

I'm a man I have needs
And tonight you won't decline
I bought some seven dollar wine
Had to go to Trader Joe's
To make the perfect night

Don't like wine? Hear me out
How bout ice cream and TV
Real Housewives season twenty-three
I am so desperate
I will do lady stuff

Please have sex with me
I am so horny
Could you drop a clue
What you want me to do

Please have sex with me
Out of charity
Did the bare minimum
For you to give me some

Girl, if this Hallmark shit ain't for you?
Forget vanilla, go plain nasty
Whip my ass and call me Zaddy
Just a random thought I had
Doesn't have to be that exactly
Grudgingly, I'd agree
Despite my raging erection
To the ultimate concession
I will have sex slow
A one time exception

Please have sex with me
I am so horny
Could you drop a clue
What you want me to do

Please have sex with me
Out of charity
Did the bare minimum
For you to give me some

Baby I brought / three other guys
You, plus Boyz II Men makes five
I don't mind / sharing the pizza
If it means I can just get a piece
Oh please, don't tell anyone this was my idea

Please have sex with us
But you can't discuss
Here's an NDA
Bout what we did today

Please have sex with us
It's menage double plus
You could never say
We are not numerous

Chorus repeat on fadeout

Please have sex with us
It would be the best
We are very good
And we do sexy stuff
Please have sex with us
You won't cry I trust
And we won't go til our Uber XL picks us up
