Eternal dream

Chapter 7

By Ron512 and Kami1

I'd like to know that too.

Don't even try to lie, you're skipping school again.

Today is Monday.

I already said I had to buy something before school.

But it's only the first time this week.

I could have gone to another store.

Although I see
I'm not the only one
who decided not to go
to school today.

And as part of
the prescription, he
recommended buying
a new bra?

No, I was just
curious. hehe

Hina-chan's
not truant at all,
if that's what you
mean.

She
had a doctor's
appointment
today.

Yeah, it's kind
of a problem.

Why did I
have to meet
Zero Two
here?

embarrassed

I think it's
fine.

Although you're
partly right.

Great,
then peel off the
tag and get dressed.

Hina-chan,
this bra size fits you,
I mean it's not too
tight.

After all,
we can't afford to
miss a whole day
either.

And you're coming with us.

I don't want to impose.

Although it's a good thing it's Zero Two.

It's really not a problem.

After all, she knows I'm really a guy, so I don't have to worry about anything with her.

At least this way I'll know you arrived at school.

It would be much worse if it was someone from my old school.

Maybe Ichigo has finally found a boyfriend. She's always been like a little sister to me so I'm a little curious.

Maybe she's a lesbian?

I wonder what's going on there now.

Although from what I remember she was never interested in boys from our class.

Meanwhile, at
Hiro's old school...

It's been over
a week since Hiro
left and he hasn't
called once yet.

I just hope
nothing happened
to him.

Hiro when are
you finally going
to call?

concerned

Hiro and I have always been good buddies. Although he was the one Ichigo chose.

But now that he has left I have a chance.

Are you still in class, are you not going on break?

I'm waiting for Hiro to call.

Why?

Everyone at school knows that Ichigo fell in love with Hiro but not him.

Unbelievable, how can you be so ignorant?

Why was he the one you had to choose?

On top of that, over time he even started treating her like a younger sister.

Well...
maybe he's busy
with something
right now.

After all,
he has a lot on
his mind right
now.

I guess
you're right.

You see.
Maybe in that
case you should
also focus more
on yourself,
I'm sure that's
what Hiro would
want.

Maybe
I should call him
myself?

When you finally forget about him.

What do you see in him that I don't have?

Angry

Yes, that's a good idea.

Well no, his phone is off. I'll try again later.

And so Goro tried unsuccessfully to win Ichigo's heart

On the way to school...

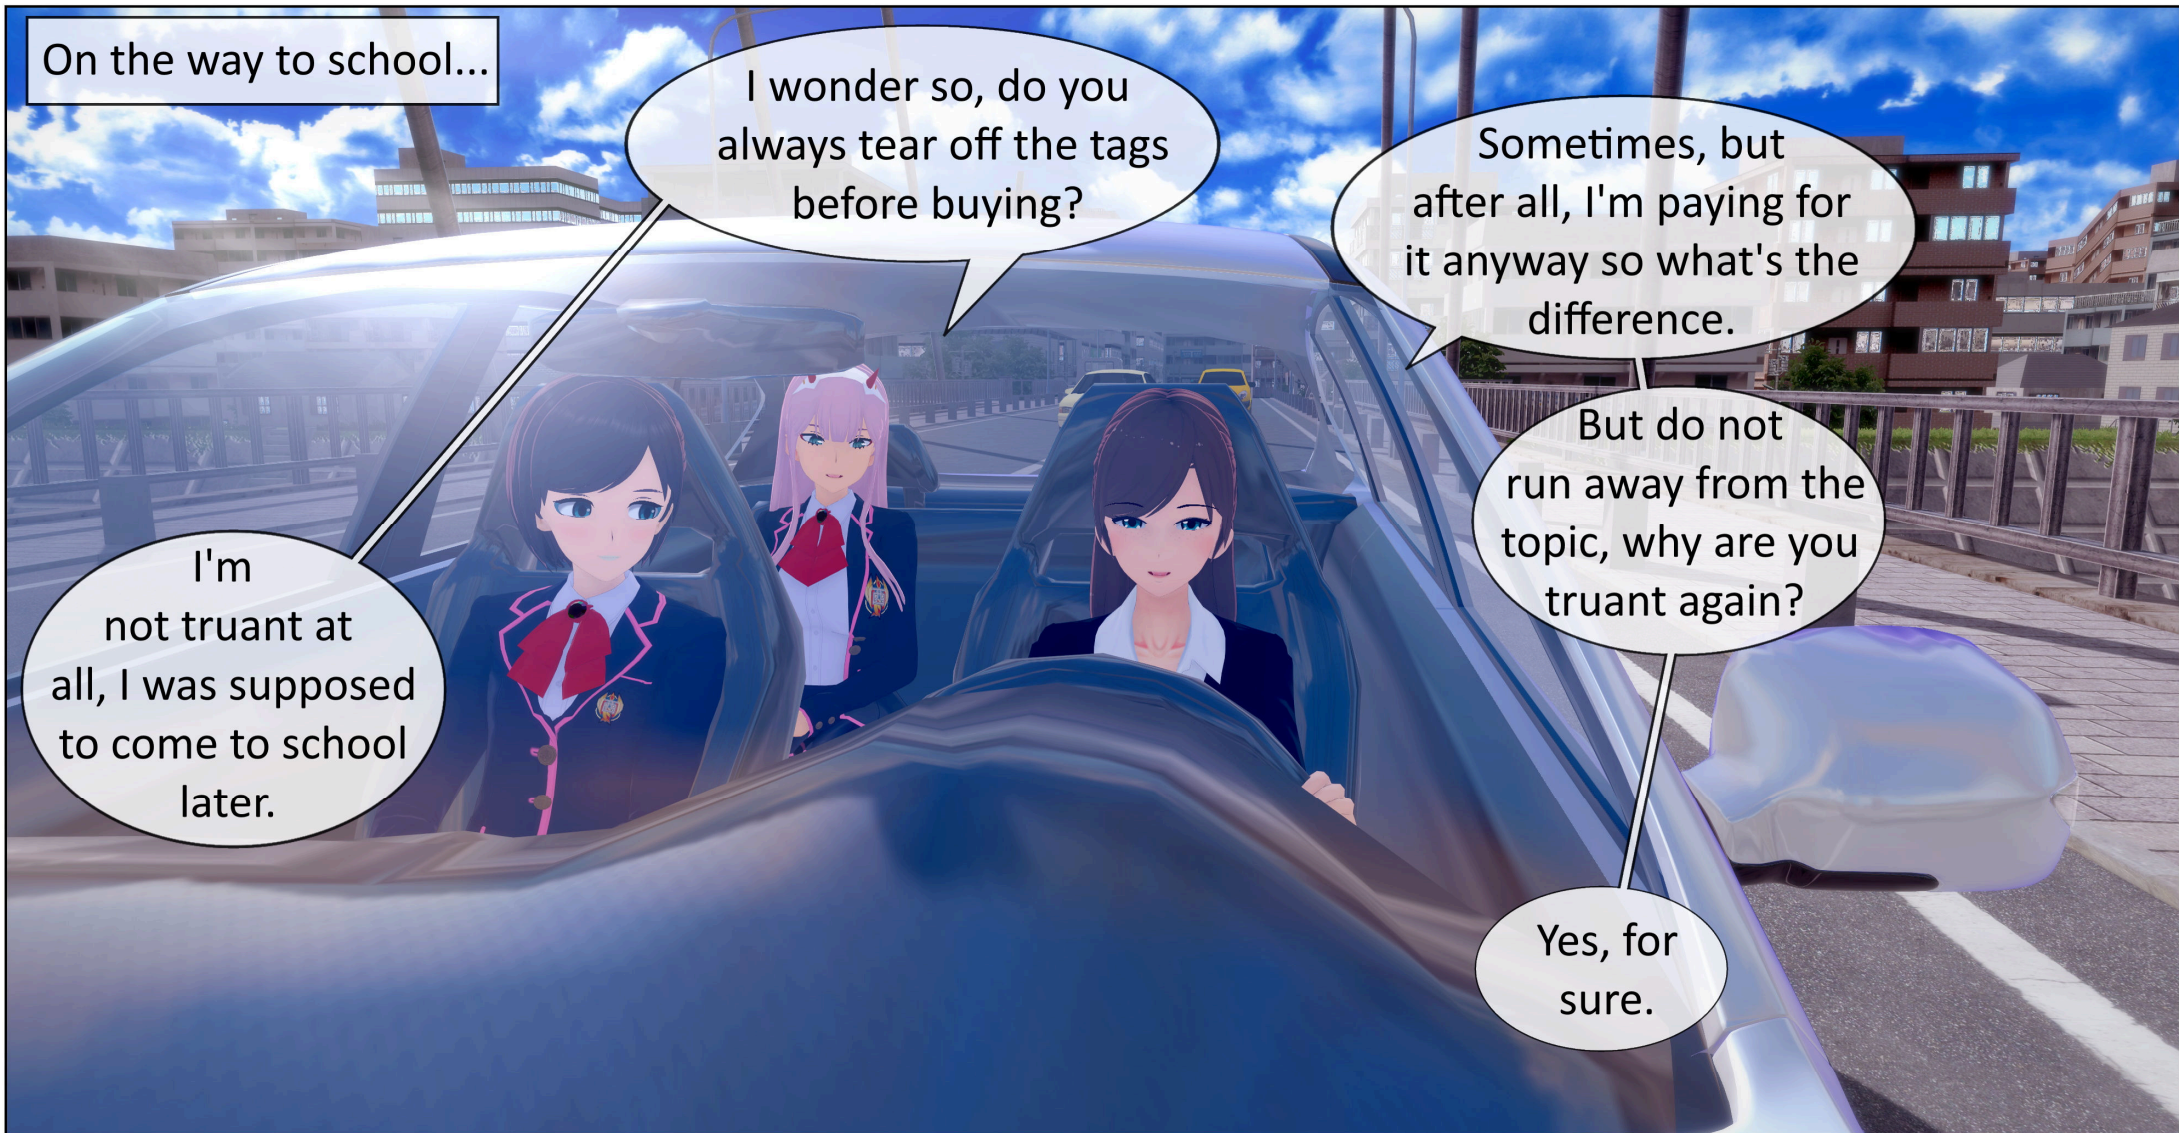

I wonder so, do you always tear off the tags before buying?

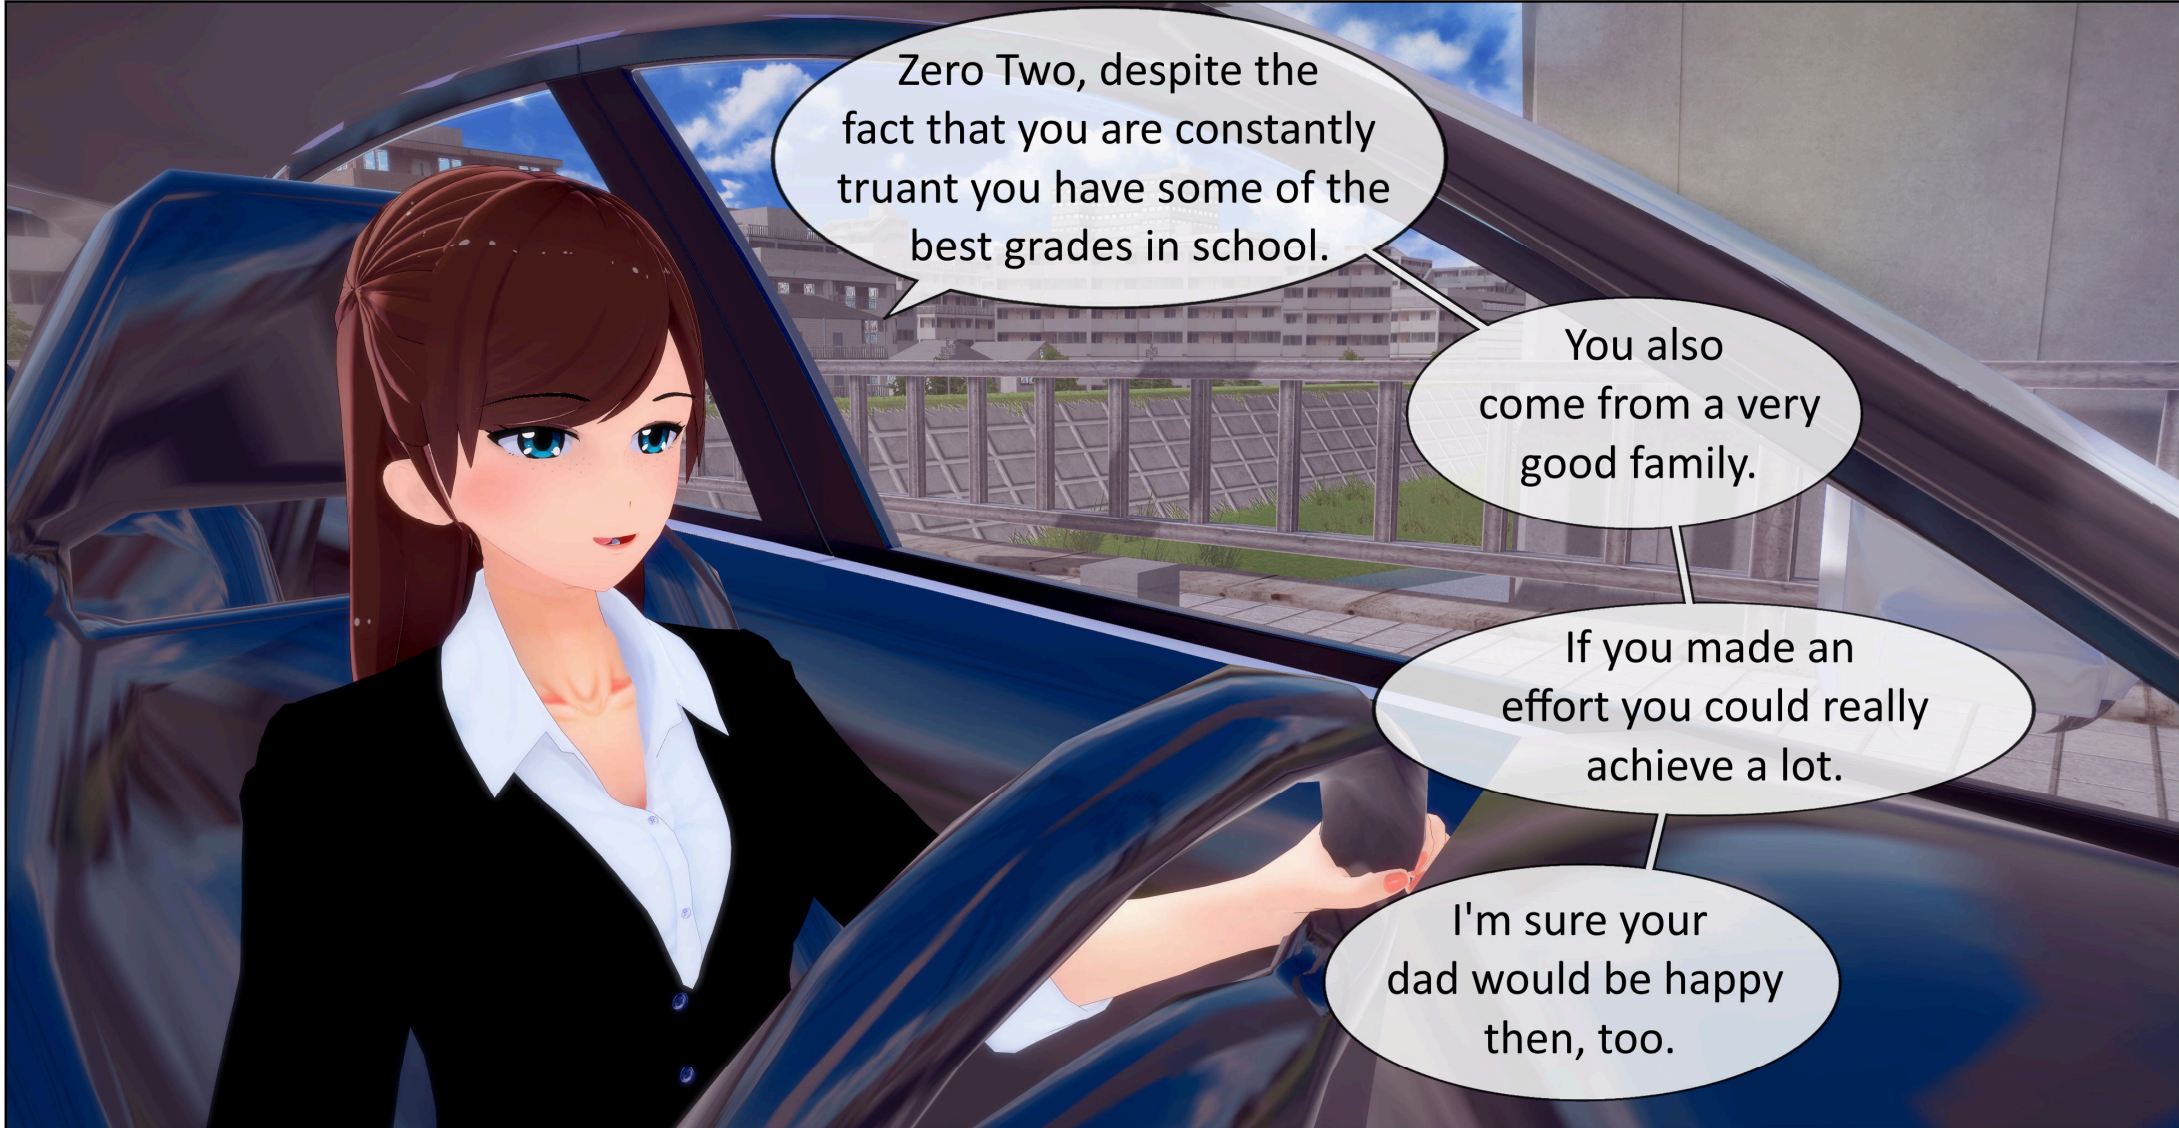

Sometimes, but after all, I'm paying for it anyway so what's the difference.

I'm not truant at all, I was supposed to come to school later.

But do not run away from the topic, why are you truant again?

Yes, for sure.

Zero Two, despite the fact that you are constantly truant you have some of the best grades in school.

You also come from a very good family.

If you made an effort you could really achieve a lot.

I'm sure your dad would be happy then, too.

Yes, it would certainly make him happy.

You see.

It is a shame that no one will ask me what I would like.

I hate it when people treat me so objectively as if I were some kind of cow.

And I especially hate it when someone says I come from a good family.

And my father... he doesn't even let any boy get close to me.

Is it really a problem that she is truant if she has very good grades anyway?

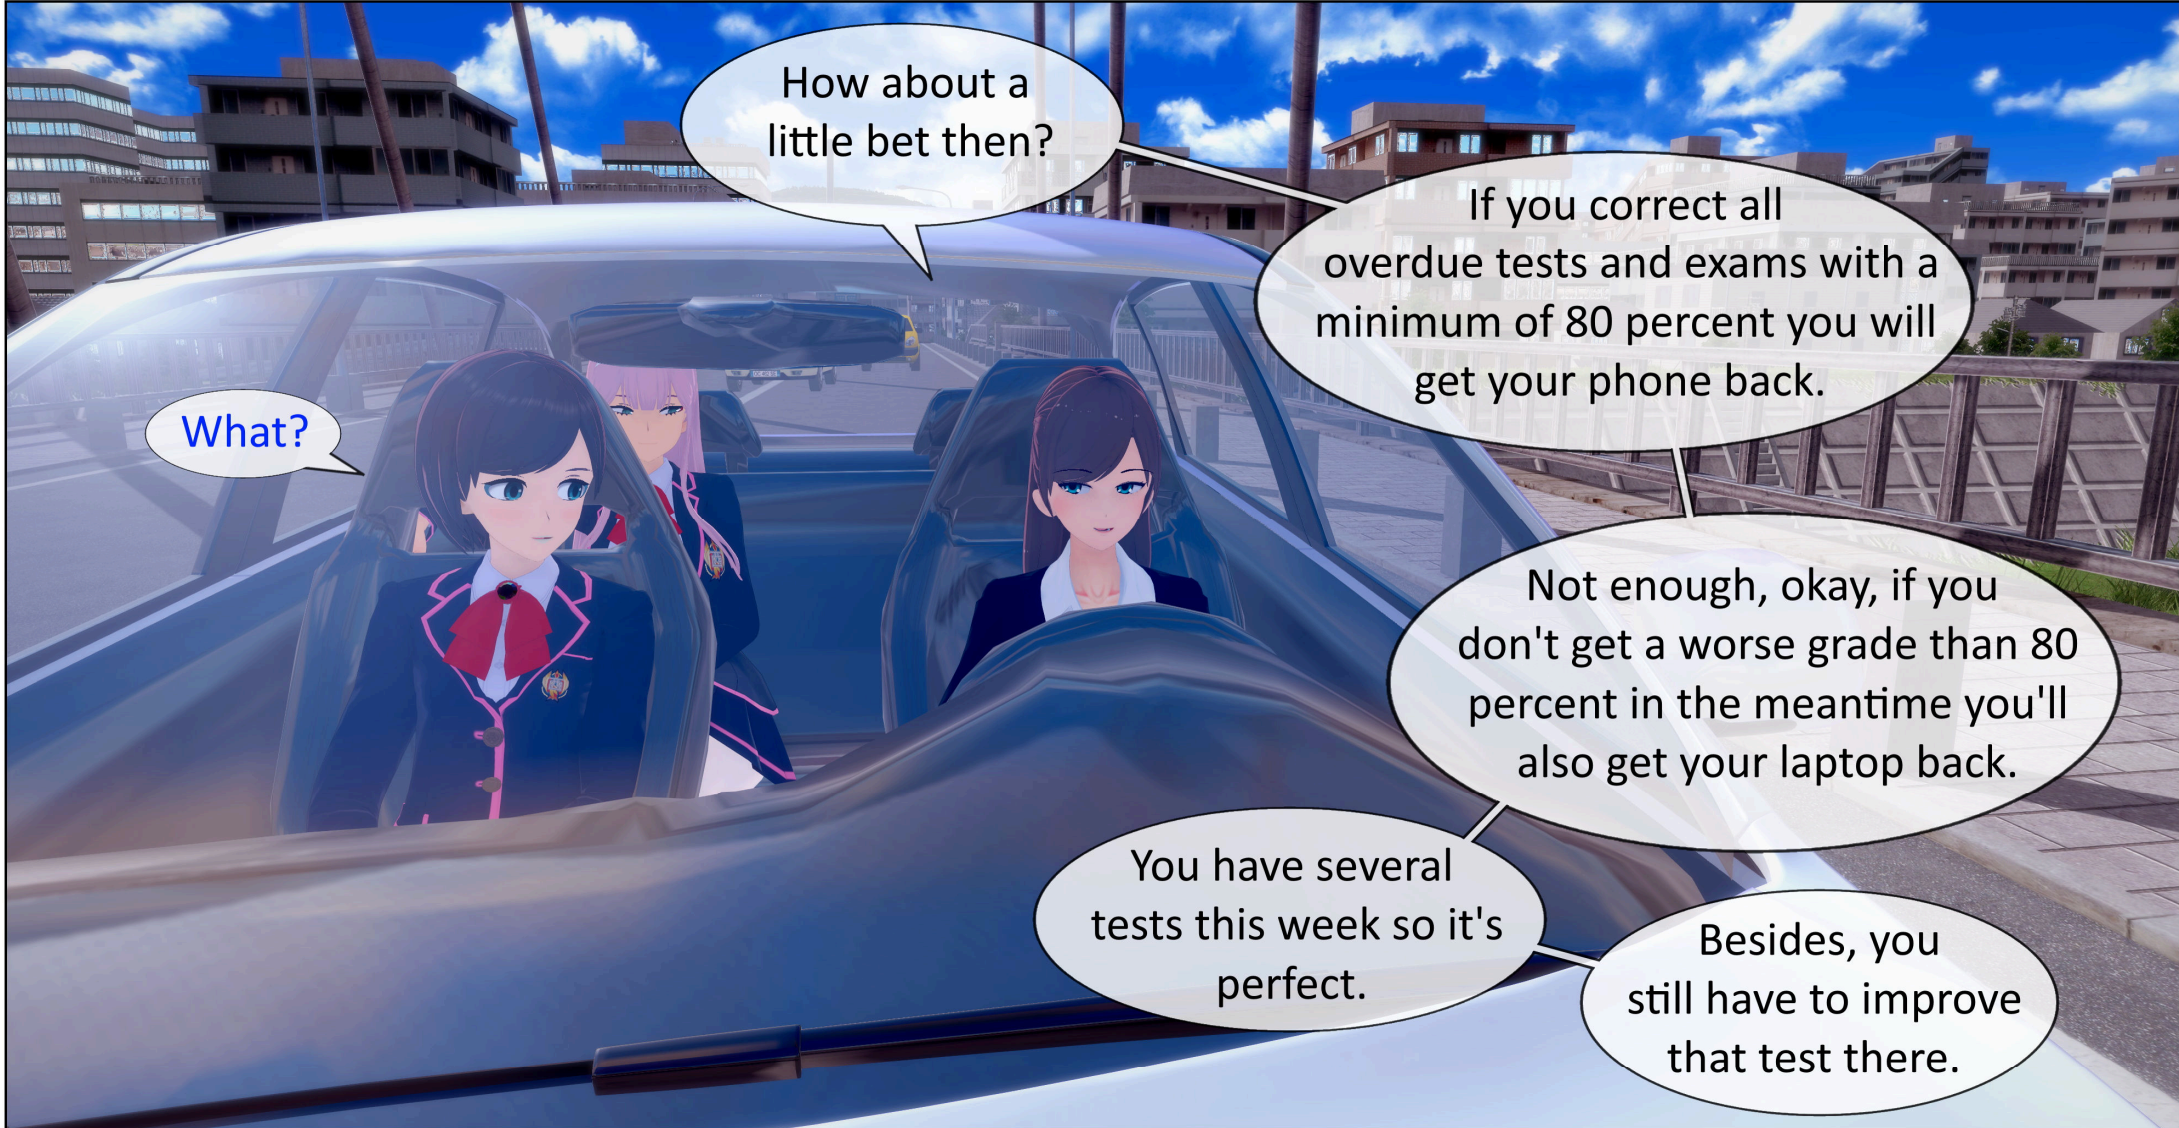

No worries, I can do it.

happy

But if she wasn't truant she would have even better grades.

Besides, don't forget that you also have some catching up to do yourself through your school changes.

I see you are very confident Hina-chan.

How about a little bet then?

What?

If you correct all overdue tests and exams with a minimum of 80 percent you will get your phone back.

Not enough, okay, if you don't get a worse grade than 80 percent in the meantime you'll also get your laptop back.

You have several tests this week so it's perfect.

Besides, you still have to improve that test there.

It seems that
Aunt Sora found out
about that test.

Indeed I would love
to get my laptop and phone
back but 80 percent is beyond
my capabilities.

I think...

Of course
she agrees.

What, but I didn't....

No worries, I'll help you learn.

I'm already looking forward to seeing it.

Of course, if you lose our bet you will be punished.

Shocked

Oh no, I got into trouble again.

I guess it was better not to say anything.

It seems that Zero two has taken a liking to Hina-chan, that's good. That way I'll be able to kill two birds with one stone.

Some time later...

Well we are on the spot.

Go to your classroom now, just apologize to the lady for being late. I'm going to park the car.

Sure.

Auntie maybe you will think again about this bet.

Why, I think it's a fair way for you to get your stuff back, Hina-chan.

But auntie~

You guys go now because you're about to drop off for another lesson.

Don't worry,
I'm sure you
can do it.

You give up
too quickly, besides,
I have a plan on how
you can succeed.

Unbelievable,
I got into trouble
again.

It's impossible
for me to get a minimum
of 80 percent on every
test.

It's not
possible, I think I should
get ready for punishment
already.

What plan.

It doesn't matter, the important thing is that thanks to him you will definitely win this bet.

And if you win this bet you will also get something special from me.

No not this time.

It's a surprise.

Another kiss?

So what's that?

Don't be like that , tell me what it is?

No.

Win this bet
and then you will
know.

But
I tell you it's
impossible.

You have
too much faith in
my abilities.

Or maybe
you just have too
little faith.

Some time later...

What?

Shocked

You bet with your aunt that you will get a score of at least 80 percent on each subsequent test?

Are you sure you can do it?

Actually , no.

But Zero two said she believed in me, so I guess it's worth a try.

Besides, I didn't really have a choice anyway, she was the one making decisions for me when Aunt Sora dropped us off at school.

Although maybe she was right and it's worth a try.

All according to plan.

I have to take the initiative quickly otherwise Zero two will take my Hina-chan away from me.

And how many points did you have from the last test anyway?

Great and you're betting you can get 80 percent?

No offense, but if I were you, I'd give up that bet while I can.

Umm... Zero.

And I believe Hina-chan will be able to get that 80 percent.

Zero Two.

Why did you persuade her to make this bet, after all, she is on the losing end.

I don't think so, in my opinion Hina-chan can safely win this bet.

By the way, how is the new bra. hehe

embarrassed

Have you been shopping?

Someday we'll have to go shopping together, I'll pick out something sexy for you.

Fits perfectly.

Although the itching hasn't stopped but at least it's more bearable now.

I don't know if you can call it that I only bought a bra.

Maybe someday.

Never in
my life.

I have no
intention of buying more
women's items than
absolutely necessary.

And I don't even want
to think about what kind of
punishment Aunt Sora might
prepare for me if I lose the
bet.

It's enough for me that
I have to wear a sports bra
and women's panties.

But putting
that aside I hope this plan will
work after all, today we have
another test.

During the test....

Well children,
as it said, the test
will be from the last
lesson.

Any talk is of
course forbidden.

Good luck.

Well,
the moment of
truth

I wonder what
it even consists of,
she just said that I should
write the test to the best of
my ability and not worry
about anything.

I hope Zero Two's
plan will work.

Well... At
least today the itching
doesn't bother me so
much.

Some time later at work....

Unbelievable,
not only do I have to
pretend I'm a girl at school,
but also at home and
at work.

Couldn't auntie
get me another job?

Okay, and now it's
time for the worst part
of the day.

And the
worst of it all is that
I'm working as a Miko
maid.

All in all, I still
don't understand why
I have to pretend to be
a girl at all.

After all,
Aunt Sora could just
enroll me in another
school.

The worst
part is that she is right.
But now let's get back
to work.

In that case,
I am ready just one
more thing.

Although I think
Aunt Sora is mainly interested in
punishing me for what I did and
teaching me a lesson.

I think
I haven't forgotten
anything.

Wait, how did it go? Oh, I already remember.

I'm a strong and confident girl.

I'm a strong and confident girl.

I'm a strong and confident girl.

I'm a strong and confident girl.

Hello my name is Hina-chan, what can I serve for you today?

I feel a little silly.

No, I can't think about it now.

When I am here I am Hina-chan I have to remember that.

This role-playing really helps.

Maybe I should start using this at school too?

I guess not in the end I know I'm a guy.

I don't feel so embarrassed.

Just won't it have some consequences if I keep telling myself I'm a girl?

I've watched too many movies.

While working...

Thank you
for your patience.
As ordered, Two
curry.

Yes, I just started
working here.

Blue
miko? That's some
form of recognition.

Wait, I haven't
seen you here
before are you
new here?

And you
already know the
magic spell.
