

Mindset - Cute

This file was made to help you feel like a cute girl in every aspect of your life. Learn all the ways to love yourself for being pretty, feminine, and adorable. Talk softly and eloquently in every situation. Cover your mouth while you giggle like the little cutie you are. Love practicing your faces in the mirror so you can take the perfect selfies with your friends. You just adore being the happiest, cutest girl in every area of your life!

Start thinking about how much you prefer to be clean and proper in every situation. Know that burping and pooting might be appropriate for other people, but not cute girls like you. You prefer to surround yourself in laces and satins while you smile at the world around you. Remember, you only live once, so which would you rather be? You or you just a little bit cuter?
