

3 Days AT MISTRESS KALEENAS

I want to apologize for my absence, i had a CRAZY experience that is now going to be an on going thing for as long as i can handle. this is 100% true and i hope you are all going to love the story!

There will be another story out today shortly! :D

3 Days AT MISTRESS KALEENAS

Day 1

So as some of you may know, I also run a studio producing femdom films. This is an unknown fact to most, but i find a lot of my models over a sugar baby / sugar daddy matching site. I have never used the site to find an actual sugar baby, that's not my thing. But something very unexpected happened!

I got a message from a woman, her pictures are UNREAL! She looks like Kylie Jenner! She had big pouty lips, big brown eyes! Long black hair and the most curvy amazing body you have ever seen! I scanned all of her pictures, and was 100% sure this was a scam.

The message read as so:

Hello Jimmy

I have recently had a long time slave leave my service, i require a full use toilet at my home for me and my guests. Would you like to try out for this opportunity?

I was very skittish, because women on this site only want money. I wrote back.

That's a nice offer Miss, and i would love to try out and would be honored for the opportunity, but i must say in advance, i am not a sugar daddy and i am not looking to financially spoil a woman in any way.

Her reply

You will not be required to pay any money

You will not be required to spoil any women

I just want you to drink my piss and eat my shit

Send me one more message saying, yes, or no.

I will respond with a time and place to meet.

Bring a bag and a change of clothes with a toothbrush and mouthwash.

I wrote back yes! And she replied with a time and location

***** Park, 3pm today, on the southwest benches. Come alone.

It was 2pm, she literally wanted to meet an hour after we had sent less than four messages back and forth! The park was only a ten minute walk from my place so I packed a light gym bag. I did as she said and brought a change of clothes, toothbrush, paste, and mouthwash.

I hadn't left my house yet that day, and when I stopped outside, it was sweltering! The sun was so hot that after being outside only a minute it was a bit hard to breath! I ran back in and got a bottle of water before heading to the park. I sat on the southwest benches under the shade and waited patiently. A small part of me felt like she would not show up, I mean, who wants to use a slave for free? Especially when there are tons of men who would pay!

I had arrived early, so I waited almost thirty minutes, at 3pm a young woman came walking over to me, but she looked NOTHING like the pictures! She was tiny! Couldn't be more than 4 foot 11 and had bright blonde hair! The young woman looked like a first year university student! She had on tight black leggings that reflected the bright sunlight! A tight white tank top and a baseball hat to shade her face! She stopped standing right in front of me and looked me up and down.

"On your knees!" She said very casually and kinda quiet...

"What? Who are you? I'm sorry, I just mean, you're not the person i was speaking with?" I asked, I had figured maybe she used fake pictures?

"ON YOUR KNEES DOG!" The blonde yelled now, people began looking over so I quickly got on my knees in front of her to make her quiet down! I was blushing and could feel people watching me! There had to be over 50 people in the large park.

She sat down on the bench and used the toes of her shoes to push them off revealing too VERY SWEATY thigh white ankle socks! I could smell the deep set

warm vinegary odor as soon as she removed her tiny feet! It was atrocious and salty smelling but I already had an erection growing in my pants. Slowly she lifted the socked foot up to my face and smiled...

"Smell them" She said while looking at me and then quickly returning her attention to her cell phone.

I looked back and forth, there were more than a few adults watching me. I took her thin leg in my hands and lifted it to my face, pressing my nose to the base of her sole, just under her toes! Her sock was so wet, it was like she had just dipped her feet into a pool! I choked a tiny bit at first on the harsh potent smell but then quickly caught my breath and began breathing deep! I could feel her toes gripping my nose through the sock and she moaned a bit as I blew cold air through her toes!

My face was bright red, but i figured if i kept it pressed to her foot no one would see who i was haha! After a minute she leaned in and put a collar around my neck with a leash already attached. She got up with my bag and began walking, yanking me with her as I stumbled to my feet and ran to catch up. She walked across the park to the side of the road where a black Audi was waiting. She opened the back door and waited in silence for me to get in.

I got into the car and she got in after me. I looked to the front and could see a very old guy in the driver's seat! He was covered in marks and little burns that looked like cigarette butts had been put out on his neck! Immediately I knew he was a slave! The blonde did not have to say anything, he began driving as soon as she closed the door.

We drove for almost 40 minutes IN COMPLETE SILENCE to an area of town I am quite familiar with! I can't say where for privacy reasons, but it's a private housing area of toronto FAMOUS for having some of the biggest and most expensive mansions. As soon as the car pulled onto this particular street and into that neighbourhood, I knew this was the real deal! Whoever this was, they didn't want my money.

The car pulled up to a black iron bar gate connected to a tall 8 foot brick wall lined with green grown in vines and leaves! The car only waited a moment before the gate opened automatically! The driveway was a large u-shaped one looping back to the front gate and it led to a massive home! Not a mansion or an estate but a very expensive property! The house is red brick with wooden window seals and vines climbing all the walls. It had a very dark and mysterious look and the windows all being shaded did not help that! The driver pulled the car around the side of the

house as we got out, and the blonde began walking inside, pulling on the leash and giving me barely any time to react and keep up!

The front doors opened to a very bright and modern home! It was all white on the inside. It looked like the inside of Kim Kardashian's house! I had very little time to examine it as the young blonde pulled the leash leading me down the main hall. On the left were two glass panel doors which were slightly open. She pushed them open to reveal a home office / sunroom! One side had windows overlooking the backyard and pool, the other wall stacked end to end with books on shelves! In the center far end of the room sat a large desk with one of the most beautiful women I have ever seen sitting behind it. She looked just like her pictures...

"Come, sit down, please" She said with a smile and stood to motion to the chair across from her desk. I was still in shock from what the hell was happening.

"Thanks Quinn" She said to the young blonde as she dropped my leash allowing me the freedom to walk and move on my own. The blonde headed down the hall and disappeared as I took a seat at the desk. I had to pee so bad, I was literally pinching my legs over my crotch to not piss my pants.

This woman is so beautiful, it's hard to even put to words! Her aura and presence is so incredibly dominating and alluring, it's like being in the same room as a god! She wore a long black skirt with a matching tank top that had a choker attached. It all looked incredibly expensive. Slowly she walked around the desk and set a bunch of papers in front of me before running her nails across the back of my neck. She walked back to her side of the desk and sat down facing me.

"So, Jimmy, I would like to explain a few things, and then we can go over the paperwork if you wish to proceed. I am a fulltime dominatrix and enjoy living that lifestyle twenty four seven! I am going to cut... (she paused for a moment and smiled) to the chase, you're here to apply to be my toilet! I saw on your profile and from your studio that you're experienced with this. I fully understand that this isn't something someone can commit to on a daily basis, we all have lives. I have three committed toilets who alternate in and out on a strict schedule. Because of a medical issue that has come up, one of my slaves has had to drop out. I would like you to fill that spot." She paused and took a sip of her drink before continuing...

"There are three spots, the schedule works on a week on week off basis. One slave will serve for Monday, Tuesday and Wednesday. The next slave serves Thursday, Friday and Saturday. And the last slave serves on Sunday. Whoever serves on Sunday has to take the Monday spot and does a four day shift because they just enjoyed a week off. The schedule rotates like that so the toilets have time to recover,

take care of their own lives, see their family and loved ones, but also provide me with a constant twenty four seven service! The schedule has been disrupted as of late and i need to fill this spot immediately” she paused again and took a sip of your drink.

“I will be using you, as well as Quinn, she is my submissive and personal assistant! Any female guests I have over who are involved in the lifestyle are welcome to use the toilet so you must be prepared for that. I Will however under no circumstances allow anyone to use the facilities who has any sort of STD or infection/disease etc. there is a liability form in front of you and the one thing excluded from that is this clause, i will never let anyone with an infectious disease use the toilet while you are here. Take some time, read over the papers, I will be back in twenty minutes and I would like to hear your decision” She said with a smile as she got up and walked behind me letting her hand run over my shoulder. I turned my head to watch her walk out, my god, her ass! It is otherworldly!

I felt like i was dreaming, i pinched myself a few times to make sure this was all real and then remembered! I HAD TO PEE SO FUCKING BAD! I walked to the door to the office and peaked out, luckily there was a guest bathroom right across the hall, and no, there was no slave in there hahaha, it was a regular bathroom thank god! I took the longest pee of my life and tried to think about if this was a good idea or not, i knew i wanted it, but three days? Straight? That’s a bit much more than anything i had ever tried before! The most I have ever done as a toilet without stopping is a few hours. And even that was too much for me.

I walked back to the office and closed the door before looking at the forms. It was just a basic liability waiver and some things stating I was willing and 100% aware of what was going to happen after signing. I had barely finished reading the last form when she came walking back in.

“TIMES UP, what’s your decision?” She asked while standing in front of me, she towered over me while looking down.

I sat in silence for a moment as she grabbed my shoulder and began squeezing a bit, digging her nails in.

“Well, speak dog” She said in a slightly irritated tone...

“Yes” i said softly, almost embarrassed of what i was saying i would do

She smiled and let her hand run down my arm and then over to the papers which she lined up in front of me.”

“Sign, quickly” she said in a bit of a different tone before walking out of the office and closing the door behind me.

I signed the forms, before i could finish she walked back in, much more quick and abrasive.

“Come now! You're going to begin today!” She said while taking the leash and pulling me from the chair onto the floor on my hands and knees!

“Wait! Miss! Stop!” I begged as she turned to look down at me, an annoyed look on her face!

“I am a writer, and I try to update daily! Also I run a studio, I post videos daily! I need to go home and schedule videos to be released while I'm here! I can't just let my businesses sit!!” I begged her but I could see she was pissed.

She looked at her watch and then dragged me to the front door, literally dragging me, I couldn't keep up on my hands and knees!

“CALL AN UBER! Go home RIGHT NOW! And I expect you back here!!! AT THE FRONT DOOR! WITHIN THE HOUR! DO YOU UNDERSTAND!” She screamed so loud that it echoed in the front hall of her home!

“Yes Miss!” I said while on my hands and knees with my head down!

“She turned and stepped on the back of my hand with her bare sole! She let her full weight rest and it cracked three of my knuckles as she walked away and then headed upstairs to the second floor!

I called an uber and rushed home as fast as I could! The guy was going so fucking slow and i was so angry and anxious! I didn;t want to upset this incredible woman! I sprinted from the uber into my house and got on my computer, scheduling as many videos as i had edited for the next three days! If i had stories pre written i would have posted them for a timed release too but i usually write and post right away! Sorry everyone!!!! I called another uber and RUSHED BACK!! I made it to her front door just on the hour mark! My hand barely touched the door as it opened and I nearly fell inside!

There was an older man in his forties dressed in a white button up serving uniform, he looked like a banquet server at a dining hall and had very european greek features. Without a word he let me in and then waved a hand for me to follow

upstairs. I took off my shoes and followed. When we reached the bathroom, she was waiting!

“You made it just in time dog! Good, I like when my pets are obedient! I hate having to wait! Now get naked and lay down!” She said while pointing to the floor by the toilet chair.

I took off all my clothes and laid down as she began to laugh

“Underwear too you dumb dog!”

I slipped off my boxers and tossed them with my bag as she laughed again and began throwing a few straps over my naked body. I was laying on a big plastic sheet that was sprawled out in the far end of the bathroom and the straps were connected, sewed to it. As soon as my arms and legs were secure, and I mean SECURE! I couldn't move at all, after I was secure, she slipped a tube onto my penis sliding it down to the base and then tightening a bit.

“This is for you to urinate!” she said while adjusting it...

“What if i have to go.. Number two.. Miss?” I asked..

“You hold it” she said very casually.

As soon as the strap over my penis was on, she threw another plastic sheet over my body and then began zipping it up around the sides. Seconds later I heard a motor running as it started to compress! She was sucking the air out of it!!! The plastic all sucked together, like an air vacuum! I could feel the pressure around my neck where the air was trying to pull in from the outside and it was really weird! As soon as it was sealed, she stopped the motor and pushed my head back to the floor! I kept trying to look around, I was so nervous! She had a basic toilet throne that looked like the one from Mastermind crafts but clearly custom designed from somewhere else, possibly one of her submissives built it? It had a large mouthpiece connected with a thick plastic hose to a see through glass toilet basin! My nose was left uncovered so I could breath and my eyes were not covered at all! She adjusted the toilet and then looked down at me.

“There's no safe word here! You can go at the end of your three days! If you make a mess! You will be punished.” she said before walking out.

I started to feel incredibly claustrophobic, like I had made a terrible mistake. I really don't enjoy tight and confined spaces and this was the most TIGHT AND CONFINED

i had ever been! I could feel my skin itching but couldn't move to scratch it! I started to think about what would happen if I threw up, or choked? I couldn't turn my head! I could actually die here! This was maybe a bit more than i could handle? I then started to rationalize, it's my first time, she most likely won't have guests over yet, and she may not even go daily! At most over the three days I will have to eat maybe two shits? That's not so bad and i've had much worse in my time

I had been laying there barely three minutes before she came walking back in. stepping over me with one leg on each side of my torso, she slowly began pulling up her skirt! The tops of her thighs were so thick, like the trunks of trees! Her skin was so smooth, as it led up her legs to her fat cheeks! Each one was bubbled out and covered in cellulite! She reached back pulling a thin thong from her ass crack and then down her legs.

She bent down, her cheeks coming into contact with the seat! I could see the dark area between them as she began to rest her full weight! The entire toilet cracked a bit and she leaned left, and then right, spreading each cheek and allowing the fat to hang over the sides! Her ass crack was so dark, full of black hair like a deep jungle! I couldn't smell her because of my nose being outside the mask, but I could taste it in my mouth, her pussy was extremely strong!

My heart was racing as I watched, seeing her flex and push! Slowly a long thin brown piece of shit slid out! It was shaped like a banana, thick in the middle but thin on each end! I watched as it slid out slowly and then dropped, it almost landed right in the tube but the side hit the edge of the bowl causing it to slide down! The shit left massive brown skidmarks on the tube leading to my mouth!

The moment her shit hit my lips, Piss began spraying out at a ridiculous speed! I got a thick taste of the bitter chalky taste as the potent dark yellow piss filled my mouth! It was so much and so quick! I took a huge gulp and accidentally swallowed half of her shit in one go! My eyes went wide as I felt it slide down my throat! It was so warm and abrasive, almost like when you swallow an ice cube by accident! Immediately after getting it into my belly I choked, I inhaled and coughed feeling the piss go into my chest! I hate that feeling, the burn, it's horrible! It's like inhaling pool water full of chlorine.

Another medium sized turn slid from her asshole, this time landing right down the tube. It plopped into the piss and splashed a bit as I drank it all down! The taste was absolutely foul! Her urine was acidic and salty, like sipping on mild warm vinegar! As soon as I had finished drinking, I had to deal with the shit! I gasped, huffing in and out through my nose while mashing it up in my mouth with my tongue! The mask kind of kept me from closing my mouth, so i could not chew! Each time I pressed my

tongue through the shit, my entire body would freeze! It was so bitter and earth, like eating clay! I could feel it stuck in my throat and all over my teeth! That was the worst part, that even when i finished, i could not get the taste from my mouth! I slid my tongue over my dirty teeth, choking and gagging as she washed her hands! There was a tiny garbage beside the toilet for toilet paper so luckily I didn't have to eat that too!

When she left, i had one of the biggest erections i ever had in my life! I thought it was going to rip right through the plastic sheet!

For any of you who have not been a toilet before. It's a bittersweet enjoyment! Haha what i mean by that is the experience itself is not that fun, its torture, but thinking back to it can be one of the greatest things ever! I felt so sick, my stomach was a mess and I couldn't even turn on my side or get a drink of water. Less than thirty minutes passed before another pair of footsteps entered the bathroom.

Right away I saw the blonde hair and noticed it was her assistant Quinn! Unlike Kalena who stood with her feet on otherside of me, Quinn walked right up my body, literally kicking my dick on the way! I seized up in pain as she pulled down her black leggings revealing a tiny toned ass! When she sat down I thought she may fall right through the seat! Her ass spread as she bent though and covered the whole base. She was completely shaved and hairless! Her pink anus totally visible! I watched as her anus spread wide, practically gaping! She had no trouble at all, releasing a FUCKING KRAKEN with one push! This piece of shit was so fucking big! I swear! It couldn't even get down the tube! The bottom hit the tube before mashing and curling at the base of the bowl! I watched in pure horror as she grunted, the thing was over a foot long and at least a few inches around! I could see bits of colored veggies in the sides compacted and the small i could actually taste! I started to dry heave before it even came down the tube but maybe it was from the shit already in my stomach.

Quinn grunted a little, a tiny dribble of urine dripped over her massive shit and down the tube, the taste was beyond foul! She wiped and threw the paper in a waste bin.

She turned around and looked back with a huge tooth grin on her face! Like she was impressed with herself! I could see through the bottom of the toilet bowl past her incredibly massive shit to her cute face! She reached over and grabbed a toilet brush! It was brown and dirty on the end from multiple uses already. Slowly she began working the shit around the hole before mashing it down! My heart raced as I saw the thick shit being pushed down to my mouth! Quinn stopped halfway through, she lined up more shit, pushing more and more into the pipe as it slowly crept down to my lips! By the time the thick waste reached my tongue, she had cleared the entire bowl and filled the funnel!

She paused, waiting for me to make eye contact with her. As soon as i ddi i saw the horrible look in her eyes, this young woman was a psychopath, i could fucking see it! She lined up the brush with the tube of the tube and with one massive push! FILLED ME MOUTH AND THROAT WITH HER SHIT! I felt it rush into my mouth and right down my throat, it was an indescribable feeling! I began to choke right away, trying to flail and move but the plastic kept me down tight!

I gagged harder than I ever had before in my life! My mouth and throat were completely full of feces and i could not fucking breath at all! I gasped and coughed, her thick shit flew out my nose all over the tube! The smell was fucking atrocious! Like rotten composting vegetables. She began laughing as she moved the toilet brush up and down the tube, moving as much of the caked on shit down into my mouth as possible! I could feel her weight as she stood on my chest making it so much harder to eat!

I had never felt so sick in my life! I threw up during her torture session but nothing could even escape my mouth with how full it was! My eyes were full of tears and liquid shit was running from my nose as I gagged! After a few minutes she pulled the brush from the bowl and began cleaning it off! I could feel my throat, so full of hot dry shit! Each time I swallowed, it should just move on my skin, scratching me from the inside!

When she left, I could not stop crying! I felt like this was the biggest mistake i had ever made, but i had also never been so turned on in my entire life!

3 Days At Mistress Kaleena's

PART 2

It was barely evening and I already felt like I was dying! My throat was coarse and sore, it felt like someone had rubbed the inside of my mouth with a brush made of knives! The horrible gritty thick taste of Quinn's shit ran all the way down into the bottom of my stomach from the tip of my tongue! It was a foul meaty flavor, impossible to get used to! Each breath caused the odor to flow from the bowl and when it reached my nose I lost it! Vomit filled the pipe sealed around my face! All I could see was thick chunky watery brown filling up as I choked!

Half digested liquid shit found its way into the tiny cracks between my skin and the mask letting it leak down my face onto the towel below me! My eyes were full of

tears, so watery I could barely see through them! I could see the tube coming from my mouth though! More vomit rushed out of my mouth as the tube filled higher and higher!

The pressure of the liquid shit pushing down into my mouth as more feces forced its way up was a horrific experience. A fight I will never ever forget! My throat pulsed and choked as I tried to swallow, tried to force it back down and stop the flow! Each time i thought i had it under control though, more came up! The vomit had reached the base of the toilet bowl as I gasped through my nose, spraying out some wet shit and crying in pain! There was no way I could keep this down but I had to try!

I squeezed my hands into fists and gulped hard! I could see the shit going down the pipe through my watery hazy vision! My entire mouth and insides were packed with shit, so i couldn't even feel if it was going up or down! I now realize I must have been in a state of shock!

Quinn's shit was incredibly chunky and had retained it's form coming up! I could feel the clumps of half digested feces running over my tongue and lost it, choking and vomiting up more shit! A bit of it had leaked into my lungs and the burn was so bad, I knew there was piss and shit in my chest, it has happened to me before!

A pair of footsteps entered the bathroom and I got a glimpse of blonde hair, it was Quinn...

"Oh shit!" she said in a bit of a worried voice and hurried from the room!

My heart was lifted! They noticed this was an emergency, i had bitten off a bit more than i could chew, literally, and this was a mistake! She must have been going to get something to clean up, or a tool to disconnect the mask and plastic sheet holding me down? Her footsteps hurried back into the room and rushed over to me! In her hand I saw a short leather bullwhip. She raised her hand and brought it down full force, cracking it across the plastic holding me tight!

My eyes shot open as a surge of adrenaline shot through me! It was the most painful thing that i had ever felt in my life! I wiggled my leg as much as I could and it felt like the plastic sheet had ripped, I moved my leg more and felt the warm trickle, the burning pain! She had broken right through my skin!

WHIP CRACK!

Quinn hit the same spot, I screamed into the funnel biting down on the ring gag as tears ran down my face! She raised her hand and hit again, and again, and again, aiming for the same spot on my thigh and hitting it very close!

WHIP, CRACK WHIP CRACK WHIP CRACK!

I do not remember how long she was hitting me for, I may have passed out for a moment! But it felt like ten minutes straight! I had screamed and choked so hard throughout the process that the tube was empty! The sides of my face were covered in shit! It had leaked everywhere down the mask despite its almost airtight seal!

Quinn put the whip on the bathroom counter and walked over! I was whimpering and crying! My entire body shaking! She was barefoot and walked right beside my head, her bare feet in a pool of liquid feces! I gazed out the corner of my eyes and could see her squeezing her toes in it like it was sand! She raised her foot, letting me see the shit covered sole before bringing it back to SLAP ME IN THE FACE! Her wet shit covered sole hit me hard! She turned and began stomping on my cheek, forcing my head sideways as I cried out in pain!

“DON’T EVER DO THAT AGAIN! UNDERSTAND WORM??” She screamed as I gasped and gagged, I threw up a bit into the tube and swallowed it quickly, tasting her rancid shit and crying!

“MPPPH MPPHHHHH” i cried!

Quinn grabbed a wet rag and began cleaning around my head before wiping off my cheeks. She had done a very bad job and I could still feel the oily remnants of feces on my skin, she had just wiped well enough so the odor would not bother the woman using me. When she disposed of it she replaced the towel under my head and then left the room. It all happened so fast I could barely mentally recover! I was literally, balling my eyes out like a fucking baby!

Night came and I expected another visit from Mistress Kaleena or Quinn but neither came in! I could just imagine the taste of the rancid piss washing the shit off the sides of the pipe! The idea of having to eat any more shit made me sick to my stomach!

I tried my best not to think about it, but it was impossible with the odor! Each breath, I could smell from inside of me! It was so sour and bitter! Every time my lungs pulled more air I prepared for the exhale, the horrible flavor! I did not sleep all night! I just waited, knowing it would come when i least expected it!

I continued to suck down the urine as the odor from her fart drifted out my nose! It was rancid and hung in the air around me! She had just stopped her flow by the time I had finished half of the piss in the bowl and funnel! My stomach was so full of urine and there was so much more to go!

With my mouth full of her steaming piss, I watched her wipe and then stand up. From above me she pulled up her panties, dropped her skirt, and then WALKED RIGHT OVER MY STOMACH! All of her weight pushed down on me as I choked and gagged, barfing hard and ejecting shit into the tube! I had been holding on by a thread and she pushed me over the edge! I could see her look back for a moment before closing the door behind her.

Piss and brown shit came up my throat all at once! I still hadn't finished digesting what was in my stomach, or maybe it was the dry remnants left in my throat, but regardless, it was horrific! I gagged and choked on it for only a moment before catching control and swallowing it down! The shit was so sour! I think it was the urine that made it taste that way, but when i finally got it all in and took my first breath, it tasted like hell!

I groaned loud and cried out..

“MMHHHHH HHHEEEEEEEELLLMMM HEEELLP” i actually screamed for help! It was horrible! I did not want to be there any more!

I spent the next hour crying, I think it was the lowest moment of my life, especially because I had a raging erection! My stomach was twisting and churning and I knew I wouldn't possibly be able to eat another load! Just the urine was too much for me, how the hell was i gonna deal with the shit! As I was crying and having that thought, I heard footsteps coming accompanied by the voice of Quinn. She was speaking to someone.

The bathroom door opened and Quinn stepped in with another woman in tow, someone I had not met before.

“He's just over there! Use it like a regular toilet! This one is brand new, so it may fight a bit!”

“Haha, is that why San, I mean.... Mistress Kaleena sent you with me?” The woman asked...

“Yea, i'm gonna stand right here, make sure the thing behaves!”

There was a moment of silence...

“Do you mind waiting outside, i actually prefer a bit of privacy!” The woman asked in a polite tone.

“OH, sure! Not a problem! I’ll be right outside if you need me!” Quinn said in a professional voice as she left and lightly closed the door.

The woman walked up to the toilet with a smile on her face! The first thing I saw was how gorgeous she was! Dark eyes! Long dark brown hair! Plump red lips! She was truly stunning! She stepped closer and I looked down to see! HER STOMACH, it was huge! She was pregnant! Both hands were on her stomach and she rubbed it gently as she looked right down at me!

(these pics were stolen from her social media! I could her on kaleena's facebook friends list!)

My heart began to race as I imagined the shit that was going to come out of her asshole! She turned and began holding up her dress! It was knee length and bright red, very fancy, they must have just come from some brunch or breakfast party. Her ass was HUMONGOUS! I could see from her shape and body that she took care of herself, but all her pregnancy weight went to her ass and thighs! It looked like an elephant was about to sit down on the seat above me.

Slowly she came down, holding onto the side wall for support as she let her cheeks fall to the plastic seat! The entire frame shook as her fat cheeks pressed together above me! They were shiny with sweat from how hot it was out and practically dripping from above! She began to lean to the side, parting her cheeks, and a wet rancid fart leaked out from between them with an explosive blast at the end!

SPPPpprt BBBBRFPPPPRT ppf BBBBBBBBBBBBBBBBBBFRTTTTTTTTTTTTTT

She was laughing above me, laughing! The fart was so slick and wet, spraying out in so many different sharp tones! The stench hit me IMMEDIATELY! It was like RANCID COTTAGE CHEESE that had been baking in the sun! I began to desperately dry heave under her as she giggled and released another wet fart, followed by another, and another!

BBBBBBBBBBBBBbfopppprt

Pspppppppppppppppppprrprt

SPPpsprtttttttttt

My eyes watered as I choked, gasping and blowing the air out of my nose! It was one of the worst farts I had ever had the displeasure of inhaling! I could literally taste the burnt cheese odor on the tip of my tongue! Her anus began to pulse and spread when a thick mushy serving of very light brown shit landed right in the center of the toilet bowl! It began slowly dripping down the tube in one giant clump and I cried watching it edge closer and closer! There were bits of green and red in it, undigested foods that had shot right through her in the messy thick diarrhea!

Before the shit could even reach my mouth, she let loose again! This time a MUCH LARGER and much more liquidy explosion! It came out like a water tap shooting out backed up sewage and mud, spluttering and it shot out covering the bowl! The weight of the liquid shit pushed the large sticky mass down into my mouth fast! Forcing it into the back of my throat!

“Ahhhhhhhhhhhh, you okay down there?” She asked while leaning forward and peeking as much as she could with her big belly in the way

I was not okay, not in any way shape or form!

Before I could even get the first mouthful down responsibly, she let loose and blew more from her asshole! I cried watching it, even when she wasn't shitting, liquid feces dripping from her ass, adding to the pile of waste for me to eat!

I think i passed out for a quick moment, because i don;t remember her wiping or getting up. I remember blinking and the next thing I knew she was above me, looking down and holding her nose! Her other hand was wrapped around her stomach and tucked under it supporting her baby belly. She had a curious look on her face, almost like she was attracted to me, but i knew that wasn't the case, my mouth was FULL OF HER HOT SHIT!

She lifted one of her bare feet and rested it on my chest comfortably. Her plump sole pressing to the plastic sheet keeping me down. I began gulping, choking it down! Her shit was FOUL! SOUR! And CHEESY! But somehow it was easy to drink? Some parts of it got extremely sour and I had to take a break, it was almost like orange juice that had gone very very very bad! I had to tense my throat a bit but was able to get it down! By the last mouthful she was still watching, waiting...

When I choked down the last mouthful and gasped for my first big breath of air! THAT WAS WHEN THE TASTE REALLY HIT ME! The air mixed with the flavor of

her shit amplifying it as my eyes went wide! I dry heaved hard! Barfing up some shit as she stopped back, gagging and retching!

She stepped back, her full weight stepping on my ankle and causing me SO MUCH PAIN! I screamed but was also gagging on feces! I felt my bone pop out of its joint for a second under her full weight as she stumbled back to the door! I could hear Quinn asking..

“WHAT’S WRONG?” As the door opened!

I began sucking down the shit as fast as I could to avoid another beating! I got the warm liquidy mouthful down just before Quinn ran over and looked down! She watched me for what seemed like years but in reality was probably only about thirty seconds! She had a pale discerning stare with no emotion as she watched, waiting for me to puke so she could punish me...

“Good,” she said while stepping back, happy with my non response.

The two of them left, and as soon as the door closed I began to choke and gag.

DAY 2 PART 2

Trying to say that i was sick would be a massive understatement! I have served as a toilet many many times but this was way different! I had been locked down in a single position for over twenty four hours and my entire body was cramping! I could feel my muscles screaming at me to move but I could only wiggle the tiniest amount! The wound on my leg was THROBBING! I could feel it pounding and aching! A small part of me knew it would be bad, i couldn’t see it but i could feel the severity of the wound! I began to worry, what if I got an infection? I tried to rationalize though, this was a prodomme house. If my leg was really that bad they would help me.

My throat was the worst! I could feel the feces caked all the way up and down my throat! Every time I flexed the muscles in my esophagus, I could feel the shit cracking and flaking. My entire mouth was covered in flakey dried feces that turned to a hard crust! The smell did not get better, if anything it was even more potent! Each breath I took was deep and laboured, sniffing in my nose and breathing out my nose to try and calm my heart rate. The last thing I wanted to do was puke, and my body was begging me to!

I could hear that the house was busy with many guests, I had no idea what was happening though. I estimated it was around 3 or 4pm so night would be coming

soon! I only had to last about 24 hours more and I would be done! I will be finished with my first shift! Just the idea of being home, in my bed, in my own bathroom, it was like a distant dream. I knew that if they really wanted too, they could have kept me and no one would ever know what had happened to me! I'm sure my readers would question my disappearance! Would you start a campaign to look for me?

Quinn came into the bathroom and walked over to me, sitting on the seat without even looking down! She had on a pair of tight very cheap leggings, the comfy kind you see women wearing at home! Her urine began spraying out immediately and I was thankful that it was rather mild! It still tastes like piss but compared to some of the other meals and drinks i had endured, this was nothing! I chugged her piss as I watched her plump ass above me! I kind of hated her! She was so cruel and horrible! She has the beauty of an angel but the personality of a devil!

I began to get an erection and knew that she would notice and comment! With my mouth full of her piss I chugged, drinking fast and trying to keep up! For someone so small, she pees like a fucking racehorse! When her pussy began to drip she started to laugh! As she wiped she hopped up and walked down my chest kicking my hard dick through the plastic sheet keeping me down!

“Don't worry Jimmy” Quinn said while resting one of her sock covered soles over my dick...

“It's only natural, you can't control your instinct! You're a man, and men are dogs, that's why you're erect...after drinking my piss!” Quinn spoke slowly and applied pressure, crushing my dick as I began to cry into the pipe!

“Pathetic” She muttered while walking down my body and out of the bathroom...

I was so embarrassed...

Less than five minutes had passed when Quinn came back into the bathroom! I could hear her approaching because her voice was so loud, she was having a conversation with another young woman!

“This is the toilet slave! He is actually brand new!”

“Wow.... this is fucked!” The other woman said with a laugh.

“Yea but it's a living, right?” Quinn said with a laugh

“Could i?” The woman asked

“I didn’t bring you just to look! Of course!” Quinn said enthusiastically!

I was literally shaking as this random woman approached me! I had no idea so many different women would be using me and honestly a small part of it made me uncomfortable! Because of my studio and my work I try to be very careful about Sexually Transmitted Diseases, and I had no idea who any of these random women were! I could see the woman was young and blonde like Quinn, she looked like an American college girl type! She had on tight leggings and a white t-shirt!

She walked over to me from the side and peered down! Her face was gorgeous! She had wavy blonde locks and the most perfect face I have ever seen! Not a single blemish or mark! Her eyes were huge and blue! She suddenly looked a bit concerned and then turned back to Quinn...

“Is he okay? He looks sick?” She asked

“Well, I’m sure anyone would after eating piss and shit for two days! He’s brand new! So I told you, we have some men that pay for single sessions, and then permanent toilets, this one is training to be permanent, it’s his first weekend, but he signed on for it willingly!”

“I can’t even imagine!” The woman shook her head and laughed while covering her cheeks a bit and blushing.

“So I just go?” she asked again... Quinn did not answer but I could practically hear her nodding!

My heart was racing with a mix of fear and anticipation! This woman was one of the most beautiful people I have ever laid eyes on but I was also sooo full! I knew I wouldn’t be able to keep down another mouthful of anything!

She stepped over my chest and backed up, pulling down her black leggings slowly from below. I could see the small wobbly cheeks pop out and jiggle back and forth lightly! She bent over and sat down! Her ass and pussy were picture perfect, like they were sculpted by a god! Her cheeks are so plump and round curving into a tight pink hairless asshole! Her pussy was bright and pink, puffy with a small tuft of perfectly shaved hair!

A small stream of urine began to trickle out, it tasted like rotten sour lemon but I drank quickly! I knew from experience it’s better to keep up! It’s much easier to drink

on your back when your mouth is not packed full! Within a few seconds her stream began to pick up, its power increasing! Her urine began filling my mouth now, her volume too much to handle! I choked a bit as i drank, struggling as i watched the dark yellow piss begin to fill up the tube above my lips! Thankfully she stopped and I was able to get it down! She wiped and stepped away from the bowl, talking with Quinn, but I was too sick to pick up what they were saying!

Their words were so distant, I could only focus on the pool of hot piss in my stomach, mixing with the massive servings of shit I had been forced to eat! The worst part of the urine wasn't even the taste, but the flavor of the feces washing off from my throat! The torture was never ending! Quinn and the random woman left and I was thankful, praying for some rest!

My prayer was not heard, Quinn returned seconds later with ANOTHER WOMAN! My heart was racing and I could feel my stomach twisting! There was no fucking way! How could they expect one man to eat this much shit and piss! Everytime a woman used me, I barely made it, struggling through and praying for it to end! A small part of me started to think this was all some sort of cruel joke, a way to kill my fetish, make me realize that I don't enjoy being a toilet?

This woman was young! She looked like a first or second year college student! She had a thin toned body with a similar relaxed dress as the last woman wearing black leggings and a baggy grey t-shirt / tank top combo! She had long dark brown almost black hair that was messy but could clearly be seen that time had been put into it. She stepped onto my chest with her sneakers putting her full weight onto me and turned, her big plump butt crashing down onto the seat!

There was no words, no exchange between her and Quinn, and no warning!

SPFPPRPpprrpptprbrfrppp

Her asshole exploded with a sickening deluge of sewage like shit! It was dark almost black with bits of yellow and green! The shit came out like a rocket, propelled by the force of the gas that had exploded out from behind it! I cried watching the shit leak down the pipe while the odor reached my nose! It was foul! It smelled like eggs that had been sitting for years! It was the worst methane odor I had ever experienced!

Before the gooey black and green shit had even reached my lips, her anus spluttered and flapped with a long wet fart letting long blasts of wet dark diarrhea loose! It cascaded down the tube into the more solid shit and forced it all into my mouth at once! My eyes nearly popped out of my fucking head! My entire body froze and went into a state of shock from the taste! Her feces tasted like fucking battery

acid! The bitter flavor of shit was so overwhelmingly strong that I could feel every inch of my body reacting and freezing up!

Quinn began to choke and I distinctly remember her laughing and saying...

"I'll be right outside" she said before leaving me alone with this stranger...

More feces leaked from her asshole as I cried! I could feel the gritty mixture on my tongue and despite its liquid texture, it sort of tasted like hot wet sand! There were bits of undigested food inside but i couldn't tell what, it had a jelly like consistency like the tapioca in bubble tea! I tried to swallow a mouthful and my entire body fought back, my throat closing and begging me not to ingest this poison!

BBBBBBbbrtpp SPPPPppprtt bfrttpppfr bfrttttt

When she began to wipe, the tube was so full that it reached the base of the toilet bowl! I still had my mouth packed with her shit as I suffered with the flavor! I had not swallowed even a bit! My tongue was trembling as I held it to the back of my throat like a barrier! My eyes watered as i watched her pull up her tight leggings, her full weight was still on my chest but luckily she was very light! She looked over her shoulder and gave me the most alluring smile and wink before walking away and leaving me with her shit! I could hear her and Quinn heading downstairs without even coming to check on me!

I honestly do not remember how I was able to keep down this foul shit! I remember that I squeezed my teeth as hard as I could on the ring gag and sucked slowly, letting the shit flow around my tongue! This let me control the flow and swallow at a nice pace, but forced all the feces to run and push past the most sensitive taste buds in my mouth!

I had never been so sick in my entire life! The weekend was pure hell! I puked up the black shit countless times, i can;t even remember how many, way more than ten! But each time it was only a mouthful and i was able to get it back down!

Over the next few hours more than 5 different women had come to use me as a toilet! luckily all the ones after only peed, but still, it was too much, i was so full! I remember blacking out for a moment and waking up with a total stranger above me, washing my mouth out with her urine! None of these pictures are the real women, because i have no clue who the hell any of them were! But I found pictures that looked as close as possible! Some of them I didn't even get a look at!

DAY 3

When I woke up in the morning I was crying, thankful for my last day! I knew that before nightfall i would be set free, and every single part of me wanted to run from this house and NEVER LOOK BACK!

Footsteps approached and my stomach began to quiver! My natural instincts had begun to kick in, it was like my body was begging me to stop! I could tell from the slow soft steps it was Kaleena! She has such strong confidence in her! She walked to the bathroom sink and I could see she had already been out! She was wearing leggings and a sweat top with a baseball hat! Her hair in a ponytail and popped through the back of the hat!

She walked over me with one foot on either side of the chest, her face looking right down at me under the toilet! The entire inside was caked with dried shit and REEKED like urine! It had that stale overwhelming smell that a urinal got when it was broken! I breathed deep and let out a whimper as she smiled and laughed.

“You did well this weekend! Did you have fun?” she asked with a grin as she walked to the sink and began to run the water.

She walked back and held up the glass with a smile... slowly she tilted it, the water about to drip into the bowl! I could feel my tongue aching, I wanted that water so bad! She smiled and giggled as she let a single drop fall but then stopped and lifted the glass to her lips! I watched as she tilted her head back and drank the entire glass. At the end she made a refreshing AHH sound and set the glass on the counter.

“I want you to remember, this is more than a job, this is a purpose!” She said with purpose as she walked back over to me.

“You are not just a toilet, you are a tool for me to use as I see fit! Think of your time here as a type of community service! By serving here, you help reduce the house's ecological footprint! That's more important than anything else you can do! So when i let you go, and i will let you go when we're finished here! I expect you to return on monday! The schedule has been skewed because of the last slaves removal, but you will be doing the Monday Tuesday and Wednesday shift. Understand?” she asked as i groaned and nodded desperately, i just wanted to go home!

“Good! Then we are done here! But first let me give you a parting snack” she said with a smile before turning and removing her tight leggings!

I felt guilty, how could i not want this! She was literally one of the most beautiful women i had ever seen! Her ass popped out and she wiggled it back and forth alluringly before dropping onto the seat. Her large anus pulsed for a moment before letting a long steaming turd slip out! It came so fast, shooting down like a rocket as her pussy began to gush with Piss! It came out in two different streams before forming together to become one!

Her passive thick turd hit my lips, squeezing into my mouth as it began to fill with urine! I barely had time to react as I mashed the turd into the roof of my mouth with my tongue! The taste hit me hard! I began to spin as I choked and coughed, inhaling her urine and gasping! Her anus spread wide as another turd slipped out, the same size as the first, followed by another and another and another! Her diet was incredibly healthy, i could tell from the speed of her movements! But by god! The smell! It was fucking atrocious!

I could smell and taste the green! I started to think she may be a vegetarian or vegan, the shit was so gritty and thick! I could taste a very bitter green flavor like kale, or asparagus, regardless, it was foul! My throat tried to close as I choked more of the urine down with a large chunk of shit! It sunk down my throat in one piece as I tried to take in more! After that I blacked out!

When I woke up I was outside, in the backyard of the house! I began gasping, choking and throwing up as a cold blast of water hit my face and then splashed down my body! It was so cold that it froze my lungs, halting my ability to breathe! I choked on my vomit as I rolled on my side to protect myself from the blast!

It took a few minutes to recover! I puked so hard! When I wasn't throwing up on my side I was rubbing my arms and my leg, my other leg was so sore from my wound I could barely touch it! I rolled to the other side and Quinn was there with a garden hose! She had a sadistic smile as she hosed me up and down, hitting my face and forcing me to cover it with my hands! When i did she hit my naked dick, i covered that and she moved the stream back to my face! This game continued for about five minutes until she dropped the hose and turned off the water!

“Your clothes are at the side of the house in a blue bin! Go grab them and get out of here worm!” she smiled and walked up to me, kicking me and forcing me to run!

I had never got dressed so fast in my life! I was soaking wet but ran down the street! I carried myself home with pure adrenalin, sprinting as far as I could! When I was far enough to feel safe, I called an uber! The driver arrived and he could see the pain and relief in my eyes! I climbed into the car and rushed him to go, he asked if i was alright and i told him to drive, all while covering my mouth! I could smell the odor of my breath and it was otherworldly terrible.

The whole experience was terrible but also a fucking orgasmic dream! I slept for an entire day after this with the exception of waking up to puke like CRAZY! I'm expected back Monday and I am not sure if I should go! My leg is in BAD condition, i had a big tensor bandage on it and have been applying polysporin but may need some antibiotics.

DAY 4

This has been one of the roughest weeks of my entire life! Mentally and physically! I felt like even after days, there were still remnants of shit within me! I could smell it at times, coming from my nose! Sunday evening I could actually taste it in my mouth! Not the full bitter sour aroma, but the flavor, stuck in the back of my throat!

If any of you have had this as a fetish but never experienced it, i assure you it is nothing like what you expect! The feeling, the textures, the taste, the odor! It is all so intense! And to be quite honest I enjoy the fantasy and memories more than the experiences. But looking back on this torture is oh so much fun!

Sunday evening i was debating if i should cancel or not, a small part of me feared Mistress Kalenna though. She was kind to me, besides shitting all over my face, she did treat me well. I knew she had power though, and money, it was obvious from her home. I felt like if she wanted to, she could ruin my life, she could probably bring me to court for something or another, I didn't read the forms that well.

Monday morning I was wide awake, I had not slept all night! At 7am I took an uber and arrived at Mistress Kaleenas, it's only a short twenty minute ride from my home. When I knocked on the front door, a very beautiful young redhead servant opened it and greeted me. The home was quiet, peaceful. There wasn't a sound except for me and the woman who had let me in. She was petite and very cute wearing a french maids outfit.

She introduced herself as Kitty and I told her my name! She was incredibly attractive! Like model level hot! I tried not to stare as she pointed upstairs and smiled.

“Do you know where the bathroom is?”

I nodded and she smiled, turning and walking down the hall quietly out of sight.

I made my way up the stairs to the bathroom expecting to meet Kaleena there, but I had a very unexpected surprise. I met one of my co-workers.

As I walked into the bathroom, the current slave was cleaning up and getting dressed! He turned to see me at the door and we locked eyes. I studied him, he looked to be in his mid forties and I could tell from his hair and appearance that he had a nice job. His skin was very pale and he looked incredibly sick, almost on the verge of passing out! The bathroom was clean and fresh smelling chemicals as he crawled to the sink and literally pulled himself up!

I watched from the doorway as he splashed water on his face for the second or third time! His hair was already wet and i could tell he had done this a few times already! He dried his face and hands before reaching out to shake.

“Patrick” He said politely as i nodded

“Jimmy” i replied..

“Look” he said while walking to the side cabinet and opening it. Inside where a ton of chemicals all labeled with numbers on them 1 through 4. There were also instructions on the cabinet door that were taped up.

“Mistress Kaleena instructed me to tell you, now that you are officially a worker, you need to follow the clean up schedule!” he spoke fast, it was clear his stomach was bothering him, he kept pausing and holding his mouth with one hand.

“At the end of your three days, you need to wash and disinfect all the equipment. If you forget which ones which follow the instructions, here, it's all labeled” he said while rushing to the sink and leaning over it, breathing deeply.

“Thank you” I said softly as he quickly rushed out of the bathroom. The bathroom had a window above the toilet facing the driveway and I watched him literally run from the house across the street to a very nice Audi.

“WELL WELL WELL, look who it is! THE FRESH MEAT!!!” I heard Quinn’s girly high pitched voice as I turned to see her standing with a long leather whip! She wore the same usual t-shirt and very tight black leggings as she walked over and whipped the floor letting it crack loud and echo throughout the room!

“Down doggy” she said with a laugh while pointing to the floor!

Just like last time, I lay down on the plastic sheet as she strapped down my ankles and wrists and then threw another fresh sheet over me! As she fastened it and turned on the vacuum I began to hyperventilate. It sealed me in airtight and I knew this was a mistake! With watery eyes I watched her fasten the ring gag and large tube to my mouth which connected to the bottom of the toilet bowl. It had a thick rubber strap that went around my head almost like Bane’s mask from batman.

“Your shaking??? Are you scared???” Quinn asked, faking concern, she was terrible at acting...

“No need to worry Jimmy, Patrick already ate my morning shit! But not to worry! Kaleena will be awake soon and I'm sure you'll have your fill! If not, can I Can always take a laxative and come

play with you later? Would you like that? Hm?” Quinn asked, I did not answer, it was easier to ignore her!..

“ANSWER ME!” Quinn screamed as she lashed the whip on the tile floor and brought her bare foot down onto my crotch under the plastic sheet! It felt so painful that there was no feeling at first! Just breathlessness in my lungs! I felt the thunder of pain run down my spin as my entire body froze! It felt like my balls had exploded!

“Men never learn, when I speak..YOU SPEAK.. When i say roll over, YOU ROLL OVER! And if i tell you to eat shit! What are you gonna do?” Quinn asked as I cried into the funnel and moaned out of the toilet bowl!

“MPPEEEEAATT MSSHHITTT” I screamed through my ring gag while crying in pain! It hurt so bad I still could not breath proper!

Quinn smirked and I could hear her laugh as she turned and walked out leaving me in silence, the only thing I could hear was my own gasping and crying!

I waited for over an hour in the silence, laying there, waiting. It's horrifying knowing that someone could walk in at any moment, any woman, any stranger, and use your

mouth. My heart would race when I heard the floorboards creak, thinking someone was coming to use me, but it was just my mind playing tricks.

It had to be after 9am when I heard actual footsteps, heavy ones. Kaleena entered the bathroom and walked right up to me without gazing down! Her dark hair hung over her shoulders and she wore a very colourful thin silk robe! It was hanging open to expose her beautiful thick body! Her plump breasts and incredible ass! She took off the robe and turned, her massive ass jiggling as she bent over and took a seat above me!

Immediately I could smell her womanly odors, the intense overpowering smell of her pussy mixed with the subtle hint of earthy sour unwashed ass.

She began to piss, her urine filling the bowl! It was dark yellow almost orange in colour and I knew it was going to be horrible before it even hit my lips! As the first touch ran over my tongue, my entire body shivered! The taste was horrendous, like drinking brake fluid from a car! It was so thick and tangy, I wanted to die! I had been debating not coming and that moment sealed the deal in my mind! This was a mistake!

Her piss continued, filling the entire tube and forming a small pool at the bottom of the bowl beneath her ass cheeks! I was desperately sucking down her piss, trying to pace it as the acid burned my throat! Her anus began to dilate as a very long thin piece of shit slid out! I watched it float in the piss for a moment before sinking and swirling down the tube towards my mouth! I tried to let it go in slow but it literally flowed right down my throat! I pushed my tongue through it to stop it as the other half flowed right down into my stomach! I began choking and gasping as she pressed her soles down on my chest keeping me still.

Her anus spread again as another long thin brown turd came down! As soon as it had dropped, she began to wipe and dispose of the paper in the garbage next to her. My eyes were watering as I cried, sucking down the piss and gagging on the taste of her shit! It wasn't even that bad, it was more the thought and idea that grossed me out! The smell was so intense and I just wanted it to end!

She began washing her hands as I choked down the last few mouthfuls of piss and then gasped for air, sucking on the turd in my mouth and dry heaving! She turned and dried her hands on the towel before looking down at me.

"It's nice to see you again!" She smiled and I choked on her feces watching her above me!

“Today you will be serving your first client! She had a choice of all three toilets I own, and she has chosen you! She is coming all the way from Montreal and should be here shortly! I expect you to be on your best behaviour! Do you understand?” Kaleena asked..

I moaned and tried to nod even though I did not understand. Client? What did she mean, was she renting me out to someone? My head began to race with ideas with her shit still sitting on my tongue! Who was this random person coming to use me? Did they pay? Why did she pick me? I envisioned a horrible woman, ugly, fat, old, and I started to cry! This was a mistake, I did not want to be here!

“If you do well today, i will reward you when your three days are over! And a real reward, not a trick, not shit or piss! I like to take care of my property. Treat me like your god and I will make your wildest dreams come true!” Kaleena said with a smile before spotting down the tube, the liquid landed directly on my tongue and leaked over the shit still sitting on my tongue! I swallowed the feces and choked as she smirked and walked away! Her bare feet were sweaty and I could hear them sticking to the tile floor.

A very short time passed when I heard a car pull up in the driveway and park! The car beeped as the owner locked it and then slammed the door. My spine shivered, I knew it was the woman coming to use me. She got to the front door and I could hear the maid greet her as Kaleena did the same! Their voices were loud and high pitched echoing in the large lobby entrance. The woman did not sound old, she sounded very young and had a THICK french accent!

Suddenly Kaleena began speaking in french with her, i could not tell what they were saying anymore! I had learned french all throughout school but fuck me! I never paid attention! I could never have imagined I would need it for a situation like this! The only thing i know how to say is *puis-je s'il vous plaît utiliser la salle de bain miss?* Which means, may i please use the bathroom Miss? Which allowed me to use the bathroom and avoid learning more french!

I could hear the woman's footsteps coming up the stairs and then stop at the door to the bathroom. She was looking at me. I could feel it but I could not see her yet.

“Sensationnel!” she said in a thick accent before walking over, I could hear her heels clicking on the floor.

I can not describe the beauty that looked down on me! Luckily i have pictures from her social media so i don't really need to. She was so stunning, so gorgeous! Her

long dirty blonde hair hung around her shoulders as she reached up and held it back to expose her face and stare down at me! Her features were so smooth, her small pointed nose! her thick plump lips! She could clearly see my shock as she laughed and then blew a little kiss down at me!

“You look so... helpless.... Can you move?” She asked in a VERY THICK french accent, almost broken in english.

I began to squirm trying to move in the tight restraints and airtight vacuum sealed bag! It was almost completely immobile! She smiled and rested one of her high heels on my chest!

“Are you thirsty?” she asked, i did not respond but she didn’t wait for an answer...

“It was a very long drive, ugh, my bladder, let me give you a tiny little taste!” her accent was still incredibly thick and i could feel my erection pressing to the tight plastic sheet, even with Kaleena's shit flavor still in my mouth!

The french girl bent over the seat and pulled down her high waisted jeans! Her ass was ASTOUNDING! OUT OF THIS WORLD! Each cheek is so large and plump but also muscular and toned! She looked back and rubbed her manicured fingernails over each cheek before slapping her ass and letting the ripple wave effect run down her thighs.

She sat down on the seat with the full weight of her high heels on my chest! Even sitting, it felt like she was ripping into my skin and tearing my tendons! Her asshole was dark and deep set in her ass, it was bare but i could tell she had shaved it!

BBBBBBBBBBBBBBBBBBBBBBBBBFRTTT

A fart erupted from her asshole, it was loud and hot fogging up the glass bowl immediately before a rushing hiss of piss came down flooding my mouth! Her urine was bright yellow and almost tasteless! Honestly, it was a treat compared to Kaleena's morning urine. But the piss was not the problem! Her gas was by far the WORST FART I HAD EVER SMELLED!

I have smelled a lot of farts in my time, but nothing like this! It smelled like a chemical, like ammonia mixed with rotten cheese and deeply over boiled eggs! I began to wretch and gag uncontrollably, my throat flexing as I choked on each

mouthful of her piss! The smell lingered around my nose as she spread her thighs and looked down!

“oh mon dieu, ça pue” She said while fanning her nose and laughing!

When she was done, she let her pussy drip before standing with her FULL WEIGHT ON MY CHEST! She is not a fat or large woman, but even someone small in heels kills! I could not move and screamed with her piss in my mouth as she laughed and began to bounce a bit! I could feel my ribs bending under her heels as I cried and sucked down all her piss at once! I screamed out into the funnel as she jumped off me, it felt like her heels had ripped holes in my body!

“C'est amusant” She said with a laugh as she walked to the sink and washed her hands! I was gasping for air, choking and crying! The most beautiful women are always the most cruel!

“je serai de retour ce soir. j'espère que tu as faim” She said softly before leaving me gasping in pain! I had no idea what she said, but I knew she was going to feed me later. The fart was ingrained in my mind, the chemical smell embedded in my nose! I feared her asshole!

This woman, whatever her name was, had an incredibly high pitched laugh! She was with Kaleena for most of the afternoon and I could hear her all throughout the house, laughing and giggling! She was very loud and boisterous.

I picture her big round ass and the horrible smell of the fart, it hung in my nose causing me to gag and choke every twenty to thirty minutes! My stomach churned and twisted as I began to imagine what was going to come out of her asshole! If she truly was a “paying” client, if i was here, i would get my money's worth!

I could feel my throat closing as i cried a bit, i knew she was coming soon, i could feel it! And like clockwork she returned! It was past noon now and my stomach was actually growling! I hated that, i should have eaten in the morning, it was like my body was begging for the shit!

She walked over, standing above me with a big smile and one hand over her bloated belly! She looked incredible and evil all at once! She had such a natural and innocent beauty, like a woman you would gaze at on the street. I would never imagine or guess in a million years that this woman had a fetish for using men as toilets, especially one so strong that she would pay for the experience!

She turned around and once again I was greeted to the view of her incredible ass! It was truly a thing of beauty, sculpted by the gods! She rubbed her hands over her ass before gently sitting and placing her bare feet on my chest. I could feel her dig her nails in and drag them over the rubber sheet! It didn't hurt, but i could tell she wanted it too!

BBBBBBBBBBBBBBBBBBBBBFRTPPPPPPPPPPPPPPPPPPPPPPpppppppppppp
ppppppppppppppsssssssssssrTTTT

A monster fart erupted from her tight deep dark asshole and I instantly started to gag! It was impossible to process this gas or breath it in! I could feel my lungs react instantly as I flailed and gagged the worst I ever had! Piss filled my mouth rising from my stomach as she pressed her feet down hard keeping me down against the floor harder then the vacuum sheet.

This fart was from the depths of hell! It was impossible! How could someone so beautiful make such a horrible odor! My skin crawled as her anus pulsed above me! I cried from how rancid it was, the bitter deep smell of ammonia and eggs was too intense!

As I gagged on the odor her anus spread and made way for a massive hunk of shit! It was very light in color and crashed down into my lips, sliding down the tube and only touching the sides from how fat it was! The instant her shit touched my lips it began to evaporate and turn to a mush, it was like a chocolate aero bar made of feces! Her shit was almost aerated! I could feel my entire body reacting, choking! Her shit was like tar!

The horrible hot shit leaked over my tongue and filled my cheeks as another massive mushy turd fell from her ass! This one hit the bowl and slid down leaving a very dark skid mark. The instant her shit hit the bottom of the tube and piled up it began to turn to liquid mush, this was by far the most foul shit i had ever been forced to eat!

I knew there was NO WAY i could finish this, as i was thinking that, choking on her feces, my eyes went wide! More was coming!!! Another massive shit log mushed into the other, almost filling the funnel! Steam was rising from the shit and I could feel it cooking the inside of my mouth from how hot it was.

As if things couldn't get worse, she began to piss! The hot urine leaked through the funnel attached to the bowl and through her feces finding its way to my mouth! I started to choke, trying to pull off the bonds over my wrists! The piss was so foul,

stained in the taste of her shit! There were flecks of chia seed and seeds from strawberries in it that got stuck between my teeth! The shit seeped down my throat like syrup, I couldn't stop it!

I choked hard, shit sprayed from my nose and onto the back of her feet as she looked down and began to laugh! Her bare feet started pushing hard on my chest as she laughed and stomped back and forth, LEFT RIGHT LEFT RIGHT!

Tears dripped from my eyes as a fourth log dropped! It was so bright it was almost yellow and it simmered on top of the rest of her shit! I could see it oozing and gagged from the sight! She parted her legs and looked down at me, the smell was clearly not bothering her, she was used to her own brew! I on the other hand was in hell!

“Allez, mange! plus rapide!” she said while making eating motions, i knew the words, she was telling me to eat faster!

I chew on her feces, sucking it between my teeth and gagging on the chemical taste! It was so gritty and full of seeds! It had all gone right through her, and now into me! She stood up, her FULL WEIGHT ON MY CHEST and began wiping her ass! She had to balance and slid back and forth a bit while laughing! When she stepped off, I had never been so happy!

She washed her hands and then stood at the bathroom door, watching me! I was choking and gagging so badly but I knew deep down that she expected me to finish! I have no idea how I got it all down! The last yellow bit was so foul! I had it floating in my mouth trying to swallow it for at least five minutes!

When I gagged and took a deep breath, I heard a beep, I knew it was from her phone... she was recording me. She said nothing and walked away...

DAY 5

After the french woman had used me I was left alone, I was expecting more women to come use me, Kaleena, Quinn, but the house seemed empty. It was silent and quiet with all the lights off and dimmed! The sour taste of her feces clung to the sides of my mouth and tongue, skid marks stretched all the way up the tube! Each breath I took felt like death, the smell of my own breath was unbearable and I prayed for someone to come piss, to wash away the flavor!

The house got dark as the sun set and I was left in the pitch black! My stomach began to rumble and gurgle, signaling hunger! I could feel the acid inside of my belly eating away at the inside of my stomach! A small part of me actually wanted someone to come shit, just to get rid of the cramps!

I must have fallen asleep very late because when i woke up the sun was already shining bright! I could hear footsteps moving around on the main floor and the loud high pitched voice of Quinn as she barked orders and demands! The front door slammed and I squeezed my eyes open and closed a few times trying to wake up!

She came barreling up the stairs, it sounded like she was walking two steps at a time! Her high heels CLICK CLACKED on the floor as she walked over in a rush! Quinn was above me seconds later, she looked down and smiled at me! Her attire was much more professional than usual! She had on a white button up shirt with a very short grey pencil line skirt! Tight stockings stretched up her thin legs and she looked like a true receptionist! She blew me a kiss from her plump red lips before spinning and lifting her skirt!

I watched as her big bubbly ass crashed onto the seat! Her pink anus winking at me! I could smell the scent of her asshole and pussy for just a moment before she FILLED MY MOUTH WITH URINE! It came down fast, like she always did! Her flow is strong and she has a big bladder! I have drank enough piss in my life to know the difference between regular pee and morning piss, this was not her first pee of the day and i was grateful! The flavor was still acidic and strong, heavy enough to burn my throat!

"Ahhhhhhhhhhhhhhhhhhhhhhhhhhhhhhhh i needed this!" Quinn said in a relaxed tone as she moaned

Her pussy gushed as the urine filled the tube and began pooling in the bowl! I could feel the sensation of too much liquid in my belly that sloshed back and forth with even the tiniest movement but i never stopped! I drank, chugged, sucked down her piss! When she stopped I still had to drink the entire tube and she parted her legs to watch me.

My throat was working overtime as I gulped over and over! I could see her smiling down at me from between her legs, her eyes sparkling! Shes so fucking beautiful! When i finished the last mouthful of her piss i let out a loud burp and she laughed!

"Hahahaha BBFRRPSPPRRPTT"

I initially thought it was a fart, but then realized she had queefed in my face! Her pussy lips came back together as the smell of her inside filled the bowl and tube! I choked a bit on it as her piss came back up and filled my mouth! She didn't notice I puked, or didn't care, and got up to wipe! As I was struggling to keep the urine down she began to wash her hands.

"There is another client coming today! She's a friend of mine so I need you to be on your best behaviour! It disgusts me to admit this, but I bragged about you!..." Quinn stopped to let out a fake dry heave!

"My friend, you're just her type! The lanky pale harry potter looking type! I told her all about you! She's never used a human toilet, so i want you OBEDIENT! When she's over you, you better beg! Understand?" Quinn said in a dominant tone!

"Mppphmmmm" I moaned, muffled into the tube!

Quinn let out a small breath of air before turning her back and leaving the bathroom. I could hear her heading downstairs as she screamed at someone, I couldn't hear what she was saying though!

When I began serving here, I asked what to do if i had to go to the bathroom and they told me to hold it! The first time I came, I had pissed my pants a few times, but I had a change of clothes! I never had to deal with holding in a shit! This time though, my stomach was in brutal pain!

I could feel the french woman's shit burning my insides! I knew the shit i was going to take would be horrific and didn't want to let it out, the pain was so bad though. I could feel my sides cramping as I groaned, my stomach still growling while it was full of piss! I actually started to spin a bit from being so light headed!

Lightly I began breathing in and out, slowly, trying to steady my heart rate! The smell was so fucking bad though, Quinn's piss had done nothing to lessen the smell of the feces!

I could feel the hot diarrhea trying to force its way out as I squeezed my ass cheeks! It made me feel like i was gonna vomit, her shit was so hot inside of me!

I waited for hours until I heard someone arrive at the front door! The doors are so big and heavy that you can hear them opening from anywhere in the house! Quinn let out a girlish scream as another young woman joined her! In my head I imagined them hugging and embracing each other! I knew that she would be beautiful, but had

no idea what to expect, who would she be? What would it taste like? My thoughts were interrupted as my stomach let out another painful gurgle! I am not sure if you know that pain of being starving and FULL of liquid piss, it's horrible!

I heard Quinn's high heels on the stairs as she walked up with the guest, I could hear the conversation as they got closer.

"I never knew you had this side to you!"

"Well, I have always enjoyed putting men in their places! REMEMBER JASON? He is a total sub! You would never know though!

"NOO, seriously???" Her friend asked in shock!

"He serve's Daniella"

"WHAT!?" the friend yelled in shock

"Like... serve serve? Like this slave?" The friend asked..

"Haha yea, i know! Can you imagine?" Quinn laughed..

"Let me see him!" The friend said with excitement as they entered the bathroom..

I knew Quinn's friend would be beautiful, but I was not prepared for the woman I was about to meet!

She stepped over me and looked down into the bowl, holding back her incredibly long wavy brown hair with both hands! I was in pure shock, my heart fluttering as it skipped multiple beats! She had big eyes with light bluish green pupils that studied me carefully! Her skin was pure white except for the scattered freckles that covered her cheeks, nose and forehead! Her lips are so big and plump, slowly curling into a smile! I started to blush, wishing I wasn't underneath this toilet! This was the woman of my dreams! She had such a classical look to her, like someone out of time! She would have fit in perfectly in ancient rome!

"HE'S SO CUTE!" The friend said with her eyes still fixed on me!

"He's one of the new ones! I thought you would like him! He looks like a harry potter if he dropped out of hogwarts and started selling pot? Don't you think? Quinn asked as they both began to laugh

“So can i?” The friend asked as she looked back at Quinn..

“Of course!”

MY heart began to race as she started wrapping her long brown hair up into a messy bun on top of her head! She looked down at me the whole time as she did her hair up!

“Well, I hope you're hungry!” She said while turning a light shade of red from embarrassment and then giggling!

“He hasn't eaten since yesterday! He STARVING!” Quinn said in a very animated tone!

“AWweee, poor thing! He must be famished! Well, I can take care of you” She said down to me with a smile before turning to lift her long dress!

The picture below is not of the woman, i could not find any online to post! But it resembles her body almost exactly! I SEARCHED THE INTERNET FOR HOURS! Looking for something as close as possible! Her legs were so smooth, her skin so pale! Her ass is one of the NICEST I HAD EVER SEEN! So small but also so fat and plump! Her hips were extremely wide moving into her very thin waist! Her body was fucking perfect!

She reached down rubbing her hands over each ass cheek and spreading them to sit gently above me! My eyes went wide! This woman could not be older than 25, she was young, but her pussy was a wild bush of dark brown hairs! It was thick and dense and ran all the way up her very deep ass crack! It was incredibly alluring, the soft white cheeks and sudden change to thick deep hair!

Instantly I could smell her aroma, it was thick and powerful! The acidic smell of unwashed pussy mixed with the earthy odor of very potent ass filled my lungs! The smell was so strong I could taste it, my tongue tingling as it hit the back of my throat! It almost tasted like morning dew or fog, the dense accumulation of ass and pussy! My dick got so hard that it began pressing into the tight plastic sheet holding me down!

“HE HAS A BONER!” Quinn shouted as she stepped on my ankle with her high heel, digging the stiletto into my skin!

“I think he likes me!” The friend said while sitting above me!

BBBBBBBBBBBFRTT

“OOPS!” The friend shouted as the smell of her gas hit me like a load of bricks!

I have smelled a lot of farts in my time, this wasn't so powerful, or overly gross! It was truly one of the nicest most girlish farts I had ever experienced! The blast was three seconds, just long enough to be considered big, the tune and vibration steady throughout the entire blast! I began snuffing deep, huffing it into my lungs! It smelled like pure shit! Just fresh earthy shit! I had never been so turned on or wanted to be a toilet for a woman more in my entire life!

I began moving my hips, humping the plastic sheet as both Quinn and the woman above me began to laugh!

This picture is also VERY close to what she looked like MINUS the tattoos

Her big pale ass released another fart, this one double in time and power! I could physically feel the methane and gas hitting my lips as her plump pale cheeks tensed up! The smell got worse, way worse! There was a deep wet crackle as a mass of brown began to emerge from her extremely hairy ass crack! Her cheeks spread enough so i could make out her anus, it was covered in hair!

The smell of her shit was like a drug! I could feel every single muscle in my body starting to tighten and then relax all at once! My head started to spin as I huffed in and out, breathing in the intense odor! The first bit of her shit plopped down, and that was like the cork in the bottle! Mushy hot shit began spilling out, literally SPILLING! It was so thick and mushy that she almost filled the bowl before it reached my lips! Her shit oozed down the tube, I could feel the heat increasing as it approached and my mouth watered!

BBBbbfrppsp SPPpsprttt spppfprtpppsprppbppprttt

Her shit ceased for a moment as her anus gave way to the most foul and disgusting sounding fart i had ever heard. It sounded like bubble wrap covered in oil exploding like wet popcorn kernels!

Her shit filled my mouth and it was so thick, so intense! I could instantly tell she was a vegetarian or vegan, she looked like one! Her feces were so green, it had a grassy

taste and was so hard to get down my throat! I had to kneed it in my mouth, mushing my tongue through it multiple times and submerging myself in the flavor before swallowing! I could taste green beans, corn, asparagus, brown rice, it was clear she had a very healthy diet and I actually began to fantasize about being this woman's full time toilet!

I swallowed and moaned as I gagged! Her shit was so fucking thick and grassy! I could feel the hot lump going all the way down my throat! Instantly my mouth was filled further, more shit seeped down forced by the weight and accumulation from above!

"I think he likes you!" Quinn said excitedly.

"REALLY? I mean... really? How can you tell?" The woman above me said excitedly and loud at first before correcting herself!

"He just doesn't usually act like this when he's eating shit!" Quinn laughed and dug her heel into my thigh as I cried out into the woman's shit!

"How does he act? Usually?" she asked curiously...

"Hahah grossed out!!!" Quinn replied!

"Look at his boner though!" Quinn pointed out as I felt her high heel running over it! I started to shiver and then cry as she increased the pressure!

"Don't hurt him!!!" The woman above me said in a worried tone!

"Hahaha i knew you would like him!"

I had never been so erect in my entire life! Her shit was so thick and terrible, almost impossible to eat! But I had fallen for this woman! There was something about her! Like I had a connection to her!

Mouthful after mouthful i inhaled her feces! I ate like it was my sole purpose! I tried my best not to choke or gag because I did not want to offend this goddess! She was an angel and I could not disappoint her! By the end of her shit, it became so acidic and earthy, each mouthful caused my entire neck to tense up as I tried not to vomit! I had the last bit in my mouth, my tongue sliding through it when my second course was served.

BBBBBBBBBBBbflspppprts fppfprtttttttttttt

Her anus opened up to release a second load, it was like a physical avalanche! The shit was much less thick and more liquid in consistency but still thick enough that I had to kneed it in order to swallow! In less than a second my mouth was full again, I barely had time to breath as the woman above me moaned! I could slightly see past the mound of shit and... oh my god.. SHE WAS MASTUERBATING!

As she was shitting, she was sliding her fingers in and out of her hairy pussy! With my mouth full of her shit I watched, her fingers slowly came out and spread open, they were covered in sticky cum! She moaned and continued to finger herself as more gooey shit poured from her asshole!

My head was spinning, I had never eaten so much feces at once in my life! I was inhaling it, sucking the shit down like a fucking machine! I wanted to impress her! The odor was intense and brutal and I didn't want her to suffer! I didn't want her to smell any of it! I had served as a toilet to so many women in my life but never felt this way about anyone before!

By the time I swallowed the last mouthful, my throat was hot and chapped! I took a long and much needed breath as she laughed and moaned above me! My watering eyes looked up through the stained brown bowl and to her shitty hairy anus, winking at me over and over! Little droplets of feces dripped from her, landing on my tongue as I sucked it down!

"I knew you would like this!" Quinn laughed

"LIKE IT! I mean... holy fuck!" The woman over me laughed and let out a deep breath as she pulled her fingers from her pussy and began to wipe!

I watched as she wiped between her thick ass cheeks. As soon as she had gotten up, Quinn walked over and took a seat! Instantly she filled the bowl with dark yellow piss, her bladder was so big, each piss she took was like being waterboarded! I chugged and choked, gasping and spraying some urine from my nose as the woman gasped slightly! I couldn't see her but imagined her hands cupped over her mouth in shock!

"Quinn! Don't pee so fast! You're gonna choke him!" She said in a clearly worried tone!

"HAHA! Really? After you just buried him in shit??" Quinn asked as her pussy began to drip, i was so thankful because i was so full, i could barely fit any more in me!

“Well, we don’t want to hurt him right?” She asked with a laugh..

“No, not yet!” Quinn said while hopping off the seat and landing on my chest with both heels! I choked and gasped hard in pain as the other woman cried out!

“QUINN DON’T YOU’LL HURT HIM!”

Quinn stepped off of me and the two of them left as they argued about my proper care!

I was lost, my heart fluttering! I could not get this woman’s ass out of my mind! Her face was so beautiful! Her eyes were so big and round, I couldn’t stop thinking of the taste of her shit! A small part of me actually considered making myself vomit just to enjoy it again! Desperately I started to lick the mask around my face, tasting the acidic green flavor of her shit! I wanted her! I wanted her so fucking badly!

A few hours passed when Quinn arrived, i was expecting her to use me but instead she began letting me go. She started to lose the plastic sheet and then undid all my restraints! When she pulled the toilet from my face she spoke with purpose!

‘CLEAN, EVERYTHING, STERILIZE, FOLLOW THE INSTRUCTIONS, CLEAN YOURSELF UP OUTSIDE, SOAP, BRUSH YOUR TEETH, AND THEN KNEEL ON THE FLOOR OUTSIDE KALEENA’S OFFICE! UNDERSTAND?’ Quinn yelled!

“YES MISS!” I replied

Quinn left just as quick as she had arrived! I watched her go and a small part of me felt like i was in trouble, maybe i had done something wrong?

I followed all the orders and cleaned the room, the entire time, my stomach was bubbling! I could feel the pounds and pounds of hot shit mixing with piss as i tried not to lose it! It only took ten minutes to clean and sterilize the bathroom. When I got outside, my clothes and bag were waiting by the garden hose. I used it to shower off and scrubbed my body while cleaning my mouth multiple times! I knew Kaleena did not want to suffer through the smell of feces! The toothbrush was barely salvageable by the time I was done using it!

I got dressed and went inside to kneel outside Kaleena’s office! I barely got onto the floor when the door opened! She was standing above me, her heels just a few

inches from my hands! I was about to look up to her when she turned and walked back to her desk, leaving the door open.

“Come in slave” I crawled into the room and kneels before her desk. Quinn was sitting in the chair opposite from the desk and was right beside me! Her high heel dangling by my head.

“So, Jimmy” Kaleena said softly...

“I’m so sorry Miss!” I blurted out...

The room was silent...

“For what?” Kaleena asked

I could not find the way to put it to words! That woman who has used me! She was the type of woman I wanted! My dream wife! And i realized, i was never going to find her if i was eating strangers shit! I felt like I had missed an opportunity, I needed to know who she was!

“I don’t think i can do this anymore!” I said softly...

“You don’t?” Kaleena asked...

“Hehehe, Jimmy has a crush” Quinn laughed and mocked me...

“Well, Jimmy, you were purchased!” Kaleena said with a bright and animated voice...

“What?” I asked, kneeling a bit higher to see over the desk and make eye contact with Kaleena..

“By who?” I asked....

A woman cleared her throat from behind me and I turned to see her, the beauty! Aphrodite! Athena! She is truly like a god! Now that i wasn’t under the toilet i could see her in full view! Her beautiful long hair running down her shoulders! Her piercing blue eyes! I could barely breathe! She smiled and waved lightly..

“Ooo, he’s even cuter when he’s not covered in shit!” She said with a smirk, i knew she meant it as a sly but i didn’t feel that way!

“Do you still... i don’t think you can do this anymore?” Klaeena asked...

“I CAN, I CAN!” I shouted while blushing and instantly stopping myself! All the women in the room laughed!

“I have that effect on men sometimes!” She said from behind me as I smiled with my head to the floor! I had never been so happy in my entire life!

All three women talked for a few more minutes before my new owner said her goodbyes! I found out then and there her name... Naomi
