**Cw: Skinny Dipping, first time, oral sex, listener on top, checking in on the listener, creampie**

**Audio begins with nighttime city ambience, gentle splashing as they swim about in the water.**

**Megumi: (Amused huff)** I still can't believe I let you talk me into this. Never thought I'd be using Nue /new-eh/ to zap open locked pool gates for late night skinny dipping of all things.

**(swimming about, gets closer to the listener)** Nah, never really did stuff like this before **(snort)** No, not even when I was in Jujutsu Tech. I had...more important things to worry about back then. You know, we're here for the weekend. Coulda waited until tomorrow evening when the pool opened back up instead of us sneaking down here like this. **(low chuckle)** Oh this is more fun huh?

**(fond)** You are a little troublemaker, know that? **(he swims closer, kiss)** Yeah...but you're my troublemaker though so..I suppose it's fine. C'mere...

**(shifting as they settle in close to each other, the soft lapping of the pool throughout)**

**(soft sigh)** Did you have fun tonight? Yeah? Heh, I'm glad. I asked Gojo about a place with some really good food...told him it was for our anniversary and he pointed me to Aragawa. That was your first time having Wagyu steak wasn't it? **(amused)** I could tell. The look on your face when you took that first bite was priceless. I guess we'll just have to have it more often since you enjoyed it so much.

**(comfortable noise as he settles with them)** Dessert was good, even though I'm not the biggest fan of sweets. I'm glad you talked me into going to that bakery after, the matcha rollcake was pretty good. Wasn't expecting much from a dessert with a frog pattern on it but...I was pleasantly surprised. I'll have to remember that place for later.

Hm? A souvenir for Gojo? **(Soft fake annoyed/amused huff)** Normally I'd say that guy doesn't need anyone else feeding his sweet tooth more than he already does. But— given how nice this place is, and how good a time you've had—, I guess it'd be a decent thank you gift for the recommendation. Despite how annoying the rest of his **(sarcastic tone on the word advice)** "advice" was.

**(sigh of contentment)** Mn, yeah this is pretty nice...it's almost sort of relaxing in a way...**(snort of amusement)** No this doesn't mean we're going to be sneaking into places for skinny dipping more often... C'mon no pouting. This is just for tonight, understand? Good.

**(A comfortable moment between them of just ambience and him relaxing)**

By the way... **(soft kiss, voice low)** Happy Anniversary. Means a lot to me that we made it a whole year together. I think...we have a lot more ahead of us huh? Yeah, I hope so too **(chuckles)**

Hey...Look at me love...**(seriously)** I know my work is dangerous but I promise you..I will do all I can to always come back to you, understand? Mhm...I promise.

**(kiss)** And I don't make promises I don't intend to keep.You know that. I— I'm no hero. I'm a jujutsu sorcerer. My career path is always going to be dangerous, I knew that when I chose it. When I was younger, more selfless, I may have been willing to die if it meant the many and those that mattered to me survived. But now—, I can't be satisfied with that. Not when I know you're waiting for me, how it'd affect everyone I'd be leaving behind.

My reasons for fighting curses haven't changed since then, just evolved. Life isn't fair but I still want those who deserve it to experience it and some...maybe deserve it a little less than others..

**(Pause)** Yeah...that does mean I save people a bit more unequally now. I know it's selfish—, but I don't risk my life for just anyone. When I do though, I give it everything I have so I give myself my very best chance at coming home to you.

**(small noise of surprise as the listener pushes into him for a kiss, he sighs through his nose and kisses back. Makeout commences for a bit, slowly growing more eager. A slight shift in the water as they get closer)**

**(sharp inhale through the nose, pulls away from the kiss)** Mmn..**(breathless)** No, I'm fine with you sitting in my lap. **(Swallows a moment)** Nothing's wrong I just...**(he trails off before huffing, a little worked up, tone a touch more heated and softer, almost shy)** I— mn. You can feel it right? My...**(clears his throat, sighs, a bit embarrassed)** I know we've done stuff together before, but we've never—. I just. I didn't wanna go further or assume anything without making sure that's what you want.

**(Pause. Soft shifting water sounds as he moves his hands to hold the listener)** You do? You want—?

**(Soft huff/sigh fond/relieved)** Good, glad it's not just me. **(Amused huff)** Yeah I do. I always want you love. I'm surprised you don't know that. You asking that just tells me I'll have to spend tonight proving it. **(Small water sound as he raises a hand to cup the side of listener's face for a gentle kiss before he breaks it off, moving his face back just far enough to speak, tone low, soft)**

But not here. I do want so much more of you, wanna treasure every inch of you the way you deserve. But I'm not having our first time doing something like this happen here in the water, or on the cold floor, where anyone could see us. You deserve better. **(Smiling tone.)** Thankfully, better is just an elevator ride away. **(One more soft kiss)** C'mon..let's get out, get our clothes on and head back up to our room...and we'll pick up there okay?

**(water sounds as they get out and clothing shuffling)**

**(low chuckle)** I'm right behind you, don't worry~ **(footsteps, the door opens to lead into the hotel, audio fades out. Audio fades back in with the beep of the hotel door, door opens and closes behind them)**

**(small grunt as the listener pounces and kisses him enthusiastically. He returns it for a long moment before he pulls away. Amused)** Eager hm? I could tell...you were fidgeting like crazy in the elevator~ **(gently teasing)** You're lucky no one caught a ride up with us huh? C'mere..

**(Soft eager makeout commences. Little sighs and praises, clothing ruffling as he picks the listener up)** I've got you don't worry...Just getting us to the bed..

**(footsteps as he does just that, carrying them over and putting them down gently, kissing continues. He pulls away from sucking a hickey onto their neck)** Mn. Love seeing my marks on you. **(chuckle)** don't worry, I'm not going to leave them where your shirt can't cover them...I do have plans to leave some somewhere else though. If you're okay with it?

Yeah? Then let me get this out of the way...**(clothing shuffle, teasing)** I enjoy your swimsuit, and you look very good in it, but it's in my way right now. **(soft admiring noise, an almost amused chuckle, his voice gentle)** I'm staring because you're beautiful and I want to kiss and touch every inch of you...if you'd let me? Well...I'll start right here then. **(gentle touches)**

Mn, your nipples are perfect, know that? I love how they feel under my fingers...I could play with them all night if you'd let me. **(kiss)** Mn..let me just... **(he sucks on their chest, one nipple, then the other and pulls away with a soft hum)** Is that good? C'mon love, use your words. I want to know how you're feeling...a little softer

huh? I can do that..like this? **(much more gentle suction this time, small hum from him, small groan, he pulls back and kisses down their body)**

**(gently)** That's it, just relax and let me make you feel good huh? I haven't...done this before but **(huff)** I might have done a bit of research. **(grumpy)** Don't look at me like that...I just wanted to make sure I could do this right. Want this to be amazing for you... Mn, yeah I've got the basics down but I'll need your help too. Just... Need to let me know when I'm doing something you like or don't so I can remember. And umm—, don't be scared of using your hands either. If you need to hold onto something **(Huff, smiling tone)** you can put 'em in my hair, I won't mind at all.

**(soft kisses to thighs before he starts to eat them out. Gentle at first, but then a bit more intense as time goes on. Occasional pleased noises/groans when listener tugs his hair a lil harder when he gets it just right)**

**(against their skin, amused)** Mn, *this spot?* **(lick)** I thought so..you were tugging my hair pretty hard...well..guess I'll have to give it plenty of attention then. **(kiss)** No..doesn't hurt me at all, I actually like it I think...lets me know I'm doing a good job. And—, feels nice too. **(hum)** Would it be alright if I...used my fingers too? **(soft lick)** Alright, just let me know if it's uncomfortable...

**(slick noise as he eases his fingers in and he continues to eat them out a bit longer. adlib check ins, asking if they like it now and then and adjusting his technique a bit before continuing. He works them up and moans eagerly against them)** Yeah? Close? You've tightened 'round my fingers. C'mon sweetheart, c'mon... Cum for me please. Please? Mhmm, move your hips, grind for me, make yourself feel good on my tongue. Wanna make you feel good. Wanna taste you so badly..You can do it. C'mon, be good and do it for me. There, that's it. Mn, just like that aah..**(he laps and suckles at them eagerly, murmuring)** Fuck... you taste so good..mn..

**(Few more lingering, gentle licks before he moves up, panting eagerly)** Come here love...**(soft heated kisses)** Mn, you did so perfectly for me...ha..Good to keep going? Alright...just...just one second. I have to get something. **(soft breathless chuckle)** I'm not getting up, just...gotta reach the drawer.

**(drawer opens and he pulls out lube and condoms, a bit sheepish)** Mn. I...wasn't sure if you would want to do something like this tonight, but...I thought it better to be prepared. I'm fine with or without protection since... I've never done this with anyone else, and I don't ever intend to. **(kiss)** Do you have a preference? Just the lube? **(loving, teasing softly)** Alright. **(wrapper crinkles as he puts it aside, bottle opens and he pours some out)** Mn. It's a bit cold, let me warm it up first. In the meantime, I think it might be better if we switch positions.

Mhm..me on my back and you on top...if you don't like it we can always try something else. But this way...you can go at your own pace. I think it'll be more comfortable for you and... I really want to watch you..Can't think of a better viewpoint than that. **(kiss)** Mn, alright...let me..

**(shuffle as he rearranges them)** There we go...**(soft sigh of adoration)** You look beautiful like this...**(chuckles)** I mean it...now...the lube's warmed up let me just..**(wet noises as he slicks himself up)**

Mmn..there...Now we're both ready. Just take your time alright? There's no rush. We have all night. **(Soft sigh, sweet/fond)** Need a little help huh? Here.. brace your hands against me and lean forward a bit? Just gonna— hold you here and hold it steady...**(The listener adjusts and starts to ease down onto him, he takes a sharp inhale and moans low in his chest)** F-fuck...that's.. easy love, easy...That's it...just...give yourself time to adjust. Otherwise you might hurt yourself..

**(quiet moans as they shift and ease down)** God, you're so tight around me, You feel.. so warm mn..Yeah, you can dig your nails in if you want. Whatever you need. Doesn't hurt...ah..just..remember..easy...that's it...you're so good..ha..

**(they finally bottom out and he gives a breathy shiver and a low groan)** Fuuck..**(breathless)** you look perfect above me like this...You're so tight around me still, just..give yourself a second to breathe okay? And when you're ready...go at whatever pace you want. I know we're both kind of figuring this out...but when..mn...when you find something you like, tell me alright?

I want...mn..I want to see it, I want to memorize every little thing..so that next time will be even better...

**(The listener begins to move, careful at first but soon they reach a steady pace. Moans through out, passionate but not overly loud)**

Ah...you're okay, mn, I've got you, you're not going to fall. **(sharp intake of breath through his teeth, low moan out)** fuck..that's it...keep going love..goddd...**(breathless moans as the thrusts continue for a bit, adlib praise here)**

Sweetheart I —..please..please can I move? I..mmn..I'm going *crazy* down here..please, I need to..ah..

**(he starts to match his thrusts with theirs, a needy moan coming from him)** Doesn't..mn...doesn't hurt does it? Good...god...ha..

**(the pace picks up a bit more, low moans and grunts coming from Megumi after a bit there's a shift and an impact as the listener's arms give out)**

**(grunt at the impact, breathless)** you okay? You're not hurt at all are you? Good..mn..it's alright...you just...**(groans)** Let me handle the rest.. Just..ha..let me...I think you had your hips at...this angle...**(eager moan as he picks his pace back up, low groans and heavy pants coming from him for a while)**

Fuckfuck..you're twitching around me so much, I can't..ha oh god I can't hold back. **(eager kiss)** Mn..cum with me love..that's it..just..oh *god!* **(He cums with a growly groan, low and drawn out, he gives a couple slow thrusts before easing to a stop, panting heavily)**

Fuck..that...**(long slow exhale)** I didn't really know what to expect but..that was...amazing..**(soft kiss, catching his breath)** You alright? **(small amused huff)** Your arms kinda gave out back there...**(chuckle)** Felt too good huh? I'll take that as a compliment. **(kiss)** But..how are you feeling? Nothing hurting I hope.

Just some sore muscles? We can fix that. I think a hot soak will do us both some good..Here, let me...(soft groan as he pulls out) Mn, here, arms around my neck...(chuckles) Of course I'm going to carry you, your legs are all shaking, you'd probably fall over if you tried to get to the tub on your own.

(bed shifts and he stands, carrying them) Hm? Oh, no my chest is fine. I don't mind the scratches...I wasn't expecting them but...I like them. (pleased with himself) They're proof of a good job. (pause) No, they don't really hurt. They felt good when you gave them to me, not to mention, they're a nice reminder that you enjoyed yourself. (amused) Guess we both learned some things about ourselves tonight? (chuckles, soft kiss) Heh let's get to that bath hm? I think we've earned it.

**(The water turns on...and the audio fades out. Fades back into the hotel)**

(long sigh as he gets into the bed) Mn. One thing about these high-end hotels, their beds are really comfortable.

(amused) What's wrong huh? I'm "too far away"? Hm. There's an easy answer to that. You just have to....(trails off, shifting fabric as he slides them closer) Get closer then. (chuckles, contented sigh)

Happy Anniversary to you too love. (kiss) You should get some rest...we have a big day tomorrow. Mhm..we're going shopping, do a little sight-seeing too...have a good lunch, and whatever else you want to do alright?

(sigh, playfully grumpy) Yes, that includes shopping for souvenirs. (chuckle) I wouldn't worry too much, Gojo'll like anything you get him. (sigh) Itadori too...honestly, you spoil them both too much. The pickiest one is Kugisaki.

**(Light rustle and playful nudge)**

Pfft hey—, I'm not being mean, (huffs) I didn't mean it as an insult. She's only picky because her interests aren't vague. Honestly I think it's an admirable trait of hers. Hm? Nah. Don't worry about that. You've got good taste so I'm sure she'll love whatever you find her.

(kiss, yawn) Hm..you can sleep you know...I'll be right here when you wake up. Mhm. I don't mind getting some room service for breakfast. Not like we're on a set schedule or anything...so...we'll go at our own pace. But for now...just close your eyes and get some rest.

Hm. I love you too.

**(Another yawn and a sigh as he settles in with them and drifts off to sleep)**
