

After-school park

A dull middle-aged man was visiting this park on a weekday afternoon. He was lying on the grass and enjoying the sun.

"I want to have sex with a little girl..."

"I wonder if a curious 12yo girl will ask me to have sex with her."

It seems that they usually go to the park with dirty thoughts in their mind...

Suddenly

What a slutty thing for an adult to do, lying down in the middle of the day on a weekday...

It's a waste of time to come to a park and not fuck a kid.

And you...?

A girl suddenly appeared and stood looking into my upper body.

My name is Inori, and I'm a sixth grader at a nearby elementary school.

I know, it's almost time for classes to end. But why would such a beautiful girl be talking to a guy like me... I must have misheard her... I think she said "fuck a kid"...

I can't believe that a man's
erection turns you on...
And he gets to see her pussy
every night...?
I can't believe she's...

I could feel the heat concentrating on my crotch. The girl's idea of a "good thing" was for us to show each other how we masturbate and splash each other with our bodily fluids when we climax. Right here in the park in the middle of the day. This girl... is a pervert of epic proportions, but... children are a national treasure. As adults, we must accept their advances.

Oh, my God♥♥
That's too erotic,
the way he's
handling
his genitals♥

Weekday afternoon, peaceful park...
A middle-aged man and an elementary school girl
show each other their genitals
They are sweating and masturbating while they are telling
obscenities to each other...
This is the normal daily life in Japan, the only industrialized
country that has succeeded in combating the declining birthrate.
This is truly a beautiful scene in a beautiful country.

Oh, my God!
I can't stop!

**Masturbation in direct sunlight in midsummer...
Generally speaking, it is said that the amount of energy
consumed in a single masturbation session is the same
as running 100 meters.**

**Their excitement must have drained their stamina three times as much.
The amount of sweat they were sweating was a testament to this, and
But the girl didn't stop... she brought her trembling fingers close to her**

The girl turned her body up wide and began to play with her genitals and anus as hard as she could!
In front of the man, she turned bright red, drooled, her nipples were erect, and she kept on cumming!
The man watched the girl do her thing.
After years of frequenting the park, his wish had come true!
To meet a slutty little girl...

A sixth-grade girl told him "good things." For him, who does not usually interact with the opposite sex, this was courtship itself.

The moment when he kept catching the girl's urine in his mouth... giving him enough time to think about the names of the children she bore and to contemplate his life plan for how many children he should have.

Let's get married.

I'll think about it if you make me feel better♥

Good... I'll definitely satisfy you...!

The girl shows no sign of being perturbed by the sudden proposal. She has been seducing adults in this way since she was a kindergartener, and the number of proposals she has received from men who have fallen in love with her has exceeded three digits! Men who are unaware of her past seem to be bold enough to accept her provocations...
