# Reaching for New Horizons

The launch of VORE ILLUSTRATED heralds what many people had told me would be impossible – expanding the vore art scene beyond its roots in cyber space to create a tangible, physical product. The theory went that nobody would want anything vore-related that wasn't either hidden in a secret computer folder or saved on some obscure, dark corner of the internet because so many people keep this fetish as a closely guarded secret. Perhaps times are changing, because here we are with 250 copies being pre-ordered in the first printing! It seems that now we are now on the precipice of a genre-wide renaissance, with the quality and diversity of vore artwork being at an all-time high.

In my own work, I strive to raise the bar for what people will expect by trying to do something new and cool. Besides aiming for high production value, I hope that maybe something I create may inspire someone else to push the creative envelope in their own unique way. This magazine, with its collection of innovative and sexy work from both newcomers and some of top creators in the vore art genre, was conceived to hit those ideals – something new and cool...

Over the course of more than two and a half decades, the vore art scene has developed and grown into a thriving online community with dedicated fandoms, amateur artists alongside professionals, storytellers, and myriad subthemes being explored. These pages are a celebration of the dedicated artists and creators that have toiled away in shadows to express themselves, against the odds, and created an entire fetish art subgenre in the process.

As an anthology, VORE ILLUSTRATED is a collection of works (both new and old) from over a dozen different artists. The entire idea would have fallen apart immediately without the gratuitous and generous contributions of everyone involved. Thank you so much, both to the Kickstarter supporters that helped finance this issue's production cost and especially to everyone who made the art that lines these pages! We'll be back in the Winter with the next issue!

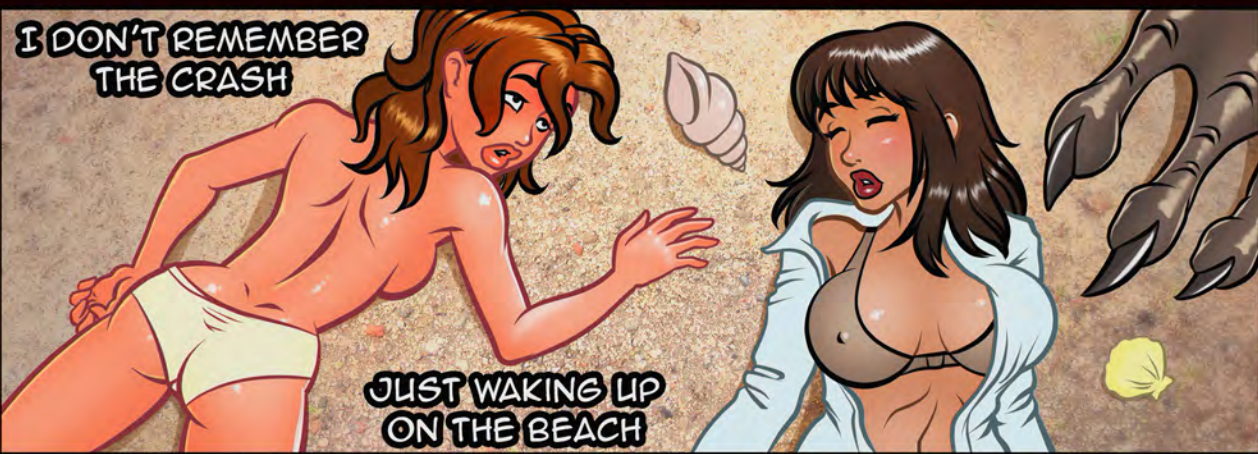

In the meantime, it will be business as usual for Secret Stash Studios. If you want to support our studio you contribute through our Patreon, where funding supports our game development work on "Cretaceous Seas – Ayla's Story," and where you can also get new vore comics on a monthly basis.

We will be accepting comics and pinup submissions (for that Winter issue). Besides being a showcase for top talent, I want to use this new platform as means to give new artists and writers increased exposure. If you're interested in being featured here, I can be reached on Discord (ryanc#4720) or you can message me on the Secret Stash Patreon.

I DON'T REMEMBER  
THE CRASH

JUST WAKING UP  
ON THE BEACH

A SAW ONLY ONE  
OTHER SURVIVOR

AND THEN ONLY  
BRIEFLY, JUST BEFORE  
THE CREATURE  
TOOK HER

I COULD  
ONLY  
WATCH

UNABLE  
TO  
HELP

ONLY  
WATCH

AS IT  
ATE  
HER  
FOR  
LUNCH

THEN IT WAS GONE...

AND I WAS  
ALONE AGAIN ON THE

**ISLE OF  
PERIL**

THE ISLAND PROVED A HARSH TEACHER...

MY FIRST LESSON?

HOW TO DROWN IN QUICKSAND

AND AFTER EACH "LESSON" I WOULD AWAKE AGAIN ON THE BEACH

...AS IF FROM A DREAM

IT WOULD BECOME A COMMON OCCURANCE

THE LOCALS SEEMED FRIENDLY ENOUGH

SOME OF THEM VERY FRIENDLY

THEY EVEN INVITED ME TO A FEAST IN MY HONOR

AS DID THE ANTS

AND THE SNAKES

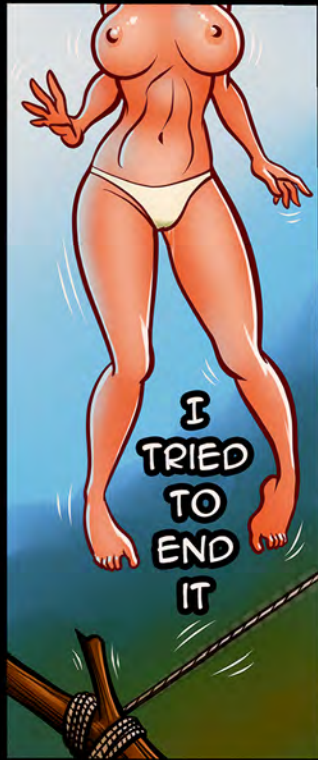

AND THE SHARKS

AND I ALWAYS WOKE UP  
AGAIN ON THE BEACH...

TRAPPED  
FOREVER  
IN A HELL  
OF GREEN  
AND BLUE

I  
TRIED  
TO  
END  
IT

I  
TRIED  
JUST  
GIVING  
UP

MMNPH  
NNN!

I TRIED TO ENJOY IT

I SOON CAME TO  
ACCEPT MY PLACE  
IN THE ISLAND  
FOOD CHAIN

EITHER AS  
PREDATOR

...OR  
AS PREY

Oh...  
Oh YES!

IT WAS ONLY THEN THAT I SAW THE CREATURE AGAIN

...AS IF IT HAD BEEN WAITING FOR ME

HE SEEMED TO CALL TO ME

AND MY BODY SEEMED TO ANSWER

I PRESENTED MYSELF AS AN OFFERING TO HIM

AND HE ACCEPTED ME...

COMPLETELY

PARDON ME, MA'AM, WE'LL BE LANDING SHORTLY

HUH?

I am the maker of the map.  
And I am Goro.

The Tomb the map refers to is  
my empty gut. My stomach you see.  
Inside my tomb, you will find  
treasure resting. There is always  
treasure resting when you follow  
the map.

You are a tomb raider  
aren't you?

You have come this far to  
find what the treasure must be,  
yes? The answer is quite unexpected.

The Treasure is in your stomach? And when girls  
like me follow the map...there is always treasure in  
there? Do they decide not to take it? Do you put more  
in there after girls like me come to get it?

I'm a little confused,  
but...If this is indeed  
the tomb...

I suppose it's time to  
raid the tomb...

No I couldn't  
And it is quite a  
large tomb...

My thoughts exactly.  
I can tell you are  
the curious kind  
of young girl.

Someone like you  
couldn't come this  
far and simply  
turn around.

Mmmm yes. Ahh  
Very good.

Shockingly soft,  
very well sculpted.

Ahhh scrumptious...  
Good thing this one came along.  
The treasure from last week was  
completely digested since yesterday.

I should start saving some  
treasure for a slow week.

Treasure?..No air..  
me?..wait,..no...!..!

Hahaha Goro's Tomb is once again full of treasure. Oh these girls are the best kind of treasure in the entire world.

It's a shame they don't get the trick before they enter my tomb. I might let a few of them go if that was the case.

Actually...no I wouldn't.

But I might save those one's for the slow weeks.

## A Letter to the Editor

Submitted by MuthSera

So, 2020 was a pretty weird year for me, but that's not exactly a unique experience. It was a weird year for just about everyone. I had it on good authority that psychologists & therapists everywhere were buckling under the pressure of keeping people sane while the general dread cloud loomed over everyone and everything. We all began to put that behind us when it ticked over to 2021. But me? I got a souvenir. A life change, because for me, 2020 was catalytic.

Meeting RyanC was an all around good thing. It gave me the push I needed to finally try a few art pieces of my own. I put together a quick Discord server for him and we became quick friends. A great community of fans & artists formed on his discord, and later on Venus's server as well. It was an un-expected delight, getting to know and interact with so many of the artists I'd just watched and been fans of, before. I even began making my own comics! My first comic was *Nadine vs the Ballerina*. The re-sponse was muted... Yet I remain proud of it. I mixed in more vore, and voila! Instantly more appealing.

Now, one year later from where I'd started? I have my own commissions, I commission others... I have my own little team I manage. I hope to build up, & make more. The friends I made along the way are now a great source of support. Showing off a work in progress is a joy. What a dreamy year it's been. Never been happier.

Nadine.

There's little I enjoy more than talking about Nadine. She met me in a dream, where she had pinned a police lass to the floor in the most degrading of ways. I woke up and had a friend put together *Midnight Snack*. That was before she had a name. As she goes from scene to scene, I've become aware of who she truly is. Not just a vampire, and not just a fun loving gal that can rock it in a little black dress. When she pins a girl down and smiles as her pet python starts on her, Nadine is our window into the world. Our character. Our agent and agency. Doing the things that others might love to do in her ahem very fictional position. She follows her vile little heart and loves what she does, and that often leads her to have lasses with their pants around their knees and an itinerary that includes a semi-voluntary one way trip to her snake's stomach.

She won't be my only OC, of course, and I'd never really liked vampires very much overall, but she's somehow snuck through the cracks and now I've got a fondness for her. Some day I hope to continue to write more of her actual story and make comics of it. It's so much fun, I can see myself doing it forever. (Shout out to my wife for inspiring, embracing, and supporting my work. Love you, dearest.)
