Tables

A diagram of a table with 10 rows and 4 columns. The rows alternate between white and light gray background colors, creating a zebra striping effect. Each cell contains a horizontal line representing text. The table is enclosed in a light gray rounded rectangle.

Zebra striping

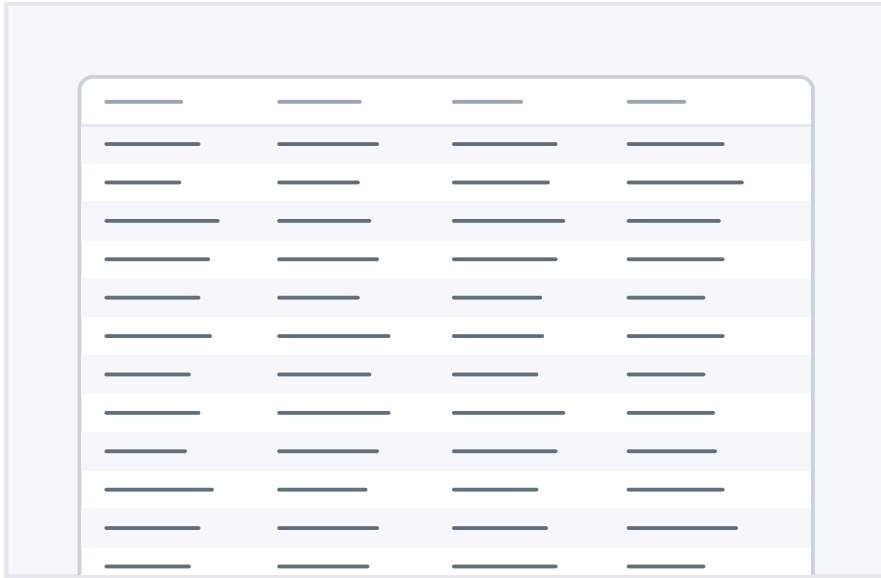

A diagram of a table with 10 rows and 4 columns. Each row is separated by a thin horizontal line, and each column is separated by a thin vertical line, creating a grid of borders. Each cell contains a horizontal line representing text. The table is enclosed in a light gray rounded rectangle.
