

Can't Get Enough

Kiba can't get enough of Naruto's scent.

-X-

Inuzuka's had a fetish, it wasn't hard to figure out with their strong sense of smell. They picked their mates by scent, and their noses never lie. Therefore, when Kiba's nose led him to Naruto he knew it was fate, and boy was his scent amazing. It was more than just ramen, or the blonde's body wash or shampoo. There was something the Inuzuka's could smell, the identifying scent that each person was born with.

Which led them to today. "You really like my scent don't you?" They were chilling in the blonde's room, it was a hot summer day and Naruto was relaxing in his boxers while his boyfriend Kiba was all nude. His chiseled body glistening, his skin flushed from summer heat. Kiba was one sexy beast of a ninja, broad shoulders, fine pecs, rock hard abs, a treasure trail coming up to his navel, toned ass cheeks. His hard 7-inch dick was throbbing, standing proud from his hairy

crotch. He was at Naruto's feet, inhaling the pure musk. He had a pleasure drunk happy face as he sniffed and sniffed. "Mmmmmmm!"

Ninja's feet were amazing and well kept. The blonde laughed as Kiba sniffed and licked his feet, going between his toes and running over his soles. He growled in joy, and took a big whiff as his hand came down to pump his member. 'Gawd he smells so damn good, and he tastes as good as he smells.' he thinks as his big tongue brushes over the sensitive skin.

He moved from the right foot to the left. Licking the heel, as his nose pressed into the sole of the foot. He lapped his way up, tracing the lines at the bottom of his feet up to the pads. Naruto couldn't help but chuckle. He thought Kiba was joking at first, when the dog nin came barreling into him a few weeks ago nuzzling his crotch like it was his own personal bone, but he was dead serious.

Naruto slipped his toe into his mouth and he sucked it. Kiba moaned and pumped himself

faster, he was weeping like crazy. His strokes smeared pre over and over, so his dick was super slick. He was pumping himself so fast his balls were bouncing. 'I'm cumming!' his climax hit hard and he came all over himself. Thick long ropes of semen erupted splattering his muscles.

"Want something bigger to suck on?" Naruto palmed his crotch, he pulled off and nodded his head. His eyes drifting towards the bulge in his boyfriend's boxers along with the musky scent of arousal coming from it. He was drooling and he wasn't even close to it yet, he wiped his chin and moved up. Kiba's stamina was impressive, his cock was throbbing and bouncing as he moved.

Kiba tugged his boxers off, allowing his thick 10-inch cock to spring up into the air; the smell of his dick had Kiba ready to release again!

'Naruto's cock, such a big cock, such a big hot dick!' He nuzzled it, letting his cheek rub across his length. 'He looks so please with himself.'

Naruto thinks with a grin. He moved down to where his cock and balls met and inhaled, 'Oh

fuck the hell yes!’ His eyes rolled up and he came again. The biggest sign for an Inuzuka had found their destined mate was the legendary scentgasm. Kiba’s balls lurched and he came all over Naruto’s sheets.

The blonde moans as Kiba licks up his cock, lapping at his heavy length. He didn’t even notice Kiba had made a mess yet. Kiba wrapped his lips around the fat head. He slurped and sucked on the head, as his hand stroked the shaft. Naruto grinned, ‘Man Kiba is an A class cock sucker!’ he moans in delight. The dog nin takes the moans and starts sucking Naruto down.

Kiba had 0 gag reflex, he was able to slurp down Naruto’s dick down to the root.

“Mmmmmnnnnmmmm!” he moaned around his length, sending pleasing vibrations through his rod. Naruto’s toes curled in pleasure. “Ohh fuck!” Naruto moaned.

He bobbed back and forth over Naruto’s length, the look on his face was priceless, like a dog

given a big juicy bone. Naruto's dick stuffed his throat, his tasty man meat made his cock throb in delight, his tongue lapped at the underside. When at the tip, he gave the head a tongue lashing, loving as the pre smeared all over his wet muscle. The taste almost made him cum again, but this was but the appetizer before the main course. He doubled his efforts, slurping and sucking Naruto's dick with all his might. "Kiba, oh fuck Kiba!" he moans.

The blonde's climax hit him hard, his dick swelling and twitching in climax. Kiba could smell the blonde's cum coming, so he pulled back to the head, just in time for Naruto to cum in his mouth. Fresh man milk erupts into his mouth and fills his cheek. Kiba cries tears of joy, rolling the cum in his mouth. He savored the flavor before swallowing it all. Kiba cums again, turning his mess into a massive puddle.

Naruto wasn't even surprised anymore. "You pervy mutt I just cleaned my sheets!" Kiba soon settled on nuzzling the blonde's pubes, the rich

scent found there was like a dream. 'His hair tickles.' he thinks happily as the blonde pubes brush his nose.

“Sorry!” he gave him big puppy dog eyes. Naruto felt the look pierce his heart. 'Damn it, I can't resist those eyes.' The blonde sighed and put his arms behind his head, exposing his pits. Kiba shivered and licked his lips.

“Fine you are cleaning my sheets, and you better get me off to.” He rocked his hips, slapping Kiba's face with his cock. The dog boy felt his manhole spasm with each slap. Kiba smirked, and his cock was hard and still ready for more. The Inuzuka stamina rivaled the Uzumaki clans. He moved up to the blonde's pit; starting with the right. He inhaled the masculine scent. 'Oh yeah baby!' he growls and humps against Naruto. Their hard cocks rubbing together, their balls and manhoods mesh together in the sweetest friction. Their heavy balls smacked against each other creating a ripple of pleasure between them.

Naruto groaned, it was an odd feeling being sniffed, but with Kiba, it was a turn on. What's more, he loved to lick; his tongue ran over the exposed skin. 'Well I was a bit sweaty.' Kiba lapped up his sweat, loving the taste and Naruto could feel him twitch in delight. He continued to hump against the blonde taking in his arousing musk, it was raw and natural. 'Thank you gawd for making Naruto my mate his scent is amazing, he tastes amazing!' He got high on this scent, he found himself moving faster and faster, he was already on the edge of another release.

He moved over to the left pit, lapping at the sweaty pit. "Mmmm, oh yes!" Kiba's excited dick leaked all over Naruto's bigger length. This allowed him to move even faster, humping like a dog in heat. He panted and grunted, his release building.

The friction and the licking had the blonde on edge as well. 'Man he's good at this.' With his right hand he grabbed Kiba's head and pushed him deeper into the blonde's pit. Kiba simply

moaned. "Perverted mutt come here!" He grabbed his boyfriend and pulled him up for a deep kiss, dominating his mouth. 'Fuck he's such a good kisser!' Kiba closed his eyes in bliss, the heat in his belly uncoiled. He shot his load, his cum splattering between their bodies. Naruto followed suit his cum joining the mess between them. Tan muscle was splattered in white.

Kiba went slack; he chuckled as he broke the kiss. "Nothing beats this on a hot summer day." he nuzzled his boyfriend's neck, taking in the combined scent of their cum and Naruto's musk. Naruto sighed, this was pretty nice, but they needed to clean up.

"Yeah yeah, you pervy horn dog, clean up or else I shower alone." Kiba did not wait he got to work, he licked the cum away, loving the flavor of their cum mixed together. The icing on the beef cake that was Naruto. What Kiba loved was the scent of their cum together wouldn't go away, no matter how much Naruto washed, he'd always smell it, a sign of their bond, he loved

that. He was slow and careful in his cleaning. Licking Naruto's chest from left to right, taking part to lick the blonde's nipples.

Moving lower he licked Naruto's abs, his gorgeous washboard abs. He lapped up their semen, even dipping his tongue into the boy's navel. He cleaned down to Naruto's crotch, he lapped up his mess, and made sure Naruto's cock and balls were clean, before his head on his crotch. "You love me right?" he looked up at his boyfriend.

"Baka of course I do, now go to sleep its hot." He reached down and pets him as he snoozed. Even drifting into sleep, the blonde's dick stood at attention. "Love you Kiba." he whispers.

"Thanks fox face." He hummed. "I love you to." he collected some of the blonde's cum and brought it to his needy hole. With a grin he stuffs himself with his fingers, smearing Naruto's cum on his inner walls. He could not wait for the day he would be marked by Naruto's scent forever. He would walk the Inuzuka compound with

pride, with his lover's cum running down his legs, smelling like him inside and out.

They would get a shower later and he would spend his life enjoying this delicious scent, he would never get enough! 'Naruto's scent is all mine, all mine!'
