

Yuu: Ugh...my body is heavy...but I managed to catch the train in time. Even so, even though it's raining, her clothes don't seem that wet...

Man in front: Eh! ? And Yukari-san from the next class! ? But that girlfriend's chest... er, look this way, ugh... uh, I can't breathe...

Yuu: Phew, I feel a little better now... My body suddenly feels heavy... why the hell? What's more, this feeling of tightness in my chest seems to have happened before... ugh, I can't remember...

The woman in front of me: Kyaaaaaaaa! Boobs ghost! ! !

The man in front of me: Ugh, my breath... but what is this happiness... this milk pressure and warm breast milk... even if I die like this, I won't have any regrets...

Yuu: Ah, eh...? It's raining inside the car...? Is it a water leak...? Somehow, I'm thirsty... Water... I only have potions, but it can't be helped...

Man in front: Eh! ? No! It's getting bigger and bigger... Hey, wait, this is really dangerous, uh...

Man A in the back: (What is this woman, she's funny) Whoa! Exposing such monster boobs! The skirt is also this short, so that's what it means, right? Hehe...

Man in the background B: If you're thirsty, I'll give you mine! (Puts out Ji O po)

Yuu: Kyaaaa! What are you going to do! ?
