

Chapter 1: brother and sister!

Jimmy and Brittany were twins, but couldn't be more different from one another. While most twins could practically read each other's minds, Brittany and Jimmy hated each other with a burning passion. Brittany was born seconds before Jimmy and seemed to base her entire life off that one fact. She was number one! Always. She always needed to have all the attention, she always needed to have 100% of both her parents' time! and Jimmy got nothing. She was spoiled, entitled, and a complete pain to live with!

As Jimmy and Brittany grew up, Brittany would constantly go out of her way to make Jimmy's life a living hell. Even from a young age she would ride on his back like a pony, while he crawled on all fours struggling under her weight around the house, but their parents just laughed. Brittany would force Jimmy to his knees and make him carry her on his shoulders

down the sidewalk to the convenience store to get candies, but at the age of 8 no one really paid them much attention, just seeing some kids playing games. Brittany would kick him! Wake him up by slamming books into his testicles! Anything she could that would make her laugh. Jimmy was just a prop for her to use when she was bored. When the two reached age 11 they started walking to school alone. Brittany used this opportunity to ride her twin brother every morning the whole 2 and a half mile way there and back each day.

as the two grew older, the real changes started to show, jimmy stopped growing around the height of 4'10 while Brittany was constantly going through growth spurts. now at the age of 13 neighbors started to stare and question the way she treated the boy. Brittany was almost 6 feet tall and curvy, she looked like a giantess riding a broken mount. even when the neighbors notified the twins parents of the treatment jimmy was enduring, they just laughed it off as horseplay.

by age 16 Brittany had truly started to go through puberty and began her transformation into a woman. she grew to almost 6 foot 5, towering above most other girls. her breasts bubbled out, and her hips and thighs exploded with width and thickness. she was a true goddess and every boy at her high school fantasized about her! Jimmy on the other hand had not grown an inch. he had shrunk a tiny bit from the years of being ridden by his larger sister. both his shoulders sunk inwards where her ass and thighs would sit each morning, and his spine was bent inwards, the bones compressed against one another, making lifting any sort of weight a huge pain.

today was the day though!, jimmy and Brittany were celebrating their 18th birthday and Brittany was so excited to get home and see the gift her parents said would be waiting. Jimmy was sitting on a wooden bench outside the school doors waiting for his sister like he was used to. even though she treated him horribly, his father always told him that a

brother's job is to protect his sister, so jimmy let the abuse continue. he could easily have gotten up and left, walked home alone, but every day he waited, deep down he loved his sister and knew that somewhere deep down she also cared about him. he was staring at his feet when he heard her voice, her voice always stood above everyone else's even in a crowded room.

"SEE YA MELANIE" BYEEEEEE , LATER GIRL!" Brittany was hugging and kissing all her girlfriends

"OMG VALERY! YOU BITCH" jimmy sat there waiting as the girls chatted, he suddenly felt Brittany smack the back of his head hard!

"hey **LITTLE** bro" she always made that joke and jimmy hated it

"hey Brittany" jimmy said very unenthusiastic ally

"let's get going, I'm exhausted from P.E and i can't wait to get home!"
Brittany was so tall that jimmy didn't even need to squat for her to mount his tiny shoulders. with one hand on his head she ungracefully swung one of her thick heavy legs onto his shoulder, followed by the other, as she sat with her full weight. some of the students nearby grimaced from the sound of the bones in jimmy's spine grinding against each other and making sick cracking noises. slowly, and using all his strength jimmy

began to walk, staring at his feet and concentrating on taking one step at a time. slowly his back began to bend and arch under his sister, as multiple guys checked out her plump ass in yoga pants, jiggling on her brothers back. Jimmy had only been walking for 3 minutes but it felt like years under his sister's weight.

"gawd... can't you go any faster, you need to eat more... then maybe you wouldn't be such a shrimp and maybe then get a girlfriend." jimmy hated when Brittany gave him advice, she always claimed to be helping him but used it as an excuse to insult him and rub salt on his wounds. he kept walking, he could hear his sister typing on her i phone above him as sweat dripped from his forehead. her thick legs squeezed his head and he could feel her moist pussy through the yoga pants rubbing on his neck. after what felt like ages he could finally see their home, slowly they got closer and Brittany let out an exaggerated gasp as she cupped her hands over her mouth! sitting in the driveway was a brand new bright red Audi A4 Convertible. after a few seconds of disbelief she began to bounce with all her weight!

"OH MY GOD OH MY GOD OH MY GOD!"

Jimmy's bones bent and scraped against one another as his stick like legs trembled. his sister was bouncing over and over on his shoulders, breaking his body down as he finally collapsed to the cement sidewalk like a rag-doll. Brittany landed on her feet and ran to the driveway where her parents met her and hugged her before handing her the keys. they

didn't even notice or acknowledge jimmy in the background trying to scrape himself off the ground. his arms and legs were scraped and bleeding and his back felt like it was broken. he slumped over and walked to the driveway where his mother gasped!

"jimmy! your filthy! go clean up and start on your chores, we have a big party planned for your sister tonight" their mother demanded, ignoring the fact that her son was in extreme pain. most of Brittany's dominant and bitchy attitude she had inherited from her mother, all throughout their childhood their mother never once stepped in to stop the torture jimmy endured, and sometimes she even encouraged it. Brittany always got her way no matter what, even with their birthday. they were twins but Brittany demanded that jimmy's birthday be celebrated another month so she didn't only get 50% of the attention. often the family just forgot and never acknowledged the boys birth.

3 hours later jimmy was on his hands and knees scrubbing the oil spots off the driveway as Brittany came speeding up in her new car. Jimmy practically jumped out of the way to avoid being run over and killed by his careless sister! she parked her car right over the spot jimmy was cleaning too.

"I'll be right back Melanie! let me just grab some cash from my parents!"
Brittany hopped out and ran right past jimmy like he was a ghost. he watched her fat ass wriggle back and forth as she jogged in the front door. Jimmy was pissed, he wasn't thinking straight as he slid underneath her brand new car and began to scrub the driveway, hoping to get the job done quickly, he heard the front door slam closed and then the car door open and close as the engine revved..

"oh no" jimmy said out loud as he quickly tried to slide out from underneath Brittany's car.

"you ready to go Melanie!"

"yea! i fucking love this car, your so lucky!"

Brittany reversed out of the driveway as the front left wheel bumped up and down like they ran over a huge animal!

"what the fuck was that?" asked Melanie..

"I don't know" replied Brittany as she put the car into drive and went forward slowly, running over the large bump again and feeling the car wheel hit the driveway. the girls both looked at each other confused as

Brittany, being the careless girl she is reversed again slowly, letting the front left wheel roll on-top of the bump before slamming on the breaks and putting the car into park.

"what are you doing?" asked Melanie

"parking on it, duh... if its a fucking animal or raccoon i don't want it jumping up and biting one of us and giving us rabies!"

"oh wow, that's a good idea"

Brittany got out of the car and screamed at the top of her lungs! the wheel of the car was on-top of jimmy's ribs! his body was mangled and crushed beyond belief. Melanie came running around the side of the car and screamed as well! Brittany, panicked and jumped into the driver's seat to reverse, but with the weight of her ass landing on the seat, jimmy's ribs all snapped and the car sunk down like there was nothing under it. Melanie stepped back and grimaced from the sound of the wheel compressing his ribs and stomach and crushing the bones. their parents came out and were in utter shock, their mother cried as jimmy's father called an ambulance. the ambulance arrived in minutes and the boy hung on to life by a thread as doctors performed multiple surgeries trying to save his life

14 hours had passed and the family waited while Brittany began to become increasingly impatient, even though this was partially her fault, she took no responsibility. a doctor came out and looked over to the family as they all stood and rushed over to him!

"well! tell us! the mother urged the doctor

"uhmm... its.. complicated... could we speak in private?" the doctor seemed quite nervous and it made both parents a bit uneasy. slowly he led them to a quiet office where Brittany and her mother and father all sat. the doctor closed the door and sat on a big chair across from the family.

"well... the good news is.. jimmy is alive"

the family all let out sighs of relief but the doctor cut them off

"but ill be honest, it's not good. the car demolished a good portion of his intestines and upper digestive tract, also his spine is completely shattered and can't be saved. he is going to be paralyzed from the neck down for the rest of his life, he can't speak at all, but we know he can

hear us because he's responded physically to some questions we have asked, so that's a good sign. but he will require constant care for the rest of his life.... which.... because of his intestines missing.. won't be long.. I'm very sorry...

the mother and father began to cry while Brittany seemed bored and unphased, but the doctor interrupted...

"there is.. one option... it's quite unconventional, and experimental, but it's been proven once to be extremely successful."

the family all looked up, even Brittany seemed interested

"since jimmy has a twin, i'm assuming the two of you are close" the doctor looked to Brittany

"if you wished to save your brothers life and allow him to live a long time, it is possible for you to digest his food for him, this has only been done once before, 20 years ago in England, when a twin suffered a horrible accident... we could modify jimmy's insides, and if Brittany agreed, to use him to relieve herself of her waste, it would save jimmy's body the process of digesting the food and allow him to absorb nutrients."

"what do you mean, relieve?" asked his mother

the doctor rubbed his face a bit embarrassed to say it...

"going to the bathroom... " he replied

Brittany eyes lit up, was this real? every boyfriend she had, while they were in bed together, she always found a way to get her big ass onto their faces. it was the only real way she could cum and have an orgasm, but it was impossible to find a guy would could last long enough under her huge rear and who actually ate pussy well. the closest she ever got was with Ryan a guy from her Geo class. she was sitting full weight as she licked deep in her pussy, his nose rubbing against her juicy asshole. she was so close to cumming but right before, she relaxed a little too much, and a SBD fart seeped out right into Ryan's nose. the boy ran out of the house crying and vomiting... Brittany was mortified, but texted him saying if he told anyone about her gas, she would tell the whole school he had a micro-penis. but now... this doctor was pretty much giving her a free pass to not only fart, but shit down her little brothers mouth for the rest of his life? and he was immobile and couldn't say or do a thing about it? Brittany had to pinch her thick thighs together just thinking about this, she was already starting to leak through her panties.

jimmy's father looked over to his wife with concern as she tried to persuade him!

"maybe it's for the best if we let go" said jimmy's father

"no, im not letting jimmy go, Brittany wouldn't be able to cope! I'd rather he be a toilet then not have him at all" his mother objected. finally Brittany spoke up and she always had the final say in the family.

"START THE OPERATION" she yelled over her parents talking, as she began to fake cry, but the whole room bought it

"i...i... wouldn't be.. able to live... without my twin brother.."

Jimmy woke up... everything was off... he felt an itch in his nose and went to move his hand and scratch it but he didn't move... he tried to turn his head and he was frozen... his heart began to beat faster and faster as he began to hyperventilate. what was happening!!!! a few doctors and nurses ran into the room and began to move around him. a beautiful woman appeared above him with long red hair, she must have been a young doctor.

"it's ok, it's ok, calm down," she said softly while putting her hand to the side of jimmy's face

"just try to relax" she took out a flashlight and moved it back and forth over jimmy's eyes.

"follow the light... ok good.... now blink a few times for me..... perfect"

Jimmy was still freaking out, he wanted to scream and yell! **WHAT WAS HAPPENING**, but no sound came out

the female doctor took out a wooden swab and placed it on jimmy's tongue.

"can you taste, or smell it??" she asked,

"blink once for yes, twice for no"

the taste on the end of the wooden swab was so bitter and acidic and it smelled like death, it burned jimmy's tongue as he blinked over and over trying to get the taste from his mouth.

"taste and smell receptors are all dead, perfect" she said as she checked off a few boxes on a sheet of paper. Jimmy blinked over and over trying

to get her attention but she didn't even look down, she continued to fill out paperwork as she poked and prodded at jimmy's lifeless body.

Jimmy's mother and father came walking in as the female doctor stood and walked over to them.

"i just finished the checkup. all of his vitals are fine for the moment, he seems to have some brain loss which should make his future slightly easier"

brain loss? Jimmy thought to himself! I can think just fine! HEY... LOOK AT ME!!! he blinked like crazy but no one paid him any attention.. like he was a piece of furniture.

"his taste and scent receptors are all dead, so his feedings should be quite quick and pleasant for him, much better than the alternative of having a feeding tube hooked up his entire life."

"when can we bring him home?" asked jimmy's mother

"you can take him now if you would like." just as she finished her sentence a doctor came in with a special wheelchair for jimmy. it was made of titanium metal and could be easily reclined into a stretcher for

jimmy to lay back and sleep. that way he could be easily moved around and stored when needed. luckily the family had a great insurance plan which took care of the costs.

"how often should he be eating every day doctor?" jimmy's mother asked

"well three meals would be preferable so he can keep a healthy body weight. if Brittany has any trouble we made up this small info packet for her. just basic information on how to maximize the fiber in her diet to increase the frequency and size of her bowel movements.

"jimmy was listening with confusion as he tried to piece together what he was hearing! what did Brittany have to do with him eating? this made no sense! **HELLO.... HELLLLOOOO FUCK!**

Brittany was at home, sitting at her computer and watching the latest episode of "You" on Netflix. as soon as she got the text from her parents earlier than morning notifying her that her paralyzed twin would be home later that night, she began to stuff her face with all the greasy foods she could find around the house! she fell asleep last night thinking about the

future she had with her twin, and woke up with her pajama pants covered in cum. she had soaked her pajamas in her sleep dreaming about the torture she was about to dish out... and there was nothing he could do....

Brittany was finishing up a big bowl of lucky charms with milk, as she walked to the kitchen dropping her dirty dishes in the sink. she opened the fridge and spotted a big bowl of shiny red cherries! they always gave her brutal gas and sometimes even squirts! she grabbed the bowl and headed back to her bedroom to finish up her shows! there were a few times throughout the afternoon where Brittany thought she might shit herself! her stomach was so full and bloated she looked pregnant. she leaned to the side and tried to let loose a little bit of gas but had to pinch her asshole closed as some shit almost came sliding out.

"oh god..." Brittany moaned as she crawled to her bed to lay on her side. she had to shit so badly but didn't want to waste it on the regular toilet. it was almost 6pm now and just as Brittany was about to give in and head to decimate her toilet.. the front door opened...

"honey we're home! come say hello to your brother!" her father yelled from downstairs

Brittany came barreling down the stairs jumping three stairs at a time as she sprinted and leaped into her brothers wheelchair almost knocking it back. her huge ass came down hard on his lap as his bones crunched and threatened to break.

"oh im so sorry jimmy!" she said while hugging him

"BE CAREFUL BRITTANY" both her parents yelled as they tried to politely get her to stand and get off her broken brothers lap.

Jimmy was in horrible pain as his sisters ass crushed his thighs, through the pain he felt a warm burst of air on his legs through his pants, the heat drifted up to his face as he smelled the familiar scent of his sisters gas.. it was atrocious... he hated her farts, even from a distance they could peel the paint from walls!

Jimmy's mother and father sat down in the living room with Brittany, leaving jimmy in his wheelchair at the door and facing the other direction, he felt like a piece of furniture and didn't understand why they were treating him like a ghost! **HELLO.... SOMEONE HEAR ME**

"now listen Brittany... Jimmy is going to need your help now... whenever your at home your going to need to take care of him. me and your mother will be busy, but we will share and help with the care of course. but your going to need to be his main caregiver, monitor his vitals, and make sure he is eating."

jimmy's father shuddered at the thought of his daughter using his sons mouth as a toilet. she was notorious for clogged toilets and he couldn't

imagine what it would be like. luckily his senses were gone and his brain was pretty much dead, because it would be pure hell

"im going to go get started on a special dinner for jimmy's return home" said their mother as she left and headed to the kitchen.

"uhmm daddy?" Brittany said in a little girls voice

"I have to go number 2!" she said while rubbing her bulging tummy...

"should I go use the bathroom? oooo rrrr.... ? " she looked over motioning to her twin with his back turned

there father looked down, afraid to answer.

"I know it's strange darling.. but i think.. maybe it would be best to use your brother..."

"...ok...."Brittany said trying to hide her excitement as her heart raced. she could feel her anus bulging as a turd pushed from the other side in her colon.

she got up and wheeled her brothers wheelchair into the bathroom as she locked the door. jimmy's father watched the bathroom door close and wondered if maybe it would have been better for his son to die... what kind of life was this?

Jimmy stomach growled as he watched his mother walking to the kitchen. she always cooked the best food and he felt like he hadn't eaten in weeks. a few seconds later his chair began to move as he frantically tried to move and see who was pushing him but couldn't turn his head an inch. he entered the bathroom and heard the door close as his twin sister slowly moved in front of him. she knelt down so her face was inches from his, she was sweating a bit and her face was a tiny bit red.

"listen jimmy.. I was going to take this a bit slower... enjoy the moment a bit more. but we have the rest of your life for that right!" she leaned over a bit more grabbing her extended belly before lowering jimmy's wheelchair to a laid back position.

"just don't fill up on appetizers, I'll probably have another serving for you in a few hours."

what the hell was she talking about, jimmy stared up at his sister as she started to pull down her thick grey leggings. Jimmy's eyes almost bulged from his head! **WHAT WAS HAPPENING!!**he watched as she pulls

down her thong, she had to hook her finger under the material of her thong to rip it out from between her thick ass cheeks.

PRRRRFFFFBBBTTBTTTTTT

Brittany's ass cheeks flapped as her asshole vibrated pushing out a blast of rancid gas! the fumes shot past jimmy's face before filling the small bathroom as Brittany laughed and sniffed the air a bit. Jimmy's eyes were watering from the thick sulfur smell of his sisters gas as she straddled his frail body and sat down hard on his upper ribs.

Jimmy gasped for air as his sisters fat ass landed on his chest, he could barely breathe, she was so heavy. she began to shimmy backwards slowly one ass cheek at a time. as her cheeks reached his chin another deep bassy fart was blown across jimmy's face, literally moving the hairs on his forehead from the force.

BRRRFTTTTBBBTBTBTBT

Jimmy was choking on the fumes but his body didn't show any response. he could do nothing but watch in horror as his twin sister inched further back, resting her deep smelly asshole right over his mouth. she had to grab the sides of her ass and pull her cheeks apart in order for her hole to make a tight seal with her brothers mouth. she moaned a bit as her

pussy dripped cum onto jimmy's throat and chest, she flexed her asshole, there was so much shit... she tried to go slow.. she wanted to savor and enjoy this first moment together, but as soon as she relaxed her anus just a bit, it exploded outwards launching shit from her ass with a barrage of deep bassy farts.

Jimmy felt like he was having a horrible nightmare. he felt his sisters asshole pucker up, then blast outwards as a thick chunky thick turd slid right down his throat. he felt it slide down and land in his stomach with a heavy plop as her anus pulsed again, and filled his mouth but now with a soft puffy shit. he wanted to scream, he wanted to puke! he wanted to strangle his twin sister... how could she do this! he refused to swallow as he felt her anus pucker and pulse out, pushing more shit out as his cheeks puffed out like a chipmunk! she breathed deep and let loose a blast of gas and fumes that launched all the soft shit down jimmy's throat!

Brittany was on cloud nine.. she pushed down, making a tight seal as she came hard, spraying her brothers chest with juices as she pushed out some more soft shit. she could feel his mouth and throat at work trying to keep up under her as she moaned and rubbed her sopping pussy. she wiggled back and forth feeling his face under her huge sweaty ass..

"oooooh god" Brittany reached back holding her brothers head tight as she felt something wet on the side of his face! for a moment she thought she had missed his mouth but when she looked back over her shoulder, she could see he was crying! **COULD HE FEEL THIS?** Brittany pushed down, making a tight seal as her stomach bubbled and another thick soft turd forced its way into her brothers mouth. the turd coiled in his mouth, filling his cheeks until it began forcing its way down his throat. Jimmy felt

like his insides were on fire.. his stomach hurt so badly... her shit scraped the insides of his throat and he felt like he was bleeding. it felt like an hour before his sister finally got up, her ass was sore and she waddled a bit as she wiped her ass and pulled up her leggings.

"whew... that was intense" she looked down and rubbed her brother stomach as she laughed

"i hope your not too full.. I'll have some more for you later" Brittany fanned her face and nose a bit

"god you stink... you need to air off a bit" she turned on the fan in the bathroom then closed the door, as she plopped down on the couch and watched some t.v

Jimmy was crying in the bathroom, tears dripped from his cheeks as he stared at the ceiling. he had never felt so low... so helpless... so insignificant.... if he could have moved even an inch.. he would have killed himself..

his father walked by the bathroom and peaked inside, he saw his son, laying back on his wheelchair in the stretcher position. his mouth was caked with brown feces and the room smelled like death, his father could only stand the smell for a moment before he slammed the door closed while gagging

"DAD KEEP THE DOOR CLOSED IM AIRING IT OUT" yelled Brittany from the t.v room

he had to hold back tears seeing his son like that.

2 hours later the family sat around the dinner table enjoying a huge dinner. there was roasted chicken, beet salad, tomato soup, a huge dish of roasted potatoes with cheese and some other vegetable dishes! Brittany cleaned up her brother and changed his clothes before parking him at the table at a seat with no plate or cutlery. he sat there with

jealous eyes as he watched his family laugh, smile and converse while eating a delicious meal... his stomach felt like a war zone as he tried to digest his sisters horrid waste. it was 2 hours ago but he still couldn't get the smell out of his nose, even with all this wonderful food around.. he felt like he could still smell his sisters gas.

"so what did you do all day Brittany" her mother asked

"Oh you know, I studied and practiced for my s.a.t tests" Brittany lied to her mom, knowing she watched TV all day and pigged out on junk food. Brittany shoved a few more mouthfuls of potato and salad into her mouth before leaning on one side and letting a horrible post dump fart loose. it stunk of over digested sugar and carbs, giving it a really sour diarrhea smell. both her mother and father leaned back fanning their noses and trying to politely discipline their spoiled daughter.

"you know that's really not polite" said her father as he held back the urge to gag

"if I hold it i'll get a tummy ache!" complained Brittany as she pouted!

"hey... I have an idea!" Brittany exclaimed as she stood up and walked over to her brothers wheelchair. she slid out the lock letting it fall back into a lying position as she wheeled it closer to the table and plopped down very heavily, his face disappearing under her huge ass

"Brittany.. that's really not appropriate" said her father

"but look" Brittany said as she scrunched up her face and let loose a horrible fart!

BRRRRFTTTTPPTTPTTTTTTRRRSSSS PPLRSSSS

it ended with a wet squelching sound as both her mother and father grimaced and tried not to breathe through their noses. Brittany breathed deeply through her nose...

"see... nothing...." she said as both her mother and father slowly sniffed the air, and smelled no gas....

jimmy's mother was really unsure... she could imagine what her son was going through... but then again.. she hated having to deal with her daughters gas during meals... if he was eating her shit.. I guess her farts wouldn't hurt extra right?

"just.... remember to let him breathe ok darling" said her father as Brittany took a huge bite of chicken and let a hissing fart loose into her brothers nose.

Jimmy felt like his head was about to explode as he laid looking up past his sisters fat cheeks and up her back. her huge ass was so heavy, he could barely breathe... the nice smells of the home cooked meal were replaced with Brittany's grey leggings clad ass.

BRRRPFTT PLRRPPPTT PLLRRBBBB

her ass pushed out as a wet rancid fart filled jimmy's lungs, he choked and coughed, moving a bit and bouncing Brittany on his face. Brittany

her mother and father all began to laugh from the muffled noise her farts made against jimmy's face!

"could you imagine if he could actually smell those?" Brittany's father joked

the whole family laughed and ate, for the first time enjoying a meal without having to deal with any shit fumes. Brittany leaned forward and let another long hissing fart loose into her brothers nose.

I CAN HEAR YOU.... I CAN SMELL.. AND TASTE! FUCKING LISTEN! HEAR ME HEAR ME HEAR ME!!!!!!!

jimmy screamed as his heart beat increased... he was so angry... Brittany... please stop.. he begged as he stared at her massive cheeks.

please Brittany... he begged in his mind

she leaned forward, pushing his nose into the crevice of her leggings as a foul blast of air blew into his nose. the smell was so hot, he could feel his head spinning from the fumes, her anus pulsed again spraying gas into his lungs as he choked and coughed into her ass fat... then everything went black.

Taking Care Of A Vegetable. Ch3

Jimmy woke up to the stench of shit as he tried to shake his head, forgetting he was paralyzed... as the room came into view and his vision adjusted to the darkness, he could see he was in the t.v room. he was laying on his back on the stretcher and could hear his family upstairs

getting ready for bed. was this really his life now? how long could he really live like this.... surely his family would end it.. and just pull the plug. if that was even still possible..

Jimmy hears two feet barreling down the stairs like an elephant and knew it was Brittany! she ran over to jimmy on his back in the darkness and shook him for a moment before realizing he was awake!

"oops sorry! she laughed

"gotta pee quick before bed" she said while untying her grey pajama bottoms and swinging a leg over jimmy's frail body. even though he was paralyzed, he knew she was crushing his body. her could hear his bones creaking as her ass settled down over his chest. the metal

wheelchair/stretcher groaned under her weight as she slid her fat ass back over jimmy's face. she reached back peeling her cheeks apart one at a time as she leaned side to side and aligned her nose with his asshole. it wasn't necessary for her to piss but she knew a big fart was coming and didn't want her lil bro to miss it!

Jimmy's eyes bulged as her bum cheeks slid back, covering them and his nose wedged right up against her asshole. her hole was really dry and shitty smelling but the inside of her ass-cheeks were damp and sweaty! her stream started instantly, filling his mouth as he choked and gargled on the urine. it wasn't nearly as bad as the last batch he drank but it was something he would never get used to. he could feel Brittany flexing her stomach and pushing as she forced her urine out, spraying it into his throat like he was an object. she slowly came to a dribble as jimmy sniffed in and out with his nose pressed to her puckered asshole, it stunk like shit and he could barely breathe.. he desperately wanted her to move but she just sat there...

her anus kinda sucked in for a moment, then pushed out hard against his nostrils as a thick stream of meaty gas filled his lungs! it smelt and tasted like a dirty rotten version of his mother's cooking. Jimmy choked as her cheeks jiggled on his face but she stayed in place.. his lungs were screaming... please get up Brittany! please..

something sticky and salty dripped into jimmy's mouth, before he had time to realize what it was, Brittany slid back putting her hands down

hard and pushing on his broken and bandaged up abdomen and chest. her thick wet pussy lips engulfed jimmy's nose as she moaned and slid over his face back to his mouth. he sucked in a deep breath of air and could feel a thick layer of cum and vaginal juice on his face. before he could exhale she slid back, sucking his nose into her pussy as she grinded down and moaned. her fat thighs covered jimmy's ears and he couldn't hear anything, he just said there motionless watching her fat cheeks and pussy slide back and forth, using his face and nose as a dildo.

Jimmy felt Brittany thighs tense up, squeezing the metal frame of his stretcher as her ass and pussy came down hard smothering him as she quivered on his face.

"AHHHHHHH FUCK" she screamed, as a thick load of pussy juice and cum flowed into jimmy's throat. it felt like a thick ooze and was impossible to swallow! he had to swallow over and over to slowly work the thick fluid down his throat and it felt like he was going to suffocate!. Brittany leaned back with her asshole over jimmy's nose, letting loose another thick meaty blast as she slowly got up.

BRRR PPPPPPPPPPPP

SCHLICK

Brittany's pussy lips and ass squelched as she got off her brothers wet and sticky face. her legs were so weak she could barely stand of all the times she needed her little bro to carry her to bed! and he had to go and get paralyzed! she stood beside him for a moment catching her breathe as she slowly put her pants on. jimmy watched her massive ass from the corner of his eyes as she bent over.

Brittany left the room, clicking off the hallway lights upstairs as she closed her bedroom door leaving jimmy in the pitch black and with his face still caked in her juices and cum. her cried in the dark, sniffing in and out, her anal odor had rubbed onto the outside of his nose and he was forced to smell her aroma all night.

Jimmy woke up to his mother looking down at him... she was staring right through him. she lifted her bathrobe and swung her big fat thighs over his body, backing up her massive ass to his face! he was dripping beads of sweat... please god no.... he watches as she pulled apart her cheeks, she had a thick tuft of dark hair around her anus. she backed up until his nose was pressed to her hole! all he could smell was the stink of fresh feces and old dried up fish!

Jimmy woke up! his head bobbed so hard from the shock of awakening that his whole stretcher rattled... it was still dark.. he was dreaming... oh

god... thank god.... jimmy was breathing so heavy, he couldn't feel his body but knew he was drenched in sweat

he couldn't get back to sleep as the early morning hours rolled in. he could see the sun rising as a beam of light shone in through the blinds and slowly stretched across his face. the warmth of the sun felt nice and he closed his eyes enjoying the feeling. before long he heard the sounds of footsteps upstairs and sinks running. the family was up and getting ready for their days.

jimmy's father came downstairs and walked over to him

"morning son!... what's all this on your face??" he said looking close at the dried cum and juices.. it had turned to a flaky crust. he went to the bathroom and came back with a warm towel and began to clean off his face. jimmy closed his eyes and relaxed, for the first time feeling some sort of comfort.

"morning dad!.. ooh hey! thanks for cleaning up my toilet!" Brittany said as she grabbed jimmy's stretcher by the feet and pulled him towards her then began wheeling him down to the first floor bathroom.

"Brittany! dont talk that way about your brother please!" he said very weakly to his daughter

"im just fucking around dad, your so extra!" she yelled before slamming the door to the bathroom

jimmy was frantic, trying to move or scream.. DAD.... SOMEONE... but his body laid there motionless... Brittany backed up to her brother without even looking she lowered her fat ass over his face. she was wearing a tight black dress and her cheeks bubbled out jiggling around as she pulled it up. she lowered her dark puckered asshole to jimmy's mouth and grunted as a thick steaming log emerged. Jimmy couldn't see but felt with his tongue that it was a monster, the aroma from it seeped out as it pushed into his throat and snaked down in one giant piece! he could feel his throat being pushed wider by her feces as she grunted and bore down harder. Jimmy's face turned a bright red as her fat turd continued to push down into his body blocking all air flow, he was about to die! Brittany on the other hand hadn't even thought about her brother, she as using him like she would any toilet.

finally the turd snapped off from her asshole as the monster was pulled down jimmy's throat and into his stomach! it felt like he had swallowed a bunch of bricks. she leaned up and jimmy watched as her asshole puckered and dropped a sticky chunk of yellow steaming shit into his open mouth. he could feel himself gagging but his body made no motion or sounds, the feces just dripped down his throat as he used his tongue to shovel it down trying to get rid of the taste as soon as possible.

"holy shit. that stinks **SO BAD**" Brittany said while wiping and quickly washing her hands. she slipped out of the bathroom leaving jimmy in the small space to deal with the fumes from her shit.

the family was eating breakfast while Brittany shoved down her breakfast, already late for her first class of the day at her college. just as there father was getting up to leave he looked around ...

"where is your brother, Brittany?"

"hmmmp i dont know" she said with a mouth full of food. her father went looking around when Brittany yelled from the table!

"oh yea! I left him in the bathroom, he stinks!" eh said while her and her mother laughed

jimmy's father went to the bathroom and gagged when he opened the door.. the smell was so thick in the air he could barely stand outside the open door. he held his breath and leaned in grabbing his sons chair and pulling him out before closing the door and turning on the bathroom fan. he parked jimmy in the living room before turning to his daughter

"please be more careful and respectful of your brother. im sure deep down he's still in there somewhere"

"I'll try dad but it's hard when he doesn't talk or move... he literally looks like a plant"

everyone got ready for their days and left the house as jimmy was left alone in the quiet room. no one even bothered to turn on the t.v or put him in the upright position.

around noon jimmy heard the door open as he tried to peek from the corner of his eyes to see who it was. he could hear someone dropping a ton of items and bags then he heard the light Mexican accent.

"oh poor jimmy..i heard what had happened," Vanessa said as she ran over and gave him a hug, expecting some sort of response and not knowing the extent of his paralysis. Vanessa was a housekeeper who came over a few times a week to do some cleaning around the house. she was an absolutely beautiful Mexican college student with plump thighs, a big juicy bum and long auburn hair that she always wore up in a ponytail. a few times jimmy had been lucky enough to be home while she cleaned, and he enjoyed a wonderful show. he felt like sometimes

she would bend over in-front of him just to tease him and see his reaction.

"jimmy?" she said while stroking his face lightly, but all he could do was blink and stare at her big brown eyes.

she peeked underneath the blanket over his body, seeing his compressed ribs and stomach all bandaged up and she felt terrible for

him! she actually thought he was sort of cute. when she would clean the house and jimmy was home he would always take things from her hands offering to do the work for her! such a sweetheart!

she put on her headphones and got to work, walking around the house and vacuuming while she listened to her favorite music. a couple times she had to wheel jimmy to a different position in order to clean or vacuum under something, and at first she would always apologize, but after 2 hours of cleaning she just wheeled and moved him around like furniture, ignoring him as she cleaned the rooms. it was blazing hot today and she had to stop a few times to grab a drink, she was sweating like crazy!

Vanessa looked around the house trying to find the step stool she used to clean the higher up areas like the window frames and chandeliers but it seemed to have disappeared. she checked all the closets.. then the basement.. and even the garage and backyard but couldn't find it...

she came back in and sat down on the couch thinking for a moment when she saw jimmy out of the corner of her eye! she walked over and pressed down on his chest with her hand a bit hard... jimmy saw her pushing but couldn't feel anything... what was she up to he wondered

"can you feel that jimmy?" she asked again expecting a response forgetting he was mute now

"hmm" she thought for a moment then rolled jimmy over to the window.

she looked down at her body for a moment feeling a bit self conscious... she hadn't been hitting the gym at all the past few months and she had really filled out in the hips and thighs... Jimmy looked like a skeleton.. maybe this was a bad idea? but then again if i left the frames and chandeliers dusty Mrs.Smith will be so pissed...

she gently slipped off her flats exposing her moist and sweaty bare feet as she climbed up onto jimmy's chest slowly on her knees. she held onto the window lightly with one hand as she got to her feet, feeling her soles press into his body and sink down. she quickly started dusting the top of the window frames as she walked up and down his chest carefully, she could feel his bones compressing under her feet! she had to get down, push him a bit further then climb back up in order to clean the whole entire frame.

by the time she reached the window she was tired of climbing up and down, instead of pushing the stretcher a bit further, she just placed one sole over his face, gripping his nose with her toes for balance as she dusted and cleaned. she could feel his nose inhaling in and out roughly through her bare toes and it felt wonderful. she continued cleaning the rest of the windows this way, using jimmy's head now as well with her full weight.

Jimmy felt sick as he watched Vanessa walk up and down his chest and body. he could hear his bones cracking and it looked like her soles were pressing right through to his back. he closed his eyes trying not to think about the damage she was doing to his insides. all of the sudden he felt her bare foot over his face, it was so moist and clammy and has a sharp vinegar smell, like malt chips! he wanted too gag but couldn't react. suddenly the weight on his face felt so heavy he thought his head would explode. she leaned her full weight on one leg as she cleaned and jimmy tried to scream! **I CAN FEEL MY FACE YOU IDIOT!!!**

this continued for over an hour, he had such a bad headache the only way he could make the pain even a tiny bit better was by closing his eyes and squeezing them shut as hard as he could. right around the time Vanessa was finishing up Brittany got home. he heard her come in the front door talking on her cell phone at full volume!

"YEA OMG... OF COURSE... INVITE SARAH AND CELIA TOO, AHHHHHH GIRLS NIGHT! we can watch movies all night!" Brittany saw Vanessa as she politely waved and Brittany groaned

"ughhh... I have to go Melanie... *"the help"* is here...i'll see you tomorrow" Brittany said while she hung up her phone. she always treated Vanessa like garbage but Vanessa did her best to try and be polite even though she hated her guts.

"I was actually just leaving" Vanessa said politely as she slipped on her flats and quietly closed the door.

"ugh.. I can't stand that girl" Brittany said out loud but obviously not directed at jimmy. she walked over taking his stretcher and wheeling him over to the kitchen table as if he was a chair, then left to run up stairs. Jimmy could hear some banging and rustling through the floorboards. she came down a moment later in a thin pair of leggings and with her laptop and a bunch of books piled up on top. she dropped all the stuff on the kitchen table then sat down on jimmy's face like he was nothing but furniture.

Jimmy watched as her ass bubbled out like a huge balloon as she bent down, the view was ruined when her ass collided with his face. the stretcher squeaked against the kitchen floor as it adjusted to her weight and his nose found its way into her shit scented ass crack. even through the leggings he could smell the fresh aroma of her shit.

Brittany plugged in her headphones and began to play her music as she opened up her laptop and got to work on a few essays. she was really behind, it was always so hard to sit down and do the work.. today though, she found herself looking forward to cram session!

Vanessa stood outside knocking on the door over and over for a few minutes as she called out

"hello..... Brittany???" but no one answered... she had forgotten her bag

she opened the door and looked around ... it was quiet... she walked in the house and looked around for a moment until she saw her bag on the floor in the t.v room. she walked over to get it when she heard a roaring fluttering fart

PLFFRRTTTT BRRRLTTTPPP FRRTTTBBBBTT

Vanessa looked over to the direction of the sound towards the kitchen... and her jaw almost dropped.. she couldn't believe what she was seeing....

it was Brittany... but... but... she.... she was sitting... on jimmy's face. her ass was so huge, like two volleyballs that engulfed his face. she could see the tip of his forehead and it was beet red... that's when the smell hit her... the beefy meaty aroma of feces that filled the room... but she was too shocked to move... she watched Brittany from behind as she bobbed to her music and typed on the laptop. a moment later, she leaned forward a moment, exposing part of jimmy's face. Vanessa could see his nose in her ass crack as a horrid wet sounding fart exploded from between her cheeks..

BBSSRRRLSPPPPPPPPPPPP

Brittany leaned back and relaxed covering jimmy's face again as Vanessa grabbed her bag and ran out the front door.. Brittany had never even noticed she was there...

Vanessa was horrified..... disgusted... she didn't know what to think... should she tell someone?

she walked the whole way home, deep in thought... she couldn't get the image of jimmy buried under those fat ass cheeks out of her mind...

Brittany had been studying and working for hours, she didn't even realize the sun go down. she looked up from her computer and unplugged her earphones too see her mom was cooking dinner...

"oh hey mom"

"hey darling"

"when did you get back"

"iv'e been here 2 hours" she said while laughing.

"you looked so peaceful studying darling i didn't want to disturb you"

Brittany was about to stand as her mom set 2 plates of homemade macaroni and cheese down with a bowl of salad.

Jimmy was praying for hours for Brittany to stand as he suffered through her farts. she stood a tiny bit, just enough for jimmy to suck in a bit of air through her shit stained ass crack...

"where are you going, dinner ready"

"ooooh perfect, i'm starving" said Brittany as she plopped back down onto jimmy's face, letting out a sharp wet fart.

PPFFRRRRTTSSSSS

Brittany and her mother both laughed at the sound it made inside of jimmy's nose as they began to eat.

"who knew the accident would be such a blessing to our family, not having to smell your gas during our meals is a godsend!"

"I know, and one less mouth to feed" Brittany joked as they both laughed again.

Vanessa laid in bed late at night.... still thinking of the days events.. she couldn't get that image from her head.. of jimmy's small head, smothered between his sisters basketball sized ass cheeks.. she reached down, feeling over her naked hips and her thick thighs. she started to hump her bed a little as she slipped her hand into her panties and began to slide her index finger into her wet pussy... she moaned deep, adding another finger and picturing herself on jimmy's face... I'm suffering and struggling to breathe through her thick naked ass cheeks...

"AHHHH OOOOO..." Vanessa squeezed her legs together filling her panties with cum as she breathed deeply staring at her ceiling.... she couldn't wait for her next visit to see jimmy.

Taking Care Of A Vegetable. Ch4

Jimmy woke up to the dim morning light shining through the living room curtains, he took a deep breath and moved his tongue around his bone dry mouth. Brittany had passed out in her bedroom right after dinner the previous evening and this was the first night that jimmy had a half-decent sleep. he couldn't stop thinking about the choices his family had made for him... this was not a life... he was literally a toilet. every morning he would wake up, fantasizing about food before remembering what was to come, when Brittany wakes up.

he tried to brainstorm... how could I communicate, and let them know I want to end this... i tried Morse code with my eyes but no one pays me enough attention. there has to be a way to get someone's attention and let them know I don't want to live like this... i can't spend another second underneath Brittany's cheeks.

as if on cue, there was a stomping from upstairs as Brittany came barreling down the stairs holding her stomach...

"oh shit.... oh god... no.. ahhh" she moaned and complained as she ran over to jimmy practically running to the bathroom while pushing his stretcher. Jimmy's heart raced as she pushed him around the corner, almost tipping his stretcher over, she shoved him into the dark bathroom and slammed the door.

when the lights flicked on, Brittany's pajama pants were already half way down, her fat ass wriggling left and right as she danced back and forth holding her stomach. she dropped her pants and quickly straddled jimmy's face with her asshole right on his mouth, for a split second jimmy noticed a wetness on her hole. everything happened so fast...jimmy didn't even have time to take in what was happening until it was over.

Brittany's asshole exploded open filling his mouth with a hot soupy diarrhea. his cheeks bulged out as the fluid forced its way down his throat. Brittany continued to unload as jimmy's body fought back, his throat closing as he dry heaved. liquid feces sprayed from the sides of his mouth painting the bathroom walls and jimmy's face. Brittany felt the explosion behind her but was in so much discomfort she didn't care, she pushed again, filling his mouth and forcing more down his throat. the smell in the tiny bathroom would be a biohazard! Brittany held her nose as she leaned forward, covering jimmy's face in a soft serve sludge of shit while she peed over his neck and drenching his shirt in urine. the shit seeped over jimmy's face, some of it landing on the floor as Brittany slid forward onto jimmy's chest. she grabbed some toilet paper and wiped quick before leaving and closing the door.

Jimmy wanted to die more than anything. he could feel her liquid shit caked all down his throat! he could feel the tiny pieces of vegetable skins and undigested foods! his nose was filled with Brittany's shit! he felt like her shit had sprayed in his brain! he tried to dry heave and puke but his

body wouldn't let him. he just laid there.. taking in the smell and praying for someone to come and save him!

Brittany headed up stairs to shower, do her make up and get dressed before heading down for breakfast. she had a big meal with her mom (Nina) and dad (Albert) while they all chatted, no one even thinking about jimmy. Brittany headed up stairs to grab her stuff then ran to the front door before finally remembering.... she turned to her mom and dad at the breakfast table!

"oh yea, hey guys! I had a bad stomach ache this morning and jimmy's sort of a mess.. so i left him in the bathroom. I wasn't sure what to do and I was running late"

"oh it's ok honey, Vanessa is coming later we will just have her clean him up" her mother replied

"perfect!, **HAVE A GOOD DAY , LOVE YOU MOM , MOVE YOU DAD**"

Brittany yelled before running to her car, already late for her college classes.

Brittany's father, curious, walked to the bathroom to check on jimmy. even before he reached the door he could smell the horrifying aroma... when he opened the door, he was hit by a wave of fresh feces, the room was painted with shit and jimmy's face was unrecognizable. he gagged as he slammed the door, wanting to help his son but truly too grossed out to even spend a second in there. he was just thankful that his poor son jimmy didn't need to smell or taste any of that, it would be a nightmare.. thankfully his senses were dead.

Vanessa walked down the sidewalk listening to music but not paying attention as her mind drifted to the scene of Brittany sitting on jimmy's face. she was eager to spend some alone time with jimmy today and anticipating seeing him, she stopped and looked up for a moment and realized she was so distracted she walked right past the house! she turned around and doubled back making her way over, it was only a few blocks. as she walked Nina was locking the front door and leaving!

"I'm so sorry im late" Vanessa shouted as she jogged over

"no no it's alright, don't worry" replied Nina as she unlocked the door and let Vanessa in

"oh Vanessa... Jimmy is in the bathroom on the first floor, Brittany had an accident this morning and left him a bit messy.. would you mind cleaning him up? we could pay you an extra 500\$ for the day"

"\$500" Vanessa yelled and had to cover her mouth...

"of course I can clean him up, not a problem" replied Vanessa, quite shocked at the amount they offered to help jimmy clean up, how hard could that be?

"great, just leave the door unlocked if i'm not back by the time your done, have a great day Vanessa" Nina said as she drove off

Vanessa made her way inside and got a drink quick, it was so hot outside. she got comfortable and ready for cleaning before making her way to the bathroom. as she made her way down the hallway she could smell a strong overwhelming aroma like feces and she had to cover her nose... ugh.. what is that.. she thought to herself..

as she reached the bathroom and opened the door, the horror scene that greeted her was truly too much to take in.. she stared for a moment at jimmy caked in feces as she slammed the door and ran outside to the front lawn, quickly leaning over and throwing up into a flower bed. she paced outside on the front porch trying to understand or make sense of what she just saw... Nina said that Brittany had an accident? then why was jimmy covered in shit... she slowly started to put the pieces together.. wait.. was... Brittany using jimmy... as a toilet.... no that's not possible... should she call the authorities. what is going on here...

Vanessa sat outside for an hour trying to relax and get her head straight when she finally decided to make her way back inside. 500\$ was a lot of

money and she still needed to clean jimmy up. she took out a towel and wrapped it around her face like a breathing mask to cover her nose and mouth as she opened the door and quickly grabbed the bottom of jimmy's stretcher. she wheeled him out to the backyard and onto the grass where she carefully cut off his t-shirt and ripped it off throwing it in the trash. she got a hose with a spray nozzle and sat on a sun chair while she used one hand to browse her phone and the other hand to spray jimmy down with a hard stream of ice cold water.

after an hour of spraying jimmy down she went inside and started on her cleaning duties inside, vacuuming and cleaning windows. every 30 to 40 minutes she would come outside and spray jimmy down a bit more, it seemed no matter how much she cleaned, the smell of feces were rubbed into skin. the bathroom took her the longest, she hated the fact that she had to literally scrub and clean the spoiled bitch's shit from the floor. she hated Brittany with a passion.

by the time Vanessa had finished up, jimmy was just about dry and for the most part clean. she wheeled him back inside without a shirt and put him in the living room with a towel draped over his torso to cover his mangled chest and torso. normally Vanessa would just leave when she was done but today was her payday so she was waiting for Nina to get back. as she waited, she felt a pressure in her stomach and had to go to the bathroom. she decided to hold it until she got home though, not wanting Nina to come back while she was using her restroom to shit,

that would be embarrassing. she started to pace around, the feeling of shitting building as she started pinching her cheeks together a bit.

her phone chimed and saw a text from Nina:

hey Vanessa, i'm running late

im so sorry, i'll be back asap

should only be 30 minutes.

Vanessa breathed a sigh of relief as she walked towards the bathroom, as soon as her hand touched the handle though she stopped... she looked over to jimmy... could I really?

she walked back and wheeled jimmy into the bathroom before closing the door.. her heart was racing so fast. she felt like she was committing a crime, it was so exciting. she pulled down her pants and swung a leg over jimmy, letting her plump butt come down onto his motionless face. she wiggled back and forth feeling his nose press into her anus almost like a plug as her hairy pussy settled over his open mouth. she shuddered from the excitement as her urine began to dribble out, slow at first, then picking up pace as she got more comfortable. finally she let loose, filling his mouth with her tangy urine and watching his throat pump as he swallowed. she could feel herself dripping cum as she came to a dribble and stopped.

Vanessa slid forward, letting her anus make a tight seal with jimmy's mouth, she had to wipe some sweat from her forehead. all her worries and concerns about using jimmy as a toilet went away as she grunted and relaxed, feeling a thick turd slide into his mouth. she could feel how large and long it was, she kept pushing, feeling his mouth at work. she could see her shit going down his throat as it was still coming from her asshole, and a huge drop of cum fell to jimmy's neck as she moaned.

her shit broke off and she watched the tail end slide down into his mouth. she got up and wiped then quickly started to masturbate.

when Nina parked her car and rushed inside she saw Vanessa sitting by the kitchen table and smiling

"I'm so sorry I'm late"

"it's okay don't worry Nina, I actually had some important business to do so it worked out"

"well here... it's an extra 300\$, so that's \$1800 for the month. thank you Vanessa"

"no thank you Nina, ill see you on Sunday" she said as she put away the money and took off... I can't believe she just paid me \$300 to shit down her son's throat

the family all sat enjoying a nice dinner while jimmy laid with his face buried beneath his sisters ass. it had become a common thing now for Brittany to use jimmy as a seat during any long family meals so that they

didn't have to endure her rancid gas. most meals the family, including Brittany totally forgot jimmy was even there as they laughed and talked about their days. Brittany took another huge bite of macaroni as she leaned forward letting a hissing blast loose into jimmy's nose. she could feel his little head moving a bit under her as he choked on the smell.

"oh Brittany, we and your mother were thinking... since over the past few weeks you've been taking such good care of your brother.. me and your mother were thinking, usually we would celebrate jimmy's birthday this month, but since he can't enjoy any gifts, we thought we would give one to you"

Brittany's eyes lit up as she heard the words gift

"so me and your father thought it would be best to let you choose a gift this time. so take your time thinking and when you find something you want just let us know"

"thank you so much mom and dad" Brittany got up to give each her parents a hug as jimmy gasped, taking in a huge breathe of fresh air

"dad.. after dinner could you help me with something"

"sure what is it honey?"

"I always feel so comfortable sitting on jimmy, could you help me bring him upstairs later after dinner so i can study?"

"of course honey, just make sure he doesn't get to sleep too late"

Albert helped Brittany as they each took a side of the metal wheelchair and slowly brought jimmy upstairs. he looked down and saw his son blinking over and over at his father directly, but he ignored it and kept lugging the chair up. most of the weight came from the wheelchair/stretcher and not jimmy. when they got upstairs Brittany thanked her dad and told him she would take it from here. he watched as she walked away, closing the door to her bedroom. as soon as the door closed, he heard a roaring fart coming from her bedroom and he shuddered just imagining the smell.

Jimmy was sweating and peering around the room frantically as Brittany wheeled him inside and closed the door. he was all alone now with her for the whole evening, this was not good. he heard a wet vibrating fart come from between her thick ass cheeks as she walked across the room and took her laptop from her bed to her desk. she wheeled jimmy over right in-front of her laptop in a sitting position and he saw pornography on the screen, some big naked muscular guy with a huge dick... what the? Brittany lowered the chair to a lying position as she pushed him a bit closer under the desk.

Jimmy watched from the corner of his eyes as she walked back and locked her bedroom door, then pulled down her tight leggings and thong, kicking them to the door of her closet with her foot. Jimmy could see her naked thighs coming closer as she appeared right over him, and wasted no time plopping down. his face slid between her sweaty ass cheeks with a squelching noise as he grimaced and got a huge whiff of her ripe sweaty asshole, it stunk like fresh shit.

he could feel her pussy lips getting wet as she rubbed back and forth on his face, her rough pubic hair scraped his lips and chin as she pushed down hard, he could feel her greasy anus clenching on his nose as her cheeks slid back and forth over his eyes. her juices started to leak down his chin and around his face as she moaned lightly... Jimmy's face was beet red, his sister was seriously using him to masturbate.

Brittany rubbed back and forth, her juices dripping into jimmy's mouth as she watched the stud pounds his dick into the sexy model! she hadn't been fucked in so long! she could feel her brother face twitching as his nose pushed up against her asshole, she leaned back, encasing his nose in the fat of her ass and letting out a burst of gas.

Jimmy groaned feeling her anus twitch, knowing what was coming as his nose was blasted full of Brittany' gas! he could feel the tiny specks of shit traveling into his lungs as he gagged a tiny bit. he felt sick to his stomach knowing that he was staying alive off of feces, his blood literally had remnants of Brittany's shit in it. she kept rubbing, picking up speed as

she grinded on jimmy's face, moaning louder and louder... she squeezed her thighs around his face as she filled his mouth with hot sticky cum, there was so much she could feel him choking and gurgling under her. the noises sent her into a wave of ecstasy, she could feel his nose twitching on her wrinkled asshole, just begging for air.

"AHHHHHHHHH" Brittany screamed as she filled jimmy's mouth again, cum and juices literally flowed over the sides of his lips as she got off his face, her legs so shaky she could barely stand. she looked down to see her brothers face, almost blue, he was choking to death on her cum. Brittany scooped her hand into his mouth and brought out a huge glob of cum and pubic hair, she did that two more times before pouring some water down his throat. he started to sputter and choke as she breathed a sigh of relief.. not for jimmy's safety, but for fear of losing her toilet..

hours later Brittany was still sitting on jimmy's face with her naked ass, while chatting with Melanie on her webcam.

"can you believe that Celia is dating Frank, that guy is such a fucking loser"

"I know, can you imagine how small his dick must be hahah!"

"who have you been into lately?" asked Melanie

"can I tell you a secret....?"

"sure..."

"I just had one of the best orgasms of my entire life!"

"seriously? from who?"

Brittany stared into her webcam smiling

"promise you won't say anything"

"of course"

Brittany tilted her webcam down showing a nice view of jimmy buried under her naked fat ass and thighs, Melanie quickly took a screenshot... when she brought the webcam back up and put it on her laptop she saw Melanie's face, her jaw was dropped

"is that..... jimmy?"

"YES!"

"but he's.. like.. paralyzed"

"yes but his mouth isn't" Brittany joked

"that's sorta fucked up"

"yeah.. but who's he gonna tell" Brittany laughed out loud

BFFRRRTTTT

a wet fart vibrated from between Brittany's cheeks as she laughed and
Melanie gasped...

"you just...."

"yup"

Brittany fell asleep at her desk with her face buried in her arms rested on her warm laptop... Jimmy was still under her ass and hairy pussy, listening to her snoring as he struggled to inhale tiny bits of air from between her sweaty cheeks. he could feel her sweating and the skin of her ass sticking to his face as she slept. her stomach bubbled as jimmy's eyes went wide

PPFRRRRTTTTTBBTTTT PPRRLR PPRPB

Brittany's ass unleashed hell in the form of a wet shirt that splattered the inside of jimmy's nose in wet shit... he gagged under her cheeks as she stirred a bit and sat up sleepily. Jimmy was covered by her ass as his nose pressed closed but he was just happy that she was going to go to bed.. Brittany stood, still half asleep and pulled jimmy's stretcher beside her bed. she un-clipped his straps keeping him down and roughly rolled him into her bed face down, he couldn't breathe. it was the first time he had been off the stretcher since being home and it felt weird.

Brittany climbed into her bed and pulled up her blankets over her and jimmy as she grabbed his body with her thick legs, wrapping her thighs

around his torso and head like he was a pillow. his face slid up between her warm thick thighs and into her juicy pussy with his nose in her crack as a wet short fart shot out

prrrttt

Brittany rolled in her sleep moaning a bit and squeezing jimmy's face. it was impossible to breathe, he couldn't move, he couldn't see.....

BRRRRRT PRRR PP

another wet shirt vibrated out and seeped into jimmy's nose, it stunk like rotting beans and old meat mixed with horrid methane. any gas he missed filled the blanket around him sealing him in a torture chamber of stink. Jimmy blinked over and over against the bottom of her ass cheeks trying to tickle her and make it uncomfortable.

BFRRRTTT

"STOP IT" Brittany yelled still half asleep as she kicked back hard, jimmy couldn't feel his body but heard a loud crack and knew she just caused some permanent damage.

Brittany woke up to the sound of her alarm, she had never slept so well in her life... she reached down and felt a wetness between her legs and pulled up her fingers filled with sticky cum... she must have had an orgasm in her sleep. her mother knocked and opened her door

"morning darling, wake up your brother and get dressed, I made a special breakfast for you"

"okay mom, just gonna go to the bathroom first"

Nina closed the door as Brittany lifted her blankets to see her brothers face and she burst out loud laughing... his lips were covered in cum and public hair and his nose was brown on the tip. his entire face was red and his hair was all messed up. his eyes were bulging from his head like he just had a heart attack.

HAHAHAHAHAHAHAH

"wow your going to need to start sleeping while i'm at class, because I'm going to sleep like that every night now.. I hope your hungry.."

Jimmy stared up in horror as he watched Brittany slide down and kneel over him on her bed...

"breakfast is served"

Taking Care Of A Vegetable. Ch5

Jimmy's evenings became an endless struggle to stay alive under Brittany's ass. he couldn't see anything, he could barely breathe, the only thing he could feel was his sisters fat sweaty ass cheeks smothering his face. underneath the dark blanket, jimmy saw his sister reach back and pull apart her ass cheeks as she leaned back, pushing his nose up against her wrinkled asshole. Jimmy was immobile and there was nothing he could do...

BFF TTTTTTTTTTTTT

a horrifying blast of gas assaulted jimmy's nose, and he knew from the size and smell of the fart that morning was coming. it was both a blessing and a curse, in the sense that jimmy would be free from his tormentor for the day, but only after he devoured one of her massive

shits. he could feel her hand on the back of his head, pushing his head deep between her ass cheeks as she grinded on him while half asleep. Jimmy tried to move his eye lashes and wake her by blinking but it was no use, she started grinding back and forth over his face, rubbing her wet pussy lips over his face and mouth.

Brittany woke up with a yawn as she stretched and smiled. every morning waking up since she began sleeping with jimmy was so peaceful. she threw off the blanket and looked down at jimmy's face, caked in cum between her thighs and his nose still sealed in her ass!

"good morning jimmy, how did you sleep?" she asked sarcastically as she pushed and let out a very wet fart

PRRTBBRRBBBTBRBBTTTTTT

Brittany quickly rolled over and sat on top of jimmy's face as a small dribble of brown liquid leaked down from his nose.

"fuck" Brittany said as she grabbed some Kleenex and wiped the shit off his cheek, not caring for her brother but not wanting the feces on her bed sheets.

Brittany got on her knees over jimmy's face, peeling apart her thick ass cheeks and sitting back so her asshole made a tight seal with his mouth. she could tell from the warmth in her belly and colon that this would be a rough one and didn't want her toilet to spill or overflow. she relaxed and took out her cell phone checking her messages as a long slow hissing fart squeezed from her tight asshole. she could feel jimmy's head moving a bit and knew it must be absolutely rancid. she could feel the shit making its way towards her colon as another long burning hot fart seeped from her asshole. she swore she actually saw jimmy's arms move and laughed at the idea of her gas affecting his crippled body so badly!

Melanie- we still on for the girls night tonight? your hosting right?

Brittany- of course! my parents are gone for the weekend!

Melanie- Celia is really looking forward to meeting your brother XD

Brittany- i never said they could use him like i do

Melanie-

Melanie- i guess we all just assumed lol

Brittany felt a pressure in her colon as a thick soft turd snaked into her brothers mouth. she could feel from the heat on the rim of her asshole that this was a brutal shit and she pushed down harder making a tight

seal. she could feel his cheeks bulging as he blinked over and over tickling her ass cheeks.

Brittany- im not sure jimmy could handle Sarah, she clogs every toilet she uses!

Melanie- lmao i know.. i was looking forward to seeing it XD

Brittany- lol maybe i'll reconsider

Brittany pushed again letting a much more soft serve style shit flow into her brothers mouth, it forced its way into his throat and she could feel him sweating and sniffing hard in her ass crack. every time he choked he would sniff in and out hard breathing a big blast of air in her crack, it felt amazing.

Brittany got up and pushed her brother off her bed, rolling him onto his stretcher easily as she wiped her ass and shoved some Kleenex into his mouth. she quickly walked away and into the bathroom, turning on the shower..

Jimmy could feel from the first burst of gas that this would be hell, the fumes burned his taste buds, he could literally taste the shit in her gas as

he wretched without moving. the wait was the worst part, laying there under her puckered asshole, twitching, like someone had a gun to my mouth. it could explode at any moment and he knew it was coming. another hot rancid fart squeezed out as jimmy closed his eyes, trying to take in the scent without losing his marbles before she even began.

a thick turd that slid out was burning hot, he felt his mouth steaming as the feces mushed into the shape of his mouth filling his cheeks and covering his tongue. he was overwhelmed in the horrid flavors of Brittany's feces, he could tell she ate dairy the night before from the stinging, burning heat of her feces. her food was always over digested and diarrhea like when her lactose intolerance kicked in.

jimmy's throat felt like the skin was being peeled off from the inside as her burning feces made its way into his stomach. he cried a bit not only from the taste but the horrifying torture his sister was fine subjecting him to. she sat above him like a queen, texting while she shit into him like a personal mobile toilet. he felt like he was going to die, but thankfully she stood up and wiped, shoving some dirty shitty Kleenex into his mouth as she began to shower

during her entire shower, jimmy moved his tongue around his shit caked mouth, trying to get rid of as much of the taste as he could slowly he worked his tongue around his cheeks scraping the feces as she sang and showered peacefully. the Kleenex bunched up and almost choked him to death but slowly he got it down. Brittany came walking out of the

shower in a towel, drying her thick legs and belly as she hummed to herself. she grabbed jimmy's stretched and pulled him over to her makeup table, sitting down heavily on his face sideways. her ass cheeks mushed his face pushing down hard as she started to get ready for school. after what felt like hours she finally stood up and squeezed into a pair of tight pink leggings shorts, her ass wriggling left and right like it was made of water.

when Brittany finally left. jimmy breathed a deep sigh of relief.. he closed his eyes.. finally drifting off to sleep

Brittany inhaled her breakfast, "forgetting" to tell her parents about the small girls night she was having, as she ran out the door and jumped in her car.

"Oh, darling, I forgot to tell you, I had to turn off the water, there's some issue with the pressure in the water heater. I called the plumber but he won't be here until tomorrow morning"

"Tomorrow!!" Nina said a bit annoyed with the time frame

"i know i know, but Brittany is already using jimmy as her bathroom, for the next day just go next door and ask to use the neighbors bathroom. I just went over, they don't mind really" said Albert

"alright..." replied Nina, still a bit annoyed

"I have to run to work, have a great day darling, ill see you tonight at the cottage" Albert said while kissing Nina on the cheek and leaving with his briefcase in hand.

Nina sat alone in the kitchen, she could feel her bladder getting full and her morning shit making its way through her intestines and filling her colon. she really didn't want to use the neighbors, one of her favorite

parts of the day was taking her nice morning shit. she started to think about Brittany.. a bit jealous of her personal toilet and not having to leave the house. she felt a burst of gas coming as she leaned to one side, her ass vibrating against the hard wooden chair and echoing throughout the kitchen

BRRRFFTTTT

she began to gag and choke from the smell of her own release. she quickly got up and walked up the stairs to get dressed, when walking by her daughters room she saw jimmy laying there. he looked so peaceful... I guess. I could do it just this once Nina said to herself as she walked in. already pulling down her pants before she reached him

she looked down and examined her body, taking in how much weight she had gained over the years as she reconsidered what she was about to do, but using the neighbors bathroom would be too much trouble! she swung one of her heavy legs over the stretcher while looking down, her son's eyes looked like they were about to pop. she could feel the stretcher moaning under her weight as the screws and metal bent slightly with her weight settling down on the immobile face.

Jimmy watched from the corner of his eye half asleep as his mother undressed, her massive thighs covered in cellulite jiggled even when she stood still. he watched as her fat leg came over him, rattling his stretcher as he prayed! **PLEASE GOD NO. PLEASE NO.. WHAT ME NOO.** her massive ass came down, sealing him under hundreds of pounds of fat, he could feel her wiggling about, spreading her ass cheeks and letting his face sink deeper. he could smell the greasy unwashed aroma of her asshole and starting gagging. she kept spreading her ass and sunk deeper as jimmy freaked out! **IT GOES DEEPER??** she sat back, and jimmy's face sank deep into the depths of her pussy and ass.

Jimmy had never been through a hell like this. his mother's asshole was so greasy and when it puckered it felt like it was trying to suck on his nose. her pussy lips covered his mouth and chin, and were covered with thick hair that stunk like dried up pussy juices. he felt her wiggling back and forth more, trying to adjust his mouth to her piss hole as she let loose and filled jimmy's mouth. he choked and gagged, some urine sprayed from his nose against his mothers ass but she didn't notice, she was in ecstasy. she moaned as she let loose, feeling his throat pump as he struggled to drink her morning piss. Jimmy choked down the urine, his teeth were getting pubic hair stuck between them and it made him gag horribly.

Jimmy panicked and cried as he felt his mother shift forward, even though her asshole lined up with his lips, her cheeks still covered all of

his face and head. as she moved and leaned forward the stretcher groaned and sounded like it may snap. she wasted no time, holding her thick cheeks apart as she let a powerful stream of soft serve style shit into her sons waiting mouth. she could hear the sickening choking and gurgling sounds coming from his mouth as she relaxed and continued to let it all flow out. she had to stop for a moment, feeling the shit push back against her asshole.

Jimmy tried to close his throat and let her shit pile up. he wanted to die, this had to end. he forced his throat to close as his mothers shit forced his cheeks to bulge out and pushed back against her asshole. it tasted like he was eating shit that had been boiled into a thick jus, it was horrible and wet and filled with skins from chili and beans and other bits of vegetables like broccoli. he felt his mother stop shitting for a moment as she pushed down hard on his throat over and over, like she was plunging a toilet.

Jimmy choked as she pushed down and her shit flowed down her throat, it was the most horrible experience jimmy had ever been through. when Nina was finally done and got off jimmy's face, the smell that came up from his sewer of a mouth made her run to the bathroom and dry heave. Jimmy watched with tears in his eyes as his mother ran out, leaving him alone, with her burning shit caked around his lips and all over his nose... she was going to the cottage and knew she wouldn't come back to check on him.

"hey Sarah wait up" yelled Celia as she ran over to her friend in the college cafeteria

"oh hey! I thought you had class" Sarah asked her

"i did, i skipped, wanna grab some taco bell!" Celia asked with a devious smile

"haha are you joking! I don't wanna break Brittany's toilet tonight" Sarah said while turning red a bit

"the real toilet? or the brother toilet" Celia asked as Sarah blushed even more!

"OH MY GOD" said while laughing

"I could never do that to him!"

"haha he can't taste it, who cares?" Celia said trying to convince her

"I care, that's horrible... your a bitch for just thinking about it"

Sarah stopped for a moment thinking.... her stomach rumbled a bit

"fuck it, lets go get some taco's, but i'm not shitting in her twin brothers mouth!" she said as they jumped in line and looked at the menu

jimmy spent the entire day sleeping and resting from his morning torture session. he knew his mother and father were going away and dreaded spending the entire time alone with his sadistic twin. he heard the front door unlock and open as Brittany came in chattering loud with a bunch of other female voices.. he instantly recognized Melanie's voice. she was a thick white girl with jet black hair and an angelic face but the soul of a demon. he had jerked off to her ass more times then he could even remember, she was a bombshell.

"what should we order for dinner!"

"let's order from the new Thai fusion place down the street!"

"yea i want some something spicy to go with all this liquor!"

Jimmy heard all the girls laugh as Brittany started to order food

"yea, north Hollywood blvd" jimmy heard her give the address as she started to list off a food order that made jimmy cry

"can we have a 6 person family feast, so orange chicken, shredded beef, mango and cucumber salad, 8 orders of satay beef, extra hot sauce please!, extra fried rice with chilies! and 4 orders of coconut milk soup! OH also 8 spring rolls."

"we should order Pizza too" one of the girls yelled.

jimmy cried and tried to close his throat and stop breathing... please god... I don't know what I did to deserve this.. i have always been good, I tried my best to be a good brother and son.. why

Brittany and her friends plopped down on the couch and started drinking and smoking weed as they popped on a movie, not paying attention as they all browsed their phones and chatted about their other friends behind their backs.

"did you see Jason's latest Instagram post" Celia asked as she showed the other girls

"he is SO **FUCKING HAWT**" Sarah yelled jokingly as they all laughed

"I'll be right back, I need to use the ladies room" Brittany said while smiling and heading upstairs.

"DON'T FILL HIM UP, SAVE ROOM FOR US" yelled Celia as the girls all made gagging noises while laughing

Brittany made her way to her room and saw a note taped to her door, she ripped it off and shoved it in her pocket without reading it. she walked in and pulled down her pink leggings and tight panties, plopping down on jimmy's face without even checking if he was awake. she filled his mouth with urine as she watched his Adam's apple bob up and down drinking quickly. after a minute she wiped and left without saying a word to her twin.

Brittany walked in and sat down, taking a swing of some rum and a puff of a joint as Sarah asked her curiously

"so .. how is it? using him as a toilet?" the girls all waited on her response as Brittany sat there smiling and blushing

"honestly.. **AMAZING**... I use him as a dildo too, it makes me feel so powerful, having a mind blowing orgasm while I fart into his nose and he can't move. its unreal!" she said while leaning back and exhaling loudly as if she just had a mini orgasm. all the girls stared for a moment, green with jealousy.

"I really wish I could try" said Melanie trying to hint to Brittany

"yea me too" chimed in Celia

"maybe one day but not today" Brittany said disappointing the group.

an hour and a half later the girls were all ripping into the Thai/pizza feast they had ordered. Jimmy could smell how spicy the food was from all the way upstairs and his stomach rumbled loudly. all four girls stuffed themselves to the point where they couldn't eat another bite, then ate even more. Melanie sat up and held her stomach heading to the bathroom. as she opened the lid she noticed there was no water inside. she flushed it over and over but nothing happened, the toilet seemed like it wasn't even connected.

"HEY BRITTANY" Melanie yelled

Brittany came walking in, also holding her pregnant looking belly

"what?"

"your toilet... is it not working?" Melanie asked while flushing it over and over showing her

Brittany remembered the note and took it out skimming it over

hey darling

me and your father are at the cottage all weekend

the water is out, the plumper will be there at 3

pm on Saturday. don't have any guests over

love you

"oh shit" Brittany said while Melanie read the note and smiled

"does that mean I can use jimmy now?" she asked

Brittany thought about it for a moment, she didn't want to cause any issues with her new toilet, but also didn't want to inconvenience her best friends...

"i guess.... just go slow on him" Brittany said to Melanie, but by the time she said go slow she was already half way upstairs.

Brittany plopped down on the couch, trying to hide the look of worry on her face as she took a drink

Jimmy heard the steps creaked as he prepared himself for a feeding from Brittany, but almost jumped out of his stretcher when he saw Melanie walk in with a smile on her face. she had on a pair of tight black leggings that accentuated her curves. she took jimmy's stretcher and wheeled him into the bathroom before closing the door and turning on the fan. she turned around showing off her ass while pulling down her leggings.

Jimmy's heart raced as she dropped her panties and swung a leg over the stretcher. she sat on his chest, wiggling one cheek at a time as she inched backwards, slowly moving her thick heavy ass cheeks over his

nose and mouth. as his nose found its way between her cheeks he could feel the warmth and sweat on the insides of her cheeks. her ass is so thick it must not get a lot of air flow. he watched with anticipation as she pulled her ass cheeks apart and sat back! jimmy smelt the aroma as soon as she parted her cheeks, it was a potent and sweaty anal smell, like she hadn't wiped well. Jimmy gagged and choked a little under her as she laughed

he felt her anus bulge on his nose as a spicy burst of gas vibrated out from her tight hole, his eyes burned as the gas sprayed past his nose and up his face. she looked back over her shoulder while lifting up a bit to see jimmy crying and she laughed hysterically.

"god im jealous"

she slid forward and grunted, pushing a thick hard turd right into jimmy's throat. he could feel the thick mass sliding over his tongue as it quickly squirmed into his belly. as soon as the thick shit fell from her hole, a blast of gas puffed out jimmy's cheeks then filled his mouth with a wet soupy diarrhea. Melanie moaned feeling his head shake under her massive ass as she pushed and let out another wave of burning hot diarrhea. she could feel her pussy dripping as she watched his throat at work eating her waste.

she stayed sitting over jimmy's mouth, dripping into his throat as she fingered herself, jimmy was almost comatose. he couldn't see straight and felt like he was about to pass out. every time he swallowed it felt like his throat was tearing apart. Melanie screamed as she came, spraying cum over jimmy's shirt and chest as she got off his face slowly. as her anus peeled off jimmy's mouth it made a wet separating sound and Melanie laughed. she wiped her pussy, then held her cheeks apart when wiping, giving jimmy a prime view of her dirty winking asshole.

Melanie walked downstairs and sat on the couch with a huge smile on her face...

"what are you so happy about" asked Celia

"nothing... just... taking a shit in jimmy's mouth..." she said with a huge smirk

"WHAT REALLY" Celia yelled

"the waters out.. so we kinda have to use him for the night.." Brittany said while Sarah got a bit nervous... there was no way she was using her brother as a toilet, and she already felt her stomach starting to bubble.

"well then, i'm going to visit the ladies room," said Celia with a smile

"Celia, please. go slow, this isn't a joke, we actually need to pace ourselves" Brittany said trying to reassure herself it would be ok

"no problem" Celia said as she walked upstairs

Jimmy was breathing deeply and sick sounding as he tried to digest Melanie's massive load. he could feel her waste moving around in his stomach with every slight movement of his head. the stairs creaked and he heard someone walking up as he began to weep and cry...

the door opened as a medium height blonde girl came in. she was like a shorter thicker version of Brittany. Jimmy watched as she approached him with a sick smile, like she was about to do something horrible. Jimmy looked down, seeing her plump tits and tiny belly, her hips bulged out so far, she hadn't turned around but jimmy knew her ass would BE HUGE.

"my names Celia, it's nice to meet you jimmy, i would have loved to take my time, but unfortunately we don't have that opportunity today" she said while stripping and bending over in front of jimmy's face with her ass inches away. when she bent her ass bubbled out, it looked like two planets! a roaring vibrating fart released from her asshole, a wave of spicy fumes wafting over jimmy's face as he choked and turned green. Celia turned around and looked at him choking as she laughed.. that's just the beginning toilet boy

she was a bit short, so she had to put one thick thighs up over jimmy's neck, resting all her weight as she threw herself up on top of his face. when her ass landed on his head the stretcher rattled and shook like it was about to collapse. jimmy struggled for air as her fat ass sunk down onto his face sealing him in her sweaty swampy ass crack! why did all of Brittany's friends have to have such **FAT FUCKING ASSES**, jimmy yelled in his head

Celia adjusting her shaved pussy lips over jimmy's mouth as he stared up into the mounds of ass fat on his face, she started to piss, it was really diluted with alcohol and easy to drink, but her asshole stunk so bad! jimmy tried to hold his breath as he chugged her piss. he felt her anus tense up and he knew what was coming. she pushed her ass out a bit leaning forward and shooting a foul toxic fart into jimmy's nose. he dry heaved under her, choking on her urine and feeling it splash into his lungs. she wasted no time wiggling forward over his mouth, and letting loose a thick stream of mushy shit.

Jimmy choked, he literally couldn't take any more, there wasn't enough space in his stomach. Celia kept shitting, forcing the spicy Thai shit into his throat as the feces started to push out filling jimmy's lungs. Celia squeezed her thighs on the side of his head to stop him from shaking as she relaxed and let loose another wave of shit, it flowed out packing jimmy's body with feces. by the time Celia was finished jimmy was unconscious, she got off his face and gagged from seeing his open

mouth packed to the brim with her brown and yellow shit. she could see pieces of noodles in it and she almost threw up all over his face. she wiped quick and rushed out slamming the door and not bothering to resuscitate the disabled boy...

the last thing jimmy saw before it all went dark was Celia's big ass

he woke up in the dark bathroom , spluttering and choking, coughing shit out of his mouth. he sucked in a deep breathe and could feel Celia's wet feces burning his lungs. jimmy wept and cried in the dark. he thought, it was over... but he was so so wrong

Taking Care Of A vegetable. Ch6

Brittany, Melanie, Celia, and Sarah all sat around, drinking and chatting as they watched a chick flick on T.V. The movie paused as Celia pulled up a pic on her phone.

"SEE THAT GUY! RIGHT THERE, look," she said passing her phone around.

"He looks just like the guy I'm seeing! **He's SO FUCKING HOT!**" she bragged as the girls took turns checking out her new boyfriend.

"How is he with his tongue," asked Brittany at which the girls laughed.

"He's not bad, I'm still training him but he's got potential!" they all laughed a bit at Celia's joke as Sarah leaned to the side holding her stomach a bit.

Sarah had been suffering through a terrible stomach ache for the past hour. She was waiting and drinking some water, hoping it would pass but it seemed to be getting worse and worse. She would have been shy and embarrassed to even use Brittany's real bathroom, but with the washroom out of order, all that was available was Jimmy. There was no way she could use Brittany's twin brother for one of her loads. If something happened to him she would never forgive herself. Sarah decided to give it another 30 minutes and if it didn't get better she would just go home.

"Does he have any friends?" asked Brittany as Celia scrolled through some photos and showed her.

"OH MY GOD! INVITE THOSE GUYS OVER NOW!" Brittany yelled.

"We're gonna need to air the place out," Melanie said while leaning to the side and letting a loud airy fart loose. All the girls laughed as the spicy thai-fueled fart wafted through the room.

"OH MY GOD, THAT'S FOUL!"

"HAHAHA can you imagine how poor Jimmy feels?" she said while waving her hand behind her butt.

Sarah grabbed her stomach again as she felt a burning hot mass of shit pushing at her colon. She really didn't have long...

"He's coming by now, and he's bringing three friends!" Celia said as all the girls lit up with excitement.

"OH MY GOD!" Brittany got up and ran to her room to get some make-up and put on some clothes followed by Melanie who went running after her.

"BRI! DO YOU HAVE ANY EXTRA PADS?!" she said while chasing her into her bedroom.

Sarah felt her stomach rumble as she moaned in pain. That was the final straw, she had to go home, she had waited long enough. She got up and held her stomach.

"Hey Celia, I have a bad stomach ache. Tell Brittany and Melanie I had to take off and I'm really sorry."

"Are you sure?" Celia leaned in and whispered to her a bit.

"Just use Jimmy... It's ok, really...I did....," she smiled but Sarah blushed and walked towards the door.

"I could never do that...my shits are always so big...I would kill him....," she walked to the door and slipped on her shoes as a wave of pain hit her stomach. She had waited way too long and doubled over in pain, almost on her knees on the floor. Celia ran to her side and grabbed her arm!

"Are you ok?"

"I...I...I'm not going to make it home," Sarah cried a bit.

"It's ok, come on," Celia helped Sarah up and she practically had to run with her upstairs to the bathroom.

Jimmy was laying in the dark bathroom, every labored breath he took was excruciating painful. He could hear his sister and her friends running around as their feet pounded up and down the stairs and his heart raced. He prayed to God that they wouldn't come visit him again! He still had shit caked all on the inside of his mouth and nose and everytime he inhaled it was a horrible reminder of his previous meal's flavors and aromas.

A bedroom door slammed and Jimmy heard his sister yelling to one of her friends something about some make-up base. Please god, just let them forget about me for the night. Just as Jimmy thought the word 'night' the door burst open and the lights flicked on. Celia was there with another girl's arm draped over her shoulder. She was helping her walk as she clutched her stomach.

Jimmy got a quick look at Sarah and wanted to cry, her hips and ass were so wide and large, just like all of Brittany's other friends. She had dirty blonde hair that hung down over her shoulders and huge breasts. She had a slight tummy under her tank top and she was holding her stomach like she was in a lot of pain.

"It's ok Sarah, really. Mine was huge too, just enjoy it," Celia said as she smiled and closed the door.

Sarah groaned and held her stomach as she backed up to Jimmy's face. She pulled down her tight leggings and thong with her huge ass cheeks wobbling next to his face. Even from a slight distance he could smell the overwhelming aroma of her shit scented and sweat stained asshole. She tried to swing a leg over Jimmy's face but missed, hitting his face with her thick sweaty thighs as she groaned and leaned over, letting a sharp pre-shit fart blow past the right side of Jimmy's face.

PRRRFFTTTTT

Jimmy's eyes turned red and he started to sweat as the smell hit him! Sarah was fanning her nose from the smell of her own fart, it could peel the paint off of walls! It was truly horrid, burning hot, and somehow wet even though it was a gas. The air in the room became moist as she leaned over and let another blast loose across the side of Jimmy's face. He could feel his nose going numb from the intense smell.

Sarah put both her hands on his flail chest, and pushed down, lifting her self and throwing her huge ass onto his face with a groan. She almost lost it and shit all over him from just the jump. She had to clench her leaking asshole as she shimmied back slowly, finding the boy's mouth.

Shown at
Watchersweb.com

Jimmy watched in horror as the two sweaty globes inched back one at a time, slowly engulfing his face as her puckered asshole came down on his open mouth. As soon as her asshole was pressed to his lips, it spread wide, before letting loose. The soft shit exploded from her asshole so quickly, it was almost like magic. One second Jimmy's mouth was empty, and the next it was packed full to the limit!

Jimmy's eyes streamed tears down his face, he had never imagined tasting anything this foul in his entire life. It was truly indescribable in terms of heat and spiciness of her waste. Sweat dripped from her asscheeks and burned Jimmy's eyes as her waste leaked down his throat slowly, then forced itself further down as more was packed into his mouth! Her shit was full of undigested Thai, pieces of spring roll, and tiny bits of phad thai noodles.

Sarah let out a whimpered moan as she felt her asshole explode open again. She could feel a bit of shit on her cheek as she pressed back making a tight seal and forced more out. She cried and held her hands to her face, ashamed and horrified with what she was doing. She could feel the poor boy's face twitching under her huge cheeks as she let loose and forced his throat full of her shit.

Usually her shits were so foul, that the smell even made her sick sometimes and she could feel that this was a particularly bad one, but she couldn't smell a thing! When she realized that Jimmy was taking the full force of her shit it made her feel even more guilty. She could see his throat and adam's apple at work under her thighs and she imagined the shit going down, the thought of making her sick. She was about to get up

and wipe when she felt a rush of watery liquid waste move through her intestines.

"OH...NOO....," she said out loud.

Jimmy was starting to shake from ingesting so much poison. Her ass cheeks quivered and continued to drip sweat onto his face as she stayed seated and forced out more of her mushy waste. It seemed like it was never ending, like a soft serve ice cream machine that was broken and overflowing. She stopped for a moment, and Jimmy prayed that it was over, but it was just the beginning.

Sarah let out a whimpered moan as Brittany knocked on the door a bit concerned..

"Hey are you ok?" she asked sounding concerned, more so for her twin but not wanting to admit it.

"YEAH... just...a bit...rough here....," Sarah replied, a bit out of breath.

Jimmy felt her asshole tense up and then let loose once more as it filled his mouth with pure liquid shit. It was burning hot and he could taste the bits of food floating around! It was the most horrible thing you could possibly imagine! He took a huge gulp and choked as she filled his mouth again. Her shit dripped from his nose and into her asscrack as she gagged from the smell. Jimmy felt like her liquid waste was filling his whole body as she pushed down harder and let loose yet another wave!

Sarah was in tears, she felt so bad but she just couldn't stop. Every time she let loose a blast of her liquid shit, she felt even more coming and building up at the exit of her asshole. After a few minutes she could see Jimmy's tummy starting to bulge and she felt sick to her stomach

thinking about how much shit was inside of him. After what felt like 15 minutes, it came to a stop and she could finally get up. She could feel the boy under her twitching and shaking as his body tried to keep down her waste.

Sarah slipped off his face and immediately began to gag from the smell that escaped from his mouth. Jimmy's eyes were rolled into the back of his head and his mouth was a pool of liquid feces.

"OH NO... OH GOD!" Sarah yelled as she tilted Jimmy's head to the side and waste poured from his mouth and throat as she choked and gagged. Jimmy began to cough and breathe, very slow and labored, he sounded sick... Sarah quickly wiped her ass and struggled to pull up her pants as she ran from the bathroom, slamming the door behind her.

Jimmy laid there with his head to the side, liquid waste pouring from his mouth but he wasn't throwing up. There was so much filling him up it was just draining from his throat. He couldn't see straight and felt like the room was spinning. All he could smell and taste was her burning bitter feces as he eventually passed out.

2 hours later

Jimmy woke up in the dark of the bathroom, wheezing on Sarah's wet feces still soaking his mouth and dried to his face. He could hear the music playing and a bunch of guy's voices with the girls. The bass was shaking the bathroom floor a bit and the vibrations made him feel sick to his stomach.

Brittany was smiling and grinding her ass back on this cute guy's crotch, she could feel his hard dick poking through his jeans between her cheeks and she desperately wanted his nose there instead. She felt a

tiny fart coming and let loose, it was covered up by the sound of the music but the aroma hit her nose and she could smell how foul it was. She turned around and wrapped her thick arms around the guy's shoulders as she kissed his neck, burying his face into her hair to cover up the smell.

Sarah sat on the couch awkwardly as a guy chatting her up and she watched her three friends dance and grind on the other guys.

"You wanna dance?" he asked as he put a hand on her shoulder and she smiled.

"No thanks, I have a bit of a stomach ache, thanks though!" Sarah replied over the booming music.

The night progressed with more drinking and some drugs as couple started splitting off to go have alone time. Celia took her boyfriend to Jimmy's old bedroom and closed the door as Brittany brought her new guy friend into her bedroom. The guy who was flirting with Sarah took off and went home, he gave up trying with her so she sat alone on the couch awkwardly as Melanie made out with a guy only a few feet from her in the T.V. room.

She tried to look at her phone but couldn't help but stare as the guy grabbed melanie's ass and squeezed as she rubbed herself against his crotch while kissing. Melanie got up and took off her leggings then turned around and sat on the guy's face, facing Sarah and smiling at her while biting her lower lip. Sarah had never sat on a guy's face but had always wanted too, she was always too terrified she would suffocate the guy.

She watched in jealousy as her friend grinded on the guy's face, soaking his neck and mouth in her juices as she moaned. His face was practically gone, not even visible under her thick cheeks! All of the sudden, a wet splattering sound was heard as Melanie laughed and blushed holding her hands to her mouth. She was so drunk though, she didn't even care. The guy threw her off his face and gagged as he tried to yell.

"WHAT THE FUCK, YOU NASTY BITCH!"

"WHAT DID YOU SAY?!" Melanie yelled as she delivered a swift kick to his ball sac. He fell to the floor with his face beet red, still choking on her gas as she kned him in the face. He fell to the ground with a bloody nose and crawled out the front door on all fours. Sarah and Melanie were dying with laughter as they watched the guy crawl to his car and sped off down the road.

"THAT WAS HILARIOUS!" Sarah said while laughing so hard she almost pissed her pants.

"Yeah, it's just too bad I didn't get to cum."

"I have always wanted to try that, but I've been so nervous and self conscious I can never muster up the courage," Sarah said while blushing a bit.

Melanie's face lit up.

"I KNOW SOMEONE WHO CAN'T SAY NO."

Jimmy was laying in the dark when he heard two pairs of feet approaching the bathroom. The door slid open and the lights came on as both girls let out some gags from the smell.

"UGH...that's so gross...", Sarah said while plugging her nose.

"I have an idea," said Melanie as she turned on the shower. The shower head could be disconnected and used as a hand hold so she sprayed down Jimmy's body with freezing cold water.

Sarah came forward and ripped Jimmy's dirty clothes off, tearing it from his body like an animal and threw them to the floor as Melanie soaked

his face and hair in water, cleaning all the shit off. It felt like Jimmy was being waterboarded and the two curvy sexy girls attacked him. He was completely naked and shivering as they wheeled him out of the upstairs bathroom and easily carried him down to the main floor.

As they carried Jimmy down, he could hear his sister moaning as her bed's headboard pounded against the wall. Sarah and Melanie giggled to each other a bit from the sounds. They wheeled Jimmy into the downstairs T.V. room and stood over him, looking down at him like he was a piece of meat. Jimmy was terrified.

"Can I go first?" Sarah asked.

"Sure," Melanie replied with a smile as she plopped down on the couch.

Jimmy watched as Sarah circled him like a wounded animal. She was biting her lip and smiling as she took off her shirt and unhooked her bra. Her beautiful tits spilled out and jiggled back and forth as she bent down to remove her leggings and thong. Jimmy watched from the corner of his eye as she approached and swung a leg over him just like when she was shitting, but this was different, it was sexual, and it was a beautiful girl.

Jimmy watched as her thick juicy pussy came down, wiping over his nose and smothering him in her aroma. She slid down with her pussy over his mouth and her asshole over his nose and began to push down, grinding over his face and smearing him with her body back and forth. Jimmy used all his strength to push his tongue out a tiny bit. She felt it and moaned, squeezing his face with her legs!

Sarah was in heaven, she could feel her jiggy ass cheeks forming to the boy's face as she grinded, her juices soaking into his hair and going down his throat. She threw her head back and moaned loudly.

"OH MY GOD!" Melanie yelled.

"What?...oooo," Sarah said while looking down at Jimmy's dick. It was raging hard and sticking up.

"He's fucking hard!" Melanie said while laughing.

Sarah kept rocking on Jimmy's face, smearing him in her juices as Melanie took off her clothes and walked over. She hopped up onto the stretcher and slid Jimmy's dick into her pussy as she moaned loudly. The stretcher was creaking and bending under the weight of Jimmy and the two curvy women as they used him to get off.

Melanie bounced over and over, thrusting his dick into her as her ass pounded on his pelvis shaking the frame of the stretcher. Sarah was holding his chest and thrusting back and forth over his mouth and nose, screaming as she coated his face in her cum. She had already cum twice and was going for a third, feeling his little tongue slide in between her lips and tickle her clit.

Melanie lifted high and dropped onto Jimmy's dick and the stretcher gave out. A screw popped loose and the supports snapped as it fell to the floor. Both girls came down fast and hard, with Jimmy's body breaking their fall. Sarah came down and landed on Jimmy's face with a smack that sent his face hard up into her privates! She screamed and came into his mouth while lifting her legs and resting her full weight.

Melanie landed on Jimmy's dick and it thrust deep, hitting her g-spot as she screamed in pleasure so loudly the neighbors could probably hear! Both girls stayed seated, sweating and breathing deeply as they relaxed and caught their breath.

"That...was...**AMAZING!**" Sarah said as she stayed seated on Jimmy's face. He was buried underneath her ass fat. Melanie slid up popping Jimmy's dick out as she moaned and threw herself to the couch in an exhausted manner. Sarah got up slow, her ass peeling from Jimmy's face as he gasped for air. Sarah shakily got to her feet and fell to the couch, her ass was so sweaty.

Both girls passed out naked on the couches, leaving Jimmy on the floor covered in cum.

The next morning

Sarah woke up with the sun shining on her face through the window. She had never slept so well in her life. She stretched her arms above her head and groaned a bit, pointing her toes. She got up and saw Jimmy on the floor, his eyes closed, he looked so peaceful. She dreamed at night that he was hers, that she could use him 10 times a day, her personal dildo and sex slave. She reached down feeling her wet lips as she crawled over the carpet and straddled Jimmy's face.

Jimmy woke up staring at Sarah's ass cheeks. Her asshole settled to his nose and it had a strong potent aroma from being trapped between the fat of her ass all night. He felt her lips settle on his mouth as she flooded

him with a strong serving of morning urine. The pleasure of last night was gone as she sprayed the acidic piss down his throat and moaned, pressing down on his chest to support herself.

Sarah pissed for over 4 minutes, emptying her bladder completely as she rubbed herself a bit on Jimmy's mouth. She could feel his head shaking as his lungs burned probably screaming for air. Her pussy slowed and began to drip as she squeezed her legs and finished by filling his mouth with her cum.

Melanie woke up to see Sarah sleepily getting off of Jimmy's face. He gasped for breath and only got two lungfuls before Melanie plopped down and began to piss instantly.

"How did you sleep?" she asked Sarah.

"Amazingly. I need one of these for myself! It's a shame I don't have a brother for Brittany to run over, just my stupid sister."

They both laughed and Melanie let out a short fart into Jimmy's nose. He choked on her piss and the girls laughed a bit harder. By the time Melanie got off Jimmy's face, urine was practically dripping from the sides of his mouth. The two of them filled him to the limit!

Both girls then got dressed and went to go raid the fridge for breakfast.

Chad woke up, he was so drunk he didn't know what happened last night. He was in a girl's room though. He rolled over and saw Brittany laying with her back to him. He examined her curves and ass as she slept and she was stunning! *Fuck yeah*, he thought to himself, giving himself a internal high five. He peeked under the covers and checked out her fat ass, he couldn't wait to plow into it when he wasn't piss drunk.

He watched as Brittany shifted a bit, and he laid down on one arm, fixing his hair quick for when she wakes up. Brittany pushed her butt back into him, rubbing a bit in her sleep as a massive fart erupted from her cheeks. It was wet and splattered and he could feel it on his thigh.

PRRRFFTTTTTTTTTRFFFFTTTTTTTTTTTT

The sheets of her bed almost lifted from the pressure of her gas and Chad gagged, holding his mouth and trying not to breathe any more in. The aroma of rotten Thai food and broccoli filled the room as he grabbed his things and sprinted for the door. He almost passed out trying to get out as he dry heaved outside her bedroom door. He ran downstairs and saw the crippled boy on the stretcher, covered in cum...

"WHAT THE FUCK IS THIS PLACE!" he said out loud while running out the front door and to his car.

Melanie and Sarah watched and laughed as they ate some waffles, bacon, eggs and french toast.

Brittany woke up and stretched; she felt so good, she hadn't been laid in so long. She rolled over and was disappointed that the guy wasn't still there. She must have overslept, she would have to get that guy's number from Celia, she thought to herself. She got dressed in pajamas and headed to the bathroom, when she opened the door she was surprised, Jimmy wasn't there?! She grabbed a roll of toilet paper and headed out.

She peeked into Jimmy's room seeing Celia sleeping with her boyfriend before she walked downstairs. When she got to the living room she saw Jimmy, the stretcher was broken, and he was naked, and covered in cum and dried pussy juice. She was angry, and jealous. Jimmy was hers! She was upset, how could her friends use him like this and not ask her!

"Oh, good morning Bri," Sarah said while waving from the breakfast table.

"We cooked breakfast," Melanie said while biting into a waffle.

Brittany didn't respond. She simply gave them a look of superiority and sat down on Jimmy's face, instantly filling his mouth with Chad's cum and her burning morning urine. She looked like a queen sitting on her throne as she pushed down on Jimmy's chest and moaned, pushing out

her piss as hard as she could. He was practically shaking under her. Both of them watched their friend, a bit nervous from her attitude.

Brittany slid forward and spread her cheeks, letting her hole rest on her brother's mouth as she let loose a foul and loud fart. It was wet and echoed into his throat!

PRRRBT PRRSSBTTT PRRFFFBRRTT

Melanie and Sarah both sat up staring as Brittany let out her morning shit. Jimmy could do nothing but watch as she settled down and filled his mouth with her gas! He could taste the broccoli and Thai food in her methane fueled farts and it burned his insides. A thick soft turd coiled out, it was steaming but the seal was so tight on Jimmy's mouth that none of the girls had to experience it.

The mushy shit filled Jimmy's mouth and puffed out his cheeks as he begged for death! The shit forced its way into his throat as she grunted and pushed more. Sarah and Melanie could hear the soft crackling of her shit as it forced its way into Jimmy's body. Both of them would have gagged if they weren't so jealous...

Jimmy's body was shaking as Brittany wiped her ass and stood up, cramming the dirty paper into his mouth and pulling up her pants. She walked to the kitchen and looked to her two friends.

"JIMMY...is MY TOILET! If YOU want to use him, you ask MY PERMISSION!... UNDERSTOOD?!"

"We're so sorry Brittany. We didn't know," Sarah said apologetically.

"Really. We thought it would be ok," Melanie added, trying to calm her down.

Brittany washed her hands in the kitchen sink and then got a drink of orange juice and took a deep breath.

"I'm sorry...it's just...that fucking guy left and ghosted me this morning after we fucked. I didn't mean to take it out on you two," Brittany said as she sat down and relaxed a bit.

"WHAT A DICK!"

"Haha yeah, we saw him sprint out gagging."

"Gagging?" Brittany asked as she started to laugh.

"I probably laid a bad fart into him this morning! **HAHAHA**, I was going to get his number from Celia but i think that is a no go."

All the girls laughed as they ate and filled their bellies with fresh food, fruit, coffee and juice.

An hour later Celia's boyfriend left and all the girls were getting ready to head out to the beach for the day. Before leaving Brittany dressed Jimmy and cleaned him up a bit. Just as they were about to head out, the plumber arrived, just on time. He was a young guy and looked overworked. Brittany showed him to the septic tank and around the main washroom where the issue was with the pipes, like her father had instructed her too. The girls all left hopping into Brittany's car as the plumber watched their asses jiggle and wobble, his jaw hanging open. He tried to make a mental note to fill for his spank bank later.

Jimmy rested the entire day as the plumber worked around the house, he was thankful to be alone and away from Brittany and her horrible friends. He watched from the corner of his eye as the plumber walked around, moving back and forth between the septic tank and the bathroom. A couple times the guy came over and said hello to Jimmy, trying to wave, but finally realized he was handicapped. After he was done with his work, he came over and knelt beside Jimmy's broken stretcher.

"Hey bud, can I bring you anything? You wanna drink or something?" Jimmy blinked over and over.

The guy went to the kitchen and got a can of orange soda, he stuck a straw inside and brought it back, letting Jimmy drink slowly as he held it up.

"Geez, what happened to you man?"

The plumber waited a few minutes for the home owners to return so he could get paid and he wandered around the house. He snuck up stairs and went into Brittany's room, still picturing her incredible ass in those tights. He found her laundry hamper and dug around, finding a moist pink thong near the top; it still felt warm.

He lifted the silky garment to his nose and got a strong scent of pure shit, his legs wobbled as he went weak and fell to the floor. He took out his dick and started jerking off while sniffing the beautiful girls panties, he could taste the salty and bitter flavors of her pussy as he rubbed the panties over his nose. He heard a car pull into the driveway as he stuffed the panties into his pocket and headed downstairs.

He got his money from Jimmy's dad and took off quickly, desperate to get home and enjoy his tip.

Jimmy's dad came over and inspected the broken stretcher. He put it up into its wheelchair form and brought Jimmy outside.

"We have to get you to the hospital, we're late for your check up son!"

It was a Saturday morning, and usually Rebecca would be in a horrible mood, having to work on the weekend, but today she was a bit excited. It had been 2 weeks since she released the young boy who became a toilet and she had been thinking about it ever since. At first the idea disgusted her, she looked at Brittany with disgust and wondered how a

girl could do something so horrible to her brother, but over the past two weeks she had begun to wonder what it was like. How Brittany must feel; it must be exhilarating, using a human as a toilet.

Today she would get to find out, up close and personal...so she made sure to eat well the night before. She had gone out to the new Mexican place down the street with another female doctor. She loaded up on nachos, quesadillas and a huge burrito, plus all those margaritas! When she got home she could have destroyed her toilet, but she held it in and fell asleep, the waste over-cooking in her colon as she prepared for Jimmy.

An hour later Jimmy was back at the hospital where he first woke up, his father was waiting outside as Jimmy laid alone in a clean white hospital room. A guy came in and fixed up Jimmy's stretcher adjusting the frames and bolts a bit before leaving. Finally, the door opened and the redheaded doctor came in...

"Hello Jimmy, my name's Rebecca. We met when you first woke up here. How are you feeling today?" she asked, walking in and throwing her red hair over her shoulder.

Jimmy blushed a bit, she was gorgeous. He blinked a bit trying to motion to her.

"Now Jimmy, blink once if you can hear me."

Jimmy blinked as she sat down next to him on the stretcher.

"Okay good. Now I'm going to ask you a bunch of yes and no questions, blink once for yes, and two for no, do you understand?"

Jimmy blinked once.

"Okay good, now how has your stomach been feeling lately, have you been experiencing pain?"

Jimmy blinked once very slow to make sure she saw.

"Ohhh, I'm so sorry Jimmy," she said stroking his head a bit.

"When you were here last, your taste buds and sense of smell were gone, are they still not functioning?"

JIMMY BLINKED TWICE.

"OH MY... you...you can taste and smell everything?"

Jimmy blinked once and felt a tear roll down his cheek. It was finally over.

"That must be terrible... I almost feel bad doing this now, but then again, who are you going to tell right? I'm your primary physician from now on," she said while smiling and lifted her white doctors jacket. She dropped

her scrubs and slowly slipped out of her Lacey red thong as Jimmy tried to thrash or move! He blinked over and over as the doctor laughed and swung one of her thin toned legs over his body.

"I had a **HUGE** meal last night, and I saved it just for you. Aren't I sweet?" she said while backing up her ass to his face. She slid her asshole over his nose, and slowly began to let loose a slow stream of urine. She quivered watching him drink and leaned back, sealing his nose in her tiny bum.

PPP FFF SSSSSSSSSSS

A hissing fart rolled from her ass cheeks and into his nose as he choked a little, her pussy dribbling some cum out with her urine as she pressed down and moaned, holding a hand over her mouth so that no one would hear. She slid forward, sitting back hard, and let his jaw sink down under her weight. This was going to be big, and she didn't want to make a mess.

Jimmy felt a pressure bulge out as a massive hard turd pushed down into his throat, it scraped his esophagus and felt like his insides were bleeding as the doctor moaned in relief. Her shit was monster sized. The turd broke off with a puff of rancid gas and sank into his belly. Her stomach rumbled and she pushed back, filling Jimmy's mouth with a torrent of mushy wet diarrhea, she could feel it burning her asshole and could only imagine how horrible it must be for the poor boy but she didn't relent.

She pushed and leaned her head back, her red hair cascading behind her as she moaned, feeling the waste leave her body. She hadn't even touched her pussy yet but she came, spraying cum and juices down

Jimmy's chest soaking his clothing. Her asshole pulsed and flooded Jimmy's mouth as his stomach was pumped full of her waste! He cried and tried to scream but no sound came out!

KNOCK KNOCK

"Everything okay in there?" Albert asked from the other side of the door.

"YES, JUST A FEW MINUTES AND WE WILL BE DONE. JIMMY'S GOT HIS NOSE BURIED IN SOME SERIOUS TESTS," Rebecca yelled back laughing from her own joke.

She got off Jimmy's face and wiped her ass, disposing of the paper in the trash and wiped Jimmy's face. She stripped his dirty clothes and dressed him in a hospital gown, spraying some febreze around the room. She opened the door and looked over to Jimmy's father, Albert.

"Come in."

Jimmy's father sat and Rebecca went over some tests and showed some charts.

"Your son has been progressing greatly. His vitals are fine, and he still can't taste or smell the waste he is ingesting which is fantastic. If you don't mind, I'd like to see Jimmy again next week, on Saturday again. This time though, I'd need him for the entire day, some of the other nurses and doctors want to run some tests as well. Could you drop him off at say 7am and pick him up around 9pm?"

"Yes of course doctor, thank you so much for helping and being so accommodating."

"OOOOH you're so sweet...", she leaned down and pinched Jimmy's cheek.

"And plus, I wanna make sure this little guy is well taken care of," she gave him a horrible smile as she turned and walked down the hall, feeling great from her recent bowel movement. Albert took Jimmy's wheelchair and pushed him out to the car. Every time the chair rattled or bumped he could feel the doctor's waste sloshing around.

Meanwhile...

Brittany was waiting in her car with Melanie while Celia and Sarah were chatting up some guys! they opened the trunk to throw their bags in, full of all the clothes and jewelry they had purchased.

"Hey Bri, we should bring Jimmy to the club tonight with us!"

"What? Why?"

"Because then we wouldn't need to use the dirty ass club toilets covered in piss!"

They both laughed.

"AND WE COULD GET HANDICAPPED PARKING!" Brittany laughed as she realized this and high fived Melanie.

"Shit. If all four of us go though we won't have room in the car...", Brittany said looking at the tiny convertible. Their thighs and asses were already touching, there was no way Jimmy would fit anywhere.

"We will figure something out, I'm sure," said Melanie with a smile...

Taking Care Of A Vegetable. Ch7

“Are you sure this is a good idea, darling? Jimmy is still recovering... im not sure about him spending the night out with Brittany and her friends, you know how wild those girls can get!

“She's been having a rough time lately adjusting to what happened, she feels guilty can't you tell?”

“I guess I didn't notice, she seems normal to me”

“You don't have a woman's intuition” Nina said while putting her hand on her husbands back

“I'm going to go upstairs and see how she's doing” Albert said before kissing his wife and heading upstairs.

He walked down the hallway and while approaching his daughters room could hear music blaring. He knocked on the door gently and called her name but she didn't answer. He knocked again and called louder..

“BRITTANY?”

She didn't answer... he pushed open the door slowly and called his daughters name once again before stopping dead in his tracks, like he had come upon a horror scene. Brittany sat with her back to her father, staring intently at her mirror as she applied her makeup and got ready to go out with her friends. She was wearing a beautiful pink blouse that exposed her huge tits, but that wasn't what shocked Albert.

Brittany was nude from the waist down, and she was sitting on her brothers upturned face. Her massive globe like ass cheeks were dripping

with sweat and smothered his tiny immobile head. The top of his forehead was barely visible and looked purple like he was suffocating! Albert was about to yell out **BRITTANY**... but before he could, she leaned up on one cheek, spreading her ass to the side with one hand as a rancid wet fart blew out across his sons face.

PPRLT PFFFFRRTT PRLLT BRRRAP

It was a wet sputtering assault of a noise that echoed throughout the pink plush bedroom. The gas had no right coming from the bottom of such a beautiful girl, it sounded more like it would fit a obese male trucker. The noxious aroma wafted across the bedroom as Albert watched in horror, he swore he could see his son moving and struggling under her. She settled back down, letting go of her cheek and letting it slap jimmy's face as she returned to her make up.

Albert backed out of the room choking and gagging, it smelled like rotten onions and cabbage! His eyes watered as he walked down the hall and leaned on the banister of the stairs for support, trying to calm his lungs and take in as much oxygen as he could.

He turned around to see Brittany walking into the hallway and down into their bedroom. Her thick naked ass jiggling and smacking each other as she moved.

“MOM... CAN I BORROW THOSE CUTE EARRINGS?” she yelled

Albert quickly walked to her bedroom, holding his breath as he entered and walked to her makeup table. Even though he was holding his breath he could still feel the heat and thickness in the air from her gas. He approached his son and looked down at his poor face. His head was almost indented and his face was a bright red! His eyes were dark and swollen and he had a thick smudge of brown on his nose!

Albert took a quick breath and almost threw up all over his sons face! The room smelt like a toilet that had just been filled with fresh steaming shit. He held his breath and grabbed a Kleenex, wiping jimmy's nose quick as he heard Brittany coming back. He quickly rushed out of her

room and down the stairs, gasping for a mouthful of air as soon as he was free.

Out of breathe he turned around to watch his daughter wander back into her room and slammed the door behind her... maybe they made the wrong choice.. Keeping him alive...

3 HOURS LATER

Melanie sat in her bedroom, putting on some lipstick when her phone buzzed, it was Brittany...

“Downstairs! Come see Jimmy lol”

Melanie put one more layer of lipstick then slipped on her heels and made her way downstairs. She was still a bit jealous of Brittany’s car and her new toilet but tried to not let it show! She had on a tight black dress that hugged her curves and really made her ass pop! Brittany honked the horn and wooed a bit!

“Wooo shake it girl!” Brittany yelled as Melanie danced a bit in front of the car’s headlights

Melanie jumped in and put on her seat belt! She looked in the back and saw Jimmy laying across the seat, he fit perfectly across the seat with his new crippled size.

“He looks comfy!”

“HAHAH not for long” Brittany laughed..

She accelerated the car and then slammed the breaks making jimmy fly forward and roll onto the floor on his face! Both girls laughed hysterically almost crashing the car. Melanie reached back and easily threw jimmy back onto the seat without any care.

They pulled up to Celia’s house and she came walking out in a super tight dress that was dark blue and had a bit of purple, she dropped her keys and stopped to bend over and grab them, her huge ass and cheeks popped out as she bent over and Brittany flashed the headlights on her and honked!

She quickly got up and turned around giving them the finger as she approached the car. It was a 2 door convertible and Brittany and Melanie didn’t wanna get up to let her in!

“Just jump over”

Celia moaned and threw a leg up into the car and then plopped down hard on the seat! A large whooshing sound came from jimmy as her massive ass came down on his chest, compressing all the air out of his body, followed by a horrifying sounding crack as she sunk down into his chest! Brittany and Melanie both laughed as Celia smacked them, still sitting on jimmy!

“Bitches! Why didn't you tell me he was back here!”

“We thought it would be better if it was a surprise!” Melanie laughed

Celia slid over off his chest and down onto his legs, she bumped up and down a few times mashing her ass down on his legs and crushing them into the car seat while she got comfortable.

“Why are you bringing your crippled brother with us? Did your parents force you too ugh, gross” Celia asked

“No we brought him so we wouldn't have to use the club toilets and get STD's” Melanie laughed

“**OH MY GOD.. THAT'S SO SMART**” Celia yelled as she leaned down and pinched jimmy's cheeks

“Are you ready to drink with us tonight little guy” she said as she shook his head back and forth a bit.

The car pulled up at Sarah's place as she came walking out with another girl, she looked just like Sarah, 5'6, long blonde hair, tiny waist and explosive hips and ass! They both were wearing super tight black mini dresses that barely covered their huge asses!

“**HEY** this is my cousin Taylor, she in for the weekend, shes gonna come with us! Sarah said excitedly.

They both ran to the back of the car in their heels and Sarah's eyes lit up when she saw jimmy laying across the seat, he was wearing a button up shirt and looked so cute!

“**AHHHHH YOU BROUGHT THE TOILET!!!, TAYLOR THIS IS THE GUY I WAS TELLING YOU ABOUT**” she screamed

Taylor looked down in amazement as the girls invited her to climb in. She lifted her thick leg up and stepped beside Jimmy's face. Sarah helped her step up and as she stood on the seat and tried to lower herself slowly, holding the front seats with her hands for support. Taylor looked back, moving carefully as Celia smacked her hands from the front seats causing her to fall back heavily!

Jimmy watched in horror as her massive ass came down like an asteroid! She collided with his chest just like Celia but way worse! He felt like all his intestines had been mashed and moved as she crushed his body into the car seat.

“WHAT THE HELL” she yelled looking down at Jimmy a bit worried but before she could check Sarah came hopping over the door into the car. Her dress rose up a bit as her massive ass came down on to Jimmy's upturned face, her ass smacked his face and the skin on skin contact made a wet slapping sound! All the girls except for Taylor laughed

“LETS GO” yelled Melanie as all the girls cheered a bit, except for Taylor who was still worried and trying to not sit so heavily. She looked over at her cousin’s ass and thighs, completely covering the poor boys face, and she could feel his weak chest struggling for breath under her, lifting her a tiny bit with each inhale and exhale.

Jimmy couldn’t breathe, he was able to suck in only a tiny bit of air, just enough to survive but keep his heart beat racing in terror. His face was smothered under Sarah’s fat ass as he sniffed in and out, praying for her to stay and not sit a bit harder, even a tiny bit more pressure and he could die! The air he sniffed from between her ass cheeks was rancid and sweaty beyond belief. The smell deep in the crevasse deep between her cheeks got no air so no matter how well she cleaned the smell remained.

“Can we stop at the convenience store! I wanna grab a chaser real quick for this rum!” Melanie asked as Brittany pulled over and into the parking lot.

She drove up to the store and accelerated as she hit a speed bump hard, causing all the girls in the back to fly up a tiny bit and come crashing down! Jimmy made a horrifying sound as Taylor’s ass crashed down onto his chest and Sarah’s ass smothered his face. A wet squirting sound came out from under Sarah’s ass as jimmy exhaled all the oxygen from his body between her cheeks! All the girls laughed except for Taylor who was horrified!

Melanie and Celia jumped out and headed into the store as Taylor immediately slid over, trying to give jimmy some sort of respite. As soon

as she sat on his legs she watched his chest started to rise and fall frantically as he inhaled under her cousin's ass.

"Are you sure you should be sitting on his face like that?" she asked Sarah

"Haha yea!he loves it... watch" Sarah leaned forward a bit spreading her cheeks and pushing as a short wet splatter came out from under her

SPLLRRT

Brittany and Sarah started to laugh as Taylor watched in shock and amazement...

"I just.... I.... how can you treat him like that???" she asked

"It's easy... really... try" Sarah said while lifting up.

Taylor watched as he gasped for air and sucked in oxygen, looking up at her with pleading eyes, she wanted to sit but didn't want to admit it...

"I can't..."

"Alright your loss" Sarah said before plopping back down, his nose and face disappeared under her cheeks as Taylor blushed watching. Melanie came and got back in as Celia climbed over and sat hard on jimmy's chest!

"Alright let's go!"

1 HOUR LATER

Brittany pulled up and parked in a handicapped space right by the front near the club. Her and Melanie hopped out and moved the seats forward for the rest of the girls to climb out. Taylor quickly got off Jimmy's legs and stood as Celia bounced over, smacking jimmy;s body and standing slow. All the girls waited as Sarah as on Jimmy's face checking her phone..

“COME ON”

“Aright, i'm coming,” she said as she got up, her thick cheeks peeling from jimmy's red face. His nose was brown and the girls all laughed and made grossed out noises!

“Oh my god... Sarah.... “ Taylor cried

“Haha oops” she said sarcastically”

Jimmy wheezed for air as he watched the thick cheeks raise from his face. The cold air from the night washed over him as he sucked in a big mouth of oxygen. He tried not to breathe through his nose from the sharp pungent shit aroma. Brittany came over and wiped his nose with a Kleenex roughly before taking out his wheelchair from her trunk and plopping it down rough. She lifted him easily and dropped him in the chair, he only weighed about 60 pounds and was like a skeleton.

“Aww be careful... you'll hurt him!” Taylor cried

Brittany was already a bit tipsy and laughed

“Don't tell me how to treat my toilet!” they all laughed as she pushed Jimmy up to the front of the club.

The bouncer watches as the 5 goddess like girls came walking up to the front door, ignoring the huge line, they were pushing a wheelchair with a small frail boy in it

“What is this... the make a wish foundation or something?” he asked confused

“Something like that” Melanie said with a smile as the bouncer blushed a bit, the girls were gorgeous. He moved aside and let them in as the whole line of people waiting yelled and booed.

Jimmy sat in a trance as he was pushed down the dark dim lit hallway. It was a dark and had a red light illuminating the hall, girls and guys came out from the sides of tiny adjoining hallways, dropping off their coats and belongings at a coat check. He could hear music pounding dimly as Brittany pushed him closer and closer to a set of double swinging doors. As soon as the doors opened he was hit by a wave of heat and blasting music!

He looked around through the strobe lights at the thick crowd of sweaty guys and girls dancing and grinding. His ears and head was pounding, he never came to places like this ever... Brittany quickly wheeled jimmy over and left him near a few couches as she took off to the bar with the girls.

Brittany and her friends pushed through the crowds and got to the bar where they were quickly served by 2 male bartenders who ignored a lot of other guests. He slid the drinks over to Brittany and smiled to her..

“\$35.50” he said politely

“We’re gonna start a tab” Brittany said while sipping her drink

“Great, do you have the card” the bartender reached out as the girls smiled and laughed

“The tabs on you silly! I hope you make a lot of tips tonight” she smiled and walked away to hit the dance floor followed by the other girls

Taylor leaned over to Sarah and cupped her ear to talk over the music!

“Do they always treat guys like this?” she asked!

“Hehe of course, you could learn a thing or two!”

All of the girls danced for an hour or so, constantly pushing away ugly guys who tried to approach them and touch them while dancing. Going out was as much work as it was fun for the girls because fighting off the desperate guys was a never ending task.

A very sweaty guy came up and started dancing, grinding on Melanie’s ass as her friends looked over in disgust, letting her know the guy was a creep without her even turning around. Melanie smiled to her friends and grunted, squinting her face as the guy slowly stopped and sniffed the air, a look of horrible revulsion came over him as he held his mouth trying not to puke and pushing his way through the crowd! They all laughed as Brittany realized she had to take a leak!

Brittany grabbed Melanie's arm and headed to the bathroom, drunk and stumbling a bit when Melanie stopped her!

“HEY.. WE BROUGHT YOUR TOILET, REMEMBER... LETS GO FIND HIM”

Jimmy sat alone, squinting his eyes from the blinding strobe lights as crowds of people danced in front of him. Suddenly he saw Brittany and Melanie stumbling through the crowd and heading for him. They came upon him like animals, grabbing his chair and smiling as they pushed him to the corner near some couches. A few girls sat on the couch but nether Brittany or Melanie cared.

Brittany dropped jimmy's chair down into the stretcher form and straddled his face, lifting her dress for a moment and letting it fall as far as it could, her cheeks were barely covered. Jimmy watched as Brittany's fat bum came down, her cheeks were covered in sweat and very damp. Instantly she flooded his mouth with her urine, it was strong at first but diluted as she continued, tasting more and more like alcohol. Melanie danced beside her holding her pussy and urging her to hurry as the girls on the couch watched in awe.

Brittany got up and straightened her dress as jimmy choked and coughed, spitting a bit of urine up but Melanie quickly got up and straddled him. She let out a wet fart but under the music no one could hear! Jimmy felt a meaty fart filled his lungs as he choked, but his mouth filled with piss right away, it was horribly strong but just like Brittany eventually started to taste like alcohol by the end.

Melanie got up and walked away with Brittany, leaving jimmy laying on his back and choking as he caught his breath. The girls on the couch watching them walk away and were silent throughout the entire scene..

“Wow.... well that was wild” one of the girls said

“Convenient no?” another joked as they laughed

Jimmy stared up at the roof catching his breath as a thin beautiful girl appeared over him looking down. She smiled at him for a moment and inspected him as he stared up at her motionlessly. She looked around and behind her saying something to her friends but jimmy couldn't hear. She straddled him and lifted her dress, her tight butt coming down onto his face.

Her bum was so small that his nose pushed right up against her asshole, it was extremely tight and smelled like she had been holding in a shit, every time she flexed her anus a little puff of deep pungent post shit aroma wafted out. Her pussy rubbed over jimmy's mouth and gushed open, filling his mouth with hot acidic urine, it burned his mouth and throat and was way worse then Brittany and Melanie's.

He choked and gagged feeling her piss wash down and burned his throat, mixing in his stomach with the rest of the urine. The girl got up and walked away and immediately was replaced by another girl. She had brown hair and a black dress, she sat quick and pressed on jimmy's chest, filling his mouth with urine as she moaned. He felt her small thighs squeezing his face as he choked and gagged! Her pussy tasted so gross

and fishy! She finished peeing and something sticky leaked into his mouth draining down with the rest of her waste.

The process was repeated 4 more times until all the girls had gone, jimmy was bloated and wheezing, every breath was watery.

Before he could recover two girls walked over and started speaking to the 4 girls who just used him as a toilet!

“Hey can we use him real quick?” one of the girls asked!

“Haha umm sure he’s not ours, we just saw some other girls going”

“Oh great!, the line is soooooo long for the bathroom”

Jimmy watched as a cute girl in tight blue jeans with a big bum came over and stripped beside him, taking off her pants and thong and

hopping onto his face. Her cheeks wobbled and smacked his nose as a shitty aroma filled his senses, her ass was so sweaty too! The little beads of sweat burned his eyes!

She spread her tiny bubble bum and slid back pushing his nose up against her sphincter and exploded filling his mouth with urine! Some dribbled from the corners of his mouth as her friend laughed!

“Your spilling!”

“Hahah sorry... I **REALLY** had to go”

Jimmy was choking as she filled his throat with very diluted urine but there was so much and he was so full! This girl was so fucking tiny where did she hold all this piss, jimmy thought to himself. She leaned forward and pressed on his bloated belly as she relaxed and started to drip. Jimmy was dying for air but she slid forward, keeping his mouth open under her butt. He sucked in a big breathe through his nose before she filled his mouth with hot sticky shit!

The logs were thin and soft but packed his mouth full! It wasn't wet enough to swallow without chewing. He felt the girl tense up as she pushed and forced the packed feces into his throat!

“Oh my god... are you taking a shit???”

The girl in the blue jeans sitting on jimmy's face blushed and laughed!

“It's a toilet is it not?” she smiled

“That's sooo fucked” her friend took out her cell phone and started to record as her friend grunted and made faces to the camera while fanning her nose. A bunch of people were watching now and a small crowd was starting to develop around the couches.

The small girl got up and wiped her ass with some wet wipes from her purse, jimmy's mouth was packed with feces. He used his tongue to try breaking it down and pulled pieces down while choking. The girl leaned over him and wiped his face with a wet wipe as he was eating and called out

“**NEXT**” while laughing

Everyone cheered as her friend hopped up and started to piss forcefully into jimmy's mouth. Her piss broke up the shit and forced it down his throat as his body shook and convulsed a bit. Her urine as not diluted and burned his insides, mixing with the shit and forming a horrible broth in his stomach. As soon as the girl was finished, another girl walked up and sat down, jimmy watched in horror as her ass approached his face.

Brittany and Melanie were at the bar grabbing another drink while Sarah and Taylor headed to the bathrooms.

“Taylor, can we not just go use jimmy... look at this line! Your going to piss your pants!”

“I can't... it's too mean...”

“Brittany uses him for number two's” Sarah said with a smile as Taylor's jaw dropped...

“Really???”

“Haha yup”

“Well... then i guess i could try... it's just some pee right?”

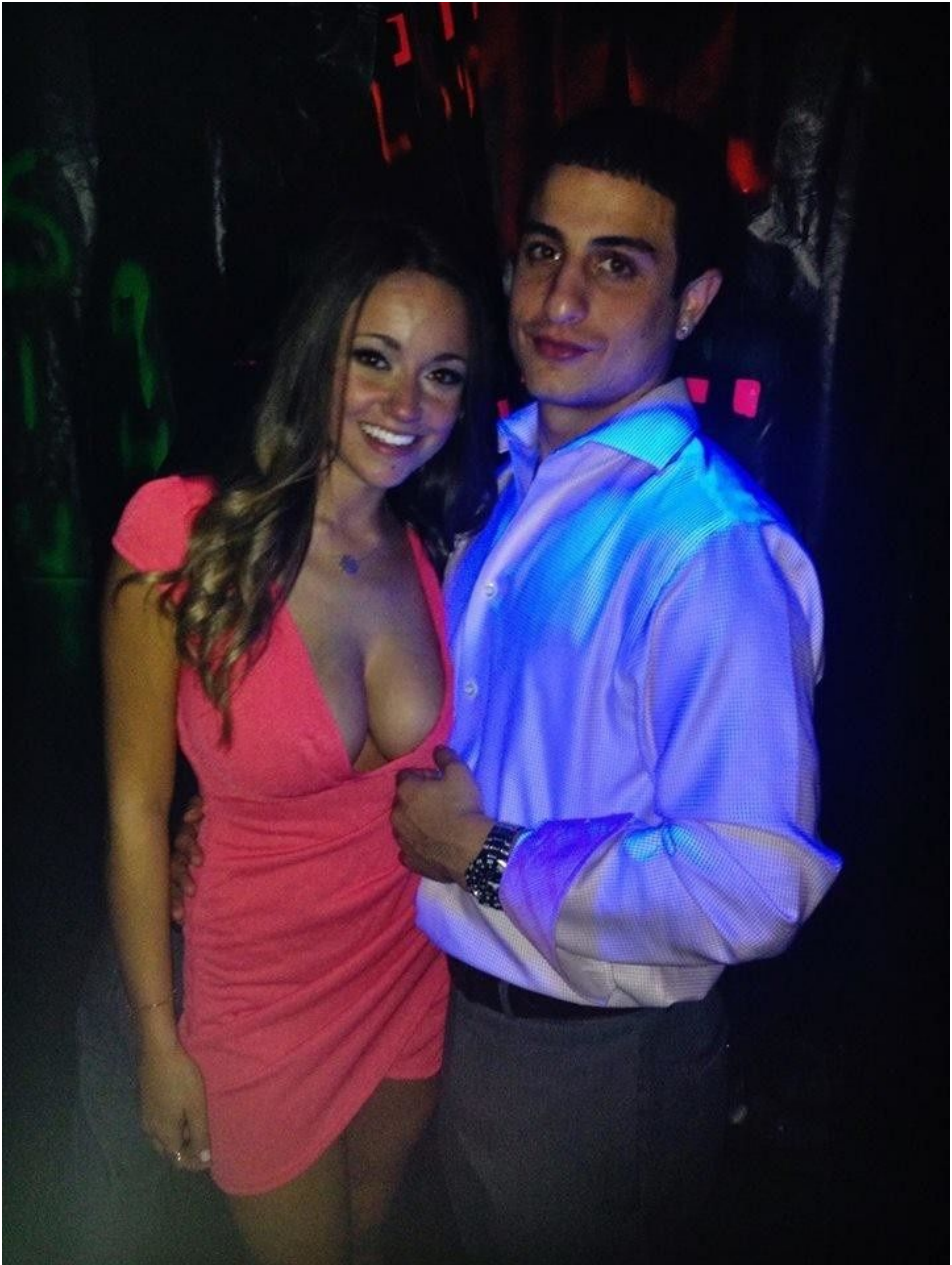

The left the line and made their way towards the couches looking for jimmy.

Jimmy had lost count of how many women had used him, he stared up at the ceiling in a daze as a large guy approached him.

“BABE.. COMON”

“I can’t” a girl walked up, she was beautiful and wearing a tight pink dress, she looked like a supermodel and was covered in sweat.

“BABE IM NOT WAITING IN LINE WITH YOU FOR THAT BATHROOM, COMON” he yelled over the music as she blushed

The girl walked over and lifted her dress as her boyfriend lifted her up and placed her on jimmy's pleading face, jimmy watched as her tight

sweaty butt came down, hard, the guy didn't really care for him at all. The girl dropped her legs, straddling his face as she started to relax and piss.

Her urine was horribly strong and jimmy seized up, trying not to choke and cough the rancid piss out his nose. The guy stood blocking the view from the crowd as his girlfriend closed her eyes and moaned, letting loose into jimmy's throat like a urinal. Jimmy could feel her urine starting to back up in his throat with no more room in his body. She slowed down to a stop and scooted forward a bit, instantly filling jimmy's mouth with a hot soupy diarrhea. Some of it sprayed out the side of jimmy's mouth painting the boyfriend's shit in shit as he gagged and ran away. The crowd cheered and went wild!

The beautiful girl kept her eyes closed and pressed down, filling his mouth and forcing her shit into his body as she emptied her insides, clearly very relieved from the pain of holding in the poisonous crap. Jimmy's body was shaking as she got up and straightened her dress without wiping her dirty ass. The crowd was cheering like crazy and freaking out as Sarah and Taylor pushed their way through to see what was going on...

Jimmy could taste the bits of fish and sushi in the model's diarrhea and his entire throat was coated in her shit. he choked and gagged but nobody cared, they were way to get drunk.

"Oh my god..... "Sarah said...

"Im going to go get Brittany" Sarah said before running to the bar

Taylor watched as a curvy girl with a very plump ass jumped onto jimmy and started to piss down his throat, her ass jiggled on his face as she

grunted and fanned her nose making the crowd goes wild with laughter. She closed her eyes and let her legs hang from the stretcher as she put her full weight on jimmy and released all her urine. Taylor could see jimmy's legs kicking a bit as his entire body vibrated and shook.

The girl got up and some urine dribbled from Jimmy's mouth. His eyes were rolled into the back of his head and he looked like he was in horrible pain. The crowd cheered for someone else to go pee but no girls stepped up. Taylor reached down holding her pussy and feeling herself about to burst. She walked forward, blushing as the entire crowd cheered for her!

She swung a leg over the stretcher and settled down, moaning a bit when she felt his face smooch into her thick ass cheeks. She had been sweating really heavily when dancing and knew her ass was pretty swampy, feeling his nose dig into the moist shitty crevice made her

pussy drip a tiny bit. She closed her eyes and relaxed a bit, trying to ignore the crowd.

Jimmy couldn't see straight, but recognized Brittany's friend... thank god.. I'm saved.. He thought... but she swung a leg over and sat down, his nose slipped between her gross ass cheeks as he snorted in a whiff of her anus. It felt so slimy like it was covered in lotion as she smeared on his face. She let a gross wet fart out as she began to piss, filling his throat and mouth with her dull, alcohol tasting piss.

Cum rushed out from her pussy as she pissed, feeling his little body tremble under her, she threw her head back, screaming and cumming again hard as she forced out her piss. A bunch of cameras flashed as people took pictures of her moaning under the strobe lights. She felt jimmy stop trembling and slid forward, relaxing and filling his mouth with a thick log of her shit, it was a bit hard and pushed into his mouth like a sausage in one big piece.

Jimmy could feel everything but was powerless to move, he could feel the monster turd inching into his body as the crowd cheered her on, encouraging the abuse as he felt his life slipping away. Taylor got up and he felt the turd slip into the massive storage of waste in his stomach. He gasped for air and choked on the rancid shit as people laughed!

Some drunk blonde girl came over and hopped up, sitting half on jimmy's face and letting out a savage fart as the crowd laughed. Jimmy watched as the girls cheeks came flying off his face only to see Brittany.

The drunk girl got up off the floor with her nose bleeding!

"WHAT THE FUCK YOU BITCH" she screamed while crying!

"THIS IS MY FUCKING TOILET... EVERYONE GET OUT OF HERE"
she screamed

The crowd started to disperse as a few drunk girls came up and asked Brittany if they could use jimmy really quick? Like really quick? But she pushed them all away, she was pissed!

Brittany looked down at her twin... he looked bad... like really bad... she was a bit worried... she felt a pressure in her bladder and looked over to

the bathroom.. The line was still so long. One more piss wouldn't hurt him...

The last thing jimmy saw was Brittany's ass coming down above his face and her pussy lips settling over his mouth. Then it all went dark.

Jimmy woke up and he was home.. It was early in the morning time... he wasn't in Brittany's room. He was laying in the living room and the light from the window shone down on his eyes... for a moment her felt like last night was a dream.. But then his stomach made a horrible rumbling and he felt the worst pain he had ever experienced...

Brittany woke up in her bed, stretching as she rolled over and grabbed her phone checking some texts and things from friends. She had an email from some place called DGFphotography. She clicked the email and sat up in bed reading curiously.

Hello Brittany

My name is Vanessa and im with

DGFPhotography's marketing team.

We run the promotions and events

At the club you visited last night.

Your toilet was a real blast, we

Wanted to know if you'd be

Interested in hosting him for a

Event. We could pay you very

Well. contact me at your earliest

Convenience. I look forward to

Hearing from you...

-Vanessa

Taking Care Of A Vegetable. Ch8

Allison slowly opened her eyes and rolled over reaching for her alarm clock, smacking it and knocking it off her bedside table!

“Fuck...”

She groaned and rolled over, kicking off her blankets and holding her hand to her forehead, her head was pounding. She regretted partying too much on a work night. She slowly got to her feet and almost fell over on her way to the bathroom. She splashed some cold water on her face and rubbed her eyes!

Her ass smacked the toilet and jiggled a bit as she rubbed her hips. She was gaining weight and could feel it, she would have to start hitting the gym again after work. She could feel her shit backed up, compacted as she pushed and tried to let it loose. Her stomach gurgled, feeling like something big was on its way, she knew it would be a rancid shit. Maybe it was better to let it out at work.

She looked in the mirror for a second and then decided to skip her shower. Allison grabbed her ipod and turned it on as she started throwing on her makeup, she didn't have to smell good but she at least wanted to look hot! She grabbed her scrubs and gave them a quick sniff before pulling back in disgust, eh.... I don't have any other pairs she thought to herself.

When Allison got to the hospital she was shocked. Almost every female coworker of hers was there. The nurses flooded each floor and lobby and staff room, some were even wearing street clothes, having stopped by on their days off. What was going on, she thought to herself?

She pushed her way through a few young giggling nurses and into her office where another male doctor sat making some notes..

“Good morning John” she said while taking a huge sip of her triple grande coffee

“Morning” he said without looking up from his paperwork!

“What’s going on here today?” she asked

“Nothing special, why do you ask? He replied

Allison nodded to their office window facing the hallway where almost 5 nurses stood around chatting..

“OH... I don't know, I guess they all wanted to work today for some reason, maybe some celebrity is coming in for a nose job” he said before leaning back down to his work..

Allison reached down gripping her stomach as she felt a rush of hot water shit in her upper intestines, this shit was going to be horrid, but she wasn't ready yet... she didn't want to force it.

Jimmy woke up choking and gasping for air that wasn't there. He opened his eyes and was greeted to his face smushed into Brittany's fat ass. She was crunched up and pushed back with his face nestled between her ass cheeks. Jimmy began to turn blue as his lungs throbbed, he prayed for his sister to move! **JUST AN INCH! PLEASE.** He felt her grunt and moan a bit as she pushed out her ass a bit further, his nose pushing against her brown stained asshole.

PRRFT PRRFTTTTT BRRT BRTT BRTTPPPPPP

An absolutely enormous fart erupted into jimmy's nose, it reeked of cabbage, vegetables, and eggs. The heat of her gas flowed through the bed and jimmy could feel it all over his body! Brittany's ass cheeks were dripping with sweat as she groaned and pushed back more! There was a small crack for air now and jimmy sucked it in desperately, trying to ignore the large amounts of methane!

PRRT BRRT BRTT BRTTPPPPPP frrbpprt

Brittany unleashed another monster as she stirred a little and moaned in her sleep. At the end of her eruption she stuck her butt out a bit more little by little frrbpprt fart out that stained jimmy's nose.

Brittany's ass pulled away from jimmy's face as he choked in a huge gasp of air, color slowly returned to his face as the blankets flew in the air. Brittany had kicked them up and pushed them to the side quickly. She rolled over onto her stomach with her huge ass pointed in the air as she groaned in pain!

"Aaaaaaaaaa... fuckkk..... aaa.... Shit...."

Jimmy watched, lying on his side inches from her huge butt. He watched her breathe in deep and then release a horrible beast of a fart.

BRRRAAAAAAAAAAFRRRRTTTTPPPPPPP FRRTBBBBBPPPPP

The smell was beyond anything imaginable... Nina and Albert both woke up and could smell the gas all they way in their room, through 2 different closed doors. Albert stuffed a towel under their door and sprayed some

air freshener as they went back to bed, completely forgetting about their son.

Jimmy's skin was ready to peel off his body, her gas had filled her bedroom to the point where it began to affect Brittany. She woke up and rolled on her side, her sweaty ass cheeks smushing jimmy's face as she groaned loudly. Jimmy watched as she rolled to the other side of the bed and got up, hunched over walking around the bed holding it for support.

Jimmy felt like he was shaking, he knew what the bathrooms were like when Brittany was stomach sick. Please go to the bathroom, please don't use me... please... **PLEASE**.... Jimmy opened his eyes just as Brittany's sweaty hands grabbed him and pulled him back, rolling him onto the stretcher. He landed a bit heavy and it winded him from behind.

He watched in the very dim morning light of her bedroom as her thick shiny ass cheeks wobbled 4 inches over his face, letting out a very wet pre shit fart.

PRT PFFRT PBRRT

Jimmy 's eyes watered as he watched, she reached back and spread her ass, it made a wet spreading noise. He could smell the potent sweatiness of her hole before she even sat, right away she lowered her hole right inside jimmy's mouth, making a tight seal and holding her rumbling belly. Jimmy cried feeling her ass vibrate on his head, she was literally shaking and dripping with sweat... this was going to horrible...

The events that followed were totally unimaginable. There are no words to describe the severity and ferocity of torture that jimmy endured that morning. Brittany had sat upon his face for upwards of 45 minutes, taking breaks to lay forward like he was a mattress, only 5 minutes later

to sit up again and continue. She clearly had some type of food poisoning and was still half asleep. Her ass engulfed jimmy's face to deliver yet another serving as his body began to shake, there was so much feces being stuffed inside of him and the contents were so foul. Everything came up, spraying the bottom of Brittany's ass with her liquid shit as it rained down burning jimmy's face. He tried to scream in pain but nothing came out except for more shit!

Brittany got up and gagged, running from her bedroom and leaving to go sit on the toilet in the bathroom, which she hadn't done for a month now. She closed her bedroom door as she left leaving jimmy alone to fester in the scent. Jimmy cried, feeling her hot waste drip down his face and chest, it was everywhere. He could see her shit a few feet up on the curtains beside her window. The room would need a massive cleaning. Jimmy was excited to go to the hospital and spend the day away from Brittany, plus he had a plan to find someone who could help him end all this, and end his life.

Albert walked into the family room and saw his daughter laying face down on the couch sleeping, her large bare ass jiggled in the air as she snored. He went to her bedroom and opened the door to check on jimmy and was horrified at the scene, it looked like Brittany had just painted her brother brown. The room was steamy with shit and smelt absolutely horrid. Albert had to go find his chemical suit from when he did construction and underground piping, as well as his gas mask before he could even enter to clean. It took 2 hours but he was happy he could get it done before Brittany woke up.

3 HOURS LATER

It was still early in the morning as Albert finished his morning coffee and then got jimmy, leaning the stretcher up into the wheelchair form and bringing him outside. As he was loading jimmy's wheelchair into the van, Brittany came running out!

“WAIT... HOLD ON.. I NEED TO SAY GOODBYE” Brittany yelled as Albert turned and smiled, happy to see Brittany showing some affection to her twin.

She ran up to jimmy wearing nothing but a white t shirt and a tight pair of panties that her ass turned into a thong by eating it. She leaned down like she was going to give jimmy a hug, but then quickly turned and put her ass in his face, ripping a gross fart

PRRBFTTTTT

She laughed hysterically walking away as Albert fanned his nose from the eggy post shit aroma..

“Ugh... Brittany, comon... be a lady...”

When they arrived at the hospital jimmy looked around in fear. There was so many nurses around, and they were all looking at him like a piece of meat. Some of the girls waved a little or blew kisses, some would turn and rub their asses a little. Albert didn't notice any of this as he pushed jimmy into the elevator and brought him up stairs to floor 3 where Rebecca was waiting. Albert's eyes lit up when he saw the attractive redhead!

“Doctor, it's great to see you, you look amazing today”

“Ugh these? I haven't even showered, but thank you!” Rebecca replied as she took jimmy from him and wheeled him into room 311.

“So you wanted to keep him for the entire day today?” Albert asking making sure

“Yes, im going to run some tests, we should be done around 9pm, if you'd like to come pick him up then.”

“Of course, thank you again Doctor, you've been so kind to jimmy and been such a great help.”

“Oh, on the contrary, Jimmy will be helping out today” She said with a smile.

“Sounds fun, have a great time you two” Albert said while walking away and not catching on to what was happening.

Jimmy watches as the Doctor walked over to him and knelt down to face him while he sat up.

“Well well well jimmy... what am I going to do with you... someone's been a dirty boy, eating all that shit. I can't believe your greedy sister wanted to keep you all to herself. You could be famous you know... around here you practically already are.” she licked her lips and stood up walking around the chair and getting behind Jimmy.

“You see... being a nurse doesn't pay as well as you would think” she said while dropping jimmy's chair to a lying position.

“And today, your going to make me some vacation money” she said while looking down at him from above.

“And I want to go somewhere expensive for my trip,” she said as she lifted her red skirt and Doctors coat while stepping over Jimmy’s face.

She stood for a moment looking down at the boy as he stared at her pussy lips, he looked like he could cry. She knew her pussy reeked today and wanted him to take in the scent from afar for a moment.

“I purposely held in my shit all day yesterday and this morning, I wanted to have my fill before we start things off.” she smiled and lowered down, letting her pussy sink to his lips.

Rebecca moaned and felt some cum drip from her pussy as her urine began to flow. She threw her head back moaning as her piss was pushed into the immobile boy’s throat. Her pussy quivered as she watched his throat at work pumping her waste down like a machine. She seriously had to get her own toilet!

Jimmy felt like he was about to burst by the time she finished pissing, and he knew she was far from done. She slid forward and pressed her tight asshole to Jimmy’s mouth, it vibrated for a moment, letting out a silent fart that he could feel in his throat. Her shit came out fast and hot, sliding into jimmy’s open throat and right into his stomach all in a long single piece!

She moaned feeling it drop off her asshole and another much softer turd coming. This one burned her asshole and she could feel his eyes crying on her cheeks. She smiled and relaxed, letting loose taking pleasure from the fact that there was absolutely nothing the boy could do!

Jimmy’s mouth was packed with her feces, it was so spicy, it burned all over and more came! And more! And more! **AND MORE!** Rebecca moaned and pushed a bit before standing and wiping. The room smelled

horrible but it was fine, she was leaving soon. She took a wet wipe and cleaned around jimmy's lips as tears streamed down his cheeks.

"awww.. Too much?" she asked sarcastically while straightening her dress and coat. She got out her phone and sent out a group text to every female nurse on the mailing list for the days events. Over 174 women had signed up, some weren't even nurses, just friends of friends.

"Let the games begin ladies, room 311, \$5 per pee, \$10 per poo"

Rebecca waited outside and less then a few seconds later a co worker of hers came sprinting down the hallway! She laughed seeing her run, her blonde ponytail bobbing behind her

"Slow down girl!" she joked as the cute blonde slammed \$5 into her palm before running in and closing the door.

Jimmy could see the girl sprint inside, she had bright blue eyes and beautiful blonde hair, her uniform hugged her body tight. She ripped off her scrubs and practically jumped onto jimmy's face flooding his mouth with acidic urine! It burned and he gargled on it almost choking. The first thing he noticed was how greasy and potent her asshole was! It stunk so badly! It twitched on his nose and shot a short fart out as she moaned, pissing at full force

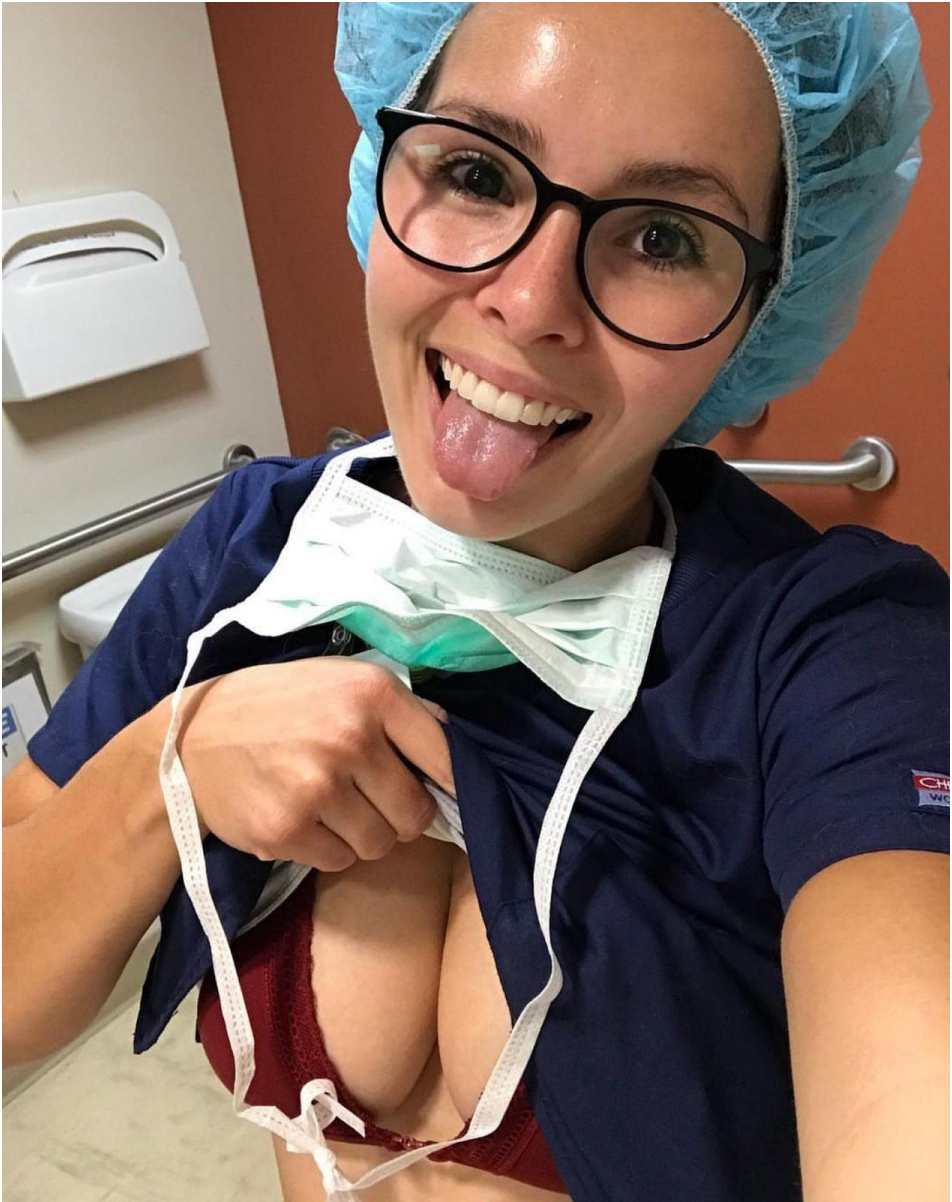

Jimmy choked a bit on the gas, some piss dribbled into his lungs but the girl never stopped for a second. She held his chin and gripped his head with her legs moaning, she pissed for almost 5 minutes. By the time she was done jimmy felt completely full.. How would he ever survive through all the nurses..

“Whew... I needed that... im Kaitlin by the way... what's your name?” she asked expecting an answer.

She waited a few moments before heading to the door..

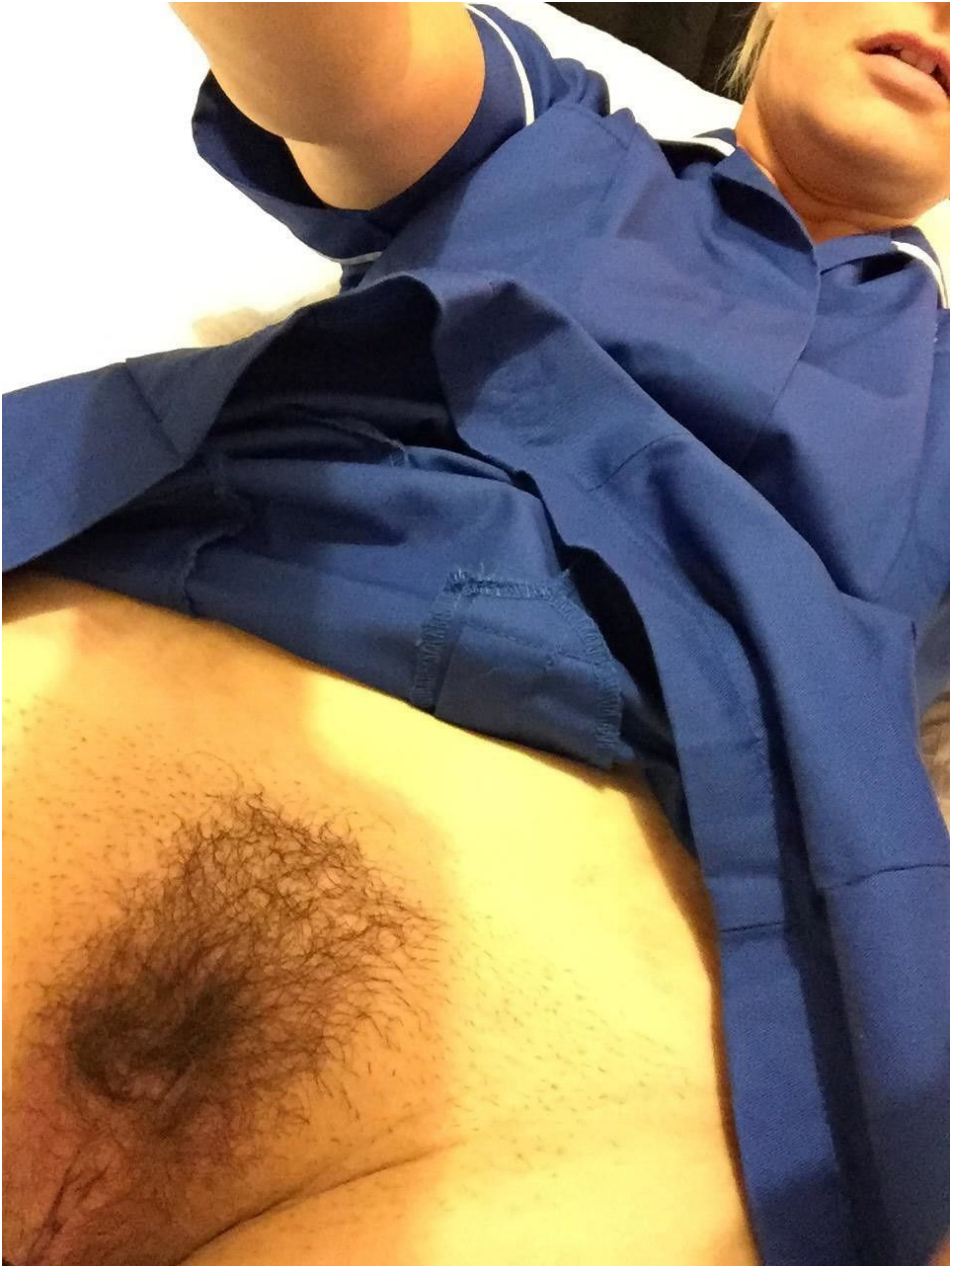

“God your rude...” **IM RUDE..** “Jimmy thought to himself .. **YOU JUST USED ME AS A FUCKING TOILET.**

The door opened and closed as a new girl came in, jimmy could see a massive line of chattering women behind her. The girl had dark hair tied into a ponytail and big thick rim glasses, but if she took them off she could easily be a pornstar. She walked up to Jimmy and smiled as she lifted her shirt flashing her tits and jiggling her chest for a minute! Jimmy watched, wide eyed. She laughed and then straddled jimmy facing his head and looking down at his eyes. Her pussy lips were hairy and engulfed his nose while covering his mouth

Right away she flooded his mouth, as she felt the piss reach the rim of his lips she dropped her weight, hanging her legs and making a tight seal. Jimmy chugged and chugged, feeling her piss rinse down and mix

with the last blondes girls urine. He felt like he was going to puke and it had only been two girls. She moaned and kicked her legs a bit, getting out the last of her salty piss as she stood and wiped her pussy across Jimmy's face.

“If i have to shit maybe i'll come see you again!” she said with a smile as she left.

As soon as she left another nurse came in, she was smiling and looked way to excited. This girl was a bit more chubby, she had brown hair in a ponytail and held her stomach as she came over. She dropped her scrubs and jimmy could see **AND SMELL** her shaved pussy, it stunk. She smiled and came forward, placing a bedpan under Jimmy's chin and mounting his face while facing his feet. He could hear her piss dripping into the metal pan as a noxious fart blew into his mouth puffing out his cheeks.

PRRBTTTTTTT

He began to choke and gag as a huge clump of wet mushy shit pushed into his mouth! It was so foul! She kept pushing as small farts erupted and popped between the wet shit. Jimmy cried as some of her shit dribbled from his mouth, it was non stop and he could feel it stuffing his body! He prayed for someone to save him but more shit just kept coming. He could feel the chunks of undigested food and gagged as it pushed past his tonsil. After 10 minutes she stood and wiped, pouring

her piss down the sink drain. She adjusted her scrubs and pulled her panties from her ass before leaving.

Even though Allison was young, she had risen the ranks at the hospital fast. She had heard about the boy serving as a toilet and needed to see what this was all about. At first the idea horrified her but the more she saw the faces of the excited women and nurses, her attitude slowly started to change. She wanted to feed the boy whatever was coming through her colon and she knew it would be absolutely disgusting. She took a big sip finishing her coffee and taking the cup with her as she headed to room 311.

On the way she felt it coming..

“FUCK.. no not now... I wanted him to have it... shit...” she ran to the handicapped bathroom on the second floor and slammed the door.

Allison put her extra large coffee cup on the ground and filled it to the brim with hot soupy diarrhea. It sprayed off the inside of the cup as she groaned and released, it smelled like death. It only took a minute and the cup was almost full, but she was well enough to walk again now. She put the lid on and washed her hands, then brought the cup with her.

As Allison walked down the line up of women, some nurses left in fear of losing their jobs, not sure how she would react to the event.

“Rebecca...?” Allison asked as she turned around surprised...

“Oh.. hey.. How are you doing today” she asked a bit nervous

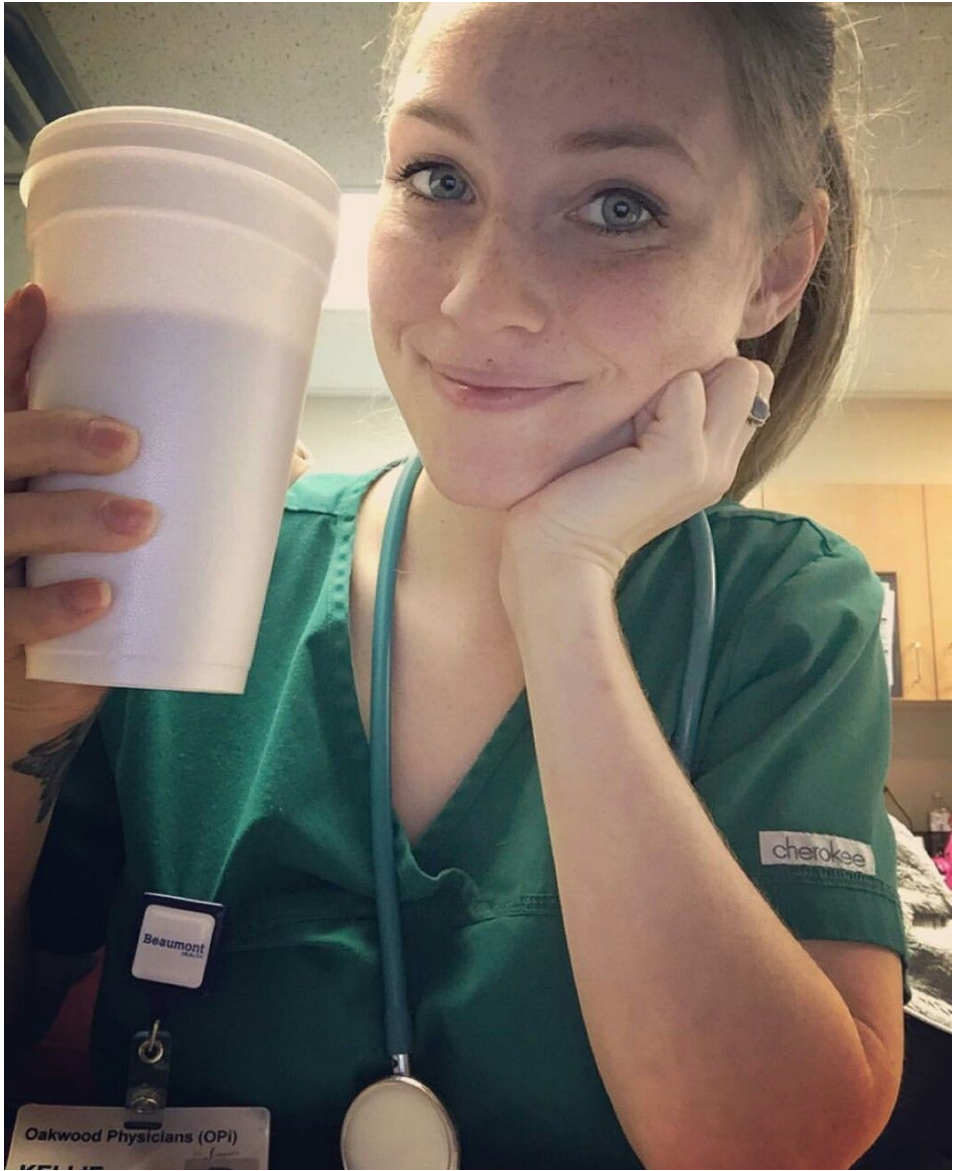

“Good.. i heard what was going on here, and I wanted to try for myself,” she said with a smile, feeling her shit working its way through her colon as the second wave approached.

“Oh... sure go ahead.. No charge” Rebecca smiled as Allison entered.

Jimmy watched from the corner of his eye as a beautiful young blonde approached him. She had short shoulder length hair and beautiful green eyes, she was also holding a big coffee cup.

“So your the toilet?” she asked without expecting an answer..

“I wanted to give this to you directly, but there's more coming, so no need to worry, but let's not waste it right? She said with a beautiful smile as Jimmy shivered with fear.

The doctor walked over and took out a I.V and pushed the needle into Jimmy's arm. She taped the needle down keeping it set as she opened the bag and poured the contents of the cup inside. She gagged holding her face away as the soup shit filled the clear plastic bag. She tossed the cup in the trash and sealed the bag, placing it hanging above jimmy with a small tube connected. Jimmy watched in horror as the beautiful doctor's waste began to flow down the tube and slowly entered his arm. He had no feeling in his body but suddenly got a massive headache! Her shit was literally pumping into his bloodstream.

The sadistic Doctor smiled as she dropped her pants and sat over Jimmy's mouth. He squirmed in pain trying to move his head but only succeeding in blinking as her asshole twitched on his lips. He could feel her trembling as her asshole continued to twitch, it was like a gun to fire any moment. Her asshole exploded and filled jimmy's mouth with the

hottest liquid shit he had ever tasted, Way worse than Brittany's morning shit. It filled his mouth and painted his throat in her feces.

The doctor moaned and pushed down, gripping his head tight as she let loose. She could feel the feces pouring out and just imagined how horrifying it would be for the boy. Good thing he couldn't taste or smell this, that would truly be too much. She would never let the nurses do that to someone with their senses. She got off the boy's face and saw him quivering, his body was literally shaking from ingesting so much waste. It was interesting, she may have to perform a study sometime. She wiped and left, leaving the boy hooked up to the I.V.

The afternoon was a countless assault of asses and pussies from the nurses. A few times they forcefully pumped his stomach only to fill him again to the brim with shit! It was traveling in and out all day, he wanted to die, he felt his insides rotting in the hundreds of female feces.

Rebecca came inside and saw how bad the room smelled, she had to hold her nose just to enter. A few girls had complained to her about it. She grabbed jimmy by the feet and wheeled him into the hallway.

“Were going to move to room 511, meet upstairs. We need to bring Jimmy in the elevator so it’ll be quickest to take the stairs” Rebecca called out as all the women began traveling upstairs in a large herd.

Rebecca pushed Jimmy and the I.V down and hit the up button at the elevator. The door opened and was empty. She wheeled him inside and hit the button 5 just as 2 girls ran up and entered. They were guests and clearly visiting someone. They chattered among themselves ignoring Rebecca and Jimmy. The door was about to close as a small manicured hand grabbed it and held it open. Four nurses in training wearing red scrubs entered. They were all college students and had no idea what was going on with the toilet Rebecca had with her. Everyone was a bit crammed in now and the doors slid closed. Just before they could close completely someone hit the open button from outside,

The doors slid open and a beautiful young Latino police officer walked in. she apologized to everyone and pushed in saying she had to get upstairs right away. The doors closed and the elevator moved up slowly then jammed coming to a halt as all the ladies grabbed the wall for support or held each other.

“WHAT WAS THAT” one of the nurses yelled as the lights went out and then a dim light inside the elevator came on...

“The power is out, the light is from the back up generator” Rebecca said, trying to calm them..

“Don't worry we should be out of here soon,” the office assured them all.

3 HOURS LATER

Jimmy felt like he was going to pass out, his headache was getting worse and he could feel a throbbing sensation all throughout his body, it was like a phantom pain from not having the body but still feeling the stinging feces entering him.

“Ugh... I can't be here longer, i have to piss so badly” One of the visiting girls complained. Most of them were sitting on the floor except for Rebecca who leaned on Jimmy's stretcher.

“Me too, i'm about to piss my pants” one of the training nurses complained

Rebecca smiled and looked down at the girls, almost completely forgetting about Jimmy until that point.

“Hey ladies, i know this is going to sound weird, but before I got in this elevator we were performing a test on this patient. He has been ingesting urine and feces from women all day, so if you need to go i think we could”

Before Rebecca could even finish speaking one of the younger nurses was on top of him, she tore down her scrubs and pressed her sweaty pussy covered in blonde hair to his mouth! She moaned in relief as all the women watched with jealousy seeing her void her bladder. She pissed straight for 3 minutes while giggling and moaning and saying how nice it felt.

All the women watched as his throat went to work chugging the nurses piss. As soon as she finished one of the visiting girls hopped up and began to piss forcefully barely giving him a breath.

“Hey is this legal?” the cop asked Rebecca

“Yes of course, his family signed a waiver in case he dies, the research could save a lot of lives.” Rebecca said

“Hmm, well that’s good because I have to take a major dump and I would hate to lose my job after accidentally killing the poor guy” she joked as she began to undo her belt.

The girl hopped off of Jimmy’s face as all the women in the elevator laughed. He gasped for air and choked making a wet gurgling noise.

“Sounds like he loved that Marissa” one of the girls jokes

The police woman dropped her pants and police belt, her thick thighs and ass popping out. The baggy pants really hid her figure and some of the girls admired her ass. She walked over and hopped onto Jimmy’s stretcher. She backed up her ass as Jimmy’s face and head disappeared. She wiggled her hips a bit as all the girls laughed. Jimmy watched in horror, her ass came down and he could smell her hole before she even made contact. Her ass had an extremely spicy and sweaty shit aroma, she spread her cheeks and he got a view of her dark shiny asshole, glistening with sweat.

Rebecca smiled seeing Jimmy's eyes as the officer sat back and began to piss. He choked and gagged a bit as a puff of gas escaped her cheeks. It vibrated into Jimmy's nose and over his face as moving some

of his hair. The smell wafted throughout the elevator as all the girls began to choke and gag from the smell! It was like rotten vegetables and spoiled milk.

“Sorry ladies” she said while blushing

She scooped forward and lined up her asshole with the shaking boy’s mouth. The shit that snaked out was steaming hot and bright yellow. Her hole made wet sliding noises as it filled his mouth and throat. The shit couldn’t go through his throat fast enough so she had to lean up releasing the smell. One of the nurses began to vomit in the corner of the elevator just as the power kicked back in. the elevator jerked and moved a bit then the doors opened as a burst of fresh air rushed in.

All the women ran out gagging as the officer leaned back letting her hair fall and pushing harder. She could feel the compacted soft shit in the boys mouth sinking into his stomach. She had to fan her face from her own fumes, it was rancid, even for her, a really bad one. She looked back over her shoulder and saw the boys eyes had rolled back into his head. She sat back down and continued, the family had signed a waiver so what did it matter. Jimmy went unconscious feeling her feces fill his throat.

He woke up on his side as 2 female nurses induced him to vomit. They had to leave the room as he lay on his side filling a bucket with half digested feces. He thought he was going to die as the shit came up and never ended. His entire body felt like it was full of shit even when he had puked it all up. He was so cold and shivering... everything was blurry.. Then he passed out again

“Thank you so much Albert”

“It was no problem Really”

“I would love to run some more tests. Same time next week”

“Sure thing”

Jimmy woke up the next morning and he was in bed with his face stuffed in between a familiar set of cheeks. Was yesterday a nightmare? Or reality?

PRRRFFTTTTTTTTTTTTTTTT

Jimmy choked as Brittany’s gas knocked him back to sleep

Chapter 9 - It’s Pizza Time

-From Brittany

Hello Vanessa.

What exactly did you have in mind for the event? I'm not exactly open to sharing my brother with strangers.

-From Vanessa

Thank you for emailing me back Brittany

We’re hosting a charity event in two weeks for the Women’s society, and survivors of abuse. It’s a ladies only event and I think the guests would get a real kick out of your brother’s services. I have already told the

organizers and they were so interested they have offered to pay \$5000 for the night.

You could attend the event and stay by his side all night to assure he is in good hands. Let me know what you decide.

-From Brittany

Wow, \$5000? That's a lot of money. I would love to come with jimmy, but since it's a charity event for women, i'll take \$2000. When should we show up?

Jimmy sat in his wheelchair, watching as his mother and father rushed to leave, late for their flight. Albert walked over and dropped a heavy suitcase on jimmy's lap without even looking and treating him like furniture!

"Dammit where are the car keys?" Nina said in frustration as Albert carried their bags to the car.

Brittany walked to the front door and pushed the bag off Jimmy's lap then sat down hard, plopping onto his frail and broken legs. She was so large you couldn't even see Jimmy in the chair. Albert got the last bag and threw it in the trunk as Nina finally found the keys to the car!

“Finally” she said in relief and turned to her daughter, leaning down to give her a kiss.

“Alright be good Brittany, take care of your brother, and NO PARTIES” she said sternly as Albert walked back in.

“Where is your brother?” he asked as Brittany looked around, forgetting that she was sitting on his lap.

“I’m not sure, i will find him later” she replied very casually.

“Ok just make sure to look after him and if there's any issues call us and we will come home right away! I love you darling” he said while rushing out the door with his wife.

The front door closed and the house was quiet. Brittany heard a muffled sound behind her and realized she was sitting on Jimmy, then began to laugh!

“We have a whole week alone! What do you wanna do Jimmy?” she asked while standing and looking down at him.

“**YOUR SO SMART**” she yelled into Jimmy’s face!

“**I’D LOOOOVE TO GO TANNING**, let’s go!” she said while wheeling Jimmy outside!

Jimmy watched as she pushed him down the hall and into the backyard. It was sweltering out and the sun was beating down. After only a minute outside both Jimmy and Brittany were already sweating. She wheeled Jimmy beside a pool chair that was reclined and rolled him onto it

roughly. Jimmy landed face down and started suffocating with his face against the cushion as Brittany laughed!

“Awww, you can’t breathe? Here let me help” Brittany said while flipping Jimmy over, he gasped for air!

Brittany easily moved Jimmy around, he was so light and malnourished. She put him on his back with his head near the center of the recliner. His skinny frail legs were draped over the back of the plastic pool chair. The sun was beating down and shining right into Jimmy’s eyes.

“I’m going to go get changed into something a little more comfortable. Don’t do anywhere” she said while smiling and winking before taking off to head inside.

Jimmy laid on his back, the sun beating down and burning his face. His parents had only been gone for a few minutes and he already wished they would come back. He couldn’t imagine what horrible things Brittany had in store for him. After about 10 minutes Brittany came back in a skimpy two piece pink bikini! Her tummy fat hung over the front a little big and her thighs jiggled back and forth. She walked up beside Jimmy and did a quick spin, pulling the bikini up between her ass cheeks and making it into a thong.

“How do I look?” she asked then laughed!

“Oh I forgot, you can’t answer” she wiggled her ass then bent over, sitting down right on top of Jimmy’s face.

Jimmy watched in horror as her fat ass cheeks wobbled and descended towards his face. They came down fast and hard, smothering his face as she applied her full weight. She spun and sat on the recliner, leaning back over Jimmy’s frail torso and pushing into the backrest. If it wasn’t for Jimmy’s skinny legs hanging over the headrest of the chair, you would never know he was even there.

Brittany sat up, her ass crushing Jimmy's face as she began to apply tanning lotion to her body, slowly rubbing it in over her arms, chest, belly and thick legs. As she was sitting up she could feel Jimmy breathing more heavily and struggling as she smiled. She plugged in her ear buds and leaned back, closing her eyes and ignoring her brother.

Jimmy was in hell, he could barely breathe. Brittany's fat ass cheeks smothered and pressed on his face making it almost impossible to get

any air, and the air he did get was tainted by the smell of her asshole. Her cheeks were sweating and dripping down making a sticky seal between his face and her cheeks. She leaned up for a moment, cutting off all his air before slamming backwards and winding him, forcing all the air from his chest

BRRFFFFTTT

She cut an airy beefy smelling fart that shot down Jimmy's nose, it was so foul he almost began to convulse. The smell wafted up and hit Brittany as she fanned her nose gagging a bit.

"OH GOD.. that's fucking nasty!" she said between coughs, not even acknowledging what her brother was suffering through.

Brittany flipped a few songs on her ipod then leaned back closing her eyes again and resting, Her fat cheeks sinking onto Jimmy's nose as he cried. She tanned for another hour, letting the sun create a nice base on her front. She could feel the body under her start trembling as she checked her clock, and flipped over.

Brittany literally peeled her ass from Jimmy's face, the skin of her cheeks were almost stuck to his face and she giggled as she got up. She looked down and his face was beet red with the imprint of her thong bikini down the middle of his face. She stood up and looked down at him while smiling..

"Are you ok down there bro?" she asked while taking off her bikini bottoms. She had a small bit of hair over her pussy as she approached the recliner again and laid down on her front.

Jimmy watched as her thick thighs and pussy came down towards him. Through her pubic hair he could see her pussy was shiny and covered in sweat. She plopped down, placing a pillow over Jimmy's legs and resting her head. Her hairy pussy mashed against Jimmy's face, she moved around a bit, humping his face and adjusting her thighs. Her pussy lips sunk down over Jimmy's nose and she moaned before drifting off to sleep.

The smell was so strong and Jimmy could do nothing but lay there. The hairs itched his face as the juices from her vaginal canal leaked down his nose and into his mouth. It tasted a bit metallic and he could tell her period was coming. She humped his face again, squeezing her thighs before letting out a long sigh and resting comfortably.

She tanned for another hour, the whole time smothering Jimmy as he took tiny gasps of air through her pubic hair and pussy flesh. He was so dehydrated and needed a drink so badly but could only slurp Brittany's juices. He started to lick a bit, desperately trying to get some liquid from her sweaty pussy as she began to moan and hump his face. Jimmy instantly regretted licking, her sweaty pussy rubbing harshly up and down his face, coating him in her sticky cum as she moaned.

Her fat thighs squeezed his head as she reached down and lifted his head more, forcing it between her ass cheeks and further into her pussy. She moaned loudly and pressed her body down against his crippled face and chest! Jimmy pushed his tongue out and inside her pussy trying to end it quick as she screamed in pleasure and sat up, her ass completely covering him and cutting off all air! Jimmy licked hard, forcing his tongue up and down, it was hard even to move his tongue but he forced it to end this torture.

Brittany came hard, pushing down and thrusting against Jimmy's face, with every thrust she released a build up of cum filling his mouth with her sticky fluids. She could feel him quivering and she came even harder, massaging his entire face against her pussy lips and screaming in pleasure! She collapsed face first into her pillow, her cum dripping pussy still smothering Jimmy's face as he struggled to breathe! Her sticky cum and juices leaked down his face as she took in the heat from the sun and caught her breath.

She stood up and walked inside to get a drink without acknowledging Jimmy, he watched from the corner of his eye as her fat ass wriggled back and forth.

Jimmy enjoyed the fresh air for a short moment as Brittany came back out on her phone talking

"Yea, 1 large meat lovers pizza! With ranch sauce! And a pound of wings, extra hot. With extra hot sauce please! And a 2 litre of pop! Uh huh, yup, on credit. Can you have the delivery guy come around the back yard, i'm just tanning! Thank you!"

Jimmy watched her walk over and look down with a smile!

“Thirsty?” she asked while spinning and plopping her big ass down. Jimmy groaned as her fat bum engulfed his face and sunk down making a tight seal.

Her urine began to flow instantly as she moaned and relaxed. Jimmy felt her sweaty asshole engulf his nose! It slid in easier because of how moist and slippery her skin was. Her ass had a foul aroma and he was forced to inhale the stench as her urine filled his mouth multiple times. He gulped it down, over and over as her cheeks jiggled a bit. Slowly she stopped peeing and laid down on her back, without giving Jimmy even a moment of respite.

She could his face wriggling a bit as she looked down annoyed.

“What you need some air?” she said while lifting her ass slightly to one side and cutting a rancid beefy fart. It vibrated out and made a splattering sound from how sweaty she was.

PPRRBT PRRBT FRRBT PRBBT PBTLLTT

Jimmy squinted and groaned, the smell felt like it was a liquid, painting his face in the aroma as he choked and gagged. Before he could get a breath of fresh air she sat back down, sealing his face under her cheeks and draping a towel across her naked lower half as she smiled and closed her eyes

Jimmy could feel the heat building under the towel as her cheeks squeezed his face a bit, she was tensing up every few seconds and flexing her sweaty asshole on his nose. The smell was so strong it was almost unbearable. Her ass tensed up a bit longer then normal then pushed out letting another fart loose. This one was even more strong and had a cheesy aroma.

BRRRFFTTTTTTT

She laughed as the gas filled Jimmy's nose and puffing out his cheeks, he choked and coughed, bouncing her a bit on his face!

“**HAHAHA** that's fun!” she said just as the backyard fence squeaked while opening. A young pizza delivery guy came around and was instantly taken aback by Brittany's body. He stopped for a moment frozen in his tracks as she waved very flirtatiously.

He approached and tried to be cool, stuttering a bit.

“Uh, hello Miss, uh, 1 extra large meat lovers, uh with wings and a pop?” he asked as she sat up a bit to take the food from him, setting it down on the pool table beside her chair.

She crossed her legs and flexed her toes a bit as the boy stared at her feet while she giggled.

“How much do I owe you cutie? She asked flirting back

The guy blushed and looked down, not sure what to say.

“It's on the house Miss, anything for a lady like you. I was” he stopped talking though as he saw Jimmy's skinny frail legs hanging over the headrest of the chair.

His eyes followed Jimmy's body back down the chair until it disappeared, the boys face was completely hidden under her fat naked ass and thighs hidden by the towel. He stammered a bit not sure what to say.

“Aww thank you, that's so sweet” Brittany said while taking a slice of pizza and folding it like a taco before taking a big bite.

“Uhhh.. Miss, is that a guy underneath you? Is he ok? I mean. Can he breathe?”

Brittany looked at the delivery boy in confusion then looked down, remembering Jimmy and laughing.

“Oh him? Yeah he’s fine, look!” she said while lifting the towel and leaning to one side, revealing Jimmy’s red and sweaty face as her fat wet ass jiggled just above him.

PRRFTT BRRPP SLPRTT

A rancid wet fart came spluttering out from between her cheeks and washed over the guys face as the delivery boy watched in horror. The guy started to choke and gag as she sat back down, her cheeks forming a tight seal and sinking down to touch the cushion, completely smothering him before she dropped the towel again. The smell reached the delivery boy’s nose as he began to wretch and dry heave, it was horrible, he didn’t know women could produce such smells. He ran from the backyard, holding his mouth and trying not to vomit, forgetting to get money for the pizza as he sped off down the street.

Since Jimmy first arrived home from his accident, Brittany had been trying to get her parents to have pizza for dinner, but they constantly avoided it. Brittany's stomach didn't react well with dairy, and pizza for some reason made her shits and farts absolutely lethal. She usually spent over an hour in the bathroom the morning after and they feared for Jimmy's safety. But now they were gone and Brittany was in charge.

Jimmy was laying, and suffering under her sweaty ass as she tore into her fourth piece of pizza after taking a big drink of soda! Every time she bit and chewed, Jimmy could feel the movements all the way down to her ass. Her cheeks moved back and forth, rubbing Jimmy's nose into her sweaty ass hole, the smell seemed to get stronger the more she tanned.

Jimmy could hear a deep watery gurgling deep inside her belly and had a horrible realization, she was eating pizza and his parents weren't there to help him. The sound got louder and rushed through her belly, he felt her tense up and lean forward a bit, his nose sinking inside her greasy asshole. He licked her pussy, trying to remind her he was down there, but she ignored him, she knew and didn't care.

PRRRBTT PRBBTT FRRSSSTTLRSPPPPPP

A fart erupted from Brittany's ass and was injected right into Jimmy's nose. The gas filled his lungs, pumping them full of her methane as his cheeks puffed out. With his entire lungs full and more gas still trying to force its way out, her anus was shot off his nose from the pressure. A squealing noise came out from her ass and against his face as she laughed and choked on her pizza.

The smell reached Brittany as she choked a bit fanning the smell away from her face. It was very hot and humid anal smell, but this was only the beginning, she knew the worst was to come. She continued to eat, finishing the chicken and pizza, her stomach was so bloated. She could feel her gas built up and blocked by the mass of cheese and dough inside her intestines. She leaned up and stretched, her body so sweaty from the sun and heat. She slowly got to her feet, feeling Jimmy's face peel from her cheeks. She walked over to the pool and dropped her bikini top before diving into the cool water.

Jimmy laid on the recliner, suffering from heat exhaustion as his stomach rumbled in hunger. He could hear Brittany splashing as she swam back and forth, kicking her legs and enjoying the cool water. The sun was beating down on Jimmy's face, he was in hell but happy to be free from her cheeks and pungent anal perfume!

Brittany finished swimming and grabbed a towel, drying off her thick naked body before walking inside and leaving Jimmy outside. He watched her leave from the corner of his eye.

Hours Later Brittany was laying on the couch watching T.v and munching on some chips and chocolate. She could feel her stomach rumbling and knew her shit was going to be absolutely massive tomorrow morning. She glanced at her watch seeing it was nearly 1 am and decided to head to sleep. She went upstairs and started getting ready for bed, washing her face and brushing her teeth before feeling the need to pee.

"Where is Jimmy?" she thought to herself before bursting out laughing! She had left him outside.

She went out back into the dark backyard and saw Jimmy laying on the recliner and shivering. His entire front was badly sunburned and dark red. He was covered in mosquitoes and looked absolutely dreadful. He was crying and Brittany burst out laughing.

“SHOO SHOO” she said while wiping the mosquito's off of him and wheeling him inside.

“How did you enjoy the sun?” she asked with a smile as he entered the warm house with her.

He couldn't feel his body but his face was so badly burned. It was so itchy and he couldn't reach up! It was the worst sensation! Brittany carried Jimmy upstairs like a baby and threw him upside down in her bed. He watched as she stripped naked and climbed onto her pink sheets, straddling his face with her very aromatic pussy. The sweat had dried and it developed a strong fishy aroma. She came down hard filling his mouth with urine before flopping onto her side and drifting off to sleep. Jimmy thought for a moment he would have a night free from her asshole, before she grabbed him and pulled him into her. She wrapped her thighs around his face, tucking it deep between her cheeks and wiggling a bit, nestling her head into the pillow.

Jimmy could hear her snoring and knew she was already deep asleep, he was in so much pain and he was so hungry. He could feel his body

groaning and eating away at the inside of his empty stomach. The smell between Brittany's ass cheeks was so strong, and this was only the first night, his parents were gone for a whole week.

Jimmy heard her stomach rumble loud as she pushed her ass out a bit into his face. Jimmy's eyes went wide with horror. He felt the wet expulsion of gas before the noise, it was slimy and warm and then.

PRRSLT TPPRRSSS PRLLSSSS

She squeezed his face with her ass in her sleep while Jimmy struggled. The gas filled his lungs and he could feel it burning. The smell was like rotten cheese that had been left to sit in the sun for days. Jimmy choked and gagged and he actually moved his hand for a moment, he grasped Brittany's leg and his heart was beating from the pure shock. The toxic gas seeped around his face while he tried with all his strength and lifted his arm again, pushing the blanket. **OH MY GOD.. I COULD MOVE..** Jimmy thought to himself.

Brittany's ass pushed back and released another torrent of gas into his nose! It burned the inside of his nostrils, he could feel the aroma staining his throat and lungs with the rotten cheese and methane! **IT WAS HORRIBLE.**

PFFRT PFRRRSTT

Jimmy dry heaved, he had to puke but there was no food in his body. He used his arm and grunted, using all his strength and pushing Brittany's thigh. Her leg slid off of his body as she rolled and grunted in her sleep, adjusting her body and moving her ass off Jimmy's face but still pointing

at him. Another toxic fart hissed out from her ass as he squinted while it hit his face!

PRRSSSSH FRRTSSSSSSSS

Jimmy used his hand to reach out and pull his crippled body, slowly inch by inch he was able to get to the side of her bed. With one final push he shoved himself onto the floor. He could move his arm, if that was possible, he could move his other limbs, and maybe eventually recover. Why had no one tired any physical therapy! From the floor he could hear Brittany's roaring gas erupt beneath her bed sheets. The smell wafted over to him on the floor but he was glad to be free from the main source.

Brittany slept so well, she woke up yawning and stretching as she let a rancid fart loose, she could feel it burn. She then looked around reaching around her bed and patting the sheets looking for Jimmy. Where was he? She looked over the edge of her bed and saw him lying on the floor while she began to laugh.

“**AWWW** did you fall off the bed, you missed my farts! Don’t worry, your breakfast will make up” Brittany stopped talking and stared in shock at Jimmy, he was moving his left arm and reaching up showing her his bare palm as he blinked frantically.

Brittany didn’t know what to say, she was in shock. She sat back on her bed thinking. The past month has been the best month of her life, the shits, the orgasms, having her own personal human seat. She contemplated for a moment as her stomach rumbled and she could feel the massive shit coming soon. Jimmy was moving, but she could change that.

Brittany got off the bed, rolling Jimmy onto his stomach with his face flat against her carpet.

“Jimmy, I want you to know that I love you. And I’m doing this so we can stay together, forever.”

Jimmy heard the words as he stared at her pink carpet. Jimmy reached out, stretching his arm when all of the sudden his body tensed up as a horrible cracking sound was heard. Brittany Jumped into the air and came down hard with her bare feet on Jimmy’s spine, cracking it in half under her weight. Jimmy’s stretched out arms went limp falling to the floor like a rag doll as he watched in horror. Brittany kicked him a few times like he was a dead body.

“Can you move now?” she asked curiously as Jimmy cried

That was it, his one chance at freedom, crushed under Brittany’s sole. With one step she took away his entire life. She leaned down and picked

him up in her arms while carrying him downstairs to the stretcher. She looked down at him crying and laughed

“We’re going downstairs, I don’t think this is a poo I can take in my room, your going to spill and i don’t want to make a mess.” she smiled while dropping him onto the stretcher.

Jimmy was still in horror from having his life ripped away, he didn’t realize what was about to happen until he entered the bathroom. Brittany closed the door while letting out a rancid blast of gas.

PRRFFTTSSSS

It wasn’t in Jimmy’s face but she didn’t care, this was going to be rough and she knew it. Brittany lowered the stretcher and dropped her pants, straddling Jimmy’s face. He watched as her ass came down, smothering him slowly. She parted her cheeks and let herself wiggle down a bit, making sure her asshole made a tight seal with his mouth. Jimmy shivered with fear as he felt a warm sensation on his neck and chest, realizing she was pissing over his body?

Before he could contemplate why she was making such a mess, her asshole erupted, filling his mouth with three loads of wet shit all between gassy farts.

PRRRST PRRST FRRPSSS

She laughed at the sound as she rubbed her belly, feeling everything move through her. Jimmy could feel the hot feces leaking over his tongue and dripping into the back of his throat. This was his first taste of Brittany’s pizza shit and it wasn’t pretty. The spices and cheese were not digested and it tasted absolutely foul. Another load of shit came out but

this was a log. It was mushy and filled his cheeks while pushing the rest of her feces down! Another mushy log came out, some shit came out of Jimmy's nose as the rest was forced down his throat. Brittany moaned and continued, letting it flow out as fast as she could and giving Jimmy no breaks.

Jimmy started to turn blue! He needed air so badly! Brittany continued, pushing out another thick load of mushy shit before leaning up, not to give jimmy air, but just to adjust her ass because her legs began to fall asleep. As her ass moved off Jimmy's face, he sucked in a quick gasp of air, choking through the feces and staring at her shit stained hole. She sat back quickly as he breathed out.

She grunted and continued, forcing the waste down as her belly gurgled. Her eyes went wide as she felt a big rush of watery shit build up in her colon! Oh fuck! She said out loud while forcing herself down to make a tight seal. The liquid feces erupted from her asshole, spraying down Jimmy's mouth as he screamed through it. There was nothing he could do but accept it. The diarrhea was completely liquid and burned his throat. He could taste the undigested pieces of pepperoni and beef as tears streamed down his cheeks. His stomach was absolutely bloated and full of Brittany's waste.

Brittany fanned her face and slowly got up while wiping her ass. Her legs were sore from sitting and shitting so long. The smell and heat in the room was unbelievable. She definitely needed a shower. She checked her phone and saw she had been shitting for an hour and 15 minutes. She began to laugh while looking back.

“You o.k Jimmy?”

He was shaking and crying silently as she smiled and rubbed her belly.

“I’m going to take a shower and eat! I may be back soon” she said while her stomach made a watery gurgling noise. She left the bathroom and closed the door, leaving Jimmy to sit in the smell.

Chapter 10 - Sorority Slam

Nina and Albert had been gone for three days and Jimmy prayed every morning for them to return. Brittany’s cruel and torturous nature increased with every day as she became less caring by the minute.

Jimmy woke up with his face crammed between Brittany’s sweaty cheeks like usual, but today was different! As soon as she woke up, she quickly took her shit, filling Jimmy with her waste very quickly! She

pressed down forcing out her shit, then left him in the bathroom alone. She had a small breakfast, then spent over an hour getting ready and doing her makeup! Jimmy listened closely and could hear her running around the house fixing things up and making it look nice.

The doorbell rang loud and then she went to the door. Jimmy could hear the conversation downstairs.

“Hey Brittany! Thanks for having me over!” said a guys voice!

“No, thanks for coming David! It’s been so lonely with my parents gone and the house so empty!” Brittany said in a girly voice

The front door closed and Jimmy could hear them heading to the back yard after grabbing some drinks from the fridge.

Jimmy laid in the dark bathroom for hours, they were probably out by the pool drinking and relaxing, he was thankful to have some time away from Brittany. An hour later he could hear her footsteps coming up the stairs as the door swung open and Brittany came in. she backed up with her huge ass approaching Jimmy’s face quickly, her bikini bottoms wedged into her thick cheeks.

BRRFFTTTT

AHhhhhh

“I’ve been holding these in for hours” she said sounding relieved

BRRRRFTTTTPPP

SFFRRRTTTT PRRSFTTTT

Her gas came rolling out like thunder, the smell painting Jimmy’s face with her methane fueled gas. Her farts were much more potent when she was holding them in, they cooked inside her belly and reached unreal temperatures. It only happens when she was around guys! It was always horrible for Jimmy.

She straightened her bikini bottoms pulling them out from between her cheeks and fanning behind her ass as she slipped out and closed the door, leaving Jimmy to absorb the smell. He looked to his side and could see the bathroom mirror begin to fog up from the gas that had collected in the small space. He could feel it in his lungs, and absorbing into his bloodstream. It disgusted him that he was surviving off his sisters feces.

An hour later Jimmy heard the two of them running upstairs and Brittany giggling as her bedroom door slammed closed. Less than a few moments later her headboard of her bed began to slam against the wall hard as she moaned loud! It was quite clear they were having sex and from the sound of it Brittany was really enjoying herself. Jimmy knew how she was with guys though and no one lasted more than a few days. Once they found out about her gas and her love for face sitting, most ran for the hills.

BFFFRRTTTTTT

Jimmy could hear a roaring fart blast from behind the bathroom door and coming from Brittany's room. He was expecting to hear the guy running down the hall at any moment, but it was silent except for a few of Brittany's moans.

BFFFRRTTPPPSSSS

"HAHAHA how does that smell **BITCH**" she yelled before moaning loud!

The moaning and farting continued as Jimmy squinted his eyes from the sound of the gas. It was absolutely rancid and sounded wet. A few minutes later Brittany screamed in pleasure, it could probably be heard down the street.

Her bedroom door opened as she walked to the bathroom and the door opened slowly. The lights flicked on and she stood at the entrance, naked and sweaty. Brittany walked in and stood beside my face with her hand on my forehead.

"Come in David, I'd like you to see this"

A guy walked around the corner, he had a thin but muscular build and a very sheepish submissive look. His mouth was covered in cum and pussy juice. He looked down at Jimmy a bit confused as Brittany broke the silence.

“This is my brother, Jimmy. He was in an unfortunate accident and is paralyzed. He also can’t digest his own food so i take care of that for him”.

David listened and still looked confused.

“You see David, i’m very dominant, and I’ve never found a man who could handle my needs! So i use my brother to satisfy my deepest darkest urges! That way you won’t have to! I would like to continue seeing you, or... having you see me. You will be my slave at home and boyfriend outside. But you need to be o.k with my brother Jimmy being with me as well.” she said this while slowly sitting over my face with her cheeks spread and her pulsating asshole lining up with my mouth.

“But, I want to please you goddess, you don’t need your brother” David said while dropping to his knees at the bathroom door.

“Hahah you think you could handle being my toilet?”

“Your toilet?” David asked in confusion as a horrifying wet shitting sound was heard echoing into Jimmy’s mouth

David stood and watched in horror as Brittany closed her eyes and relaxed, letting loose and filling her brothers mouth with waste. David could not imagine the pain he was in, he watched his throat bulge as the shit forced its way down. His arms and legs were vibrating and shaking, David wanted to cry just watching it.

The smell that filled the room could peel wallpaper, Davids eyes watered as he took a step back. Brittany smiled at him and used her finger to beckon him closer. He came back into the bathroom, the smell overwhelming every one of his senses as he fell to his knees. He could never possibly eat her waste, and he could still see the crippled boys throat at work, she must be shitting pounds!

Brittany stood up and bent over, her large ass facing David as she spread her ass cheeks.

“Get some toilet paper and wipe my ass Slave, Goddesses don’t clean themselves!”

“Yes Goddess!” David replied as he wadded up some toilet paper.

He tried to focus on Brittany’s large and alluring ass but couldn’t rip his eyes away from the crippled boy with his mouth stuffed to the brim with feces. The smell was so thick and he wanted to wretch but was so terrified of offending Brittany. He leaned forward and wiped around her shitty hole, cleaning the cheeks before folding the paper and wiping again. He held the shitty paper in his hands and asked.

“What should I do with the paper Goddess? I can’t reach the toilet!”

“Yes you can” she said with a smile while looking at Jimmy

“I, I can’t” David said with sympathy for the boy

“If your going to serve me you have to get used to Jimmy being a toilet, it’s his place” she said before returning to bend over the sink with her shitty ass sticking out.

David closed his eyes and pushed the wadded up shitty paper into the crippled boys mouth, feeling it mush into the pile of shit in his throat. He

got some more paper and folded it before carefully wiping Brittany's anus.

"Is it clean?" she asked

"Yes Goddess"

"Good, then lick it"

David sat there shuddering as he leaned forward, his warm tongue caressed Brittany's sphincter as he got a small taste of her bitter feces. Brittany smiled. She had found the perfect guy.

4 HOUR LATER

"Hurry up **SLAVE! WERE GOING TO BE LATE**" Brittany screamed from the front door as David carried Jimmy and his wheelchair down the stairs. David carefully wheeled him over to the convertible.

"Where does he sit Goddess?"

Brittany without answering him lifted Jimmy and threw him into the backseat face down and dropped the wheelchair on top of him! David watched in shock as she jumped into the driver's seat!

"**LETS GO, COME ON**" she rushed David.

Jimmy was lying with his face pressed to the leather seat so he couldn't see, but he could feel the car speeding down the road. They drove for almost an hour before pulling into a large banquet hall that looked a bit shabby and cheap. From outside he could hear blaring music from inside

like a nightclub Brittany grabbed Jimmy's wheelchair and lifted him easily throwing him into it as she wheeled him towards the entrance. As soon as they entered the doors Jimmy's jaw dropped, it was a sorority party, it looked like multiple sororities and over 1000 women filled the massive space. A cute and curvy brunette was waiting near the entrance as she quickly greeted Brittany and David!

“HEY, THANKS FOR COMING, EVERYONES LOOKING FORWARD TO THIS” she said yelling over the music!

“FOLLOW ME” the brunette girl motioned as she led them through the thick crowd.

Jimmy looked around in horror as the girls gazed down at him as he passed! Their wandering eyes drifting over his crippled body as they whispered to one another and laughed. Jimmy could see the desire in their eyes and knew he was in for horrifying torture. He could see a massive buffet table full of tons of friend foods, Mexican, tacos, fried fish and chips! It stretched along the entire length of the hall with endless food. He felt his heart drop as he looked forward and tried to ignore the crowds. His eyes focused on the organizers ass, it was very fat and plump and jiggled back and forth as she walked.

Her ass was right at face level with Jimmy in his wheelchair and only a few feet in front of him. He smelt a stale shitty aroma for a moment as the blonde looked back at him and smiled they moved through some double swinging doors and the music was less intense. A cute and skinny redhead greeted them and shook Brittany's hand. They had her sign some forms before giving her a cheque.

“Why don’t you and your boyfriend go enjoy the party, we will take care of Jimmy from here. You can pick him up after the party. It’s an open bar!”

“Sweet, lets go” Brittany grabbed David’s arm and pulled him as he looked back at Jimmy, fearing for his safety.

Jimmy could feel himself sweating as he was pushed down a dark and dingy hallway. He could hear the girls behind him giggling as they moved

him into a crusty looking bathroom. There was a place in the wall for his stretcher to be pushed through and they lowered him and shoved him in, his head popped out on the other side of the wall in a crisp clean looking bathroom. It was bright white and had a pink rug and multiple scent diffusers around giving off a lavender aroma.

The music stopped for a moment and a girl said over a microphone!

“THE BATHROOM IS OPEN FOR BUSINESS” followed by a cheer of over 1000 women and sorority girls wooing! He could hear their feet coming down the hall to the bathroom like a stampede and he began to cry.

The door exploded open as multiple drunk girls fought to get through at the same time! A brunette pushed through and slammed the door locking it behind her as she threw her hair behind her and let out a long breathe. She came over to Jimmy and pulled aside her blue bikini romper letting her hairy pussy pop out. She was absolutely beautiful, with a tiny upturned nose and green eyes. Jimmy gagged for a moment getting a huge whiff of her fishy pussy as she slid over his face and instantly filled his mouth with acidic piss! He choked as some flowed out over his mouth and down the side of his face!

The girl moaned and continued to piss, she must have pissed at least 2 liters. By the time she was done he was ready to pop. she smiled and straightened her bikini before leaving and the door exploded open!

Two girls pushed through and slammed the door as multiple girls screamed at them! They laughed and took off their dresses walking over to jimmy, one of them turned and sat down without even looking as she filled his mouth with her urine, it was dull and tasted like alcohol. He chugged her piss feeling it blend with the previous girls urine and snorting some out his nose as he struggled for air. The girl finished and her friend sat instantly filling his mouth with urine again! Her piss was much more acidic and burned going down. His eyes watered as she held his head and forced the piss out, using him like a complete object. Both girls wiped and left, giving him not even a minute of rest.

A thick blonde girl wearing leggings and a white shirt pushed through the door as multiple girls shoved their arms in trying to block her from

closing the door. She slammed the door on a few girls arms as they screamed and pulled the hands back allowing the door to close!

She held her stomach at the door for a moment.

BRRRFTPPPPPPSSSSSSSFRRTB BRRFFFF

A horrifying long fart came leaking from her asshole as Jimmy cried and prayed for this to end! She sauntered over backwards and lowered her tight leggings slowly, letting her fat ass cheeks pop out. He could already smell the sharp shitty aroma coming from her asshole as she settled back and covered his face. Her asshole made contact with his mouth and expelled a huge amount of mushy burning hot shit.

Jimmy's eyes bulged from his head as she pushed and let loose more, it was so thick and soft at the same time, like watery mashed potatoes. It was so bitter and spicy, he could feel the burn as she pushed and grunted, not giving the slightest thought to the boy under her. She had to wipe some sweat from her forehead, she held this shit in for tonight and it wasn't pretty coming out.

Jimmy felt the shit mixing with the mass of urine in his belly and he let out a horrifying dry heave into her asshole. She smiled and laughed then pushed letting out a thick log. It was almost a foot long and over 4 inches thick filling his throat and slowly sinking down into his belly. He could feel it plop down like a slug into the urine before the girl stood up and wiped while standing above him. Her ass cheeks jiggled back and forth as tears dripped down Jimmy's cheeks. His mouth was still packed with her shit. She left and opened the door as more girls fought to get inside.

The door exploded open, breaking off the hinges as multiple girls filled the bathroom. A brunette forced her way over to Jimmy with her pants down and sat, pushing the other girls out of the way as her ass landed on his face hard! She felt his nose crack under her ass cheek as she slid over and made sure her asshole was above his mouth!

Jimmy had barely finished the last girls shit when the girls filled the room. A fat bubbly ass came down onto his face and filled his mouth with gas! Forcing the shit down his throat from the pressure of her farts!

PFFRRT BRRRREFT BEEEFRR

A few long ropes of shit came soiling out of her ass filling his mouth. Jimmy used his tongue to mush the feces down his throat, he could taste bits of seeds and fibre watery areas mixed into the shit. It was terribly difficult to eat and the seeds stuck to the inside of his throat. The girl finished with a wet fart before standing and another girl replaced her!.

Jimmy didn't even see her face, just her skirt and fat ass as she came down hard. Her pussy was hairy and covered his mouth, spraying a torrent of urine out! It splashed against the previous girls shit and mixed into a brown sludge that seeped down his throat! All around him he could hear multiple girls and heels clattering as they conversed and treated him like nothing.

Her stream of urine slowed down and came to a stop as she slid forward, her wet pussy lips engulfed his nose as her asshole settled down on his mouth. A thick chunky turd mashed its way into his mouth, as it pushed into his throat it broke into hard pieces and he had to use his tongue to stop it from choking him to death. He could feel the chunky feces building up like a dam in his throat as he struggled and began to choke to death. The girl stood and wiped and another girl came to take her place.

She had a Gothic look and stared down at him choking to death as she smiled. She turned and lowered her back thong, peeling it from between her toned ass cheeks as she plopped down. Her asshole was right over his lips as she pushed and let a long thick shit loose. It pushed into his throat and broke apart the previous girl's shit. As soon as her turd dropped into her stomach she let a foul blast of gas loose and it filled Jimmy's lungs which burned for oxygen!

BRRRFTPPPPPTTTTTT

She stood up and wiped as Jimmy choked and gagged, but color returned to his face as he got some fresh air!

The room was filled with girls and he could see from the corner of his eye a line going down the hallway of hundreds of girls.

A cute curvy white girl, the kind Jimmy would have loved to date backed up to him. She had a huge fat pale bum that was shaped perfectly.

BRRRFTT

A loud fart echoed throughout the room as she bent down to sit and a bunch of girls laughed while fanning their noses. Her huge bum came down, it was a bit larger than Brittany's and felt like someone was trying to smother him to death with a pillow. His nose pressed against her shitty anus as she filled his mouth with salty urine! He could feel it backing up in his throat with no more room inside of him! Urine spilled from his mouth as he choked, unable to drink anymore. She slid forward and started to shit into his piss filled mouth, her feces were mushy and pushed in, forcing the urine to spill from the sides of his lips!

He could feel the shit filling his throat as everything went black!

He woke up sputtering and choking on his side as the redhead who brought him in stood above him holding her mouth and gagging. There was a massive pile of feces below Jimmy's face as he puked off the side of the stretcher. As he stopped, the redhead rubbed his face roughly with a towel and then shoved him back through the wall where multiple girls were waiting.

As soon as his head was pushed through, a butt naked girl was waiting. Before he was even settled she was sitting down and letting a wet sloppy shit loose. It filled his mouth and puffed his cheeks out as he swallowed and struggled to keep up! Her feces burned his throat and he could feel hard pieces scratching on the way down! His entire head felt like it would explode! And the room was spinning! The girl above him grunted and pushed letting another blast of her liquid feces into his mouth as a bunch of girls gagged! It was much harder to eat with multiple women gagging and choking around him!

The girl stood and wiped while wet shit dripped from her ass!

The next 3 hours was a horrifying repeat of multiple girls shitting down his throat until his body was entirely full. He would be pulled through the wall and forced to puke as everything came back up, only to be pushed back through the wall for another serving. Every time he prayed for Brittany to come and save him!

3 HOURS LATER

“Goddess?” David asked sheepishly

“What?” Brittany replied a bit annoyed

“Your brother, do you think he is alright?” he asked

“Slave, one more time, and I swear to god i’ll use you as a toilet for a week and make my brother starve! Although i’m sure after tonight he could use a week off” she laughed and took a swing of her vodka and coke.

She leaned over and bit Davids neck hard while giggling and he could tell she was really drunk.

Jimmy woke up with a thick blonde girl struggling to pull up her pants. His mouth was stuffed so thick and packed with feces that he couldn't even close it. His eyes were watery as he looked up, praying for some sort of compassion as the girls fat ass wriggled back and forth.

The bathroom was a complete mess and most girls didn't want to enter. The hallway was empty except for a few drunk girls.. Jimmy had no idea how late it was. Suddenly he was pulled through the wall into the dingy shit filled bathroom he used to puke in, he looked up and saw the brunette organizer who greeted Brittany. She was holding her nose as she pushed jimmy into the hall and back to the side room where she and the redhead took him away from Brittany.

The room was empty and she walked around the stretcher slowly. He watched her fat ass wriggle back and forth. She bent down and peeled off her leggings then sat over Jimmy's face. The stretcher groaned and bent a bit under her weight as she settled onto his face. He prayed for Brittany to come in and save him! He couldn't handle anymore!

Her thick ass cheeks wobbled a bit as she got into place and grunted, pushing out an incredibly thick and mushy log of shit! Steam came from his mouth as it mushed against the back of his throat and turned to a more oatmeal consistency. Her shit was so foul, it rivaled any of Brittany's worst shits. He dry heaved under her ass and choked out his nose spraying some shit out as she laughed and pushed down on his belly! She pushed again and let another thick mushy log out, Jimmy's eyes were about to pop from his skull! He tried to scream knowing nothing would come out!

After a few minutes she stood and wiped, then straightened her leggings before texting Brittany. A few moments later Brittany and David appeared, both visibly drunk as they talked with the organizer for a few minutes. She invited Brittany to bring me back anytime and offered to pay the same rate! I could feel my heart sinking to my stomach as Brittany agreed and told her to email anytime they were having an event!

Brittany put Jimmy's chair up into a sitting position and plopped onto his lap heavily, crushing his frail and broken legs as she closed her eyes and began to pass out!

"Push me to the car David" she demanded as he followed the orders and pushed the wheelchair. He could see her ass sinking down on her brothers broken thighs and felt horrible.

Jimmy passed out from the pain and woke up back at home. It was pitch black and he was in the bathroom. He could hear Brittany's bed headboard pounding against the wall as she fucked her new slave into submission.

BRRRFTTTTTT

He could hear her gas reverberate through the walls of the house and gagged. He could still feel the shit from multiple girls in his belly as his broken body struggled to digest it. What did I ever do to deserve this... Jimmy cried in the dark alone

5 MONTHS LATER

Jimmy was alone in the dark bathroom when Brittany rushed in. she was wearing a beautiful dress and throwing things around getting ready. She

brushed her teeth very quickly and Jimmy could see her thick ass jiggling beneath the thin dress.

She put her toothbrush away and then quickly hiked up her dress, swinging a leg over Jimmy and guiding her asshole to his lips without even looking back. She had been using him as a toilet for so long now it was second nature.

Jimmy relaxed his throat, getting ready, but it was never a pleasant experience. Her felt her anus dilate as it pushed out and very quickly his mouth and throat were packed full of mushy warm feces. She grunted expelling a bit more before quickly wiping. She was in such a rush when she stood up to wipe, Jimmy's mouth was still packed to the rim with her sticky waste.

She rushed down the stairs and out the front door!

“BYE MOM BYE DAD”

And the door slammed.

Jimmy struggled to finish the shit in his mouth, with no urine to wash it down the feces dried to the inside of his throat. He fell asleep in the dark.

LATER THAT NIGHT

“MOM, DAD, LOOK, ISN'T IT BEAUTIFUL”

“OH MY GOD, CONGRATULATIONS. I'M SO HAPPY FOR THE TWO OF YOU”

Jimmy could hear a commotion and tried to listen to figure out what was going on. Everyone was celebrating and congratulating Brittany on something.

He heard a pair of feet coming upstairs as Brittany walked in and straddled his face with her pussy over his mouth and nose. Her urine began to flow as jimmy gazed up her belly and past her tits. She was holding out her hand and admiring something. Her could feel her urine splashing down his throat and the taste was very dull, he could tell she was drinking heavily.

She stood up and bent over, holding out her hand!

“LOOK JIMMY”

She had on a huge engagement ring! It looked terribly expensive!

“DAVID PROPOSED” she said with a drunken smile!

“I’ll be back later”

She stumbled out and slammed the bathroom door!

3 MONTHS LATER

David pushed Jimmy’s wheelchair into the back of the large moving truck, making sure he was steady and wouldn’t roll around. Brittany pushed past him and dropped a large heavy suitcase onto Jimmy’s crippled legs. A loud crack was heard as the case sunk down and then hit Jimmy’s face.

“Please Brittany, i hate it when you treat him like that!”

“DON’T TELL ME WHAT TO DO OR HOW TO USE MY THINGS” she yelled before leaning in to kiss him!

“Now finish packing” she said as she hopped down and said goodbye to her parents.

Jimmy watched from the back of the truck as David tossed a few final bags and boxes inside. He could see his parents crying and hugging Brittany and no one even gave Jimmy the slightest glance, it was like he did not even exist. The truck door slid down and Jimmy was in the dark, his parents were gone, and he was totally under Brittany’s control.

He could feel the truck pulling out and moving as the boxes and suitcases rattled around. They drove for hours before stopping along the way. The back never opened, Jimmy figured Brittany and David were probably eating somewhere. The truck began to move again, it traveled for hours and hours, they must have been driving through the night. Jimmy dozed off and woke up, assuming it was morning as the truck came to a stop. It sat idle for about 45 minutes and Jimmy figured Brittany and David were eating breakfast!

Very soon he could hear Brittany’s voice.

“Hurry hurry **HURRY**”

“I’m going Goddess!, are you sure you can’t use the normal bathrooms?”

The truck door slid open and David helped Brittany up as she cut a rancid fart in his face.

“**HE IS MY TOILET, NOW CLOSE THE DOOR**” she yelled

Jimmy could see they were in a parking lot at a rest stop before the door slid closed, David left it open a few feet at the bottom so light could get in. Brittany was sweating and struggling as she pulled down her tight jeans and let a very hot and nasty pre-shit fart loose.

PRRSSSSSSHHHHHTTT

Brittany pulled down her jeans, her fat ass cheeks popping out one at a time as she bent over and pushed Jimmy down into a stretcher position. She sat quickly on his face and instantly blasted his mouth full of a mushy, mud consistency shit. It flowed from her asshole with gas blasting out every few seconds and echoing into Jimmy's throat. David could hear from outside the truck and began to gag and choke. He ran to the side of the truck and puked up his breakfast as a few people in the parking lot looked over.

Brittany moaned and wiped some sweat from her forehead as she blasted Jimmy's mouth. She could feel her asshole burning and knew this was a horrible shit, but she hadn't fed Jimmy all day so it was most likely needed.

Jimmy felt like he was dying, her shit flowed down his throat with no restrictions like water in a hose. He could feel the waste rapidly filling his belly as he got light headed and began to faint. The smell was so horrible, like rancid cabbage and rotten cheese, everything went black as he passed out.

Brittany closed the door and hopped into the passenger seat as David finished throwing up.

"COMON, LET'S GET MOVING" she yelled as David wiped his mouth clean and got in.

David had been driving for 24 hours straight, Brittany leaned her head on the window, feeling relieved from her shit as she drifted off to sleep again leaving her new slave/husband to drive.

Jimmy woke up as the back of the truck door slid open. David was moving boxes out and he could see a beautiful huge house. Brittany didn't carry a single box and immediately went inside to look around. After a few boxes were moved, David immediately moved Jimmy from the truck to give him some fresh air, he could still smell his wife's shit on the boy. He turned Jimmy around to give him a view down the hill from the side of the house and in the distance was the Golden Gate Bridge!

"This is San Francisco" he said politely to Jimmy before Brittany called him

"SLAVE... GET MOVING, THESE BOXES AREN'T GOING TO MOVE THEMSELVES" She screamed from the front door.

"Of course goddess" David pushed Jimmy inside and then began to unload all the furniture and boxes.

Brittany walked over to Jimmy and wheeled him into the bathroom before looking back to him and flicking off the lights.

"Your mine now, and no one can save you" she smiled horribly and closed the door. Jimmy began to cry...

...

...

...

...

...

20 YEARS LATER

Jimmy was dying, he woke up every morning, spluttering and choking, feeling liquid inside of his lungs. Even though he was paralyzed he began to feel his body. His feelings and senses had totally returned, but since he had been eating feces for so long, he had deteriorated to such an amount where he was immobile. Sometimes he could move his fingers and dreamed of having a life, a wife, and children. But that was all wiped away with the morning rush. He started to hate Brittany and her daughters for what had become of him. He knew that with rehabilitation and medication he could have recovered, but Brittany condemned him to a life as a toilet.

Brittany had 2 daughters, twins, Mercedes and Paris. Both girls were absolute nightmares. Countless nights Jimmy spent awake listening to the girls screaming and fighting. Brittany taught the girls to treat their father like a slave and an ATM machine. They were entitled and rotten girls who shared not only Brittany's personality, but also her ass and ability to pass gas more potent than any man! They grew older and more horrible and Jimmy feared the day when Brittany would allow them to begin using him. That was 1 year ago today, and every morning began with a gauntlet of shit from hell that pushed Jimmy to the edge of death.

Mercedes walked into the bathroom, half asleep, and backed up her fat white ass, her thick cheeks jiggling back and forth. Jimmy watched in horror and prepared as she her ass hit his face, her cheeks wobbled as she wiggled back and forth finding his mouth with her asshole. She holds

a cup under her pussy and began to piss violently as her shit started to snake into his mouth. Her feces were thick and hard to chew, so he used his tongue to mash it against the roof of his mouth making a paste.

He began to choke and gag as Mercedes relaxed and pushed out more, ignoring his choking, he could feel more coming as she let loose a quick burst of some liquid shit then more of her thick shit. Jimmy was about to pass out, he continued mashing her feces in his mouth and struggling to swallow. Whenever he pushed the shit to the roof of his mouth it exploded with shitty flavors overwhelming his senses. Mercedes got up and turned around slowly pouring the cup of her dark yellow morning piss down my throat like it's a drain. I choke and splutter and she laughs!

I watch her leave as i continue to mash her feces with my tongue, trying to get the taste from my mouth. Less than a few minutes later, Paris comes in. She has a gastrointestinal issue and isn't supposed to eat any grains or dairy, but constantly ignores her strict diet which causes her to have absolutely unbearably rancid shits. She walks in quick and rips off her thong, sitting down and blasting my mouth full of her shit. It's always extremely soupy and burning hot.

The first time I experienced her waste i threw up all night. Brittany had to bring me to a doctor the next day. But I learned how to deal with it and have a 90% success rate. I close my eyes and open my throat like i'm taking a shot, I remember back to my college days the few times I drank. Her anus contracts a little and then explodes, her shit rushes out and the trick is to not react, I keep my throat open and allow the liquid to flow right down. I can feel her waste hitting my tonsils as the smell escapes from my nose. Slowly I exhale from my nose as she shits, i can feel her sweaty ass cheeks gripping my face and try to ignore it, concentrating on keeping my throat from closing. As soon as she stops i take a slow sniff, not overwhelming myself with the over digested dairy aroma before she

begins again. I can feel the burning waste pooling in my stomach and making my intestines churn, my body is trying to reject it already.

She readjusts her ass on my face, and I almost lost it. I get a strong whiff of her shit while i open my eyes and catch a glance of her shit stained asshole. The feces are a bright yellow and have bits of food in it. She sits down again and lets loose, continuing as she empties her bowels, the end is the worst, it gets very acidic and hard to swallow as she lets little farts and spurts of shit out. I keep my eyes closed and purse my lips together as she stands and wipes. She leaves and closes the door to keep the aroma from wafting into the hallway. The hard part is over, now I just need to keep it down. I take deep breaths, in through my nose and out through my mouth. It's important to try and calm myself and be ready for the third and final feeding of the gauntlet!

The door opens and my heart races! Please no, it's too soon! But i see David and relax. He walks to the sink and fills up a cold glass of water before slowly sitting me up and then letting me have a drink. I'm so grateful, it washes the horrible taste of his daughters shit from my throat and I choke and gag on the fresh water!

The bedroom door opens as he pours out the glass, lowers jimmy's wheelchair to a stretcher and quickly leaves, pretending he wasn't even here and slipping out before Brittany catches him giving me water. I see him silently going down the stairs, probably to cook his spoiled daughters breakfast, as Brittany appears at the door. She's 42 now but still looks like she is in her 20's. David on the other hand looks like a 60 year old from the lack of sleep, stress, and abuse inflicted on him 24/7 from his wife.

Brittany walked in with a smile.

“Good morning Jimmy, how are you feeling?” she asked rhetorically as she lifted her expensive silk robe and dropped her pajama bottoms. Her ass was so large and round.

BRRRFFFTTTTTTTTT

A sharp fart echoed in the bathroom as she laughed

She swung her leg over jimmy’s chair and bent over in his face

Jimmy watched in horror as Brittany's fat ass cheeks jiggled above his face. She spread them wide and sat with her anus pressed to his lips. He would never get used to this, it was just like the first time and he still remembered it! He wished he had never been so nice, if his parents hadn’t asked him to wash her car 20 years ago, he wouldn’t be a toilet.

He reminisced about his life before this as a thick massive turd pressed through his lips and scratched the skin of his throat, it was a monster. He remembered the day it all began, waiting outside school as Brittany mounted his shoulders, she was so heavy but he would give anything to feel her weight and walk again.

The massive shit began to break off as it slipped down his throat slowly landing in his stomach. He closed his eyes imaging his old home and kitchen, and his last meal before the accident. He had a piece of cold pizza from the fridge and some slices of apple.

BFFFRRTTTTTT

A sharp fart echoes into Jimmy’s throat as Brittany begins to grunt and push another thick turd out. It was so hot and hard, it burned his throat. Jimmy thought back to how his parents could do this to him, what sort of life was this. If he had to power to he would end it in an instant, anything

to be free from these terrible women, but he was trapped! He watched as Brittany stood and began to wipe and Paris started to frantically knocked on the bathroom door!

“MOM HURRY, I HAVE TO GO AGAIN”

“Alright hold on Hun” she wiped quick and opened the door as Paris rushed in, tearing down her pajama bottoms and throwing her ass onto my face, flooding my mouth with her hot diarrhea.

I cried as her feces forced its way down, i messed up and my throat tried to close as her feces filled my nose and lungs. I passed out in horrible pain and woke up to the house quiet. This was my life, I had no idea how long it would last. Would I eventually live to serve Paris and Mercedes cruel daughters as well? was god really that cruel? Many days i'd dream of what i could have possibly done in a past life to deserve such horrible torture. Was i a warlord? Or a serial killer? Or was this all just some cruel joke? Maybe there was no god and this was just chance. I didn't know what the answer was, the only thing I do know, is that i am a toilet.

The front door slammed closed and I hear one of the girls feet coming towards the bathroom. My heart begins to race as I cry.

THE END
