***(you're gonna be in a hushed tone/whisper the whole time)***

There you are~. I was looking all over for you. I should have known to check the library first, how stupid of me. Aww, don't give me that look. I'm just here to study, same as you. Though, I could use a study buddy. What do you say? Help me out here?

...

Jeez, that's harsh. Fine, but I'm sharing the table with you. And don't even try to move somewhere else, cause I'll just follow you. I get lonely, ya know.

...

*(teasing)* What? I'm just looking at your notes. Is that a crime now? You can't share your stuff with your friend? *[laughs]* You really do hate me, don't you? What can I do to get you to change your opinion about me?

...

Leave you alone? No can do. I like being around you too much. You always bring me so much entertainment. Plus, it's nice to know someone else around here is on the same level as me, academically.

So...are you gonna let me take a peek at your notes or not? You can look at mine too. We can share, like friends do! I promise I have no ulterior motive, unless you count getting closer to you as one. Then yes, I have one ulterior motive.

Ignoring me now, are you? I see how it is. Trying to give me the silent treatment. Good thing I like to talk, right?

Who're you texting? A girl? Do you like her? Is she your crush? Whaaat I just wanna know more about you! Plus, I'm bored. You won't help me out so I have nothing to do.

Ok, maybe she's not your crush. Or...is it that you don't like girls? Are you more into guys? What about me, am I your type? If I give you a big kiss, will you finally talk to me?

...

*(teasing)* Whoa, lower your volume. This is a library. You're gonna get us kicked out with all that yelling. What's the matter? Trust me...I'm a good lay. I'll make sure you eat your words when you're done with me.

I love it when you glare at me. Makes me feel all tingly inside. Hey...are you sure you're not interested in something more...physical? I'm being 100% serious. Just imagine it...getting bent over this table while I pound into you. Doesn't that sound fun?

*[laughs]* There it is. Don't think I didn't see that blush creeping up since earlier...you wear your emotions on your sleeve, babe. It's cute. I like seeing you with your walls down.

Why are you crossing your legs? Did I get you worked up? You can't hide that boner from me. Need help with that? Why don't you touch yourself, hmm? Go ahead~. I'll make sure no one is watching...except for me, of course.

Don't just palm it over your pants...take it out. *[zipper sfx]* That's it. Look at you~. How are you so worked up after only a few words? Imagine the mess you'll become when I have my way with you.

There's that glare again. God, you're so hot. Now...stoke yourself...nice and slow. Yeah, like that. You're doing great, babe. Make sure to focus on the tip. Rub your thumb over it. Smear that precum around. Fuck...you're so wet.

You're surprisingly obedient. Who knew that behind that cute, angry face was a pervy little slut. Aww, did you like that? Your body twitched. You're adorable.

Slide your pants down more. Now, take two fingers and put them in your mouth. Get them nice and wet. The messier the better. Yeah...that's good. I want you to stretch out your hole for me. Start with one finger. Go slow. Keep stroking your dick at the same time.

Fuck...look how hard you've made me. Just the sight of you following my directions so well is making me so horny. *[zipper sfx]* I'll take care of this...keep doing what you're doing. Good boy. *[wet sfx]* Think you can add another finger? Yeah? Move them faster now. Find that spot that feels good inside of you...keep touching it. Curl your fingers a bit.

Shhh...keep it down, babe. You can't make any noise. We may be in the corner of this room, but there's still people here, remember? We wouldn't want to get in trouble before the good part starts, would we?

Yeah...I'll make sure you can keep pleasing yourself, ok? Just focus on my voice. Are you feeling looser now? You're doing such a good job for me. Hmm? What's that? You're gonna cum? Stop touching yourself. Don't cum yet.

Who knew you could whine like that? While I do love the cute sounds you're making, I have something else in mind...get on your knees. You heard me. Between my legs. Don't worry...no one can see you.

Such a good, obedient boy. Now...grab my dick. *[wet sfx]* Nngh...yeah...stroke it up and down. Try licking it too. Hah...fuck...you're so good at this. Take it in your mouth. Start with just the head. Mmm...shit. So warm...keep taking more and more. Inch by inch. I want to be fully submerged in your mouth. You can do that, can't you?

It's so hard to be quiet with you sucking on me like this...now I'm wishing we did this somewhere different. I can't hold back anymore. Fuck...do you think that study room is open over there? Let's go try. Come up here, babe. *[wet sfx stops]*

Pull your pants up. Follow me. Quickly. *[door sfx]* **(you can be a bit louder now)** No, keep the lights off. We'll only be here for a bit. Bend over. *[pants sfx]* Fuck...look at this desperate little hole...nice and stretched out just for me. Remember...stay quiet. *[wet sfx]* Nngh...so tight...so fucking good. Shit...relax a bit, babe.

We gotta make this quick. I don't know if I'd be able to stop even if someone were to come in here and catch us. I...need to cum inside of you. I feel so desperate right now...how have we not fucked before? Have you thought about doing this with me? Is that why you were blushing earlier? You're so fucking sexy...every time you glare at me I get so turned on...I love the way you hate me.

Shit, babe...I'm gonna cum. Are you close? Cum with me. Cum into my hand while I stroke you. Yeah...let go. Feel how good it feels when I'm fucking you. Nngh...fuck...I'm cumming...ah!  
*[loud moan]*

Shit...I came so much. We got a bit loud towards the end...hopefully no one noticed. *[laughs]* Fuck, is that the time? I wish I could stay and help you out, but I gotta get going...I have class soon. *[zipper sfx]* I really enjoyed that, by the way. Oh...and thanks for the notes. Took a picture of them while you were...preoccupied under the table. You're really helping me out here, babe. See you next time!
