A 3D-rendered anime-style female character with long black hair, wearing a black, low-cut, off-the-shoulder dress with a large bow at the waist. She is shown from the chest up, looking slightly to the right. Her skin is pale and has a noticeable sheen, indicating she is sweating. The background is a dimly lit casino with red and gold accents, including a sign that says "Casino sim" and some blurred lights.

Takao? Are you
doing okay? You
are sweating..

Ah.. Hah.. I thought this will go a bit more smooth.

Right, Atago?
Should we
speed up a bit?

Yeah, sure, let's start with HMS Cheshire.

New Jersey.

Hm.. Ufufu..

I knew it will
come to this..

Huh? What are
you blabbing about?

No more talking!
You are mine,
New Jersey!!

A character with long, flowing blue hair is shown from the chest up, holding a golden, ornate mask. A katana blade is positioned horizontally across the mask. The character is wearing a black top. The background is a blurred casino setting with a sign that says "Casino".

W-what..!? A
katana!?

A character with long, flowing grey hair and a black, form-fitting dress is shown in a casino setting. She is holding a golden, mask-like object with three prongs protruding from its top. The background features slot machines and a glowing red and orange light source. A speech bubble is positioned above her head.

"S-she.. can't be.. possessed..!?"

Atago? Takao?
Did you call me?

**A while before
the birthday party..**

Sorry for this inconvenience, New Jersey. We need your help.

Well, I can sense that Admiral might be here..

And we need someone
as a cover to watch
over that lazy and
naughty Admiral.

What.. are you two talking about?

Kyyyyyaaaaaaaa!!!

Are you sure
about this, Sis?
We used that
slime drugs.

We take posion
against poison.
We slpitted a
small part of us.

Most ship girls are
unavailable now..

..also, that naughty Admiral must have another tricks.

You want to use this birthday party, to show everyone his true face?

Yes. From the Spirit Drugs, he got away because we had no evidences.

With this story record,
he can walk away
from that Admiral chair.
And many ship girls
will be saved.

Like you said, we have to let him take over our body?

And made him say that he possess us for naughty stuff without permission.

You will go against
the rules if you do
sexual with ship
girls without thier
persmission.

And a team was
sent by us to
search your office.

Of course, this was
all planned and it
went pretty smooth.

A woman with long blonde hair, wearing a black, form-fitting latex outfit with a high collar and gloves, stands in a casino. She is looking towards the right. The background features slot machines, a "Casino" sign, and a "Black Jack" sign. A speech bubble is positioned to her left.

For why you couldn't possess us, then, let's say that we have an anti-slime drugs on our katana.

Get ready for your punishment!

And returns everyone's bodies.

And the evil Admiral finally busted! But this isn't over yet! Anyway, Happy Birthday to everyone in February!
