To be or to have **5**
EN by Ron512 and Kami1

Later during breakfast ...

I still can't believe it.
How could I have missed
such a chance.

Why did I hesitate?
What is happening to me,
Do I really want to be a
girl subconsciously?

I wonder what she's been thinking about so long, and she hasn't even touched her breakfast yet?

Baby does something happen you look like something's bothering you?

No, I just didn't get enough sleep, that's all. You do not have to worry.

For sure you know you can tell me anything.

ummm I think I already know what's going on.

Of course with your boyfriend,
I recently heard you and Rem talking
about him. As far as I remember
her name is Mar.

It's not what you
think Mar is ... just a friend.

I can't tell
you it's me.

I just hope I don't
become a grandmother
too soon. Although it
would be great to have
grandchildren.

While we're at it. Could you wake Rem after breakfast. I know today is Saturday but it's unhealthy to sleep all day

Sure.

In Rem's room ...

Wake up sleepyhead,
time to get up.

Just five more
minutes.

ZZZZ...

Well, you leave me no choice and I wanted to gently.

Why are you sleeping without a bra?

Literally five minutes. Hmmm what are you looking at me like that?

It is unhealthy to sleep in a bra, and also uncomfortable. What, are you sleeping in a bra?

Yes, I thought it was like panties. Really all women sleep without a bra.

AAAAAAaaaaaaaaaaaaa!

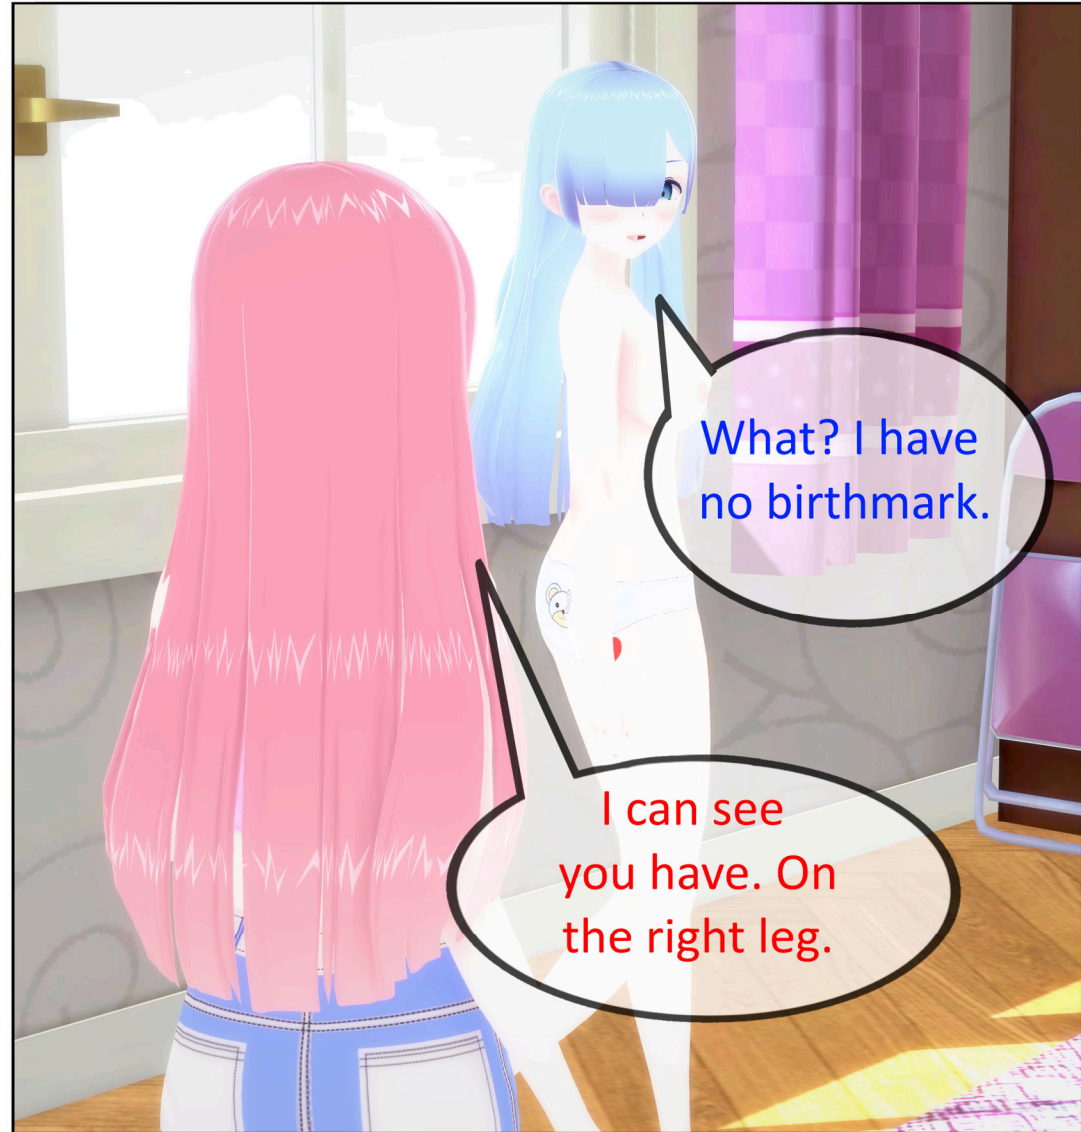

Most. I find it uncomfortable to sleep in a bra because it crushes me.

Strange why did I find it so comfortable to sleep in a bra?

Maybe it's because your breasts are very small and you didn't feel such pressure?

You're probably right it's because I have ...

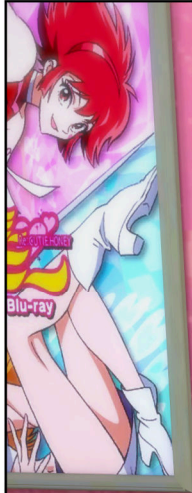

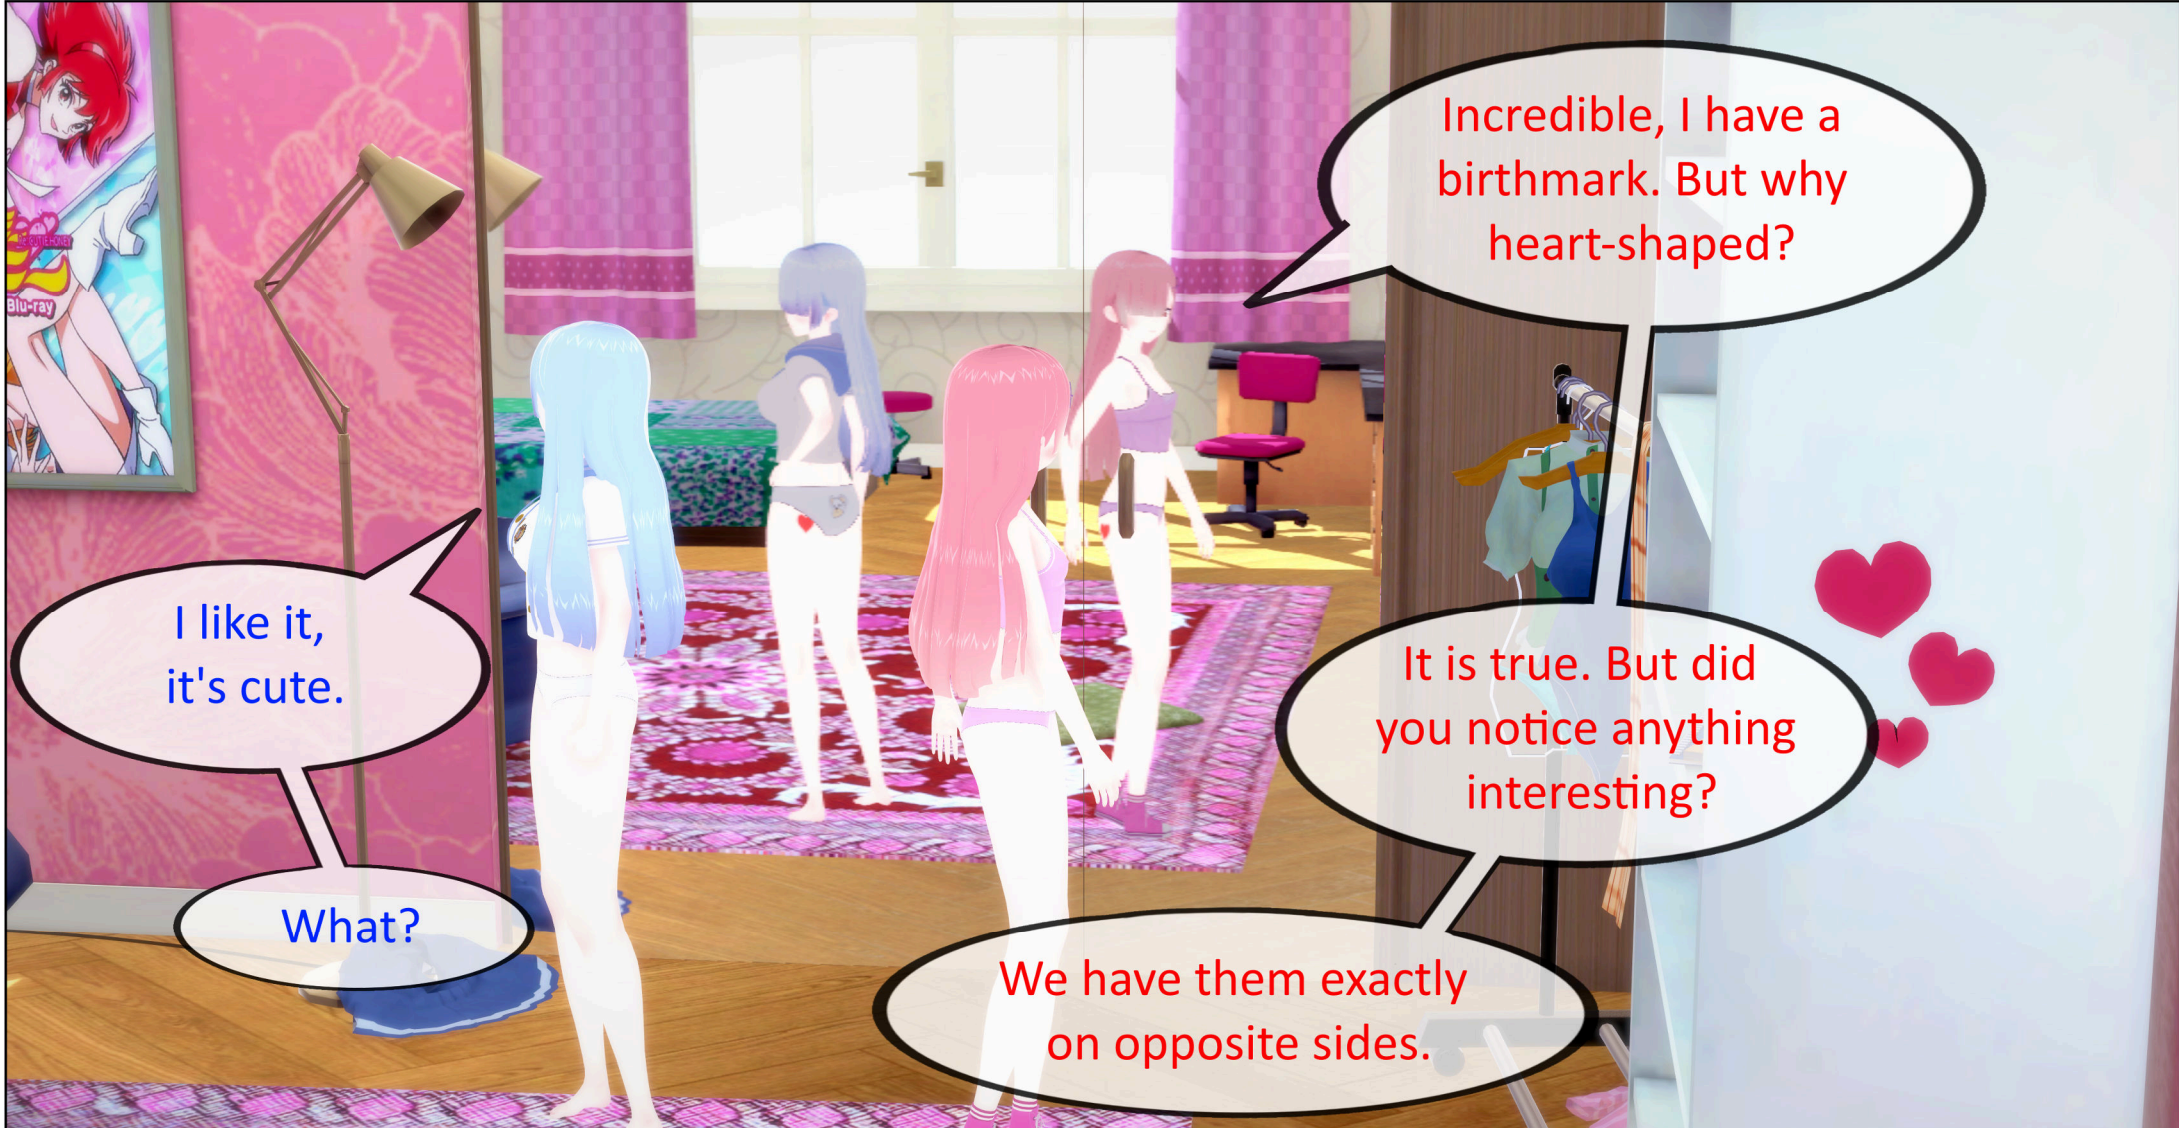

Indeed, but I'd swear I haven't had it recently.

I doubt it. looks like an ordinary birthmark. What about you, do you also have a birthmark now?

I think so, we are twins after all.

Maybe it's some kind of disease?

You think I can have?

I like it,
it's cute.

What?

Incredible, I have a
birthmark. But why
heart-shaped?

It is true. But did
you notice anything
interesting?

We have them exactly
on opposite sides.

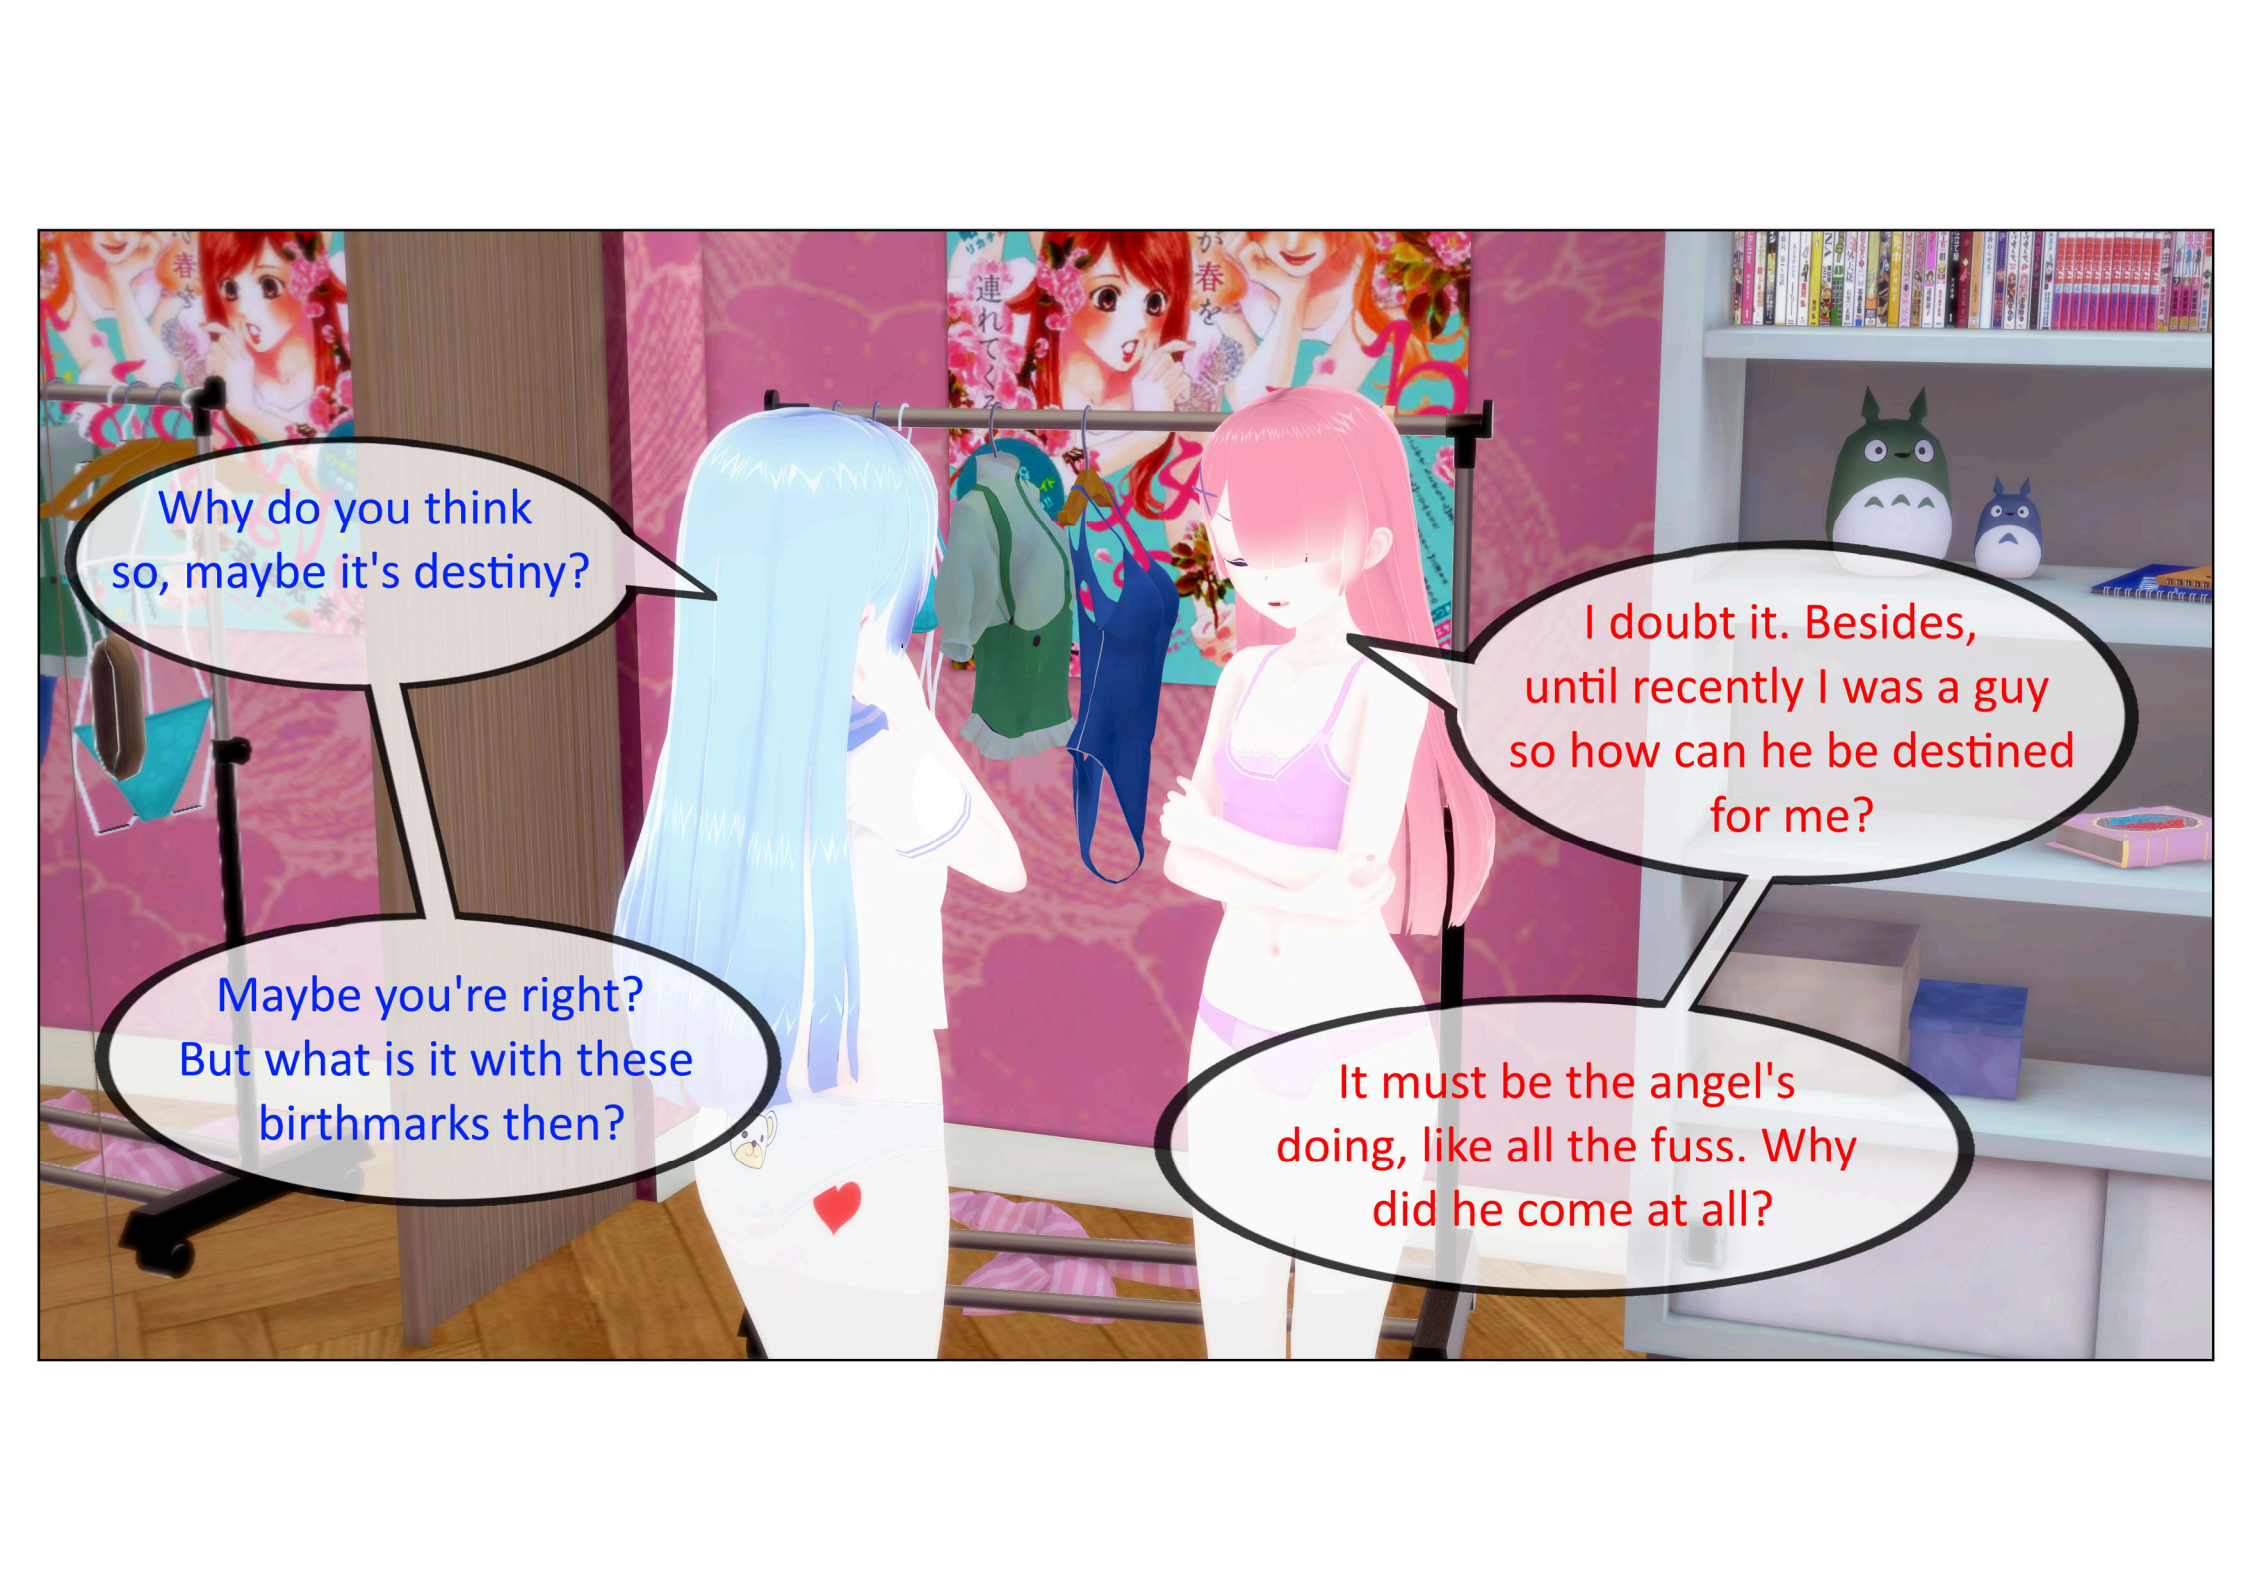

Wait a second,
doesn't that boy from
school want you to show
him this place where you
have the birthmark
now?

What if he really knew
about it or was looking
for it?

What do you think he knew
I had this birthmark? He's just
a pervert to me.

Do you know what I think about it?
He's just a pervert, and you should
put off your novels, especially those
about love.

Why do you think so, maybe it's destiny?

Maybe you're right?
But what is it with these birthmarks then?

I doubt it. Besides, until recently I was a guy so how can he be destined for me?

It must be the angel's doing, like all the fuss. Why did he come at all?

Because we called him.

You know how to cheer someone up.

Some time later in the store ...

I really look forward to helping me in the shop today. I wouldn't ask you to do this but I have some paperwork to fill out today and I can't just close the store.

So, I'll be in the back, and in that time, take care of the shop. In case of any problems, call me.

Sure

Same thing every week. phew ...

At least this time, it won't be that humiliating.

After all, no wonder the girl sells in a women's clothing store.

I'm so glad mom asked us again to help her with the store.

Maybe when Ram sees what pretty clothes the girls have, he will like being a girl?

Maybe my mom will let me try on some outfits later, it would be great.

At least Rem is
happy about it.

Maybe I should
at least try what it's
like to be a girl?

So? How do we
share responsibilities?

Yes, I remember.
well then I will sell.

I prefer clothes,
you know how
I handle math.

Thanks, I don't
want to make my mom
any problems.

Some time later...

Hello, how
could you help?

I'm looking for a lemon
t-shirt with shoulder straps,
do you have something
like that?

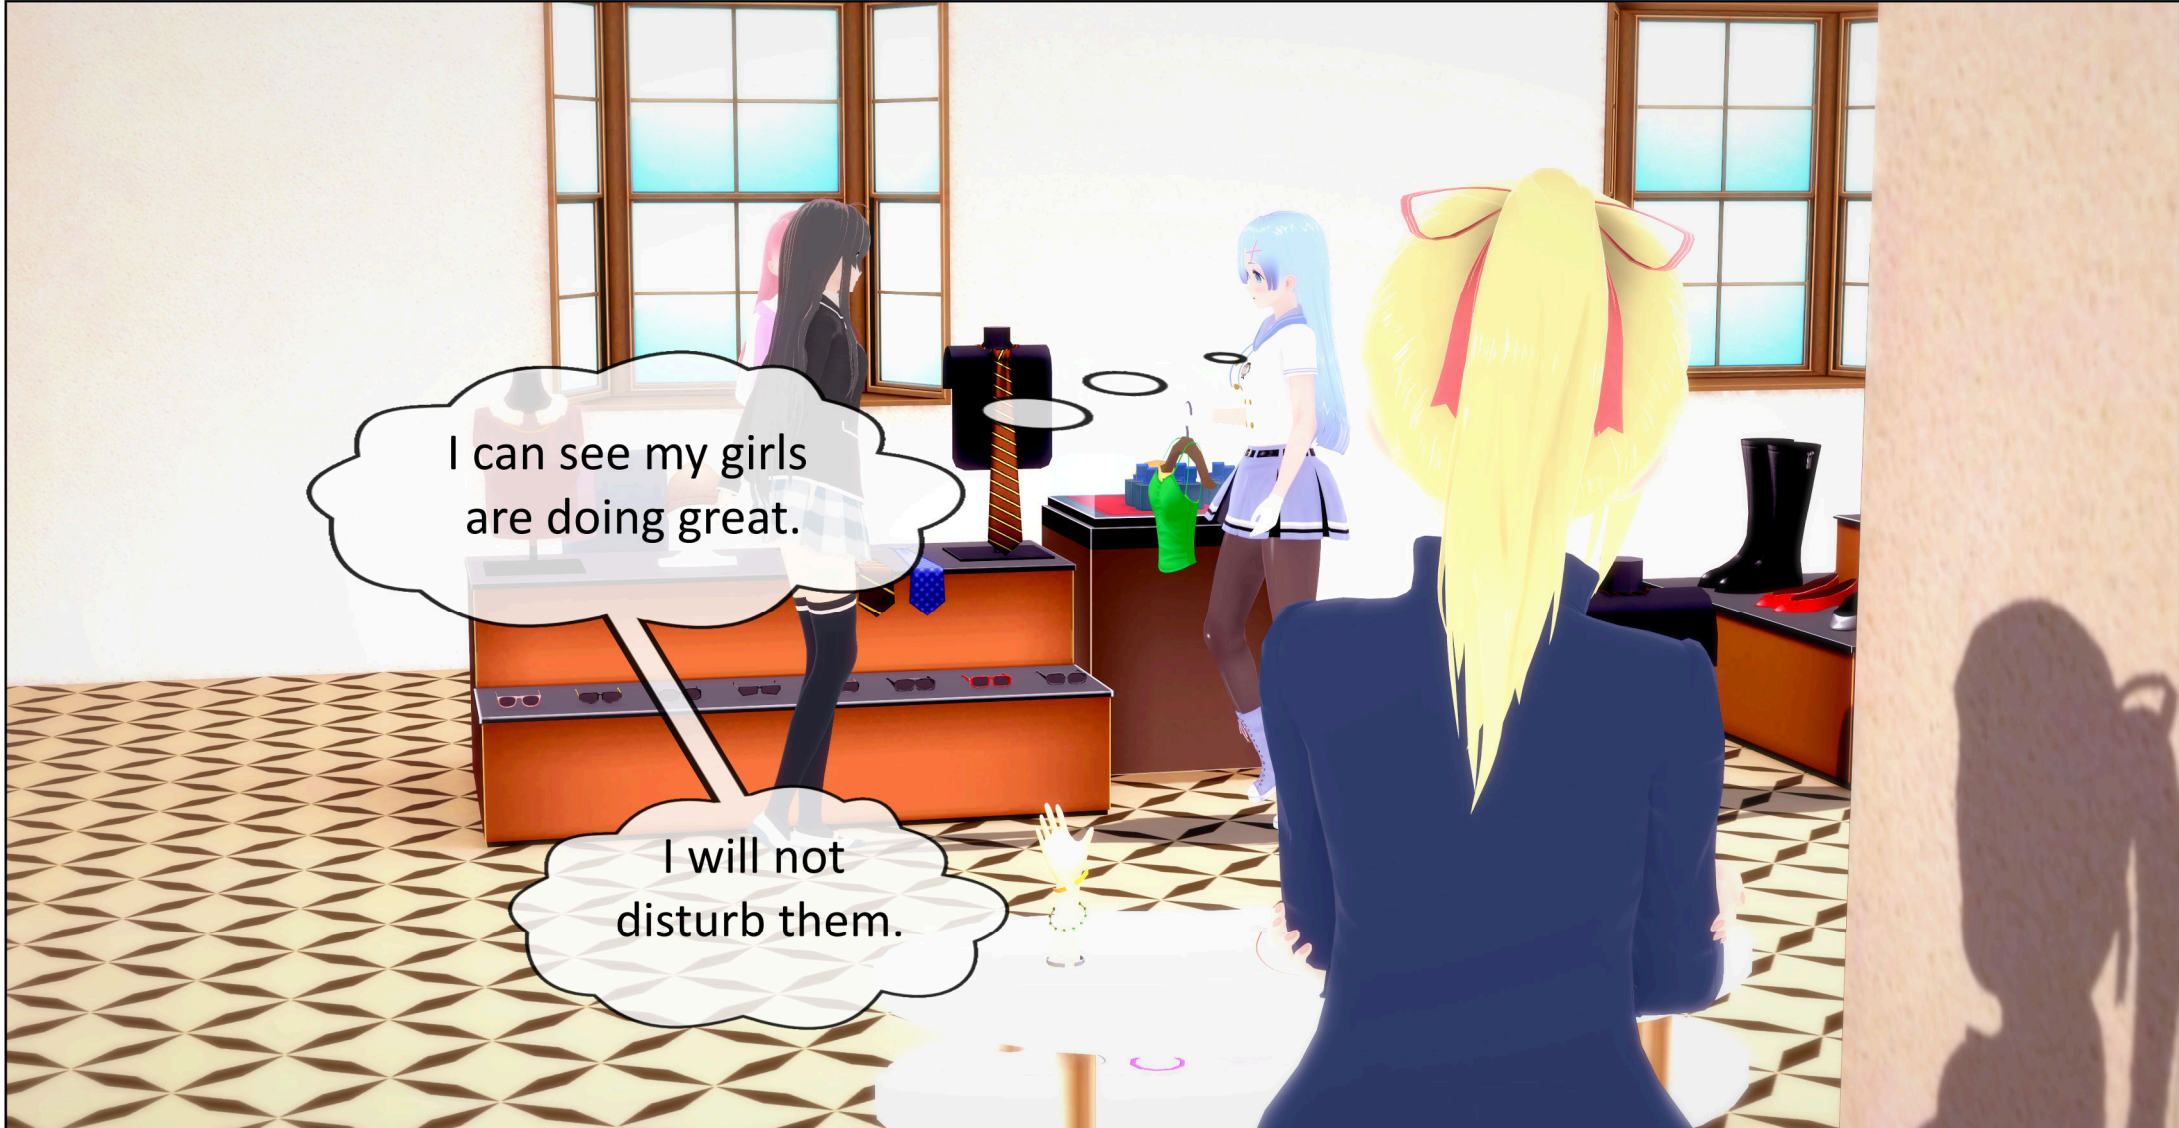

Well. Apparently I need to buy a new swimsuit too.

The shirt you asked for. Unfortunately, skirts are sold together with the costumes.

In that case, I would also recommend buying these lovely platform sandals, it would just look great. Especially with your figure.

I can see my girls
are doing great.

I will not
disturb them.

After the customer leaves ...

Tell me how
did you do it?

That's a moment
ago, of course.

But what?

It's nothing special,
I just advised her.

You have to teach me all about women's clothing.

If I could convince my customers to buy something like Rem. I could ask mame to increase my pocket money!

With pleasure

And so Rem began to teach Ram all about women's dress.

Ram learned everything about color choices, underwear. And even for what occasions what to wear.

After the store closes ...

And how
was it?

Even cool.

Nice to hear you liked it.
What about the customers,
were there any problems?

No. There
were a lot of
customers, but
no problems.

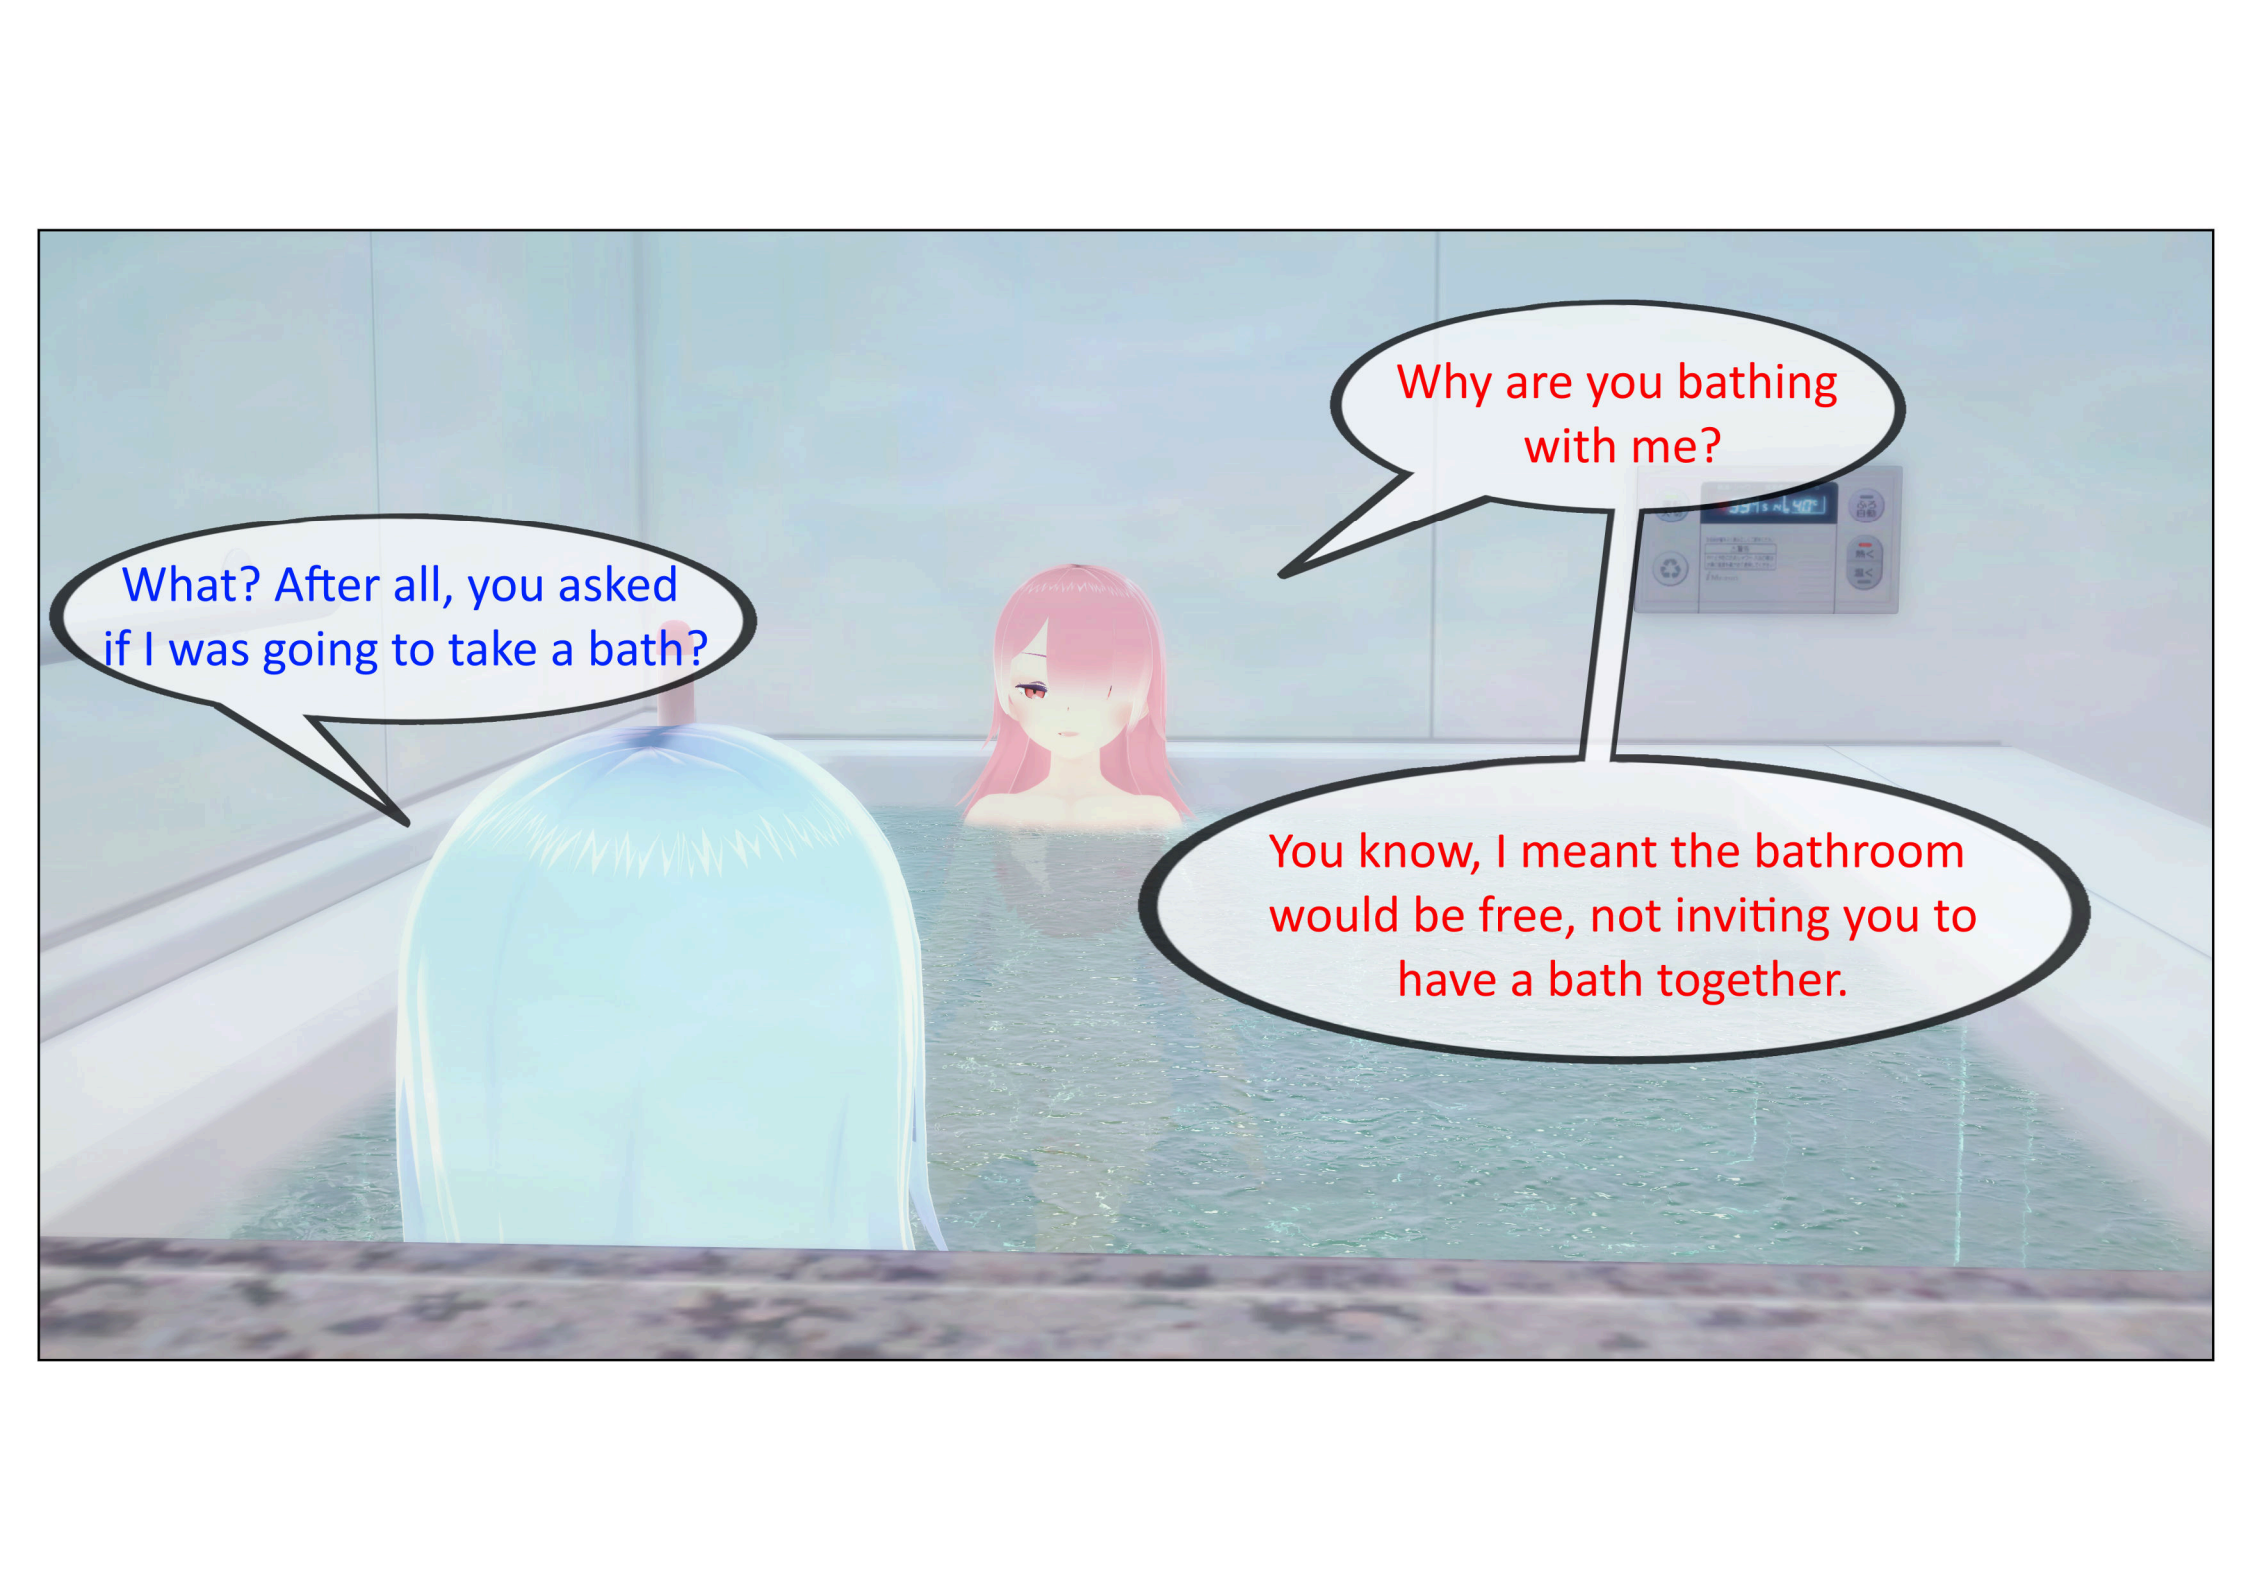

In the evening...

There is nothing better than a hot bath after a long day.

Can I ask you something, Rem?

Sure.

What? After all, you asked
if I was going to take a bath?

Why are you bathing
with me?

You know, I meant the bathroom
would be free, not inviting you to
have a bath together.

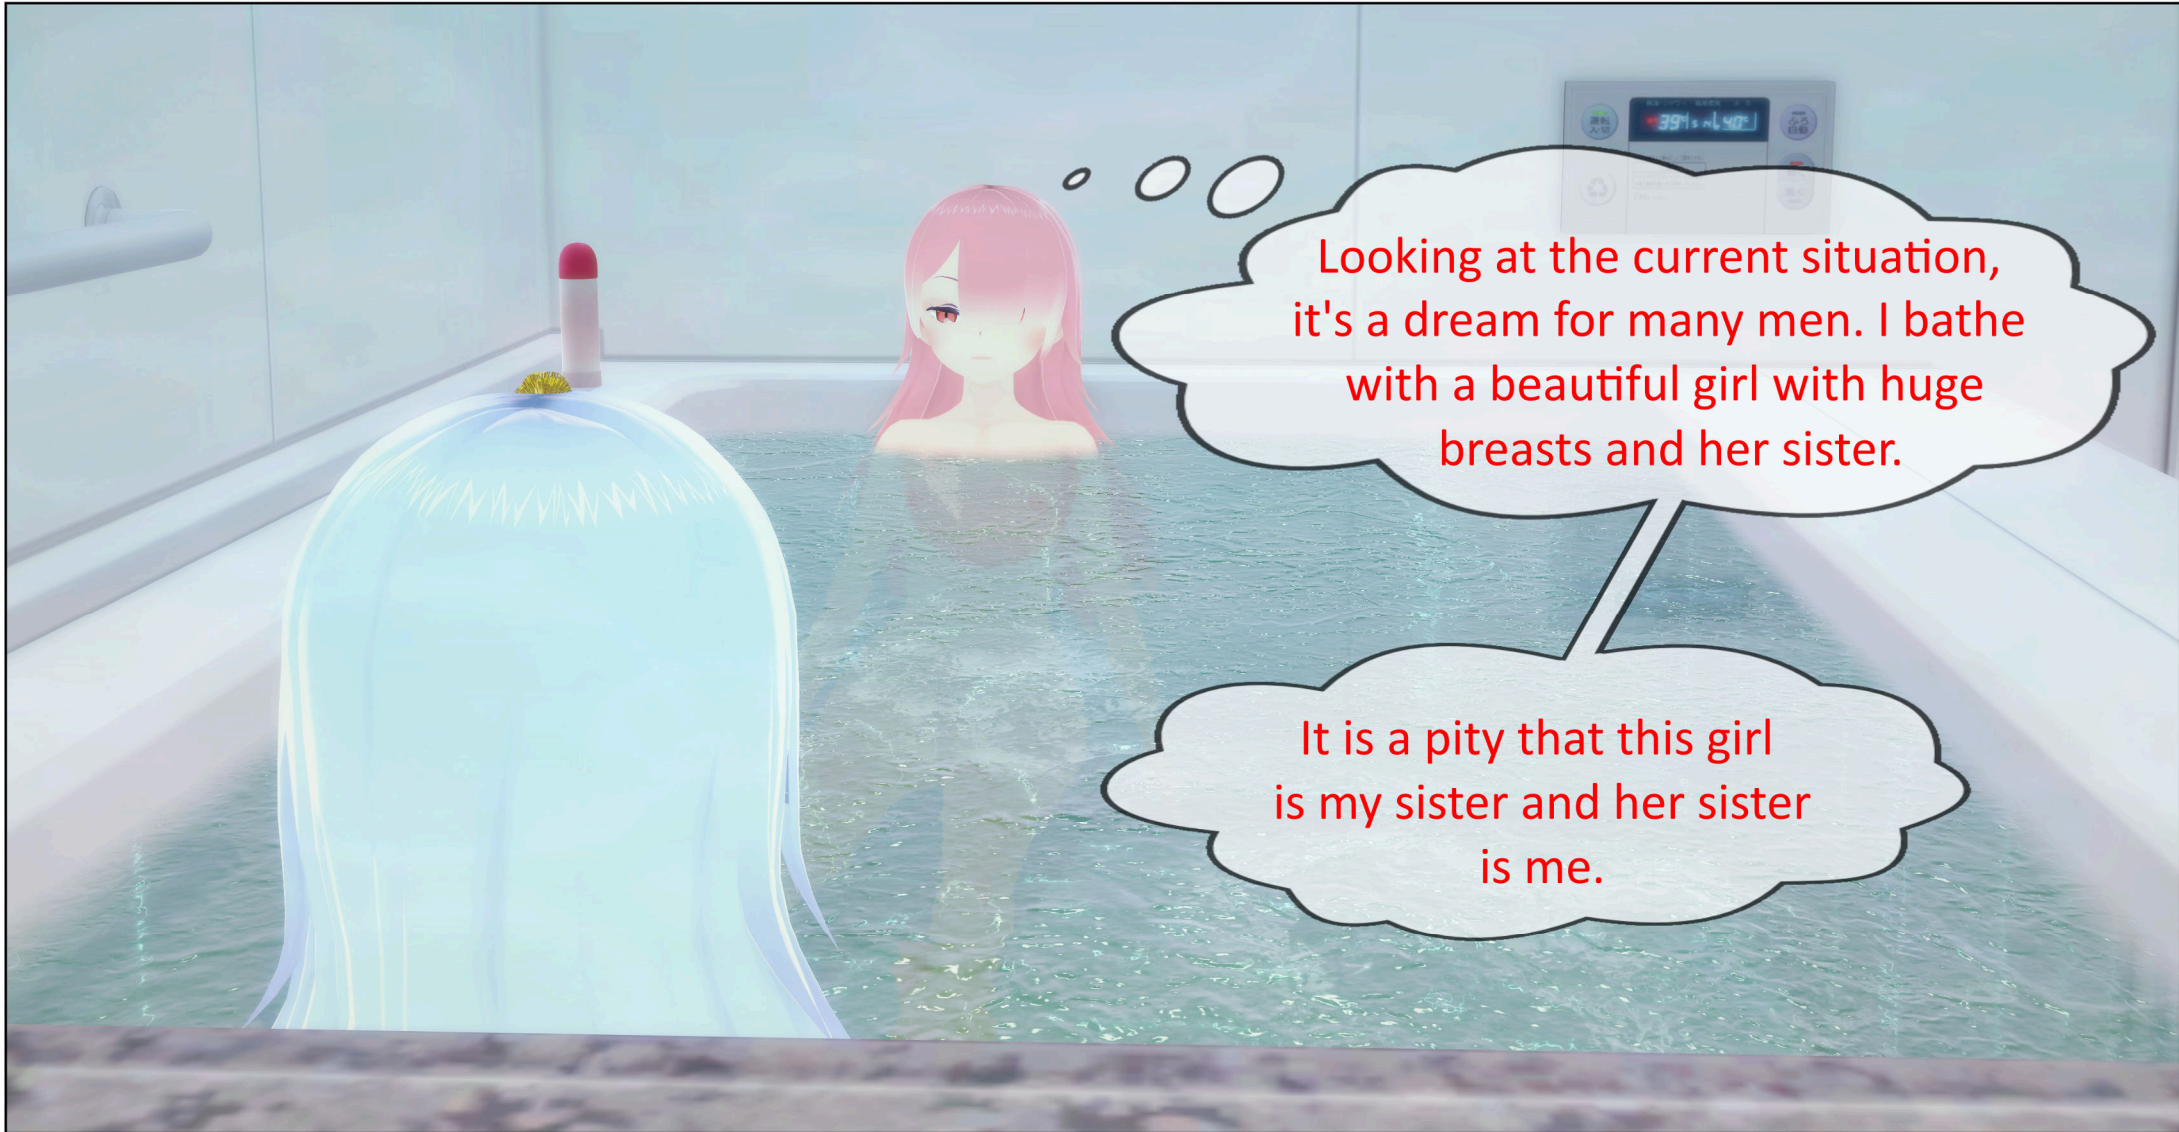

Speaking of which, I wonder what our childhood must have been like?

It's a pity that only we don't remember our childhood. I would like to know what I used to be as a little girl.

From what I noticed, it also changed.

We can't help it. We can only view old photos.

Looking at the current situation,
it's a dream for many men. I bathe
with a beautiful girl with huge
breasts and her sister.

It is a pity that this girl
is my sister and her sister
is me.

But one thing surprises me, since I am a girl, the sight of naked girls does not make any impression on me.

Even now, I can see Rem's breasts and pay no attention to them. Maybe it's because I have my own now? I think so?

Moment later...

Ram, didn't you see where I left my wallet, I can't find it anywhere?

Ho ho ho. What do we have here?

I think I saw it next to the microwave.

Umm ... I didn't look there.

Okay girls, so
I won't disturb you.

Why did they decide to
take a bath together? No
less cute, despite the years
they are still close.

It was humiliating. Actually, should I care? Actually now I have
What am I even thinking about !!!!

Now, even when I'm a guy again,
I will still remember that my mom
saw me naked.

On the same day in the park ...

And what?
Did you
find out what
I asked for?

It is impossible.

Funny because this
birthmark looked exactly
like yours.

Yes, and I have
bad news for you, she
has this birthmark. But
it doesn't stop there. Her
sister has an identical
birthmark.

But what are you talking about?

By the way.
Don't you think it's time to tell him the truth?

Of course, about being a girl. I am surprised that you have known each other since childhood and he still did not notice it.

I am also a bit surprised. But it's better this way.

For everyone.

What?

For whom, for him or for you?

I guess you leave me no choice.

On Monday, I'll show him a picture of what you really look like.

You can't pretend to be a guy forever. I'm only doing this for your own good.

No, please, you can't do that !!!

Please, I promise to tell him, but not yet.

But then I can't pretend to be a boy.

That's what it's all about.

You see, suddenly there are two girls in school with the same birthmark as you. This means you can't hide anymore, you have to go out and fight for yours.

But isn't the choice up to him?

Yes, that's why we
have to make sure that
he chooses you.

Besides, you sleep with
me today. We have to make a real girl out of
you, because at the moment a boy turned into
a girl would be more feminine than you.

Monday morning...

Today we will prove to this girl who really rules here. Right Mayumi-chan?

I still say it was a stupid idea.
I look like an idiot in this
hairstyle and makeup now.

Besides, what will others
think when they see me now?

You just think
you look great.

Who would care? Besides,
you are a girl, you have the
right to do so.

I feel sorry for Mayumi-chan,
she fell in love with a
complete retard.

Girl, find yourself
a better boyfriend. This
guy is a failure.

At school...

But wait,
didn't that girl beat him up.
You can use this to get the
principal to throw her out
of school, you would have
one less problem.

I wanted to do that. But he
called her his wife and told me
to make sure they don't throw
her out, phew

He called her his wife? He got hit so badly?

This guy is living on his own delusions? Three girls had already exposed him to the wind, and then they told him some made up story.

He just said she was the only one he couldn't have.

Yes, but aside from those three girls, every other girl he invited went on a date with him.

Me too, and as it turned out it was my mistake.

It's not your fault, I should have thought it would end this way.

By the way, are you coming to the school council office today?

I feel a little guilty because it was me who persuaded you to say yes.

Yes, and what happened.

Nothing special. Only two girls who don't belong to any club. The principal told us to find them some club to join.

As you can see no. Their class leader will bring them after 3 lessons.

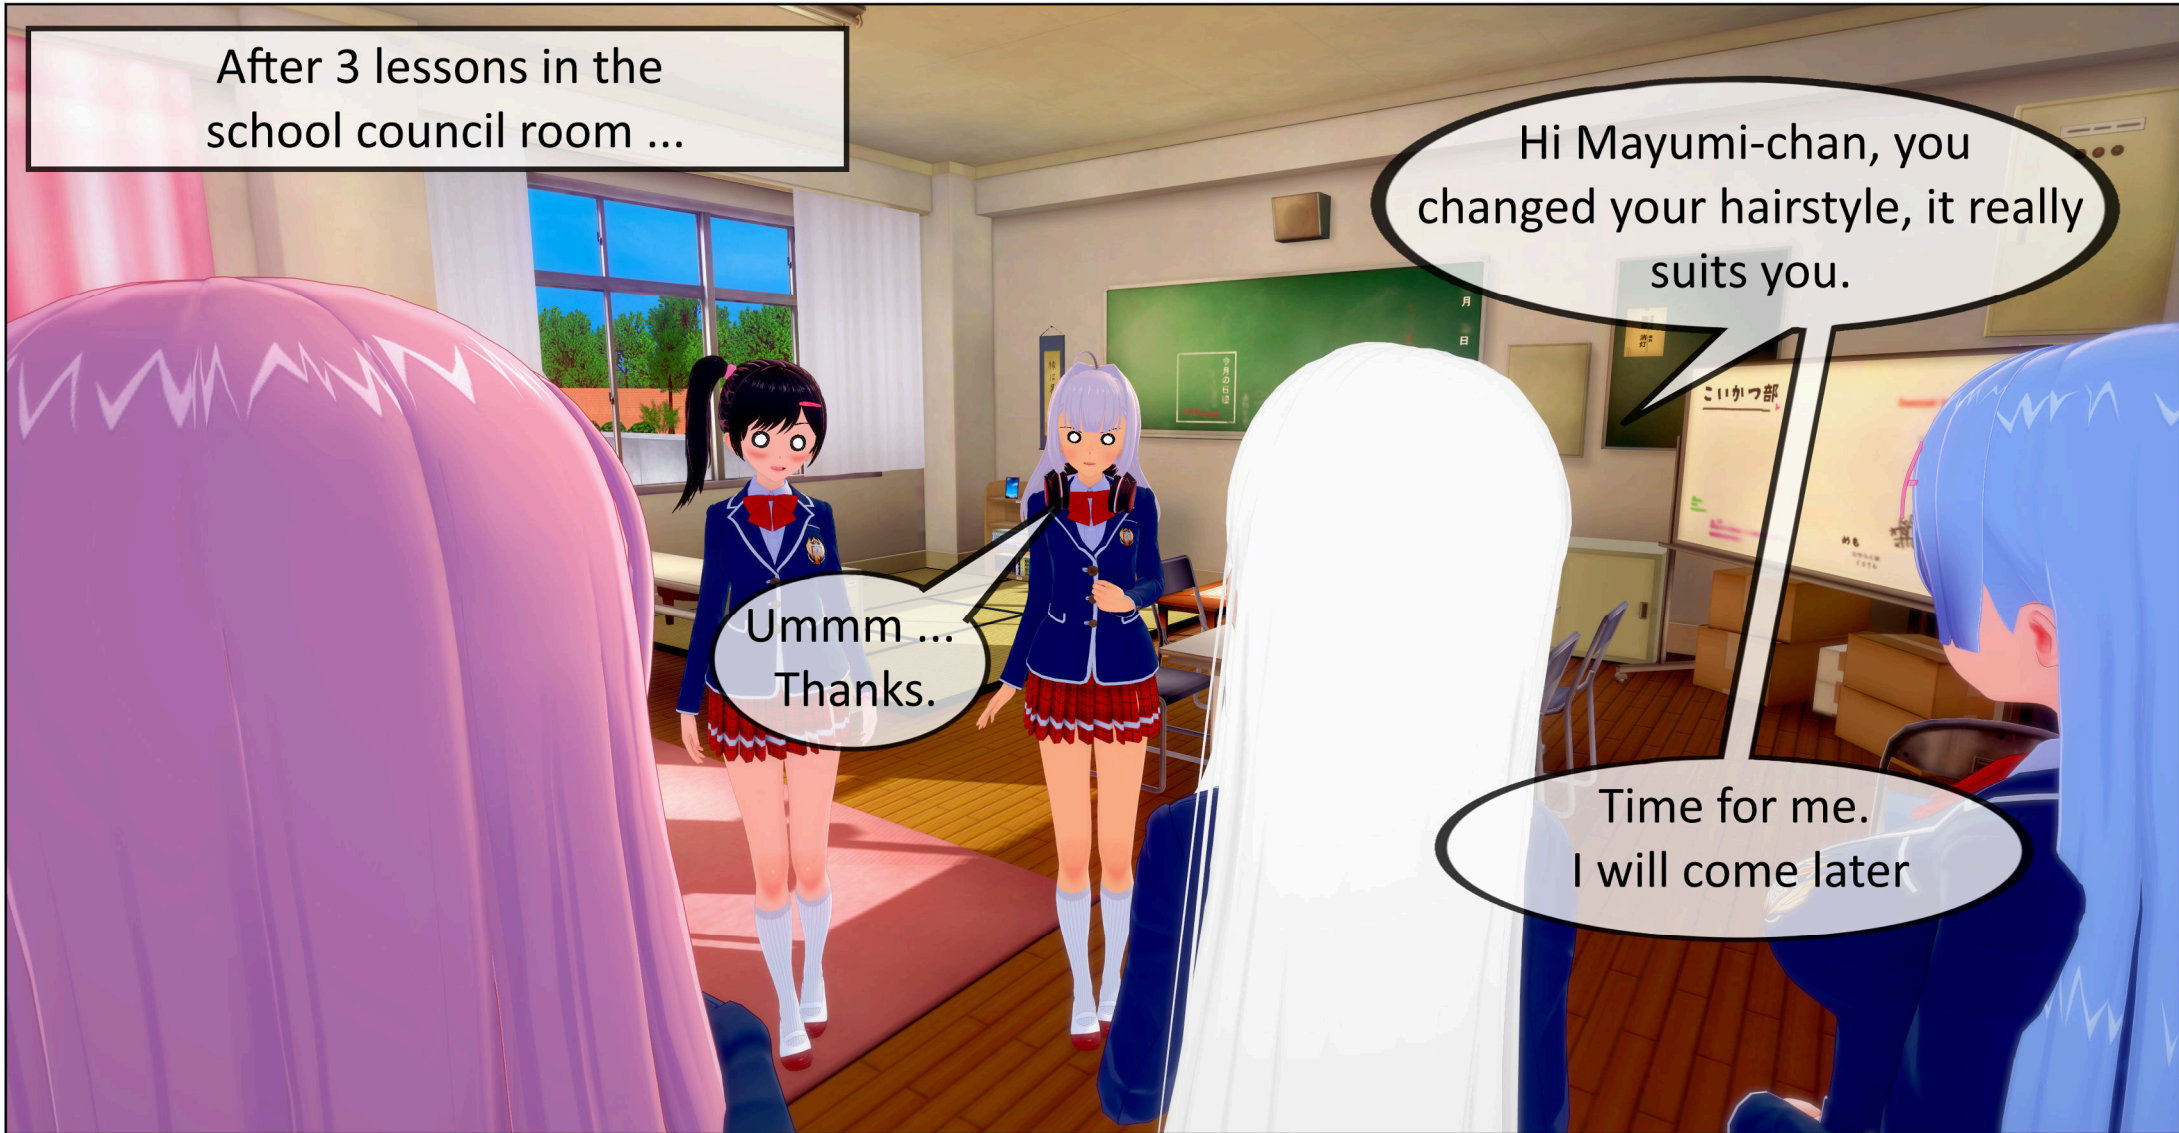

They cannot find a club on their own to join. We now have more important things to do.

After 3 lessons in the school council room ...

Ummm ...
Thanks.

Hi Mayumi-chan, you changed your hairstyle, it really suits you.

Time for me.
I will come later

Why didn't you warn me who would bring them?

Because I didn't know, he just said the president would bring them.

What are we doing now?

Nothing, maybe she just brought them. They don't have to be friends right away, right?

But before I go.
Little plea, don't make
my sheep join some club just
to get rid of them, okay?

Little sheep?

I want to go home.

Friends is an understatement.

Moment later...

And this is what it looks like.

So you're saying the president told you to come here.

What is she thinking? We can't make any club accept them.

Besides, I have other things on my mind now, not babysitting her friends.

I need to find a replacement for Hiroto and Shota, who suddenly had to change schools. Without them, we have no treasurer or secretary on the school council.

Wait, maybe these girls would be fine, at least until I find someone?

Actually ... it's not that stupid,
I would get rid of two
problems at once.

I wouldn't have to look
for the missing council members
anymore and I would have both rivals
as my subordinates, which would
give me an obvious
advantage.

Tell me girls, would you like to join the school council.

What? What is she doing? The school council is not a club, I know she is afraid of this witch too, but ...

Of course, I would like you to make a decision before the next appeal, so that we can introduce you to the school.

I have always dreamed
of becoming a member of
the school council.

To be continued ...

Thanks for reading.
