

First draft!

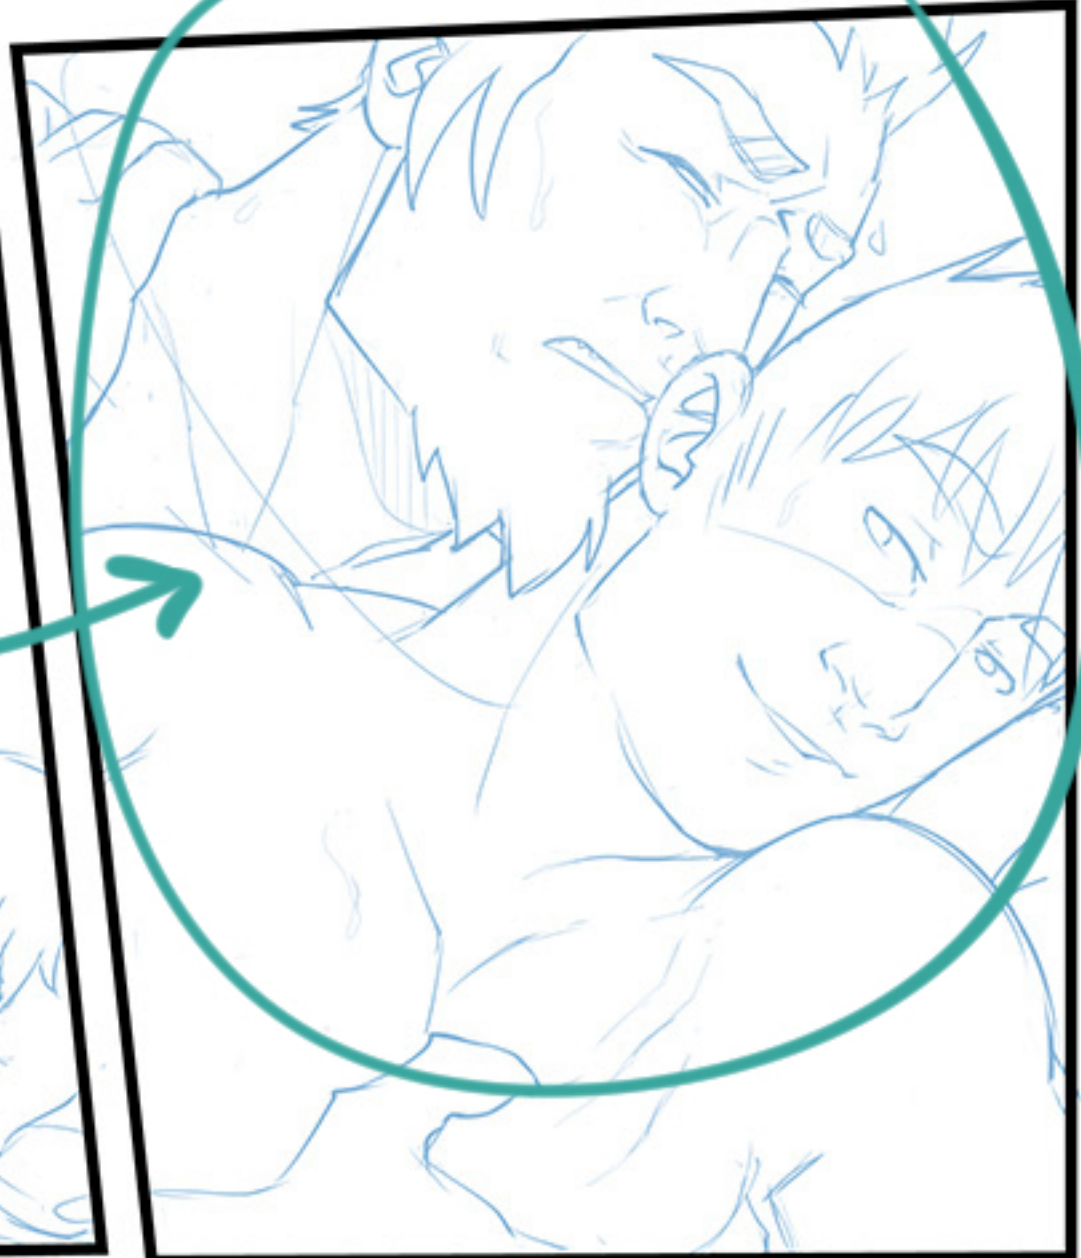

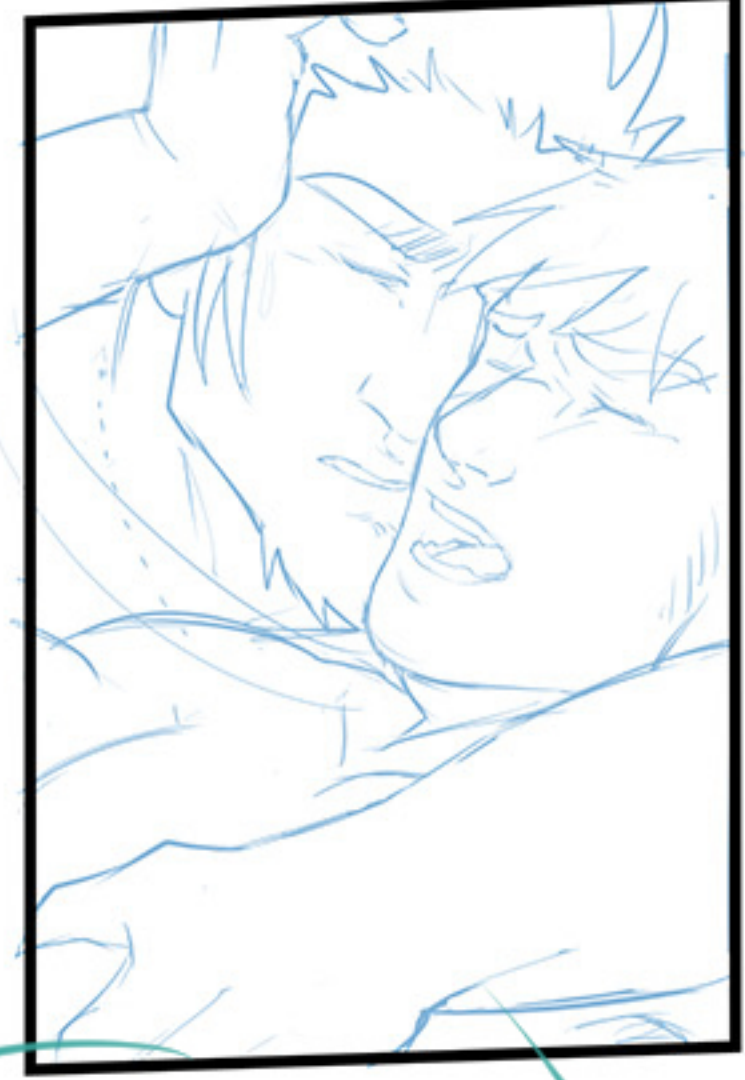

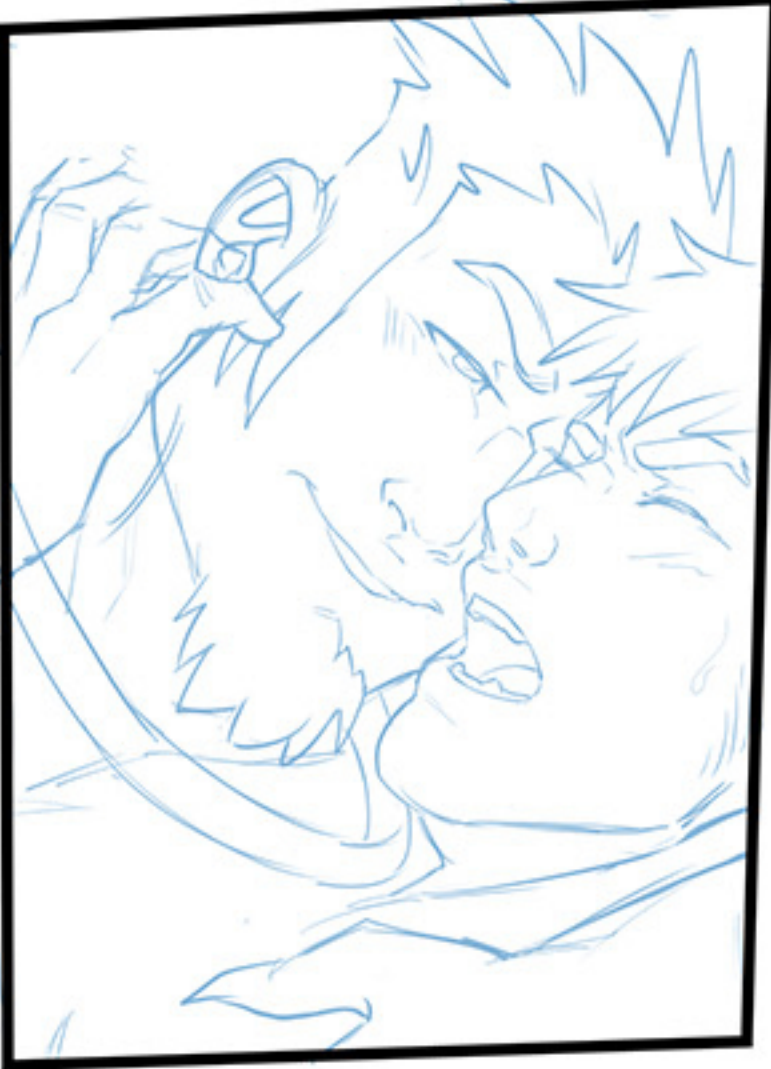

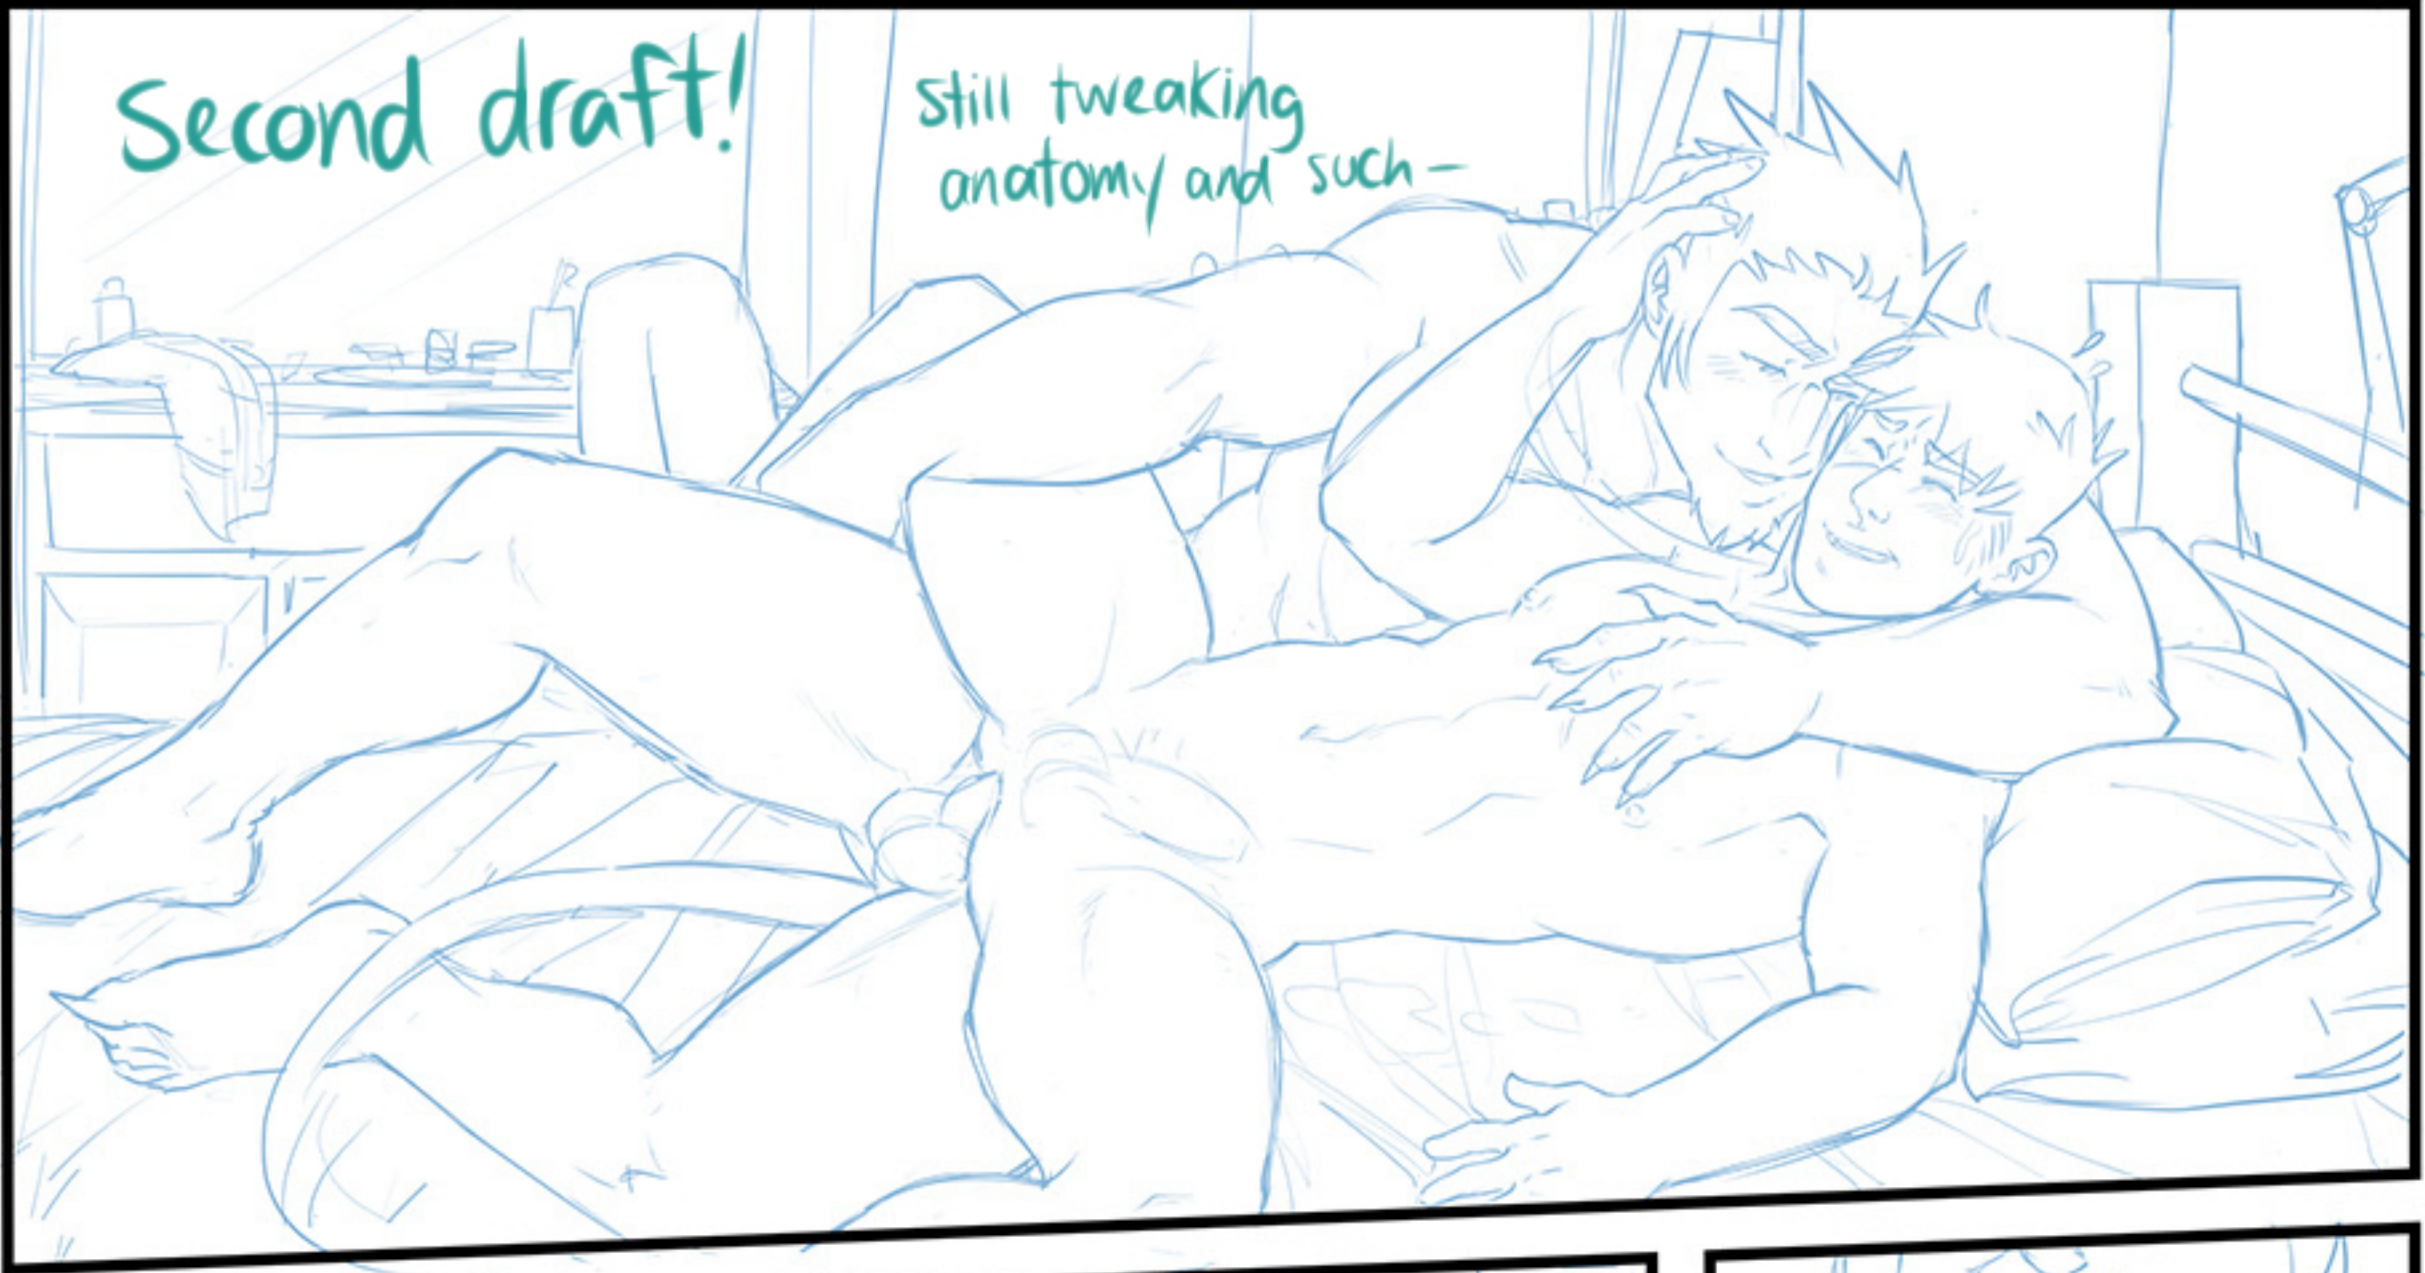

These panels were  
okay but this angle misses  
the proverbial  
money shot, and  
I wanted to  
show Ethan's  
eyes here.

so this  
had to  
change too!

Second draft!

still tweaking anatomy and such -

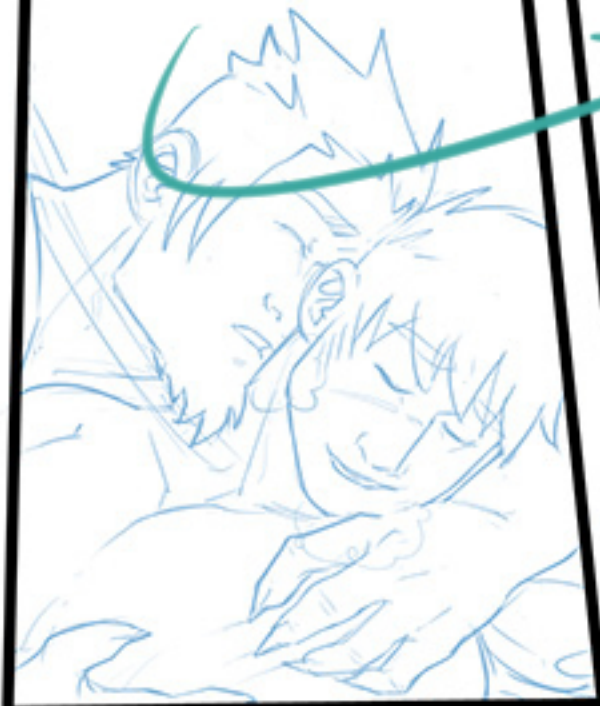

I redid  
Ais face like  
**ten** times trying  
to get his  
tongue out,  
hahaha

But each  
time I wasn't  
happy with it  
and fixed it

All I could see was  
Al seductively licking  
an ice cream cone.

This gets  
the point  
across with  
minimal goofiness,  
(I hope)

about to  
lose it

↑  
coy little  
shit

The END
