

Haha, I gave you a real scare, didn't I?

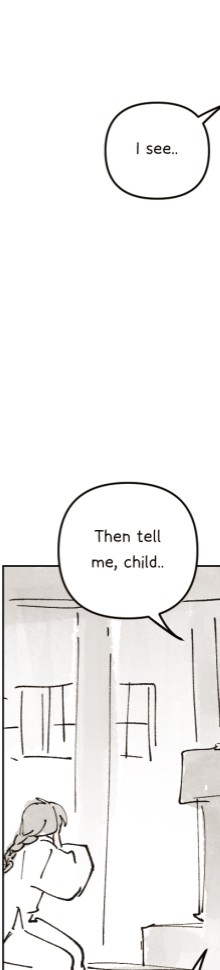

Relax~

There hasn't been an execution in months!

Why would you believe me, silly child?

XD

BECAUSE YOU'RE THE QUEEN?!?!

I guess it can't be helped, huh..?

I thought I'd atleast.. be able to pay you back..

..Ah, excuse me.

I'm grateful, your Majesty..!

But I have no interest in politics..

I see..

Then tell me, child..

What would you like?

If it's within my power

You can have it..

A-anything?

Anything.

This is the perfect time to ask her for a new farm..!

Or should I ask for gold instead?!

Gold is always good, right..?

No.. I need..

My home..

Huh?!?

WHAT AM I DAYDREAMING ABOUT?!

ARGHHH!!

..Are you okay?

I apologize, your Majesty, we've been on the road for a long time so I'm afraid I'm a little tired.

Can I tell you what I want later..?

Of course, dear.

I'll send my doctor to give you something for the headache.

Thank you..

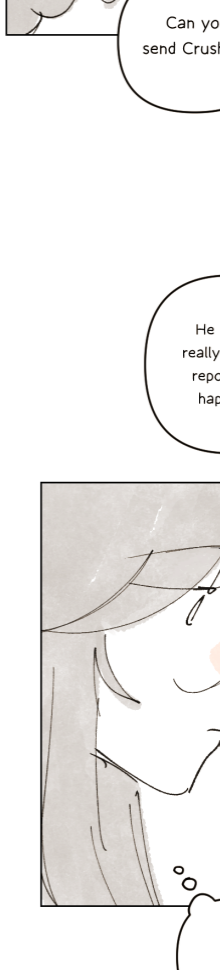

Can you send Crush in?

He seemed really eager to report what happened..

Hm?

Those are your meds, your Majesty?

Ah, yes.. I have to take them everyday.

But.. my health kept deteriorating..

But the royal doctor told me to keep taking them, He's quite persistent..

at least they're yummy..

I see..

Those pills..

They smell weirdly sweet.. and familiar..

Did I imagine it..?

Go fetch Crush for me.

Yes, ma'am.
