

“It’s right through here!” Karina insisted. Using her staff, she moved a large bush away from the side of a rocky outcrop. Behind it sat a hidden cave entrance. A mouth of darkness cut through the mountain like a door to the underworld. “See??” she smiled at her friend.

A young alchemist, Jasmin, stood there looking into its depth while clutching a satchel bulging with elements and supplies. Her heart raced against her chest. “You’re sure about this? You know I hate caves...”

“It’s fiiiine! Here, does this help?”

Karina held her staff aloft. Ancient words brought energy to flow from the crystal embedded in the tip.

FWSH!

A bulb of light sprang before them. Soft and warm, it illuminated the mouth of the cave and beyond like a small sun.

“Better?” Karina grinned.

Jasmin nodded. “Much!”

“Then onward we go!”

They entered the cave, leaving the bush to block the path behind them as the mountain swallowed the duo. Jasmin remained cautious and hung close to her partner despite the light’s presence. The path continued for a short while, descending down a craggy natural slope. It was already proving to be treacherous in some spots as the two girls gazed over the edges of several crevices into an unending void.

“How did you hear about this treasure again...?” Jasmin asked, unsure of why she’d chosen to whisper.

Karina’s excited voice echoed down the stony tunnels. “I overheard some knights talking about it at the tavern! Said their noble wanted what was in here but none of them could get to it.”

Taken aback, Jasmin exclaimed, “What makes you think we can do better than a group of knights??”

“Just a hunch!”

Karina paused. The path ended abruptly at a looming stone wall plugged by a titanic rock. She inspected the blockade, noticing gaps between the wall and a large stone. “Weird, this boulder wasn’t put here naturally...” She leaned in close, trying to peek through a gap to the other side. “It’s like this path was sealed up or something. Probably why the knights gave up.”

“Maybe--*Karina! What are you doing??*”

The sorceress stood back with her staff outstretched. A powerful glow coiled around it like a serpent.

Jasmin gulped, standing back. “Karina... The goddess put that rock there for a reason, and, uh... I-I’m not sure we should--”

CRCK!!!

An ear-splitting rupture bounced around the cave when an unseen force split the massive boulder in two. It fell to either side, offering a path onward.

“Ha!” Karina cheered. “Already doing better than a couple guys playing with their swords. Come on!”

Partly wishing they had accepted defeat and returned to town for a relaxing soak in a bath, Jasmin followed suit.

The air was stagnant here. Centuries of stillness grasped at them while they explored. Karina’s light seemed hardly able to combat the darkness. Jasmin hugged her friend’s arm and whimpered as something scurried by unseen.

Ancient markings peppered the walls. Recognizing them, Jasmin felt her fear give way to curiosity. She approached the walls to inspect the remnants of long-gone visitors.

“Wow... You know, this dungeon looks pretty old... I don’t think anyone has been down here for a long time...”

“I’m not surprised by the way the tunnel was blocked!”

The light fell upon an outcropping of rock. A small trickle of water ran down the wall.

“*AH!*” Jasmin gasped, running forward. “*Is that wolfsbane lichen?!*”

“Wolfsbane what?”

The alchemist knelt over the delicate fungus. “Do you know how rare this is?! The elixirs I could make with just a pinch would be worth a fortune!!” Emptying a bag of comparatively worthless material, Jasmine began gathering the growth with such gentleness it might have been a wounded baby bird.

Karina watched, in no hurry to rush their quest. “See? Told you this would be worth it! We’re already finding treasure and we’re not even--”

PLOP

A thick, viscous substance drooled over Karina’s shoulder. Wiping it off, she recognized it immediately and cast her light higher.

Blobs of transparent pink jiggling masses clung to the cave ceiling. They crawled like slugs, leaving dripping trails in their wake. The roof was alive with their slow, gelatinous movement.

Karina grimaced and whipped her hand free of the ooze. “Ugh... This place is crawling with slimes...”

Unfazed, Jasmin informed, “That’s actually a good thing! It means there’s a healthy subterranean ecosystem down here!”

“We must have stumbled into a nest...” Karina approached several clinging to the wall and frowned. They ranged in size from that of an apple to larger than her head. “They’re just so creepy... All they do is jiggle! Where are their eyes??”

“They don’t need them!” Jasmin refused to turn away from her lichen, even as goo dripped on her from the ceiling. “Slimes are actually really fascinating. Did you know they’re not actually conscious? They’re like plants that can move and hunt! They don’t even have pain receptors!”

“Good to know.”

Karina pointed her staff at a particularly plump slime and muttered a small spell.

FWOOSH!!

SSSSS!!!

A ball of fire erupted, consuming it in a flurry of hissing steam. She'd dealt with slimes before, although that didn't make their presence any more tolerable.

SSHLLLLP

SHHHLLLLP

They started moving toward her. Several fell from the ceiling, landing behind her with loud wet smacks.

"Heh... I think I made them angry..." Karina held her staff out once more.

FWOOOSH!!

SSSSS!!!

FWOOOSH!!

SSSS!!!

SSSS!!!

Several others evaporated under the intense flames but it only drew more. Karina backed away as they congregated.

"What's with these things??"

Calm, Jasmin said, "You can tell a lot about them just from their color! Blue means they're water-based and probably came from a nearby lake or pond. Green means they came from a cemetery, usually because there's been necromancy activity. Red slimes are carnivorous, so watch out for those."

SSHLLLLP!!

"Ah!!!" Karina screamed when one sprang from the floor with surprising force. Landing on her torso like a sticky cantaloupe, it clung to her body and explored her front. "*Ewww get it off!!*"

Her hands pulled at it with little effect. Its slime held strong and soaked through her clothes, warming her skin below.

"It's sooo gross!!!"

SSHLLLLP!!!

SSHLLLLP!!!

Two more joined, pelting her chest with their jiggling bodies. Karina stumbled back against a wall. She stared at their wobbling pink masses. Their formless groping made her shiver as her top pulled open. "*Jasmin?? W-What does pink mean as a slime color??*"

This gave the alchemist pause. She looked up from her lichen. "Pink...?!" Seeing Karina covered in the creatures gave her heart a start. She scrambled back, putting space between her and the sorceress. "*Karina, get away!! Don't let them get on you!! They'll--*"

"MMMGGH!!!"

Karina cried out when a slime slipped between her cleavage. Its pink ooze squished against the inside of her shirt, engulfing the front of her breasts. Intent tugging like a hundred mouths assaulted her nipples.

“W-What is it doing?!” Breathless, she squirmed against the wall and began clawing at her breasts as the other slimes invaded her bodice. *“I-It feels like they’re--AH!!! What are they doing to my nipples?!”*

A sharp gasp echoed through the stone. Her nipples flared, enduring intense stimulation and pressure. Under her hands and arms, Karina’s shirt bulged with the slimes’ movements.

“You have to get them off, Karina!! Hurry!!”

“I-I can’t!!! It feels like they’re latched on or something!! My chest feels...weird!!! Like it’s--NGH!!!”

Pressure sprang within her ample breasts. Squeezing and massaging her aching mammaries, Karina panted and begged for relief. She slid to the floor, arching her back. Slowly the mounds of slime tenting her bodice began to shrink.

“KARINA!! HURRY!”

“Why don’t you help me then?! Goddess, what are they doing to me?! My chest is on fire!! MMMGH!!!!”

Her fingers clawed at her clothes. Pulling and yanking, she tried to endure the mysterious pressure flowing into her breasts.

“I-I...can’t!!! Jasmin!! W-What are they--”

Karina’s bodice came untied and exposed her breasts. Her eyes widened as her back arched, lifting her chest.

The slimes were smaller, but her bosom was far larger. They quivered at her nipples, slowly invading her body. As their bodies shrank into her, her breasts swelled in turn. A weight flowed into them with rising heat.

“W-W-What are they-- Jasmin!! I think they’re--”

SHHLLLP!!!!

STRRTCH!!!

“AH!”

It was done in an instant. Like rabbits diving into their holes, the slimes vanished into Karina’s breasts. Their mass engorged her breasts instantly, bloating them outward as she assumed several pounds of jiggling weight. Mammaries larger than her head jutted from her torso, gently heaving with her breath and the slimes’ movements.

Her magical light vanished, throwing them into darkness.

“JASMIN!!! JASMIN!!!!”

“Hang on!!! Hang on!!”

Rustling came as the alchemist fumbled through her bag. A moment later, following the crackle and fizz of two combustible elements, fire jumped to life on a makeshift torch. The light fell upon a panicking Karina as her hands flew over her breasts.

“W-Where did they go?! What happened to my body?! I-I-It looked like they went... Like they went...” Karina couldn’t finish the sentence.

Jasmin tried to stay calm and gently kick any additional slimes away as they crept across the floor. “Karina... Don’t move. Pink slimes--”

“Mmmngh!!!” She writhed, moaning and squeezing her breasts. *“I can feel them moving!!”* Heavy gasps made her sweat as she grabbed her staff. *“I’m getting them out!”*

“NO! KARINA, WAIT!!”

She uttered a simple purification spell, however, no light came from her staff.

STRRRRTCH!!!

“A-Ahhh!! Oh goddess!!!”

The staff clattered to the ground when Karina yelled, grabbing her breasts as they engorged larger. Frantic exhaustion brought her close to collapsing. The swelling calmed, leaving her more than an inch larger than before. *“W-Why... Why can’t I use magic?”*

Jasmin kicked several slimes away and grabbed Karina’s hand to help her up. “I tried to tell you!! Pink slimes *consume magic!* You broadcast yourself, they attacked the food, and now they’re...uh...f-feeding off the source...”

Staring at the massive breasts tugging at her shoulders, Karina squeaked, *“They’re absorbing my magic?! INSIDE of me?!”*

The alchemist nodded. Like Karina, she couldn’t keep her eyes off her friend’s enhancing assets. Their shape and size were incredible. “Pink slimes will get into anything and just keep feeding...”

STRRTCH

“Mmgh!” Karina trembled, using Jasmin for support when her chest swelled larger.

“A-And keep getting bigger... They’re just feeding off your body’s latent magic right now, but if you try and use any, they’ll gobble it up before you even get a chance to cast the spell.”

Karina cradled her bust. Firm, pale skin bulged over her arm. She felt incredibly stretched and bloated, as if she were carrying a load of water. “So... So I’ve got slimes inside of me...eating my magic...swelling up...and I can’t even cast my spells??”

STRRTCH

“Mmmgh!! This... This can’t be happening!!” Her hands sank into her melon-like breasts and hefted their weight. *“I’m HUGE!! How do I get them out?! They can’t just keep going!! What if they get too big?! I feel stretched as it is!! I don’t want to--”*

STRRTCH!

“A-Ahhh!!” Karina endured another small surge and steadied herself. Plump cleavage dominated her torso as her curves rounded. *“Nnnngh how do I get them out, Jasmin??”*

The alchemist pursed her lips. “W-Well... Cave slimes tend to congregate around lumiose crystals... It’s like their catnip, but a big enough dose also renders them inert... They should just come out if you ingest some.”

Karina’s head spun. “Ok, where are they?? Let’s hurry!”

“The crystals grow much deeper underground! I-I have some back at my workshop, but--”

STRRTCH

“Mmmgh!”

“But I don’t think you’ll make it that long... We’ll have to keep going deeper until we find some lumiose crystals.”

“Goddess...” Karina doubled over and groped her breasts. “*They just keep getting bigger!*” Biting her lip, she nodded. “*Ok... Ok, let’s do it...*” Gently, she untied her bodice and did her best to clothe her new body. It cinched closed, although not without delivering impressive cleavage bulging up to her collarbones. The taxed garment was clearly overfilled.

Karina breathed slowly and straightened her back. “I can do this... They’re just some slimes. I just need to--”

STRRTCH

“Mmmmmgh!?” Her hand clenched against her pelvis and the throbbing loins below.

Jasmin’s eyes widened, watching flesh overflow the dress. “I don’t think your clothes are going to last very long if--*ah!*” The sorceress stumbled, hugging Jasmin for support. “Are you alright??”

Karina’s voice was shaky overhead as she fought intense stimulation. “*Nngh... D-Do you mind...?*”

Helping to support her weight, Jasmin found one of her hands sinking deep into Karina’s right breast. She could feel their intense heat and slime-filled throbbing as Karina’s passengers moved about.

“*Ah! Sorry...!*” She pulled away but could still feel the firm skin squeezing around her fingers. Jasmin marveled at the impressive rack so close to her face. It wasn’t often she was grateful for being so small. “I’m... I’m glad they didn’t invade me...” she whispered. “I’m not sure I could get that big...”

A weak chuckle left Karina’s lips. “Good thing I had plenty of room starting out, huh? I just hope--”

STRRTCH

“*Nnngh! Ahhh they really don’t stop, do they?*” Karina trembled. “Oh dear goddess they feel big in there...”

Jasmin gasped when her friend’s bust swelled into her face. Smothered in her cleavage, she muffled, “W-We... We better hurry.”

The magic of cave exploration was gone with the arrival of Karina's new and rising assets. Not only did she have to endure their constant swelling from the growing slimes within, but she also had to take extra care of the other slime swarms they encountered along the way. Several times Jasmin saved her from a hidden springy assassin aiming for her bust by smacking it from the air.

As distressing as the situation was, Jasmin couldn't keep her eyes off Karina. The two of them had always been polar opposites when it came to their body types. Seeing the sorceress sporting such an enlarged bust when she had already been so big was short-circuiting Jasmin's mind.

"How do they feel...?" the alchemist asked softly as she kicked a slime away.

Groans came in response from Karina massaging the sides of her chest at its base. "Tight... Like I have a couple slimes blowing up inside of me." The hem of her bodice dug into her and threatened to explode with every passing minute. Over the last hour, she'd almost doubled in size to leave her stumbling with shoulder-taxing watermelon knockers.

"A-At least they look good...!" Jasmin gave a weak smile at her attempt to lighten the mood. "Could get a lot of free ales at the tavern with those, I'll bet!"

It was relieving to hear Karina laugh heartily. She blushed and paused, turning herself toward Jasmin to pose with her arms seductively stretched over her head to accentuate her bosom. "You think?" She shimmied her chest back and forth, making Jasmin's breath catch in her throat. "Honestly they might not be so bad if they stopped growing at this size... I could learn to live with--"

STRRRITCH

"Nnnngh!" Karina put her arms down to cradle her chest when its weight increased and distended, pulling her skin. "*Somehow I don't think that's going to happen, though...*" A bead of sweat ran down her neck as she gazed into her vein-laden cleavage. "How much further? I've been seeing crystals all over the walls!"

"They're not the ones we want. We're after the glimmering blue crystals. But we are getting close!"

"Good..." Flesh bulged over Karina's arms when she lifted her chest. "My back is killing me. Can't believe I ever thought my breasts were heavy before. They were *nothing* compared to these."

Jasmin stared at the massive erect nipples tearing through the white fabric like small fists. A lingering question nagged in the back of her mind. "Does... D-Does it feel good?"

"Excuse me?"

"When the slimes...you know..."

Red hues flushed Karina's face. She hoped Jasmin hadn't seen how wet she'd grown under her trousers. "Well, it's not *bad*... It's an intense, thrilling excitement... Like the butterflies you get when you jump from a high place. They're tingly and really sensitive, but..."

STRRRRTCH

"Mmmm *b-but they also feel like they're going to pop*..." Karina had to catch her breath. "I hate to admit it, but the stress of wondering if I'm seconds away from getting too big *i-is* almost as enjoyable as it is frightening..." A bashful expression came over her face as she revealed her adventurer's side. "I'm mostly just trying to watch for sharp rocks..."

Listening to her friend's words, Jasmin realized her hands had absentmindedly crept to her own meager breasts. They sat under her palms like diminished apple halves; nothing compared to the mountains heaving before her. Jasmin glanced down at her front and stared at the small effect her chest had on her dress.

"C...Can I tell you something?"

Karina nodded. "Always!"

"Sometimes I wonder how it would feel if mine started growing... They have always felt so small... I've wanted big breasts since they first started developing..."

"You're an alchemist!" Karina shouted, halfway laughing. "The best alchemist I know, actually! There's nothing you could brew to make yourself grow? Some kind of growth potion or elixir?"

"There are some... I've thought about it. A lot..." Jasmin went quiet and felt her nipples harden against her palms. Barely audible, she added, "But I never try because I don't know if I would be able to stop myself once--"

CLATTER

Karina held her staff out, stopping Jasmin in her tracks. "*Shh. I hear something.*"

They paused and cocked their ears down the tunnel.

CLATTER

SKKRRRT

Sounds like nails and small grunts came from ahead.

"What is that...?" Karina wondered. "Lift your torch higher."

Nrrgh!

It grunted with a snort as they moved forward. In such a weighed-down state without her magic, Karina didn't want to take any chances with rogue monsters.

"*There!*" Jasmin gasped, pointing at a shadow being cast on the wall. It was roughly the size of a medium dog and ducking halfway behind a rock. Scraggly ears flopped on a bald, lumpy head. The alchemist squinted in the flickering light of her torch. "*I think...it's a--*"

Nrg??

It sat up, catching sight of the two girls.

"GOBLIN!!" Karina yelled.

Despite their size, goblins were one of the nastiest creatures an adventurer could find in a cave. Small, vicious, fast, and highly territorial, they were known to attack without provocation.

“Raaghh!!” it snorted, sprinting at them on all fours.

“Get behind me!” Karina said, holding her staff toward it. *“I’ll send him--”*

“No! Don’t use magic! You’ll make yourself even bigger!!!”

Jasmin was right. Karina faltered, unsure of what to do.

The goblin’s nails scraped on the floor when he leaped to the side. His hands sank into a slime and tore it from the ground. *“Nngh graaahhh!!”* Seething at their presence, he flung it at Karina like a catapult.

SHHLLLP!!!!

It landed squarely on her chest with a loud smack. Fear filled her eyes immediately as it latched onto her nipples through the bodice’s tears.

“EEK!! YOU LITTLE!!” she fumed, trying to grab the slime. Its warm ooze caressed her nipples. *“It’s not coming off!!! No!! No no no!! Please don’t--”*

SHHLLLP!!!!

“MMMGGH!!!”

It invaded her chest, adding itself to her mass. Instant weight stretched her chest outward and Karina clenched her hands to endure the strange, jiggling sensations.

Jasmin’s screaming voice tore her from the void.

“Aahhh!!! G-Get it off!! Get it off!!!”

“Nngraahh!!!”

The goblin had knocked her to the ground. He tore at her clothes and satchel, ravaging her for whatever precious goods he could find. Jasmin tried to hold it off, but the beast's limbs were fast and sharp. Scratches covered her body where it had torn through her outfit.

“Hang on!!” Karina yelled.

Magic was out of the question. Drawing a dagger from her hip, Karina ran toward the attacking goblin. Her foot connected with his body, sending him flying from Jasmin before he landed several feet away.

“Nggrra--urck!!”

Karina was merciless. She jumped on top of him, plunging the dagger into his body before holding him down.

“Mmgh! Nnrrrek!!!”

The goblin squirmed under her chest, fighting for freedom as her full weight bore down. The jiggling slime-filled mass proved too heavy, however, and pinned his limbs. She held her dagger firm until his movement ceased and the rage vanished from his eyes.

Karina rose onto her knees before sitting back in a huff. She was breathing harder than she anticipated. In the scuffle, her chest had torn free of her bodice. There was no hope of stuffing them back into the prison as they rested against her stomach.

“Is... I-Is he...?” Jasmin asked, coming over to inspect.

“Nasty little guy...!” Karina moaned. “Did you see him throw that slime at me?! Bastard knew!!” Dismayed, she hefted a giant naked breast and feared how plump it had become. “I’m bigger than ever now!! *And he ruined my top!!*”

Jasmin tried not to stare at her friend’s tempting nakedness. “Thanks for getting him off of me...” She grabbed her satchel, only to find various powders and tools strewn over the ground. “Awwww he tore my bag open!!” Opening a tattered pouch, she gasped. “*Little thief somehow managed to take one of my energy gems!!*”

Dusting herself off, she approached the goblin corpse with anger. The gem was still held in his claw. Even in death he was reluctant to give back the belonging. Upon retrieving it, Jasmin inspected the body. She frowned.

“Karina... I don’t--” She stood up. “Never mind.”

The sorceress looked at her. “What?”

“It’s nothing. Let’s go.”

“Noooo, you were going to say something. What is it?”

“Nothing! Let’s--”

“*Jasmin, tell me.*”

Biting her tongue, the alchemist finally revealed, “I... That stab wound wasn’t lethal...” Lowering her voice, she looked away and informed, “I think you *suffocated* him...”

Karina’s mouth closed. Realizing what she’d done, purely by accident, her cheeks turned bright red. “That doesn’t leave this dungeon. *Ever.*”

Jasmin nodded. Unable to contain a small fit of laughter, she couldn’t hold herself back from saying, “No wonder it looks like he died smili--”

CRACK!!

CRACK CRACK!!

Sounds like firecrackers made the girls jump in fear.

“What is that??” Karina yelled over the rising noise, covering her ears.

Bright flashing caught Jasmin’s attention. Her piles of strewn ingredients were combusting after many had been mixed. Horror made her eyes wide.

“*It’s all my catalysts he threw everywhere!!! They’re reacting!! TAKE COVER!!!*”

CRACK CRACK CRACK!!

CRACK CRACK!!!

There was only enough time for the two of them to dive behind a nearby rock as the chemical reaction reached a breaking point.

BOOM!!!!

An explosion rocked the cave. Stone split overhead from the force, causing rubble to fall in a cascade of echoing turmoil. Karina thought she might never be able to think or hear clearly again as Jasmin cowered against her chest during the rumbling.

Finally the cave settled. Dust filled the air and coated their mouths. When it finally cleared, the adventurers rose to inspect the damage.

A gaping hole was in the ceiling leading to a pocket of darkness. Although the path wasn't blocked, a large pile of debris filled more than half the area.

Karina gawked at the scene. "Wow, all that from some powder??"

"That's the power of alchemy...! We're lucky it didn't cause the whole tunnel to cave in."

PLOP!!

Karina stiffened when a slime fell from the hole and bounced across the floor. Turning toward it, she was ready to fling it away with her foot. She was not eager to assume any more passengers.

PLOP!

PLOP PLOP!!

A dozen more fell in a wave of bouncing pink flurries. Karina scooted backward as they inched toward her.

"U-Uhh... Jasmin?"

PLOP PLOP PLOP!!

PLOP PLOP!!

PLOP PLOP PLOP!!!

"Where are they coming from?! H-Help me up!!"

Slimes began raining down in a waterfall. They covered the floor in an instant, leaving little room to maneuver as the girls hurried to knock them aside

SHHLLP!!

"AH!!" Karina shrieked when one sprang to her chest. As big as her head, she was terrified of it joining the others as it sought her nipples.

Jasmin ran to Karina. "I think we opened a slime nest!! We have to go!!"

"Help me up!!"

PLOP PLOP PLOP PLOP!!!!

PLOP PLOP!!!

"HURRY!!!"

The girls struggled to get Karina to her feet amid a sea of slimes. Karina had never felt more in danger.

STRRTCH!!

"NNGH!!! I'm already too big! I can't take another one of those things going inside of me!!" she moaned as the blob flooded her chest. Her nipples throbbed with pressure, distending with its invading mass.

Jasmin grunted, pulling with all her might. "Ngh! When did you...get so heavy?? I can barely--"

PLOP!!!

“EEEEK!!!”

A melon-sized slime smacked Jasmin’s chest. Goo splashed over her body, clinging firmly. She let go of Karina suddenly to swat at the ooze. *“Get it off!! GET IT OFF!!”*

“J-Jasmin!! I--”

SSHLLLP!!!

“MMMMGH!!!”

Karina fell back, landing upon a massive waiting slime poised directly under her crotch. The resulting collision compressed it under her butt before it shot into loins.

STRRRRTCH!!

“A-Aahhh!!”

Pressure rocketed through her hips and thighs when ooze filled out her lower half. She ran her hands over her form, panicking at the drastic change in her body’s proportions.

SHRIIP!!

A seam blew open on her thigh at the fleshy pressure as the slime settled.

“JASMIN!!!!” she yelled, flailing on the ground. Her chest heaved with weight, rendering her helpless. *“Look what you did!!! Why did you drop me?!”*

“Get it off!! Get it off get it off get it off!!” Jasmin whined, clawing at the slime. She could feel its warm body creeping into her dress and caressing her nipples. *“No no no no nooo!!! Stop!! I-I don’t have any magic inside of--”*

SSHLLPPP!!

“MMMMGH!!!!”

STRRRRRRTCH

Karina held her breath when Jasmin’s breasts suddenly engorged several times their natural size. Erupting outward, the slime-filled mounds distended off the tiny alchemist’s body. Her dress strained at the seams to contain her new assets. Cleavage bulged tight and firm as if she was at her limit.

“Ah!! Nnngh!!” Jasmin squeaked. Too stunned to react, she took them in her hands. Feeling them overflow her fingers made her want to faint. *“My... M-My breasts... My breasts!!”*

PLOP PLOP PLOP!!

PLOP PLOP PLOP PLOP!!!

Slimes flooded the tunnel. Soon there would be no escape.

“You can admire them later!!!” Karina demanded. *“Get me out of here before these slimes make me explode!!”*

Only mentally half there, Jasmin pulled her partner to her feet with a groan. The world was a blur as they ran, dodging and kicking masses of goo from their path. Both struggled to breathe from the new weight they were forced to carry.

“Up... Up there...!” Jasmin directed, pointing to an incline. *“It looks like there’s a crevice!”*

She scrambled up, but Karina had more trouble. Her body was not her own. Everything was too big and bulky. Her thighs didn't want to share her hips and her chest wanted to take her to the ground with every step. Only the rising flood of slimes kept her going up the rocky path.

"Through here!" Jasmin called, turning sideways through a crack in the wall.

Karina stopped. *"Are you insane?! I'm not going to fit through there!!!"*

Halfway through, Jasmin urged, *"You rather stay there and absorb all those slimes??"*

An answer wasn't needed. Karina ran forward. Taking her breasts in her arms, she squished them against her body before shimmying into the rocky hole.

"Nngh!! I-It's tight!! I--Aahh!!" She gasped at her nipples rubbing against the chilly rock.

"Come on!! Come on!"

Cleavage filled Karina's view. Her hips and rear compressed between the walls. Soon, she was forced to put her hands at her side, allowing her chest to deform fully to the cave walls. Her hands sank into it as she tried to push.

"Nnngh! J...Jasmin!! I--"

STRRRRTCH

Sudden pressure made her heart race. Her chest bloated, squeezing her within the tiny hole.

"JASMIN!!! They're growing!! I'm--MMGH!!!"

"I'm out!! Come on!! You're almost there!! Just a few more steps!!"

Karina gasped for air. The crevice had grown hot in her presence. She could only see a sliver of Jasmin's torchlight as her breasts fully engulfed her between the walls. Her legs trembled, their progress slowing.

STRRRRTCH!!

"Ah!!! O-Oh no!! No no!!! I'm gonna get stuck in here!! Jasmin, they're getting too big!! T-Too...TIGHT!!!"

STRRRRTCH!!

Flesh closed around Karina. Darkness enveloped her. She wedged in place, her chest restricting any movement as it bloated larger and held firm like a cork.

"I'm stuck!! I-I'm stuck!!!"

"GIVE ME YOUR HAND!!!" a muffled voice yelled.

Karina could only flail her limb against her chest in hopes Jasmin could reach it. She felt the alchemist grab her fingers.

"PULL!!!"

"NNGH!!!"

Her breasts slid against the rock. Her thighs scraped, her pants tearing open.

STRRRRTCH!!!

Pressure turned her cleavage firm and full against Karina's cheeks. Air was pushed from her lungs. "*Aahhh!! J-J-JASMIN!! They're too big!!! THERE'S NOT ENOUGH ROOM!! I'm stuck!!*"

"*NNGH!!! No... YOU'RE NOT!!!*"

STRRRR--BWOOOMPH!!!

"*AH!!!*"

Karina billowed from the crevice in a tumbling mass of flesh. Panic colored her face red along with the heat of being smothered by her own cleavage. With so much force in her escape, she flung outward, throwing Jasmin off balance.

THUD!!

"*OOF!*"

She landed on her friend. For a moment, the alchemist vanished from sight beneath Karina's chest.

"*Aahhhhhhhhh...!!!*" Karina wailed, sprawled over her chest. Tears of relief ran down her face. "*I-I thought that was it!!! I thought that was it, Jasmin!!! I--*"

"*MMMMPH!!!! MMMMMPHH!!!!*" Flailing legs and arms beat against the soft mass.

"*OH!! Sorry!! Sorry!!!*"

Karina rose to her hands and knees, leaning back enough to free Jasmin's head and top half of her body.

"*Gwaaaahhhh!!*" she gasped, inhaling for dear life. "*Air!! SWEET AIR!! I thought I was going to end up like that goblin!!*"

Karina squeaked. "H-Hush..."

Red faced and gasping, Jasmin settled and turned her attention to the overfilled woman straddling her hips. Breasts hung from her torso in massive teardrops, reaching Jasmin's hips and overflowing onto the cold ground. Extreme swelling plagued her nipples, puffing them into gargantuan fat cylinders atop mounded areolas.

"Karina..." she whispered. "*Y-You got really big...*"

Taking in Jasmin's own bust, she responded, "Speak for yourself...!"

She suddenly remembered her own slime. Frantic, she flung her hands to her bust to grab each swollen mound. "*I'm bigger than you used to be!! Goddess they feel so FULL!!*"

"Welcome to the club! At least you don't have any magic for them to absorb. Yours are going to stay that size."

A timid whimper left Jasmin's lips. She found herself wishing she had some witch's powder to sprinkle on her cleavage to feed the hungry slimes within. A few extra inches wouldn't be unwelcomed.

Karina looked around. "Where are we now? I definitely can't go back through that hole... How do we--"

RMMMMBBLLLLL

The ground shook. Through the crevice came the chaotic flurry of a wave of approaching slimes. Karina's face paled.

"P-Please tell me that's not--"

BOOM!!!

The slime wall struck the crevice. Air pressure blasted the girls, throwing them away and down a rocky slope into the darkness.

"Ahh!!!"

"Hang on!!!" Karina yelled, managing to position herself to slide on her butt. She'd tumbled several times in an effort to grab Jasmin. Karina cradled the frail girl against her chest as they toppled and slid.

The descent lasted nearly a dozen seconds before the incline tapered off, tossing both explorers to the ground like pebbles where they came to rest. The roaring oozing of slimes was long gone, leaving them in the echoing subterranean silence.

"Oow..." Jasmin rubbed her head. "Thanks for the cushion..."

An uncomfortable chuckle came from Karina. "Don't mention it. I have them... Might as well use them, right?"

Jasmin didn't respond. Her attention had been stolen by their surroundings. Although her torch had been extinguished, the cave remained lit by a sourceless glow of many colors.

"Karina... I think we're here..."

"Huh?" She'd momentarily forgotten their quest. Spinning her head, Karina caught sight of hundreds of different colored crystals peppering the walls of a large cavern.

Excitement sparkled in Jasmin's eyes at dozens of blue gems. "This is it!! These are the lumiose crystals we need!!"

Karina was about to cheer until something equally as exciting grabbed her attention. Atop a crude stone altar at the end of the cavern sat an ancient chest. Crystals framed the wooden container in a grand fashion as if Mother Nature were proud to display it.

"*And there's the treasure!!*" Karina exclaimed. She scrambled to her feet, hardly noticing her burgeoning weight anymore.

Jasmin followed with curiosity. "It's weird that there are so many lumiose crystals but no slimes... They should be all over these! There were everywhere on the way here. I wonder where--"

RRMMBBBLLL

The ground shook. Churning bubbles and ooze sounded through various nooks and crannies as if lava were about to pour into the cavern.

GLOOOP

SSHLLLLMP!!!

Horror gripped Karina's heart and she retreated several steps. Globbs of slime secreted from the walls and ceiling. The cavern came to life at their presence, namely Karina's magic.

GLOOOOP!!!

A column of pink grime fell onto the treasure, quickly flooding the altar and surrounding area.

“What... What is that?!” Karina yelled over the viscous flowing.

It continued to grow. Pink ooze gathered from every corner, sticking to the walls and leaving trails like gooey spiderwebs. Tilting their heads, the two explorers shrank against a rapidly rising mountain of slime.

“What in goddess’s name is that?!” Karina yelled again as it came to fill half the cavern.

SHHLLLP!!!!

It bubbled and stretched, roiling in a hunger for magical energy.

Jasmin had difficulty finding her voice. *“I-It’s the slime brood mother!! We found the center of the nest!! She must have settled here because of the crystals!”*

SHHLP!!!

SHLLLP!!!

Long pink tendrils of slime shot from the brood mother when she began her advance. The titanic clime lashed out, grabbing onto the walls to help pull her incredible weight forward.

“I think she’s hungry for your magic, Karina!”

The sorceress raised her staff to deflect a tentacle. *“You don’t say??”*

“Don’t let her get you!?”

“Gee, thanks!!!” Swatting and dodging another lashing tendril, Karina yelled, *“Just work on making the slime antidote! I’ll distract her!! If I can get my magic back, I think we can kill this thing!”*

Jasmin watched in fright at the massive blob seeking out her friend’s body. *“But what if she catches you and--”*

“We don’t have a choice!! Just hurry!?” Karina was already out of breath. *“This...This is a lot of weight to run around with!! I’m counting on you!?”*

The alchemist nodded and raced toward a large outcrop of blue crystals. What remained of her supplies was dumped out before her. A single strike with a mineral hammer was enough to snap a crystal chunk free.

SLAM!!!

“Ah!?” Karina yelled, her foot catching a flinging wave of slime. *“She’s fast!?”* A tingling spread through her bust, eliciting a shriek of desperate pleading.

STRRRRTCH!!

“Mmmgh not noooow!! Please not now!?”

A trembling arm held her burgeoning bust. Veins throbbed at her tensing skin. Not only were the slimes growing larger within her straining body, but they were trembling at the presence of the brood mother. If not held in her arm, Karina’s breasts would have reached to her hips and

jutted outward several feet. The weight was more than overwhelming as sweat poured off her body. Every dodging step sent her rear jiggling and caused the tears in her pants to widen.

“Jasmin...?? How we doing??”

“Getting there!!”

The alchemist had never worked so fast. It was difficult enough focusing on her task when her breasts ached with the delicious stress of drastic growth, but she had her own slime to dodge as well. The brood mother’s essence was everywhere. It ran down the walls seeking out any possible source of food. Nothing was off limits.

Jasmin rolled her shoulder to discourage several smaller tentacles from creeping down one side of her body. *“G-Get off!”*

They didn’t listen. They tugged and pulled, exploring her like dozens of sticky slimy fingers. Not only could they smell Karina’s magic on her, but they were interested in the addictive powder she was producing from the crystal. In the back of her mind, Jasmin wondered what the brood mother’s presence would feel like if it were to invade someone’s body. The thought of so much slime filling her up made the alchemist tremble with cautious fantastical desire.

CRNCH

CRNCH

CRNCH

Crystal was pulverized in a small bowl.

“Almost there, Karina!! It’s almost ready!” she yelled. Satisfied with the fine powder, she dug through her bag. Relief came in waves when she found she still had some catalysts after the goblin attack.

STRRRRTCH!!!

“MMMMGH!!!! T-Too biiiig!!! I’m too big!!” Karina stumbled. Intense swelling made her bit her lip and close her eyes to endure the rushing sensations. Every inch of her chest was alive with bloated slime. *“Mmmmmm I’m gonna pop... I’m gonna pop...!”* she groaned, reveling in the pleasure of her thighs crushing her pussy. Every loud noise made her jump as she feared the worst.

“KARINA, WATCH OUT!!!!”

Jasmin’s shout brought her back. She turned just in time to see a large pillar of slime shooting across the floor. It grabbed her feet, pinning her in place before rapidly creeping up her legs.

“KARINA!!”

“MMGH!!!”

SLOOOSH

SLOOOSH

A body full of jelly shook and trembled when Karina was lifted into the air like a doll. The brood mother surrounded her, investigating its prey while creeping up her body. Several massive protrusions extended from the mountainous blobs as if several eel-like heads were taking a closer look.

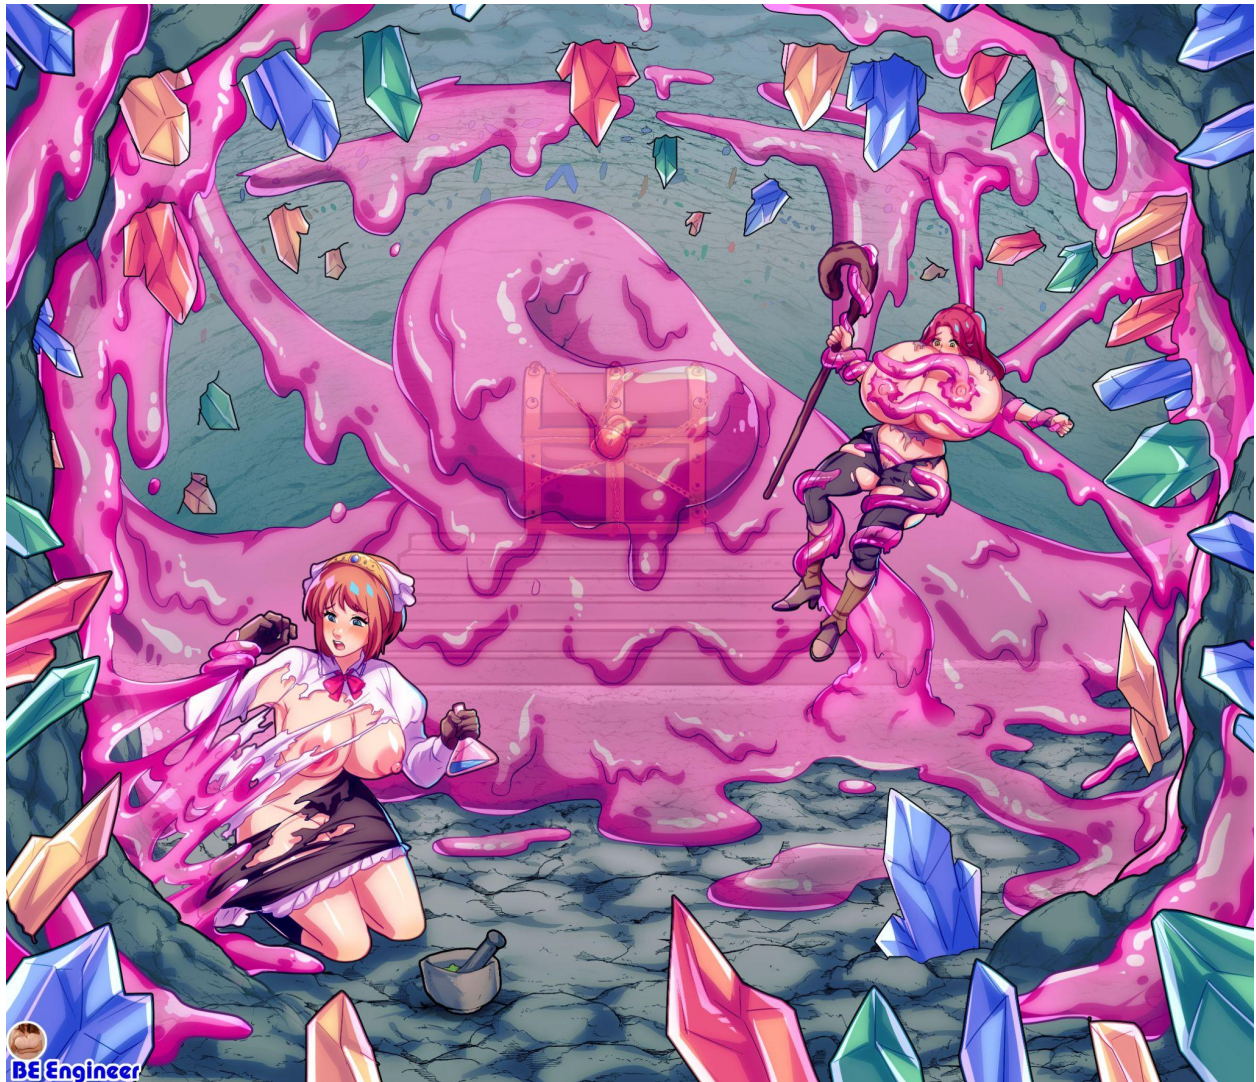

“M-Mmmgh!! NNNNGH!!! No...! N-No!! There’s no room!! There’s no more room!!!”

Karina had no defenses. Her clothes were tattered and torn. Her breasts were fully exposed. Even the crotch of her pants had blown open at the seams. Trembling, she felt the slime explore her body. Her hand gripped her staff when it found her nipples and applied pressure. Warmth flooded between her legs. Feeling as though she was at the mercy of a well-endowed man, Karina gasped when a thick flowing mass spread her pussy and stretched its walls with a river of slime.

The brood mother was funneling into her.

STRRRRTCH!!

Her curves began to swell, taking on new mass. *“Nnnnngh!!”*

“Karina!! Don’t use any magic!!! Or she’ll invade you!!”

Gasping as fresh slime poured into her already full figure, Karina rasped, *“I-It’s kind of late for that!!”*

STRRRRTCH!!

“MMM!! J-Jasmin!! She’s--AH!!”

Karina’s navel bulged outward. Warm ooze flooded into her belly, quickly doming her petite waistline into a domed hemisphere. The contours of her abdomen protruded, accentuated by the stretching skin.

GUUUUUURGLE

“NGAH!”

Intense bloating caused her to drop her staff in favor of grabbing her chest. It heaved outward when the brood mother discovered her nipples. Karina’s chest firmed and trembled under her palms as cleavage rose into her face.

SHRRRIIP!!!

Ooze rushed into her thighs and ass. Whatever remained of her pants burst apart at her increasing size. From below, Jasmin could do little more than watch as her friend expanded from every angle.

“Dear goddess...” she whispered, seeing Karina swell outward. Her belly domed to resemble a woman minutes from giving birth to twins. Slime swirled and pumped into her, the brood mother eager for her magic.

“J...J-Jasmin!!! Hurry!! Please--”

STRRRRTCH!!!

Karina’s hands couldn’t decide where to settle as they flew over her tight, rounding curves. *“EEK!! Hurry!! HURRY HURRY HURRY!!!!”*

“It’s almost there!!”

SHRRRIIP!!

Dozens of tentacles pulled at Jasmin’s clothes. They fell away easily after the goblin’s damage, though she didn’t have time to worry about her nakedness, nor the impressive breasts hanging off her petite torso. Holding a bowl of powdered mixture, she stood up and felt the last of her clothes tear away at the slime’s grasp.

“It’s ready!!!” she yelled.

STRRRRRRRRTCH!!!!!!

Nothing was left untouched by the brood mother. Eyes wide as her body reached incredible proportions and her breasts were held aloft by hungry tendrils, Karina yelled, *“DO IT!!”*

“W-Wait!! I need to warn you about what’s going to happen when--”

STRRRRRRRRRRTCH!!!!

“AH!” Everything bulged. Her body was full, yet the brood mother continued to pump more and more in. “Doesn’t matter!!! It doesn’t matter it doesn’t matter!!” Karina panicked. “Do it!!! HURRY AND DO IT BEFORE I POP!!!!”

Jasmin hesitated but the sight of her friend’s breasts blown into massive mounds nearly two meters across was all the convincing she needed. “A-A-Alright!! Brace yourself!!”

Covering her nose, she swung the bowl through the air, casting a cloud of lumiose crystal dust across the brood mother’s body. The fine particulates filled the air within moments, tickling Karina’s nose and mouth as she breathed.

The brood mother ceased her flowing as the dust settled on her glistening form.

GLOOP

GLOOOOOP

She bubbled and started to shiver. As if going into a frenzy, her body undulated and tensed. Held aloft, Karina watched as the cavern trembled. The slime’s hold on her body weakened. “J...Jasmin...? What’s happening to--NNGH!!”

GUUUUUUURGLE

The brood mother began swelling. Trembling with overloaded energy, her blobby shape expanded like a balloon. Her surface gleamed and tightened as her insides churned.

GUUUUUUURGLE!!!

STRRTCH!!

“Ah!!! J-JASMIN!!” Karina held her stomach in both hands when the brood mother’s body bloated within her. Each breast puffed in sync with her sudden growth. “What did you do?!”

“I tried to tell you!!!”

Jasmine stood back as the brood mother’s body neared twice its size. It pressed into the walls and ceiling. Crystals glowed through its pink body to refract in brilliant deformed patterns.

GUUUUUUURGLE!!!

“MMGH!!! She’s still inside of me!!! W-Why is she blowing up?! She’s stretching me out!!”

GUUUUUUUURGLE!!!

GUUUUUUUUUURGLE!!!

The brood mother groaned. Tension reached its limit for her body. The cave quaked when she shook and rippled.

“J-Jasmin!!! Jasmin what is she--”

GUUUUUUUUU--SPLOOOOOSH!!!!

An eruption of slime overtook the cavern as if a dam had broken. Jasmin held on for dear life to a large crystal outcrop. Resisting the slime’s rushing current took every muscle as she held her breath and felt ooze rush past her in hot torrents. Her lungs ached for air. Grunting, she struggled to stay in place.

Soon, the flow waned and Jasmin found her feet settling upon a slippery cave floor. She gasped, wiping her eyes of dripping slime before looking around. Everything was pink and shiny, coated in the brood mother's body.

"MMMGGH!!!"

Karina writhed in the pool. Warm goo flowed from her crotch as her hands pushed her belly to expel the brood mother's remnants.

"What... MMGGH!! What was that?!" she moaned. Gargantuan breasts pinned her on her back with a size rivaling a small bed. *"Jasmin!! What did you do to her?? And why am I still so big?!"*

Timid and keeping her distance, Jasmin explained, "C-Concentrated doses of lumiose crystal render slimes inert... It makes them over-engage until they can't take it and they reduce into a form with a viscosity too low to hold their form! They're still alive, but it disables them for a few hours! They just get so big that they can't take it anymore and--"

GUUUUUURGLE

A soft rumble emanated from Karina's chest. She gingerly placed her hands against her cleavage as it began to churn. Jasmin took a step back.

"S-So... What just happened to the brood mother..." Karina's heart fluttered. *"T-The slime inside of me is going to..."*

"The lumiose crystal is still working its way through your system... I-It hasn't hit the slimes in your chest yet..." She stepped back once more.

It didn't take long.

GUUUUUUUURGLE

"N-Nnngh...!! Oooohh that's a lot of pressure..." Karina's eyes bulged when her chest started to swell against her hands. It heaved violently, the slimes reacting to the powder. *"Jasmin! How big--Ah!! How big am I going to get?! I don't know how much more I can take!!!"*

"I don't know!!! Once the slimes get overstimulated, they'll burst a-and I think they'll come out of your--"

GUUUUUUGLE!!!!

"MMMMGGH!!!"

Her mounds engaged at a steady pace. Widening and creeping across the floor with every breath, Karina panted out of fear that a full breath would prove too stressful. Her areolas domed into bright pink hemispheres. Swollen and trembling like corks, her nipples puffed with anger.

GUUUUUURGLE!!!

"Aahh I can't take it!! They're too big!! I-I was already too big, Jasmin!!!" Her skin refused to indent. *"These damn slimes...are going to make me explode!!!"*

Jasmin hid partially behind a rock. Gazing in wonder, she noticed Karina's breasts slowly taking on a shade of pink as the slimes filled them past their limits.

SHHHLLMMP!!!

“MGH!!!” Karina’s hands flew to her belly when her abdomen gurgled. “*W-What’s happening?!*” It rose rapidly, spreading her fingers and palms against her doming gut. “*I’m blowing up!! I-I’m blowing up!!*”

“Goddess... The slimes are spreading...!” Jasmin whispered. “*There’s no room left in your breasts!*”

GUUUUUUURGLE!!!!

“*Mmmgh!! MMMMMMGH!!!!*” Karina whimpered helplessly. Everything swelled. In the light of the crystals, she thought she could see through her cleavage and into the swirling sea of slime within. Her stomach felt like a heaving balloon between her hands. “*Jasmin...! Jasmin!! Tell me they’re almost done!!! Please tell me they’re almost done!! I can’t stretch any bigger!! I...I’m gonna pop at this rate!! I don’t want to explode!!! MMMMM, GODDESS!! Why does it have to feel so good?!*”

SPLRRRTCH!!

SPLRRRRRRRTCH!!!!

Ooze came forcing its way out of her nipples. Turned bright pink and shiny, they sprayed the thick substance from the tormented slimes within.

GUUUUUUURGLE!!!!

“*MMMMMMMMMM!!!!*” Karina arched her back. Her legs squirmed as her pussy domed outward and slime seeped from her lips. “*AAHHHH I CAN’T HOLD THEM ANY MOOORE!!!!*”

GUUUUUURGLE!!!!!!

Jasmin hid, knowing the end had arrived.

“*AAHHHH!!!! I’M TOO FUUUULL!!!!*” Karina arched her back as her body tingled, engorged to its limit. “*I-I-I THINK MY CHEST IS GOING TO--*”

SPLRRRRRTCH!!!!!!!!!!!!

Amid her cry of overwhelming growth, the slimes reached their limit. Their explosions rocked her body from within before her nipples erupted into two geysers of pink goo. Steaming and thinned, it gushed like syrup to douse the cavern ceiling. Jasmin ducked behind the rock and covered her head as the ooze rained down upon her naked body. She didn’t look up for a full minute until the sound of gushing fluid and Karina’s pleased orgasmic screams had turned to exhausted groans.

“*Mmmmm... Nnngh... Goddess... O-Ohhh goddess...*” Karina gasped, lying on her back, spread eagle under a layer of slime. Every gasp for air sent her entire body heaving, particularly her breasts as they wobbled freely on her torso.

Jasmin stepped into the open and approached. “Karina...? You alright...?” she asked.

“*Nnnngh...*” A hand sought out her chest to deliver an exploratory squeeze. They were far smaller, but still more than double her original size. “*My aching chest...*” she moaned.

Looking at her assets, she wondered, “*I don’t suppose I can expect this leftover swelling to ever go down...?*”

Jasmin shook her head. “It’s a side effect of the slime’s invasion... Part of the swelling was actual growth from your own body trying to adapt...”

“*Ha... Fantastic...*” Eyeing her partner, she saw Jasmin’s new breasts in their full glory. “I see you avoided inhaling any of that lumiose dust...! Getting kind of fond of them?”

The alchemist blushed and tried to cover herself. “A... A little...”

“Heh, I knew it.” Grunting, Karina hugged an arm across her bust and rolled over onto her hands and knees before trying to rise.

“H-Hey! What are you doing?? You should rest!”

“*Not a chance!*” Taking her staff, she used it to get to her feet.

“Where are you going??”

“To get our damn treasure! After what I just went through, I think we deserve it, don’t you??”

Jasmin was shocked but knew better than to argue. After gathering her bag, she ran to catch up. Together they waded through the layer of inert slime before ascending the altar. An aged wooden chest waited before them. Karina didn’t waste a moment in aiming her staff and casting a spell.

BOOM!!!

The lid exploded and brought a smile to her face.

“*HA!!* Feels good to have my magic flowing again!”

Within the chest sat a glittering pendant atop a satin cushion. It gleamed with all the brightness of an exotic gem from a far-away land. Delicate golden coils cradled it in a setting and attached it to an ornate chain.

“Look at that...!” Karina whispered, taking it in her hands. The pendant had a satisfying weight. Both the girls’ eyes beamed at the treasure as slime dripped from their hair and faces. “This has to have been worth the effort!” She held it toward Jasmin. “You can tell if there are any enchantments on it, right??”

“Mhm!!”

The alchemist took the treasure and set it upon the pillow. A small vial of silvery liquid was produced from her satchel. A single drop fell upon the gem, coating it in a shimmering pearlescence.

“Just a little quicksilver... This should tell me a lot about the gem...!” Jasmin directed.

They watched eagerly for the reaction.

HSSSSS--POOF!!!

A puff of purple smoke burst from the pendant when the magic reacted to her concoction. It rose into the air before crackling and fading away. Jasmin watched the process with wide eyes.

“Well??” Karina urged. “What did we find?!”

A smile cracked on the alchemist's face, followed by a snort before a fit of laughter forced her to hold her stomach for fear of splitting a side.

Karina looked back and forth between her and the pendant. "What?? What's so funny??"

Jasmin placed the treasure eagerly in Karina's hands. "Here, I think you'll be wanting this!"

"Why??"

She could barely keep from bursting into laughter. "It grants the wearer protection from slime creatures!"
