

I Rezillo Ryker created the species called the Rexouiums permit them to be an open species and be under the licenses of CC BY SA.

<https://creativecommons.org/licenses/by-sa/4.0/>

Simply meaning you are allowed to use said species even commercial use as long you always give credit to the creator (Rezillo Ryker), and you can't change the license terms. For visual example, here is what the species look like that are fox like face, anthropomorphic standing on 2 legs and have feathers along their head, back, and tail, sometimes with a bushy tail.

Now that is only just for the design of the Rexouiums and art of the species but does not include the model and existing files that I'm selling on Gumroad linked here:

<https://rezilloryker.gumroad.com/l/MYutV>

For commercial use for the avatar (model/rig and files) will be under a separate license or permission that I may give out. As personal license of this avatar and it files are:

- Do not resell or share the assets (commissioning for edits are fine as long as each party owns it)
- Don't do Nonsafe for work.
- Keeping credit to the creator.
- You are allowed to make the avatar set to public on VRChat, Please share the link to this page and to the Discord <https://discord.gg/6mwSTtg> if you do so.

I am not responsible for any misuse to the model or not following TOS with any platform rules.

Rexouium an Open species updated from 2/23/2022

The model and all its assets that comes with said purchase for my Rexouiums fall under basic copy right claims that I do not allow redistributing or reselling said content and its materials.

((To be clear, CC BY SA applies to only the species not the model/avatar that I am selling. Also, I own full rights to the lore that is behind the species.))

To give credit that I am creator you can either use “Rezillo Ryker” or “Raccoon animations” are my business names. Also if you can please share the link to the discord that was made for the avatar and is where the lore is explained for the species <https://discord.gg/6mwSTtg>

If anyone has questions feel free to contact me by email Jonathan@raccoonanimations.com or discord RezilloRyker#3830

I do also have an FA <https://www.furaffinity.net/user/raccoonrezillo/> but less likely I check or update it.
