

OHHHHH...

A plus one..

That makes so much sense!

Yeah, That shit-show..

Though.. I'm a little surprise Sodam invited Crush.. given their.. breakup.

To be honest, It could've been Crush up there at the altar..

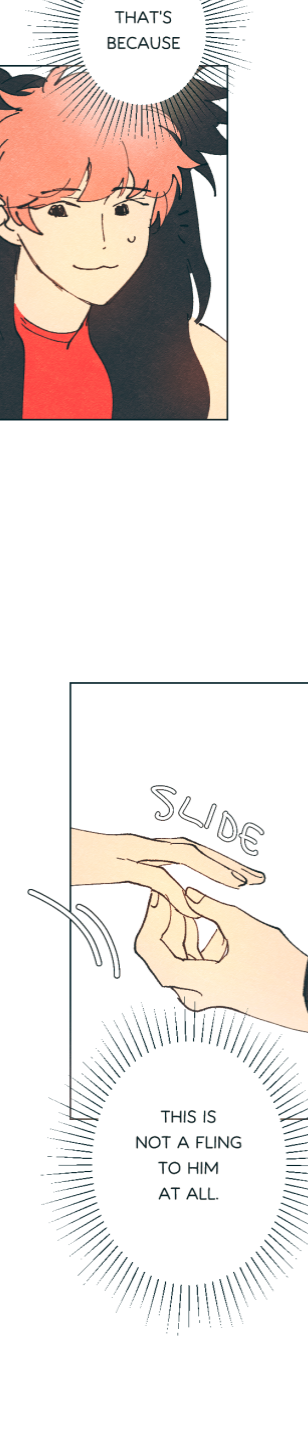

but then he just had to go and kill Sodam's entire defense squad..

I mean, can you blame him?

If your ex exposed your mom for being a Fed and got your dad arrested, would you not want to kill them??

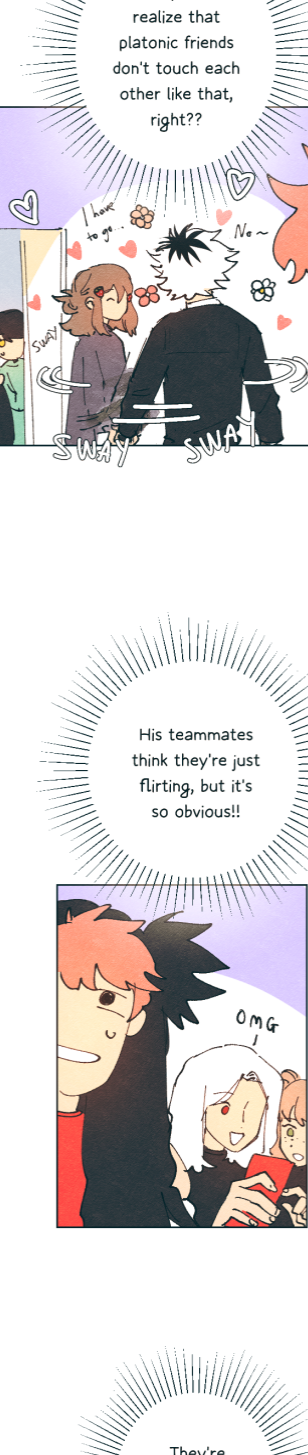

Haha, I guess.

Well, It's not like anyone has to know..

He's probably just using Cherie to get back at his ex anyways!

Why else would he go to Sector 7 everyday for lunch?

He's been courting Cherie for the past month..?

I didn't know you were getting your outfits today, too-

Yep! Texting 24/7 buying gifts, even calling on the job..

I didn't, either.. they just took me here after work.

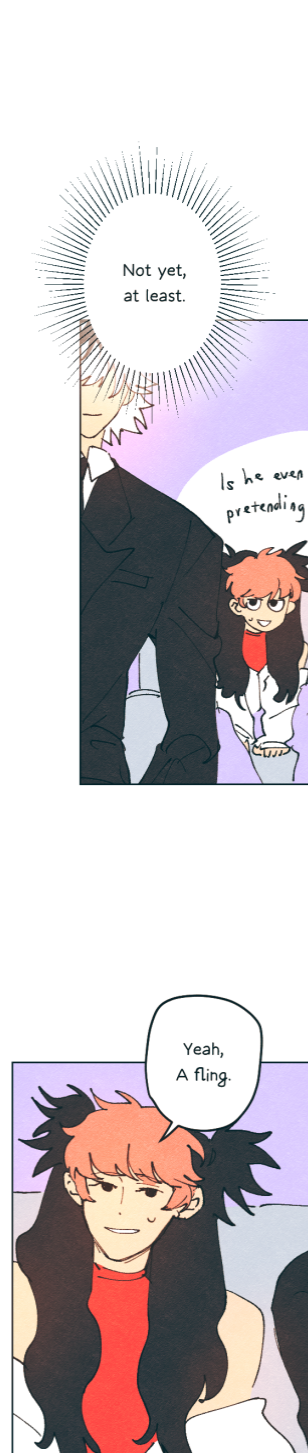

God he looks good in a suit..

I've never seen him put this much effort into a fling before!

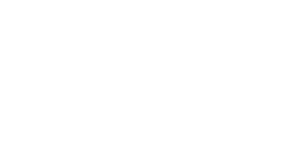

Ch-Cherie, Let's go get your outfits fitted!

Okay, I'm coming!

THAT'S BECAUSE

STROKE

THIS IS NOT A FLING AT ALL.

They DO realize that platonic friends don't touch each other like that, right??

His teammates think they're just flirting, but it's so obvious!!

OMG

They're super into each other..

But neither of them..

Are willing to admit it..

Not yet, at least.

Is he even pretending..?

Yeah, A fling.

Totally just a fling.

No peekin~

HAHA

Not yet, at least.

Is he even pretending..?
