Xmas special

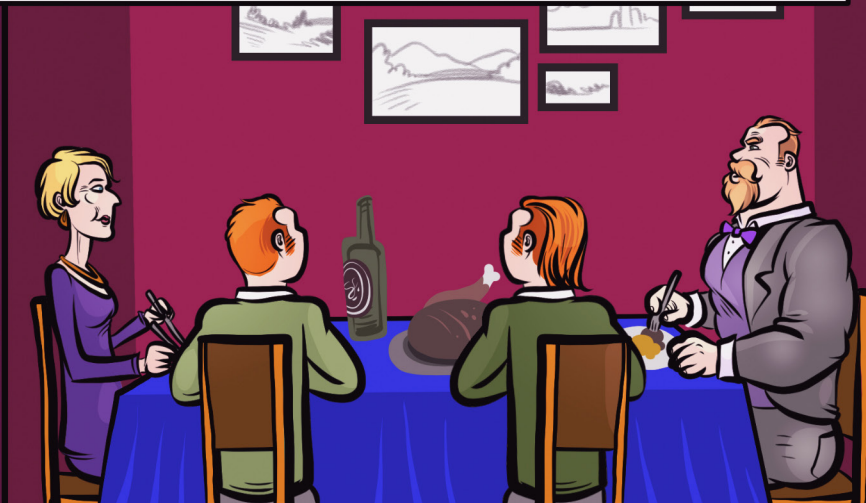

It was the night Before xmas and one Part of the o'Brians house (the twins' Dungeon) was not quiet at all...

Please Boys, you two have Been fucking my BUTT for hours, I need to get to my wife in time for Dinner! I will Be your Perfect man whore tomorrow, Please.

SUCK my COCK, Juan!

The two Boys would have kept him around But they were actually tired. They literally were fucking ALL DAY, so they Pushed a Butt-Plug into the man's Cunt so their Cum could stay inside him for as long as Possible. The Butt-Plug was even xmas themed!

After letting Juan go home the two Boys ate Dinner and slept without a peep. very strange for the two hellions. But their Parents Didn't question it and just thanked the stars for their luck.

The two Boys woke up in unison. They Both heard the same sound, someone was moving around Downstairs. They had an idea it was Juan Because he would Dress up for Crishtmas and give them Presents. They even Caught him once when they were younger.

Eric and Jake made their way down to their tree and saw a really Big BUBBly ass Clad in red and white. The two got excited and went down to him quietly, they really got good at sneaking when they were in their groping Phase. The Big man never saw them Coming.

What was that sound...?

SHUSH!

Juan's ass looks even Bigger in red!

That time Juan took off his Beard when he ate the Cookies, so they reconized him. They already Didn't Believe in Childish stuff like Santa and his DUMB elves. To them it was even Better than Santa Because they could GROPE him.

The two young Devils walked silently towards the man dressed in red and white and they assaulted him, squeezing his Big ass and Crotch..

OH MY! WHAT THE...?

SQUEEZE!

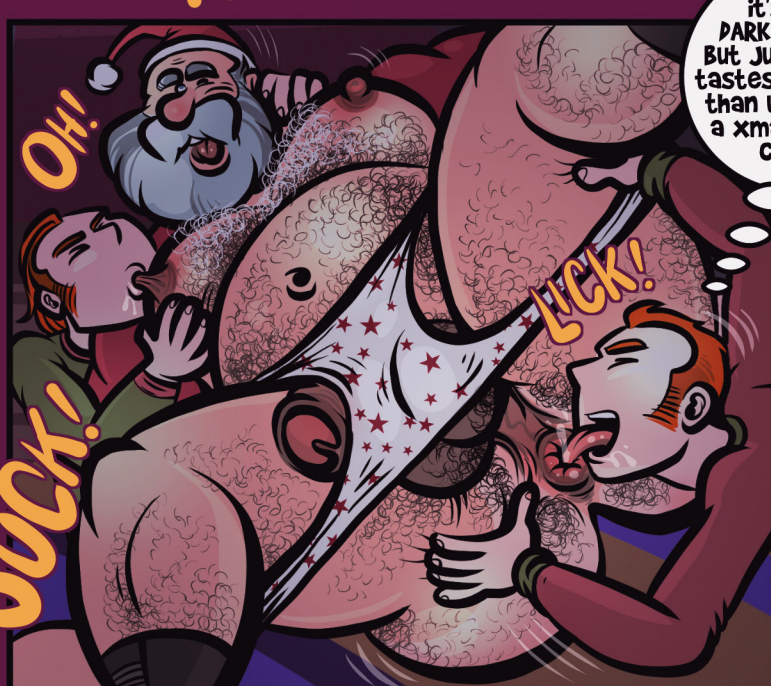

Hey "Santa" I know we are on that naughty list and I KNOW you know why...

Yeah "Santa" you really must Be in the wrong house.

B-Boys I-I Uhhhh... think you have t-the wrong idea....ohhh...

WOW...Juan ate too MUCH for the xmas Dinner...his Belly is huge!

OH!

SUCK!

LUCK!

it's too PARK to see, But Juan's Butt tastes sweeter than usual...like a xmas canby cane!

The two Boys wrestled the Big man to the ground one twin Began to suck the man's nipples as the other Began to lick the Big man's hole. All he could do was moan as the two Boys assaulted him.

P-Please... y-you
Don't understa-

Before the man could finish the Boy sucking his nipples had just shoved his cock deep into his mouth.

Oh my... for a young lanky young man
this is a very thick and Big cock!

The other Boy was licking his hole, he could not Believe it felt this good! His head was getting fuzzy from the feeling it gave him and as if By instinct, his anal muscles loosened.

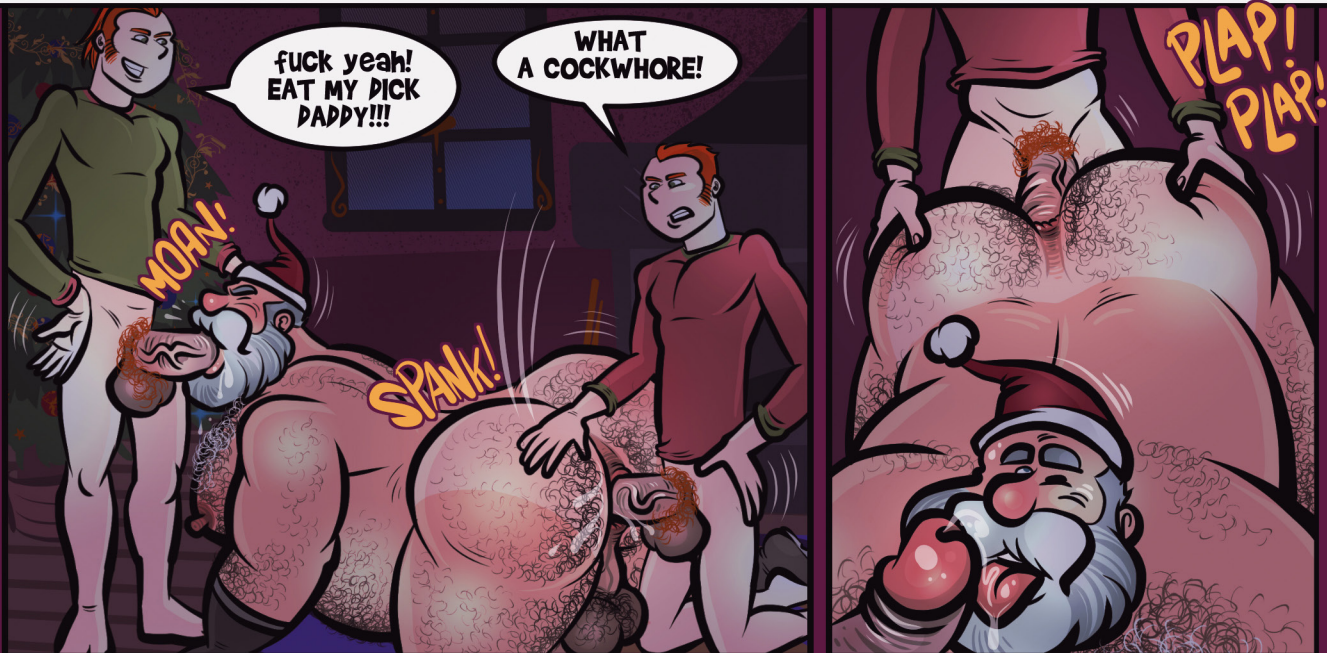

Wow Bro, I think Juan
has gotten a little tighter
since we last saw him!

Well it Doesn't matter, I
will stretch it Back out.

The man felt helpless, he had never felt like this Before...he was never used "Down there" for Pleasure Before. The Boys Didn't know it But they were actually fucking the real Santa claus. But at the moment it Didn't matter Because they were having too much fun to stop.

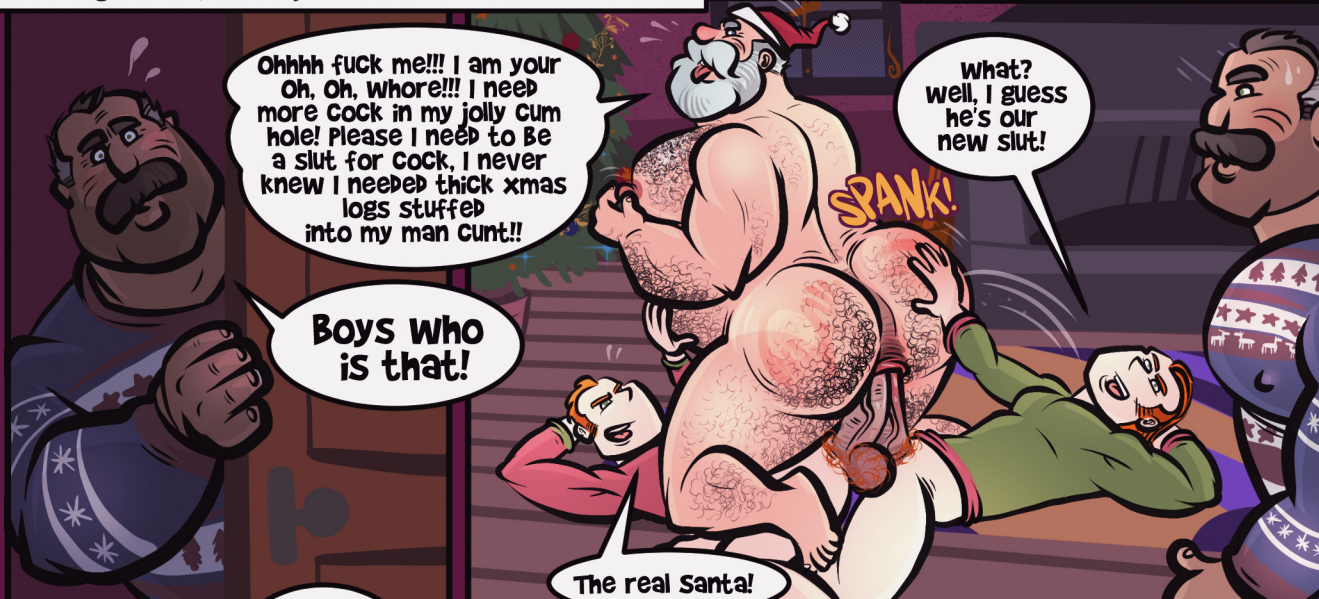

The room was too dark for them to recognize that he wasn't Juan, and they were too horny to think clearly. Eric Buried his Big Dick into that wide, hairy ass. He just loved the feeling of his Prick sliding inside a male, mature ass. It felt so good to Dominate such a huge, Powerful Body. Spanking the ass made it even more hot and wild. At the same time, his Brother Jake was forcing the hard cock deep into the man's mouth, trying to go deeper in his throat. He loved how a Beard or a Big mustache felt around his Dick. The huge Daddy Bear was shaking his fat Belly, Chocking on that hard Pole of meat. The twins loved it, and deep inside also Santa was having the time of his life.

The two were a bit selfish to say the least. So even after switching back and forth a couple of times they still didn't realize they were not fucking Juan. They just thought he was doing a very good Santa impression.

The O'Brian's villa was huge, the Parents room was very far from the living room, so they didn't hear any noise. Juan's apartment was closest though. He heard the noises and decided to go to check the situation. He walked in thinking there was an invader in the villa and saw the scene: a man that looked like Santa Being DOUBLE fucked By the twins...

The next moment the lights were turned on and the two Boys were surprised that the one they were fucking was not Juan.

The men were fucked in different positions, their Bowels filled many times with hot Cum. The holes were gaping and oozing SPUNK. The Big ass globes were red and swollen for the savage Spanking and groping of the twins.

Dude! I don't understand why dad keeps buying these weird, huge canby sticks. Let's give it a good use!

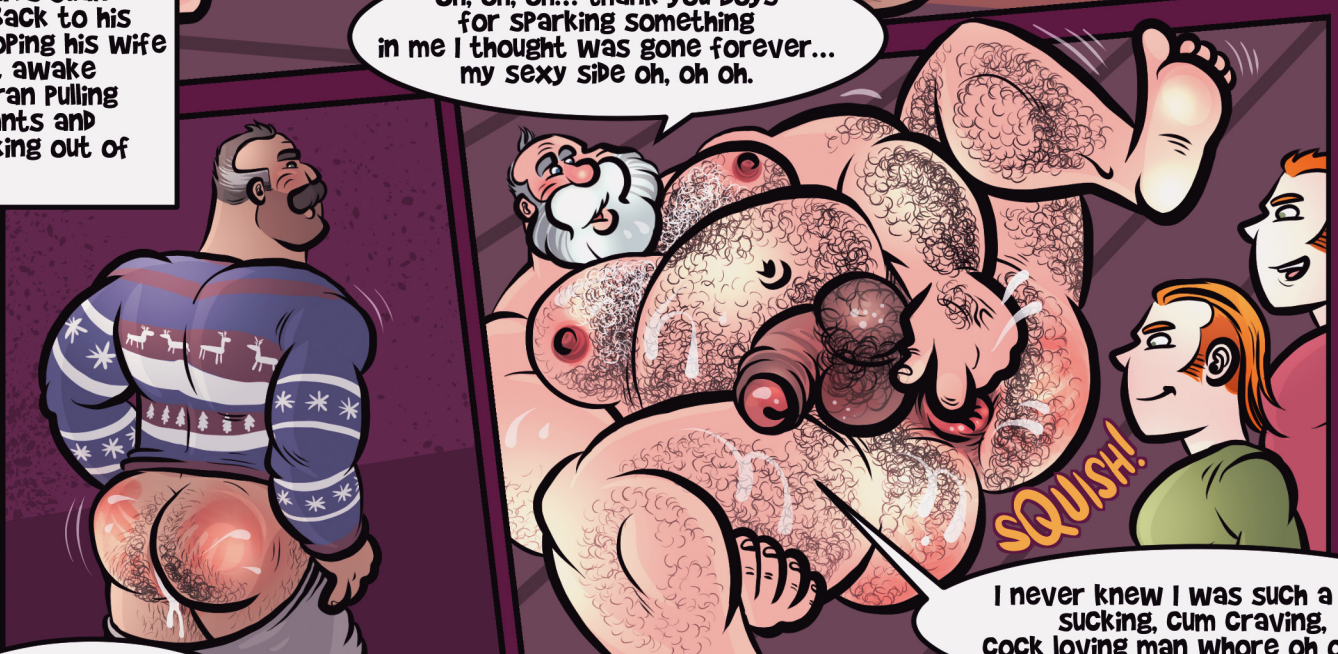

Eric and Jake's Dicks were finally resting, after multiple orgasms. They were still horny, though. Just the sight of those worn-out Dad Pussies made them horny again. They decided to have more fun...

By the end one Boy was stuffing Cock in each man's mouth.
Their two mature asses were Connected By the thick Canby cane stick.

Afterwards Juan hurried Back to his house Hoping his wife was not awake yet. He ran Pulling UP his Pants and Cum leaking out of his hole.

Oh, oh, oh... thank you Boys for sparking something in me I thought was gone forever... my sexy side oh, oh oh.

I never knew I was such a Dick sucking, Cum Craving, Cock loving man whore oh oh oh!

for helping me find my slutty side, I give you two these it is condensed lust... anyone who licks it will want to Become a slut like me...oh oh oh!!!"

And with that they watched the Big man Disappear in the sky on his sled. Eric and Jake were happy and satisfied, they waved to Santa, thinking what to do with the Canby Cane.

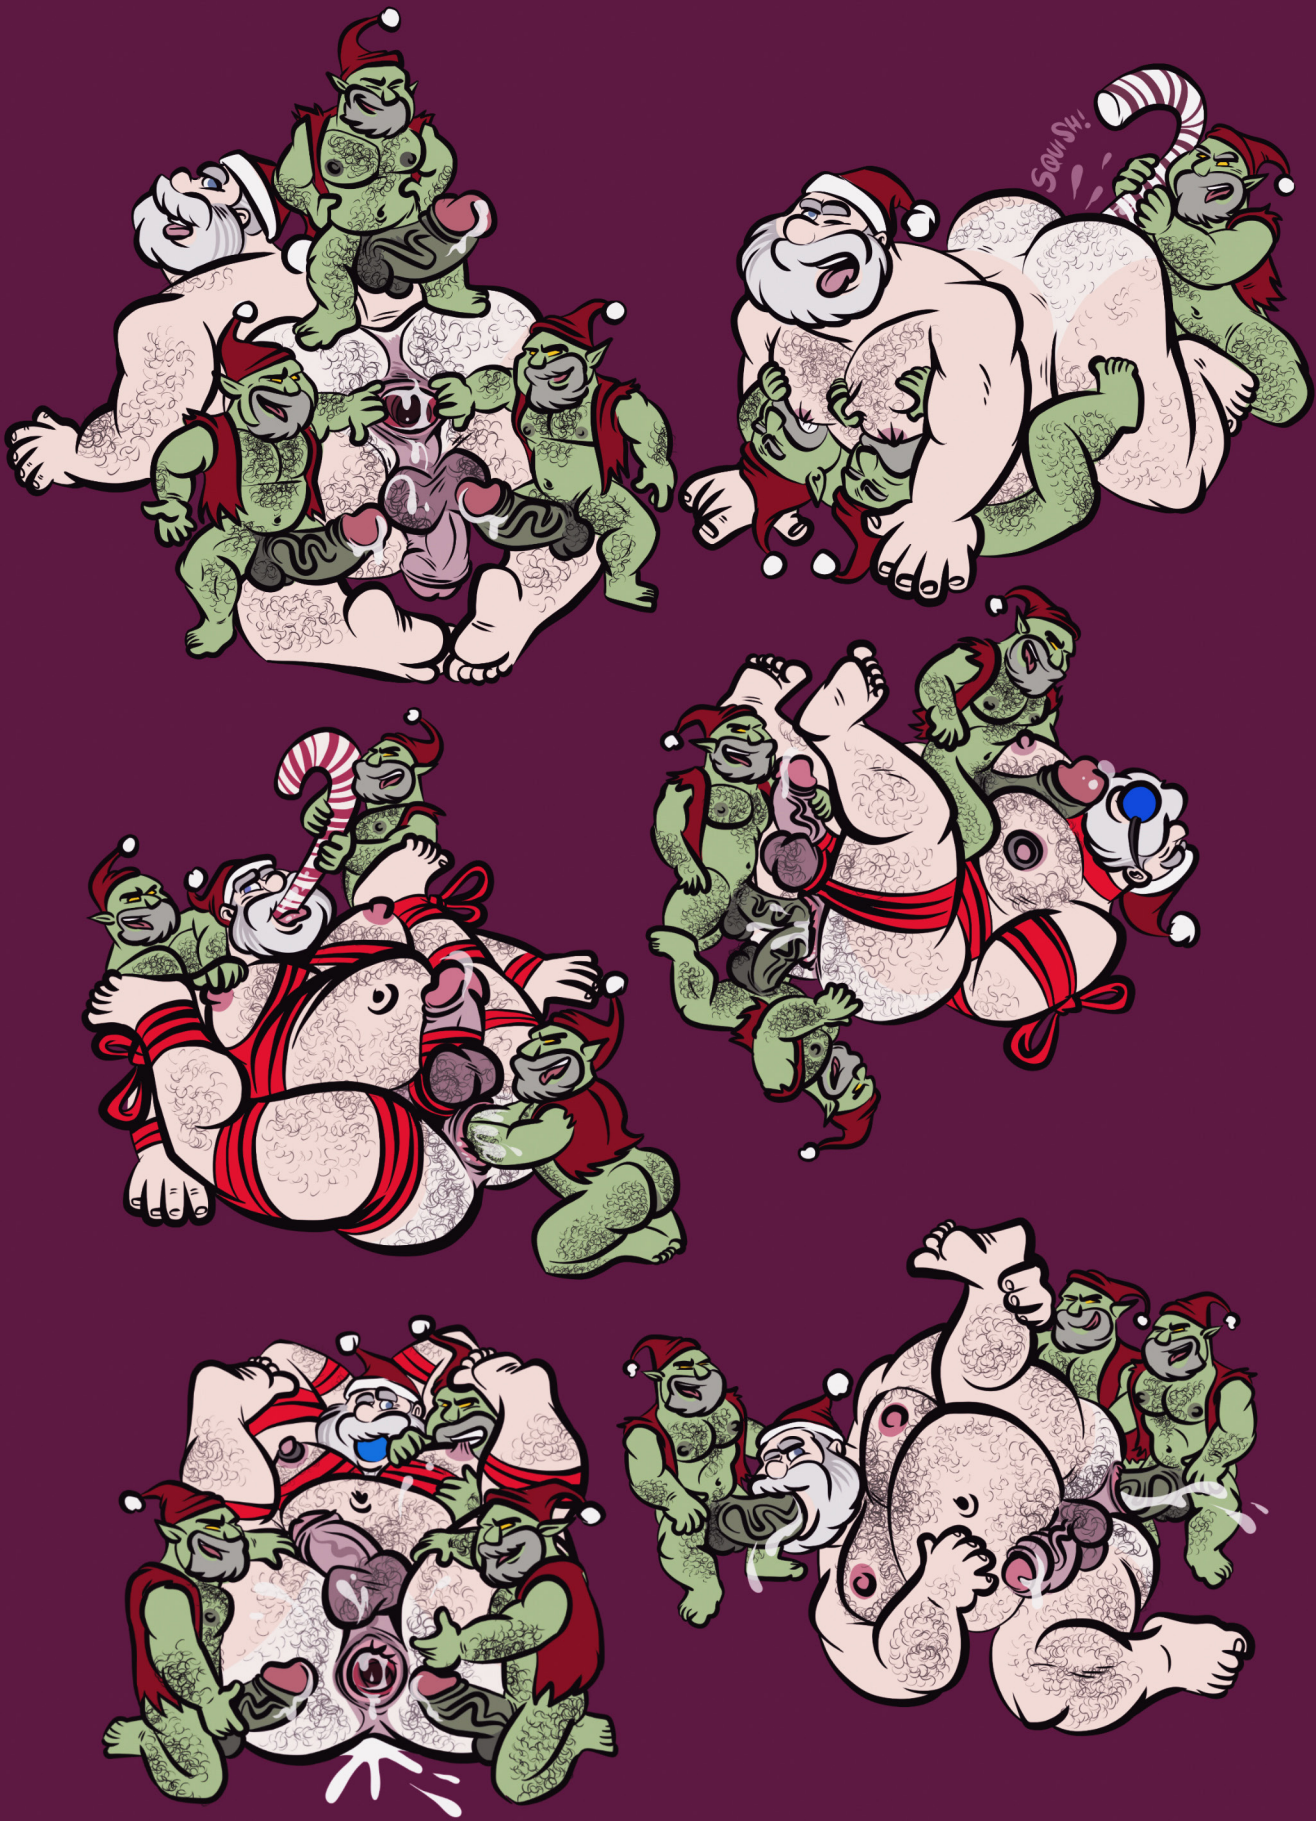

Santa was truly happy finally having sex after all this time. He could not wait to give his elves their additional Bonus this year: his slutty manpussy! He always knew his elves had really thick cocks and he could not wait for the epic gang Bang he was coming home to.

THE END!
