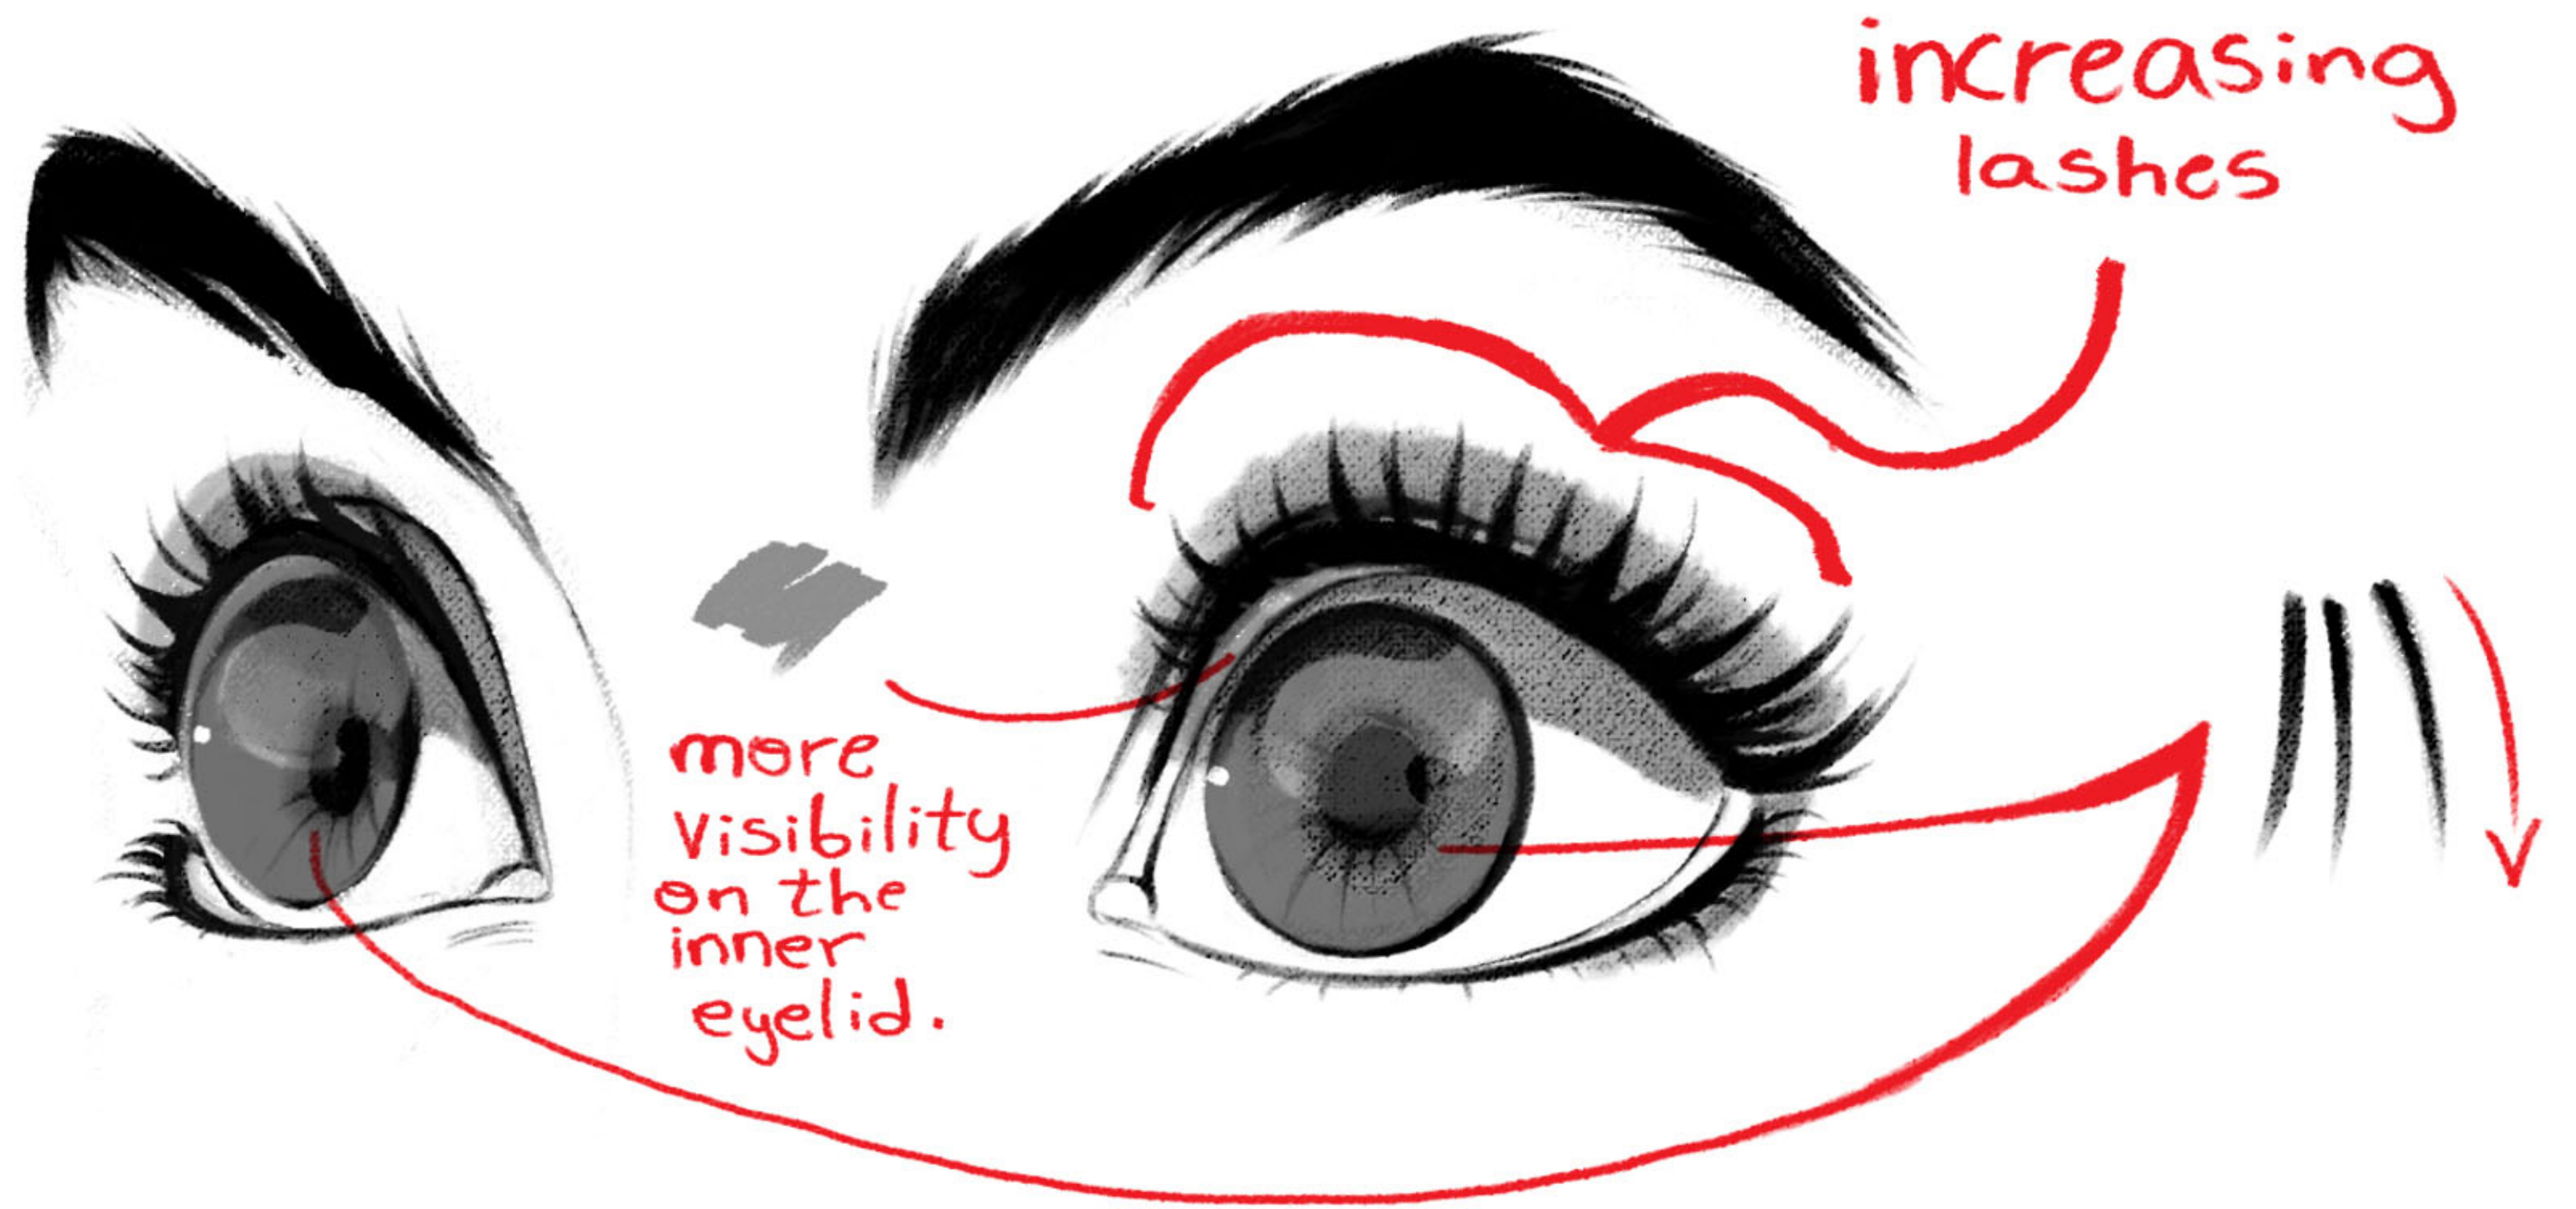

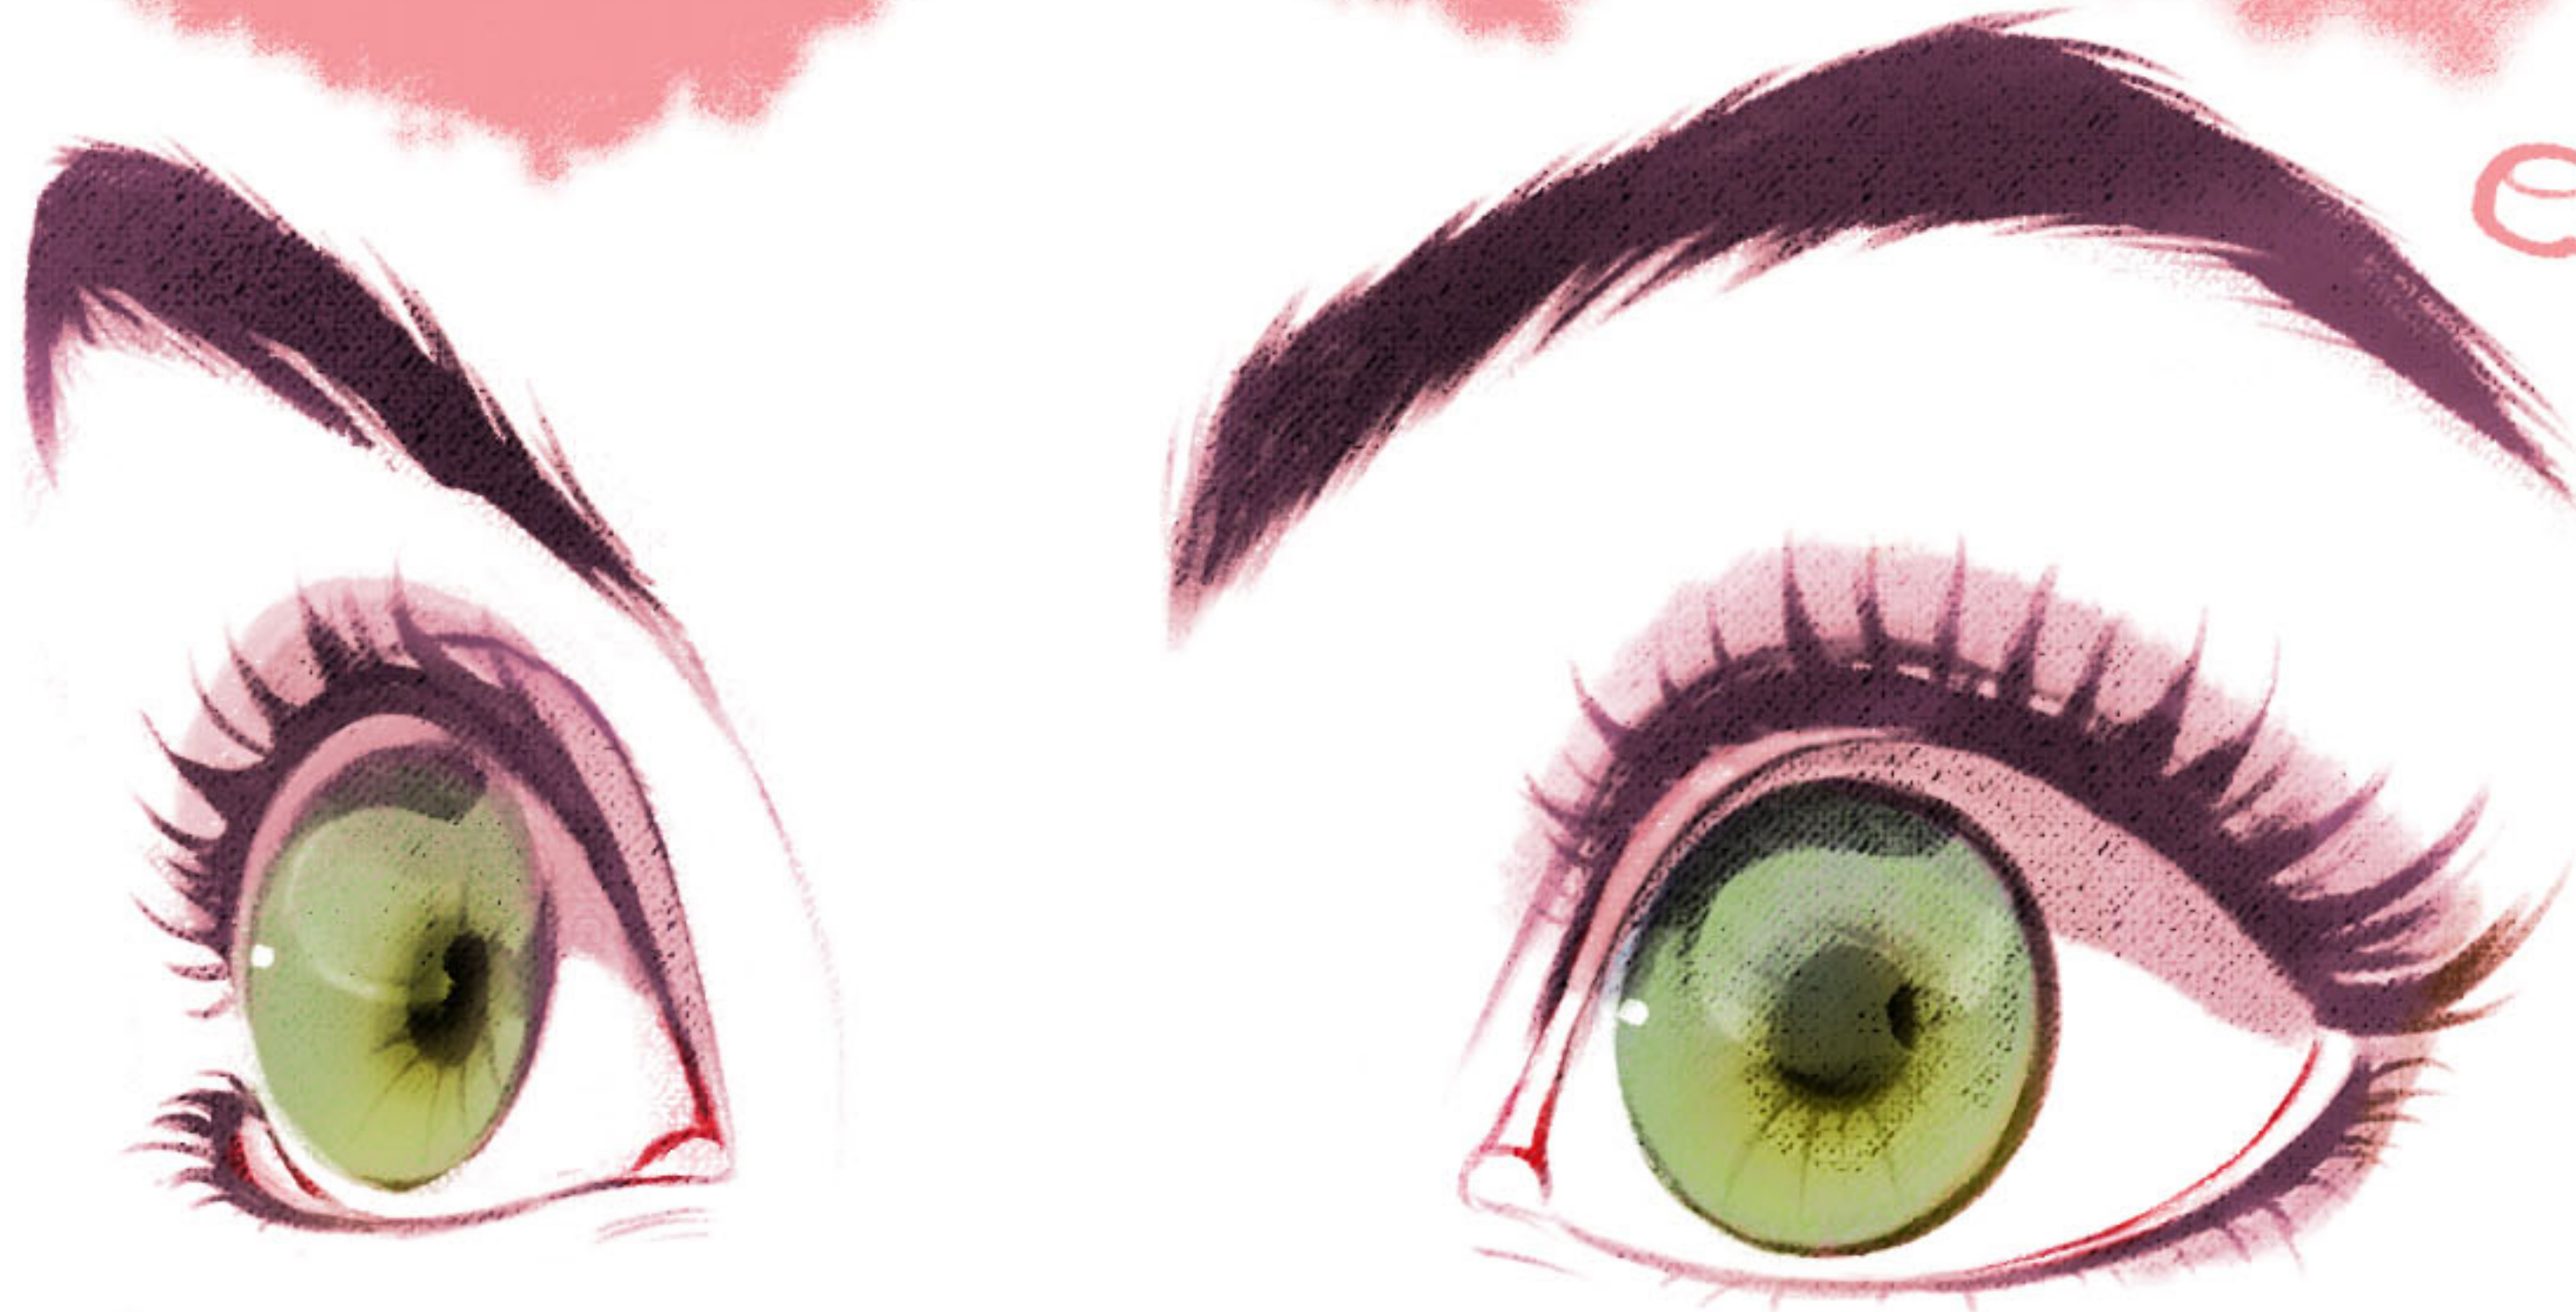

Eraser  
Tool

This is the reflection.

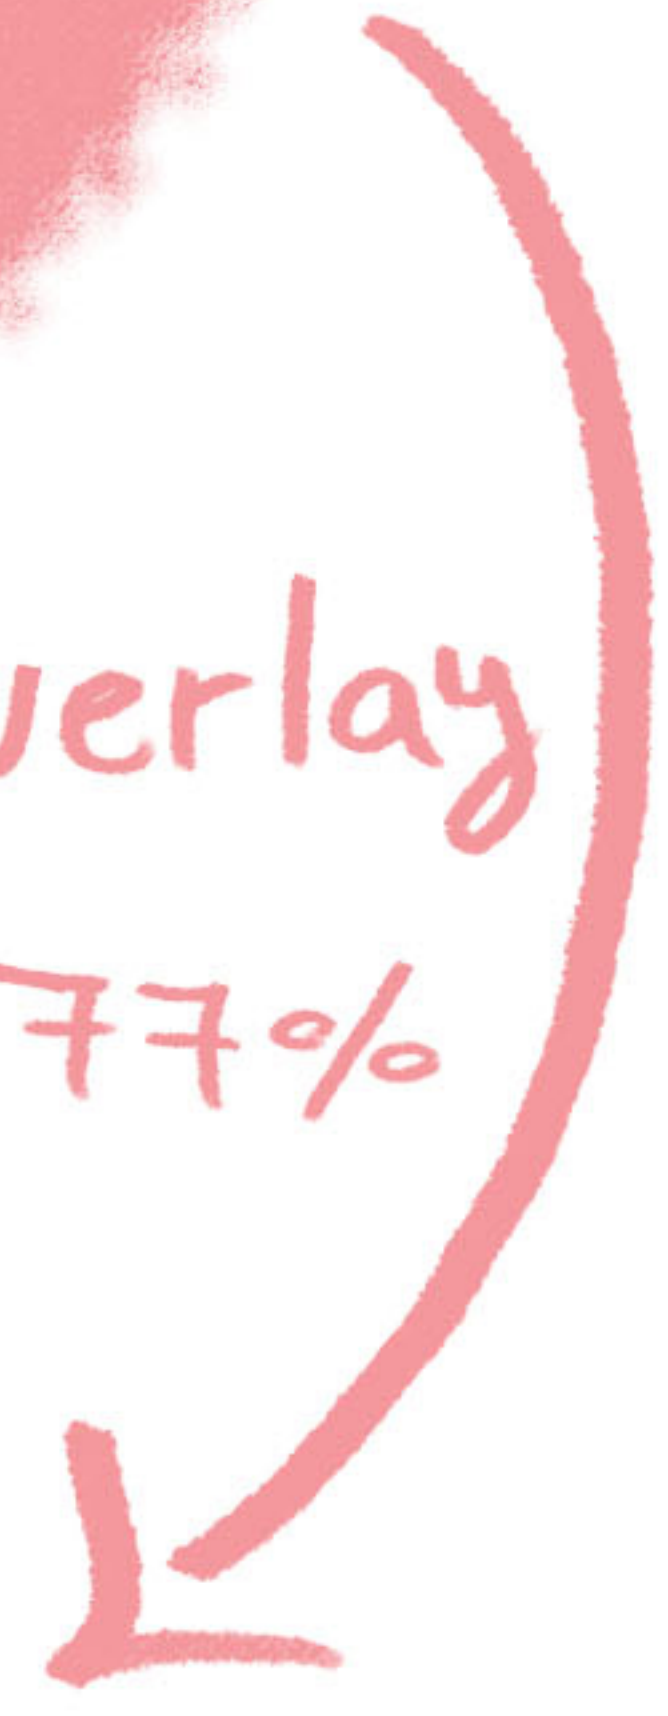

In other words, you can create the shape you want as long as it follows the spherical cornea of the eye.

## Curious fact:

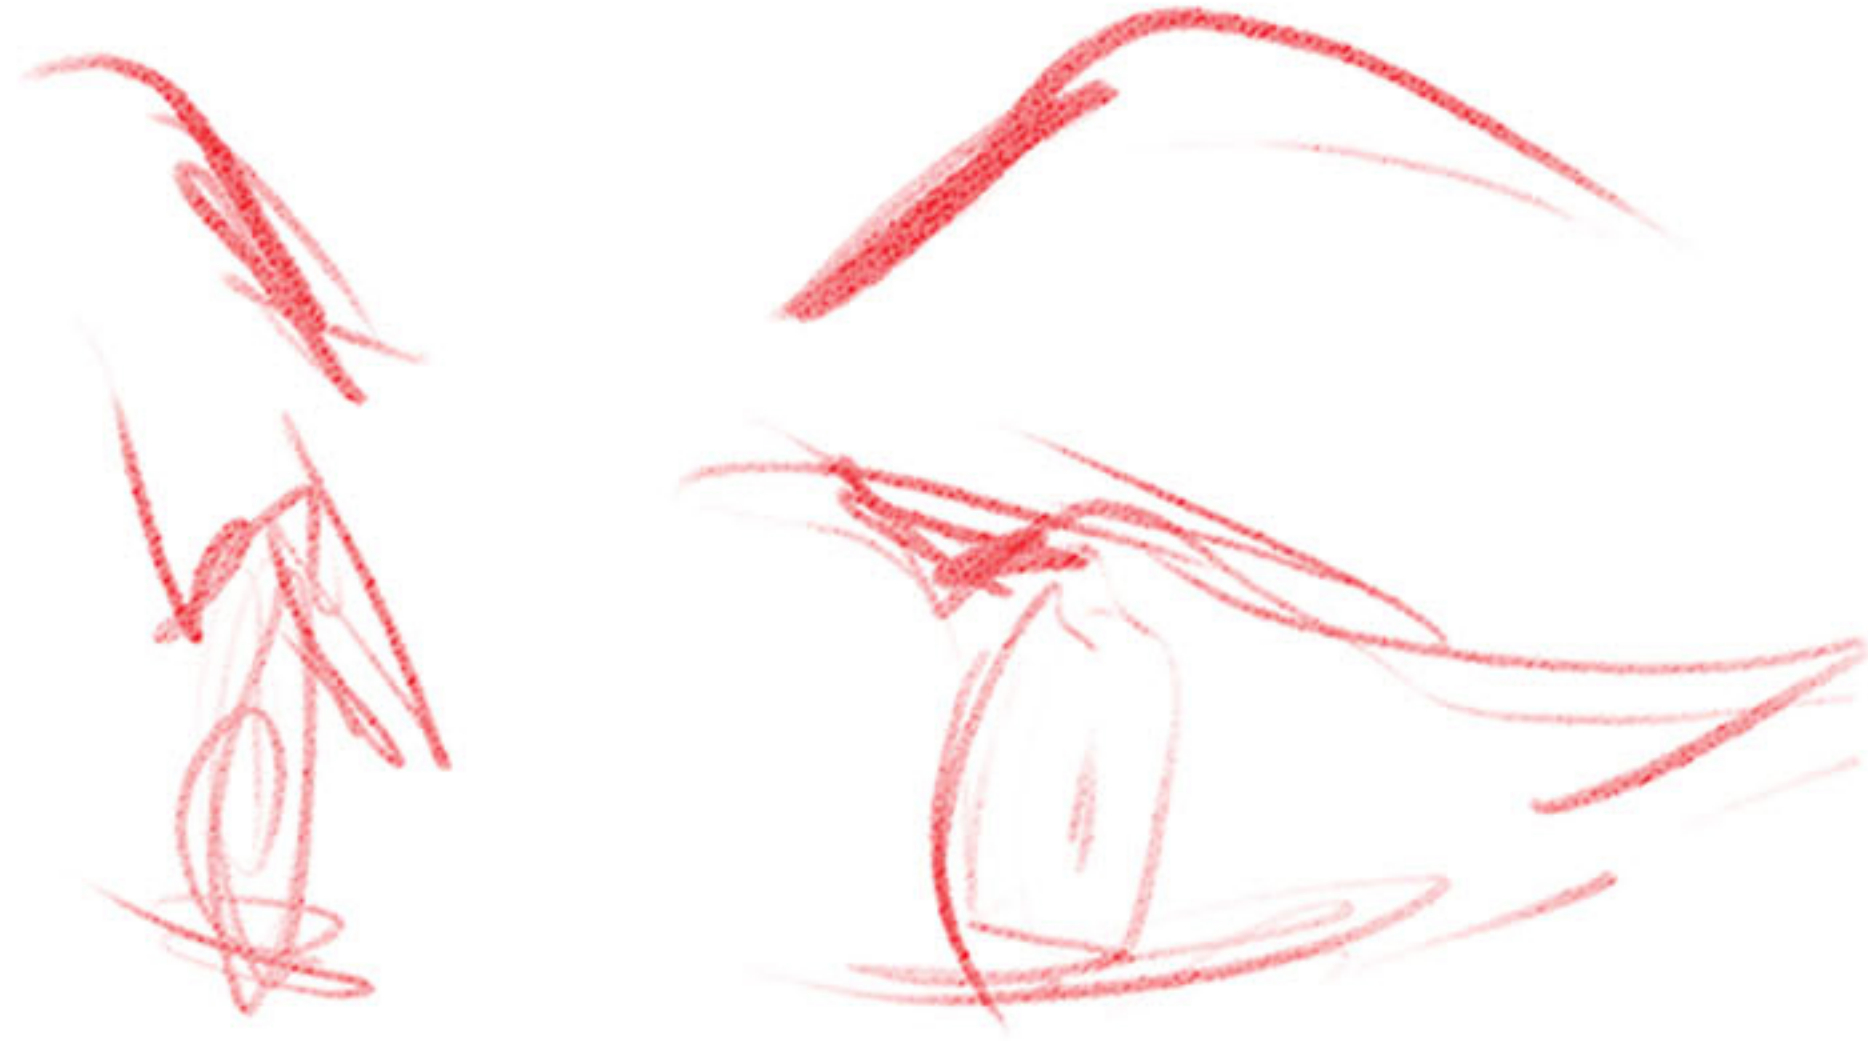

I ended up using those eyes for this illustration!

# CARTOON EYES

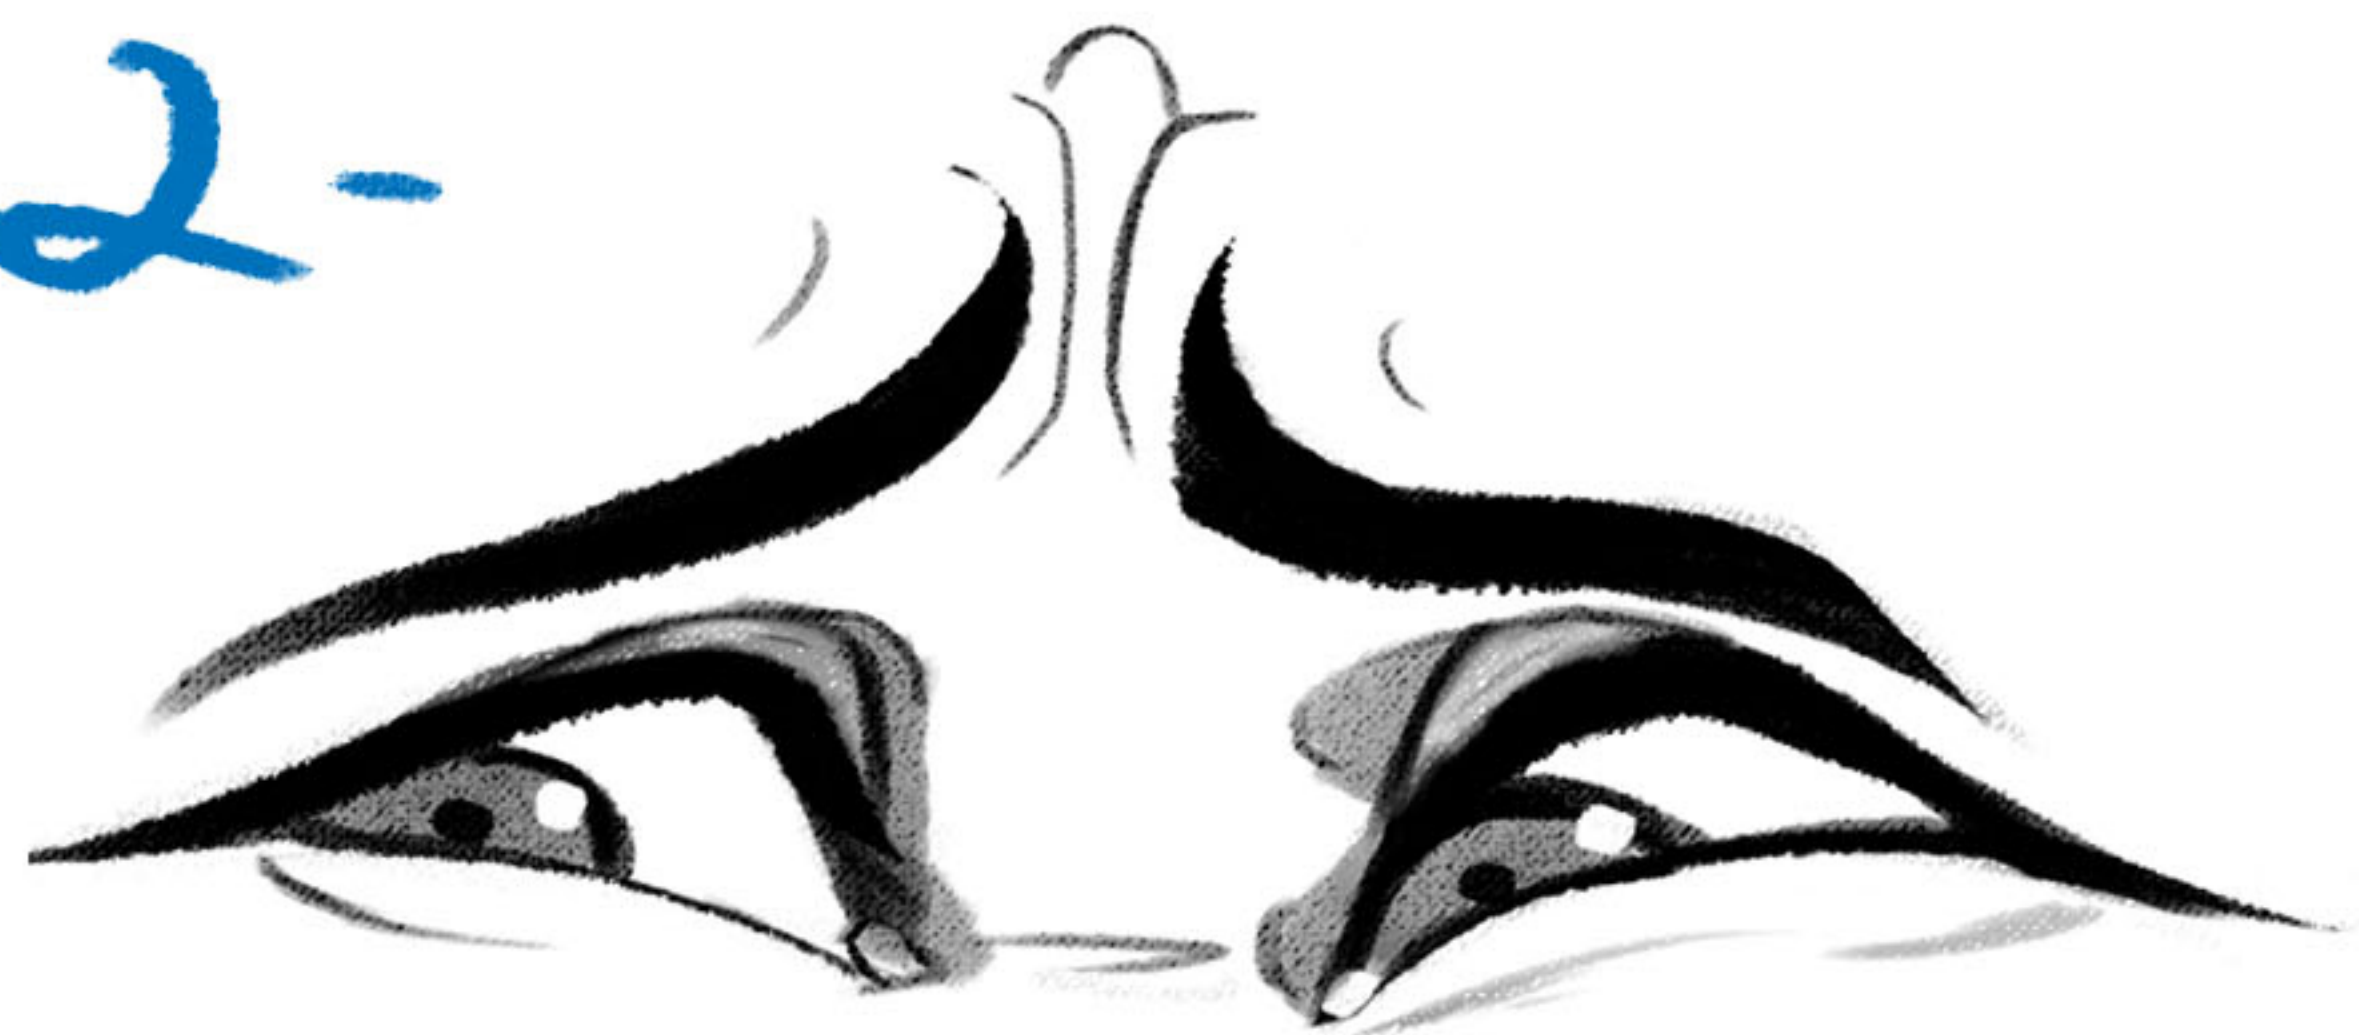

These pointy eyes are fun to work with, cause you get the fluid pretty easely.

Thank you so  
much for your  
support!

*Practice  
and  
take care*
