

Chapter 4

Thankfully the ride to Niccole's place was quick, the drink was causing me a great deal of motion sickness in the car. I get out of the car and stumble over to her front door. Niccole opens it up and lets me in.

"Take a seat in here, you'll sleep on the sofa tonight." She gestures to the room on her right whilst facing you.

Lack of control over my own face must show her my disappointment from not being able to sleep in the bed with her.

She bursts out laughing. "Sorry, couldn't resist... come with me sugar." She grabs my hand and leads me up the stairs.

"As if I'd let you sleep downstairs... You've got me all worked up and given me *this*." She punctuates with a spank. "You should be rewarded..."

As Niccole is leading me up the stairs I just stare at her generous cheeks before me, shaking from side to side, almost clapping from the swift speed she ascends the stairs. Standing on the landing she turns sideways giving me a side view. Her ass is now a shelf, each cheek juts out a good 8 inches, they swell outward, round and firm.

"Wow..." I drunkenly say.

"C'mon, don't just stand there... I *need* to feel your hands over this. *Big. Fat. Ass.*" Three slaps to her rump to add extra emphasis.

I can't believe this...

She slowly enters the bedroom, gesturing for me to follow her, frozen in place, I watch as she goes out of sight, the last thing to leave my eyeline: Her big round cheeks. I rush after her, not expecting her to be right on the other side of the door, we collide.

"Oh shit sorry!" I yelp, grabbing her to stop her from falling over. She is facing me, staring longingly into my eyes, her warm breath on my neck and chin as I do tower over her. Her lips slightly parted.

"Don't worry... Just..." She trails off.

I feel her dainty hands take mine and lead them to her hips, for me to reach her wide hips I need to bend slightly. She seizes her opportunity and kisses me. Her tongue enters my mouth. Passion taking over we start to make out, all the while she is hugging me closer and closer to her. My hands however are exploring the vast expanse of her booty.

The firm orbs fill my hands, I squeeze her cheeks feeling the resistance from their firmness. My gropes cause her to press more into me, the tight feeling of our bodies rubbing against each other causing more tension. I can feel her lower torso pressing into my erection.

I swiftly spank her ass and she breaks off the kiss and throws her head back to let out a huge moan, the moan echoing in the room. Shocked, I look down at her face. She lowers her head back to face me. A fire in her eyes.

“Fuck. Me.” She commands.

She spins and leaps towards the bed, removing her clothes and bending over, displaying her big ass for me. “Now!” she barks.

I strip down, my cock springing free as I walk towards her ripe bum presented on the edge of the bed for me. I place my hands on each cheek and give a firm squeeze, this causes Niccole to moan but also yell out, “I said, NOW!”

Obliging her I slowly bring my rigid cock to her wet pussy, carefully sliding it in, feeling very little resistance.

“Fuuck... you are big too huh...” she yells out before burying her head into the sheet to stifle her moans.

I keep going until I feel her big cheeks press against my lower abdomen, offering up too much resistance for me to go deeper. The resistance pushes me back out. Very quickly I start thrusting and bouncing against her giant cheeks. I can hear Niccole’s muffled moans from the sheet. I continue to thrust into her.

Fuck... her ass... it is huge...

I feel a familiar feeling deep within.

Magic? Bigger? I can't control it...

Sure enough, I feel her ass start to rise up my torso.

Holy shit... bigger...

She lifts her head, “Fuck... me... bigger...”

Her once basketball sized ass cheeks are now closer to beach balls, each cheek so firm and steadily pushing me out of her incredibly wet pussy. I thrust harder to remain inside, delivering a mighty spank to her ass.

“FUCK!” She screams, her body shuddering beneath me.

She just orgasmed from a spank

I place both of my hands on her cheeks and squeeze, causing Niccole to yelp.

“It feels so good... My fucking fat ass is so... Big!” She says out loud, moaning.

I can feel her ass growing still, at an accelerated pace, her ass is now so wide I can no longer even reach my arms entirely around it, I wrap my arms around the firm cheeks as much as I can and continue to thrust deep into her.

I won't last much longer... she is just so fucking big

Quicker and quicker I thrust, slapping against her.

“FFFFFUUUUCK!” I yell out.

“Cum! Cum for my giant ass!” She yells.

I can't take it...

I erupt into her, torrents of cum pumping into her. Her ass starts to grow rapidly and it causes me to stumble backwards. Not quite finished I quickly stroke my cock and give a few final spurts against her mountainous ass.

I watch as her giant ass jiggles and quakes, she screams out, I can see her hand pawing at her expanding ass.

“Holy fucking shit... Look what you did!” She lets out a deep moan. “I'm soooo big.” She starts to quake and shudder.

I notice her ass has finally stopped growing, her body still shuddering for a few more minutes before becoming still. I walk around the bed and look upon her face, she is out cold.

Fuck... what have I done...
