

An emotion filled
journey home later.

Anything?

I got nothing.

Hundreds of websites with dating advise, none of which tell you how to find a partner for life.

How about you? Found anything?

I watched a dozen or so talk shows with females talking about this.

Zip.

I've called a handful hot lines, some dirt expensive.

They where only like 'Oh, honey, he's out there. You'll know him when you see him'.

What kind of bullshit is that even?

People pay for that garbage?

I guess we should think about what we don't want?

Yeah, good call. We don't want to shamelessly be used.

Right. Obviously, we want nobody that just fucks us without regards for our feelings.

I mean, I would give them sex when they want it.

But it would have to be because they want it with me.

Right. It'd be because you'd want to be with them.

Dedicate yourself to them. Share every moment.

And I would try and support them.

They are a human being after all, not a toy.

What happened?

OH GOD!
IT'S NATHAN!

No, no,
no, no.

Jan?

Jan?
Where you
going?

This can't be
real. No way.

How can I
tell Nathan he's
the one I would
want?
