

Have you ever hurt so badly

You lose traces of yourself?

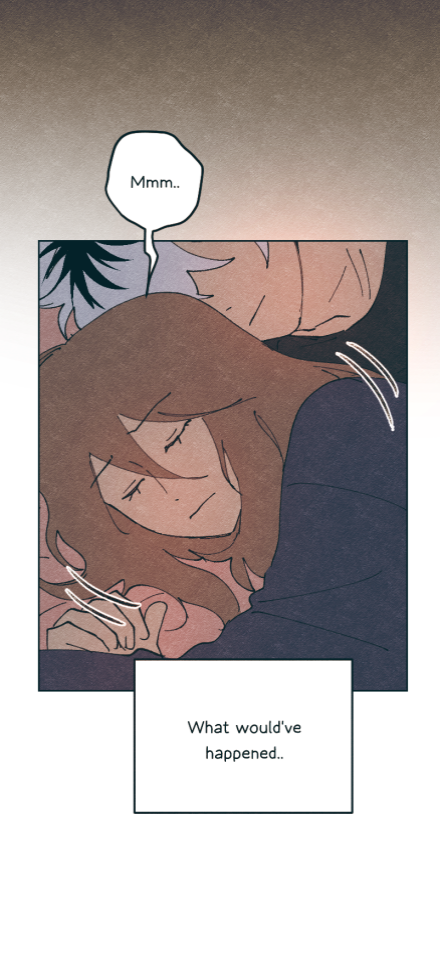

Your scars are not who you are

But when you are covered in them

It's hard to remember you were ever anything else at all.

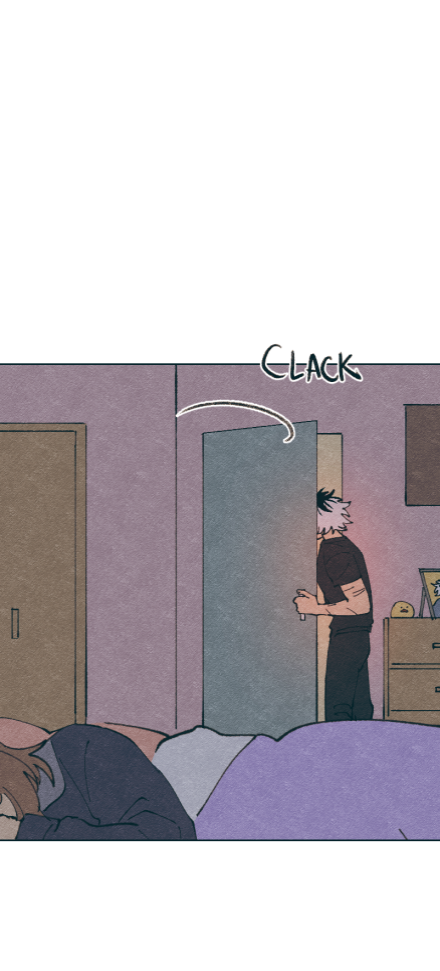

Why was I

So close to snapping at that moment?

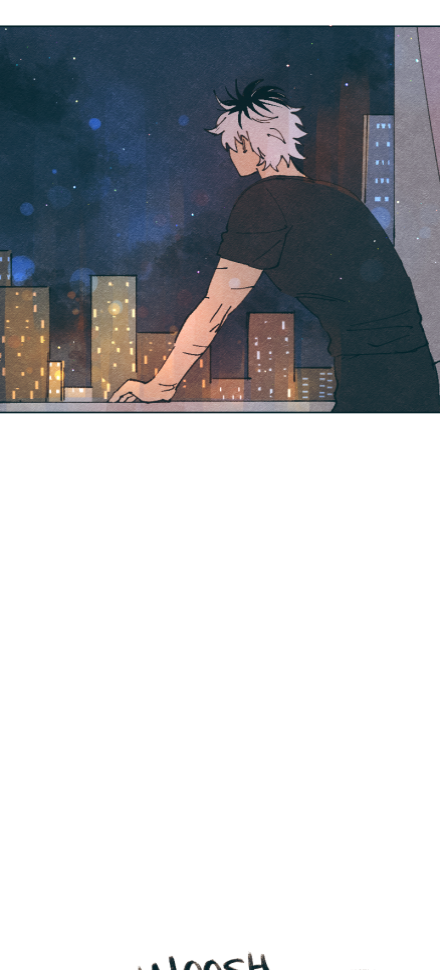

What would've happened if I had just snapped?

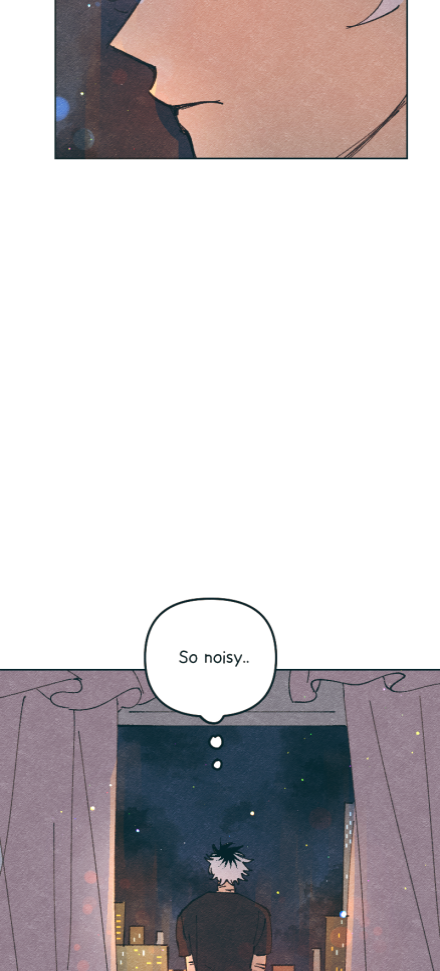

Mmm..

What would've happened..

If Cherie hadn't been there at all..?

Finally got his ring finger..

Hah..

So noisy..

BEEP

BEEP

BEEP
