

SPRIT WELL

FOREST MAP COLLECTION

Injured, you tread through the forest in hopes of escaping the horrific cult and finding retreat to patch up your wounds. In your hurry you stumble upon a forest clearing—and you cannot help but feel a magnetic pull towards the glowing pool at the center of it.

Large stone pillars surround the water; fierce stone figures sit on top of the pillars. There's something off about them. You want to turn around but can't resist the temptation of the well.

You undress and enter the well in good hopes... and a bright, magical energy flows up your skin. The sacred water stops the bleeding, closes your wounds, and rejuvenates you. You think about the clearly great decision to skinny dip and sit back in relaxation, your head laid back on the mossy stones behind you.

Then, looking up, you notice the stone warriors starting to animate and come to life.
