Characters

Menma: Chakra: Wind/Fire Jinchuuriki: 4 Tails of Kyuubi
Size: 8 inches Uncut

Fox Step – Using his wind chakra he is able to move at vast speeds;

Tongue of Beasts – Able to talk to animals;

Fox Magic – He is able to create illusions and by applying his chakra to it can make it real or make the illusion last a long time;

Fox Fire – He wields unique fire chakra offensively

Naruto: Chakra: Wind/Water Jinchuuriki: 5 Tails of Kyuubi
Size: 13 inches Cut

Fox Fang – Uses wind chakra to make powerful attacks;

Fox Claw – Has amazing strength that can be amplified by his chakra;

Fox Trick – is skilled with a unique substitution and clone jutsus;

Fox Healing – Heals quickly, and has increased stamina he can also use it to heal others;

Fox Sense – Getting great sense of smell and hearing making him an excellent tracker.

Itachi: Chakra: Fire, Earth, Water, Lightning Rank: Former Anbu, Current Jounin Teacher Size 11 inches Cut

Sasuke: Chakra: Fire, Lightning Size: 10 inches Cut

Kiba: Chakra: Wind/Beast Chakra Size: 7 inches Uncut

Chap 1 The Terror Twins

Kushina had a pair of lovely twins, Naruto was born first then came Menma. Having one child was a strain enough on a bijuu holder, but twins were more intense, more complications.

By the second child even the fabled Uzumaki stamina was not enough to protect Kushina from what was to come. Kyuubi escaped, and soon fell prey to a pair of devilish eyes. Kyuubi hated those eyes, it robbed him of his very will and he was forced to attack Konoha instead of escaping for freedom.

With Kyuubi let loose and attacking Konoha, Minato had no choice but to summon the God of Death. The blade of death was used to split Kyuubi's soul, Minato could see Kyuubi was not in his right mind, but trapped so deep in his hate he couldn't fully seal him in one body.

By splitting the soul of the Kyuubi in two he hoped to settle the matter, and hopefully stop any future plans the wicked sought to use Kyuubi. The tailed beasts tails were split.

Naruto received 5 tails, and Menma had 4 tails sealed inside him. The god of death's seal turned Menma's hair black. The cost of this event was heavy, Kushina lost her life bringing the boys into the world, leaving behind her chakra and bloodline, and Minato paid with his life to seal the Kyuubi away.

The Kyuubi event weighed heavy on the hearts of the people in Konoha, in more ways than one. The boys grew up relying on each other. Minato had left a message for his sons to be treated as heroes, but they bore his mother's name to hide them from his enemies. Sarutobi gave them the best care he could, he enrolled them in the academy so they could train and become ninjas. The two boys worked together and grew strong together.

They each tamed their half of the Kyuubi's soul, and they gained power from each of their respective tails. The two Kyuubi halves were a lot more reasonable, and knew that helping their hosts helped keep them alive. Kyuubi taught them the Fox Paths Techniques.

Menma: Fox Step: Using his wind chakra he is able to move at vast speeds; Tongue of Beasts: Able to talk to animals; Fox Magic: He is able to create illusions and by

applying his chakra to it can make it real or make the illusion last a long time; Fox Fire: He wields unique fire chakra offensively!

Naruto: Fox Fang: Uses wind chakra to make powerful attacks; Fox Claw: Has amazing strength that can be amplified by his chakra; Fox Trick: allows him to be skilled with a unique substitution and clone jutsus; Fox Healing: Heals quickly, and has increased stamina he can also use it to heal others; Fox Sense: Getting great sense of smell and hearing making him an excellent tracker.

Naruto wanted to keep growing stronger, mainly to protect his little brother. Despite their father's message, fear that the Kyuubi would awaken and slaughter them all was deep in their minds. Naruto swore to keep Menma safe.

Menma however wanted more for Naruto he wanted his brother to be Hokage, if Hokage was the greatest ninja in the village that's who Naruto would be. He swore to stay by his brother's side and help him become Hokage.

The two's skills allowed them to be named the Uzumaki Twin Terrors. For 13 years they relied only on each other,

and if anyone gave them a dirty look or spoke a nasty word they would rain hell. The boys were quite clever. When they entered the academy for ninja they slowly learned to trust people, however betrayal was not something the brothers would allow. They tried making friends, but the parents fear and hatred spread to some of the children.

It didn't take them long to realize the current generation knew nothing of them being Jinchuuriki, but the previous generation did the looks of hate in their eyes just made the brothers want to be more mischievous. They played pranks, but didn't fully become secluded in their world. Some of their fellow students were interesting.

Ninjas stayed in the academy for an additional 3 years becoming genin at the age of 16. They are taught the basics, then are taught more advanced techniques. They felt they had to prove themselves so they worked extra hard, training every day.

By the age of 16 the boys became popular in more ways than one. They rivaled the Uchiha prodigies in both skill power and good looks. In terms of power they were fierce, they rarely used their fox abilities even though

they made the powers into their own they stuck to the jutsu they learned at school. Menma was better at the genjutsu than his brother, but Naruto was stronger in taijutsu, they were both equal in ninjutsu. Menma had wind and fire jutsu, while Naruto had wind and water jutsu. Their jutsu were wild and powerful just like their natures.

Itachi had already graduated the academy but his skills in genjutsu, taijutsu and ninjutsu is high quality. His chakra nature consists of fire, earth, water, and lightning. He was a ninja's ninja, fast, strong, skilled, and sexy as sin. This made him becoming a teacher at the ninja academy all the more amazing, he was experienced and highly sought after.

Sasuke was the same age as Naruto and Menma. He was well balanced in all three, but he also was taught how to wield a sword thanks to his big brother Itachi. His chakra nature consisted of fire and lightning.

They weren't the only ones. Kiba Inuzuka was no slouch. He trained hard for his own personal reasons, and Akamaru grew big and strong. Kiba had wind and earth

chakra, and he felt really happy about possessing wind chakra, again for personal reasons.

Itachi and Sasuke had their fan girls and Naruto and Menma had theirs, they even had a fan club for them as twins together, but the four boys held a secret with one another. Kiba also had a pool of fan girls, they loved his wild masculine charm. Kiba didn't have a crush on them, his crush was on a certain blonde. Sasuke had a crush on a certain pair of brothers, Menma had feelings for his big brother, and Itachi had feelings for...well...

These four had an interesting destiny ahead, the threads of fate were drawing them closer and closer to their absolute fate.

To be continued

Chapter 2 Morning Fun and Study Partners

“Get up!!” A voice echoed in Menma’s mind.

“I said get up!!” The voice said, a little louder this time. Menma mumbled in his sleep.

“Menma!” Naruto said sternly and that got Menma out of his dreams.

“Hey big bro, what’s up?” Menma said a goofy smile on his face. Menma was sleeping naked again and his morning wood was standing proudly.

“Besides your dick, not much except we’re going to be late to school again. Just perfect Iruka is gonna yell at us again.” Naruto said and Menma chuckled and lightly scratched at his pubes. “Get a shower and get dressed, you can have your breakfast on the way to school.”

“I can’t big bro, when my dick is stiff you know it’s tough for me to get moving.” Menma said lazily, and Naruto smirked.

“Is that so?” Naruto asked and he strode over to Menma’s bed, he bent over and grabbed the base of

Menma's dick. "Then big brother will have to take care of it for you." Naruto said before taking his cock into his mouth and deep-throat his cock with ease. Menma cried out in pleasure his hands gripped the headboard in a tight grip and his toes curled as his cock was licked and sucked by his brother's skilled mouth.

Naruto's right hand caressed Menma's balls as he bobbed his head over Menma's cock. "Oh yes oh yes!!" he moaned and he bucked his hips and came. Naruto swallowed his brother's seed and let his spent dick slip from his lips. Naruto licked his lips and gave a slap to Menma's ass. The boy yelped happily, his manhole twitching.

"Shower, dress, now!" he says and Menma scurried off into the bathroom, Naruto saw the remnants of last night's activities run down his brother's legs as he went. Now Naruto had a problem of his own to deal with, but he had a little more control than his brother, a little not a lot.

Naruto was dressed in a reversible coat, orange with black stripes on the outside, black with orange stripes on

the inside. He had a black shirt with the Uzumaki crest over the chest. He wore orange pants and black boxers.

Menma took his time showering, he used his fingers and worked his tight little ass. The digits helped churn out the cum and the shower washed away the evidence. 'I always sleep so good stuffed full of cum.' He pumped his second arousal for the morning, his foreskin slipping back and forth over the head. "Mmhhmm, yes ohh!" He thought about the night before and rubbed his sweet spot with his fingers. "Naruto!!" Menma moaned and came his seed being washed away by the shower's spray.

Menma put on a dark gray with yellow stripes coat similar to Naruto's, but his wasn't reversible. He also wasn't wearing a shirt. He wore loose baggy, dark, pants without underwear. He came out and Naruto had toast waiting for him. "Have fun in the shower?" Naruto asked, giving his brother a knowing look and Menma grinned.

"You know it bro!" Menma said with a grin, he hugged his brother. "Would have been more fun with you." he says and Naruto kissed him. Menma sighed happily and whined when Naruto pulled away.

Menma pouted and looked like he wanted another kiss. So Naruto pushed the toast against his lips. "Eat your toast lets go we're late." Menma munched his toast with a pout.

When they opened the door there was a bouquet of flowers on their doorstep. "Fan girls again?" Menma asked munching on his toast. Naruto opened the card and blushed. "Oh ho I know that look that's your secret admirer's handy work."

"Shut up!" Naruto said tucking the card away and sitting the flowers in the house.

"You've been passing notes to this guy for months now, when are you going to meet him in person?" Menma asked. He had no problem sharing his brother so long as they didn't try to break up what they had. So many years without family they were happy to build their own.

"I dunno, he never leaves a name just says he's a guy and lives in Konoha, and that narrows it down." Naruto said sarcastically. Menma rolls his eyes.

"Tell him you want to meet him. I'm sure he would." Menma said with a smirk. "Who wouldn't want a taste of

your cock?” he says palming himself, and licking his lips. Naruto bopped him on the head.

“Keep that up you won’t be getting a taste for months.” Naruto said and Menma shut up real quick. Not many punishments worked with him.

“This guy may be in love with me, and I feel like I know him, but maybe passing notes is enough for now.” Naruto said with a soft smile.

Menma frowned for a brief second. He knew why his brother kept his distance, in truth he’d gladly bring most of his fan club into the fold, he had the stamina to burn, but whoever got with them would have to deal with a lot of trouble. The council wasn’t just gonna let it slide, not to mention possible harassment from the villagers. They had to fight tooth and nail just to get their family inheritance and estate, but he knew Naruto would change all that one day. They would have a nice big family like they wanted.

“How are you doing in your ventures?” Naruto asked and Menma chuckled. They were keeping tabs on their fan club, the males ones anyway.

“Oh I got a few bites, I got some animals keeping a look out and a few have given me great reports, some you may even be interested in.” Menma said.

“We’ll see, just be careful.” Naruto said and the two raced off to school.

Mizuki was waiting for them at school he had already sealed the outer gates. ‘You brats aren’t getting past me today.’

“He does this every morning you think he’d learn by now.” Naruto said and the boys smirked. The boys rushed the gate and in a flash they vanished. Mizuki tried to find out where they were.

“Damn it not again!!” Mizuki cursed.

Both boys had mastered their father’s technique and they had seals hidden in the school, but there was a limit to their range of use.

Naruto and Menma laughed as they fooled Mizuki again. The bastard was always trying to mess with them and they out smarted him every time. Itachi was walking the halls and spotted the laughing brothers. “Outsmarted Mizuki again I see.”

“Yep we get him every time.” Naruto said and Itachi chuckled.

“You know if you showed up on time he wouldn’t try to seal you out.” Itachi said and Menma stepped up.

“We have busy mornings.” Menma said with a grin.

“I’m sure.” Itachi said and his gaze focused on Naruto, and Menma noticed it.

‘Could Itachi be, Naruto’s secret admirer? No way it couldn’t be...could it?’ Menma had a vast information network, and even that couldn’t discover who his admirer is. He was now very curious, luckily he had time to think as Iruka made them stand in the hall for the first period. Apparently they were assigned study partners. They had to pair up and make a new jutsu each, if they did this it would go to their final grade and make them one step closer to becoming genin.

Naruto got Kiba, and Menma got Sasuke.

To be continued

Chap 3 Training and Studying

Kiba Inuzuka was more than happy with his partner, he's had a crush on Naruto for a long time, but Naruto and Menma had fan boys and girls confess their feelings for them on a daily basis but they were all turned down gently, Kiba didn't want his dream to be crushed so he kept his feelings a secret, but that didn't stop him from fantasizing. Naruto had become the main source of his wet dreams and solo sessions. Kiba was no slouch in the looks department, he was tall tan and muscular, and he showed it off. He wore a black, zip up jacket, which he left open to show off his fishnet undershirt that showed off his pecs and abs. He wore tight dark pants that clung to his firm ass and showed off his bulge, and the boy had a fan club of his own, but the one he loved was Naruto.

'I can't believe it I actually got partnered up with Naruto, maybe I can impress him with skills.' Kiba thought excitedly, Akamaru spoke to him using dog tongue. **'You should just spread your legs and let him mount you.'** Kiba blushed at Akamaru's words. Yes most of his dreams had Naruto pinning him down and fucking him over and

over. 'I can't do that baka, Naruto probably doesn't even like me like that.' Inuzuka's had very specific mating habits, that might turn people off.

'Humans have such weird mating habits, so complicated.' Akamaru said.

"Yo Kiba," Naruto called, walking over to Kiba. "I figured we can use the training grounds."

"Sounds great!" Kiba said. "I'm not much for studying in a library anyway." Kiba scratched the back of his head, trying to fight the blush that threatened to form. Naruto grinned and he wrapped an arm around Kiba. His natural manly musk hit Kiba's dog senses, and he bit back the moan of desire.

"Let's get to training." Naruto said, with a light cheer and walked off with Kiba.

-X-

Sasuke and Menma went to the library, followed by a horde of fan girls. The dark haired sexy boys were swarmed so the two had to put a seal on the library door. "That never gets old." Menma said.

“Speak for yourself Uzumaki.” Sasuke pulled up a chair at a table and opened up a scroll.

“Aww come on you gotta admit, it keeps us on our toes.” Menma said sitting at Sasuke’s table.

“Hn,” Sasuke looked through his scroll.

“Hey come on Sasuke, between the two of us, we have plenty of new jutsu we can whip out for this test, so let’s talk.” Menma said, with a big grin. Sasuke blushed, and lifted up his scroll to hide his face.

“Hn,” Sasuke grunted.

“I’m curious if you know about my brother’s secret admirer, whoever he is when he leaves those letters for Naru it really brightens him up.” Sasuke’s grip on the scroll tightened.

“Why should I care about that, who cares if he has a secret admirer?” Sasuke said, though his voice was laced with jealousy.

“Oh I don’t know, a little mouse tells me you care a lot.” Menma said and he slipped off his shoe and slid his foot

between Sasuke's legs. He gasped as he felt Menma's foot slide along his crotch.

"What ahh are you talking about?" Sasuke groaned out.

"Ohh I have this little trick of being able to talk to animals, and you have a mouse in your house, he passes on info in exchange for some cheese and crackers. So I know Sasuke!" Menma said with a grin and Sasuke groaned as his crotch was rubbed, his manhood got hard under the touch. "I know you like me and my brother, if jerking off and moaning our names is any sign."

Sasuke's face went red. "To be honest I never thought you were the type, to lay naked on your bed and touch your stiff cock." Sasuke shuddered as Menma caressed him, and his words were doing wonders. "What I find interesting is you have a nice big dildo under your bed, and when you jerk off you moan my name but when you play with your ass or fuck yourself with your dildo you moan my brother's name. Isn't that interesting?" Menma purred and Sasuke knew he was busted.

"Do you wanna fuck me Sasuke?" Menma asked, his eyes sparkled with lust. "Do you wanna fuck me while my

big brother bends you over and treats your hole as his own personal fuck toy?” Sasuke arched his back and moaned.

“Please...Menma...I...” Sasuke began, and Menma leaned forward. “Let me tell you a secret Sasuke, My brother is bigger than your little toy, and I know he’d enjoy breeding you like a bitch.” Menma purred into Sasuke’s ear, and gave the lobe a lick. Sasuke closed his eyes as his release washed over him, he had never cum so hard before, none of his fantasies compared to being teased by the Uzumaki. His dominant mind wanted to throw Menma onto the table and fuck him again and again, but his submissive mind wanted to go find Naruto and ride his huge dick, he couldn’t believe Naruto was bigger than his dildo and it made his insides twitch.

“So Sasuke, wanna join us? I know my brother will approve even if he doesn’t I have ways to convince him.” Sasuke didn’t miss the lustful tone in his voice, and it blew a fuse in his mind, he imagined Naruto and Menma together and the thought overloaded his control. Sasuke had a nosebleed and passed out. “Shit!” Menma cursed and went to help Sasuke.

He pulled the boy down one of the library rows, once out of sight. Menma got some tissues and helped stop the blood flow. Sasuke was caught in the arms of a very horny beast, little did he know he wouldn't be leaving the library a virgin.

To be continued

Chap 4 Dog Training

While Menma was working with Sasuke, though they weren't as much working as trying to see if Sasuke's big cock would fit into Menma's tight ass. Naruto and Kiba accompanied by Akamaru, were hitting the training grounds.

The Inuzuka male was very nervous, not about the assignment but keeping himself from stripping off his clothes and offer himself up to the blonde. Kiba has had a crush on him since they were young, Naruto has always been kind to both him and Akamaru.

He could count several times Naruto stuck up for him, when some of the older ninja tried to bully him for having a nin dog. Back when Akamaru was still small, some bullies had cornered Kiba, complaining how it wasn't fair he got to bring his pet to school. Kiba was strong but against great numbers he was at a disadvantage, Naruto had come to his rescue. "Don't worry there just jealous, they don't have a cool friend like this little cutie," he petted Akamaru and picked him

up putting him back in the dog boy's arms. "So don't let them get to you?" Kiba felt his heart skip a beat.

This was just one instance, Kiba often joined in Menma and Naruto's pranks and games. While other kids ignored them Kiba was drawn to them.

Over the years his little crush became full on desire. He knew it was true love because he loved Naruto and was turned on by Naruto, his brother however didn't do anything for him. He wasn't a turn off but he didn't drive Kiba as wild as Naruto did. He trained hard cause he wanted to be a worthy mate for Naruto.

It was Inuzuka culture, for the alpha's to train and work hard to not only be worthy of claiming their mate but protecting them, and for a beta like Kiba they trained hard to be worthy of their alpha's affection and to not be a disappointment to them, so either way the Inuzuka's would be powerful clan!

He thought that maybe this was fates way of giving him a push into confessing his feelings for Naruto. Akamaru was sure for it, his master had been pining for the blonde for years. The other problem being he had a good

relationship with Naruto, he worried if he tried to take things to the next level it ruined everything.

Kiba wanted to try and take things slow but what he didn't count on was how good Naruto smelled, his scent had his cock throbbing already. His instinct to mate was clawing at him, and he found himself eyeing Naruto's clothed body, the exposed skin glistening in the sun, he wanted to run his hands over, and his tongue, to be pressed against it. "Kiba?" the dog boy blinked. "Does that sound good to you?"

'Shit Naruto was talking and I completely missed it,' he looked at Akamaru for help. Akamaru barked but Kiba understood. "He was saying since the test only refers to you and him, would you like to train one on one to develop the new technique," he said, and Kiba smiled. "Thanks buddy you're the best," he said in dog tongue. "Yeah that sounds great!"

Naruto removed his coat and his black shirt revealing his tanned muscled body, Kiba's jaw dropped and he was drooling a bit as he eyed the firm pecs and rock hard abs. Akamaru nudged him to snap him out of his daze.

“If we are gonna fight, show me what you got Kiba-kun,” he said making a bring it on gesture.

Kiba gulped and removed his jacket showing off his fishnet shirt, that barely hid his muscled body. His instincts told him to go all out and show Naruto how strong he was. He channeled his primal chakra, and his nails grew sharp and his eyes became more feral. He rushed at Naruto growling and began to strike at him, Naruto didn't move from his spot, he blocked every one of Kiba's strikes, never once taking a step back.

He knocked Kiba back, and the boy growled. “Fang Over Fang!” tearing up a fierce wind he flew at Naruto. “Fox Claw!” he stopped the attack with one hand and he didn't even budge. With a thrust of his arm he tore apart the wind and grabbed Kiba by his fishnet shirt. In one swift movement he brought Kiba to the ground.

“Not bad, but now you are at my mercy,” he spoke and Kiba nearly came in his pants. “Your attacks are all close ranged, so when facing an opponent with great strength you put yourself in a dangerous position,” he let Kiba up.

“Try this, feel the wind around your claws,” he said, and Naruto channeled his chakra around Kiba’s hand. The blonde came around him and laced his fingers with his, Kiba was blushing like mad feeling Naruto’s warmth seep into his back. He pulled their hands back and with one powerful strike, they launched what looked to be a fang over fang.

“No way a long ranged fang over fang,” Kiba gasped in shock.

“I thought of it when I saw your attack, and feeling the force against my hand,” he said, and he moved away from Kiba, and he almost whined at the loss. “With a bit more practice we can have it down, perfected and ready for battle!” he said with confidence. “You are really powerful Kiba, I’m impressed!”

The compliment goes straight to Kiba’s head. His instincts told him he had proven himself worthy to be Naruto’s mate. He stepped up to Naruto and he leaned forward and he licked his whisker scarred cheek. Kiba blushed realizing he let his instincts get the best of him, but instead of getting mad the blonde grinned.

“I was wondering when you were gonna act,” he cupped Kiba’s groin feeling the arousal within, Kiba moaned.

“You aren’t the only one with a good nose Kiba, I’ve had a whiff of your hard on this whole time,” he rubbed his hard on through his pants and the dog boy writhed in pleasure.

“Ah Naru ah!” he groans and bucks into Naruto’s grasp.

“Take off your clothes Kiba,” the command barely registered in Kiba’s mind, but he began to obey. He removed his fishnet shirt exposing his hairy pits and muscled body. Naruto pulls his hand back so Kiba can continue to strip.

He pulls down his pants exposing his fundoshi, and his throbbing hard on, the front of his fundoshi was soaked all the way through with pre cum. Kiba removes his fundoshi and his 7 inch long uncut and thick cock sprang up, his foreskin nearly covered the head completely. His crotch was crowned with a thick nest of dark hair, and his balls had a little hair on them to.

“This whole time such a rich musky scent, and from such a sexy beta!” he growled and pulled Kiba close, his hand ran down his back to his sexy ass. The dog boy moaned,

and Naruto spread his cheeks, his middle finger brushed over Kiba's tight virgin pucker. "Ah ah ah please!" Kiba was lost in a sea of lust, he buried his face in Naruto's neck, he inhaled his scent while his tongue licked his skin.

Naruto thrust his finger inside, and Kiba's eyes shot open. "Naruto!" he moaned as he came shooting his load all over Naruto's abs and his pants. "You got me all dirty beta what are you gonna do?" he gives a coy smirk, and Kiba blushed.

"Clean my alpha up," he said and got to his knees his cock still painfully hard. He started licking Naruto's abs cleaning off his milk, and tasting Naruto's sweat.

'Delicious!' He then began to lick off the cum he sprayed on his pants, he even sucked on the cloth to clean it properly. So close he could smell his alpha's arousal and he nuzzled his crotch he moaned as he sniffed his crotch.

From the scent alone he came spraying his load all over the ground. "My you are a slutty beta, to cum just off your alpha's scent you must got it bad for me," he pet Kiba and he growled in pleasure. "I want to be your beta please train me, I want you, I...I...love you!" he confessed and Naruto smiled.

“I know, like I said I got a good nose, I’ve known about your feelings for some time,” his fingers roamed through his hair and Kiba groaned. “Cumming to school smelling of your cum, you’ve been jerking off to keep yourself tame, but your ready to become my beta yes?”

“Yes please Alpha I want you!” he moaned. “Let me show you my love for you Kiba, I studied the Inuzuka mating rights,” Naruto pulled out his massive cock and Kiba nearly jizzed at the sight of it. His massive length was dripping pre cum, and the dog boy felt the urge to suck it. The blonde pumped his cock aiming it at Kiba’s face, as he stroked the manly musk increased, making the dog nin’s mouth water. With a moan Naruto came spraying his seed all over Kiba’s face, thick cum splashed all over his face and chest and abs. He held the base, and without a word Kiba turned around so Naruto could continue.

He released and continued to cum spraying all over Kiba’s back and his ass. Akamaru watched this overjoyed. His master was scent marked, showing not just his level of dominance but his love for Kiba by following the Inuzuka way. “Stand up, my beta!” Kiba did, and Naruto

kissed him. Their tongues danced together and Kiba came one final time.

“Kiba understand I don’t plan on going easy on you, I’m gonna train you to be my perfect beta, are you ready for that?” the brunette nodded. “Good boy, get dress and go home for today. We’ll complete the project and start your training tomorrow.” Without cleaning off the cum Kiba put on his clothing and went home with Akamaru. He wanted to smell like his desired alpha.

When Tsume saw her son, his face covered in cum and reeking of a powerful alpha, she began to cry. “My son has found such a powerful alpha, I’m so proud!”

To be continued

Chapter 5 What Happens In the Library

While Naruto and Kiba were playing Menma was taking care of Sasuke in more ways than one. The raven was positively throbbing in the tight confines of his pants. Menma palms Sasuke's bulge, hoping to coax him awake.

You see Sasuke had suffered a powerful nosebleed and fainted, however one part of him was still very very very active, his penis was pushing desperately at the fabric. Menma pawed at his crotch, fondling the bulge. Sasuke groaned but he was still knocked out cold. "Hmm," Menma hummed caressing the bulge. "Watch out I got an idea."

Sasuke's pants were undone and pulled down. The Uchiha's dick tented his boxers, pre making a wet spot in them. "You Uchiha's sure have big dicks." He squeezed his length through his boxers, and Sasuke moaned. Pre began to leak through the fabric.

Menma chuckled, he leaned down and licked the wet spot. He removed his shorts, and began to pull down his boxers. The band tugged down his length, down and

down, and Menma fought back a squeal of delight. After 10 inches Sasuke's hard dick snapped into the air. The raven's pale dick looked delicious.

Uzumaki pulled off his underwear and took a quick whiff. "Mmhhmm," he purred. "That's what I love about big dicks, they spend all day rubbing against the confines." he pockets the Uchiha's boxers and spreads his pale legs.

It was a right of passage for Uchiha's to keep their body hair shaved, Sasuke was no different, his bald crown and smooth family jewels. The Uchiha crest was tattooed over his crotch.

Menma fondled the smooth orbs, feeling the precious jewels up and weighing them in his hands. "My brother and I, are gonna drain these bad boys. You won't have to fap alone ever again Sasuke." he kissed the boy's balls.

He moved up his shaft, kissing each inch as he moved up to the tip. The tip was a lovely shade, pre spilling over. He licked around the head, before giving the tip a tongue lashing. Sasuke moaned in his sleep, his body flexing in pleasure, but did not awaken.

Menma licked his way down Sasuke's dick, giving a lick to each ball, before going back up. The Uzumaki was having a blast, licking around his penis, tasting every inch. Sasuke panted, his heart racing, body shaking with each lick.

He moved up to the tip and wrapped his lips around it, slurping and sucking on the head. "Ohhh!" Sasuke moaned in his sleep, in Menma's mind his actions were working in waking the raven up so he continued. He treated Sasuke's dick like a sucker, swirling his tongue and sucking.

His hand pumped his shaft, coaxing more pre to get slurped away. Menma was a master cock sucker, sucking his brother's dick on an almost daily basis. He was able to deep throat his brother and bury his nose in his brother's thick nest of pubes. So Sasuke's 10 incher was a big tasty treat.

He sucked him down to the root, and the sleeping raven arched off the ground and he came. His seed rushed down Menma's throat. The whiskered raven sucks his way back to the head and gets his first taste of Uchiha cum. 'Delicious!' Menma purrs.

Menma sucked his way back down his shaft, slurping and sucking him through his orgasm, chugging down each spurt Sasuke had to offer. The raven's toes curl, as his orgasm is drawn out for several minutes. He milked the boy's dick of five extra spurts, and his penis continued to twitch in orgasm.

The Uzumaki wasn't done, and Sasuke wasn't either. His penis was still hard, so Menma kept sucking. This is when Sasuke came to, watching the raven haired boy slurp and suck on his hard cock. "Menma? Ohh fuck!" he bucks in pleasure.

Sasuke quickly looks around, they were secluded hidden in the old archives. Though his mind quickly turned to mush, it was like Menma was sucking his mind through his penis. "Oh ohh!" Sasuke felt hot, his cheeks burning in a blush. 'His mouth is so warm and wet, his tongue keeps licking my dick, so good!'

Another orgasm was building up, and Sasuke found himself drooling. 'He's sucking so good, fuck...I'm gonna cum!' just when he was about to tip over the edge, Menma pulled off his dick. "No! So close!" his wet penis pulsed in the air.

Menma smirked at him and began to strip. "Oh wow!" his penis oozed as he watched the younger Uzumaki get naked. His hard 8 incher stood proudly, he dropped his clothes to the side. "Get naked." The order was so simple, but Sasuke was hypnotized by the Uzumaki's naked body.

His dark eyes roamed over Menma's sexy body. 'So hot, so sexy, his dick is as thick as my dildo.' Sasuke felt his manhole throb at the sight of his penis. The thought of Menma fucking him filled his mind and his ass and cock loved the idea. He still wanted to fuck Menma but his mind was evolving, the heat of the moment opening doors for him.

"Come on Sasuke, hop to it." he wagged his cock at Sasuke, and that helped snap him out of his daze. He blushed and pulled off his shirt. His cute pink nipples, were already nice and perky from arousal, his smooth pits were so cute. Menma pushes him back down and straddles his hips.

Sasuke gulps, and soon groans as Menma toys with his perky nipples. Menma chuckles, and rocks his ass against Sasuke's big dick. As the penis sits between his toned

buns, he feels Menma's hole twitch against him, heat caressing his manhood.

Menma pinches the perky nips, making Sasuke buck and groan. "You ready to lose your cock virginity?" Sasuke nods his head, he couldn't form words. Menma chuckles and lines Sasuke's cock up with his ass hole.

"Wait, you need prep!" Menma simply winks at him and slams him down, swallowing his dick in one go. "OHHH YES!" Menma drools, and Sasuke let's out a cry of his own. "TIGHT!" he howls.

They still for a moment, Menma loving the feeling of being stuffed, and Sasuke losing his mind as every inch of him was hugged by Menma's insides. 'I did it, I lost my cock virginity to Menma.' His pre was pouring deep into the Uzumaki's body.

The Uzumaki, reached down and began playing with his penis, foreskin sliding back and forth over the head.

"Your dick feels so good inside me Sasuke."

"Idiot!" Sasuke moaned, he tried to sound angry, but lust overwhelmed him. "You need prep." he tried to scold,

but watching Menma play with himself on his cock was too much.

“Normally yes, but last night my brother fucked me all night long, it’ll be a few days before my hole reforms completely.” he giggled. “You’ll understand soon enough.” Sasuke blushed, getting a reminder of the Uzumaki’s promise to share him with his brother. Menma uses his free hand to rub his belly. “You’re dick feels good inside me, I can’t wait to feel you cum.” His hole suddenly tightens and Sasuke moans. “My brother is very potent my insides are always soaked when he’s done with me, you gonna love it.” he had made sure Sasuke’s dick was nice and wet to boot, he wasn’t stupid, prep was key in sex.

Sasuke moans, and his penis twitches in delight. “I’m gonna move!” he hears and Sasuke watches as Menma pulls up, the tight ring of muscle holding him tight. The raven pants and groans as Menma rises to the tip. He slams back down and the two moan.

Uchiha’s hands come to his ass, and grope the cheeks as Menma moves up and down. He watched his dick appear

and disappear in Menma's ass, watching the boy's dick bob as he moved.

The image would forever be burned into his mind. The feeling of the inner walls squeezing his dick cementing it. His pre helped coat Menma's insides, allowing the whiskered raven to move faster. "Ohh fuck!" he squeezed Menma's ass in response, making the other boy moan. "Sasuke!"

"Menma!" he moans, and bucks. The sudden shift had Sasuke's dick strike his sweet spot. The inner walls tightened in pleasure. The friction between them only increased. 'It's so hot it feels like my dick is melting.'

Things get hotter and hotter, till Sasuke loses it.

"Cumming!" he howls and his balls lurch. His hot semen shoots inside Menma.

"Ohh yeah!" Menma shivers in delight, he sits on Sasuke's dick letting the boy fill him with his fresh seed. He reaches down playing with his cock to push him over the edge, he came and shot his seed all over Sasuke, hitting him in the face neck chest and abs.

He leans forward and captures the panting raven's lips. Sasuke moans into the kiss, his penis still stuffed into Menma's hole. Sasuke was super sensitive already, so having Menma's orgasm tightness followed by a heated make out session, he came again. He pumped more seed into the Uzumaki's tight hole.

The kiss ended and Sasuke's spent dick slipped from his hole. Some of his cum leaked out and made a mess over his crotch. "Mmm, your cum feels so good inside me."

Sasuke blushed. "You are still hard!" he gasped.

"Yep, wanna help me out their Uchiha? Wouldn't want to leave your partner unsatisfied would you?" Sasuke glared at him. "I'll show you Uzumaki!"

A change of position was needed. Menma on his knees, Sasuke on all fours, he was sucking Menma's dick, pulling back the foreskin to suck on the head lovingly. Menma reached over and was playing with the Uchiha's ass. "I bet your ass is lonely huh?"

Sasuke moaned around his dick, he tried to mimic what Menma did to him, his moans sent pleasing vibrations

through his rod. "I could fuck you from time to time, bet you'd love that?" he played with Sasuke's sweet spot.

He pulled off Menma's dick with a gasp. "You!?" Menma shrugged.

"I love taking dick, but I also love crossing swords with my brother, can you imagine it, both of us inside you?" Oh he could imagine it, his dick was hard just thinking about it. "Don't worry your anal virginity is for my brother, but some days I could fuck you and get you nice and wet for my brother, fill you with my cum to make things nice and smooth." Sasuke groaned his words were making him hot. His face was buried in Menma's crotch, the natural musk making his head spin.

"Tell me Sasuke, how much do you want my brother to fuck you?" Menma suddenly asked, thrusting two fingers into Sasuke's tight little hole.

"So bad, I want him to fill me so bad, I dream about it, I ache inside wanting to be filled. I want him to be my first, I want him to breed me so hard and so deep no other guy can mark me so." he pants, blushing as he realized he

had just confessed feelings he had tried to bury deep down. He looks up and sees Menma smirk.

His whole face gets as red as a tomato and he goes back to sucking Menma's dick. "Don't be embarrassed Sasuke, what you said is very sweet." Sasuke ignores him and tries to get him off. "Don't you think so big brother?"

"Mpf!" Sasuke chokes on Menma's dick and pulls off, turning his head to see Naruto standing behind them. Before he could ask how long Naruto's been standing there he quickly has his mouth stuffed by cock and Menma starts fucking his mouth.

"I just finished my training with Kiba, and came to check on you."

"As you can see, I'm doing great." Menma moans, and Sasuke couldn't help but shiver as Naruto watches the scene.

"I can see, and I heard everything." Naruto kneels behind Sasuke, and the boy groans around Menma's manhood. "You are a naughty boy Sasuke," the raven blushes a heavy weight of humiliation weighing on him. "For keeping this bottled up for so long." The weight

shattered as Naruto reached between his legs and gripped his cock.

Naruto leans in and starts licking his tight little hole. Sasuke moans, bucking back as he gets rimmed. 'This...this is my future!'

Menma cums first, followed by Sasuke. Naruto collects his semen and as Sasuke turns to face him licks his cum off his palm. 'Holy crap that's hot.' he thinks. He had the taste of Menma's cum on his lips.

Naruto's clean hand comes down and pets him. "Looks like you are apart of the family now." Sasuke blushes. "I'll be looking forward to claiming your anal virginity soon." he smiles and Sasuke's heart flutters. They clean up and Sasuke heads home, feeling like he was floating. He was so happy he didn't realize Menma had pilfered his underwear.

Naruto and Menma head off to talk about their day. Meanwhile Iruka, was suffering a bloody nose, and he had jizzed in his shorts. 'Of all days for me to be assigned to the library.' he had heard everything. The two had not

been quiet in the slightest. Those noises were gonna haunt his dreams forever. 'I need to talk to Naruto!'

What happens in the library, doesn't always stay in the library.
