Erm...Jennifer?

Yes,
my dear?

**Would you be so kind
and open the door for us?**

**I am afraid, Dorothea and I
are just too tall for that!**

**What an attitude change.
I like it!**

Sure.
We tiny ones
are useful
after all!

**Don't be stupid, Jennifer.
You are always useful!**

BEEG!

**Then please don't gawk and
help us enter my office.**

****Hehehe, I know another place
were my small size will be useful!****

Erm...yeah...sure, hihi!

**That door sure
is tiny now...**

**I hope it doesn't pain her
too much. Poor Tiffy...**

So here we are.
Your medical office...

Right, Jennifer has never seen my work place before!

And also such a high ceiling.
Tiffany sure has planned
everything...

Typical Jennifer...

She is just so damn cute!

This place is awesome!

Probably the best thing about her is that she is so different from Tiffy, haha

Yeah, yeah, I know...

**The door is small
and I am too big.
I know, Jennifer.**

Impressive!

**I should have installed bigger doors
when I had the chance to do so...**

REAL Impressive!

Well, too late!

You should have listened to me.
Now welcome to my world!

So...BIG!

You have too much fun with this,
little lady!

Hehe...probably!

You too, I might add!

Am I also a little lady, big sis?

It was such a bizarre image for me...

Not...really...and neither am I!

Dorothea went right towards my PC...

Erm...Dorothea?

**Let's boot that
rusty hunk of junk!**

I mean, in the end, who was the doctor between us? ME!

**Do you even have ANY
idea what you are doing?**

Well...

My sister was smarter than she sometimes appeared, let me tell you!

Fair argument.

**...of course I do.
You did this hundreds
of times with me!**

Oh well. Please go on...
'Dr.' Dorothea Lockhart.

Hehe, I like the sound of it!

It was so weird for me, that our roles were totally reversed!

Let's see...

Should I... give her a hint?

I am forgetting something...

Nah, my sister figured it out on her own!

Oh yeah, we need to...

In order to progress...

Where was it again?

Wow!

Ah, there it is!

Like..WOW!

**Don't think I did not notice,
Ms. Davenport...!**

****Are you...****

****Just look at that...****

One last chance!

...serious!?!

All I can see is...

Times up, you devil!

****Time to show her...****

****I wish, Tiffany would
have such an...****

Jennifer Davenport?

Yes?

Let's give her one final sense
of false security!

Well...

What is it, my love?

A character with short red hair and a purple top is looking down at a floor vent. The character's face is partially obscured by their top. The floor is grey with a black vent cover. The background is a plain white wall.

I see what you did there...

****GULP!
I'm in trouble!****

And as usual, my sister was totally oblivious!

Found it! We can...

Probably for the best, I guess.

...erm...continue.

Because...

What have I...missed?

Have you learned your lesson!?

Sorry. Sorry. Sorry!

An anime-style illustration featuring two female characters. The character on the left has short, layered red hair and bright blue eyes. She is wearing a dark purple short-sleeved top and has a slight, knowing smile. She is looking towards the character on the right. The character on the right has long, straight blonde hair and is wearing a black top. She is seen from the back, looking out a window with white horizontal blinds. The background shows a balcony railing and a view of greenery outside. The overall style is clean and colorful.

What will you no longer do?

I will stop looking at your sister's...

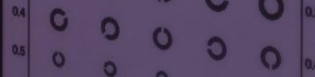

Hehe, aren't you cute?

I promise, I...huh?

Whatever I have missed...
you two are one odd couple, haha!

And I love both of you!

You truly know how
to use your weapons, sis!

And you wonder, why I am
so envious of your boobs!

Hehehe...

What can I say?

Sometimes, you have to teach your loved ones a lesson!

Isn't that right, you little devil?

Hehehe!

You are damn right!

See? Easy!

May I...continue?

Oh-oh!

Oh-oh?

Here I grow again!
