

The New Stud in Town

RWBY

Modern AU

By Azure/For SB

Clutching the box full of heavy belongings, essentials, clothing, and other miscellaneous things, Jaune Arc carried his rather heavy cargo right up the steps to his new apartment. He stomped with one annoyed grunt after the other after having to do it himself, but still, he was actually quite excited to be living out on his own now and attending college.

'Ggh! I do them a ton of favors like going to the mall with them for clothes shopping, fixing Juliet's computer, tending to Saphron's personal violin recitals in her bedroom, and neither of them would have helped me out?!' Jaune mentally cursed as he finally arrived at the top of the steps leading into his floor. As much as he loved his sisters, all seven of them, he was rather annoyed right now and could use the voice of a friend. Struggling to get his keys out when he arrived at his door, he heard some shuffling noises coming from across his location, making him turn his head to see a cute petite redheaded girl with a short red sleeveless hoodie over her young body.

'Wow, that's a really cute girl. And is she a brunette with red highlights in her hair or is that all-natural? She's got nice legs too, plus, that skirt on her is just a bit higher than her thighs. It really gives her a cute and sexy appeal.' He thought to himself while admiring her, noticing she was struggling to get her keys out of one of her front pockets in order to open up the door in front of her face.

"C'mon...! Ugh! This sucks...! Thanks a lot, Yang, you and mom just couldn't spare the time to help me out here, could you?" She fumed cutely and dropped her keys from her grasp, silently cursing from inside of her head as Jaune noticed her plight and decided to help.

Being the gentleman that he liked to perceive himself as he put his own box of stuff down and went over to assist the girl.

"Here, let me help." He called out to her and crossed the hallway to head over to her, catching her attention and making her twist her head in his direction with a surprised look on her face. Jaune noticed from afar that she had remarkable silver eyes that not only looked hypnotizing but also adorable on someone like her.

'Huh? Huh?! Am I about to get kidnapped?! Oh no...! Where's my pepper spray! I've got to--!'

She was put on pause in her frantic overreaction and saw him bend down to pick up her apartment key and push into the lock on the door. Tilting the lock open he then pushed open the door allowing her to see the vacant insides of her new apartment. The girl then finally calmed down and let out a deep sigh she had been holding, feeling silly with herself for believing him to be an attacker of some kind. She briefly tossed him a grateful nod and walked on inside, placing her own heavy box full of model weapons, magazines, comic books, and various other nerdy collectibles save for clothes.

"Whew...! Thanks a bunch! I've still got a lot more boxes to go, but it should go easier now that the door is open. I'm...Ruby by the way." She greeted him with a chipper smile and offered her hand to him.

"Hey no problem, I'm in the same pickle you are actually. My 'Amazing' sisters couldn't spare a day from their lives to help me out with moving apparently. Ugh, the name's Jaune Arc. It's short, sweet, and rolls off the tongue. La--" He cut himself off before adding the line 'Ladies Love it' in fear of warding away the girl he just met. 'Scrap that line, that line has never worked for you before!'

"Ladies like my sisters like to make fun of me for it...." He ad-libbed, making Ruby actually giggle a bit in response. 'Whew, saved!'

"So Uh...you just moved here too then?" He guessed, trying to strike up a conversation and saw that he was remarkably easy to talk to this cute girl.

"Hm mm! You betcha, I'm just barely out of high-school and about to start at Signal college right down the street. My sister Yang was thinking about moving in with me, but....she likes to have her own wild freedom being the 'Party Girl' at her own apartment complex. Ugh, wish she had some restraint. Anyway....want to help me load the rest of my stuff into my apartment? I could really use the help and I'll be sure to pay you back somehow...." Ruby offered, feeling floored by how 'Handsome' the tall blonde boy appeared to be.

For the first time in a long time, she was feeling her heart skip a few beats at a time, this was frequent when looking at him and although she didn't want to believe in the fairy tale of 'Love at First Sight', she most certainly felt this was just as close to it.

'He's so dreamy! Mmnggh! I can't believe I actually found a nice good-looking guy here in these crappy apartments. It's only been creepy old men leering at me from the bottom floor until now.' She voiced within her head and saw Jaune flash her a friendly smile and a shrug of his shoulders, giving his answer away.

"Of course, I'd be happy to, but first, let me just go open my door real quick and toss my stuff in. I've....only got the one box right now." He excused and Ruby beamed a friendly smile at him and followed him out of her apartment to help him out the same way he helped her.

Starting off by picking up his keys from the floor, which he didn't know he dropped in the first place, Ruby opened up his apartment complex and allowed Jaune to drop off his stuff before leaving it to go help her out.

"It's right downstairs, my mom let me borrow her car for today in order to carry my stuff. She's still going to get it back once she takes an Uber here though, so I only have today to do this. Thanks again, Jaune.~" She gushed as they walked side by side down the stairs.

"Hey no problem, I was hoping to meet a cute new friend here anyway. Thanks for uh...talking to me, I kinda have trouble attracting women my age." Jaune jokes, half-joked anyway, and remembered the shuddering memory of more than a few cougars as old as his mother coming onto him when he just left highschool. One of them included the foxy platinum blonde Glynda Goodwitch, his old literature teacher, but he was too reminded of his mother Joanna Arc too often.

Otherwise, he'd take them on their 'Afterschool' offers.

"Hehehehe, you must be quite the heartthrob for older ladies, huh, Jaune?" Ruby giggled as they walked down the steps heading towards her car, ready to pack up and load everything into her apartment for the rest of the day.

When they finished up, both fresh-outta-highschool teenagers were resting atop of Ruby's comfortably velvet-matte couch in her living room feeling spent. Jaune was so sweaty that he became uncomfortably in his favored Pumpkin Pete hoodie, throwing that aside he wound up showing Ruby the sight of his surprisingly well-built body from within his sweat entrenched T-shirt.

'Wow....! He's....gorgeous! I can't take my eyes off, but maybe I can do something to help even the playing field. I honestly don't want to go too fast or ruin things by acting slutty in front of him when I barely met him today, but dammit it all I don't want to lose another potential boyfriend to Yang again. This guy's a keeper!' Ruby thought to herself before getting up off the couch and unzipping her sleeveless red hooded top before pulling it off of her body.

She was wearing a pink spaghetti-strap top that allowed much of her slender waist and lithe body to poke through with perky breasts pushing out into the fabric. Jaune noticed it full well when she had turned around to face him with a sheepish smile on her face. Ruby put her hands behind her back and leaned forward with a cute smile on her lips.

"Tee hee, I was getting way too hot in that, you know. Worked up quite a sweat moving everything here, want to get a drink? I've got sodas and water bottles only in the fridge right now though." She offered, keeping herself bent at an angle so that Jaune could steer his wandering blue eyes down her blouse to see the cleavage of her shirt.

'Gulp! Resist, Arc, resist! Sure she's a cute and honestly very pretty girl that might have it out for you, but..uh...wait, why am I hesitating? I've never had a girlfriend before, so why not be friendly with her until...the right moment comes along? I sure hope she doesn't have a boyfriend.' Jaune considered and nodded his head fervently with a smile. "Sure I'll definitely take one, thanks. Going to need to be rehydrated anyway for my personal tour around the complex, kinda have to do that so I can get used to it."

Ruby grinned and walked back over to the fridge in her kitchen, reaching into it and pulling out a bottle of water while admiring Jaune from afar.

'I sure hope he doesn't have a girlfriend already because I'd really hate for that to be the case. He's like the first boy I've ever been super comfortable around...maybe this is Destiny?' She wondered and walked back, carrying a bottle of water for each of them and placing herself next to him on the couch after kicking off her sandal shoes. "You know, I don't mind helping you get used to this place. My mom and I already toured it back before I signed up to move here. I can tell you where all the good broken vending machines are.~"

Jaune tilted the bottle back and drunk down the precious water into his system, feeling alive again and looked back over to Ruby with a friendly smile.

"That'll be great, thanks! Heh, I think this could be the beginning of a beautiful friendship, Ruby.~"

"Tee hee, totally. Hope you like comic books and cheesy action movies.~" Ruby asked as she sat down beside him, taking a moment to enjoy the friendly company and not let Jaune know how she was looking at his face. The petite redheaded girl couldn't help but stare at his profile and feel the heat rising to her cheeks creating a blushing effect.

Thankfully for her, Jaune continued drinking down his water until he drained the bottle completely. With a sigh, he tilted his head back and wondered that maybe he should ask Ruby out on a date, not knowing that she too was thinking the same thing.

'Should I ask him out?'

'Would she be okay with me asking her out?'

....

"Say...Jaune, how about I show you the apartment complex? You'll be able to find it's much more cozy and stylish in modern sensitivities that you'd think, but be sure to avoid the exit by the overpass. There's a crazy drunk old guy there that creeps on people." Ruby said, hoping that he'll take the bait, and when she saw him turning his head to the side to look at her, he flashed a friendly smile her way causing her heart to skip a few beats already.

"Y-yeah, let's go then. I'm all charged up and ready to check this place out." Jaune said as he kept the bottle in his hands and got up, taking Ruby with him as he got off the couch.

Together they made their way out of Ruby's apartment, helped Jaune put away his things in the other one, and toured the complex for the remainder of the afternoon with Ruby constantly biting down on her bottom lip wondering if she should invite him out on a date.

'Would it be too soon? I mean, we only just met after all, b-but...I really like him! Oooh, maybe I need to call my mom and ask for her help. Screw Yang though, the further she stays away from him the better. I don't want to risk her trying to steal him out from under me.' Ruby thought to herself as she led him along outside of the area, overlooking the entire complex from a nearby grassy hill and enjoying the peaceful look on his face.

As soon as she pointed in the direction of the community cafeteria within the place, Jaune looked at her from behind and wondered what it'd feel like having her arm those soft-looking dainty arms around his neck. He felt hot under the collar just thinking about it and found himself admiring Ruby's body very much, still feeling pleased that he found somewhat of a kindred spirit living in this place.

'Now if only she liked Spider-Man media, Star Wars, or even my third favorite show Camp-Camp, then I'm all set to marry her right off the bat. I wonder what she's into though, maybe a date offer would be a good idea?' Jaune wondered to himself, thinking that if one of his sisters gave him advice right now, it'd be to wait.

Keeping those thoughts to himself, both he and Ruby continue to tour the apartment complex, noting all the shortcuts, broken vending machines, and various spots where to see certain places where animals like deer and dogs congregate out in the open until it is sunset. Ruby walked Jaune back to his apartment first, ready to turn in for the night and hope tomorrow she'll have the energy to unpack all her belongings. For Jaune it was the same way, only he had it in mind to hastily ask Ruby out on a night on the town before he went back inside.

Now standing by his door and seeing her waiting to see him off, Jaune rubbed the back of his back before speaking up with a stutter.

"U-Um, R-Ruby, I would like to.....takeyououtonadatearoundtowntomorrownightifthatiskaywithyou." He fumbled the last line of delivery by saying it in a rush, making Ruby look utterly perplexed as she stared at him with blank lines struggling to process what he had said. 'Crap! I blew it!'

'Uh.....what? All of that came out so fast I barely had time to take in anything he said at all, what was asking me?' She processed and noticed how tense the boy was and placed a hand gently around his right cheek, cradling it affectionately with a soft comforting smile that soothed his spirit. Jaune felt his anxiety lessen completely and he let out a deep breath he had been holding before trying again. "Okay, you might wanna slow down that last part, just a bit so I can understand you. Hehehehe. What is it you were gonna ask me?"

Jaune became less nervous and held onto Ruby's wrist while staring into her eyes with a firm look of resolve and offered her a soft smile.

"Alright, second shot, Ruby, I want to ask you to go out with me tomorrow." He said flat out and the color on Ruby's cheeks flourished to a bright red as she now processed her first official dating offer.

'I'm being asked out! I'm really and truly being asked out, and by a handsome guy no less! Eeeee! This is the best day ever! Don't ruin it, Ruby Rose! Just keep your cool and respond casually.'

"I-I w-would I-I-love to, Jaune of Arc....!" Ruby squeaked out then became immediately embarrassed and backed away from him immediately clutching her face into her hands. 'Dammit....! I became such a dork just now! Gotta try again.'

Calming herself down she looked up from her hands with a blushing smile on her face and nodded calmly.

"I meant to say; I would love to, Jaune. How about we make it a thing tomorrow night at the cafe club down in downtown Vale? Then maybe we can....have a stay-in at my place and watch a movie?" Ruby anxious asked, feeling embarrassed and yet at the same time hopeful for the best possible outcome; her first kiss with the tall blonde heartthrob from across her place.

'Wow, that really worked? Did she agree to go out with me? Awesome!' Jaune thought while feeling his insides celebrate with fireworks and confetti. "S-sure, let's do that then. I'm totally game for whatever you have planned. So tomorrow at five? Maybe six?"

"Six works, hee hee, see you there.~" Ruby waved him off with a bashful smile on her face, she retreated into her apartment and saw Jaune clumsily step back into his from behind.

The two of them were beyond excited for tomorrow night, one of them hoping to take things further than just a mere kiss if all goes well, but Ruby honestly believed him to be the one despite only having just met.

"I s-should call my mom about this and ask her for advice." She considered and grabbed her smartphone, ready to dial in her home number.

The next day came in almost no time at all, and before either of the apartment residents knew it, it was six in the afternoon. Ruby had come out of her apartment first wearing a choker around her neck, a tight-fitting red blouse that let her right shoulder peek out in a sexily alluring manner, and a tight black mini-skirt allowing her perfect legs to be shown in all their glory. She wore dark high-heel ankle boots to complete the effect she was going for, she even wore a gentle coat of make-up bringing out femininity just a bit more. Ruby always worried she was too tomboyish in nature, but luckily Jaune found her to be stunning in appearance when he came out of his apartment.

As a treat to her eyes, he wore a simple pair of fine crisp blue jeans, a hooded smooth leather jacket over his button-up T-shirt, and a long sleeve combination. His hair was less scraggly and more well-combed in his usual style, making him a catch in Ruby's eyes. Once again, she was glad Yang wasn't here, she had no doubt that the blonde busty babe of 'Fun Times' would likely try to steal Jaune out from under her nose.

She felt she could trust her mom Summer though, at least....for now.

"So...? Ready to hit the streets?" Jaune greeted her with an anxious smile and offered up his right arm to her. Ruby took it gleefully and snickered with excitement as they started walking down the hallway together, ready to enjoy the Friday evening to its fullest in each other's company.

"You bet! That'll be so much fun, I even picked up a lot of fun comic-book movies for when we get back, I hope you're good with those kinds of choices, otherwise, we can always just rent from the Redbox downstairs." Ruby offered and Jaune shrugged with a sly grin.

"Are you kidding? I love comic-book movies, my favorites are the ones from before the year of Tens, plenty of cheesy action comedy to be found that isn't bloated with CGI." He added, making Ruby light up with excitement as they made their way down the stairs and out the building to enjoy the town.

Later, around the evening..

The two college students hung off of each other, laughing merrily after a wild and rather lively night out on the town. Jaune hung off of Ruby's right shoulder, squeezing her waist into his side gently in a friendly and rather affectionate manner after having a glass or two of red wine. He was not drunk by any means, nor even buzzed, but rather emboldened and less cautious about offending her in any kind of way.

Ruby was the same way, although she didn't enjoy beer or alcohol in any capacity, she still found it infectious just how easy it was to get along with Jaune and enjoy the merriment of their time with each other.

So much so that she was planning on making 'The First move' once they got into her apartment, she partially hoped she wasn't going too fast and risking ruining things between them. But she did truly adore him very much and wanted things to go smoothly into a romantic avenue.

"Okay, okay...! Give me a second to use my keys here, then we can crash inside my apartment after staying up late watching nothing but movies.~" Ruby offered and Jaune grinned while flashing her a thumbs up, still feeling contagious with laughter after Ruby tried her attempt at karaoke when they were at the cafe club.

Opening her door and guiding him in, he saw that her place was largely set up already, modest furnishings all over with a few photographs of what he assumed were friends and family. One of them had a big breasted blonde girl hugging Ruby's neck into one of her arms in a rowdy fashion, another had her with a group of friends the next. Jaune didn't pay much attention to who they were until he heard Ruby turn on the TV nearby.

She sat herself down on the couch and patted the spot next to her after kicking off her ankle boots.

"Come sit with me, Jaune. I have a whole wide list full of great movies that we can watch together until we pass out, hehe. Glad I bought a subscription to the Schnee-Flix streaming site." Ruby called out to him, feeling anxious and ready to try and put the moves on the would-be boy of her dreams.

Jaune stared at her with a flustered gaze and quickly shrugged off his jacket before taking a spot next to her on the sofa.

"You got it.~" He took off his shoes and quickly sat next to her on the couch, his eyes wandered over to seeing Ruby recline into the side seat, putting her legs up on his thighs like she was a princess. Her adorable feet wriggled with excitement as she flipped through the list of recommended movies, wondering where to begin with until she found what she was looking for.

The tension of sexual attraction was thick in the air right now, Jaune feeling it more so than Ruby was, but still the girl wanted him to make the first move tonight.

"Alright, here we go....!" She clicked on specific film on the streaming site, letting it roll and laying there comfortably allowing a strange silence to brew between them.

'Okay, what do I do now, Mom?'

'Alright, what's next, Yang? How do you make it look so easy?'

....

For a while, neither of them said anything as the movie began, until....as though some magnetic force was compelling them, Ruby and Jaune turned to face each other. The former having brought herself up closely allowing one of the straps of her top to slide down her right shoulder. Jaune quietly winced with arousal as he saw more of her skin becoming exposed and felt compelled to lean in closely to Ruby's face.

The girl was breathing hotly with excitement and anxiety as she felt her body coming up closer to his own, she reached up to gently grab hold of Jaune's cheeks and pulled his face gently into her hands. A silence brewed between them until each infatuated teenager felt that 'Spark' ignite. Jaune made the first move and wound up kissing Ruby on the lips, taking her breath away.

"Mmmhm!~" Ruby squeaked internally as she felt his strong lips pull hers apart, making her heart thump wildly within her chest. Ruby's wide silver eyes were the size of saucers as she was sharing her very first kiss, she reached back behind Jaune's neck and laced her fingers into each other around him, pulling herself even further onto the kiss like so. 'I can't believe it! I'm really, really having my first kiss! And with Jaune too! I-I knew he had the hots for me...! I just knew it!'

She closed her eyes and swallowed his mouth into her own, meshing her wet lips together with his own as they made out right there atop of the velvet-cushioned sofa ignoring the TV.

"Hmmm.~" Jaune mewed into Ruby's sweet lips, tasting the flavor of strawberry and cookie dough on her tongue after it had slipped into his mouth. She was surprisingly aggressive and held him in place while making him feel the intense suction of her lips for the duration of their exchange. 'Huzzaaah! My very first kiss! And it's with a real cute girl like Ruby! I knew she liked me like this...I was afraid for nothing after all. Oh man, I really was hoping she didn't have a boyfriend before now, but this right here just really clenches the fact that she's never kissed before.'

Knowing that Jaune cupped Ruby's face firmly into his hands, keeping her lips locked with his while their tongues tangled in an eloquent yet innocent exchange. Ruby honestly felt like her heart was on fire with how much she was feeling right now, she leaned back onto the couch, even more, allowing Jaune to remain on top of her while she cupped the stiffening bulge in his pants.

'Uuuuhh...! It's getting bigger, I'm really touching his dick, aren't I? Oooh, I'm so not prepared for this, but dammit Yang, you've made this look so tempting with all the dates you bring back home. Mmnhh! He tastes so good...!' Ruby mused in thought, kissing Jaune back just as eagerly as he was kissing her.

Eventually, she felt one of his hands reaching up to her chest, fondling her right tit through her red top. This caused Ruby to squeak cutely and whimper into his mouth like a lovestruck kitten for a few more minutes. Eventually, the two of them needed a break for fresh air, causing them to pull back up from each other with faces flush and saliva hanging off between their lips. Both of them were panting alright, Ruby and Jaune equally looked flustered with newly found excitement and arousal for one another.

"So....Ruby, you're a surprisingly great kisser.~" He joked, making her giggle just a little bit as she crept up a foot along his crotch, feeling his growing bulge from within throb with excitement.

"And you know how to make a girl feel really special, I mean that in a good way obviously. So....wanna do it?" She asked sheepishly, feeling embarrassed that she may have gone too far in, but to her delight and surprise, Jaune nodded almost immediately. He wasn't off-put by her proposal, if anything both of them felt this crossroad coming from a mile away.

"S-sure, here or in your bedroom?" He asked and saw Ruby sit right up, pulling up her red top and exposing her bra-less tits to Jaune's gobsmacked eyes. She had a modest and firm set of C-cups average, but her nipples were perky and cute furthering the look of adoration Ruby had going for her.

He got even harder thinking about having sex with this girl.

"Here's fine, Jaune. Now then, take...off...all of this.~" She gestured to all of his clothing and Jaune quickly got up off the couch, hastily took off his shirt then went down to his pants fiddling with the belt until his entire set of trousers came down.

Ruby bristled with excitement upon seeing how much of a big tent he was packing underneath his black boxers. Suddenly she was having that thirsty looking eyes that she only saw in Yang's whenever she sees a new boy she has an eye for. Ruby was nothing like her sister though, for her it'd only ever be the one man who captured her heart. And in this case, it was Jaune. He anxiously took down his boxers, revealing a thickened thirteen-inch long phallus sticking out like a stiff tree-branch. It was making Ruby's mouth salivate as she crawled back onto her couch, reaching down her skirt and undoing it in a lightning-quick fashion. She was barefoot to start with and all she had on her person were a pair of tight-looking frilled red/black panties that made Jaune's mouth water. He half-expected her to wear basic strawberry-patterned panties in their place.

"Come here, and get on top of me. I...I want to do this the old fashioned way and really see you up close and personal while we do it." She voiced in a meek bashful way, smiling sweetly as she saw Jaune crawl back up onto the couch above her. He spread apart her legs allowing her feet to dangle off the padded armrests and aligned himself properly by grabbing his dick and remaining standing up on his kneecaps ready to begin, but he would only put it in once Ruby was good and ready.

'Boy am I glad I took all those ballet classes when I was in middle school, I think something like that would make my first time a whole lot more painful.' Ruby thought and nodded her head, remaining bashfully meek as she kept her arms huddled around her tits as he descended down upon her body.

'Here goes...I'm going to have my first time with the cutest, bubbliest, good-looking redhead in the world. I...I'm crazy about Ruby, even if thinking that is a bit premature, I'm crazy about her!' Jaune thought as he pushed the head of his cock down into the cusp of her gooey soft pussy lips, making her wince as he began pushing it down into her body, sheathing the head inside of her first and foremost.

"Ah...!~" Ruby gasped and felt him sliding even more of himself down into her sensitive silken insides, making her bottom lip quiver excitedly for she felt the foreign sensation give her rising amounts of sensitive pleasure throughout her body.

Schlupp!

With a firm thrust, Jaune pushed himself all the way inside, making Ruby wriggle her feet and squirm about while tossing her head left to right. Ragged breaths started coming out of her mouth and her chest started heaving, making her tits jiggle in front of his face until he grabbed her cheeks and pressed his lips down upon hers once again.

"Mmhhh.~" Jaune hummed into her mouth, feeling her relax as she began kissing him back with just as much fervor and excitement. Soon Ruby closed her eyes tightly and brought her hands around his back once again, embracing him in a romantic manner while she took a moment to adjust to the feeling of his massive dick inside of her tight snug pussy.

'Mmmhhhh! He feels so good inside me right now! Uugh! I can barely keep myself quiet, that beefy thing is pretty much pushing into my cervix too! Oohhh yeahh! I love this man! I mean, I love this cute blonde boy! I want him to stay with me forever!' Ruby mentally celebrated and brought her legs around Jaune's waist, pushing him further into her silken insides and making him growl with rekindled arousal as he started moving.

His hips rose and fell gently at first, beginning to pick up the pace by putting his thighs up against the back of her legs as he started bringing himself down upon Ruby's lithe frame, fucking her gingerly in basic missionary fashion. Soon slaps of flesh started echoing out from the living room as Jaune's balls tapped the insides of her ass with his dick churning the tender freshly-deflowered inside of Ruby's pussy like so. The sensational feeling drove Ruby crazy with lust as she began grinding her body along his waist, fucking herself onto him while he did the same to her.

"Mmmhhnghh! Mhh...mhhh...mhh...mhm...mnmnm!~" She moaned into his mouth, repeatedly feeling the sensation of his strong tongue rolling all over her own in an eloquent manner. Her vaginal space felt like it was being hollowed by his massive dick her insides were coiling around all over it while Jaune pushed the head into her cervix demanding entrance.

'Oooohhhh! Yeah! this feels amazing...! Ngh!' He thought to himself, enjoying the tight slick space of Ruby's pussy constricts his length like so. Every move he made was based purely on animal-like instinct as he drove himself as far in as possible, making Ruby quiver sensationally inside of his lips.

Tap after tap, after tap of bodies smacking about feverishly together on the sofa, rang out into the spaciousness of Ruby's apartment. The girl was positively over the moon with sexual energy right now, feeling happy and fulfilled. It was with the first boy and perhaps the truest love of her life. It was still too soon to say, but Ruby was glad her awkwardness didn't scare Jaune away from her prior to this engagement. She felt every groove of his meat cleaving through her insides, gingerly pounding away into her cervix and causing her feet to curl up. She kept her legs crossed behind his back, enjoying the feeling of Jaune's length bottoming out of her slick sensitive and tight snatch with ever-growing passion.

"Mnghh..mngn...mgnh...*pop!*...ahhhh! Ruby..it feels...it feels so good...!" Jaune called out, looking down into her lovestruck eyes as she brought her hands back from behind his neck only to lock them tightly with his own, fingers interlocked with fingers as he sat up a bit continuing to pound away into her tight gushing quim.

"Y-yeah! It feels really good to me too, Jaune! Aaahhnn! I...I feel like I'm getting close...ohhh this is becoming too much for me! Gyaahhhh!~" She cried out in ecstasy, her body thrashing about undulating underneath his tall rather well-built frame while his cock plunged into her snatch with utmost intensity.

His balls slapped into the cleft of her ass even faster, and even faster than that, signaling his climax was fast-approaching and that Jaune was about to cum inside of her body. Both of them were so caught up in the sexual bliss of it that they failed to consider contraception and it was a risky day for Ruby overall.

Still, she didn't care, the feeling was far too good to want him to pull out of her body. Thus, she tightened the lock of her ankles behind his waist and hugged her arms around his neck again, pulling him right back down onto her lips for a steamy kiss.

'Gghh! M-me too! I'm going to lose it any moment now and it's all going to be inside of her! I just hope it's a safe day and things don't turn out a certain way, but still...this feels way too good to wanna pull out anyway.' Jaune thought to himself, grunting even louder as he pressed himself down onto Ruby's waist several more times before finally coming like a firehose!

He slammed himself down into her waist, feeling each soft gooey surface of her pussy squeeze tightly around his penis, making him spew thick ropes of sperm straight into the mouth of her cervix, over and over again while Ruby came hard! She broke off from his lips and tossed back her head, howling loudly with a climax as she felt her insides wring his dick dry and feel the thick molten warmth of his seed pouring into her like there was no tomorrow.

Sppltt...sppltt...sppltt...sppltt!

Ruby held onto Jaune for dear life as she felt thick splashes of seed pouring into her cervix like a fire hydrant gone awry.

"Aaaaahhhh!" Ruby cried out, embracing the sensation of feeling Jaune's cum pooling inside of her body for the duration of several more minutes until he was finished and leaning on top of her sweaty naked petite body feeling spent for the time being. "Ooohh, that...*Huff...huff..huff*" was magical.~"

"Yeah, it certainly was. Hehehe." Jaune pulled himself up so that he was face to face with the girl of his dreams, seeing her smile like that only made him fall in love with her even more. "So....does this mean we're together now?~"

Ruby nodded gleefully, feeling giddy as she pulled him onto her lips once again, meshing her mouth into his own for yet another steamy kiss that lasted well into the night.

Later...

Grabbing her cell phone, hastily dialing in her mother's phone number, Ruby called Summer Rose in the desperate hopes for advance. She would rather not call Yang, even though the blonde big-titted babe was experienced, Ruby feared she would try and take Jaune away from her by flaunting that naughty body of hers.

"Please pick up, please pick up....!" The girl said to herself in a rush, she was wearing Jaune's leftover hoodie that he gave to her after the night they spent with each other the other day. It was his gift to his 'Girlfriend' now that the two young fools were in love after having sex, only now...Ruby's fear of losing Jaune to someone else just became stronger due to her lacking experience.

"Hello? Honey, is that you?" A soothing and spirited motherly voice spoke into the other end, making Ruby mentally celebrate as she prepared herself for the most awkward questions she could imagine asking her mom.

"Hey, Mom....I need some help." She asked innocently while sweating beads with growing anxiety.

"Ho? What is it you need help with, honey? It's not about money is it? Because I already left the sum of your utility payments with Yang when I left home the other day and--"

"No, no, no, this....is about a boy and I...may have already 'Ensnared' him as you like to call it," Ruby revealed, leading to a bit of silence on the line until she heard Summer blurt out in the most unexpected response ever.

"HONEY! You've finally found a boyfriend! I'm so proud of you! I always worried that your sister would wind up pregnant with some asshole's kid and that she would leave you to take care of it, ruining your life and chances at landing a husband. But now you tell me this, what is he like? Is he well-hung? Did you two already 'Hit the Hay' as I like to call it?"

Ruby's right eyebrow twitched.

'I knew it'd come out this way. I'm not really comfortable about talking this over with her.' She thought and cleared her throat to speak, catching Summer's attention once again. "You see, here's the thing...I need help to make sure he doesn't get bored of me or heaven forbid get seduced by Yang. I want tips on how...ugh...to please my man, as you like to call it."

....

"I'm on my way, and I'm bringing all the instructions, knowledge, and 'Tools' you'll ever need to make him yours. Promise you'll give me grandchildren sooner than later.~"

Click!

"What have I unleashed upon the world?" Ruby asked herself, feeling drained already yet eager to try out new methods to make sure Jaune stayed hers.

Later that week...

Feeling upright and actually 'Happy' for a change, Jaune was coming home to the apartment ready to crash on his couch and play videogames after a successful Acing of his First Exams. What he really wanted was to spend with Ruby now that they're officially a couple, although he heard that she was going to spend the day with her mother after she came into town. Walking with a skip in his step and wearing the usual orange T-shirt with a dark leather jacket over his body and a pair of jeans, he was anxious to give his girl the good news and to his delight saw that she was home according to a text message he just received.

...

'Come into my place, use your spare key. I'm waiting for you.~'

-Ruby.

...

'Hoo boy, this feels like that naughty kind of special evening she has planned. Heh, I wonder what she has in store.' Jaune wondered to himself and walked over to Ruby's door, brought out his spare key and twisted open the lock before pushing himself on inside.

He was inside of her modestly lavish and well-cleaned place, noticing that Ruby herself was nowhere to be seen in either the living room or the kitchen. Perking an eyebrow, Jaune walked until he saw a trail of rose petals along the wooden floor leading away from the door and into her bedroom. Feeling enchanted by this surprise act of romance she was putting on, he followed them over to the hallway and arrived at the master bedroom where Ruby stayed in. There, he saw a note on the door reading 'Come inside', promptly obeying it, Jaune pushed open the door to find that there were two women inside waiting for him.

"Jaune~ I'm glad you came home early.~" Ruby let out in a musical and flirtatious voice, she sat on the edge of her queen-sized bed with legs crossed and wearing sexy red lace lingerie with long silken stockings.

His jaw dropped like an anvil when he saw her, her breasts were laid out and bare, firmly being shown through a cupless red corset around her torso and a garter belt around her waist. She was also wearing a very thin red thong that barely covered up her sex, it didn't even fully cover up her pubes which were a small fuzz. Jaune was feeling his cock stir with excitement already, but then he looked over to the woman next to her and saw what he had assumed to be a mirror reflection of Ruby herself.

"Hiii~ My name is Summer Rose, I'm Ruby's Mommy.~" The woman greeted, waving a friendly wave at Jaune before uncrossing her legs and showing him the cameltoe of her white silken thong riding up her body.

"Nngk! My...groin....!" Jaune muttered, clutching his crotch when he saw the highly provocative woman spread out for him. Ruby looked like she was going to die from embarrassment and covered up her face while blushing red.

"Mooooom!" She whimpered quietly while Jaune took in Summer's attire.

She was wearing the exact same kind of sexy lingerie set Ruby was wearing. Summer's sexy outfit was the same in size and proportion, but with her body being more filled out in womanly curves and thicker breasts. She was a D-cup and had a slim waist going on for her, not to mention this woman was just oozing with confidence by how sly she was smiling when looking in Jaune's way. He was honestly believing her to be a 'Cougar' by standard definition, one that was aching to swallow him up if she had the chance.

"H-Hi there, Ruby's mom, pleased to meet you. I'll be honest, I kinda mistook you to be her sister or something just now, hehe." Jaune chuckled nervously and his compliment made Summer preen with a blush on her face and a smile on her lips.

"Oh, thank you very much for that compliment, but note that my looks are entirely genetic, plus I've kept in great shape all these years. That aside, I'm sure you and my daughter have had quite a memorable experience for the first time, am I right?" Summer asked slyly and Jaune's face was becoming beet red as he nodded sheepishly back to her.

"You might s-say that, yeah." He admitted until he saw both Ruby and Summer beckon him to come forward, both Rose women had hauntingly alluring looks on their faces. "So...what are you....doing here anyway? Dressed like that?"

"Close the door, handsome. This here will be something of a 'Rite' conducted yours truly with Ruby while she learns a thing or two, besides...It's been a while since I've had some young meat like yourself. My daughter has been kind enough to agree to share, consider it your lucky day, Jaune.~" Summer purred whilst licking her lips in an erotic manner.

He stiffened up after hearing her explain all that and looked to Ruby for confirmation, the girl bashfully nodded her head and so too did he close the door and start walking towards the two Rose girls. He shrugged off his jacket along the way, removed his shoes, and followed Ruby and Summer's hands as they guided him to lay down along the bed. The two Silver-eyed women wasted no time in undoing Jaune's belt then pulling down his zipper, seeing the dark briefs he wore struggling to contain his thick foot long erection underneath. It even poked its head out from the hem, making Summer's eyes sparkle as she saw it extend past his pants and rising like a monolith.

Ruby gulped nervously for she had never sucked Jaune's dick up til now, she wanted to be a more adventurous girlfriend and show him that she isn't boring. Call it paranoia induced by Yang being as sexually adventurous and as confident as she was.

"Now then, Ruby, we're going to start by using all of our natural gifts to really seize OI Jaune here up before we get to the fun stuff. Well, one can argue this is the fun stuff and fucking oneself on their lover is the funner stuff. Hehehe." Summer giggled giddily as she looked at her daughter then to Jaune while wearing an adventurous smile on her face.

She reached in and brought his cock out, raising it up high and letting it waiver in the air like a shipwreck in front of him. Ruby nervously watched from the side until she decided to treat Jaune to a better angle while observing her mother. Thus, she crawled over to Jaune's head, briefly made out with him by swallowing his lips aggressively into her own, then promptly swung her body to straddle his face.

"Uh, Ruby?" Jaune called out nervously as he watched the girl's right hand reach underneath herself to pull apart the fabric of her frilly red thong, showcasing her moistened pussy before him.

"Tee hee, just lie back and relax, Jaune. I'm going to study how Mom does it while you eat me out, it'll be a joint-training workout between us three." Ruby said smiling at him from underneath her body and saw him grin back. Jaune put his hands around her soft thighs and readied himself to taste his girlfriend as she lowered her body down onto his face like so.

Her exposed vulva landed directly on top of his lips, making Ruby shudder explicitly with a deepening blush until she felt his mouth start gingerly sucking apart her folds as though he were making out with it.

Schluupppp!...schlupp..scllpp...slppt...schluppp!

"Wooooaaahhh! Jaune...!~" Ruby breathed out coarsely, making her chest heave and roll about while she felt the magical lips of her boyfriend tasting her pussy. She wriggled herself onto his face just a bit more and watched her mother wrap her hands around the thick of his length.

Jaune visibly whimpered and moaned into Ruby's pussy while he ate it between his hungry lips. He continued on course yet felt wowed by the soft sensation of the woman's soft hands fondling his cock and stroking it along with her fingers curling around it tightly like so. Summer had a giddy smile on her face as she worked his shaft in swift up and down strokes, over and over again with gusto. She squeezed and pumped his cock vertically, making it stiffen until a dabble of pre-cum leaked out of his head.

'There it is.~' She noted then saw Ruby's eyes following the action while struggling to remain sane due to the pleasure she was receiving from Jaune's cunnilingus. "Now, Ruby, watch and observe closely.~"

"Huh uh, mmmhmm!~" The girl whimpered and moaned then saw her mother opening her mouth wide open before pushing herself down onto Jaune's length, swallowing nearly all of it inside of her gullet in one gulp!

Schluuuup!

"Mmhmm...mmhmm....*Slpp...slpp..slpp..schlup..schlup..schlup..sclhuppp!*" Summer mewled happily as she finally had a large cock inside of her mouth again. Ruby's father and herself had split up a long time ago and she had been on a dry spell ever since. Seeing her daughter's boyfriend's well-endowed cock as well as feeling her lips worm around it made Summer feel alive again as she started bobbing her head enthusiastically on his dick creating slurping noise that came out.

'NngghhH! holy crap! It's like she's eating me alive...! So this is what a blowjob really feels like huh? Uuuhhh!' Jaune thought to himself, feeling distracted until he felt Ruby smother her sex along his face suggestively, telling him to continue.

He clumsily worked his tongue into her mound, wiggling it around to the best of his abilities while Summer gobbled most of cock into her throat, pushing every inch into her tight slick mouth while fondling his balls. The Arc lad felt absolute paradise right now, and in the middle of it, all was a frenzied Ruby feeling her legs quiver as they went numb with pleasure. She felt her sex getting nibbled and tongued out courtesy of her boyfriend, and his magical beginner's luck. She started rolling herself along his face, enjoying the sensation of her sex getting treated to his lips while watching her mother work her mouth on his cock.

The way Summer pulled herself up from his groin and lathered all of his penis in her saliva was magic in of itself. She was a professional at it and Ruby saw Jaune's dick stiffening up to the extreme already.

"Mmhmm...mhmm..mhmm....*Schlup....schlup..schlup..schlup!* Hnnnng!" Summer mewled loudly and started bringing her chest upward, just enough so that her tits pressed it around his length. Her mouth hung off of the edge of his cock, tasting it languidly with her tongue rolling around its surface.

She kept her hands firm around her breasts and started smothering them along the boy's shaft, making him twitch with sensation even more.

'Gghhkk! Cripes...she's using her breasts now too...! I had no idea how good that felt!' Jaune thought to himself, feeling the soft plush doughiness of Summer's tits smothering themselves along the walls of his throbbing shaft. She worked them gingerly, keeping them smothering around his dick as they rolled along the sides of his cock with ever-increasing diligence.

"*Huff..huf..huf..huf...!*" Summer panted, keeping his crown firmly between her lips, sucking on it with invigorated passion. Summer puckered her lips tightly around the head of his cock, enjoying the sensation of it pulsating between her lips. He was about to cum any moment now and it looks like Ruby was about to lose herself to climax as well.

Peering up from his groin she saw that her little girl thrashing wildly about all over Jaune's face, scrunching up her face as she felt her sex continuously being gorged upon. Summer could swear she could hear the slurping noises from here, she watched Jaune's technique and became very aroused herself.

'Mmmm, I gotta have me what she's having, but first...!' Summer led out and started strongly pumping her tits along Jaune's length, she was feeling the pressure build-up readying to explode. His balls were contracting, the veins on his shaft pulsed constantly, and Jaune let out one final howl into Ruby's nether region just before cumming!

Coincidentally, at the same time, his tongue flicked the nub of her exposed clit, sending Ruby into an orgasmic frenzy of her own. She threw her head back and shouted loudly into the air as she came with legs gripping tightly around his face, gushing splashes of nectar all over Jaune's face.

"Aaaaaahhhh!~" Ruby cried out in ecstasy, shivering with orgasmic delight as she came all over the mouth of her boyfriend. Likewise, Jaune bucked his pelvis upwards into Summer's chest, making her take off of her tits and swallow up every remaining inch of his penis until it hit the back of her throat until he came!

Sppltt..sppltt..sppltt..spllt..splllttt!

"Mmmhm...*Gulp..gulp..gulp..gulp!*" The woman swallowed every last drop of sperm like it was the most delicious thing ever. Ruby watched with envy and awe at her technique, she saw her mother dig her face into Jaune's waist while she swallowed up every last drop of semen he could offer.

Eventually, Jaune finished cumming, leaving plenty of energy and vitality in his cock even after ejaculating like a volcano inside of Summer's mouth. Soon the woman pulled herself up off of his waist, showing her daughter a mouth full of sperm as she herself got off of him.

"Hhmmaa...hyyy~" She swiveled the tongue around back and forth openly amidst the pool of semen in clear view of both Jaune and Ruby until she shut her mouth and swallowed the rest of it down in one loud gulp.

Gulp!

"Ahh...then, did you learn a few things about my technique, darling? A man really likes it when you swallow their cum down the hatch, you know." Summer said while licking off her fingers clean of his essence, making his cock twitch with excitement once again.

"Hmm mh, I think a lot of will take practice for me since you've had...*ahem*...years of experience ahead of me." Ruby meekly said while Summer simply stood up on her feet and tugged open the thong covering up her sex. She was plenty ready to have the 'Funner' stuff judging by how thirsty her face looked when it stared at Jaune.

"So..uh...we're doing the 'Funner' stuff now?" Jaune asked for clarification as he sat up, feeling Ruby hug his side with a giddy smile like a doting girlfriend.

"That's right, you get the special privilege of having both mother and daughter for tonight, Jaune. I hope you have an animal drive within you to make us into your 'Slaves', hehehe." Summer cooed seductively, sparking a certain primal lust inside of Jaune as he stood up and started hastily tearing off his clothes in front of them.

The shirt came flying first, then his pants and soon everything else until he was as naked as the day he was born, with thick hard foot-length cock standing before both women's eyes.

"Alright, prepare to have your hopes answered then, Miss Rose because you've really motivated me to take you up on that idea.~" Jaune answered with a confident grin, feeling emboldened for the first time in years since he was getting his girlfriend and her mother all in one basket of debauchery.

With a grin on his face, he pulled onto one of Ruby's hands, throwing her gently onto the bed in Summer's place while she scooted to the side to watch. Jaune placed himself at her waist, sitting upon his kneecaps and positioning himself to take her in a bent-missionary position while grabbing onto Summer's taut ass from the side with his right hand. The woman squealed loudly in reaction and clung onto his chest like a trophy wife as he guided his stiff cum--oozing cock directly into Ruby's snatch next.

Squelch!

"Ggyyaaaaahhh! Ohhhh...Jaune! Nghh!" Ruby cried out in ecstasy, her chest started heaving and hot breaths came out of her mouth in constant as he started fucking her in earnest once again. Powerful swift strokes of his pelvis met her waist as he took Summer Rose onto his mouth, cleaning out her tonsils with frenzied passion.

"Mmhhmm...! Hmmm...! *Slpr..slpr...slpr..slpr..slpr*" Summer moaned languidly into his face, tasting his tongue as it rolled all over her own, making her senses light up like fireworks for his skilled tongue play.

Jaune moaned into her mouth some more, taking the time to enjoy the flavor of Ruby's mom while continuing to slam his hips into the girl of his dreams below. he bucked and pushed directly into her sex, making her folds squeeze and tighten around his length while gradually

picking up speed. A repetition of tapping noises soon followed with Ruby's moans becoming louder and the bed creaking to their frenzied lovemaking. Jaune started pushing further inside, making her cervix touch the head of his cock as it opened up to swallow him in.

"Aaagh...aaahh..ahhh..aahh...aahh!~" The girl cried out in euphoria while huddling her arms around her breasts in a cute submissive while he continued to bottom out of her.

Grunting repeatedly Jaune fucked his girlfriend with wild abandon, driving his cock in and out of her squirming sex, feeling her folds grip him tightly while Summer shoved her tongue down into his mouth. All over the place, the sounds of fucking ensued with Jaune plowing into Ruby nonstop until she first came minutes later. Slamming himself with powerful thrusts of his hips, he sent the girl into an orgasmic frenzy, causing her legs to straighten out into the air and quiver as she came tightly around his dick.

"Nnnghh!" Jaune winced as he felt the feeling of the girl's pussy gushing all over his cock, he could feel the squeezing contractions tempting him to come, but he held out and waited for Ruby to finish cumming all over his prick.

"Aaahh...nghhhh! Ahhh...I'm going to need a minute, that..*huff..huff*..was intense." Ruby let out, feeling Jaune pull himself out of her sopping quim, only for Summer to grab hold of it and place herself directly atop of her daughter's sweaty naked body.

"My turn, and this time I want you to let it out inside of me, loverboy. Who knows, you might even get me...pregnant." Summer teased, partially joking yet also partially serious. She knew that men loved to have the fetish for impregnating a fertile young woman and she was sure she'd fit the bill, regardless, she wanted his engine to be roaring after hearing that.

"Hmmm....I wish you wouldn't have told me that." Jaune winced and guided his cock over into the folds of Summer's pussy being spread out before him thanks to her fingers. The lovely older woman bit down on her bottom lip, filled with excitement, as she saw his magnanimous member pushing into her from behind.

Summer winced blissfully as she felt the sensation of her tight pussy wrapping around such a big cock, she shuddered hotly with newly rediscovered pleasure and wiggled her rear to place itself firmly into his waist. Her buttocks pressed into his groin now and she could feel his cock pushing out the insides of her pussy as it found its way into her cervix.

Schlup!

"Aaagghhhh! Holy...crap....ugh! Oh yeah, that's the stuff! Mmmm, I've been missing this!" Summer breathed out, her face lit up with happiness and excitement as she felt Jaune beginning to buck into her buttocks in a gentle tempo.

Each push of his cock sent ripples of bliss throughout her lower body, her folds squished gingerly around him as he started bottoming out of her earnest. He slowly started picking up speed after adjusting to the sensation of Miss Rose's tight pussy wrapped around him.

"Mmmnghh...okay...ho, here we go." Jaune breathed out as he grabbed hold of Summer's hips and started rowing himself more powerfully into her body. Feeling the sweet and squishy tight feel of the mother's pussy churning around his cock made Jaune growl with ecstasy. His balls clenched and felt stuffed full, ready to blow out another load inside of this woman through another way inside.

Soon, his pelvis began hammering away even faster out of lust, smacking himself into Summer's buttocks while Ruby took the time to recover from directly beneath her body. She looked up to see Summer's face stretching into an expression of purely engrossed euphoria.

"Aaaagghhh...aaahh..aaahh..aahh..aahh..aahh! That's it, I've needed this, but don't forget about Ruby either, Jaune. Alternate between us as you see fit." Summer instructed through breathy moans, feeling her insides churning his length tightly as he continued to bottom out of her sex a few more times until eventually pulling himself out with a 'plop'.

"Unnghh! Y-you're right, here I come again, Ruby." Jaune breathed out and guided his member over to Ruby's pussy next. With a hard firm shove of his hips, he pushed down into the girl's pussy making her whimper like a kitten and clutch her hands onto her mother's shoulders as he started fucking her more laboriously.

"Hhhh...Jaune...aahh..ah..ah..ahh!~" Ruby cried out in bliss, feeling each thick inch of her boyfriend's cock bottoming out of her sensitive cunt.

Jaune thrust into her like a madman, making her undulate and writhe wildly about from underneath Summer's naked frame. After a few more thrusts he eventually pulled out and shoved it right back into Summer again, making her squeal in ecstasy as her buttocks slapped down into his waist in a vivacious fashion. Together the women moaned in tandem, each feeling the strength of his cock plowing their insides in an intense and voracious way. Jaune pushed himself in and out of each Rose woman's snatch, feeling their insides curling ever tighter around his length each time he bottomed out.

Eventually, the pace intensified with him dominating each girl with vigorously intense thrusting, making Summer and Ruby hold onto each other with hands entangling themselves behind each other's backs. This back-n-forth picked up for some time more with Jaune feeling his cock beginning to throb ready for ejaculation.

"Aaahh..aahh..aahh...aaghhhh! Ooohh I'm going to be coming very soon! Aaaaghh!~" Summer announced and Ruby nodded in agreement with her, both of them felt their bodies shake with impending orgasm causing each of them to shudder in climax pulling Jaune along with them in tow.

With one loud shout, he slammed into Summer's pussy first, feeling his balls bloat with cum before sending in thick ropes of it directly into her cervix in a thick and messy creampie!

"Aaagghhh!~"

*Spplt..spplt..spplt..spplt...!"

Summer bristled up in happiness, feeling her daughter's boyfriend fill her up with rich potent seed. All too soon she felt him pull out of her snatch now and push his still-cumming cock directly into Ruby's now too. The girl squealed into her mother's chest, feeling her orgasm ripple through her body as she felt the thick miasma of sperm flooding into her cervix on a most dangerous day. She threw back her head and shouted high into the air, cumming constantly in euphoria as they both felt stuffed with Jaune's seed.

Grunting several more times, he eventually finished up, sighing heavily as he felt his member go flaccid before pulling himself back to lay along the bed spent.

"Huh....*huff..huff..huff..huff*..that...was..awesome!~" Jaune let out and both Summer and Ruby mustered enough strength to crawl up from their positions, only to rest at his sides like a pair of doting girlfriends.

"Heheheh, you were right, Ruby, he is a keeper. I wonder if he can tame Yang next." Summer voiced, making Ruby puff her cheeks in a cute manner before hugging her arms tightly around his right arm in defense.

"Well she's going to have to wait in line, it's us, just us...and Jaune is officially mine, okay?" She defended and Summer could only laugh merrily, feeling as though the boy may be more than just hers, judging by how much seed they received.

"Well, call it destiny since he moved in next to you. Hope you don't mind me visiting more often.~"

End of Chapter

To be continued...

This has been for S.B.

"Here we are, I hope she's*
