Hey all – this is a guide to characters and overall transformations appearing in my movies. It’s meant as a general guide not an exhaustive list. Specific transformations are not broken down (ie shoe ripping, arm growth, bra busting). Still, if you are looking for an overall peak at what’s in the work – this is it. I do include both public and Patreon movies! - Ready

*** THIS LIST IS UP TO DATE AS OF 2023.07.22 **

MOVIE 1 BREAKOUT

Public Movie	M01P00	Growth Lab Trailer	Rundown of the Growth Lab universe's history and recap of earlier comics, focusing on: how the growth energy was discovered and its side effects shown (GL#1), Naomi's first growth and the discovery that she was a generator-type (GL#2-4), Naomi and Mika causing the prom night outbreak (GL#6), Naomi's colossal growth at the CIA substation (GL#7-11), the reveal of Luna's battery-type capabilities (GL#12)	Susan Lee Hughes	X		X		Hair Growth
